# Manager To Attend "Heatherwood" Hearing

Township Manager Paul H. Hermann has announced that he plans to attend the bankruptcy hearings slated in the case of Heatherwood Estates, the 190-home development which filed for bankruptcy this week.

Hermann explained today that

his principal concern is the protection of township interests, particularly the residents of the development, itself, who are awaiting action by the developer on numerous complaints relating to workmanship and contract obligations.

"The township is responsible for road construction and maintenance and will act to see that the roads in Heatherwood are adequately provided for in whatever action the courts may take when the Heatherwood matter is disposed of," Hermann said.

"My chief concern will be to alert the authorities in the matter that the Township of Madison has a vested interest in any action which affects the Heatherwood residents. The amount of work--of both a private and public nature--which remains to be done in this development is tremendous.

"Our appearance in the proceedings will be aimed at guaranteeing that this work is performed and that our interest will be protected."

The Heatherwood Estates development has been a source of continual controversy in the township since its approval by the township committee in 1963.

Deputy Township Manager Joseph P. Leo, in his capacity as acting manager in 1964, and later Paul Hermann himself have each closed down all work on the development as a result of violations by the contractors.

Leo's action was prompted by the construction of foundations which were not in accordance with plans approved by the planning board and F.H.A. The builder

subsequently remedied the defects.

Later, it was discovered that the developer was installing storm drain pipes which were smaller than the dimensions initially approved by the planning board. After Hermann closed down all work at the site, the developer finally agreed to install a supplemental drain system to augment the storm sewer system.

Hermann says he will be on hand for the bankruptcy hearings to inform participants of the township's concern for future activities of the builder.

"The growing pains which Madison Township now is experiencing are a result of rapid housing development and the township's efforts to keep pace with the demands of the various housing developments.

"As township manager, it is my duty in a case such as that of Heatherwood to see that the final action taken in the bankruptcy matter will result in no new drain on the facilities of the township," Hermann concluded.

## G.O.P. Form "Unity Committee"

A nine-member "unity committee" has been formed by the Madison Township Republican organization as a result of a three-hour county committee meeting Tuesday night.

Meeting at McKelvies's Tavern, Route 35, Laurence Harbor, the 39 county committee members who attended, voted unanimously to form the committee and direct it to confer with the four GOP candidates selected in June's primary election.

The unit's objective will be to draw up a platform which will be acceptable to the county com-

mittee. The group will meet next Wednesday at 8:30 p.m. in its effort to arrive at some semblance of unity for the Republican campaign this fall.

Municipal chairman Donald Vorst, who will sit on the committee, named the following county committee members to the unit: John Dikowski, Old Bridge; William Smith, Madison Park; Edith Behrens, Cliffwood Beach; Philip Maesca, Central Park; Edward Murphy, Old Bridge; Elizabeth Blackwell, Sayre Woods South; William Schladebeck, Sayre Woods South; and Joseph P. Leo, Laurence Harbor.

A county committee meeting will be held August 20 to receive a report from the group.

The action followed addresses by GOP candidates Alexander Kastene, Thomas F. Miller and John Jacobs. The fourth candidate, Mrs. Dolores Savage, did not appear at the session.

The county committee also heard remarks from GOP Coun-

cilmen Richard J. Dealy, Jr., Donald D. Tierney and Donald Macrae.

The county committee approved a similar move a month ago, but the four GOP candidates declined to meet with the "Unity committee." It is expected that the session sought this month will materialize.

## Pistol Tournament

The first Madison Township Pistol Tournament will be held at the Woodbridge Twp. police pistol range Saturday and Sunday, Aug. 28 and 29, will present two unusual trophies.

The tournament committee would like to notify the shooting sports public that the top winner of Match #3 will as a trophy receive a K 38 Smith & Wesson .38 cal. target pistol. The top winner of match #5 will receive as a trophy a Mark I Ruger Bull barrel .22 cal. target pistol.

## Plans Should Be Made Now

The flow of traffic has been steadily increasing along Route 9 in Our Town. One of the most dangerous areas is near the Arbor Development near the Phillips Service Station just past the Army Base.

This development is building up quite rapidly, a garden apartment complex near the development is also taking shape and should be ready for occupancy in the very near future.

Traffic entering the Arbor's must make a left hand turn from Route 9. The general area is well known to the local Police Department as a "raceway".

Autos and trucks race from the intersection of Route 34 and 9 towards Route 516, several deaths have occurred in the general area and over a score of serious traffic accidents.

We feel that the State Highway Department should be prompted by the local police department and township officials to either install a traffic light at the entrance to the Arbors or provide for a better approach to this development. The time to plan is now, not after a series of traffic accidents!

## Members Inspect School Sites

President William S. Rice led a delegation of Madison Township Board of Education members on an inspection tour of the school system's \$4,000,000 expansion program which is scheduled for completion on time for the opening of school next month. Board members who accompanied Rice were Joseph Cappelli, Charles Thompson, Mrs. Frances White and Richard Pine, Representatives from Frederick Weldersum and Associates, the board's architectural firm, were also on the inspection trip to the nine projects in every part of the municipality.

The architect assured the board that all construction would be completed by September 9, the first day of school, when all

pupils, both elementary and secondary, will attend classes on a full session schedule for the first time in many years.

With the exception of the outside site work at the various buildings, the schools will be completely functional according to the architect. Finishing touches are now in process and the school furnishings are ready to be put in place.

For the elementary population three new buildings will be ready, two in the Sayre Woods South area and one in Cliffwood Beach. These three halls of education will contain a total of 48 class rooms, three kindergarten and three all purpose rooms. The Carpenter School is the largest with 21 class rooms. The Schirra School boasts 17 class rooms and the Cooper School in Cliffwood Beach has ten classrooms.

The additions account for a total of 56 class rooms with Southwood School, 20 rooms; Voorhees School, 16 rooms; Cheesequake (Rehfu) School, 13 rooms; Madison Park, 7 rooms.

The Southwood School is equipped with two kindergarten teaching stations. Voorhees, Cheesequake and Madison Park each have one kindergarten room. All of the elementary units have an all-purpose room suitable for assemblages and physical education activities with basketball standards at each end of the room. Laurence Harbor's Memorial School which does not possess additional class room space also has a new all-purpose room.

Dedication ceremonies for the new buildings and additions are proceeding according to plan. Mrs. White and Pine, board public relations chairmen, are preparing a program for the event. The ceremonies will be held early in the fall.

Invitations will be extended to President Lyndon B. Johnson, Governor Richard Hughes, Senators Case and Williams, Representative Edward Patten, astronauts from NASA and local county and municipal officials. Complete details will be worked out by the end of this month.

## Shorthand Anyone?

The Director of the Madison Township Adult School has announced that the Shorthand II course, a continuation of the highly successful shorthand course instructed by Mrs. A. Dohl, will start on Tuesday, October 5, in the Madison Township High School, at 8:00 p.m.

## Set Scouting Record

Boy Scout Troop No. 67 of Cheesequake will set the highest camp attendance record ever attained by this unit. Twenty-nine of the 33 registered Scouts, or 88 per cent, will participate in the summer camping activities provided by the Raritan Council.

Victor O'Brien and Harvey Noschese left Saturday morning on a Scouting expedition in Philmont, New Mexico.

Gerald Trapp is Junior Counsellor and Staff Member for the entire season at Camp Cowaw, the Case Scout Reservation on the Delaware Water Gap. Twenty-six Scouts are looking forward to spending a week full of Scouting adventures at Camp Cowaw under the leadership of their Scoutmaster, H. G. Schuetze.

### What Ever Happened To Ernston Road??

Once again Ernston Road has become a forgotten issue. Several months ago the Middlesex County Board of Freeholders announced that they had plans for widening Ernston Road. We understand that several meetings were held between County, Sayreville and Madison officials. Since then we have heard absolutely nothing about the widening of Ernston Road or installation of a storm sewer system on this busy road.

We feel that it is about time that the County realize that something should be done to correct the traffic conditions along this busy road.

During each heavy rain the road becomes a "river" with gallons of muddy water pouring down the road to the intersection of Bordentown Avenue. Following each storm the County Road department removes tons of dirt and other debris that is washed out on the road.

The situation has existed for quite some time and it is about time that steps be taken by the County to correct the situation.

## UNDER THE FENCE

**FEUDIN' AND FUSSIN':** Despite the stories of "unity" which everybody was telling after the recent Republican county committee meeting, it is no secret that the local Republicans are still split right down the middle on whether to support the four candidates who won the GOP primary in June.

The way we get it, the county committee knocked down but good a motion to endorse the four candidates during the parley last week.

The rumors still float around that Councilman Vincent Cancellieri, a Republican who was knocked out of the box in the primary, will be drafted for a write-in campaign. While Cancellieri will not give a decision to this reporter, we know that many local Democrat leaders are not happy about the prospect.

The way they figure it, only Cancellieri can guarantee a big GOP turn-out at the polls this November. The write-in might guarantee one or two Republicans slipping into office who might not have made it otherwise. On the other hand, there are "grass roots" Republicans who say they intend to sit this one out unless Cancellieri runs.

**RUMORED AROUND TOWN:** The rumor that Freeholder John Phillips will resign prior to the November election is growing strong in neighboring communities. We understand that a "secret screening" committee has already been formed by top County Dem Leaders to seek a replacement for Phillips. The County Road Department head

## Letters

**99 ACRES OF NEGRO HEAVEN**  
 Peace of mind, happiness, contentment.

Where are those very generous peoples that would work and pay out of their own pocket to help the Negro out just a little??

Who is there greater then the creative GOD??

Even with the help of CHRISTIANITY 2000 years has the white man changed the ways of the AFRICAN SAVAGE??

Frank P. Werner  
 R.D. No. 2 Box 364  
 Jamesburg, N.J.

### EDITORS NOTE\*

Dear Mr. Werner:

We're sorry to say but you sound like a fellow that has lost faith in the human race? You speak of Christianity of 2,000 years and ask has the white man changed the ways of the African Savage?

In the recent editorial in the Madison American we were not referring to African Savages, we were referring to supposedly citizens of the United States. Their forefathers were brought to this country mainly by force to serve as slaves. True they were mainly savages, right from the jungles. The history of the negro in the United States can only be traced back less than 300 years.

We feel that the negro has made great progress in this time, however, a great deal of work still has to be done. The basic problem is education and understanding.

Where we differ from some of the negro leaders, we do not believe in violence, we do not believe in mob rule. We do believe that through education and understanding the negro can then find his way in Our Great Society.

"99 Acres" is the problem of every resident of Madison Township, it is a problem of Middlesex County and it is a State and Federal problem. To drive by this "cesspool" and close your eyes and say that it doesn't exist is foolish. The problem is there and the question is what are we the people of Madison Township going to do to correct the situation?

has been under fire recently because of some delay on a bridge linking South River and neighboring Sayreville. Both these communities had quite a hand in nominating Phillips for Freeholder the first time out. Rumor has it that his replacement will come from Sayreville, some say it will be a former Democratic Mayor, this might be able to keep the Sayreville Dems united, but what about Madison Township? We've been unable to get any verification from Madison Township Democratic Chairman Joseph Pandozzi. The Sayre Woods South Dem Leader, replaced Phillips on the Township Committee, he then later replaced him as Municipal Chairman some of Pandozzi's closest friends say that he (Pandozzi) will replace Phillips as Freeholder. We still feel that the appointment will go to Sayreville.

**HIGHWAY DEPARTMENT:** If you don't think that Route 9 should be widened in Madison Township try to get from the Municipal Building on Route 9 to the Browntown area between 12 noon and 2 p.m. Traffic is almost impossible. The Freehold Racetrack opening is largely responsible for the terrific traffic jams in the area. This coupled with regular traffic results in a traffic jam for miles. We certainly hope that plans for widening Route 9 in Our Town are rushed by the State Highway Department.

**POLICE DEPARTMENT:** Rumors are still bouncing around that several promotions will be made prior to the November Election. There has been a vacancy for a Captain since the untimely death of Captain William Wallis. If the vacancy is filled then several more promotions are expected. Who was the police officer that needed assistance to make out a traffic ticket the other a.m.? Seems as though he forgot to bring a pencil or pen along with him and one

was rushed to him in order to complete writing a ticket.

**BOARD OF EDUCATION:** According to at least one Board of Education member despite reports that the schools will be ready to open on time, he feels that the opening of school will be delayed at least a week. The way the Board member tells the story is that even if the buildings are ready for occupancy the contractors still have a lot of material and equipment around the schools and this might prove to be dangerous to the youngsters attending the various schools. So it is quite possible that the opening date may be pushed back. That's his story not ours. We still hear reports that the Superintendent of Schools will be replaced and that "Pat" Torre will serve as a replacement until another superintendent is found?

**ROUND ABOUT TOWN:**  
**EXECUTIVE DIRECTOR,**  
**WHERE ARE YOU?**

That's the song a lot of folks in town are singing about their problems in locating the sewerage authority director whenever anything goes wrong with the sewerage system.

Understand a major break in the sewer line in the area of the high school on route 9 took place the other night with raw sewerage spilling out into the storm sewer and from there into open ditches. Township officials from the board of health office went "buggy" trying to locate the break-- and even "buggier" trying to locate the director of the sewerage authority for help.

Right now the sewerage director is involved in a dispute with the township manager over who inspects what lines of sewer pipe at the garden apartment sites. Maybe the reason no-one can get in touch with him is that he is spending too much time looking for pipes which he claims he doesn't have to inspect. The whole thing's pretty smelly business.

### Madison Fair

Hot dogs, hamburgers and pizza pie will be among the variety of food offerings at the second annual Madison Township Country Fair, food chairman Gilbert Finkel has indicated.

The food booths will be operated by three separate organizations in keeping with the spirit of the fair, which is to promote community-wide participation.

The fair will be held over the Labor Day weekend at the Sayre Wood Shopping Center. The site provides ample room for the carnival, midway and booths that will be part of it, general chairman Philip Untersee commented.

The local chapter of Deborah, with Gloria Balgley as chairman, will man a hot dog booth; and the Rotary Club, with Justin Rosato as chairman, will man the hamburger stand. The Jaycee-ettes have a pizza stand ready for the fair.

### G.O.P. Picnic Set

Plans were set today for the annual family picnic to be sponsored August 21 by the Laurence Harbor Republican Club.

The session has been scheduled for McKelvie's Grove, Laurence Harbor from 1:00 p.m. until 6:00 p.m. on that date, it was announced by GOP club president Joseph P. Leo.

### Visiting California

Mr. and Mrs. William F. Ohnsman Jr., former residents of Lakeside Drive, Matawan, have been entertaining Mr. and Mrs. William F. Ohnsman Sr., the grandparents of their children, Dick, Barbara and Susan, at their new home in San Jose, California. Mr. and Mrs. Ohnsman Sr. attended the Lions International Convention in Los Angeles prior to their visit with their son and family. Since Mr. Ohnsman Sr. retired as Postmaster of Laurence Harbor, they have resided in Miramar, Florida, which is close to Miami.

## TAKE FIVE

REV. JAMES SILVER  
 Pastor Laurence Harbor  
 Community Church

"After three days they found him in the temple, sitting among the teachers, listening to them and asking them questions."

Luke 2:46

A friend of mine tells this story about his son and the need to listen. One day his boy came home all excited about something he had done. He began to tell his dad, but the father was preoccupied with his newspaper, and so gave him only a part of his attention. The boy kept talking and his father kept reading until in desperation the boy shouted, "Dad, listen to me!"

Then the father realized how important it was that he hear his son, and he put down the paper and listened.

One reason why there are so many marital and family problems is that people don't make the effort to listen to each other. Husbands don't listen to wives, parents don't listen to children, and so on. The listening I mean is more than being quiet when some one else speaks or giving a casual nod of agreement. It is taking time to be really interested in what the other person says and how he feels. This kind of hearing is at the heart of communication, and we must have communication if our life together is to be worthwhile.

In my ministry I constantly meet people who have families and numerous friends, and yet who desperately crave some one who will listen to them. I suspect that at least 25 per cent of all the difficulties in the home could be solved if we would only listen to one another. This is one of the finest things we can do for some one, to really hear what they are saying.

Prayer: O God, forgive us for being so occupied with what we have to say, and help us to open our ears to other people. Amen.

**AN ORDINANCE TO PROVIDE FOR THE REGULATION AND LICENSING OF KENNELS AND DOG SHELTERS.**

BE IT ORDAINED by the Township Council of the Township of Madison, County of Middlesex:

1. DEFINITIONS:

(a) "Kennel" shall mean any establishment wherein or whereon the business of boarding or selling dogs or breeding dogs is carried on, except a pet shop.

2. No person, corporation or firm shall conduct a business of maintaining a kennel unless the said person, corporation or firm shall first apply to the Health Officer of the Township of Madison for a license entitling such person, corporation or firm to keep or operate such an establishment.

3. No such person, corporation or firm shall conduct such business of maintaining a kennel until such person, corporation or firm shall first submit and present certain plans and specifications to the Planning Board of the Township of Madison containing the following information:

(a) The square footage to be used in the operation of said business enterprise.

(b) Specifically setting forth the nature, type and size of the buildings to be constructed or erected.

(c) Showing the water facilities to be installed.

(d) Showing the manner of disposal of waste matter.

4. The operation and maintenance of all kennels shall be conducted in accordance with the rules and regulations promulgated by the State Department of Health pursuant to N.J.S.A. 4:19-15.14.

5. All kennels shall have at all times a person or persons in constant attendance to maintain the premises, except, however, in the event that the kennel accommodates less than ten animals. In the latter event, there shall be daily inspections by the owner or person maintaining the kennel.

6. Waste matters, excrement and other unsightly or dangerous articles shall be cleaned away each day. They shall not be burned on the premises nor shall they be buried thereon. At least once a week, the kennels shall be washed down with a recognized disinfectant.

7. There shall be a regular inspection of the premises not less than once a month by the Health Officer and the records of the person maintaining the kennel shall be available for the inspection of the Health Officer, said records showing the type of dog, the ages of the dogs, whether they are registered with the American Kennel Club, and whether the said dogs are for sale or for stud purposes.

8. The animals in the kennel shall be examined at least once a month by a competent veterinarian, whose report shall be examined at least once a month.

9. All kennels shall be enclosed by wire fencing of sufficient strength and size so that the animals shall not be able to wander on to premises other than those of the owner or operator of the kennel.

10. The construction and maintenance of all kennels shall be in accordance with the requirements of the American Kennel Club.

11. In the event this ordinance or any provision thereof is violated, the license of the owner or operator of the kennel shall be suspended subject to the licensee's requesting a hearing on the question of whether there shall be a revocation of the license. In the event no formal request for the hearing is received by the health authorities within two weeks after notice of suspension, the license may then be revoked.

12. In addition to the remedy set forth in the previous paragraph, for a violation of this ordinance a complaint may be made by the Health Officer in the local Municipal Court. Upon conviction, a fine not to exceed \$200.00 for each violation or ten days in the County Jail, or both, may be imposed for the first offense. Any offense thereafter shall carry a fine of \$100.00 plus \$25.00 for each additional day that the violation continues.

13. All ordinances or parts thereof inconsistent with the provisions of this ordinance are hereby repealed to the extent of such inconsistency only.

14. If any section, paragraph, sentence, clause, portion or provision of this ordinance shall be adjudged invalid, such adjudication shall apply only to the section, paragraph, sentence, clause, portion or provision so adjudged and the remainder of the ordinance shall be deemed valid and effective and not affected by such adjudication.

15. This ordinance shall take effect immediately upon publication thereof after final passage and approval according to law.

**PUBLIC NOTICE**

Public Notice is hereby given that the above ordinance was approved on first reading at a meeting of the Mayor and Township Council held at the Madison Township Municipal Building, R.F.D. 1, Old Bridge, N.J. on Monday August 2, 1965.

Take notice that a hearing will be held on the above ordinance at the Township Municipal Building, Route 9, Old Bridge, N.J. on Monday, August 16, 1965 at 8:00 p.m. at which time objections will be heard concerning adoption of said ordinance.

By order of the Mayor and Township Council.
