Magistrate Sladkus Ousted By G.O.P. Block

The Republican majority on the Township Council blocked re-appointment of Police Magistrate Samuel Sladkus. The four man G.O.P. bloc voted to appoint John E. Mullane of South Amboy as the magistrate.

Mayor Harry Messenger, Victor O'Brien and Leonard

Hornster the three Democrats on the council all voted no. The Democrats are slated to take over control of the Township Council at the 1st of January 1966. Sladkus' term would have expired on December 18, 1965.

The move evidently caught the Democrats off guard, Mayor

Harry Messenger immediately went to the defense of Sladkus stating "Aren't you in favor of keeping a fine man in the township?" Councilman Victor O'Brien who had served as Police Chairman on the old Township Committee pointed out the record of Sladkus, "Magis-

trate Sladkus has increased the receipts in the township, he has done a wonderful job with the police department, now you are trying to replace him. Remember the work he has done with the juvenile complaints, the time and energy that this man has devoted to the residents of Madison Township.

Following the vote which went along party lines, Councilman Leonard Hornster charged "that this wasn't necessary and you could have waited until the 1st of January, this is a 'lame duck' movement and I mean it."

Councilman Donald Tierney fired back at Hornster that "he himself had two more years on the council as well as Macrae and Dealy and Councilman Cancellieri's term runs until the 1st of January. This is no 'lame duck' session."

In 1960 Sladkus was originally appointed under similar circumstances when the late Maxwell Mayer of Laurence Harbor resigned as Magistrate because of ill health. The appointment at that time also came as a surprise to the Democratic minority, at the time of the appointment of Sladkus, John Mullane, a South Amboy attorney had been mentioned as a possible candidate for Township Magistrate. Following a Democratic sweep of the old township committee which consisted of five committeemen, Sladkus was re-appointed as police magistrate.

Sladkus was believed to have been a Republican and the four members of the G.O.P. ousted him, while Mullane is believed to be a Democrat and the three Democrats voted against him. Mullane has previously served in Madison Township as Township Attorney in 1956 during a Democratic administration.

In other business to come before the Township Council three ordinances were introduced on first reading for a scheduled hearing to be held on December 20, 1965.

One ordinance deals with regulations for the inspection of sewer lines in garden apartment developments and establishing inspection fees to be charged. During the 1965 general election campaign quite a bit of discussion was made over the fact that a jurisdictional gap has existed in the inspection of sewer lines at Garden Apartment sites. Chief Plumbing Inspector Gene Hulse felt that he had to inspect plumbing work only five feet from the building. The sewerage authority felt that the township should be held responsible for the inspection from the curb line and the argument waged back and forth at

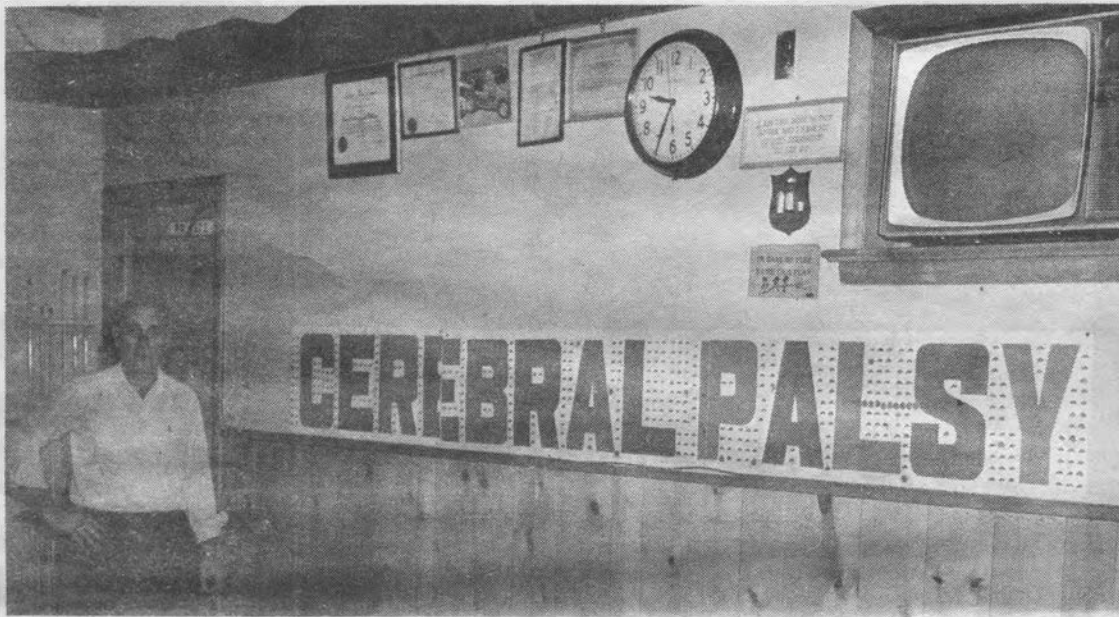

every other Board of Health meeting. The final agreement was ironed out between meetings of the attorneys for the Board of Health and the Sewerage Authority and the enactment of the ordinance arranges for the fees and outlines procedure for inspection, the inspection fee would be based on a 7% estimated cost of the sewerage line inspected.

The second ordinance read on first reading would delete as permitted use the construction of garden apartments in Highway development zone. The ordinance was recommended by the Township Planning Board and in effect would put a ban on the building of additional Garden Apartments. Donald Borst Chairman of the Planning Board spoke out in behalf of the adoption of the ordinance. He stated "that the township council had approved for construction of garden apartments somewhere in the neighborhood of 4,000 units, while we conducted a intricate study and complete survey two years ago in regards to the impact of garden apartments on the facilities of the township, we now feel that it is time to take a breather and see for ourselves just what effect if any garden apartments have created on our roads, schools, and services. We are not saying that we are against garden apartments or for them but we recommend adoption of the ordinance.

The third ordinance introduced dealt with the establishing of an ordinance to establish personnel policy, practices and regulations of the Township. The ordinance or a similar ordinance had been discussed last year and failure to adopt such an ordinance was blamed on much of the chaos that resulted in the election of a Democrat as mayor at the first of the year.

Some feel that the ordinance if adopted by the G.O.P. controlled council will be repealed at the first of the year when the Democrats come into control with the seating of Spiros Columbus of Old Bridge. Columbus was elected in the November election which saw the defeat of the "Good Government" candidates and Cancellieri running as a write-in candidate failed to muster enough votes to win. So at the first of January the Democrats should have enough votes to take over the control of the township. There is speculation in some quarters that the G.O.P. might be successful in electing one of their members as mayor but this is denied by Democratic leaders.

FEUDING AND FUSSING: Well it appears that the feud in the ranks of the Democratic Party is continuing and as was predicted in this column the Republicans have tightened up after fighting for almost a year. The coalition between the Democrats and the Republicans has gone down the drain and the G.O.P. majority members of the council have been voting more or less in a solid block. We understand that the G.O.P. members on the Township Council have a few more surprises for their Democratic Colleagues before the end of the year. The Dems may scream and holler "foul" but unless they have some legal angles of their own nothing much can be done about it, not until the 1st of January, then some of the work may be undone, it depends on the provisions of the Falkner Act. Right now it looks like open war between the Democrats and Republicans.

POLICE DEPARTMENT: Police Chief Charles Boice really "sweating" out the appointment of a couple of more police to man his police department. With winter weather coming on soon a few of the police will be out with flu, colds and virus and then the usual few winter driving accidents. The police don't really have that many automobile accidents with the police cars, it just seems that other motorists just run into them. Understand that there will be at least one other officer tending his official resignation before very long.

INDUSTRIAL COMMISSION: Anybody want a job on the Industrial Commission? The pay isn't very good, in fact you get a big fat ZERO for your troubles and a lot of abuse. Seems that several of the members of the Commission recently resigned. We hear that they couldn't get along with the Publicity Director. Quite a few small businesses are opening up in Madison Township, we know of over a dozen that are presently under construction. We don't know whether the Commission had anything to do with the locations but at least they represent nice ratables.

BOARD OF EDUCATION: Not many residents of Our Town have made known their intentions of whether they will enter the school board race. It is rumored around the township that G.O.P. Municipal Chairman Donald Borst will field a slate of candidates, one of the candidates in all probability will be a Democrat. Borst in the past had sponsored winning slates of candidates, one of them was Richard Pine formerly of Cliffwood Beach now a resident of Cheesequake. It is expected that at least one banker will also be in the School Board race. We certainly hope that quite a few of the residents of the Township accept the challenge and run for the Board. From grumblings around the township we doubt whether the school budget will be approved by the residents. Most people are beginning to feel the pinch of the high school board tax. Watch the budget closely, we understand that the Board would like to purchase twenty new buses. We still feel that the Board of Education should get out of the school transportation business and back in the education business. Did you see those little "paddywagons" they are using to shuttle youngsters back and forth? We don't think that they

AIRMAN SECOND CLASS JOHN R. MONTGOMERY

ANCHORAGE, Alaska - The son of a Cliffwood Beach woman has helped his unit at Elmendorf AFB, Alaska, win the coveted Hughes Trophy as the best fighter interceptor squadron in the Air Force.

Airman Second Class John R. Montgomery, son of Mrs. Lillian Montgomery of 74 Rosewood Drive, Cliffwood Beach, serves with the 317th Fighter Interceptor Squadron which won the trophy for operational excellence and flying safety in world-wide judging.

The 317th, also winner in 1956,

is the only squadron twice selected by the Air Force for the annual award. The rotating trophy was established by Hughes Aircraft Co. It is designed to foster unit pride among interceptor squadrons engaged in air defense.

Airman Montgomery, an administrative specialist, supports the Alaskan Air Command F-102 Delta Dagger unit which helps provide "top cover" for North America.

The airman is a graduate of Henry Snyder High School, Jersey City.

appear to be too safe. Why doesn't the Board of Education hire taxi cabs to transport the retarded youngsters. It was done before and I'd bet that the costs were much lower.

POLICE MAGISTRATE: Probably the most surprised fellow in Madison Township this past week was police magistrate Samuel Sladkus. The way we get the story is that the move on the part of the G.O.P. majority on the council was a shock to him. Well you never can tell with appointments, one day you are here and the next day, bingo. Heard from several reliable sources that the move is illegal and that in all probability the township would have to re-hire Sladkus. Rumor has it that Sladkus will probably end up being the judge in Sayreville and we understand that he might be named a county judge or perhaps another juvenile judge in the county. It did come as a surprise - as we said, just about everybody but everybody was caught off guard.

ROAD DEPARTMENT: Road department cleaning up quite a bit of debris and garbage that is laying along some of the back roads of the township. It seems a shame with garbage collections in most areas twice and sometimes three times a week that residents have to continue to throw garbage, such as papers, and furniture on the various roadways in the township. The township garbage trucks just about take everything so there is no need for it. If people would refrain from throwing their junk all over the place the road department workers could be free to work elsewhere.
