School Budget Again "Clobbered" By Voters

Voting at the various polling places in Madison Township for the proposed school budget for the 1966-67 School year was light. Probably one of the heaviest turnouts was in the six voting districts comprising Sayre Woods South.

The budget was defeated by more than two to one. The previous school election saw the budget defeated by almost the same margin.

The budget will not be presented to the council, they in turn can reduce the budget or

refuse to act on the proposed budget which is submitted by the Board of Education. In the event that the council fails to take any appropriate action the budget will then go to the State Board of Education for approval. The last time a similar elec-

tion took place the budget was reduced by several hundred thousands of dollars and despite cries by the Board of Education that the budget was very tight and with the budget cut, the Board of Education still had substantial amounts of money or what they lovingly term—"free balance."

Most of the support for the school budget came from Sayre Woods South. The current expense question was defeated with a NO vote of 1879 and a YES vote only 757.

The capital outlay question was defeated by a similar vote 1869 NO votes as compared to only 755 YES votes.

The total YES votes in six districts comprising Sayre Woods South voting districts 9-10-19-20-21-22 showed total of 447 YES votes for the Current Expense Question and a total of 217 NO votes.

The Capital Outlay Question on the ballot received a total of 448 YES votes in voting districts 9-10-19-20-21-22 with a total of 216 NO votes cast in the same voting districts.

School elections in the past as well as this election have shown that most people voting usually vote because of candidates seeking election to the Board of Education, the budget questions receive less votes than some of the candidates.

It has also been a proven fact that once the School Board race

for candidates is over and the budget is defeated, the budget questions in the second election receive a very small vote compared to the amount of registered voters in the town.

The total budget voted upon and defeated by the voters at the polls exceeded the \$5-million dollar mark, which made it one of the highest budgets in history of Madison Township.

At the regular school board election the budget was set for some \$5.6 million dollars. The Board of Education made a half hearted attempt to reduce the budget, some \$48,000 was to be used from "free balance."

The residents of Madison Township are fast becoming tax conscious and it is quite possible that reports that the local purpose municipal tax might be doubled had a hand in defeating the school budgets.

It is expected that Council members and the members of the Board of Education will meet soon and plans to revise the school budget will be worked on.

It should be pointed out that no money in the proposed budget was for expanding the local school system, the budget merely covered Current Expenses which included teachers salaries, clerks, janitors, operation of buses by contract or ownership, text books, various school supplies.

League Registration Set For Park

The Madison Park Little League has announced that its annual Player registrations will be held on Monday, February 28, at

Returns To Base

Fireman Apprentice John H. Patrick Jr., USN, son of Mr. and Mrs. John H. Patrick Sr. of 43 Orchard Drive, Old Bridge, has returned to Norfolk, Va. after a series of special operations near St. Croix, Virgin Islands aboard the destroyer tender USS Tidewater.

While in the Caribbean, the Tidewater made a four-day visit to San Juan, Puerto Rico.

Tidewater will remain in Norfolk about four months, and then sail for Charleston, S.C., where she will undergo a routine shipyard overhaul.

The Proclamation also indicates the local nature of the State Campaign, pointing out that donations from the local area are returned in proportion to Sayrewood Lodge. These funds then are used by Sayrewood Lodge in helping handicapped children in this area. Last year, Sayrewood Lodge spent \$3,765 in its work with crippled children.

The Shield Campaign is being conducted by the New Jersey State Elks' Crippled Children's Committee, with the cooperation of Sayrewood Lodge. John Picurri is Chairman of the local Crippled Children's Committee.

Annual Blue And Gold Banquet Held

Cub Scout Pack 36 of Old Bridge held their annual Blue and Gold banquet at the Knight's of Columbus hall on Saturday, February 19. Highlights of the afternoon were the charter presentation and the Parvuli Dei awards.

Fred Weglarz, neighborhood commissioner, presented the new charter to Joseph Mangine, Grand Knight of Council 4815, the pack's sponsoring institution.

Father French was on hand to present the Parvuli Dei medals to fourteen Cub Scouts who have made a thorough study of their religion in preparation for this annual Catholic award. They were Thomas Clark, Michael De Feo, Eugene Forrester, David Lawrence, Steven Mattia, Nicholas Novellino, Bruce Rose, John Ryan, Richard Schmeltz, William Soldati, John Sweeney, Steven Tranotti and Gary Sapone. The boys were prepared by Mrs. Rose Spychalski.

The theme of this year's Blue and Gold, Breakthrough for Youth, was carried out in the speeches of the guests, and a candlelight ceremony presented by the Cubs, illustrating the activities of the pack during the past year.

Earl Peterson, District Executive, spoke on the history of scouting. Other guest speakers included Deputy Grand Knight Louis May, District Commissioner Chuck Strabino, Scoutmaster Ed Ford, Institutional Representative James Nolan, and Spiros Columbus, representing the mayor.

Cubmaster Leon Spychalski and assistant cubmaster Myron Forrester conducted the awards ceremony, beginning with the induction of four bobcats: Michael Fox, John Scully, Thomas Regan and Peter Wickersty. Advancement recognition included wolf; Walter DuDasko, Anthony Owens, Robert O'Connell, Gregory Clark, Edward Junquet, John Kampe,

His next stop is four weeks of basic specialist training in his military occupational field. Marines to be assigned to infantry units will be taught infantry sub-specialties, such as the machine gun, grenade launcher, rifle or mortar. Marines to be assigned to highly technical specialties will be sent to military technical schools for their specialist training.

Personal Property Tax For Apartments

Quite a few of the residents of Madison Township object to residents in Garden Apartments because they feel that the apartment dwellers aren't paying any taxes.

We wonder if it would be legal to appoint a Board of Tax Assessors and pass the necessary laws or ordinances that residents of apartment houses be assessed for their personal property such as furniture, clothing, radio's etc.

If this were possible this would represent quite an income to the Madison Township treasury.

The Board of Assessors could be on a parttime basis similar to census takers, they would inspect each apartment and base the personal property tax on what they found in the apartments.

We feel that this might be a way out of the problem as far as objection to Garden Apartments not paying their proper share. We are still of the opinion that Garden Apartments are a suitable ratable.

Something Should Be Done

The accident rate on Route 9 continues to climb, the traffic is steadily increasing, traffic jams continue to plague motorists and yet the State Highway Department has done very little about the situation.

South on Route 9 just over the Madison Township Boundary line Route 9 is a beautiful highway, four lanes wide, with a concrete barrier down the center.

There are many traffic lights and other safety devices, here in Madison Township we are completely neglected as far as Route 9 is concerned.

The State has made survey after survey to determine what can be done but the project is taking entirely too long. We feel that the officials of Madison Township should make a concentrated effort to push for additional traffic lights and other safety devices on dangerous Route 9. Accidents are being reported almost daily and it certainly is about time that the State Highway Department take some immediate action to aid the situation.---and we certainly hope that it isn't another traffic survey.

Police are still "sweating" out reports that a civilian director of the police department will be appointed very shortly one of the "shake ups" expected is in the handling of Safety Program, it is quite possible that the entire sign handling project be turned over to the Road Department and the officer in charge of the detail be returned to regular patrol duty. Expect at least two additional police officers to be appointed in the near future.

WORD OF WARNING: Residents of Madison Township beware the magazine salesmen are back in the area. These fellows are very glib speakers and promise all sorts of angles and deals but once you've signed your name on the dotted line you've been taken. If you are interested in purchasing magazines contact the company directly they usually can offer you a better deal than most. We've known of residents that have signed up for several hundred dollars worth of magazines which they understood they were getting for nothing. Think it over before you sign and you won't be sorry later.

WATER AUTHORITY: Understand that things are getting hotter in the Water Authority---this may be another case where the township might end up with two chairmen instead of one. Quite a bit of debate over whether a water line should be run down Route 9 or Cottrell Road. The way we get the story chairman Charles Searlaski chastised newly appointed member Walter Zizik, seems as though there is a question about inspection of water lines. Look for a big blow in the Water Authority quite a bit of bickering going on among the members and the whole thing is liable to explode. Township might also introduce an ordinance paying the members of the Water Authority, we wonder if this is legal?

BOARD OF EDUCATION: The Madison Township Board of Education is still in a muddle over the resignation of Charles Thompson they don't really know if they can appoint a new member to fill the vacancy. Thompson resigned then changed his mind about resigning and the Board then declared the seat vacant. Reminds us of a similar situation involving William Kerr several years ago. We wonder why the Board of Education charges such weird prices for use of the schools for other activity. Seems to this writer that the Board of Education feels that they own the schools.

ROAD DEPARTMENT: "Baby Cakes" Tatter Bastedo had his handsful recently with the rapid melting of snow and fast thaw which was followed by a heavy rain, many of the dirt roads in the township were practically impassable. Tatter had his men out on the roads working away grading and filling in with dirt. Just before the warm weather hit the Road Department cleaned many of the catch basins from ice and snow. It's a good thing they acted when they did if not the flooding would have been greater.

COULD BE: We heard on television recently where the Rev. M. Luther King was trying to propose a union made up entirely of the unemployed. With the rash of dismissals at the Municipal Building maybe he ought to start the union in Madison Township. Understand that a few more workers may get the axe in the next few days.

St. Patrick's Day Dance

The Madison Park Volunteer Fire Co. will hold their Annual St. Patrick's Day Dance on Saturday March 12 at the Fire House on Cheesequake Road. A buffet supper of Corned Beef and Cabbage will be included in the ticket price. For tickets contact A. Felice 727-0008 or any member of the Fire Company.

TAKE FIVE

REV. JAMES SILVER

Pastor Laurence Harbor Community Church

"For whoever would save his life will lose it, and whoever loses his life for my sake will find it." Matthew 16:25.

Marya Mannes in an article in the "Reporter" magazine has made a penetrating comment about the meditation room in the United Nations General Assembly building. So that none of the world's religions will be offended, the symbols of all religions are banished. Miss Mannes describes the impact of this room as follows:

"It seemed to me standing there that this nothingness was so oppressive and disturbing that it became a sort of madness, and the room a sort of padded cell. It seemed to me that the core of our greatest contemporary trouble lay here, that all this whiteness and shapelessness and weakness was the leukemia of non-commitment sapping our strength. We had found, finally, that only nothing could please all..."

It is possible to become so broad in outlook as to stand for nothing. The curse of an age of tolerance from all ideas is that there is no strong commitment to anyone. But life demands commitment. Jesus made it plain many times that a man has to choose for him or against him. Fence straddling is one of the worst of sins. It ignores one or the things that makes man more than an animal, the right to make a conscious decision. I would ten times rather have strong disagreement, as long as there was respect for the freedom to disagree, than the indifference which we all too often label tolerance.

Prayer: O Lord, Help us to take a stand on religion, morality, politics, and all the other important areas of life; and not just go on drifting indifferent to what is going on. Amen.

For further information contact 721-7373.

Birthday Party Held

Guests at the celebration of the third birthday of the Women's Club of Old Bridge, were treated to an hour of magic by Joseph Cossari and his assistant Esther.

As the Window Box Garden Club the organization has been active for nearly ten years.

Plans are underway to reopen the Old Bridge Child Health Station which they formerly operated at the Old Bridge First Aid and Rescue Squad Building, Marlboro Road. The new location will be the Knights of Columbus Hall, Pine Street, opening date to be announced later.

Mrs. Stephen Bencze, fourth district vice-president addressed the group. Mrs. James McEwan assisted by Mrs. David Bosland, Mrs. Ted Costa, Mrs. John Friel and Mrs. Louis Sulzman hosted the affair.

FEUDING AND FUSSING: Many of the top supporters of G.O.P. Municipal Chairman Donald Borst are quietly urging him to resign as Municipal Chairman of the Republican Party. Many of the rank and file of the party are confused over the complete silence as one after another of G.O.P. members are relieved of their positions at the Municipal Building. It is understood that Richard Dealy Jr., of Sayre Woods South would like to take over the top slot in the G.O.P. The way we get the story is that this won't happen. One of the prime selections in the event Borst resigns is ARTHUR BOTTONE of Central Park.

POLICE DEPARTMENT: Congratulations to the police department, police picked up a couple of youngsters in the Laurence Harbor area and as a result the rash of house entering and petty thefts in the area was solved understand that quite a few youngsters were involved in the affair.
