Mystery Singer Contest Winner

WINNER: Irwin Rich (left) Manager of the Bradlees Family Center on Route 9 and Erntson Road, Bradlees "Mystery Singer Contest." The event is Madison Township with Edward Seiger (right) Assistant Manager shown handing Merchandise and Gift Certificates in an amount over \$225. to Mrs. Mona Pekarchik, Union Hill Road, Englishtown, who correctly guessed that Dean Martin was the vocalist played last Thursday night during the recordings of top vocalists are played but at speeds much faster than the normal recordings.

Kennel, Plumbing Codes Adopted By Council

At the regular meeting of the Township Council held at the Municipal Building on Route 9, the council approved on final reading an ordinance updating the Kennel Ordinance and the local plumbing code. Both ordinances had previously been recommended by the Board of Health and the Chief Plumbing Inspector.

The newly enacted Kennel Ordinance which was termed an emergency ordinance takes effect immediately and establishes rules and regulations for the operation of dog kennels in the Township. The ordinance met some heavy opposition at the Board of Health meetings because many of the kennel operators felt that the requirements created undue hardships on kennel operators. The operation and maintenance of the dog kennel will be conducted in accordance with the rules and regulations established by the State Department of Health pursuant to N.J.S.A. 4:19-15.14. The Kennel Ordinance calls that Kennel shall mean any establishment wherein or whereon the business of boarding or selling dogs or breeding dogs is carried on, except a pet shop. The new ordinance also calls for inspections by Health Officials on a regular basis of at least once in every three months. The records concerning the operation of the kennel shall be available for inspection of the Health Officials. The records shall show the type of dogs, the ages of dogs, whether they are registered with the American Kennel Club and whether said dogs are for sale or for breeding purposes. It is expected that the newly adopted

ordinance will be challenged by several dog kennel operators in the Township.

The council also discussed relaxation of age restrictions at the Cheesequake Park Village, action was withheld. The development located on Gordon Road, near the entrance to the Cheesequake State Park had requested that occupancy be permitted for persons above 18 years of age, provided that at least one of the occupants of each unit is at least 52 years of age. Through their attorney Monroe Markovitz of Union, the development also asked that the age be reduced for occupancy from the present 55 years to 52 years old minimum age of apartment residents.

Township Manager John Barbelata announced at the meeting that over 18,500 signatures have been obtained on petitions urging the State Highway Department to dualize Route 9 from Route 18 to Route 34 intersections. The drive was started several weeks ago in an effort to dualize what Barbelata terms the most dangerous section of highway in the State of New Jersey, in the petitions which were designed by the Business Manager it was pointed out the number of deaths and injuries that have occurred on the section of the unfinished highway.

Residents of Central Avenue and Maple Avenue complained of construction of Sanitary sewerage lines on the streets and recent heavy rains have made the streets practically impassable according to residents using the roads. The manager promised that the situation would be investigated immediately.

Unique Catholic Education Program Planned

An Adult School of Religious Education will be offered at St. Thomas the Apostle Catholic Church in Old Bridge, beginning on Monday, October 10. The complete program is sponsored by the Knights of Columbus Council 4815 of Old Bridge.

The program has the approval of His Excellency George W. Ahr, Bishop of the Trenton Diocese, and will be the only complete program offered on the parish level for Catholics in this area. While the course programs are directed to Catholic who would like to know more of their religion, an Inquiry Course in Religion covering a basic review of Catholic Doctrine is available to non-Catholics without cost.

The overall program for the Adult School of Education for 1966-67 will consist of six classroom courses, a lecture series and several discussion groups.

The classroom program offers six complete courses. On Mondays, beginning Oct. 3, at 8 p.m. a scripture Courses on the Parables of Jesus Christ; at 9 p.m. a Survey Course in Catholic Church History. On Tuesdays, beginning October 4, at 8:15 p.m., an Inquiry Course in Basic Catholic Doctrine, also at 8:15 p.m., a Lay Theology Course in Religion. On the third and fourth Wednesdays of each month, beginning on October 19, at 8 p.m., a Scripture Course on the Epistles of St. Paul, and at 9 p.m., a course in Christian Leadership and Presentation. Registration can be completed

at the first session on the evening the course is given. A registration fee of \$2. will be charged for each course taken. The Inquiry Course is free to non-Catholics.

The Lecture Series to be scheduled in 1966 will cover Cana Conferences on marriage for those already married. At these conferences the following topics will be discussed: the husband-wife relationship, the parent-child relationship, and the spiritual life of married people.

Discussion groups planned for January through early spring will cover vocational and sex education for the teen-ager.

In addition, the CYO Program held every Thursday evening, at 8 p.m., offers a complete religious education for the teen-ager.

Trio Commended

Letters of Commendation honoring their high performance on the 1966 National Merit Scholarship Qualifying Test (NMQT) have been awarded to three students at Madison Township High School, Principal Albert B. Jacobs has announced.

Those named Commended students are Rosemary E. Herring, Mark A. Jordan, Steven A. Kaufman.

They are among 38,000 students in the United States who scored in the upper two per cent of those who will graduate from

high school in 1967. The Commended students rank just below the 14,000 Semifinalists announced earlier this month by the National Merit Scholarship Corporation (NMSC).

John M. Stalnaker, president of NMSC, said: "The outstanding record made by these students in a national competition deserves public recognition. Their

And So It Goes

With the special school election coming near there are several questions which remain to be answered by the members of the Board of Education. We would like to know where in the world did they ever come up with a figure of \$5,700 per acre for land off Route 516? What was the sum paid for acreage in Sayre Woods South when the Board of Education entered condemnation procedures against a local farmer? We doubt if there is any land in Madison Township with the exception of a shopping center that is valued at this fantastic figure. There are hundreds and hundreds of acres of land that can be purchased at far less money. Doubt our words take a look at the Township Tax Assessors Books. Supposing that the Board of Education purchases the land off Route 516, where will they get sanitary sewerage, will Matawan allow the Board of Education to tie into their system? Or will the Board of Education build a package sewerage treatment plant--we certainly hope that they don't intend to use septic tanks for the schools? These are but a few of the questions which have yet to be answered by the Board of Education. We repeat there is no doubt that additional classrooms are needed in the school system but what about utilizing acres and acres of ground that we already own. What about the rear of the Number 18 School in Sayre Woods South on Bushnell Road? What's the matter with building a school on that site? What about the acres and acres of land at the Madison Park School? Couldn't another school be built at that site? Both land parcels represent acres and acres of level ground, both sites are desolate and become mud flats following heavy rains--these two sites should be utilized for the building of additional schools. We still maintain that there is enough land area at the present site of the high school to build additional rooms on the present facility. The Board of Education presents a story that the present heating system is too small for expansion of the school plant--we wonder if the Board of Education ever heard of "Electric Heat"--each additional school room could have individual control electric heating units ---we are sure that the Jersey Central Power and Light Company has made installations in many schools---The Board of Education should realize that despite their expensive tastes--there are no millionaires living in Our Town---most of the residents are plain workers---many of the older residents in Our Town have already tightened up their belts---many of them gave up that extra pack of cigarettes just to pay for the present high school---about the only other thing many of them can do is to give up eating altogether---We urge that the residents of Madison Township go to the polls and vote no on this fantastic referendum--whether you live in a Garden Apartment or home the cost of the school referendum because of the fabulous prices to spend for the acquisition of land---

Take Five

"Do your best to present yourself to God as one approved, a workman who has no need to be ashamed. . ." II Timothy 2:15. Some time ago, William E. UNDER THE FENCE

FEUDING AND FUSSING: Well things still are pretty hot in the ranks of the G.O.P. One of the contenders for the post of Municipal Chairman feels that he was let down by his club in getting additional support for the top post. Understand that former chairman Donald Borst may be called in to straighten things out in the County Republican Organization. As one ole pro puts it--if somebody but somebody doesn't straighten out the County organization there won't be any. I think the old pro had better worry about Madison Township---if they don't patch up things in the local GOP there won't be any.

CONGRATULATIONS: Congratulations are certainly in order to John Barbegelata, Township Business Manager on his efforts in obtaining more than 18,500 signers on petitions to dualize Route 9 from the Route 34 intersection to Route 18 intersection. Perhaps nothing will come from the effort but at least all the "wheels" in Trenton will know that there is a place called Madison Township. To our recollection this was the largest amount of signatures ever obtained on a petition in Our Town. The manager is really concerned about traffic and safety problems in the Township, we understand he's also pressing for some solution at the Whited Brown School on Route 34 in Cheesequake.

POLICE DEPARTMENT: Understand that additional patrols will be added in the near future to handle the lower end of the Township in the Lakeridge-Heatherwood area. The police department is spread out pretty thin at times. We still feel that two men in a patrol car especially at night would be the greatest aid for the police department. Look for several more promotions in the very near future. One of the problems confronted by the police department is vacation days with all the cops we now have they can't all have their vacations in the summertime.

INDUSTRIAL COMMISSION: Recently we spoke to one member of the Industrial Commission in regards to the industry plant that was announced to be located in the township. He claims he didn't know a thing about the installation and stated that he would explore the matter deeply because the announcement might have been premature and if not there are several interesting questions which still have to be answered. He wants to see signed contracts and a lot of other questions raised before the township goes all out.

BOARD OF EDUCATION: Understand that one of the top notch workers for the Board of Education recently resigned. The transportation business is still fouled up. Understand that they will soon hire a transportation co-ordinator from the Morris-town area---we think the Board of Education needs more co-ordinating than the transportation. Despite denials from one Board of Education member we have heard consistent reports that the roof in the high school building was leaking real bad a couple of weeks ago, according to the reports the place was flooded we wonder how much damage was done. Certain Board members are seeking to oust the "head" football coach because of two defeats. Madison should be able to win at least two games

this season. We should be able to beat Sayreville and JFK of Edison, other than that things look gloomy for the Spartans---Oh! Well that's the name of the ball game.

DEMOCRATIC TEAM: Support is growing for popular Donald Macrae to run on the Democratic ticket. We also understand that a Donald Macrae Association will soon be formed, course the association will be non-political but the way we get the story is that the majority of the supporters will be registered Democrats. The Democrats could easily win with Donald Macrae the biggest problem would be selling him to the Democratic County Committee---course then on the other hand many might welcome Macrae into the Democratic Party.

TAKE FIVE

(continued from page 2)

1. Let someone else set your standards for you.
2. Adopt the philosophy, "What are you going to do for me?"
3. Build no organization beneath you to take your place.
4. Be alert to point out what is wrong with an organization, but be adverse to point out what should be done to remedy the situation.
5. Develop a dislike for competition.
6. Make a fetish out of relaxation and recreation.

The above are wise words. They indicate that success doesn't really depend on how much money you make, or how popular you are, or how much applause you get. Success is primarily a matter of doing as well as you can what you know to be best, so that you can go to bed at night, and say to God, "I'm not ashamed of today." Success and failure depends on what happens to the inner man, and not primarily on the outward results. Prayer: O God, help us to set for ourselves clear personal goals, and then to seek them with energy and hard work. Amen

Motorcade Postponed

Due to circumstances beyond control of the Madison Township Beautification Committee the anti-litter motorcade which was scheduled for Saturday (Oct. 8) has been postponed to Saturday, October 29. The announcement followed a special meeting of the committee held yesterday.

Final plans for the event will be formulated at a meeting at the municipal building, Route 9, on October 19 at 8 p.m. All organizations and individuals who wish to participate in the motorcade on October 29 are invited to attend the October 19 meeting.

The committee members said that the new date will give organizations and individuals more time to prepare for the event. The motorcade will start from the Laurence Harbor parking lot at the beachfront and wind its way throughout the municipality and will end at a centrally located area where suitable ceremonies will be held.

Public Hearing Set On Water Rates

John Nesenkar, Secretary of the Madison Township Municipal Utilities Authority (Water Authority announced today that a

public hearing will be held on October 10 at 8 p.m. at the office of the Madison Township Municipal Utilities Authority, 15 Throckmorton Lane, Old Bridge on the fixings and establishing of rates and fees for unmetered services of the Authority.

All residents of the Township, users of the facilities and other interested persons will be given the opportunity to be heard on the fixing and establishing of such rates, fees and other charges.

Charter Presentation

The Sabra Chapter of Hadasah will have its Charter Presentation and Installation of Officers for the 1966-67 season on October 9. We guarantee a very enjoyable evening for those who are invited to this affair. For information on this evening contact Natalie Londen, David Street, South River.

The next meeting will be held on October 17 at 8 o'clock at the home of Reana Sudfield, 1461 St. Georges Ave., Apt. 67, Colonia. Plans for the coming year will be discussed. Those who might be interested in seeing how this group is run are invited to join us on that night.

The Sabra Chapter is only for young single women between the ages of 18 to 30 who are interested in meeting other young people their age as well as working to help Israel and needy people all over the world.

For further information on this chapter contact either Reana Sudfield in Colonia, Renee Balaban in Sayre Woods South or Natalie Londen in South River.
