O'Brien Named Mayor, Smith Declines Post

Democratic Councilman Victor C. O'Brien was named mayor for 1967 at the reorganization meeting of the Township Council held on New Year's Day at the Township Municipal Building on Route 9, Township Clerk Mary M. Brown swore the new mayor in.

O'Brien was named to the post unanimously. Harry Messenger, former mayor, was nominated to the post but declined the nomination which would have been his third term for mayor. Messenger gave "personal reasons" for declining stating that he would like to spend more time with his family.

O'Brien has spent several years under the Township Committee form of government and Township Council and had served as Chairman of the Police Committee under the old Township Committee form of government and during 1966 served as president of the Madison Township Board of Health.

In taking office O'Brien commended Messenger for his long and able service to the township. O'Brien in his acceptance speech pledged that he would work for greater state aid and federal aid to help take some of the burden from the local taxpayer, expansion and updating of the police department and revisions in the zoning ordinance and work on the master plan are scheduled for revamping.

The biggest surprise was when Township Attorney Harold G. Smith declined re-appointment to that post for another term. Smith has served as Township Attorney for several years, he gave his expanding law practice as the reason for declining another term. Smith is associated with the law firm of Wilentz, Spitzer and Goldman of Perth Amboy.

Named to replace Smith was Board of Health attorney Marc Gordon of Sayre Woods South. Gordon has served as attorney for the Board of Health and Planning Board for several years.

William Murray of Throckmorton Lane, Sayre Woods South was named to a four year term on the Madison Township Planning Board; he replaces Robert Komarek.

O'Brien as mayor will also serve on the Planning Board and automatically replaces Messenger in that position. Murray is employed as a sales and application engineer by the Federal Pacific Electric Company of Newark.

Following the ceremonies at the Township Municipal Building an "Open House" sponsored by the Madison Township Democratic Committee was held at Diamond Jim's on Route 34. Democratic Municipal Chairman Joseph Pandozzi was the host for the affair. Several hundred visited the open house.

"Dick Pine Seeks Re-Election

Richard Pine, a member of the Madison Township Board of Education, was the first candidate in this sprawling municipality to file for one of the three seats to be decided in the school board elections on February 14.

Pine, who is completing his ninth year on the board, is presently chairman of athletics and chairman of non-professional personnel committees. Pine was president of the board in 1959. During his nine year tenure as member he has headed practically all major committees. He is a resident of Cheesequake.

Tap Meeting

The teen agers in Middlesex County met at the March of Dimes office in Perth Amboy to plan the TAP (teen-age-program) activities which will take place during the month of January for the benefit of the March of Dimes.

Middlesex County TAP Chairman, Daniel Martin, stated "We need two ingredients for an outstanding teen project - enthusiasm and a good cause. We have the enthusiasm and the March of Dimes has given us one of the most important causes in the health field - the fight against crippling birth defects."

Daniel is a Junior in South Plainfield High School and lives in South Plainfield. He will be constantly in touch with the teen-agers throughout the County regarding their TAP activities to raise funds for the March of Dimes.

Daniel stated "We have some exciting ideas for events which we think will raise a lot of money for the March of Dimes. I know that all of us in the TAP Program realize that beyond the fun and excitement lies the important purpose of fighting birth defects."

Teen-agers from various sections of the County attended the meeting. Others who were unable to attend are busy planning their TAP activities in their schools and in their communities.

Other incumbents who have not yet filed for re-election are Mrs. Henry Kosebucki and Charles Thompson.

Thompson regained his seat on the board after an appeal to state authorities following his disputed resignation early this year. William H. Staples of Madison Park was appointed to fill Thompson's seat and held it until Thompson was reinstated.

Mrs. Kosebucki is a resident of Cheesequake. Thompson resides in the Pinehaven area of Old Bridge.

A host of other candidates are expected to file their petitions for the three seats prior to the deadline on January 5 at 4 p.m. with the board secretary's office.

The officers and men of the Fire Company wish to express to the Residents of Fire District

No. 1, their sincere thanks for making the 1966 fund raising drive a success.

Receives

Promotion

Edward S. Hill III, 24, whose parents live at 823 Reilim Dr., Madison Township, Oldbridge, was promoted to Army specialist fourth class Dec. 6 near Hanau, Germany, where he is serving with Headquarters Company, 85th Maintenance Battalion.

Spec. Hill entered the Army in November 1965 and completed basic training at Fort Jackson, S. C. He arrived overseas in May 1966.

He is a 1959 graduate of Christopher Columbus High School, Bronx, N.Y., and also attended Visual Arts College, Manhattan, N.Y.

Puppets Distributed

During this week The Woman's Club of Old Bridge Welfare Department distributed 100 original hand puppets made by the members of the club. They were sent to children at a hospital in Skillman.

An adopted family has received a food and toy basket and warm clothing was sent to needy families.

The department was assisted by full membership in a party at the Collier School for Girls. Refreshments and entertainment preceded the exchange of gifts donated by club members for 60 girls.

With Navy

Aerographer's Mate Third Class John R. Campbell, USN, son of Mr. and Mrs. Ted Campbell of 54 George Ave., Old Bridge, N. J., has arrived in San Diego after a 16-day cruise from the Philadelphia Naval Shipyard through the Panama Canal as a member of the first crew aboard the newly-built amphibious assault carrier USS Tripoli.

Built in the Ingalls Shipyard, Pascagoula, Miss., the Tripoli's keel was laid June 15, 1964. She was launched July 31, 1965 and commissioned in the Philadelphia Naval Shipyard August 6, 1966.

The Tripoli is equipped to carry 30 helicopters and transport over 2,000 Marines. She has the capability to employ the vertical envelopment tactics.

JUST DON'T USE A BUDGET

PEMBROKE, Ontario, Canada — A couple here has managed to raise 11 adopted children on an income of \$65 a week by simply not worrying about money problems. Mr. and Mrs. Hubert Jansen find it isn't easy but it's fun. "We keep no budget," Mrs. Jansen says. "What would be the use? We'd only worry from week to week."

Mrs. Jansen bakes all her own bread and cake and makes most of the children's clothes. She buys half a cow at a time, flour in a 100-pound bag and provides pork by purchasing a whole pig.

FERTILIZER FACTS

Potash fertilizer originally was obtained by running water through wood ashes, and boiling down the solution in large open kettles. The residue, a white solid, was called "potash" because it was made in pots from ashes. Largest producing area of potassium salts in the world today is around the Dead Sea in Israel.

RUFÉ STAYS PUT

NEW SMYRNA BEACH, Fla. — Three State Road Department engineers walked into the hunting camp of Russell Galbreath recently and asked "Who is the next of kin of General Rufe?"

"I guess you might say I am," replied Galbreath, who buried him, and placed on the grave the marker, "At rest, General Rufe, 1900-1961."

"It's right in the path we planned for the road" one engineer said, "But we've got orders not to disturb any burial plots if we can avoid it."

After three days of figuring, the engineers routed the highway around the grave.

Smiled Galbreath, "I'm glad they didn't disturb General Rufe . . . he was the best deer hound I ever owned."

Take Five

"... but one thing I do, forgetting what lies behind and straining forward to what lies ahead..." Philipians 3:13

Now that the new year is upon us, we need to do some forgetting. In this text Paul is not asking us to make our minds a blank about the past, because there is a lot we can learn from what has happened to us, but he is saying there are many things that should be left out of the memory. The sins which God has forgiven, the hurts we have experienced from others, our failures; all should be thrown out with the old year. If we don't, they will eat away at our self-esteem and our view of others. They will make it difficult to know any peace, or love those around us, or have confidence in our worth, and so will stymie our attempts to work.

If anyone had reason to worry about the past, it was Paul. He had even been guilty of fighting against Jesus Christ and persecuting the Christians to whom he now belonged. But if he had spent his time bemoaning what he had done, he never would have accomplished a tenth of what he did. To be used by God there is much that we need to forget. With the help of God, it can be done. When a man accepts that God loves him, regardless of what has happened, and allows that love to become a part of him and then reach out from him to others, then it is easy to forget.

Prayer: Eternal Father, show us both that there is much to forget, and that the power for this needed loss of memory comes from Thee. Amen.

NOTICE

BOARD OF ADJUSTMENT
MADISON TOWNSHIP, N. J.

An appeal has been filed for Russell Groves 12 Laurence Parkway, Laurence Harbor, N. J. requesting a variance in the requirements of the zoning ordinance of the Township of Madison for the purpose of construction of an accessory building on premises situated on the north side of Laurence Parkway, 2500 feet of the corner formed by the intersection of Ravine Drive and Laurence Parkway. On Lot Nos. 12 & 13, on Block No. 36. This lot is in a R-7 Residential Zone and does not conform to the requirements of the zoning ordinance.

For the purpose of hearing any objections to, or protests against the granting of said appeal the Township of Madison Zoning Board will hold a public hearing on Fri., Jan. 13, 1967 at the Madison Township Town Hall on U. S. Hwy. No. 9, Madison Township, New Jersey at 8 p.m.

By order of the Zoning Board of Adjustment,

Alfred J. McCullough
Secretary

Date: Jan. 4, 1967

BOARD OF ADJUSTMENT
MADISON TOWNSHIP, N. J.

An appeal has been filed for Sea Sun Construction Corp., 325 Highway 18, Old Bridge, N. J. requesting a variance in the requirements of the zoning ordinance of the Township of Madison for the purpose of subdivision of 53 acres into 43 building lots of approximately one acre. Premises affected are situated on the east side of Pension Rd., 325 feet of the corner formed by the intersection of Englishtown Rd. and Pension Road. This lot is in a Industrial Zone and does not conform to the requirements of the zoning ordinance.

For the purpose of hearing any objections to, or protests against the granting of said appeal the Township of Madison Zoning Board will hold a public

TOP TREE TOPPLES

WAYNESBORO, Miss. — The nation's top magnolia tree, believed to be more than 400 years old and accepted by the American Forestry Assn. as champion among its species, has been felled by dry rot and decay.

The stately southern magnolia grandiflora which stood in the southwest corner of Wayne County, was 116 feet tall with a crown diameter of 56 feet. The entire top of the dead tree has fallen to the ground and all that remains is a naked stem 60 feet high.

MANY BIRDS STAY NORTH

UNIVERSITY PARK, Pa.—A study at the Pennsylvania State University of 260 different kinds of birds that populate towns and cities in the state during the year shows that as many as 60 species may choose to spend the winter there. The University urges residents to provide extra food for birds during the winter, particularly after snow and ice storms.

TAMES' MIGHTY MOUSE

SALT LAKE CITY, Utah — Experiments at the University of Utah College of Medicine with the tiny grasshopper mouse—an aggressive animal that can kill other animals ten times its size—have shown that even the most aggressive animals can be taught not to fight.

The northern grasshopper mouse, or onychomys leucogaster, will run up behind its prey, grab it with its legs, and gnaw into the brain stem at the base of the skull. It can kill in 10 seconds.

Using "novice" grasshopper mice with no fighting experience, the researchers found that when a strange mouse of another species was put into the cage, a grasshopper mouse would sniff the stranger, then stage only a mock attack.

LEARN TO DRIVE

SANTA FE—A Santa Fe youth apparently had larceny in mind, but he overlooked one important detail: He didn't know how to drive.

City police said the youth hopped into a parked convertible at a church parking lot, backed into one car and rammed another.

Frustrated, he fled on foot, leaving the damaged cars behind.

V FOR VICTORY?

TESCLIC, Yugoslavia — The Simic family in this Croat village runs strongly to V's. Mother Vasilija Simic's sons and daughters are named Vlado, Velimir, Vojo, Verica and Vuka. On the male side it's different. Father Simic, his grandfather and great grandfather were all named Uros.

THEY PREFER SLUMS

MADRAS, India—Slum dwellers in India's fourth largest city are reluctant to move to new government housing because they miss the friendly old surroundings, according to a recent social work study.

The study, made among 7,000 people in three slums, showed that difficulty in raising animals in the new tenements was another factor. A third was the distance people had to travel to their old jobs.

SAY IT RIGHT

MONTGOMERY, Ala.—Lack of proper pronunciation hurts children's spelling, a language arts consultant declared at a talk before sixth grade teachers here.

Public notice is hereby given that I, Irving H. Lederman, Director of Finance of the Township of Madison, in the County of Middlesex, and State of New Jersey, will sell at public sale on Wednesday, February 1, 1967, at 10 a.m. of that day, or at such other time and place to which said sale may then be adjourned, at the collector's office, in the said Municipal Building, each and all of the several plots and parcels of land assessed to the respective persons whose names are set opposite each respective parcel as the owner thereof for the total amount of municipal liens chargeable against said land respectively as computed up to the first day of July, 1966; all as described in, and particularly set out in a list of the land so subject to sale, bound in book form and now a permanent record in my said office, as required under the provisions of Article 4, Chapter 5, Title 54 of the Revised Statutes of New Jersey, 1937, entitled, "Sale of Real Property to Enforce Liens," Section 54:5-19 to 54:5-111.

The said lands so subject to the sale described in accordance with the tax duplicate including the name of the owner, as shown on the last tax duplicate and the aggregate of taxes and other municipal charges which were a lien thereon the first day of July, 1966, exclusive, however, of the lien for taxes for the year 1966 (C. 297 P.L. 1944).

At any time before the sale, the said collector will receive payment of the amount due on the property, with the interest and costs incurred up to the date of payment.

This sale is for taxes for the year 1965 and is subject to all municipal liens accruing after January 1, 1966, with interest thereon.

The lands and premises to be sold are described as follows:

Conditions of tax collector's sale of real property for unpaid taxes to be held in the Township of Madison on February 1, 1967

1. Any person who desires to purchase any parcel, at a rate of interest less than one per cent, may in lieu of any rate of interest to redeem, offer a premium over and above the amount of taxes, and other charges due, and in that event the parcel shall be struck off and sold to the bidder who offers to pay the amount of such taxes and charges plus the highest amount of premium.

2. Payment for each parcel sold shall be made in cash or by check before conclusion of this sale or the property shall be resold.

3. Each parcel for which there shall be no other purchaser shall be struck off and sold to the Township of Madison in fee for redemption at eight per cent.

4. Each purchaser shall have delivered to him a certificate of sale for the parcel purchased by him upon compliance of these conditions.

IRVING H. LEDERMAN
DIRECTOR OF FINANCE
TOWNSHIP OF MADISON, N. J.

BARNYARD SOCIETY

Hens laying eggs may be affected by that age old practice of "keeping up with the Jones." A report from Pennsylvania State University indicates that a pullet lays better if housed in a pen containing only other pullets like her in age, size and development. New pullets may be retarded by the "bossism" of older hens.

TO THE RESCUE

ORLANDO, Fla. — Bulldozers came to the rescue... of another bulldozer here. A 25-ton bulldozer, costing approximately \$7,500, plunged into Lake Ivanhoe after falling from a man-made peninsula extending from the north side of the lake.

Work on Interstate 4 project was stopped as three other bulldozers were called into to pull the half submerged vehicle to safety. Owner Bill Crawford said, "We're lucky it didn't sink to the bottom of the lake."

FASTER LANGUAGE LEARNING

GENEVA, Switzerland — The new language laboratory, Tutor S.A., is a scientific aid for foreign adults who must acquire an accurate knowledge of spoken French in the briefest possible time. No books are used, but the first stage of a two-stage course is audio-visual. Students are shown a film or group of slides dealing with various occurrences which might arise in the course of a typical day in Geneva. The film is accompanied by a tape connecting the conversation with the situation on the screen. In the second stage, the student is placed in a sound-proof room where he can practice the phrases he has learned without fear of disturbing or being overheard by other students. At the end of a 200-hour, six-to-eight week course, the student can acquire a vocabulary of 2,000 words and conduct a conversation in the language.

CHANGE THEORY

SALT LAKE CITY, Utah — experiments with mental patients and children show that releasing anger on punching bags, or with toy guns in the case of children, does not mean that a person's aggression has been relieved and that he will be less inclined to fight in the future. The analysis was made by Dr. Lincoln D. Clark, associate professor of psychiatry at the University of Utah College of Medicine.

In fact, he added, "Mental patients who practice with punching bags just have better aim, and children who play with toy weapons have more fights than children who don't." The need that must be satisfied, he said, is removal of any threat to security. People may do this verbally or physically, and according to Dr. Clark, "the former is much more acceptable."

HOME IS SHIP-SHAPE

MARINE ON ST. CROIX, Minn. — A former ocean-going vessel, now permanently "docked" near the St. Croix River, is home for Mr. and Mrs. Chuck Ruhr.

The couple spotted the ship, which was drafted by the Coast Guard during World War II, on a Sunday drive and bought her. It is now anchored to a cement foundation on seven wooded acres.

DISAPPOINTED

WICHITA, Kan. — The pre-school lad who attended a Boy Scout Court of Honor in a southeast Wichita church with his mother wiggled in his seat and finally whispered audibly "Mommy, I don't see the bottle," he persisted. "You said we were going to see a quart of honors."

CRITICS WERE WRONG
Contemporary newspapers commenting on Lincoln's Gettysburg Address called it "only a dozen commonplace sentences;" "silly flat, and dishwatery," and "ludicrous. . . anything more dull would not be easy to produce."

LOTS OF RELATIVES
MYERSTOWN, Pa.—When Mrs Susie G. Horning, 84, died at her home here she left 298 direct descendants. The survivors included nine daughters, four sons, 109 grandchildren and 176 great-grandchildren.

SAVING FOR COLD DAY
SPARTANBURG, S.C. — The watermelon Mrs. J. P. Harrelson Sr. cut into on a cold winter day was almost as good as one just plucked out of the fields, she reported. She had kept the watermelon under a bed in an unheated room.

SIX DECADES TOGETHER
SEATTLE, Wash. — "I think love, patience and understanding are the key words," declared Mrs. John W. Tracy as she and her husband celebrated their 60th wedding anniversary. "Without these there can be no marriage — successful or unsuccessful."

PRIVILEGED PARKERS
MOULTRIE, Ga. — For three weeks the police department here did not hand out a single parking ticket. They just didn't have any. Although the tickets were ordered, the printing company delayed filling the order for three months because it was changing machinery. The order has now been filled and ticketing is back to normal.

WATCH THE BIRDIE
BELGRADE — Twoteen-agers played an endurance game of bad minton in a Belgrade street. They batted the ball back and forth for 90 minutes—a total of 3,135 strokes—before it touched the ground. They said they could even have done better, if a huge refrigerator truck had not come along the street between them. They said they could not bat the ball over it as they did over other passing cars.

HONESTY WINS PRAISE
MEMPHIS, Tenn.—Her honesty won a letter of appreciation from city officials for Miss Nora Day. The secretary had returned to the city the \$2 which she got back from a defective coin-return at a municipal parking lot.

WIFE MISPLACED
MYRTLE BEACH, S.C. — A tourist, after spending the night here, appealed to the Chamber of Commerce for help in finding his wife. He couldn't remember which of the town's more than 200 motels they had checked in to.
The man had left to get gas for his car and when he headed back to pick up his wife he realized he didn't know which of the numerous places along the Ocean Highway was home base. Policemen took him from motel to motel and hours later, he finally hit the right one and was reunited with his wife.

MODERN RUSTLERS
DENVER, Colo.—Horse stealing has changed a bit from frontier days. Thieves stole a one-ton pickup truck and four-horse trailer from Miss Jean McHarg's home, then drove to

her ranch and stole four of her prize horses. Miss McHarg valued the horses at \$25,000 and the truck and trailer at \$8,000.

BIG BARGAIN
KINSLEY, Kan.—Remodeling her house cost Mrs. James Zimmet \$25 less than expected. In the process she found that much money tucked away in obscure hiding places.

7 FLAGS FOR 1 FORT
FORT MORGAN, Ala.—Seven flags fly over the entrance of this historic fort at the mouth of Mobile Bay. The flags and the dates they were raised are: Spanish, 1559; French, 1699; Great Britain, 1763; Stars and Stripes, 1813; Republic of Alabama, 1861; Confederate Flag, 1861; and State of Alabama, 1895.
SPLASH CRASH
JACKSONVILLE, Fla. — A boat and a train collided on a busy street here. Pete M. Lazzeri was crossing the Southern Railway tracks on Canal Street when he heard a train whistle. He speeded up, but not in time to get across the boat trailer he was towing.

MONKEY BUSINESS
JACKSONVILLE, Fla. — Only half the calls that come to the City and County Fire Department are related to fires. Firemen have done everything from removing cats trapped inside walls to delivering babies. They've been called to remove rattlesnakes from air-conditioners, cats from trees, and small boys from folding garage doors. The department failed to answer a call of a woman whose monkey had run up a big oak tree by saying that it was doubtful if any fireman could outclimb a monkey.

Tid Bits

SWEET SLIP
To restore the stiffness of a nylon net petticoat, dip the petticoat into a solution of equal parts sugar and starch and hang it to dry, bottom side up, stretched between two lines. The sugar should be added while the starch is cooking.

LAUNDRY HINT
When laundering drip-dry curtains use a gallon of starch water for the final rinse. Hang curtains up to dry and shape with the hands to avoid ironing.

GALS GOOD WITH MONEY
MINNEAPOLIS, Minn. — Nearly two-thirds of the employees in banks today are women, and half the officers in your local bank are likely to be women by 1975, the president of the National Association of Bank Women told Minnesota members of the association at a meeting here.
Miss Eleanor A. Kropf, second vice-president of the Chase Manhattan Bank in New York City, reported that women have been entering banking, which was once completely "man's work," very rapidly since World War II.

WATCH THIEF DOES TIME
LONDON, Eng. — A British court sentenced a pastry-cook to five years imprisonment for

smuggling Swiss watches into the country, many of them hidden in some sort of pastry. The cook was a member of a gang credited with bringing 4,700 Swiss watches worth over \$1.5 million.

QUICK SELECTION
ST. PETERSBURG, Fla. — It was a child's dream come true for Mike Scalise, 9, who won a "shopping spree" drawing. The prize was as many toys as he could carry off in his arms within five minutes, and Mike managed to take home about \$110 worth.

WHAT'S IN A NAME?
WINTER GARDEN, Fla.—Officials look twice when they ask Miss Dawn Princeton for the name of her parents at Florida Southern College. She is the daughter of Mrs. and Mrs. Harvard Yale Princeton.

STOLEN STEPS
JACKSONVILLE, Fla. Mrs. Louise Mercer believes that thieves will take anything now. A periodic check of a vacant house she owns revealed the theft of some concrete steps.

OVERDUE BILL
BETHLEHEM, Pa. — The city treasury is \$4 richer now, and some New Jersey motorist's conscience is clearer. The driver sent the money as payment for two parking tickets, both issued 13 years ago.

A one-armed right-handed pitcher, Hugh Daly, won 74 games and lost 88 between 1882-87. He pitched a 1-0 no-hitter for Cleveland against Philadelphia in 1883.

The distance between the pitcher's mound and home plate before 1884, when hurling was underhand, was only 45 feet. It is now 60½ feet.

John McGraw famed New York Giants' manager, batted .390 in 118 games while playing for Baltimore in 1899.

Negroes accounted for about 18.9 million, or approximately one-tenth of the nation's population as of the last census.

Great Britain's 90,000 policemen do not carry guns.

The picture of Salmon P. Chase appears on \$10,000 bills, Grover Cleveland on \$5,000, and William McKinley on \$1,000.

The only wife of a President to have her portrait on currency was Martha Washington. Her picture appeared on \$1 silver certificates, series 1886, 1891 and 1896.

Capitol pages attend school in Washington in the Library of Congress. Classes begin at 6:30 a.m.

The first airplane flight of the Wright Brothers at Kitty Hawk, N.C., lasted only 12 seconds and the plane traveled 120 feet.

The Pennsylvania Assembly occupied Independence Hall in Philadelphia in 1735, long before the Declaration of Independence was adopted in the building in 1776.

Helena, capital of Montana, was known as Last Chance Gulch by gold prospectors before it was founded as a community in 1864.

The Delaware River, rising in New York's Catskill Mountains and flowing to the Delaware Bay, is 315 miles long and drains 12,800 square miles.

Springer spaniel dogs derived their name from their ability to "spring" game for hunters.

Watermelons, first grown in Africa and Asia, have vines sometimes extending 15 feet along the ground. The fruit is more than 90 per cent water.
