FIVE CENTS

School Board Election Set For Madison Township

On Tuesday, February 14, which by the way is Valentine's Day, the voters of Madison Township will have the opportunity to go to the polls and select three Board of Education members, but more important they will have the opportunity to vote on a proposed school budget. Needless to say the

school Board total budget is well in excess of Seven Million dollars, which is quite a bit of money.

Last year the school budget was twice defeated at the polls by the residents, it is expected that the school budget will pass, because many residents of the township are under the impression that they will be voting for school expansion and school rooms when in actuality they will

only be voting for Current Expenses. The local Board of Education which never seemed to have trouble getting teachers offered the school teachers a very good salary scale. It must be said that many of the teachers employed by the Board of Education do not live in the township nor do they pay taxes in our Town.

There is little doubt that the school budget will be voted down by the citizens of Madison Township, the present board of education, following defeat of last year's school budget curtailed quite a few activities, many of these unfortunately were school activities, we didn't notice that they cut out the Board of Education members attendance to Atlantic City, which usually cost several thousand dollars.

We hope that the budget is approved by the residents of the Township, we hope that the taxes are increased tremendously, we hope that the residents of the township can afford to pay their taxes. We certainly hope that the school budget doesn't become part of a November political campaign.

Don't worry about that little old lady in Laurence Harbor or Old Bridge that lives on her Social Security --she'll be well taken care of by some poverty program-- or she can apply for welfare.

Don't worry about that young couple in Madison Park that can't afford, eye glasses for their youngsters.

Don't worry about the old fellow in Cliffwood Beach that just lost his wife, he's so old that he only has a couple of more years to live and what's money when you are dead? Don't worry about that old farm couple in Cheesequake they could have sold those ten or twenty acres years ago for a couple of thousand dollars and gone on welfare later?

DON'T WORRY ABOUT ANY OF THESE PEOPLE WHEN YOU GO IN THE POLLS TO VOTE!

Worry about the young teacher from Pennsylvania because New Jersey used to use a lot of coal from the Keystone State, and he didn't want to be a coal miner.

Worry about the Superintendent of Schools because he has to have his tremendous salary so that he can work on his Doctor's degree?

Worry about some of the fancy priced and fancier named staff at the high school.

Worry about voting on the budget so that the Board of Education members can have a good time in Atlantic City.

Worry about all these things, don't worry about your home, you can always move back to the city to an apartment? You can always find a second job. We are certain that the various mortgage companies will understand when you can't make the payments on those beautiful homes in Lakeridge and Sayre Woods South. Don't worry about a thing go to the polls and vote YES for the Seven Million Plus Board of Education Budget. Then try to unload your home, try to get out from under. Vote YES on the proposed School Budget that's one way to stop everything in Our Town.

Pine Lists School Record

Incumbent Richard Pine, the only independent candidate in the Madison Township Board of Education election, stated that during his nine years of service to the school children and residents of the community, he has never voted against safety, good and welfare of the student body. Pine added, "I am the only member of the Board of Education who can back up this statement by the written record and this is more than any other board members can say."

"I am one who believes in conducting a clean campaign stressing my experiences of conscientious effort to make Madison a better school district and I have done this during my nine year tenure," Pine said.

"I have always been forceful in providing better education, better facilities and better services for our pupils. The present

Board of Education has long sought relief from various state and federal agencies for additional school aid. Present and future school expansion programs are of utmost importance not only to the taxpayers of Madison but to our most prized possessions - our children. Our boys and girls deserve the very best we can afford and I have devoted long hours over the years to see that the best in education is in the curriculum of present and future programs," Pine continued.

"We, here in Madison, not only preach quality education but practice it in the every day operation of our vast system of over 10,000 students. We are forging ahead of most districts and setting the pace for many others. We have embarked on our accelerated quality educational program by the adoption of the highest starting teacher salary schedule in Middlesex County. We also are providing for adequate text books, supplies, instructional equipment and materials. Our administration is attempting to maintain average class sizes between 25 and 30 pupils."

"Our primary interest in adopting the new salary guide was to attract outstanding and competent teachers who will not only contribute to the students but also to the community and the educational profession. Our school district is more and more designed for teachers with dynamic personalities who wish to grow and imbue our pupil population with the highest stan-

dards attainable so that our boys and girls of today will have within them the power and knowledge to assume leadership in the world of science, literature and commerce of tomorrow," Pine added.

"Our school system from kindergarten through the twelfth grade is one of innovation, change and challenge based upon creative teaching and sound teaching practices. It is this type of a school system which I am happy and proud to be part of and will always press for additional improvements to make Madison second to none," Pine continued.

Pine has always been helpful and cites the case last September when the school system's bus transportation system broke down. He quickly volunteered to aid in untangling the mess by manning the board transportation office for three successive nights where he received some 80 complaints which he referred to the administration for solution.

Pine rests his case for reelection to the board on his past record and experience of nine years of faithful service to the children of Madison Township.

Fire Report

At the monthly meeting of the Madison Park Volunteer Fire Co., Chief Danny Cofone reported 7 calls for the month of January. The 7 calls consisted of 1 store fire, 1 house fire, 2 car fires, 1 standby and 2 misc.

The fire company is in need of men, any man over 21 years of age that is interested contact

Seek Director

Sam Clark, Chairman of the Madison Township Sewerage Authority announced today that applications for the position of Authority Director are being accepted. Duties are office management, business dealings and supervision of labor. Clark stated that preference will be given to Madison Township residents.

Resumes should be sent to the Madison Township Sewerage Authority P. O. Box 72, Laurence Harbor, attention - Mr. Sam Clark, Chairman.

The opening came about when former Director Walter Zizik, tendered his resignation at a recent meeting of the authority. Zizik is reported to have found a better position managing a water and sewerage system.

In Vietnam

Private First Class Frank Ray, 19, son of Mr. and Mrs. Frank Ray, 39 Mabaline Road, Old Ridge, has arrived in Vietnam with his unit, the 9th Infantry Division.

Pvt. Ray is an assistant gunner in the "Old Reliable" Division which was last stationed at Ft. Riley, Kan.

The famed 9th Division earned its reputation as the "Old Reliable" in World War II by crushing the Axis forces in North Africa, Sicily, and Central Europe. The 9th boasted four Medal of Honor winners in World War II.

Pvt. Ray is assigned to Battery C, 2nd Battalion of the division's 4th Artillery.

Chief Cofone at 721-6897 or stop at the Firehouse any Friday night

Squad Report

Captain John DiGiovanni of the Laurence Harbor First Aid and Safety Squad issued his monthly report for the month of January.

According to the report the squad traveled a total of 1,539 miles, and responded to 22 transports, 17 emergency calls, 15 house calls, and 12 motor vehicle accidents.

Members of the squad donated 280 manhours in the performance of their duties.

Meeting Held

Cub Pack 67 held their monthly meeting at the Cheesequake Firehouse.

The opening ceremony was presented by Mrs. Phyllis Cosgrove's den followed by a skit "The Happy Snowman" directed by Mrs. Rochelle Quintzel and Mrs. Marilyn Sereda.

Roll Call Inspection was held

by Victor Lasher, Scoutmaster, Kenneth Manning, Cubmaster, Roger Hyman, Neighborhood Commissioner and Eli Fields, District Commissioner.

Kenneth Manning announced that the annual Blue and Gold dinner will be held at the But-tonwood Manor, Highway 34, Matawan on February 18 at 6 p.m.

Awards and presentations were made to the following: Wayne Ervin, Robert Shea, Joseph Shea, Calvin Gray, Jeffrey Penksa, William Cleary, Kevin Comerford, Ray Eagles, Wayne Condon, William Murray, John Wilson, Frank Daley and Mrs. Mildred Cressman.

Pancake Supper

The men of the Laurence Harbor Community Church will serve a pancake supper at the Church on Saturday, February 18 from 4 to 8 p.m. Pancakes, sausages, coffee and dessert will be served, and the public is invited to help the men make a success of this project.

The Committee in charge of the supper is headed by Andrew Galloway, assisted by William Moffet Junior, George Smith, William Moffet Senior, Percy Tucker, Even Shufelt, Edward Anderson, John Nesenkar, Jules Skubik and William Hornig.

And So It Goes

Well we see where quite a bit of fuss and commotion was made at the Madison Township Council meeting---over an alleged meeting which was supposed to be held in the Municipal Utilities Authority Office on January 18---discussed at the alleged meeting was the Madison Township School Budget---seems that neither Richard Dealy or Donald Tierney was invited to the alleged meeting---the question was over the presence of Joseph Pandozzi, Democratic Municipal Chairman and his role---Republican Councilman Donald Tierney termed the meeting "secret"---can't see where it was so secret when he mentions it at a council meeting---he and Dealy were upset because they weren't invited---Seems that Dickey and Donnie have very short memories---just a couple of years ago the then Business Manager Paul Hermann, issued a press release and then fired his Assistant Joseph Leo for "various reasons"---Leo was rehired following another "secret meeting" held in a Leone Park residence---none of the Democratic Councilmen were invited to attend---and the then chairman of the Republican Party no other than Donald Borst attended the meeting---this of course was in happier times---when the Republican Party controlled the Township Council by a 5 to 2 vote---and everybody was buddy-buddy including Dickey and Donnie and most important Borst---but times and things have changed and both Dickey and Donnie will have to seek election---maybe that's what all the hollering is about secret meetings---maybe we can refresh Mr. Tierney some more about "secret meetings"---what about the meetings with Freeholder Phillips---when you had a deal all set up for you to become Mayor---all you would have to do would be to fire quite a few of the people working at the municipal building---but then you really wanted to be mayor---you know something Donnie you almost made it---however---there must have been another secret meeting because Harry Messenger a Democrat became the Mayor---so Donnie and Dickey there are many more people than you realize that know all about secret meetings---Three Cheers for John Barbagelata on his stand with the State Highway Department---we agree with the Madison Township Manager that the State Highway Department should be investigated---there must be a more sinister reason behind the constant stalling and lack of any real progress on the dualization of Route 9---The department has called a public hearing on its plans to dualize the 4.7 mile length of the road as it passes in Our Town---the meeting is scheduled for 10:30 a.m., February 28 at the Madison Township High School---we wonder why they insist that the meeting be scheduled for 10:30 a.m.??---Is this a way to cut down on attendance at the meeting??---We feel that the State Highway Department has continually dodged the dualization---if the program wouldn't have gotten this far if it hadn't been for the efforts of Barbagelata---we remember back a few years ago when the State Highway Department held a similar meeting over the Route 18 expansion---the traffic circle was eliminated---people were promised that it wouldn't hurt any of the business in the area---it was going to be a dream highway---baloney---Madison Township has been fighting with the Highway Department ever since the installation of the highway---there have been drainage problems---school crossing problems---fencing problems

(Continued on page 3)

Take Five

"But you shall receive power..." Acts 1:8.

Sometime ago, while speaking of the encounter of the Christian Church with Communism, Bishop Hans Lilje of Germany called attention to the essential ingredients of the Church for effectiveness in any age. He said, "Love, simplicity of faith and conviction, readiness to sacrifice, including one's own life--these were the categories with which the primitive church overcame the world."

You will notice that Bishop Lilje didn't mention money or great numbers, or popularity, or lovely buildings. However good these things may be, they are not the essentials. In the season of Lent we need to consider what the essentials really are. When you come right down to it, what really gives the Church power for good, what enables it to bring justice where there has been evil and prejudice, what in short causes it to transform society, is transformed individuals. This must be the aim of the Church. This has to be our goal as Christians. In order for the world to be overcome it takes a good deal of doing. Neither communism, nor crime, nor juvenile delinquency, nor poverty, nor any of the other ills that plague our age will be conquered without a lot of struggle. It will take people who have power. Those with love, conviction, and a readiness to sacrifice even their life have that power. Anything less will simply not do the job.

Prayer: Lord, help us to face up to the fact that if we are to overcome the world we will have to change a lot in ourselves. Give us the power to make that change. Amen.

Under-The-Fence

BOARD OF EDUCATION: We sure are getting plenty of use out of the "science lab on wheels" purchased by the Board of Education. The blue bus has been parked in the rear of the high school for sometime. We know for a fact that it hadn't moved from one spot for three days. We chalked the tires on the front and rear of the bus. Either the bus wasn't moved or the driver should be working for Greyhound because he parked it in the exact spot for three days. We wonder if they have a regular driver for the bus? The snow removal job at the various schools was from hunger. Wonder

why they didn't take an extra snow day and clean up the school grounds properly?

ROAD DEPARTMENT: Tater Bastedo worked hard and long at the tremendous job of snow removal in the Township. Residents of the Township could really help if they parked their cars in the driveways whenever possible. This would allow snow removal equipment to get up against the curb line and really clean the streets. Some of the fire hydrants should be uncovered, the snow all but covers them up - valuable time would be lost at a fire if the firemen couldn't locate the nearest hydrant because the snow was covering it up - it only takes a few minutes to remove the snow from around a hydrant. Despite some handicaps "Tatter" did a terrific job and should be congratulated.

POLICE DEPARTMENT: The latest rumor is that two police officers will be promoted in the very near future as soon as the ordinance is changed which would permit additional promotions - right now - the Table of Organization is completely filled. There may be an opening in the department. Understand that one police officer is seriously thinking of leaving the police department to take a job with the State Department over in Asia - the salary would be just about double.

LETTERS: Recently we received quite a few interesting letters in the mail unfortunately we can't use them or even print them because they were unsigned. A resident of Laurence Harbor is not a signature - Fed Up Wife is not exactly a legal document and the letter signed Just Plain Disgusted With Politics may make a best seller but we can't print the letters. If you would care to sign them we would gladly print them - names would be withheld at your request but we must have some way to verify the letter and after some of the

statements made in the letters we wouldn't really want to get caught holding the bag - even if it was an old bag. So please sign the letter.

RUMORED - AROUND - TOWN: Understand that a group has been formed at the "Big O" 18 Throckmorton Lane, they call themselves the "Alley Cats." Evening performances Fridays and Saturday nights - no increase in prices. One rumor claims that "Uncle Sidney" is going to buy the girls "Alley Cat Shirts" whatever they are. Come early because there are a limited number of seats - no seats are reserved - first come - first sit - after that the SRO sign goes up.

FEUDING AND FUSSING: Understand that George Bush, president of Pine Haven East Republican Club will announce his intentions to become a candidate at the group's affair to be held on February 18. Bush had earlier made an effort to grab off the chairmanship of the Republican Party. Quite a few of the G.O.P. County Committeemen and women are openly grumbling about the lack of interest shown by the present chairman Frank Gordon. Overheard one anti-Borst Committeeman the other day stating "at least when Borst was around there was some action." Could it be that Borst will make a come-back very soon? Or was it that he just stepped out of the picture to give the boys a taste of running a party without MONEY??

---one problem after another. Is this the idea behind the early morning meeting?? What are they trying to hide? Are they afraid that resident of Our Town will attend the meeting and voice disapproval?---Millions of dollars can be spent on various roads in the state---we do not understand this cheap, niggardly handling of the dualization program on Route 9 by State Highway Department officials---unless there is another motive behind the State Highway Department---the section of the road has been laying dormant for many years---the roadway is practically straight---we are not engineers but it would seem that this would be the simplest section to dualize---no houses or businesses to be re-located---no cutting of high hills---no filling of swamps---no shoring---no quicksand---there seems to be an ideal situation for building a road---yet why the delay? Why? Why? Isn't the job big enough? Can't enough money be spent? Aren't you interested in preventing highway deaths, highway accidents? The traffic accident on Route 9 speaks for itself---the futile attempts of the State Highway Department speaks for itself---We urge the residents of Madison Township to support the efforts of the Township Manager John Barbagelata and his stand against the State Highway Department---send telegrams and letters to Governor Hughes, to your assemblymen to your State Senator---urging support for the Township Manager and his stand.

Returns To States

Robert McCauley, son of Mr. and Mrs. John McCauley of Laurence Harbor, returned from a three year stay in Japan with the U.S. Navy, to visit his parents.

Young McCauley was stationed at the Atsuki Naval Air Station in Japan. He also served in the famed Midway Island area of the

Pacific Ocean and also in the Aleutians of Alaska.

While in the Midway Island he toured the bloody battlefield of World War II when the U. S. Forces heroically fought, died and finally won the battle against Emperor Hirohito's hordes.

Robert has made up his mind to be a carrier man in the navy and is now stationed at the Miramar Naval Base in California.

Hits At Board Member

Melvin M. Roessler today accused Mrs. Carol Kosobucki of being so obsessed with being elected to a fourth term that she is deliberately attempting to discredit him with untrue allegations.

"In a release last week my opponent stated I was a dedicated enemy of education because I felt that last year's budget was excessive. She further stated that as a result of my stand, the budget cut by the Township Council resulted in a curtailment of educational programs, a cut in school services, and a crippling of grounds improvement."

Now let's examine the facts. At present, according to the Board's audit report, there exists a surplus of \$225,328.73. Also, the Board has on hand \$242,252. of unspent sales tax money. This totals \$467,580.73 of money that could be spent by the Board to enrich our educational program today. "My question to Mrs. Kosobucki would be, Why, when you have nearly a half million dollars in ready cash, did you curtail educational programs, and why did you cut school services? I charge that these services and programs were not curtailed and that Mrs. Kosobucki is deliberately attempting to mislead the parents in her quest for re-election. The Board of Education agrees that they have not curtailed any programs except for site improvements.

However, if the Board of Education had a member who was skilled in school finance, as I am, the obvious solution would have been to call a special meeting of the school district to seek approval for the expenditure of idle sales tax dollars and surplus funds to make the necessary improvements. Because the Board is not versed in the many facets of school finance, the improvement work at Madison Park, Cheesequake, and other schools has been delayed at least a year.

Mrs. Kosobucki wonders why I repeatedly refuse to comment on this year's school budget. It should be obvious to her, as well as to all of the disappointed residents who attended the Public Hearing on the proposed budget, that no one, not even the greatest financier in the world, could decipher the mumbo-jumbo that was presented to the public at that hearing.

I charge the Board with deliberately attempting to conceal the make-up of the budget because they do not want it questioned. They have succeeded in this approach because no one has sufficient information to properly evaluate it. I, as an intelligent man well-versed in school finance, would not comment on a budget on which I have not been given the facts."

Park Teen Dance

The Madison Park Volunteer Fire Company will have a teen dance on Friday, February 10, at 8 p.m. Music by Castells, tickets \$1.

Refreshments will be sold.

Completes Training

Private Lester A. Kohler, 19, whose guardians, Mr. and Mrs. Douglas Bennet, live in Old Bridge, completed a 10-week pay specialist course at the Army Finance School, Ft. Benjamin Harrison, Ind.

He was trained in the payment of civilian and military personnel, handling of travel allowances, and accounting. Instruction was also given in business law and pay regulations.

Installation Held

Installation of the newly elected officers of the Board of Trustees of The Free Public Library of Madison Township in Laurence Harbor took place Wednesday evening at Clare & Coby's Restaurant. The Library is sponsored by The Woman's Club of Laurence Harbor, and Mrs. Joseph Deerin, Club President was the installing officer.

The newly elected officers of the Library Board of Trustees are Mrs. David Watson, President; Mrs. James Vineyard, vice president; Mrs. Harry Novotny, secretary; Mrs. William Weeks, treasurer.

DIRECTOR

The Madison Township Sewerage Authority will receive applications for the position of Authority director. Duties are office management, business dealings, and supervision of labor. Preference given to Madison Township Sewerage Authority, Laurence Harbor, N.J., Attn., S. Clark.

Named Chairman For Scout Dinner

Ernest A. Johnson, Vice-President, E. R. Squibb Company, has accepted the appointment as Chairman of this year's Eagle Scout recognition dinner for the Middlesex Boy Scout Council.

The dinner, which will be held on Wednesday, March 1 at the National Headquarters of the Boy Scouts of America, will provide an opportunity for industrial, business and civic leaders to play host to the 75 young men of the area who have achieved the Eagle Scout rank during the past two years. Each Eagle Scout will be hosted by one of the community's leaders and the program will include a visit by the Eagle Scout to the offices of his host, a tour of the Johnston Historical Museum and a dinner keynoted by a leading national industrial leader.

Mr. Johnson currently serves as Chairman of the Northern District Eagle Scout Board of Citizenship, which reviews all applicant from the Northern area of the council for the Eagle Scout rank. He is also a merit badge counselor for chemistry and business merit badges. His son is a Cub Scout in Pack 71 at the Manlo Park School in Edison, where his wife serves as a Den Mother. Mr. Johnson is also active in community affairs, currently serving as President of the Middlesex General Hospital board of trustees, and a member of the Raritan Valley Chamber of Commerce executive board.

In commenting about the importance of the forthcoming dinner, Mr. Johnson said: "Nothing is more important to a community than the development of its youth. It is a privilege of industry to recognize these outstanding young men of the community who have exhibited superior development."
