Detroit's 100 Hours Of Rioting-National Shame

Detroit's 100 hours of rioting, looting and arson are a national shame --- President John addressing the nation on T.V. announced "Let there be no mistake about it --- the looting, arson, plunder and pillage which have occurred are not part of a civil rights protest. There is no right to loot stores, to burn buildings, to fire rifles from rooftops --- That is crime --- and crime must be dealt with forcefully, swiftly, certainly --- under the law. . . fear and bitterness have been loosed which will take long months to erase. --- Johnson proclaimed Sunday as a National Day of Prayer for reconciliation in his proclamation Johnson stated "I call on every governor, every mayor, every family in the land to join in this observance --- call on all our citizens to go into their churches on this Sunday and pray for peace in the land we love.

We deplore the few who rely upon words and works of terror.

We mourn the many who have suffered from violence in the cities.

We dedicate ourselves once more to the rule of law. in whose absence anarchy is loosed and tragedy is born. We pray to Almight God, the author of our liberty, for hearts, free from hate, so that our national can be free

sight --- knock out the control stations --- the main riot of equal rights --- of understanding?

will take place in California it is believed --- during the first ten or fifteen minutes of the uprising the mob will try to kill as many police as possible --- hit at main communication centers of the police department --- knock out local power stations --- the National Guard as it has already been pointed out is not equipped or trained to handle the snipers on the rooftops --- calling up Federal troops would mean several hours of open-warfare would take place --- look at Detroit for an example --- the largest death toll in recent history following the Civil War --over 1,700 stores burned and looted --- hundreds of persons homeless --- homes destroyed by fire --- lowest estimates of damage place it at 500,000 Million dollars --- food supplies are scarce bread is being sold for as much as 60 cents a loaf while scotch is being sold for 25 cents a fifth by looters --- a color T.V. set can be purchased for as little as \$25---what has the real damage amounted to--no one can answer---insurance rates nationally will be on the increase -- the damage in Detroit may never be rebuilt --- the situation in the nationa is not settled --riots have broken out in other communities --- there seems to be a definite pattern in the rioting -- there appears to be a small hard core of persons who possibly have already had some sort of military training, openly or secretlyno one really knows where it started --- there are no negro We pray for strength to build together so that disorder leaders that can halt the carnage --- there are many negro may cease progress steadily continue and justice prosper. leaders that can incite the riots, arson and pillage -- but This is all well and good but the recent riots point out none can stop it --- several years ago this newspaper was some facts which may be hard for a few to digest --- some critized for predicting the present situation --- we wish we police officers believe that all out war against law enforce- could have been wrong---we wonder what ever happened ment has already begun---there is proof that certain negro to the dream of Martin Luther King---he made a beautiful elements will engage in outright warfare --- there is proof speech in Washington D.C. a few short years ago --- but that orders have been issued to kill every policeman on what ever happened to the dream --- of love --- of peace ---

Board Policy

Despite the efforts of Board 1 of Education member Richard Pine, who seems to be the only board member to care, the local school board refused to pay a small tuition fee amounting to \$15. for each of 27 students who are forced to take a summer course at Sayerville H. S. Parents who attended the meeting of the board protested strongly and one parent said that the board might be discriminating against the youngsters, all whom attend St. Mary's H.S., South

from bitterness.

The students must attend a laboratory science course at Sayerville because a fire destroyed St. Mary's High last year. The board paid the small fee for the same purpose last year. Board attorney Alfred J. Hill ruled that the board could legally pay the bill as they did last year.

The board defeated the request 5-2 with Pine and Mrs. Henry * obucki voting for it. Those who , sted against it were Joseph Capeli, Donald Bates Edward Gardner, Lindley Huggins and Mrs. Francis White, vicepresident, who chaired the meeting because of the absence of Board President William Rice. William Kerr was also absent.

Pine made a last minute effort to change the decision in favor of the youths of St. Mary's by moving to rescind the earlier defeat. This time, his ally, Mrs. Kosobucki, who voted for paying the fee the first time, left Pine alone and would not support his action to rescind the earlier defeat. Because Mrs. Kosobucki would not second Pine's motion it died. Mrs. Kosobucki, the second time around, sided with the majority in depriving the boys and girls of St. Mary's their rights as residents of our town.

Richard Tobin, a resident of

Sayre Woods South, asked Mr. Brust, superintendent of schools, how much it cost to educate a student. Mr. Brust said that the cost was about \$650, each.

If the 27 children had been attending Madison Township H.S. it would cost the school system over \$17,500 . By the 27 children attending St. Mary's, the local tax load is \$17,500 less.

"We are sure saving the Board of Education a lot of money, aren't we?" said Tobin.

Robert Lupo, also of Sayre Woods South, one of the many protesting parents, said that he would contact Rep. Thomas Howard, D-3rd District to look into the tuition fee ban and ask federal officials to check on the board's action, since board attorney Hill ruled it legal to pay the \$405. laboratory fee. Lupo also urged all parents of Catholic school students, and there are thousands of them in Madison, to write to Washington, D. C.

Gleason of 4 Diana Court, South Amboy, was promoted to his present rank at the Marine Corps Air Station in Chu Lai, Vietnam while serving with Marine Attack Squadron Two Hundred and Eleven, a unit of the First Marine Aircraft Wing.

Both operations lasted a total of eight days, and throughout the action, his ship continued to supply the Marines ashore with whatever they needed. The supplies, which included hot meals, munitions, medicine and other requirements, were ferried by helicopters and small craft.

Marine helicopters were kept busy evacuating wounded groundforce Marines, as well as delivering supplies.

With Coast **Guard Academy**

Under The Fence

FEUDING AND FUSSING: Well the feud continues in the ranks of the GOP it's quite possible that the local GOP will practically hand the November election over to the Democrats. Some of the Borst troops feel that this would be the best way of getting rid of "Dickie" and "Donnie" is to drop them in the November election, Many of the GOP feel that the big election year is in 1969 when control of the township Council is up for grabs. Democrats are reported to be mending fences all over town.

POLICE DEPARTMENT: Madison Township police were well represented at the recent 'disturbances' in New Brunswick. The police from Madison were well armed and equipped. Their presence along with the presence of other police units from other communities helped keep the disturbances in New Brunswick down. Police Chief Charles Boice has been gathering riot control equipment for the past several years in the event that it was needed---once again his patient planning paid off the equipment was there when needed---P.S. Boice has since attained additional equipment.

BOARD OF EDUCATION: Ho-Ho. Well we see reports that bulldozers are busy working on the site of the new high school. The Board of Education propaganda machinery is already out to work for another new school building fad---We'd still like to know where they are going to tie the sanitary sewer line and how much off the construction of the school was made. We see they are going to build tennis courts over at the Madison Park School site what they really need is additional class rooms. Earl Rapp, Transportation co-ordinator is really having ulcers trying to make arrangements for bus transportation, understand that Madison will be paying transportation for students to attend schools in Scotch Plains.

Jamesburg, Keyport and several other areas where transprtation was never supplied.

ROAD DEPARTMENT: Township Road Department Superintendent "Tatter" Bastedo is having problems with various washouts. With the recent heavy rains some of the roads in the township were undermined the road department is handling the situation on a first come first served basis. The road department is still trying to get some of the roads surfaced but heavy rains have been delaying the operation. Quite a bit of improvement has been made on some of the roads in the township --- back a few years ago some of the roads presently being used were practically impassable because of washouts, ruts and crater sized holes --- we are still a long way from being in first class condition with the roads but improvement is being made.

GET WELL SOON: Madison Township Clerk Mary M. Brown is home sick with some sort of virus. We certainly wish you a speedy recovery Mrs. Brown and hope that you soon will be behind your desk at the Townhall. Mary must really be sick, cause we've seen her at work, even when she should have been home in bed. She's been at work when the snow was four and five feet deep and she's had a sore throat so bad that she could hardly talk. Everybody misses her at the Townhall. Get well soon.

Mr. Shubert told of some of the hospitals and other children's groups which he had visited in Hawaii and other parts of the country, and told some stories.
