OFFICIAL NOTICE IS GIVEN BY MATAWAN TO END CONTRACT

A notice from Matawan borough announcing that it would terminate the supply of water to Cliffwood and Genoa sections of Matawan Township was read at the regular township committee session. The notice is effective 6 months from the date of adoption which was April 13.

The borough has been supplying water to a section of the township and stated it does not have enough water to supply both the township and borough residents. The water contract will expire in October.

Mayor Marz commented that no action will be taken pending a conference with the borough mayor and water committee, but he indicated that if the conference date had not been set the matter would have been referred to the Public Utility Commission.

The committee granted the use of township land between Archie and Maxwell streets for a carnival June 13 through 19.

A complaint of garbage dumping and a closed drainage ditch causing water to back up over property owned by Mrs. Anna E. Ferry of Lloyd Road was heard.

Mayor Marz instructed health authorities to investigate the garbage dumping which has long been a nuisance in the area and told the police department to cooperate in punishing violators to the full extent of the law.

EXPLORER SCOUTS REPORT SUCCESS OF CANOE TRIP

Henry Hagerman and Howell George, Advisor of Post 67, Red Bank, reported the completion of a very successful Explorer Canoe trip. A Pilot Model for many to come in Monmouth County's Explorer Posts, had as its setting the South Branch of the Raritan River between Hamden and Neshanic Station. This portion of the river was chosen because of its fast water and the wonderful trout fishing which it features.

The trip was about twenty five miles long with the main portion of the travel accomplished on Saturday. Although few of the Explorers on the trip were expert canoeists, a day on the river soon improved their abilities and they learned to take the tricks and turns of the river in their stride.

JCP&L WINS NATIONAL AWARD

Jersey Central Power & Light Company was recently declared a national winner of the Laura McCall Award for outstanding home service work in the Edison Electric Institute Prize Awards Contest for 1953. The local electric company won the award for its activities in various store demonstrations in conjunction with its co-operating appliance dealers in the territory served, home service calls, cake-bakes, work with churches, schools, clubs and other interested groups. Above, left to right, Harry Restofski, chairman of the EEI Prize Award committee and vice president of the West Penn Power Company, presented the award at a luncheon meeting in Chicago recently to Miss Ethel Lord, home service director of JCP&L (holding the plaque) as Mrs. Elizabeth Herbert, household equipment editor of McCall's Magazine, looked on.

YOUR GARDEN THIS WEEK

Sowing seeds is a rather commonplace practice, yet people go wrong, in spite of directions that are given in various ways, even on packets of seeds. We still hear of the dear lady, sowing seeds for the first time, who opened up a furrow 6 inches deep, spread the seeds and covered them. She waited.

None but the hardiest seeds should be sown now, the ones that germinate at low temperatures. In vegetables, these include cabbage, cauliflower, beet, turnip, onion, lettuce, pea, endive, radish, spinach, parsnip, and salsify.

A few of the hardy flowering plants are alyssum, calliopsis, candytuft, Centaurea cyanus, eschscholtzia (California poppy), gailardia, larkspur (annual), marigold, poppy, pink, snapdragon and sweet pea (though it is much too late to sow sweet peas for best results).

Some annuals in this list are difficult to transplant, such as poppy and California poppy, annual larkspur and Centaurea. It is well to sow these where they are to stand, either by broadcasting or spot sowing. In broadcasting, sow sparsely and thin out seedlings. In spot sowing, a few seeds are taken between the thumb and forefinger and put into the ground where you want the plants to stand later, thinning to one when the seedlings are of sufficient size.

For most flowering plants I like to rake the soil as fine as possible in a small nursery area and sow in rows. Most seeds should be covered about 3 times their diameter. A good method is to make the furrows a little deeper, place the seeds, spread out, in the furrow, and then cover with sand instead of soil. This marks the rows so you can cultivate be-

tween them to keep down weeds. Most early vegetables, except cabbage or cauliflower, are sown in rows where they are to mature. Sow the seeds thin. Beet seed sown 2 inches apart means less time spent in thinning later.

FASHION SHOW IS PLANNED FRIDAY BY ST. JOSEPH'S PTA

The proceeds will go to the PTA and to the building fund.

HELPING DPS TO CITIZENSHIP

Rutgers University and the New Jersey Welfare Council have joined forces and resources to help some 23,000 displaced persons who have settled in New Jersey since 1948 become adjusted to the American way of life. They are conducting the N.J. Resettlement Project under a \$10,000 grant from the East European Fund. Mrs. Pauline V. Hamilton of (137 Clarewell avenue) Upper Montclair, director of the Project, discusses vocational readjustment with Anthony W. Markhauser, a displaced Pole now living in Newark. Like many others he finds language and custom barriers difficult to overcome despite a mechanical engineering degree from the University of Brussels.

SALARY ORDINANCE ADOPTED BY AREA TOWNSHIP BODY

Following a public hearing, a new salary ordinance was adopted by the Matawan Township Committee at its regular meeting in Township Hall, Cliffwood. The new scale provides the first raises from the time the last salary ordinance was adopted in 1952.

Township employees who will receive the benefits of the hike included: Tax collector raised from \$2,800 to \$3,000; township clerk \$1,900 to \$2,100; assessor \$1,600 to \$1,770; treasurer \$800 to \$1,000; director of welfare \$600 to \$700; road foreman \$3,500 to \$4,000; garbage truck employees \$2,750 to \$3,050; water meter reader \$450 to \$550; magistrate \$1,000 to \$1,100.

The following salaries remained unchanged: Clerk of water rent collector \$550; real estate manager and rent collector \$400; and township physician \$200.

A lone objection to the ordinance was voiced by Myndert Bonema, a local real estate man. He stated he felt the salaries did not "provide a living wage" and advocated higher salaries.

Mayor John Marz Jr. declared the committee had studied other salary scales in neighboring municipalities and these were equitable with the other pay scales.

Bonema claimed that the tax assessor did not get enough money to cover the town effectively and could not do an efficient job on his salary. Marz said the point was debatable and suggested he and Bonema discuss the point publicly. No date for the debate was set.

Bonema also brought to committee attention a dangerous turn on Woodmere Drive in the Cliff-

wood Beach section of the township. He declared there had been three accidents at the corner recently which have all occurred at night, he said.

SUIT SETTLED BY JANITOR AT SCHOOL RIPPED BY BLAST

A suit by William Sickles, former janitor at the Morganville school who was injured in an explosion there in 1950 has been settled for \$1750.

The suit against Otto Dietrich, Matawan contractor, was settled after the second day of trial at Freehold.

Mr. Sickles said he was injured Aug. 1, 1950. He entered the basement of the school on that date and switched on a light when the explosion occurred, he contended.

Thru his attorney, William T. Wichmann, of Wise and Wise, Mr. Sickles contended that the blast occurred as a result of the striking of a gas line by the defendant, who was doing excavation work in front of the school. The gas escaped thru the ground and into the basement, it was testified.

Dale B. Otto, president of New Jersey Natural Gas Company, testified as an expert witness. He felt that the gas had seeped thru the basement wall and enough had accumulated to cause the explosion.

The school was recessed for the summer when the blast occurred and no one else was injured.

Mr. Dietrich was represented by Albert M. Neiss, East Orange.

FINE WOMAN \$250 ON CHARGE OF SIMPLE ASSAULT

Mrs. Gertrude Cummings, 27 East Front street, Keyport, was fined \$250 by Magistrate Seymour R. Kleinberg in Keyport municipal court after her husband Charles, charged her with beating her 4½ year old child.

The charge was reduced from assault and cruelty to a child to simple assault to give the local court jurisdiction. The complainant, Mr. Cummings, was fined \$50 and given a suspended 60-day jail term on a charge of assault and battery on his wife in a previous case.

Frank Hodanick, Laurence Harbor, was fined \$50 under the Disorderly Persons Act. He was accused of rifling three cars at Cottrell's Restaurant parking lot, Amboy Road, on April 10. Police said he took some fishing equipment and the owner caught him with it later in Cliffwood.

Fined on motor vehicle violation charges were Willie Jones, Metuchen, passing a red light, \$30; Joseph Galopo, 1003 Florence avenue, Union Beach, speeding \$14; John Graham, 1229 Cliffwood Drive, Cliffwood, and Frederick Lee, Atlantic Highlands, \$10 each for careless driving.

WOMAN HAS NARROW ESCAPE FROM FALL OFF TRAIN HERE

Mrs. Oliver Polhemus, Seaside Park, had a narrow escape from serious injury Thursday when she fell on the steps of a moving train at the Matawan station.

Two men, one a passenger and the other who noticed her plight, held the woman and prevented her from falling while the train was brought to a stop.

Mrs. Polhemus, who had been stricken ill on the coach platform, was taken to the office of Dr. A. A. Captanian and treated by Dr. Raymond Brady there. She then was taken home.

Stuart Ganz, 103 Osborn street, Keyport, said he was the last to board the coach at Matawan and investigated when he heard Mrs. Polhemus scream. He found her lying on the coach steps with her feet dangling. He held her shoulders while Frank White, American Railway Express baggage master, ran to her aid from the baggage station.

Mr. Ganz and Mr. White were able to hold her and kept her from falling under the wheels of the train. Mr. White ran along with

the train, which was just starting until it was brought to a stop. Courage is generosity of the highest order, for the brave are prodigal of the most precious things.—C. C. Colton.

Mrs. Polhemus, the witnesses said, apparently was attempting to get off the train when she was stricken ill and collapsed on the coach steps. Engraved wedding invitations, this office.

MATAWAN NINE STILL UNBEATEN; DOWNS HOFFMAN

Matawan high school remained among the unbeaten in the Shore Conference baseball race by downing Hoffman high school 8-2.

Matawan lost little time asserting its superiority over the Hoffman nine, which has yet to win a conference game. In the third inning, the Huskies pushed over two runs, then piled up five more in the fourth to put the game out of reach, while Votta and Dillon, Matawan hurlers, were spacing five Hoffman hits effectively enough to keep the Governors from scoring until the sixth when they got their two. The Huskies came up with another run in the seventh.

The loss pulled Hoffman a little lower on the bottom rung of the Class B conference ladder, while the win made Matawan look more like a natural to repeat its feat of last year when it took the Class B diadem, then went on to beat Manasquan, winners of the Class A title.

OLD BRIDGE WIN TO WARDELL IN FEATURE RACE

Peanuts Wardell, the Lakewood speedster won his second feature race at Old Bridge stadium Sunday before another large turnout.

For the first six laps, Pete Frazee of Rahway, Dick Barney of Lakewood and Walt Peters of Hopelawn battled for the lead with the race being stopped in the sixth lap when Joe Karanowski of South River turned his car over.

On the flying re-start, Wardell shot into the lead and held on until the 15th when the race was halted again as Jack Lineberger of Spotswood crashed his car into the fence and Otha Johnson of Pennsylvania crashed into the wrecked vehicle.

On the second re-start Wardell again took over and this time he went on to never lose the lead, taking over in commanding fashion after the 20th lap. Peters, Frazee and Mike Furry of Waterbury, Conn., trailed the winner.

CRUCIAL WEEK ON DIAMOND

Last week's heavy scholastic sports program at the Shore left only one unbeaten baseball nine, Matawan, as Manasquan, Keyport and Red Bank Catholic all bit the dust for the first time.

Even Matawan, which is unbeaten, only owns a half-game lead over its nearest challenger in the Class B ranks of the Shore Conference, Rumson, which is doing surprisingly well.

The standout diamond attraction this week is at Matawan on Friday, where the Huskies entertain the Rumson Bulldogs. A victory for the Huskies would virtually assure the Huskies of retention of their Class B Shore Conference

KEYPORT BACK ON WINNING SIDE TOPS HIGHLANDS, 9-3

Keyport bounced back on the winning trail as it defeated Atlantic Highlands, 9-3. The Raiders jumped on hurler Bob Schnabel for a run in the first frame, and erupted for five in the second, and three in the third.

The Raider's hits were evenly bunched as only Bob Brown, centerfielder, was able to collect two. Bob Skislak, the Raiders' top chucker, went the whole way for Coach Bob Zampello's team and allowed only five hits while striking out 12 and issuing three bases on balls.

Atlantic Highlands again heard from the big bat of Bill Heard as he smashed a home run in the fifth

inning to right-center field.
