STRAWBERRY BLOND—This cutie, three-year-old Mercedes Christ, demonstrates the almost universal attachment of small fry—and big fry too—to strawberries. Mercedes is luckier than most kids. Her Godfather, Ernest G. Christ, heads up the strawberry breeding program at the Rutgers University Agricultural Experiment Station and keeps her well supplied with lush berries. Three of the strawberry selections developed at Rutgers since the breeding program began in 1829 accounted for roughly 75 percent of last year's whopping \$2,024,000 New Jersey crop.

DIRT REMOVAL PLAN OFFERED BY DEMOCRATS HERE

The Laurence Harbor Democratic Club heard Joseph Scanlon, township committeeman candidate, talk on the community's possible use on its shore roads of excavated dirt from the proposed guided missile base site in Madison Township.

Since much of the construction will be underground, Scanlon pointed out, any dirt dug up could be used to replace those roads in Laurence Harbor and Cliffwood Beach washed away during the 1950 storm here. He cited the erosion of roads at Shoreland Circle, forcing that thoroughfare to be restricted to one-way traffic.

To prevent the dirt being dumped or sold somewhere else, Scanlon stated he has circulated a petition which will be presented to Mayor Walter Jurman and the committee for this purpose.

The special prize at the meeting was given to Cornelius Wall.

ACCEPTS \$1350 FOR WORK INJURIES

On May 24th, 1954, Judge Harry S. Medinets, Deputy Director, sitting at Workmen's Compensation Court, at Red Bank, awarded to Mitchell Hamilton, of Cliffwood, compensation totaling \$1350.00 and payment of medical expenses and legal fees, for an injury to his back, which he suffered on November 6th, 1953, at Perth Amboy, while in the employ of the Keyport Lumber and Supply Company.

WHITED-BROWN SCHOOL P.T.A. ELECTS OFFICERS

Harold Meyers was installed as president of the Whited Brown school Parent-Teachers Association at a recent meeting held in the Cheesequake school building.

Others installed were Mrs. Alexander Mokowka, vice president; Robert Hogan, secretary, and Mrs. Otho Schnuck, treasurer. Lex Copeland, superintendent of Madison Township schools, acted as installing officer.

Plans for the graduation dinner slated for June 8 and the outing for school children to Metedeconk scheduled for June 22 were discussed.

It was announced the pre-primary grade will hold its graduation exercises in conjunction with the eighth grade commencement ceremonies, June 10 in the school.

Mrs. Susan Trent, Mrs. Alvin Walling and Mrs. Schnuck acted as hostesses following the business session.

JURY GRANTS KUHN \$53,000 FOR FARM

A jury Monday decided that the Kuhn's Matawan Township peach farm taken over for the Garden State Parkway was worth \$53,000.

The award is just \$20,000 more than the New Jersey Highway Authority offered and \$1,000 less than the condemnation commission decision which the authority had appealed.

The farm belongs to William and Joan Kuhns. The parkway took 23 of the 28 acres including the bulk of a 2,000 tree peach orchard. The Kuhns contended the property was worth \$120,000.

YOUR GARDEN THIS WEEK

Chrysanthemums supply us with a wealth of bloom in late summer and early autumn. Like most plants of value, they require attention over a long period of time, and will repay in results for any efforts expended on them.

Our recommendation, of course, is to set out new plants each year. These can be purchased, or propagated from your own stock. We advise the use of top cuttings which should root readily in 4 to 6 weeks in sand or vermiculite if you treat the cuttings with a root-producing substance or hormone.

Propagating as late as this, these young plants should be set about 1 foot apart. At time of setting, pinch out the tip of the new plant to encourage low branching. If the side branches become 2 or 3 inches long before July 1, they may be pinched again.

Pinching later than that date may result in no bloom in the northern part of the state. In the southern part of the state, pinching may be done up to July 15.

This message is particularly for those who allow their chrysanthemums to grow undisturbed. In a year or two, the stems come up close together and we have maybe 15 or 20 plants growing where there should be only one. This results in a large crown of roots, slightly elevated so that water runs off instead of seeping down.

Left this way, too, the soil is exhausted of nutrients. In such a condition, the lower leaves turn brown. Other things may bring about this condition of brown leaves, but the shading of the

lower stem and lack of water and nutrients are contributing factors.

The least that can be done is to pull out half or more of the shoots that are growing. The best thing to do is to dig the clumps, add organic matter and some fertilizer to the soil.

Then either take from the old crown the newly rooted shoots and plant them a foot or so apart, or divide the old crown so that two or three new shoots will be in the division. Plant these and either throw the rest away or give them to your neighbor.

TEST YOURSELF FOR SAFE DRIVING

Test 1

Which one of the choices given below best completes the statement? Underline your choice. Correct answers are given under the test.

1. Speeding is one of the principal causes of accidents. Unless posted signs indicate otherwise or prevailing conditions call for slower speeds, the speed limit in school zones, business districts and residence districts is: (A) 20 miles per hour; (B) 25 miles per hour; (C) 35 miles per hour.

2. The maximum speed limit allowed on the open highway is fixed by law. In addition to lower speed limits in other areas, the law requires that speed shall be at all times: (A) reasonable and prudent; (B) not over 5 m.p.h. above the legal limit; (C) 5 m.p.h. below the legal limit.

3. Driving faster than posted signs specify or prevailing conditions permit, or faster than the "basic" speed limit where there are no signs is unlawful. The basic speed in the open country is: (A) 55 miles per hour; (B) 50 miles per hour; (C) 45 miles per hour.

4. A driver must have his vehicle under control at all times if accidents are to be avoided. This depends mainly upon: (A) being able to stop in the sure clear distance ahead; (B) being able to "stop on a dime"; (C) having faster than average reaction time.

5. How quickly a driver can stop his vehicle depends mainly upon:

(A) visibility; (B) condition of road; (C) speed of vehicle.

6. While the average driver is moving his foot from the accelerator to the brake, a car going 50 m.p.h. will travel approximately: (A) 35 feet; (B) 55 feet; (C) 75 feet.

7. In driving around a curve a good practice is to: (A) enter a curve at steady speed and apply brakes if needed; (B) enter a curve slowly and increase speed as the driver gets the "feel" of the curve; (C) slow down when entering a curve only when pavement is slippery.

8. You are traveling at 45 m.p.h. and wish to pass another car traveling at 35 m.p.h. This requires about 10 seconds. The number of feet that your car will travel before you have passed and are back on the right side of the road again is: (A) 300 feet; (B) 450 feet; (C) 660 feet.

9. At 50 m.p.h. a reasonable safe distance at which to follow the car ahead is: (A) 3; (B) 4; (C) 5 car lengths.

10. Skidding on slippery pavements can be avoided by driving at slower speeds and using greater care in starting, stopping and turning. If a skid occurs, the best way to get out of it is: (A) steer in the direction of skid—do not apply brakes; (B) hold steering wheel firmly and step on accelerator; (C) apply brakes and steer in the direction of skid.

Answers

1. (B); 2. (A); 3. (B); 4. (A); 5. (C); 6. (B); 7. (C); 8. (C); 9. (B); 10. (A).

MATAWAN YOUTH HURT RETURNING FROM FREEHOLD

An 18-year-old Matawan High School student was injured Thursday in a two car accident on Route 9, just north of the Freehold traffic circle as he was returning home to Morganville after being fitted for a tuxedo for the school's junior prom.

Arthur Phelan of Tennent-Morganville road, Morganville, was admitted at Fitkin Memorial Hospital, Neptune, with a possible leg fracture and other injuries after his car and another side-swiped while both were rounding a rain-soaked curve, Howell state police reported.

The youth was pinned in the

car after it went off the shoulder of the road and crashed into a tree. Trooper Philip Boots and an unidentified volunteer extricated him from the wrecked vehicle.

Dominick Mucciarone, 53, of New York, driver of the other car, was uninjured.

SPEEDER FINED \$100 IN KEYPORT COURT HEARING

An Avenel man who led Keyport police on a 75-mile an hour chase April 20 was fined \$100 and court costs by Magistrate Seymour R. Kleinberg in Keyport municipal court. He was charged with driving while on the revoked list.

Edward Kubish, the car owner, abandoned the vehicle in a meadow in Laurence Harbor after the chase, then reported it stolen, police said. He later admitted he had driven the car during the chase that started at Main and West Front streets here.

LIST EXAMINATION SCHEDULE FOR STATE TROOPERS

Colonel Russell A. Snook, superintendent of the New Jersey State Police, has announced that the next examination for entrance into the State Police Academy at West Trenton has been scheduled for June 4 at 7:30 p.m.

In an effort to give all those interested a chance to take the test, it will be held at 11 locations throughout the State. One of these will be at Red Bank Senior High School.

AREA COMPANY REPORTS THEFT OF CHECK MACHINE

A check writing machine and a folio containing receipts and canceled checks were stolen from the Keyport Lumber and Supply Company offices at Cliffwood, Thursday night or Friday morning Matawan Township police reported.

Police said the office of the company had been ransacked and that the thief or thieves had entered by breaking thru a rear door in the building. The thefts were discovered at 7:30 a.m. Friday by an employee of the company when he arrived for work.

GARDEN STATE PARKWAY PROGRESS SEEN PLEASING

Marked progress toward the promised July 15 opening of the Garden State Parkway was seen by Parkway Authority member Katherine E. White following a tour of the super roadway.

"We are naturally anxious to be ready for the peak summer resort business. Only a long stretch of rain could interfere seriously with the present work schedule," she said.

Commissioner White added that otherwise there seemed to be nothing to deter the opening of the super-highway "by July 15 or Aug. 1."

"Some construction phases are

well ahead of schedule," she said. "The big parkway bridge over the Raritan River alongside the Edison Bridge is well in advance of plans. Elsewhere, of course, there have been some minor slowdowns because of clay and other soil conditions. There conditions were noticeable in Monmouth, Ocean and in the Atlantic City area."

Authority officials will attend a luncheon meeting Thursday at the Shadowbrook in Shrewsbury to discuss the parkway's progress. County officials of Monmouth and Middlesex counties also will attend. The luncheons will be followed by a tour of the parkway route over the two counties.

TIME FOR TRAFFIC CONTROL!

FOUR HURT IN CAR-TRUCK ACCIDENT ON RT. 34

Four persons were injured in an automobile accident on Route 34, Matawan township near the White Gate Inn, state police reported Saturday night.

Admitted to Monmouth Memorial Hospital, Long Branch, where they were reported in good condition are Mrs. Rose Shamlian, Fairview, cuts over left eye and possible fractures; her husband, Aaron Shamlian, cuts over eyes, on nose, wrist and leg and possible fractures, and her son, Robert, 14, left eye and possible internal injuries.

The Shamlian's daughter-in-law Marilyn, with a leg injury and possible internal injuries, was also reported in good condition.

Police said a car driven by Mrs. Shamlian going south on Route 34 was passing a truck driven by Arnold P. Iverson, Rahway. The truck started to pass another vehicle and struck the car, causing the driver to lose control. The car left the road and struck a tree.

The truck mounted a lawn but the driver was unhurt.

MANY VIOLATORS FINED IN SESSION OF MATAWAN COURT

Fines and court costs amounting to \$52 were assessed in Matawan municipal court Saturday night by Magistrate James H. Martin.

Joseph Proc of 74 Ford Ave., Milltown, arraigned before Magistrate Martin, for traveling at an excessive rate of speed and passing a car on Route 18, paid a fine of \$10 and costs of \$3; Marvin Brown of 198 Burnet St., New Brunswick, for speeding in a school zone at Broad and Church Sts., paid a fine of \$10 and costs of \$3; James Emerson of Texas Rd., Matawan, paid a fine of \$5 and costs of \$3 for speeding on Wilson Ave.; Willis Lee Donaldson of Gordon St., Cliffwood, paid a \$7 fine and \$3 costs for speeding on Main St.; Thomas Edward Bliss of 47 Springdale Ave., White Plains, N.Y., paid a fine of \$5 and \$3 costs for speeding on Main St.

KEYPORT STAYS IN
CONFERENCE RACE

Keypoint remained in contention in the B division race for the baseball championship Monday by downing Point Pleasant High School 3-1.

Keypoint, which is a game and one-half behind the unbeaten leader in Class B, now owns six triumphs in seven circuit starts. The Huskies, with two loop games to play, possess eight circuit victories.

Keypoint scored in the first inning on a single by Cottrell, a pass to Falduti, a passed ball and an infield out by Hal Shumock. The Red Raiders completed their scoring with two in the third on Dave Eastmond's single after the bases were crowded on a pair of passes and an error.

NIGHT TROTTING
OK'D BY SENATE

The State Senate Monday approved a bill permitting night trotting races at Freehold raceway, the state's only trotting oval in a surprise move.

Although four trotting courses are permitted in the state, harness interests have failed to apply for the remaining three because they feel that daytime trotting doesn't pay off.

The night trotting should prove more popular.

Matawan Borough firemen were called out Sunday afternoon when the chimney on the building owned

and occupied by Mr. and Mrs. Ernest Hamilton on Ravine Drive, and Lake Lefferts dam caught on fire. The blaze was quickly extinguished. There was no property damage.

MONMOUTH PARK
UPS HANDICAP
VALUE TO \$50,000

Increasing the mile-and-one-quarter Monmouth Handicap to a \$50,000 added money value is expected to help lure a stellar crop of handicap division stars to the Monmouth Park meeting June 12 through August 9.

The historic handicap, first run in 1884, was boosted by \$20,000 this season as President Amory L. Haskell announced a hike in the New Jersey track's program of 18 stakes to a record \$400,000.

Now the Monmouth Handicap stands as the crowning glory of a total of six stakes worth \$125,000 designed primarily for the top older stars in competition.

This schedule includes the \$15,000 Oceanport Handicap on June 12, the \$15,000 Omnibus Handicap on June 16, the \$15,000 Salvator Mile on July 17, the \$15,000 Rumson Handicap on July 21, the \$50,000 Monmouth Handicap on July 24 and the \$15,000 Long Branch Handicap on August 4.

Monmouth's big "half dozen" nominations for which close June 1, include every distance from six furlongs to a mile-and-one-quarter, another factor that should please horsemen.

Even before its increased value the Monmouth Handicap was an important fixture of the eastern racing season for the major stables. It has been won in recent years by such standouts as Greentree Stable's One Hitter, Brookmeade Stable's Greek Ship, Mrs. E. L. Hopkins' Three Rings, Sanford Stud's Round View and George D. Widener's Lucky Draw.

Such highly regarded stables as J. M. Roebling, King Ranch, Walter M. Jeffords and Elmendorf also have been represented in this classic. Famed horses which have participated include Polynesian, the sire of Native Dancer, Stymie, Gallorette and Bug Juice since the 1946 revival.

The Monmouth Handicap is down for decision at an appropriate time, too, for owners looking for honors in this division. It comes shortly after such eastern and mid-western tests as the Carter, Stars and Stripes, Brooklyn, Michigan Mile, Laurance Armour and Wilson, but prior to such events as the Arlington, Merchants and Citizens, the Clang and Saratoga handicaps.

DOG SHOW SET
AT RUMSON FOR
THIS WEEKEND

With 85 breeds and varieties represented, 882 dogs are entered to compete in the annual bench show and obedience trial of the Monmouth County Kennel Club to be held on the Rumson Country Club grounds on Saturday, May 29.

English Cocker Spaniels lead the entry with 72, followed by 49 American Cocker Spaniels, 46 Boxers, 43 Dachshunds, 40 Collies and 39 German Shepherd Dogs.

Judging will start at 10 o'clock and will continue until early evening when Dr. Samuel Milbank,

New York, selects best-in-show. For visitors not interested in the fine points of judging, all dogs will be on display on their benches from noon until 3:30 p.m. Among the unusual entries are two Rhodesian Ridgebacks (lion dogs from Rhodesia), 15 Lhasa Apsos (terriers from far-off Tibet), a smooth-coated Collie, and 31 Irish Wolfhounds, largest of all canine breeds.

Retrievers will give an exhibition of their special training in the Shrewsbury River beginning at noon.

The show is a benefit for the Monmouth Memorial, Fitkin and Riverview Hospitals.

Rose Sciannimanico
Is Recent Bride

The marriage of Miss Rose Marie Sciannimanico, daughter of Mr. and Mrs. Nicholas Sciannimanico of Midland Ave., Morgan, to Robert J. Latham, son of Mr. and Mrs. John B. Latham of 8 Reid St., Parlin, was solemnized Saturday morning at 11 o'clock mass in St. Laurence R. C. Church, Laurence Harbor. The Rev. Walter M. Slattery performed the double ring ceremony and celebrated the mass.

Miss Jane Parkinson of Morgan, was the maid of honor, while

bridesmaids included the bride's sister, Josephine Sciannimanico of Morgan; the bridegroom's sister, Mrs. Florita Klimsak of Parlin and Mrs. Goldie Betzler of Highland Park. A niece and nephew of the bridegroom, Barbara Ann Klimsak and John Latham, both of Parlin, served as flower girl and ring bearer respectively.

Howard Buchanan of Parlin was his cousin's best man, and another cousin, Jack Kolb of Parlin; a brother, Edward Latham of President Park, and Francis Betzler of Highland Park, ushered.

ADDITION TAKES SHAPE—Construction of another power plant addition by Jersey Central Power & Light Company takes shape at the Raritan River generating station at Sayreville where \$25 million expansion project is under way. The new addition will add 137,000 kilowatt generating capacity to the company's power supply. This addition, scheduled for completion early in 1955, is the third such project of its type undertaken by JCP&L since the end of World War 2 at a cost of more than \$42 million. When completed, the Raritan River project will help to more than double the company's generating capacity since its post-war expansion program began. Last year JCP&L completed a \$12 million, 62,500 kilowatt addition to its E. H. Werner station at South Amboy.

LECTURE PLANNED AT CHRISTIAN SCIENCE CHURCH

A Lecture on Christian Science entitled *Christian Science: Its Premise and Its Practice* is to be given by Grace Jane Noee, C. S. of Chicago, Illinois, member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts in the church edifice here tomorrow night.

The lecturer will speak substantially as follows:

A New Path

Some of us were walking in the path that leads to disease, to poverty and remorse—to desolation. Through Christian Science we are led to find the path which leads us to health, spiritual wholeness, to fruitful activity, enlarged usefulness. Let us not be diverted by selfish desires and longings; let us not dissipate our abilities and energies in criticism and resentment. Let us not turn our attention away from our divinely bestowed health and vitality by exercising or resting matter. Let us not discolor or impair our vision through jealousy and envy. By such methods and processes we belittle Deity and deny for ourselves the presence and providence of God.

Through false indulgences we foster doubts of His impartial and available divine love; when we substitute indulgence for the wholly satisfying fullness of His love, we delay our progress toward the kingdom—and when we become disturbed over the weaknesses or frailties of others, we are wasting time.

To let go of standards and convictions that have become established in one's thinking through custom and false education may not be easy, but it can be done: Choose thy friends like thy for we cannot hold to them and at

the same time fulfill the promise of Christian Science, which is complete salvation. Christian Science is teaching us how to uphold the faultless standard given us by Jesus. He unfolded man's unity with God through the Christ, and it is through Christ, Truth, that we overcome inharmonies and attain salvation. Salvation is gained only through the understanding of God and the demonstration of this understanding by healing the sick and overcoming sin and death. Christian Science promises to bring into our daily affairs the expression of wisdom and beauty and substance—the law that is in and of our Father. But Christian Science also stands on the divine law that only the work of righteousness can bring peace; and that quietness and assurance are the effects of righteousness.

The Practice of Christian Science

St. Paul wrote to the Galatians (6:8), "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting." The flesh, or matter body, is mortal mind; and when one sows to mortal mind, he is cultivating the only place where corruption, infection, or pain can be, and is making himself at one with it.

Mortal mind is always the swinish element, the accuser, the aggressor. Be grateful that through Christian Science we are learning that the divine Mind is the only Mind. In this Mind our entire being is held secure and a success, for Mind, or God, is Love, and Love leaves no one out; Love embraces all, forgives all, brings the new birth to all who seek it.

Moral courage is requisite to meet the wrong and to proclaim the right.—Mary Baker Eddy.

Choose thy friends like thy books, few but choice.—James

CAMPOREE PLANNED FOR MONMOUTH COUNCIL SCOUTS

Monmouth Council, Boy Scouts of America, has announced that its big popular Encampment of 1500 Boy Scouts will be held at Brookdale Farm, Lincolnton, on a 70 acre site provided by Mrs. Geraldine L. Thompson on June 4, 5, 6. The Camporee, one of the largest held in the East, will bring Scout Troops and Explorer groups from all over Monmouth County and is considered one of the high spots of the Scout Year. Merrill Thompson Interlaken, will serve as Camp Chief with William Mattison, Alenhurst as Director of Activities. J. Fred Billett, Scout Executive, will coordinate the activities.

This is the third big Encampment in the Scouts' 3 year program of "Forward on Liberty's Team." Over 1000 Scouts camped on the Historic Battleground at Freehold in 1952. The Ellis Farm, Strawberry Hill, just outside of Hazlet, was the scene of the 1953 "Westward Ho!" camp which broke all previous Camp-O-Ree at-

TURNPIKE UNIT RENEWES LEASE WITH RESTAURANTS

The New Jersey Turnpike Authority has renewed its lease with Howard Johnson Company for the operation of the food facilities on its 118-mile Turnpike, Paul L. Troast, chairman of the Authority announced today.

"This renewal is in accordance with the terms stipulated in the original proposals seeking bids for

the concessions with respect to quality, services and prices to the public, and the fulfillment of these conditions in actual operations," added Mr. Troast. "It is at the sole option of the Authority and runs for a term of five years to May 31, 1959."

BUT, DOES HIS CHECKBOOK BALANCE?

Dr. Fred G. Fender, Rutgers University mathematician currently starring on a one-man television show, holds an abacus, one of the more conventional props he uses to put a show across. On the table before him are some products of his ingenuity he's applied to various program subjects. Marbles borrowed on the spur of the moment from a neighbor's child, a pocket watch and two old English tally sticks fashioned hastily from an orange crate are included. The resourceful mathematician has also taught physics and electrical engineering at the State University.

The Sport Scene.

by STAFF REPORTER

The most fantastic and surprising of all the Yankee acquisitions from the National League was the addition of 38-year-old Enos Slaughter to the menage of the world's champions, says The Sporting News. On February 23, Vic Raschi, 35-year-old righthander of the Bombers, disdaining to take a cut from his \$40,000 salary of 1953, was sold to the Cardinals for a reported \$80,000. The intimation was that Vic was too old. On April 11, Slaughter, three years older than Raschi, and getting \$20,000, was considered acceptable by the New York club from the standpoint of both age and salary.

The Sporting News feels that it is obvious that something happened between February 23 and April 11 to change the attitude of those operating the Yankees. What happened was:

No. 1—Nineteen defeats in 27 exhibition games with major league opposition, six in eight engagements with the Dodgers.

No. 2—Doubt had enveloped Mickey Mantle's mending right knee.

In announcing the deal the Yankees said the move was in the interest of "protection and insurance."

Around the American League, reports the national baseball weekly, the addition of Enos to the New York family was regarded as a demonstration of fear.

"The Yankees are afraid, afraid for the first time since 1949, and perhaps the day of our freedom from New York bondage is nigh," the seven other clubs in the circuit exuberated.

The addition of Slaughter leaves

Casey Stengel with three extra outfielders. It is quite conceivable that one of them, and First Baseman Eddie Robinson will be offered for a pitcher.

The Sporting News reports that when Enos learned that he had been sent to the Yankees, he shed bitter tears. Sold down the river after so many years.

But then, Enos, what a river!

MATAWAN WINS CONFERENCE TRACK TITLE IN DIVISION

Matawan High School's track squad retained its championship in the Class B division at the annual Shore Conference track and field meet at Red Bank High School's oval Saturday. Matawan downed the closest contender, Rumson, by a 77-52½ count.

Matawan and Rumson won the same number of events, six, but the Huskies gained their 15-point margin over the Bulldogs thanks to their many seconds, thirds and fourths. Keyport and Point Pleasant trailed far behind with seven and 6½ points, respectively.

There were a trio of double winners in the Class B competition—Art Bennett, Rumson; Jack Kuhns, Matawan, and George Terry, Rumson. Bennett broke the tape first in both sprints, as he was timed in 10.6 for the century and 23.2 for the furlong. Kuhns won the low hurdles in easy fashion in 21.1, and tied two mates, Falco and Carlson, for the pole vault crown. Terry heaved the iron ball 44-feet, two-inches to win the shot put, and tied a mate, Egeland, for the high jump championship. Terry carted off 12 points, tops in Class B, as he also finished second in the broad jump.

Rumson and Matawan accounted for all of the individual championships in Class B except one, the discus, which was won by Hal

Schumock, Keyport, who sealed the platter 126-feet, two-inches.

MATAWAN TRACK SQUAD UNBEATEN IN DUAL MEETS

Matawan High School's track squad remained unbeaten in dual competition by downing Neptune's thincads 76½-46½.

The unbeaten Huskies captured seven events, including five of the seven running events. Neptune's only victories on the cinder path came in the 880 and mile.

Joe Sheeran and Dan Vanderbilt combined to spark the triumph with impressive doubles.

Sheeran beat out teammate Joe Berbrick in the 100-yard dash and then the Matawan speedsters ran a dead heat in the 220.

Vanderbilt again took care of his specialties, winning the discus and javelin without too much trouble. The Huskies swept the shot put.

The other Matawan victories were posted by Marv Hauser in the 440, Ron Carlson in the high hurdles and Jack Kuhns in the low hurdles.

THE SUMMARIES

Point Standing—First, Matawan, 76½; Neptune, 40½.

100 Yard Dash—Won by Sheeran (M); second, Berbrick (M); third, tie, Carbone (M) and Seiser (N). Time: 10.5.
