## LEGION AUXILIARY JOINS CAMPAIGN FOR SAFETY

The American Legion Auxiliary Unit 332, Laurence Harbor, has joined the large number of other organized groups in New Jersey supporting the "Slow Down and Live" Campaign in this state, it was announced today by Mrs. George Fink, Safety Chairman of the Unit.

The Campaign was launched by Governor Meyner and the Governors of 23 other states who signed a joint declaration of war against speeders and careless drivers at the Governor's Conference held in Washington last April.

The purpose of the campaign, which will be carried on through Labor Day, is to focus attention on traffic violations that include speed too fast for conditions, following too closely, failure to yield right-of-way, improper passing and speed in excess of legal limits.

The American Legion Auxiliary Mrs. Fink pointed out, has assured Police Chief, Otto Kengetter that its entire membership will support him in any enforcement program directed against speeding or any other traffic violations.

It is the part of a great and good man to do great and noble deeds though he risks everything in doing them.—Plutarch.

## HEAR CHARGES OF GARAGE OWNER IN MADISON MIXUP

The complaint of a disgruntled garage owner who charges a Madison Township police officer showed favoritism in disposing of a wrecked car on Englishtown road two weeks ago, was aired at a special hearing with the Madison Township Committee deferring decision until its next regular meeting Sept. 13.

William Bedle who operates a garage on Englishtown road testified that Patrolman Roger Blair turned over an auto wreck to Ray Dill, another tow truck operator, after the driver of the wreck had already agreed to let Bedle have the work.

Officer Blair in his testimony explained he was working under rules laid down by Chief Otto Kengetter which specify the garage nearest the scene of the accident is to get the wreck.

It was determined the Dill Garage is the nearest to the site of the accident in question.

Henry Spitzer, township attorney, conducted the hearing. Morris Roth, former township attorney, represented Bedle at the hearing.

Frederick Loder of the Keansburg Police Department, delegate of the Police Benevolent Association, declared this organization would stand behind Blair in this issue since all the information at the hearing indicated he was merely following orders.

#### WHAT WILL THE WEATHER BE?

Rutgers University meteorologist Vaughn Havens demonstrates how applied climatology is best applied. He says a planner with a weather problem can get a pretty accurate solution if he consults a meteorologist and follows the plan above. Applied climatology, which is essentially the use of past climatic records to determine probable future weather conditions, is becoming increasingly more important to farmers, industrial planners, highway engineers, military leaders and others who must rely on good weather for certain operations.

Y.; Stroudsburg, Pa.; Alliance, Ohio; Hershey, Pa.; Washington, D. C.; Montreal, Canada; Beloit, Ohio; St. Louis, Mo.; Salina, Kansas; Coventryville, N. Y.; Delaware City, Del.; Cornwall, Canada, and Wilmore, Kentucky.

## YOUR GARDEN THIS WEEK

Crabgrass gives the home owner much concern, if he is proud of his place.

The control of this pest starts with good soil preparation before sowing the lawn and good maintenance practices to keep the lawn grasses growing well. These practices consist of application of fertilizer at the proper season, mowing at the proper height—1½ to 2 inches—and, when watering is necessary, giving good soakings at intervals instead of frequent shallow waterings.

If there are only a few crabgrass plants in the lawn, they can be removed by hand. It is easier to cut roots of the crabgrass plant at ground level than to pull it. This is an annual grass and will not start from the roots. Do this before seed forms.

If the crabgrass has gotten ahead of you in a fairly good lawn, August is a good time to destroy crabgrass plants before they can produce seed to cause trouble next year. Chemical control is recommended, and perhaps the best material to use is potassium cyanate, since this is not generally poisonous to humans.

Do not use any chemical weed-killer on a lawn less than a year old.

Potassium cyanate is sold in stores under several trade names. Follow directions on the package as to dilution and method of application. When the chemical is applied, the leaves of Kentucky bluegrass, which should form the basis of lawns in this area, will turn brown, but bluegrass will recover. Several applications may

be necessary to complete the job.

If you have dandelion and plantain as well, you can include in the applications 2, 4-D at the rate of one-sixth ounce of actual 2,4-D to each 1,000 square feet of lawn. You probably can get a preparation combining the potassium cyanate and 2,4-D. When 2,4-D is used, do not let it drift to garden plants, as it will harm them.

The phenyl mercury compounds are also good, but they are poisonous to animals. These have some killing effects on dandelion and other broad leaved weeds, but 2,4-D may be used with them for complete control. These compounds do less harm to bent grasses.

Further information may be found in Leaflet 120, "Controlling Crabgrass in the Lawn."

As early September is the best time to reseed or establish a new lawn, it's about time to get started on it. Circular 556, "Making a New Lawn," is available. You can obtain these by sending a request card to your county agricultural agent or to Bulletin Clerk, College of Agriculture, Rutgers University, New Brunswick.

WILL DEVELOP 100  
HOME SITES IN  
UNION BEACH

A 100-home development on two farm tracts on Old Stone road, Union Beach has been proposed, it was disclosed by Union Beach Mayor Joseph Scholer. Mayor Scholer presented the developer's preliminary map at the borough council session Thursday night and council took immediate steps to pave the way for construction.

Scholer said that the drawings were submitted by J. Frank Wiegand of Keyport, who represents the Golden Development Co. The homes are proposed to be constructed on what are known as the old Slover and the old Brower farm tracts which comprise more than 20 acres. The lots are 60 by 100 feet.

Council recommended that the streets be 50 feet wide, and proposed opening up two lots which will give entrance to the proposed development. The proposed road will extend into Wilson avenue.

## Beverly Britchford Is Recent Church Bride

Miss Beverly Margaret Britchford, daughter of Mr. and Mrs. Paul L. Britchford of 104 Pacific Blvd., Cliffwood Beach, became the bride Saturday of Richard John Pavlik, son of Mr. and Mrs. John C. Pavlik, of 545 Main St., Sayreville, at a ceremony performed by the Rev. Walter Slattery, pastor, in St. Lawrence R. C. Church, Laurence Harbor.

Given in marriage by her father, the bride wore a gown of embroidered nylon tulle over satin, with a scalloped neckline and short sleeves. Matching mitts of embroidered tulle and a beaded crown holding her elbow-length veil of illusion in place, completed the bridal ensemble. She carried orchids and stephanotis.

Miss Mary Jane Pavlik, sister of the bridegroom, was the maid of honor, while the bride's sister, Cheryl Ann Britchford, was the flower girl. Bridesmaids were the Misses Roberta Brylinski, Arlene Gallagher, Ruth Zapryzalka and Jeanette Woscyna.

Frank Genus served as the best man. Ushers included Anthony Gaspick, Andrew Piatek, Ronald Connors and Edward Lotkiewicz. With the exception of the bride's sister, all the attendants are of Sayreville.

The couple will make their home at the Sayreville address on their return from a wedding trip to Miami, Fla.

Both graduates of Sayreville High School, Mrs. Pavlik is employed by E. I. du Pont de Nemours & Co., Parlin, as a timekeeper. Her husband, a veteran of three years' service in the U. S. Army, including 12 months of duty in Korea, is now employed by the Kenyon Rope Co., Perth Amboy.

The Golden Text is from Daniel (2:20,21): "Blessed be the name of God for ever and ever: for wisdom and might are his: . . . he giveth wisdom unto the wise, and knowledge to them that know."

## STATE REFUSES NEW APPLICATIONS FOR HARNESS OVAL

Freehold Raceway will continue as New Jersey's only trotting track, at least for another year. Thomas J. Brogan, chairman of the state racing commission, said seven applicants for the remaining three harness track licenses permitted by law were rejected by the commission.

Mr. Brogan said the commission was advised by Attorney General Grover C. Richman, Jr., that the applications were "insufficient" because they did not include specifications for the surface of the proposed tracks nor of the buildings and grandstands.

As a result, he said, the applications do not meet legal requirements and cannot be considered by the commission.

Applications had been filed by the Morris Park Racing Association, Springfield Raceway Association, Hamilton Racing Association, Pine Brook Racing Association, General Enterprises, Inc., Metropolitan Racing Association and Martha B. Esposito.

Three were for harness racing permits in Morris County, two in Hudson and one each in Mercer and Burlington Counties.

State law requires that applications be filed prior to Aug. 1. There is no provision for amending applications after the deadline, Mr. Brogan said.

## MCOSS IN AREA PLANS FOR FAIR IN HOLMDEL

The Monmouth County Organization For Social Service has scheduled its annual pet show and fair Sept. 25 at the Holmdel grape farm.

Miss Laura Harding, MCOSS president, announces there will be the traditional family outing including the morning pet show, games for all ages, pony rides, sales of home baked goods, farm produce and canned goods.

Proceeds will benefit the public health nursing program. A large committee is working on arrangements for the fair which was held at Brookdale Farm, Lincroft, for many years.

The fair was held at the grape farm on the Lincroft-Holmdel Road in 1949. The pet show committee has been granted a raffles license by the Holmdel Township Committee, the first issued in that municipality.

## KEYPORT DODGERS WIN AREA LEAGUE CHAMPIONSHIP

The Keyport Dodgers won the Bayshore Little-Bigger League championship Monday night defeating Fair Haven 7-0 at the latter's field. Acie Cottrell's 2-hit hurling got a great assist from the bat of Tony Cogliano who rapped out two home runs, scoring four runs for the Dodgers.

Cogliano blasted the first of his four baggers in the first frame with two mates aboard and repeated the performance with the bases empty in the third frame.

The Dodgers ended the season with a 16-2 record for the season.

Fair Haven was the second place contender while Matawan finished in third place with a 13-5 record.

It was disclosed that an inter-borough battle between Keyport and Matawan has been proposed. The affair would be a three game series with no championship at stake.

Score by innings:

Dodgers ..... 3 0 1 1 2—7  
Fair Haven ..... 0 0 0 0 0—0

Game called at five innings because of darkness.

## JIMMY DELANEY WINS FEATURE AT OLD BRIDGE

After two restarts, Jim Delaney, Hope, N. J., won the 25-lap feature race at Old Bridge stadium Friday night.

With Pete Frazee in the lead on the 18th lap, Don Stives, Merchantville, spun his car upside down and there was a restart. On the restart, Bill Pfister, Eatontown, turned his car over on the third turn, and there was another restart.

Following the restart, Delaney took command and led the rest of the way around the oval. Frazee and Al Peters trailed in second and third.

In the opening 10-lap heat race, Ed Hausman, Cranberry, grabbed the lead on the third lap and edged out Walt Peters, Hopelawn, to win. Howie Long was third, and Ed Soden placed fourth. Both drivers are from Red Bank. No time was recorded because Larry Ceccarelli's car spun out on the second turn to stop the race.

## MATAWAN LOSES TO ADELPHIA IN SHORE LEAGUE

Adelphia moved into fourth place Sunday by downing Matawan 8-0 behind the two-hit hurling of Ronnie Haden in a Jersey Shore baseball league tilt. The Point Pleasant nine took a forfeit win from Cliffwood CYO.

Adelphia jumped off to a four-run lead in the first inning. The big blow was a 400-foot home run hit by Ed Hampton with two mates aboard. Adelphia came to life again in the fifth when it scored four runs and drove starter Don Marvel from the box. Mickey Nagle finished up.

A single by Frank Fariello and a double by Tony Davino were the only Matawan hits off the south-paw slants of Haden. Bob Hembly socked a double and a triple in the winning cause.

### TEST YOURSELF FOR SAFE DRIVING

\* \* \* \* \*

Which one of the choices given below best completes the statement? Underline your choice. Correct answers are given under the test.

1. Brakes can be conserved and driving efficiency increased by: (A) using engine as a brake whenever practicable; (B) using brakes only in emergencies; (C) using reverse gear instead of brakes.
2. If the starting motor will not turn over, an advisable procedure would be: (A) check generator; (B) check condenser; (C) check for loose, broken, or corroded battery leads.
3. An air cleaner which requires periodic servicing is attached to the: (A) fuel pump; (B) carburetor; (C) oil pump.
4. The main function of the differential is to permit one wheel and axle to turn independently of the other. This is most advantageous in: (A) rounding a curve; (B) uphill driving; (C) quick starting.
5. Resting foot on clutch pedal is a bad habit because: (A) it wastes gasoline; (B) it causes rear wheels to slip; (C) it will cause undue wear and early failure of clutch and release bearing.

Prepared for the "Slow Down and Live" Campaign by the New Jersey Bureau of Traffic Safety.

#### Answers

1. (A); 2. (C); 3. (B); 4. (A); 5. (C). Scores of 4-5 are superior, 3 good, under 3 poor.

### WEEKLY TEST ON CHILD SAFETY

(Feature No. 4)

#### What's Your Answer? The New Jersey Weekly Child Safety Quiz

The question below was asked of 30,000 New Jersey parents recently in a study of parental attitudes toward situations which may prove hazardous to children.

The study was the joint effort of the New Jersey Congress of Parents and Teachers, the New Jersey State Safety Council, the New Jersey State Department of Health, and the National Safety Council.

It is endorsed by the Medical Society of New Jersey and the New Jersey Chapter of the Amer-

ican Academy of Pediatrics.

There is frequently more than one solution to a given situation. In the situations used in this series, however, there is one answer which would be the best of the four choices.

Check the answer which you think would be most likely to assure the safety of the child without being an unreasonable imposition on the parent. Then compare your answer with the one given below.

Joanna, age 7, seems very fond of 18-months-old Jackie. One afternoon their mother found Joanna helping Jackie by showing him how to get the peanuts out of the shell. The mother should.

1. Praise Joanna for helping the baby, but tell her not to let him have peanuts unless a grown-up is in the same room.
2. Show Joanna the right way of feeding peanuts to the baby, but tell her not to feed him too near his regular feeding time.
3. Explain to Joanna that she should not let the baby have peanuts because he might choke on them.
4. Take the peanuts away from both children and give them each a banana instead without making any comments.

Dr. Renee Zindwer, Chief of the Bureau of Maternal and Child Health of the New Jersey State Department of Health, who prepared the questions in consultation with the Professional Examination Service of the American Public Health Association, advises as follows with reference to the situation:

The hazard inherent in this situation is the fact that small objects may cause choking in little children and therefore should not be given to them. For this reason answers number 1 and 2 are

obviously incorrect. Answer number 4 is an insufficient solution since Joanna may at some other time again feed peanuts to the baby. We recommend choice number 3. Joanna, age 7, is old enough to understand an explanation of the hazard involved in feeding peanuts to a little child and given such explanation will be unlikely to make the same mistake again.

### TOWNSHIP BODY ADOPTS ORDINANCE FOR TRAILER RULE

The Matawan Township Committee at its regular meeting finally adopted an ordinance regulating the licensing, location, maintenance and conduct of trailer camps.

The action came after a public hearing at which 44 petitioners from the Cliffwood Beach area protested the location of trailers there.

Their ire was raised, they said when Sverre Aamot located his

trailer on a 25-foot lot on Arbordale Drive. They said they feared he would stay there and others would follow.

Mrs. Aamot explained that she and her husband are building a home in the area and living in the trailer until it is completed. The committee said the Aamots had applied for a building permit.

Myndert Bonema, a Cliffwood Beach resident, urged the committee to have the planning board submit an ordinance requiring that home builders in the area could not build with less than 50-foot frontages.

Mayor John Marz Jr., explained that the Cliffwood Beach area had been laid out in 25-foot plots long before the present administration assumed office. He said the committee and the planning board

were in agreement on such a procedure in other sections but not in the Cliffwood Beach area.

#### 69 MILLION MILES ON THIS TANKFUL

If your car gets average mileage, you could go 69 million miles on the gasoline this tank holds—4.6 million gallons. The largest of its kind in the world the tank was recently completed at Shell Oil Company's Argo, Illinois, terminal, near Chicago. Twenty-five years ago you would have needed 6.9 million gallons to get the same performance you could get today on the 4.6 million gallons in this tank. Gasoline has been improved that much, with only a slight increase in price, excluding taxes.

### The Sport Scene.

by STAFF REPORTER

Only a slight decline in mutual play marred a perfect record of success and improvement for Monmouth Park's 1954 horse racing season which closed last Monday.

The increased popularity of the sport at the Shore track was attested by a gain in attendance of approximately one-half per cent over 1953, with a record 999,346 fans clicking the turnstiles during the 50-day meeting just closed for a daily average of 19,987. Last year the season's attendance was 994,575.

Tax revenue of \$6,043,986.98 to the State of New Jersey also was a new record. Monmouth Park has contributed over \$37,000,000 to state coffers in its nine years of modern-day operation.

Betting at Monmouth Park this year was down only .368 per cent, with a total handle of \$82,733,161 as against \$85,898,106 in 1953. This season's daily average was \$1,654,663.

The sport of racing itself at Monmouth never had a finer season than 1954. Nine speed records on the flat and two for the hurdle course were established, attesting to the excellent condition of the Monmouth racing surfaces.

Of 400 races run on the flat a very satisfactory 33.7 per cent of the favorites were victorious. In hurdle racing, 58 per cent of the favorites won.

Mrs. George D. Widener's Evening Out set a record for individual purse earnings at Monmouth Park when she collected \$46,900 for her smashing triumph in the \$63,000 Monmouth Oaks and third place in the Miss Woodford Stakes.

Charfran Stable's Brown Booter was the only horse to win more than one event on Monmouth's richest stakes program of all time. He won the \$15,000 Longfellow on the grass and the \$15,000 Long Branch on the flat.

One of the most sensational performers of the meeting, however, was Clearwater Stable's two-year-old Royal Coinage which capped two victories with a win in the \$38,000 Sapling Stakes in which he removed Royal Note from the ranks of the undefeated.

The nation's second ranking jockey, Willie Hartack, was the leading rider there with 49 victories while two others among the top 15 in the nation, Sammy Boulmetis and Walter Blum, performed there regularly. All of the other leading riders in the east were seen there in stakes races.

Bernard P. Bond, veteran Maryland conditioner, was the leading trainer with 17 victories, but six others saddled 10 or more winners indicating even distribution of prizes during the meeting.

The Darby Dan Farm of baseball magnate John W. Galbreath, trained by Jack Long, was the leading stable with \$65,600 in purse winnings, for 10 victories, though again eight other stables earned more than \$30,000 each in purses.

### SEVERAL FINED AT RECENT SESSION OF LOCAL COURT

Those fined were Joseph R. Lowicky, 872 Highway 35, Laurence Harbor; Harold J. Armstrong, 469 Brookside Avenue, Laurence Harbor; Fred Faisst, 510 4th street,

Union Beach; and James O'Neill, Brooklyn, N.Y.

Corrine Booket, 97 Second avenue, was fined \$4 and \$3 costs for disregarding a stop sign.

## MATAWAN A.C. WINS IN STATE SOFTBALL TOURNEY

The Matawan A.A. had no trouble advancing in the New Jersey State Softball Championship Tournament at Canuck Field, North Plainfield, Friday.

Matawan, with Jimmy Mickens in superb form, blanked the Hillsdale softballers of Woodcliff Lakes, 6-0, the veteran speedballer holding the latter hitless.

Not a man reached third base on Mickens as he recorded his eighth no-hitter in as many campaigns in the state classic. He struck out 13 and walked five.

He also tallied what proved to be the winning run, walking to start the third, advancing to third on an error and wild pitch and scoring on Pete Casino's safety. The winners picked up another in the fourth and finished up with three in the sixth and one in the seventh.

## MATAWAN LOSES FIRST GAME IN LEGION PLAYOFFS

Oakhurst downed Matawan 5-4 in the first playoff tilt of the American Legion Junior Baseball League championships.

Trailing 4-2 at the end of four innings, Oakhurst tied the score in the fifth stanza and then shoved across the winning run in the sixth stanza when Andy Garrity opened with a single, swiped second, reached third on a single by Ronnie Gibson and completed the circuit on George Feeney's bounder to Vince Vinci.

All of the runs in the second game were tainted as Garrity limited Matawan to a pair of hits and Jim Dillon nearly equalled this by holding Oakhurst to four safeties, half of them by Garrity. Garrity fanned seven, one more than Dillon, but he walked five and hit one batsman. Dillon only issued one free ticket.

Oakhurst built up a 2-0 lead by scoring unearned markers in the second and third innings. In the
