#### DIPLOMATIC VEIL-LIFTER

Dr. Henry Blumenthal, assistant professor of history at Rutgers Newark College of Arts and Sciences, points to a map of Europe where he has gone on a year's leave of absence from the State University to study Franco-American relations in the period through the Civil War. The German-born history teacher holds a fellowship from the Waksman Foundation in France.

## PEDESTRIAN AND **TWO MOTORISTS** HURT IN CRASH

Beach.

The pedestrian, Abraham Castillo, 29, Mechanic St., Perth Amboy, Harbor. is reported in critical condition in Perth Amboy General Hospital along with Clarence Fleming, 28. of Morgan Ave., Morgan, driver of one of the cars. Michael Carlin, 34, of 293 Norwood Ave., Laurence Harbor, driver of the other car, is reported in fair condition.

police, the Carlin car backed out in South Amboy, police said, of the restaurant parking area onto highway 35 where it was struck broadside by Fleming's car. Both drivers were thrown from their vehicles by the impact which also knocked Castillo down breaking both his legs. Carlin's driverless auto continued in a loop on the highway and rolled over Castillo crushing his chest, police said.

Both Carlin and Fleming suffered head and internal injuries.

his tricks with hot ashes and coals-puts them fresh from the stove or furnace into wooden and cardboard containers, or dumps them on the basement floor next to wooden walls, old newspapers and rubbish and thus accounts for one of every 11 home fires.

How do you stop these home firebugs, The Board of Chiefs have this Fire Prevention Week advice:

"One of the best ways is to inspect your home for these fire hazards and when you find themeliminate them.

What would you do-what would your family do if fire should strike within the next few seconds. How would you save yourself from painful burns and even death?

It's worth your life to know the right answers, says Keyport's Board of Chiefs. And they pass along this Fire Prevention Week advice on saving yourself from fire:

Get out of the house the minute you discover a fire or smell smoke. Don't fling doors open if you think there's a fire-feel them first and if they're hot, get out another way or block the doors with furniture or mattresses to keep out smoke and gases.

Remember, the air is usually better near the floor in a smokefilled building.

Hold your breath and cover your face if you have to make a dash through smoke or fire.

Don't jump or drop from upperstory windows except as a last resort-wait for the firemen.

Don't ever go back into a burning building for any reasonsmoke and fire gases from even the smallest fire can be deadly.

Unless it's a small fire and you're certain you can control it with the right extinguisher, don't waste your time or your life by fund appeal, now being conducted, from it and call the fire department at once-they know how to fight it.

Voters will decide November 2 Mrs. Richard Nebus and Mrs. Mary whether New Jersey should float a \$25,000,000 bond issue to finance

## YOUR GARDEN THIS WEEK

Peonies sometimes fail to produce flowers. Disease is sometimes responsible. The botrytis disease, as it is called, may attack as the shoots are emerging from the ground and cause them to turn black and die. The attack may come later and prevent development of the flower buds. The control is to destroy by burning the tops of the plants and any plant parts that have fallen, as soon as frost comes.

Many, if not most, of the failures to produce flowers are due to our method of culture. Some of these we can attend to now, as this is the season, up to the time of deep freezing of the soil, for transplanting peonies.

First, plant them where they have enough sun. They should have sun all day long for best results. Don't set them in lawns so the roots have to compete with the grass for water and nutrients. ar-1952 30,298.78 Don't set them too close to trees and shrubs, where again they have 57,780.05 to compete. 1,996.86 992.54

In planting, two errors are 5,000.00 450.00 common. First is to plant them too deep. The large buds that are 8,518.23 in the division should never be set more than 2 inches deep, except in sandy soil where they may be as 2,000.00 much as 3 inches. Soil that is very sandy is not very satisfactory 2,943.79 for peonies. In setting peony 2,796.49 3,366.9" divisions, be sure to pack the soil 028.34 well about the lower part of the 4,168.37 1,214.27 division, so it cannot settle much. \$348,518.23 Failure to do this may result in disappointment.

Dividing the roots in too large divisions is sometimes the cause of poor flower production. The ear-1952 proper division is one having a 53,000.00 87,009.69 good piece of root with one or two eyes or a section of the crown with 40,009.69 three to five eyes and two or three roots branching from that, roots 13,425.00 32,455.20 one-half inch thick and four to six inches long. These make the best

## LAMBERTVILLE **DUMPS RAIDERS 13-0 IN OPENER**

Lambertville's speedy and well Lambertville ..... drilled gridders turned on the heat Keyport ..... in the second half of their game with the Keyport High School football team Saturday to down the Raiders 13-0.

Joe Jeffries, substitute right end for Lambertville, in the final quar- MATAWAN AND ters scooped up a Keyport fumble on his own 25 yard line and sped KEYPORT GIRD FOR down field 75 yards for a touchdown. In the third quarter, Joe NEW GRID WARS took a pitch out on the Keyport 21-yard-line and turned left end verted.

Keyport threatened twice. from their own 13-yard-line to the the Matawan Huskies facing SFAA officers. Lambertville 25. But the threat died when quarterback Charley Walling fumbled after an 8-yard gain.

In the third period, Keyport ends Frank DiGennaro and Pat Lamano crashed into the secondary and tackled punter Ralph Randolph on the Raider 28-yard-line. The Raiders took the ball to the 20 and missed a first down by a yard.

Lambertville made nine first downs in the game to Keyport's five. However, the Red Raiders made no first downs in the second half

Jeffries scored on his 75-yardrun when fullback George Ruth fumbled a pitchout from Charley Walling. Joe picked up the bouncing ball and went over untouched.

The slender Lambertville senior also carried the ball a total of 60 yards-not counting a 37-yard-run which was nullified by a backfield in motion penalty. He took two passes for 18 yards. His runs were made on pitch outs as he swept the left end.

Raider Quarterback Charley Walling was rushed repeatedly on his pass attempts as the Lambertville forward wall outcharged the Raider linesmen. The Raider attack moved well on the ground the first half but stalled when deep in enemy territory.

Lambertville scored its first touchdown on a sustained drive from its own 20-yard-line. Frank Jefferson took a Raider punt on the 15 and ran it back to the 46-However, a clipping yard-line, penalty against Lambertville on the 35 brought the ball back to the 20.

Jefferson went off tackle for five yards. Joe Jeffries took a shovel pass and went around left end for 22 yards. Randolph recovered his own fumble for a two yard gain and after four ground plays brought the ball to the Keyport 21. Jeffries then took the hall or on a 19-yard spurt down the sideline.

## **ANNOUNCE CHANGE** OF NAME OF WOMEN'S COLLEGE

the co-ordinate women's college of ege, the State University of New Jer-Margaret T. Corwin, dean of the college, tonight announced to the student body that Rutgers University Trustees had approved the change.

The new name will honor the late Mrs. Mabel Smith Douglass, primary founder and first dean of the college, and will be adopted officially on the 1955 Founders Day date, April 16. Special ceremonies at that time will mark the occasion.

In announcing the coming change of name, Dean Corwin stated: "The Board of Trustees of ALL KINDS OF INSURANCE Rutgers University has granted If insured with us your interests approval to the naming of the women's college of the State University of New Jersey in honor of Mrs. Douglass, under whose inspired leadership the college came into being.

"We have proudly carried the 218 Broad St. name of New Jersey College for Women from the time our doors opened in 1918. Our college, however, frequently has been confused with others in the state. Our full name, which includes identification as the women's college of the State University of New Jersey, has been not only awkward to use, but also redundant; our initials sometimes have been taken to be those of one of several agencies. The situation has been of concern to others as well as ourselves." The co-operative studentfaculty-administration Government Association and the Associate Alumnae of the college have endorsed name-change as has the Board of Trustees of the New Jersey State Federation of Women's Clubs.

## or moral support to the project. academic and physical growth.

Financial and other problems plagued the undertaking, however. In 1915 the State Federation president, Mrs. William T. Ropes of Montclair, issued a challenge to all New Jersey federated women to cease whatever other club activity they might be engaged in and turn all efforts to the college movement.

The Madison American

In April, 1918, the Rutgers Trustees, during the presidency of Dr. William H. S. Demarest of New Brunswick, passed a resolution "to establish a College for Women, as a department of the State University maintained by the Trustees." Mrs. Douglass was appointed dean in May.

Dean Douglass' bold resourcefulness undergirded by the gifts of "founding friends" and the help provided by Rutgers made it possible for New Jersey College for Women to open its doors in September, 1918, offering both liberal arts and home economics courses.

Early in 1919 Governor Walter E. Edge sent to N.J.C. a committee whose recommendations resulted in the first appropriation by the Legislature of State funds for the college. According to the "Personal Recolections" of Mrs. Douglass, this appropriation "put the College on its feet." Con-

15 Years of Shell Research Overcomes A Major Cause of Oil Burner Service Calls

Clogged filter screens have been recognized for years as a major cause of oil burner service calls.

Shell Research spent 15 years developing a way to combat screen clogging. The result was FOA-5X, an additive that is now in every gallon of Shell Furnace Oil.

During three years of exhaustive testing of FOA-5X in thousands of homes not a single case of burner failure due to a clogged filter screen was reported.

For carefree heat all season, switch to Shell Furnace Oil with FOA-5X. It costs no more than ordinary heating oils. Call us today. We'll
