DEMOCRATS AND GOP IN MADISON PICK CANDIDATES

Both Democratic and Republican parties in Madison Township have filed two additional candidates for Committee seats in the November general elections, November 2.

The move was prompted by the demise last June of the legislative freeze on the 1950 census figures in this state.

A minimum population of 4,500 in a township entitles it to a five-man township committee. All of the affected municipalities in this county had surpassed that figure some years back, but due to state legislation were forced to operate under the 1940 census tabulation.

Named to run under the Democratic banner in Madison Township are James Robbins for the three-year term and James White for the two-year term. The Republicans in Madison Township have chosen Donald Borst to run for the three-year vacancy and Walter Russell Quackenbush to campaign for the two-year post.

In Madison Township the population figure had soared to 7,366 as of 1950 but the township, due to the freezing legislation, was forced to operate on the basis of its 1940 census total, about 3,000.

VOHDIN NAMED COURT CLERK

Walter Vohdin, Jr., Laurence Harbor, Monday night was appointed Madison Township court clerk replacing Mrs. Theresa Schauer who resigned the position Sept. 17.

Vohdin will serve as municipal clerk until Jan. 1.

CLIFFWOOD GIRL GETS \$4,000 AWARD

A settlement of \$4,000 has been made for a 12-year-old Cliffwood Beach girl permanently injured in a fall from an abandoned boardwalk near her home.

County Judge John C. Giordano approved a \$3,500 award for the girl, Carol Shimak, and an additional \$500 settlement was given her mother, Mrs. Anna Shimak, for the girl's medical expenses.

On May 10, 1952, the girl fell 10 feet from the walk, landing on some rocks. Her right arm was broken and she will never regain full use of it, the court was told. Suit was brought against the Cliffwood Beach Company, owner of the property.

Greeting friends and constituents at the affair sponsored by the Laurence Harbor Democratic Club were all local candidates, Joseph Scanlon, Michael Staats, Committeeman James Robbins and James White.

The importance of the current campaign, with four seats at stake on the township committee was emphasized by township Democratic leaders and executive committeemen who urged all to vote the straight Democratic ticket in the November balloting.

The Boys Club of Cliffwood Beach last week marked its 1st anniversary. The club, which draws its membership from the local youngsters, is directed by George Witzel, supervisor.

Mr. Witzel lauded the support of parents of the boys for making the club's efforts a success. During the past year, baseball equipment was purchased and the local team won six out of ten games.

His research with nitrofurazone (NFZ) in coccidiosis is boosting world food production and has added millions of pounds of chicken to the annual U. S. broiler crop.

MADISON SETS INSTALLATION OF CONTRACT PIPE

The Madison Township Committee at its meeting hired the D & L Construction Company of Rahway to lower the water pipes on Park avenue between First and Third streets in Old Bridge for \$1,200.

Thus the impasse which had developed between the committee, the water company and residents in the area over who was to pay for the work was broken.

The committee also indicated it will now bring suit against the water company for the cost of lowering the pipe.

The committee passed on first reading a new ordinance refixing the salary of the building inspector. The bill provides for the building inspector to keep all his fees not in excess of \$1,800 per year. At maximum, he will receive \$150 per month. All funds collected over \$1,800 shall revert to the township. The position, it was pointed out, is only part-time.

A request in the form of a resolution presented by Committeeman James Robbins for two additional special police appointments, was approved. Appointed until Jan. 1 as special police officers were Leo Rutledge and William C. Burlew.

The committee agreed to meet

ESCAPES HURTS IN 3-CAR CRASH

William H. Touche, Hudson street, West Keansburg, escaped injury when his car was involved in a three-car accident at Route 35, Shrewsbury.

Police said Richard J. Urban, Bloomfield, driving south on Route 35, stopped short to avoid an animal in the road. Touche, driving behind him, also stopped short.

But the third in line, Lester G. Megill, 402 Corlies avenue, Allenhurst, wasn't quite as quick with his brakes. Police said he smacked into the Touche car, which leaped ahead and struck the Urban car. All three vehicles suffered minor damage.

Mr. Megill was charged with careless driving.

NORTH, SOUTH DIRECTION SIGNS NOW ON HIGHWAYS

As an additional aid to motorists, the State Highway Department has within recent months been attaching "North, South, East or West" direction designations, to its route markers.

At the present time the installations are at the junction of principal roads and important interchanges between routes.

The heavily traveled interchanges, such as cloverleaves and overpasses have reflectorized signs, while the non-reflectorized types are at other locations.

For long-distance visibility the reflectorized designs are eight inches by nineteen inches in dimension and the others are eight by sixteen inches.

The work is being performed by the Maintenance Division forces of the Highway Department. Approximately 1,600 of the markers, it is stated, will have been erected before the end of the year.

Much favorable comment has been received from motorists with respect to the safety factor provided by the new guides in permitting them to select quickly the lanes to be followed in reaching their destinations.

SEVEN FROM THIS AREA CHARGED WITH THEFTS

Plainfield police have charged seven area men, six from Keansburg and another from Cliffwood with the early morning burglary of a Robert Hall clothing store on Route 22.

Police identified those in custody as William Hoffman, 20; John Jefferson, 22; Charles Banzaca, 21; Martin McGrath, 18; James Dean, 19, and Ralph E. Mundy, 20, all of Keansburg.

Matawan township police apprehended the seventh man, George Wood, 19, of Cliffwood, late Friday night while he was riding in a car on Route 35. Police Captain J. Edgar Wilkinson and Patrolman Ralph Wallace made the arrest.

Wood is alleged to be the lookout man for the gang and was said to have escaped into the woods when his companions were apprehended.

Keyport Police Chief Leroy Sproul said members of the gang were questioned by Capt. Joseph Morley and Sgt. William Geiger of the Keyport department over the weekend.

Two of those arrested in Plainfield, Jefferson and Banzaca, admitted the theft of a typewriter from Hopla's Coal Yard, and larceny of between \$100 and \$200 from a truck owned by Jack Levy of New York City parked in front of Wilson's Diner, Sept. 24, police said.

Police Lt. Paul Zanowicz said the clothing establishment was entered by breaking open a roof ventilator. He said the loot included about \$300 worth of jackets, suits and overcoats.

The entry was discovered when Patrolman Richard Cooper became suspicious of a car parked in front of the place, and picked up Dean sitting in the car and took him to headquarters.

Through questioning, police learned of the other men.

Three were picked up while walking along a North Plainfield street, and two were apprehended by state police while hitchhiking on Route 22.

FIRE PREVENTION WEEK IN FULL SWING HERE

One in every five fire victims is a child under five. What can you do to protect your child from fire?

Plenty, says the local Board of Chiefs, and they have this Fire Prevention Week advice for parents:

"Never leave children home alone. They're helpless to escape fire that they themselves often start when left untended.

"By the same token, always keep matches and lighters far out of the reach of youngsters."

According to the records of the National Fire Protection Association, these are two of the major causes of child fire deaths, the Board of Chiefs say.

"Watch out for situations where the child's clothing might catch fire," they also warn.

"In the home, that means not being allowed to play near stoves and furnaces. Outdoors, be wary of bonfires and field fires for this reason.

"For the child's sake, be sure his party costumes and decorations are flame-proofed. And no candles, ever; give them a flashlight or electric candle instead for Halloween and other occasions.

"Play it double safe." Teach your child to do the right thing if his clothes should ever catch fire; tell him not to run, but to lie down at once and roll over slowly

Entry Reported

Police of Keyport are continuing their investigation of a breaking and entry reported at the M. C. Ross Manufacturing Company, 145 Third St., Keyport. Police Chief Leroy Sproul said about \$10 was reported missing from a desk drawer in the establishment.

to smother the flames—in a rug, blanket or coat if available.

Always be ready to use different escape routes from any room in your house—important to remember, too, when entering any other building.

If you're burned or exposed to fire and smoke, get medical treatment at once... seemingly minor burns or smoke inhalation can have serious results.

If you heat or cook with an oil stove, are you absolutely certain that your stove is in perfect working condition?

You better be because oil stove-oil range fires are the biggest single home fire killer.

According to the Board of Chiefs, National Fire Protection Association studies show that fires caused by improperly handled or defective oil stoves account for nearly a quarter of all home fire deaths.

Children under five, the NFPA claims, are the principal victims of these fires. And as a part of their national drive to stop child-killing fires, the International Association of Fire Chiefs offers this advice:

Most dangerous if not working right or not operated properly are these stoves: portable kerosene heaters, oil and kerosene kitchen ranges, and space heaters.

Now, at the start of the heating season, is a good time to have your stove checked and repaired by a qualified mechanic, warns the chiefs.

Just as important is knowing how to operate the stove correctly. Follow the manufacturer's instructions exactly or, if you've lost them, check at once with your dealer or the fire department.

A good idea, too, is to add "Let's be extra careful with oil stoves" to this year's Fire Prevention Week slogan, "Let's grow-up, not burn up!"

NEW CAMP SITES FOR MONMOUTH EXPLORER SCOUTS

Monmouth County Explorer Scouts will have an Adirondack mountain camp for next summer's camping program, it was announced at the Board of Directors of Monmouth Council Boy Scouts of America meeting held in Asbury Park recently. E. Donald Sterner, Belmar, president of the Council, said that every effort will be made to have some 100 Explorer Scouts use the camp as part of their 1955 adventure program.

The campsite consisting of over 1,000 acres of rough mountain country is located near Speculator, New York, about eight hours drive from Monmouth County and was recently given to the Gloversville, New York, Boy Scout organization by the late president of the International Paper Company at Glens Falls, New York. The Gloversville Council of Boy Scouts has invited Explorers from Monmouth County to use the facilities. J. Fred Billett, Scout Executive of Monmouth Council Boy Scouts of America inspected the site this summer. There is a 50-acre natural spring-fed lake surrounded by high mountains running up to 2,300 feet above sea level. Six canoes plus a large hunting lodge are on the site with excellent tent

camping areas on either side of the lake. Mr. Billett was former Scout Executive in that section of New York State.

RACING TO RETURN
TO MONMOUTH

Steeplechase racing will return to New Jersey on Saturday, October 23 when the Monmouth County Hunt Racing Association will hold its twenty-fourth annual fall race meeting at Red Bank, Monmouth County, on the Woodland Farm estate of Amory L. Haskell, president of Monmouth Park Jockey Club.

One week later, on October 30, the Essex Fox Hounds Meeting will be held at Far Hills, Somerset County, on the Dhu Varren estate recently purchased by Mr. and Mrs. E. H. Ellis of Greenwich, Connecticut, from the estate of the late Evander B. Schley. The Dhu Varren Farm under its former ownership was called Froheim, and is well known to steeplechase enthusiasts throughout the country.

Both of these hunt race meetings, as in former years, will be conducted under the auspices of the Hunts Committee of the National Steeplechase and Hunt Association.

Amory L. Haskell, chairman, heads the Monmouth County Hunt Committee, with Miss Isabelle Haskell as secretary-treasurer, E. J. Brennan chairman of the racing committee, John E. Cooper racing secretary and handicapper, and Chris Wood, Jr.

The Essex Fox Hounds Meeting will be under the direction of R. P. Gibb, president; E. W. Clucas, Jr., chairman; Oliver Filley, Jr., secretary of the race committee; and John E. Cooper, racing secretary and handicapper.

The program for the Monmouth County fixture will consist of two flat races on the turf; a hurdle event; the Monmouth County Hunt Cup, a three-mile test over stiff timber fences; and the Monmouth County Gold Cup, a two-mile contest over the brush course. The prizes offered this year, totaling \$3,900, will be the richest ever offered in the twenty-four years of the meeting's history.

The races carded for the Essex Fox Hounds Meeting consist of the Harry E. Harris, a one-and-three-quarters-mile hurdle contest; the New Jersey Hunt Cup, a four-mile timber steeplechase; the Wilmerding Memorial Cup, about two miles over hurdles; a one-and-one-quarter-mile turf race; and a one-half-mile sprint event open to bona fide farmers residing in Somerset and Hunterdon Counties.

DOUBLE SESSION
ELIMINATED BY
MATAWAN BOARD

One more split session class will be eliminated in Matawan schools with the transfer of 16 fifth grade pupils from the Cliffwood to the Matawan school.

The move was voted at a special session of the Matawan Township Board of Education Monday night, and is a temporary one, designed to do away with overcrowding for the remainder of this school year. By next Fall, educators hope, the district will have a new elementary school.

MATAWAN TIES
INSPIRED NEPTUNE
ELEVEN 19-19

Neptune High School's Scarlet Fliers unleashed an inspired first half scoring spree against Matawan High School and then hung on while the favored Huskie eleven roared back to gain a 19-19 tie.

Hampered by a lack of reserves, the Fliers seemed destined to lose the game in the last quarter, as the heat of the day took its toll. Three times during the last minutes of the game the Huskies moved deep within Neptune territory, but each time they were thwarted. With four minutes to play, Matawan's Marvin Hauser took the ball on a double reverse at the Neptune 27-yard line and swept around end to the 8. A clipping penalty, however, brought the ball back almost to the line of scrimmage.

The Huskies then tried twice to complete passes near the Neptune goal line, but both times they were intercepted, once by Norm Hufnal and the other by Bob (Ace) Lewis.

At the start of the first quarter the Matawan team capitalized on a Neptune fumble at the Scarlet Fliers' 6 yard line. Quarterback Steve Fidele scored thru center on the second play from the three. Matawan then kicked off to Neptune and the hopes for a home team victory came alive. Lewis took the kick on the Neptune 15 yard line and ran for 64 yards before being tackled on the Matawan 21.

Inspired by Lewis' carry, Nick Kacandes cut thru the line for 7 yards on the next play. Lewis again carried for six more yards in two plays and Hufnal scored on a quarterback sneak.

In the second quarter the Scarlet Fliers again went on a march to score after a 38 yard drive. Kacandes scored the touchdown after receiving a handoff from Hufnal on the eight yard line. The Matawan team then started on a sustaining drive of its own and marched 80 yards to a goal. The Huskies scored on a four yard pass from Fidele to Hauser. The Fliers again came back to take the lead with a 31 yard pass from left-hander Al Holmes to Al Schuck in the end zone.

The score at half time was Neptune 19, Matawan 13.

In the last period, the Huskies'

attack, engineered by Fidele and Hauser, drove over the Neptune goal line from the 45. The Matawan team took over again when a Flier pass was intercepted on the Neptune 40. But at the last, whistle, Neptune again had possession of the ball on a last second interception by Norm Hufnal.

The Matawan Huskies had four offside penalties called against them in the second period when Neptune worked a shift from the "T" formation. In two cases, the penalties resulted in first downs for the Fliers.

Roosevelt Brooks, of Neptune, was presented with a trophy by the Red and Black Boosters Club at halftime for his Group 2 high jump record set at the state meet June 4th. Brooks leaped 6' 3-3/8 inches.

RAIDERS DOWN
STRONG ATLANTIC
HIGHLANDS 19-0

The Keyport Red Raiders whipped a less experienced Atlantic Highlands eleven 19-0 Saturday in an abbreviated encounter at the Tiger field. Both teams lost their opening games Sept. 25.

Playing 10-minute quarters because of the near 90 degree heat, the Raiders pushed over a score in the first period and tallied twice in the final canto.

The hosts were never closer than 41 yards to the victor's goal line.

It was second stringer Norman Rose who provided the only thrill in an otherwise colorless contest. He took a first-down hand-off in the last quarter, raced around his left end, and tip-toed down the sidelines for 62 yards beyond the outstretched hands of the home club.

Keyport dominated the play from the opening kickoff although the Tiger defense at times proved to be stubborn, if not foolproof.

George Ruth received the Tigers opening kick, running it back to the Red Raider 33. Three plays and seven yards later Ruth raced around his left end for a 48-yard gain to the hosts' 12.

Alternating for short drives, Bill Eastmond, Bobby Mirro, and Ruth took the ball to the half-yard marker from where Mirro tore through right tackle for the touchdown. The extra point attempt was no good.

Keyport's second tally in the last period came about when Hank Cleary intercepted a Don Loftus

pass on the Atlantic Highlands 35. Stu Hyman received the majority of ball-carrying assignments on the drive for the score. He picked up 13 yards in one try and drove five more shortly after for a first down on the Atlantic Highlands five. A penalty took the ball back to the 10, and Hyman plunged back to the two on the next play. Dave Wharton ran the rest of the way thru his left side. The conversion attempt failed again.

Rose's tally came in the closing minutes. The point after touchdown was made through the line by Charlie Walling.

YOUR GARDEN THIS WEEK

Rhododendrons have suffered a great deal during the past two years as a result of extreme heat and drought. Many specimens of leaves have been sent to us with brown tips or edges, which is primarily the result of lack of water when the leaves were forming.

Sometimes a secondary infection takes place in this dead tissue and powdery spore masses form. This is not a disease in the sense that it is harmful to the plant.

Other specimens had a scorched area in the central part of the leaf, around the midrib. This is the result of scorching by the sun while the leaves were forming, without adequate water.

In growing rhododendrons, we should try to imitate natural conditions. Soil should be acid. Before planting, incorporate in the soil a good quantity of acid organic matter.

Rotted oak leaves, decayed pine needles, decayed sawdust, peat moss, cultivated peat (humus) or a combination of the last two in equal parts are suitable materials to use. One third of the bulk of the soil bed would be about the correct amount to use.

Stable manures and garden compost are usually too nearly alkaline for this class of plants. Make sure that the soil is moistened before planting, especially if dried peats are used.

An important feature in culture of rhododendrons and similar plants is the mulch. They have it in nature, formed of tree leaves and the leaves and dead twigs fallen from the plants themselves.

This mulch helps to retain moisture in the soil. It keeps the soil cool about the fine roots in summer. It prevents the soil from freezing too deep in winter.

Being evergreens, these plants require a supply of water all year round, and the mulch helps to provide this.

Nothing is better as a mulch than a 6-inch layer of dry oak leaves. Some persons feel that they need to be so neat in their garden operation that they remove the mulch in summer, when the plants need it.

You can use peat moss or humus as a mulch, at least 2 inches deep. If you can get the coarse peat moss that is used for bedding animals, put this in 4 to 6 inches deep. Maintain mulches by adding to them each year as needed.

NURSES IN NEW JERSEY TO HOLD CONVENTION

New Jersey nurses from all parts of the state will meet in Asbury Park on October 28 and 29 for the fifty-second annual convention of the New Jersey State Nurses' Association, according to an announcement from Rose Coyle, R.N., the association's president.

"New Jersey nurses, just as much as patients, suffer from the shortage of nurses in our state today," said Miss Coyle. "The pressure on them is tremendous and at the forthcoming convention the members of our association will plan ways and means of meeting this problem for the coming

year. The improvement of working conditions is essential if the profession is to be able to attract enough young women to meet the future's need for nurses.

"The association's efforts have already brought about improvements in nurse personnel policies in many parts of the state, but much still remains to be done if the citizens of New Jersey are to have the quality and quantity of nursing care they need. The quality of nursing must also be protected by a state law requiring nurses to be licensed and to meet minimum requirements for practice. Such a law has the support of registered professional and practical nurses throughout the state."

The Hotel Berkeley-Carteret will be the headquarters of the convention and the scene of business and program meetings. A joint banquet with the New Jersey League For Nursing will be held on Thursday evening, October 28. The annual meeting of the League For Nursing precedes the State Nurses' Association at the same location on October 27.

All Heating Oils Are Not Alike

15 Years of Shell Research Overcomes A Major Cause of Oil Burner Service Calls

Clogged filter screens have been recognized for years as a major cause of oil burner service calls.

Shell Research spent 15 years developing a way to combat screen clogging. The result was FOA-5X, an additive that is now in every gallon of Shell Furnace Oil.

During three years of exhaustive testing of FOA-5X in thousands of homes not a single case of burner failure due to a clogged filter screen was reported.

For carefree heat all season, switch to Shell Furnace Oil with FOA-5X. It costs no more than ordinary heating oils. Call us today. We'll make all the arrangements.

FOOTBALL FOR YOUNGSTERS PLAN SET BY RUTGERS

Youth Day, one of the newest traditions connected with football at Rutgers University, has caught on so well and so fast that it has outgrown itself.

Established by Rutgers athletic officials a few years ago to give youngsters of the state a chance to attend intercollegiate football games, the Youth Day efforts have proven highly popular with the younger set, according to Harry J. Rockafeller, the State University's athletic director.

More than 2,000 boys and girls from scout groups, 4-H clubs, church organizations, and organized recreation groups were on hand in the Rutgers Stadium last Saturday when the Scarlet opened its home grid season here against Fordham.

In response to the increased demand, Rockafeller has announced that the Rutgers-Lafayette game here on Nov. 6, which will be the State University's fifth annual Hall of Fame Game, also will be open for the kids.

Tickets may be purchased for just 30 cents each by supervisory officers of any youth organization for boys and girls 14 years-of-age and younger. The supervisors at-

tending with the youngsters also attend for 30 cents each. They are not sold at the game or individually but must be ordered in advance.

Complete information on arrangements for a group may be obtained by writing to Director Harry J. Rockafeller, in care of the Rutgers Gymnasium, New Brunswick.

MATAWAN-GULLS, RAIDERS-LEONARDO ON TAP SATURDAY

The big scholastic gridiron tilt at the Shore this week appears to be the clash at Matawan between the two foremost contenders for the Shore Conference Class B championship, Point Pleasant and the champion Huskies.

Matawan's reign over the smaller schools may be in serious jeopardy, as the Garnet Gulls showed plenty of class even tho they dropped their opener to Freehold, 19-8, a week ago Saturday. Coach Bill Strattan's boys were idle Saturday and will be in top shape when they invade Matawan.

The Huskies were given a rude jolt Saturday when Neptune held them to a surprising 19-19 tie. Matawan exhibited a big line and a dangerous offense in this game, and served notice that it must still

be rated as the team to beat for the Class B crown. The Gulls think they can beat Matawan, and if they do they will be well on their way to acquiring the diadem because Keyport, Atlantic Highlands and Rumson, other B teams, are still to be really tested.

Keyport, fresh from its victory over the spirited Atlantic Highlands eleven gets its big chance against Middletown Township High School. Leonardo always hangs one on Keyport although some experts predict a Keyport win this year.

ENROLLED AT JUNIOR COLLEGE

Four additional shore students have been enrolled at Monmouth Junior College as the institution's enrollment reached the second highest number in its history. Registrar Ruth E. Nebel disclosed the final registration at the junior college had reached 720.

Additional shore students enrolled are Sandra L. Maskrey, 115 Main street and William E. Whitacre, 162 Washington street, Keyport; Thomas W. Wilson, Seeley avenue, Keansburg and Bruce Robinson, South Atlantic avenue, Matawan.

It pays to advertise in this newspaper.
