SHE LOVED THE ITALIAN

IT SEEMS THAT LOUISE GILES WAS NOT KIDNAPPED AFTER ALL.

Chief Grant Found the Couple Yesterday Afternoon, but They Shown a Marriage Certificate and a Wedding Ring.

What appeared to be an abduction Thursday, seems now very much like a runaway, and young Louise Giles, instead of being dragged away to the Italian shanty in the corner of Terrell road, evidently went there of her own free will in company with the man of her heart.

Soon after the Press had exclusively told the story of the disappearance of Louise Giles to the public, Chief Grant found the missing girl and an Italian, by the name of Ernest Lucio, her supposed abductor. Now Louise is at her home, while Lucio is having a hearing.

It was not until 7 o'clock Wednesday night that the police were informed of the disappearance of the girl and that she was supposed to be at the Italian shanty in the corner of Terrell road and North avenue. Chief Grant and Sergeant Kiley started out to investigate. They reached the hut only to find that the excited family of the missing girl had already fled, and Louise was not to be found, but one of the Italians informed them that she had gone to the house of a certain Italian in Scotch Plains. They searched the latter place only to find that an Italian scout had preceded them and that Lucio and his supposed captive had left a few moments before.

The police were not inclined to believe the kidnapping theory as they knew that Louise had previously seemed quite taken with this young Italian, and he had shown a great liking for her. On the night before, Sergeant Kiley had warned him to "keep away and leave her alone."

Yesterday the search was continued and in the afternoon Chief Grant again visited the Italian shanty on Terrell road. It is now known that he was standing by the hut when suddenly Lucio and Louise Giles appeared on the scene. The chief was rather astonished and so were the young couple, Grant knew that he wanted, however, and his first remark was to Lucio.

"What you?" he said.

"I want you," said the Italian, as he looked steadily at the chief.

"I have a warrant for you," answered the officer.

"All right," was the reply and the Italian thrust a paper into the chief's hand. It was a marriage certificate and told that Louise Giles and Ernest Lucio had been married by Justice Hart, of Westfield.

Nevertheless the chief arrested both young men. Grant knew that he was wrong. The weeping girl was turned over to her parents, for she could tell nothing in the excitement of the moment.

"She's not fifteen yet," said her mother. "She has no more idea what she's done than a babe unborn."

"If she's not fifteen you're her guardian," said the justice. "You did not consent to her marriage."

"Oh, no, I am overcome with shame," she was taken to that shanty and kept there against her will. She was there when I asked her what she would do, and she said 'I'd go'."

"Oh, don't bother, mother," the bride sobbed. "Let it rest where it is and I won't live with him."

"Yes, I'd like to take her home," Mrs. Giles asked.

"Yes, indeed, and to keep her, too, until the case is settled," said the justice.

The couple did not seem to object to the arrest but, on the contrary, seemed much pleased with the course of events.

"Can you furnish \$500 bail?" asked the justice.

"What?" gasped the Italian and his sunny smile faded away. "Me? I don't think I" and so the officer in charge locked up a very dejected couple while his wife was led away by her mother.

Justice Newcorn recognized Lucio as one who consulted him about a love affair several weeks ago.

The girl, Grant knows now, is the Italian said on that occasion. "Her mother won't let us marry. The girl is fifteen years old. What will I do?"

"Keep away from her and keep out of trouble," said the justice. "If Lucio didn't take the advice, he has retained ex Judge W. A. Coddington as his lawyer."

The case was adjourned this afternoon until Monday afternoon at 10 o'clock.

Death of an Estimable Resident.

He was married and had four children, Mrs. William E. Lowe, of this city, Mrs. Charles Lockwood, of Philadelphia, Mrs. George W. Ely, of New York, and Mrs. Wheeler, who in former years followed a variety of occupations, but about eight years ago he lost an eighteen-year-old son from the effects of which he was stricken down with nervous prostration. SENT TO REFORM SCHOOL.

LADS WHO STOLE FROM THE BOYS CLUB ARRANGED IN COURT.

John Hickory, the Westfield Waylifter, Sent to Prison for One Year—Another Brought Down to Jail for Three Months.

The fall term of the court of general quarter session opened last Wednesday morning at Elizabeth, with Judge McKim presiding.

A considerable portion of the session was devoted to the making of citizens, and about thirty were naturalized. A large proportion of them were German, while others were of various nationalities. Together with a number of former subjects of the British empire.

The criminal business before the court were several cases of minor importance, the prisoners awaiting trial being arraigned.

Albert Williams, the colored lad who stole "Jack" Price's bicycle from in front of the Westfield bowling alley, and then plotted it to conceal its identity, pleaded guilty, but as his mother promised to take better care of him, he was paroled with the understanding that if he did not behave he would be sent to the state reform school.

Two youths, William Biss and Dorsey Conover, both of Plainfield, pleaded guilty to breaking into the Boys' Club in this city and stealing books and other valuables at 103. The colored man, after committing them to the reform school.

The wife beater, John Hickory, of Westfield, was the next arraigned. On July 29 he beat his wife, who is 70 years of age, as brutal a state as he believed to be fatally injured. She was removed to the General Hospital, where for a week she hovered between life and death. Her condition was so bad that she had to be starved, and was taken, but she afterward rallied and recovered.

The trouble between Hickory and his wife arose because she asked him for a kiss and he was not in a kissing mood. He was charged with assault with a hickory club.

When asked for his plea, Hickory said, "I plead guilty; but it was the woman's fault." He was sentenced to one year in the state prison.

Wesley Shepherson, colored, was another Westfield charged with assaulting his wife. She was placed upon the witness stand and told how her husband had struck her with a hickory club, during which he struck her with iron rod. The trouble was partly her fault. Shepherson went to jail for three months.

Trouble in the Northwest.

Dr. O. L. Jenkins and wife who started Friday for the west will join the "Big" and "Whisper" party at Seattle, Wash., returning with same probably in November or December. During their absence they will visit all the principal resorts and attractions of the Pacific northwest, will spend several weeks in the Yosemite Valley and on the return trip will stop at Salt Lake City in order to visit the Tabernacle, making sojourns also at the Colorado, the fine new hotel which is located in the heart of the Rocky Mountains, Glenwood Springs. They will also stop at Manitou Springs, where the Garden of the Gods, Pike's Peak, etc., will be visited.

Really Looking Up.

A canvass of some of the leading real estate dealers in this city gives encouragement to the real estate market here. With single exceptions the dealers were of the opinion that property is slowly but surely increasing in value, but few important transfers are being made just at this time when the market is so quiet.

On the quiet live, homes that have been vacant in years past are now occupied, but this may be largely due to local causes. The prospect for business in the real estate market here next season, some of the dealers say is most encouraging.

The Plainfield Ice Company Thursday consummated the deal for thirty acres of land in the Notch which will be used for an artificial pond to make ice in the winter. The land was bought of Charles Deane, of R. Wolfert and Mrs. Underhill. It takes in the site of the old French mill pond. F. A. Dunham commenced the survey today.

Mrs. Geo. W. Lowrie, of Plainfield, and Mrs. Annie Belding, of Poughkeepsie, are visiting Mrs. Hiram Belding, of Glenview, N. Y. They spent Labor Day at the Belding's beautiful cottage at Sacandaga Park, which is the great southern entrance to the Adirondacks. They are delighted with the beautiful park and the surroundings. The treatment they received at the hands of Mr. and Mrs. Belding and the host of friends they made while there.

NO ROOM FOR GOLDEN.

DEMOCRATIC STATE CONVENTION DECLARED FOR FREE SILVER.

James E. Martin's Tactic and Strife the Popular Chord by Saying That all Gold Men Must Leave the Convention.

The Democratic State convention at Trenton, Wednesday, was well attended and very enthusiastic. Samuel Fowler acted as temporary chairman. In his introductory remarks he predicted that the State would go for Bryan and Sewall by an immense majority.

After a speech of confidence of the platform, he was greeted with cries of "Our next Governor?" and "Our next United States Senator?" He introduced Congressman Benton McKim, of Trenton, James E. Martin, spoke of Messrs. Cutler and McKim's addresses:

"Hon. Augustus Cutler made a strong speech insisting that this was no new theme, but that both parties have been conducting a new theme for years. His remarks were cheered wildly. The talk of Hon. Benton McKim, of Tennessee, was filled with statistics and facts. He said that the gold standard was a failure, that it was costing millions of people their money. He quoted Hon. Wm. McKinley as urging bi-metalism. He said McKinley's stand today was but McKinley's stand yesterday."

TOSSERS IN TEENS WON.

THE Y. M. C. A. NINE CHAGRINED BY A DEFEAT BY THE P. A. C.

Their Confidence About Winning Was Rashed Shaken by the Youngsters Who Put up a Lively Game All Around.

Surprises are always in order, and when the Plainfield Athletic Club team defeated the Y. M. C. A. ball team, last Saturday afternoon, one of the greatest surprises of the season was met. The former team is composed of young men in their teens, and from across many minds, a new Plainfield Saturday's game, people were inclined to laugh. They won, however, and the game was fairly contested. Of course the P. A. C. played in great luck, but that was circumstance, not fact. For five innings neither side scored a run. There was no heavy batting and the ball never seemed to get away from the fielders. As each inning was played and no runs were scored, everybody began to wonder whether there would be any runs. The ice was broken in the sixth inning, however, and the Y. M. C. A. team scored four runs. In the next inning their opponents also made four runs. The P. A. C. boys continued making three runs in the eighth and ninth innings, while in the last inning after two men were out, the P. A. C. batted out five runs, thereby winning.

It was a great game and no better has been seen in Plainfield this year. The Y. M. C. A. team felt their defeat so much that they at once arranged another game for next Saturday. Those on the winning team that distinguished themselves were Mummford, Lederer, Bollerstein, Stuphen and the battery, Wian and Erickson. The Y. M. C. A. team played a good game, but they were not so lucky. In the field they put up their usual play. Their opponents played for all they were worth and were determined to win if possible. In the last inning they hit the ball very hard and every time they got a runner on base, they were in the field to play their usual play. Their opponents played for all they were worth and were determined to win if possible. In the last inning they hit the ball very hard and every time they got a runner on base, they were in the field to play their usual play.
