A. L. Force, Editor and Proprietor

NO ROOM FOR ROAD HOGS.

There are so many road hogs on bicycles and in wagons, and so many irresponsible drivers who are ignorant of the ordinary rules and ordinances with reference to riding and driving, and such a demand for a definite and reliable statement of the rights and duties of all who use the highways, that it has been suggested that all these matters should be fixed by statute. There are reason and common sense in the suggestion. A few years ago bicycle riders did not know and could not know what ordinances governed them with reference to lamps, bells, etc., when they left one borough and went into another. There were no rules at all in some and very few in others. In 1896 the Legislature passed a law requiring uniform ordinances in all cities, boroughs and townships, and now the law is the same everywhere. There should be uniformity of laws and regulations with reference to passing wagons and carriages, with reference to turning out upon carriages and bicycle meetings, and in short, with reference to all the principles of the law. Courteous drivers and riders have no difficulty, but the road hogs need to be restrained.—Elizabeth Journal.

STOP THE THIEVING.

The somewhat startling frequency with which burglaries are now occurring in Plainfield has led some of our citizens to suggest a need to the local authorities for the protection of property. A night patrol, if properly conducted, with trustworthy men as night riders, would be a great source of security. Where such a system has failed, it has general failure because it was laxly administered. With a proper system of night riders, plainclothesmen, and men on their rounds during the night, and when this is accomplished, the business of the professional burglar becomes at once more difficult and more serious. This is only a suggestion, however. The point he borrows in mind is, that action of some sort is needed at once to check the wholesale pillaging that is going on.

TOO MANY BILLS.

Too many laws; too much government. In New York the Legislature passed this year nearly a thousand bills, and Governor Black has signed about 800 of them. In New Jersey the new laws will run well up into the thousands. The Legislature has killed nearly a hundred of the bills passed by the Legislature. What under the sun is the use of so many laws, for all these are in addition to thousands of laws already on the statute books. The point he borrows in mind is, that action of some sort is needed at once to check the wholesale pillaging that is going on.

HIS FAME WAMES.

Notwithstanding the fact that Congressman Fowler presumes to keep the newspapers of New Jersey well informed in part in the National Legislature, he has the distribution of documents in which his name is the principal thing that greets the eye on the title page, a Burlington county editor has erred grievously by referring to the editor of the Union county statesman as Mr. Fowler. Down in the "Port the Congressman may sometimes be referred to as a "punch," but to be spoken of as a "punch" is a point that grows in an appellation hardly expected.

AFFECTING BENEFICIAL ORDERS.

In a recent suit of a member of a secret and fraternal society to recover sick benefits claimed to be due him the justice consulted the plaintiff on the ground that he had not laid his case before the highest court in the State. In the order, the Supreme Court of New Jersey held that members of fraternal societies must exhaust every remedy to their order before resorting to the courts. This is a point that members of lodges and societies will do well to make a note of.

CASTORIA

For Infants and Children.

EDUCATIONAL MATTERS.

CONDUCT OF CITY SCHOOLS CONSIDERED AND DECIDED ON.

The appointment of the teachers for the next school year was the principal business that attracted the attention of the Plainfield Board of Education at its meeting, last Monday. It was the regular June meeting of the Board, the last before the public schools close for the summer, and there were no members of the Committee present to be arranged.

The meeting was held in the Board room in the Stillman building and all the members, the clerk and Superintendent Hixson were present. After the usual list of approved bills were read and ordered paid and other routine business transacted, the Board considered a bill from the Dunellen Board of Education for tuition of pupils living in the city limits but outside of Dunellen. The bill amounted to \$20.43 and was ordered paid if found correct.

The regular communication was received from Collector Bird, showing the amount of taxes collected in 1897 had been collected, with interest amounting to \$73.43, making a total of \$1,099.05, which had been deposited in the First National Bank to the credit of the Board.

A communication from the Mutual Life Insurance Company announced that interest of \$350 was due. The interest was ordered paid and also \$1,000 toward the principal.

Charles E. Herring, of the Department of School Administration, of Wisconsin, was read, telling of the annual convention of School Board Associations at Milwaukee. The Board was invited to send a delegate. The Board was instructed to acknowledge the receipt of the invitation, and it was remarked that any member who cared to go would be made the delegate. It is probable, however, that Plainfield will not be represented.

Stevenson B. Hope, janitor of the Bryant School, wrote to the Board asking for a vacation of ten days after the school closes. His son would look after the building. The Board gave him a favorable reply.

Although the members of the Board have been already importuned regarding the appointment of a janitor for the new building, the Board decided to build a new building, which is now being converted into an overflow school, there was but one formal application made to the Board. It was from H. O. Corra and was placed on file to await action.

It was suggested by one of the Board that there should be one janitor for the Wadsworth school and the old church as neither was very large nor required much time.

Charles E. Herring, the Board then went into executive session. The financial statement for the month was as follows:—Receipts—From City Collector, \$1,099.05; pay ment on loan to building account, \$2,000.00; total, \$3,099.05. Payments—teachers, janitors and clerk, \$4,400.00; school books and supplies, \$238.25; repairs, etc., \$123.76; building account, \$2,000.00; total, \$6,761.01. First National Bank, \$2,445.97. First National Bank, \$1,884.48.

A Victory for Science.

A TORTURED WOMAN CURED BY CAPSULOID.

The Remarkable Experience of a Philadelphia woman. Her Blood Turned to Water and Life Was Saved by the Use of the New Discovery of Science.

From the Boston Herald, New York, N. Y. One of the first persons in this country to be cured of the terrible sufferings of a woman, in Mrs. Hattie Bessell, 2323 Jefferson street, Philadelphia. Mrs. Bessell's blood was turned to water, and she was cured by the use of the new discovery of science, in Mrs. Hattie Bessell, 2323 Jefferson street, Philadelphia. Mrs. Bessell was cured by the use of the new discovery of science, in Mrs. Hattie Bessell, 2323 Jefferson street, Philadelphia.

"Yes," she said, to a reporter, "my case has proved the value of all the new methods of treatment were tried but they had no effect in my case. The physician said that the trouble was with my blood, but it proved beyond their power to cure my case. Capsuloid was tried and then I recovered."

"I was cured by the use of the new discovery of science, in Mrs. Hattie Bessell, 2323 Jefferson street, Philadelphia. Mrs. Bessell was cured by the use of the new discovery of science, in Mrs. Hattie Bessell, 2323 Jefferson street, Philadelphia."

NOVEL BURGLAR ALARM.

THE MARAUDER'S VOICES HEARD THROUGH A SPEAKING TUBE.

H. C. Christianson, Made Aware of the Thieves and Then Fired a Revolver and the Former Soon Made Their Departure. H. C. Christianson, who lives on the county road near the Fairview station, was awakened by a burglar alarm, which served him faithfully Sunday night, when it gave notice of the presence of two burglars at the back door of his residence. The alarm was given by a speaking tube, which was connected with a burglar alarm, which served him faithfully Sunday night, when it gave notice of the presence of two burglars at the back door of his residence.

"Sunday night at about 12:30 o'clock Mrs. Christianson was awakened by a burglar alarm, which served him faithfully Sunday night, when it gave notice of the presence of two burglars at the back door of his residence. The alarm was given by a speaking tube, which was connected with a burglar alarm, which served him faithfully Sunday night, when it gave notice of the presence of two burglars at the back door of his residence."

IS IT A SUSTAINER?

How much manual labor do you think you do in a day?

A post-man averages about 353 foot-tons. An ordinary laborer 350 tons. A very hard day's work would be 400 tons. A clerk or bookkeeper may fall as low as from 15 to 20 tons.

In Weston's recent walk to Albany, 150 miles, in 60 hours, we calculate his work was no less than 1005 foot-tons, and his food consisted entirely of

H-O. As an ideal sustainer, H-O meets every demand.

WHAT LL VOORHEES DO?

AN INTERESTING SITUATION FOR THE JERSEY REPUBLICANS.

The Union Senator bound to help in a party victory, and the Republican Party, a Senatorship Campaign.

One fact was developed at the recent special session of the Legislature which has thus far received but little attention. Its importance with relation to the Union Senatorship Campaign is bound to bring it out in all its peckish obtrusiveness, however, and it will rise up to vex the Republican managers in the days to come. It is the fact that the regular session of the Legislature, in which so much peckish politics figured, it was conspicuously noticed that a severe frost has settled upon the relations of Governor Griggs and Senator Foster M. Voorhees, leader of the majority in the Senate.

The demonstration of disaffection came during the Senatorial caucus on Monday night last, preceding the extra session. It was a joint information talk among the fourteen Republican Senators as to the course to be pursued. It was a well established and thoroughly understood fact that the Governor desired the Legislature to simply correct the typewriter's error in the anti-gambling amendment and speeded it home. How well the leaders had things in hand was demonstrated later when the crucial test came. Many of the Senators had felt the withering stroke of the veto pen upon measures, and they hoped to gather enough support to resurrect the bill later when the crucial test came. Many of the Senators had felt the withering stroke of the veto pen upon measures, and they hoped to gather enough support to resurrect the bill later when the crucial test came. Many of the Senators had felt the withering stroke of the veto pen upon measures, and they hoped to gather enough support to resurrect the bill later when the crucial test came.

ENLARGE THEIR HALL.

SAENGERBUND FIND THAT THEY NEED MORE ROOM.

An Extension to be Made to the Rear of the Existing Building, and the Basement Altered in Many Important Ways.

The monthly meeting of the Germania Turn Verein was held Thursday night, when many business were transacted. The members were elected and four applications were received. The members decided to pay a visit to the Aurora Singing Society during the first part of next month, and Henry Hand, and Louis Koller, were appointed committees to arrange for the trip which will be made on some convenient Sunday.

The building committee, of which Robert Kahn is the chairman, made a report and presented plans and specifications for the proposed new additions to the present structure. The extension to the building in the rear will be 21 feet and the new building will be introduced, and in the addition a commodious stage, with dressing rooms, will be erected. The bowling alleys will be made the regulation size and the billiard room enlarged considerably. A great change will be made in the basement so that it will be large enough to use for any ordinary purpose, such as to hold meetings or social gatherings if the space desired. The entire building will be heated with hot water and every modern convenience, including bath rooms for men and women, will be provided. Mr. Oakley is the architect and the estimated cost of the new building will cost the society about \$4,000. Owing to the lateness of the hour last evening the members adjourned for two weeks when a special meeting will be held at the Germania hall, pending in detail the proposed changes.

A CONVICTION VACATED.

MICHAEL WATSON GAINS ANOTHER POINT OVER THE CITY.

Supreme Court Decides That City Judge DeLima Had No Right to Hold the Trial in Private Without Counsel Present.

Michael Watson, who has been before the City Court charged with breaking the excise laws more than any other alleged offender in the city, is to go free. He has not been in jail for some time but there has been a case hanging over his head for some months which was only decided Thursday.

Watson was charged with selling liquor from his store of Grant avenue, near South Second street, on Sunday, which is against the city ordinance. He was arrested and finally pleaded guilty to the charge. He was fined \$100 and given 30 days in jail for a term of sixty days. He was taken to Elizabeth and viewed the world from behind the bars for several days. The case was released from the city court, obtained by S. S. Swackhamer, one of his counsel.

James J. Bergen and Hugh Mehan, who are also counsel for Watson, obtained from the Supreme Court Thursday afternoon a writ of habeas corpus for Watson's conviction on Watson's plea of guilty. The ground of the decision is that the City Judge received the plea in his private office instead of the Court room. Watson was first pleaded not guilty, and a day was set down for his trial in the City Court room. Before the day arrived, Watson went alone to the City Judge's private office, withdrew his plea of guilty, and pleaded in place of guilty. The City Judge accepted the plea and imposed sentence of fine and imprisonment. Watson afterwards tried without success to withdraw the plea of guilty, but the Court refused. A conviction cannot stand because it was made in the private office of the City Judge without the presence of counsel on either side. S. S. Swackhamer was after Watson's release, and Hugh Mehan in the case.

The Corporation Counsel says that he has several courses under consideration as to Watson's case. The city may decide to refer the case to the court of last resort, or to accept the decision and proceed against Watson by indictment. He was unwilling to give any opinion on the case until he should have had opportunity to read the decision.

Through a Bottle at the Clerk.

Thursday afternoon about 4:30 Mr. Mayor, accompanied by a large escort, called at F. W. Bowley's drug store and asked for a quantity of alcohol. She had a bottle with her and she desired that no label be placed on the bottle to designate its contents. The clerk refused to give the woman the alcohol without a prescription. This angered her and she threw the bottle at the clerk. It missed its aim and struck a woman in the back of the head. After the woman was removed to the home of Mrs. Randolph, on Somerset street, where she has been stopping for some time. Proper treatment was given her and in a short time she was able to leave.

Miss Mary Collier, of East Sixth street, has returned from a visit in Brooklyn.

THE CITY RESPONSIBLE?

CHARLES H. HAND REFUSES TO PAY TAXES UNDER MARTIN ACT.

He Makes Two Strong Points in His Own Favor—The Matter to be Referred Directly to Martin Act Commissioners.

In a mild way, Charles H. Hand, the well-known real-estate owner and operator, has refused to pay taxes under the city by paying taxes on a piece of property that, on the authority of the city's own tax officials, was said to be entirely clear of tax encumbrances. The property is one of the many properties that fall under the provisions of the Martin Act in the house and lot known as the Frazer property, at the corner of Watchung avenue and Second street, which Mr. Hand bought some time ago.

Mr. Hand argues that he has every point in his favor as against the enforcement of the Martin Act for the collection of \$60, which is said to be due on the lot. He says that the property was once sold by Corporation Counsel Craig A. Marsh at a special master's sale and advertised and announced from a public place at the time of the sale, as an enclosure of all encumbrances, taxes or otherwise. Mr. Hand thinks that when the Court of Chancery guarantees the title of a piece of property sold under its authority that the property is free from all encumbrances is a good deal of responsibility in endeavoring to collect from an innocent purchaser an encumbrance which the highest court of the State said did not exist.

The second strong point is also a strong one. He insists that the city, the same as a private corporation, must be responsible for the acts and errors of its employees. There is no question about the fact that the city is a corporation, and it is a good deal of responsibility in endeavoring to collect from an innocent purchaser an encumbrance which the highest court of the State said did not exist.

The trial was exciting and grew more so as time flew by, for Roese became excited and it took the combined efforts of the two judges and two officers to keep her quiet. Champion explained that he had been a good boy but that he had called him proper names. Roese reciprocated by calling the judge a "dumb ass" and made a complaint against his neighbors.

There was trouble in the "Flat" during Albert Champion, who runs a barber shop and incidentally an office, and Mrs. Roese Jackson, who is the mother of the boy known as "Belle" or "Bel" Champion is a little man, agile and spry. Mrs. Jackson has a ponderous form, and like all large bodies, moves slowly. So it was the Champion who rushed the Judge's office first and made a complaint against his neighbors.

DUSKY FLATS EPISODE.

ITS COLORED DENIZENS AIR THEIR TROUBLES IN POLICE COURT.

Barber Champion and Mrs. Jackson Indulged in an Exchange of Compliments and Then Had to See the City Judge.

"Parade Alley has a rival in the dusky flats in the police court. The portion of Madison avenue in the vicinity of the old Alert House Company's house between Front and Second streets, has been called, is rapidly rising in reputation as the wonderful performance of its denizens.

Three peering colored characters from "Dusky Flats" lined up before the City Judge Friday morning on the charge of disturbing the neighborhood with their profane and indecent language. It is the belief of the people of that district that the first one to reach the Judge's office is the best, which will explain the race for that office Friday morning.

There was trouble in the "Flat" during Albert Champion, who runs a barber shop and incidentally an office, and Mrs. Roese Jackson, who is the mother of the boy known as "Belle" or "Bel" Champion is a little man, agile and spry. Mrs. Jackson has a ponderous form, and like all large bodies, moves slowly. So it was the Champion who rushed the Judge's office first and made a complaint against his neighbors.

The trial was exciting and grew more so as time flew by, for Roese became excited and it took the combined efforts of the two judges and two officers to keep her quiet. Champion explained that he had been a good boy but that he had called him proper names. Roese reciprocated by calling the judge a "dumb ass" and made a complaint against his neighbors.

The trial was exciting and grew more so as time flew by, for Roese became excited and it took the combined efforts of the two judges and two officers to keep her quiet. Champion explained that he had been a good boy but that he had called him proper names. Roese reciprocated by calling the judge a "dumb ass" and made a complaint against his neighbors.

THE BOROUGH AFFAIRS.

COUNCILMEN AND MAYOR CONSIDER MANY IMPORTANT THINGS.

The Police Department has received considerable attention from the Council.

A great deal of important business was transacted at the regular meeting held Friday evening, and all of the members were present to attend to it.

The financial report of the borough clerk was as follows: Lights, \$6,000; police, \$4,300; fire department, \$1,000; streets, \$3,350; poor, \$1,800; water, \$1,300; bonds, \$875; Watchdog avenue bonds, interest, \$1,700; incidentals, \$1,025.

Mr. McLaughlin stated that the book of records be purchased for the clerk as it is very much needed. A resolution offered by Mr. Rogers confirmed the election of officers chosen in the fire department.

The resignation of ex-Marshall Walter G. Smiley was received and accepted.

The Plainfield fire and Cold Storage Company has communication stating that they have a reservoir at Washington.

The residents of Craig place petitioned for an electric light and asked that it be located at 11 Craig place.

The taxpayers and property-owners of Sycamore avenue asked the Council to macadamize the street and stated that they would pay their share.

Mr. Woolston, in reporting for the street committee, stated that \$231.65 had been expended on streets in the borough during the past month.

Mr. Rogers offered several suggestions, which later took the form of resolutions, and were adopted.

Mr. Burdick offered an ordinance regulating the police department, and the same was adopted on its second reading and laid over until the next meeting for final adoption.

At this time the Mayor appointed Mrs. Campbell and C. H. Grader as night marshals and George Kliner as marshal to take the place of Marshall making.

The Mayor in making his report stated that the borough was not sufficiently well protected, and he felt as though the department should be increased.

TALENT IN THESE GIRLS.

MISS JACKSON'S CLASS GIVE THEIR CLOSING RECEPTION.

A Delightful Programme of Recitations and Drills Was Presented in a Creditable Manner.

It is not of record to be purchased for the clerk as it is very much needed. A resolution offered by Mr. Rogers confirmed the election of officers chosen in the fire department.

The resignation of ex-Marshall Walter G. Smiley was received and accepted.

THE HOME OF L. V. RANDOLPH BEAUTIFIED BY A TALENTED ARTIST.

Though the Decoration is in the Infancy This Country the Idea is Older Than the Country.

Mural decorations in a young man's infancy—particularly in a young man's infancy—indeed, older than the Christian era—as old, for example, as Pompeii, the walls of whose elegant residences, or transferred in time, or in a museum, bear testimony today to the art and grace and taste of an age long gone by.

The different recitations were given with spirit and showed the ability of the pupils as well as the excellent instruction they had received.

Miss Jackson was exceedingly fortunate in selecting such recitations as seemed most adapted to the character of the pupils.

The party will land at Antwerp, spend the Sabbath there and a day beside the sea, and immediately cross over to England and make a tour of five days in the heart of the Shetland archipelago, covering parts of four of the central counties of England.

After a brief stay in London, and a day beside the sea, and immediately cross over to England and make a tour of five days in the heart of the Shetland archipelago, covering parts of four of the central counties of England.

THE POSTPONED FETE.

THE DELAY WILL PERMIT GREATER PERFECTION OF FEATURES.

Programme Arranged For Last Saturday Will Be Carried Out in a Complete Manner on Saturday of This Week.

The Fete Champetre, planned for Saturday, June 8th, that was to have taken place on Saturday of this week, has been postponed on account of the weather.

On Saturday, June 13th from 3 to 10 o'clock. Fortunately, no features of the Fete Champetre will be postponed.

It is hoped that the delay will permit of some of the arrangements for the entertainment and heighten some of its charms.

The pony carriages and boats will be there next Saturday, as will the May Pole at 4 o'clock to be wound by the young ones and at 5 o'clock by older children.

The Gypsy encampment with its gaily costumed queen and her court of gypsies, and the dancing and singing and play, as only gypsies can, the camp fire, the flapping and wonderful Palmist, whose skill in reading your future will be all the more convincing for its postponement.

There will be a grand display of fireworks, and the illumination as fine, the ice cream, fruit and flowers just as fresh and as delicious as ever.

The Fete will be held on Saturday, June 13th, from 3 to 10 o'clock. The programme will be as follows:

At 3 o'clock, the Gypsy encampment with its gaily costumed queen and her court of gypsies, and the dancing and singing and play, as only gypsies can, the camp fire, the flapping and wonderful Palmist, whose skill in reading your future will be all the more convincing for its postponement.

At 4 o'clock, the May Pole to be wound by the young ones and at 5 o'clock by older children.

At 6 o'clock, the Gypsy encampment with its gaily costumed queen and her court of gypsies, and the dancing and singing and play, as only gypsies can, the camp fire, the flapping and wonderful Palmist, whose skill in reading your future will be all the more convincing for its postponement.

At 7 o'clock, the Gypsy encampment with its gaily costumed queen and her court of gypsies, and the dancing and singing and play, as only gypsies can, the camp fire, the flapping and wonderful Palmist, whose skill in reading your future will be all the more convincing for its postponement.

A VICTORY AT THE START.

CRESGENT BALL TEAM DEFEATED THE NEW BRUNSWICK Y. M. C. A.

The New Club is Composed of the Pick of Local Crick Players and Put up a Game That Eluded All.

The Crescent Baseball Club opened their season on the 1st of June at the grounds, Saturday afternoon, by defeating the New Brunswick Y. M. C. A. in a closely contested game.

The game really was exciting, for the visitors took the lead in the third inning, but in the fourth, the home team took the lead and then they won the game by a score of 10 to 5.

The new club is composed of the pick of the players of last season's Plainfield Athletic Club and Y. M. C. A. nines. The old Crescent's field was arranged for the game, and the several hundred spectators that turned out for the game were very much pleased with the general appearance of the team and field.

A grand stand with canvas shade had been erected, while a plentiful supply of camp chairs and blankets were provided for the use of the other patrons.

As to the game, it cannot be said that the Crescent's outplayed their opponents, but by the bunching of hits and accurately errors on the part of the New Brunswick infielders, the Crescent's gained their victory.

The score would have been larger by several runs for a pretty running catch by Tallman. There were three men on base when the ball was pitched, and George Schoonmaker came to bat. He sent the ball apparently far over the centre fielder's head, but the latter ran and just managed to get it on the ground. The embankment on Richmond street.

Charley Mumford made the only home run of the game by knocking the ball into the chicken yard in far from a graceful manner. The ball was pitched by Tallman, and the batter was trying to scale the wire screen, Charley flew around the bases and the shouts of the spectators.

There was much enthusiasm shown, but the game was not finished and did their work satisfactorily.

There was much enthusiasm shown, but the game was not finished and did their work satisfactorily.

JAPAN MISSION WORK.

MRS. HILTON PEDLEY GAVE TWO INTERESTING TALKS.

The Devotion and Customs of the Japanese People, and the Progress of the Christian Mission in Japan.

Mrs. Hilton Pedley, a missionary of the American Board, who has been in Japan for nearly ten years, is now in America on a short furlough, and has just returned to the States.

Her life in that most fascinating of foreign countries. Sunday afternoon she spoke for two moments to the Sunday-school of the Congregational church in the evening.

A CHARMING MUSICALS.

PUPILS AT THE SEMINARY RENDERED A PROGRAMME.

The various numbers given with skill, accuracy and expression to the enjoyment of those who were present. Monday afternoon a delightful musical was given in the parlors of the Plainfield Seminary by the pupils of the musical department under the training of Miss May, of New York.

The following programme was rendered with skill, expression and accuracy, for not only is Miss May town command of the piano musical, but she also has the power of imparting to her pupils such a knowledge of music that composers like Schubert, Mendelssohn and Grieg were interpreted with realistic power:

- March: Minnie Rose, with skill, accuracy and expression to the enjoyment of those who were present. Monday afternoon a delightful musical was given in the parlors of the Plainfield Seminary by the pupils of the musical department under the training of Miss May, of New York.

One of the pleasing features of Miss May's instruction in the singing of songs is that she has the power of imparting to her pupils such a knowledge of music that composers like Schubert, Mendelssohn and Grieg were interpreted with realistic power:

In the absence of two of her pupils, Miss May, by request, sang the "Flautist," by Schumann, and "Widmung," by Schumann, with such rare execution that they elicited an enthusiastic encore. Miss May gave in response "Goodnight," by Mendelssohn.

At the close of the musical programme, Mrs. Charles Sprague Smith, of New York, the instructor in the art department, read a deeply interesting paper entitled, "The Art of Criticism."

The knowledge of the artist's conception and study of the artist's thought, she considered indispensable to just criticism. An exhibition of the art student's work was given in an adjoining room, while light refreshments were served. In this exhibit the work done by the life class and composition in black and white, was of especial merit.

NO TROLLEY FRANCHISE YET.

Bound Brook Council Again Postpone Important Action.

The Bound Brook Borough Council, Tuesday, did not decide on a trolley franchise. It only adopted a street grade upon which the trolley cars would run.

Much dissatisfaction is expressed by the citizens because the writ of certiorari served upon the New York and Philadelphia Company expired without any action being taken to have the right of way granted.

The Board adjourned to June 16th. Willard P. Voorhees and Frederick Weigel, lawyers, representing the Brunswick Traction Company, were present.

The Trustees of the company, for the interests of the company in the Supreme Court, instituted by William Schure, of Bound Brook, in the matter of granting a trolley franchise to that town. The Brunswick Traction Company has the right of way and consent of the Township Boards between New Brunswick and Bound Brook, and a hard fight to get through the town.

THE NEW YORK, N.Y. The result of the papers will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It cures Catarrh of the bladder, and destroys the foundation of the disease, and cures the patient suffering by building up the constitution and restoring the system in doing its work. The proprietors have no money in it in their curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of addresses to J. C. HENRY, Esq., 60, Toledo, O.

JUNE, MONTH OF BRIDES.

A HAPPY UNION OF LOVE CONSUMMATED AT HYMEN'S ALTAR.

Miss Minnie B. Timpon, of Newark, married to Robert S. Osborne, of Belleville, at the bride's uncle's in New York. A charming June wedding was celebrated Monday afternoon at the home of Mr. and Mrs. Edward B. Bird, of New Market, when their niece, Miss Minnie B. Timpon, of Newark, and Robert S. Osborne, of Belleville, were united in marriage by Rev. Mr. Durand, pastor of St. James' P. E. church, of Newark.

The home was a scene of beauty by a profusion of choice flowers. Especially in the parlor, where the ceremony was performed, was the room decked with the most beautiful flowers. The bride was banked in a tasteful manner each side of the doors through which the bridal party entered, while music was prettily festooned about the room.

While the bridal party entered the parlor the Mendelssohn wedding march was executed by Miss Mollie Chapin, of Newark.

At the altar they were met by the officiating clergyman who performed the ceremony according to the Episcopal church. The bride was gowned in white brocaded satin trimmed with duchesse and point lace. She carried a superb bouquet of white roses. The bridesmaids were Miss Eva Chapin and Miss Minnie Farley, of Newark. The groom was gowned in white and green organdie trimmed with lace and ribbons, while the latter wore a gown of white and blue and tie also trimmed with lace and ribbons.

The best man was Benjamin H. Timpon, brother of the bride, who gave him sister away in marriage. For the groomsmen, the United States Trust Company. Both he and his wife were handsomely remembered in receiving two beautiful and costly presents. The other presents were equally costly and useful.

Those present to witness the ceremony were Mr. and Mrs. John H. Osborne, Ebenezer Osborne, Hanford Osborne, Elsie Osborne, Mrs. Perry, of Belleville; Mrs. Benjamin Timpon, Mrs. Mollie Chapin, Mrs. Palmer, Mrs. Arthur McMahon, and Mrs. and Mrs. Urquhart, Charles J. Urquhart, Frank Urquhart, W. H. Brown, E. A. Brown, of Newark; Mrs. D. L. E. E. Jones, Mr. and Mrs. H. B. Cohen, Mrs. Chase, of Brooklyn; Mrs. Edward Timpon, Mr. and Mrs. W. J. Andrews, of Montclair; Mr. and Mrs. Howard Bird, of New Market.

TRULY TO A DINNER. Mayor and Mrs. Fisk entertained guests in a novel and royal manner.

Mayor and Mrs. Charles J. Fisk last evening entertained a number of their friends to a trolley ride and a dinner at Mountain Park Inn. The party left the home of the host and hostess shortly after 6 o'clock, taking cars to the depot, where the trolley car was waiting. Mountain Park Inn was reached in due time and at 7 o'clock the party sat down to supper. Covers for thirty were laid. After the supper a ride back to the city was taken.

Among the party were Mayor and Mrs. C. J. Fisk, Mr. and Mrs. R. Cox, Miss Cox, Mr. and Mrs. P. J. Mac, W. C. Kaufman, Mrs. Piny Fisk, Mrs. Fisk, Miss Lawson, W. W. Stockton, Master Mason, Augustus Fisk, F. Schoonmaker, T. F. Fisk, Tevere Stockton, T. Earl Stockton, George Stockton, G. J. C. Atkins & Co., Indianapolis, Ind., who were never before given a testimonial in my life. But I will say that for three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I can say with truth that my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children, and it has cured them of every ailment, and it is a cure—no empty stoppals, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by T. S. Armstrong, Apothecary, corner Park and North avenues.

HOSE HOUSE OPENING

BOROUGH FIREMEN AND OFFICIALS HAD A FESTIVE TIME.

W. R. Rod, Esq., of Passaic, New Jersey, was the guest of honor at the opening of the new hose house of the West End Fire Company, which was held Monday evening last.

The formal opening of the West End Fire Company, which was held Monday evening last, was a very particular and auspicious one. The commodious and pretty little house was filled with the members of the West End Fire Company, which was held Monday evening last. The formal opening of the West End Fire Company, which was held Monday evening last, was a very particular and auspicious one. The commodious and pretty little house was filled with the members of the West End Fire Company, which was held Monday evening last.

During the festive speeches were made by former Mayor B. A. Hedges, of Camden, and Mayor and Mrs. Loughlin, ex-Chief G. H. Fairchild, Assistant Chief James D. Anderson and Electrician Julius Stahl. Following the speeches several selections were rendered by the band and refreshments were served. The company had been well supplied the cigars were passed around and those present indulged in relating amusing stories. Mayor Wilson was unable to be present, owing to a slight indisposition, and other members of the Council were detained for good reasons.

The house and equipments are now complete and the company ready for duty. They appreciate the efforts of the borough Council to furnish fire protection for that section, and they will endeavor to give the best of service.

Barney Man's Bad Condition. Former Water Commissioner W. G. Bathman, of Rahway, is seriously afflicted with what is said to be softening of the brain. He had to leave the Water Board six weeks ago on this account and his condition since then has grown worse. He has been taken to the home of a relative in Rhode Island, in hope that his health may be benefited by the change of air. He is about fifty-four years old and was formerly foreman of the Gordon Press Works at Rahway.

Sanatorium to be Enlarged. Dr. J. Cooley is planning to build a large addition on the Jackson avenue side of his sanatorium on Westerville street. The new wing is to be sixty feet long and three stories high. It will contain twenty rooms and an electric elevator running from the basement to the third story. A porte cochere is to be built on the other end. The plans for these improvements have been drawn by Lancaster and Rogers.

A Costly Sanatorium. Lancaster and Rogers, the Babcock building architects, have completed plans for a \$5,000 residence for David C. Smalley, which is soon to be erected on Westerville street, near the corner of the Grace church property. It is to be a frame dwelling of modern style with a tower and octagonal plans on one corner. The house will be fitted with all the modern improvements.

Warren Chapel Repaired. Repairs are now being made on the Warren chapel. A new piazza is being erected and the fence and board walk re-laid and put in good condition. In the interior, improvements are also being made. The repairs are being carried out by a new crew of painters and a new coat of paint on some of the woodwork will greatly aid to the improvement of the rooms.

Paul's Advice to Timothy. Mrs. Pawlson led the devotional exercises at the meeting of the Primary Society's Union Monday afternoon, and Mrs. Mosher to Timothy. A short business meeting followed and the treasurer reported that there is a little over \$2 in the treasury. It was announced that Mrs. Pettit, of Elizabeth, would teach the lesson next Monday afternoon.

Councilman Harrows Resigned. A Plainfield citizen was greatly honored when the Prince Edward Hotel, by being elected to the vice-presidency of that institution. Councilman Elliot T. Barrows, of West Eighth street, was elected to fill that office after an exciting contest. He was chosen by a vote of 60 to 37.

Crop Report. The following is Weather Observer Neagle's crop report for the past week: Crops in general are looking good; grain and feed yield a full crop; sunshine and warmer weather greatly needed for the rapid growth of garden truck; light frost on the 2d, but no damage reported.

Deaths of Elizabethans Anniversary. Tuesday is the thirty-third anniversary of the death of the late Elizabethan, which was celebrated by the members of the Elizabethan Society, but there were no special exercises held in honor of it. There were some flags displayed in different parts of the city, and that is all that was done to commemorate the event.

Mr. John Gallek has recovered from his illness. Mr. Albert L. Giddis, of Bound Brook, has returned home after a visit with Mr. Abram Giddis of this place.

Bayonne's Board of Trade has protested against the local Council of the City of Bayonne budget being an excessive burden on the taxpayers.

Bogers' orchestra has been engaged to give two concerts daily at the Hotel Huxton, during the summer, beginning on the 19th.

Fred Smith, of the grocery firm of J. A. Smith & Bro., has purchased a lot on Central avenue, adjoining the city hall, and is erecting a house thereon.

OLD DISPUTE RENEWED.

SUPERINTENDENT HOLMES WOULD EXAMINE PULPITS.

Side a Communication to the School Trustees Which Principal Edwards Resolved to Arrange for Commencement Exercises in the Prospect street building last Tuesday. Principal Edwards and all the members of the board excepting Mr. Schoonover and President Green were present. Mr. Welles was elected chairman. The matter of employing a speed it constant to guard the Prospect street building on July 14th, and to prevent anyone from entering and ringing the bell, was discussed, and was referred to the committee on buildings and grounds with instructions that a constable be engaged. A communication was received from County Superintendent Holmes, enclosing a list of the textbooks which the State law prescribes to use in schools. Mr. Holmes also brought up the old dispute about the examination of classes in the high school, maintaining that while it was his duty according to law to examine the students for graduation, he had heretofore been ignored in the matter. Principal Edwards upon being invited by the board to express his views upon the matter stated that in his opinion the position taken by the County Superintendent was correct, and that he should allow that official to conduct the examinations in question. The committee in charge of the arrangements for graduation exercises received the textbooks and will take place on Friday evening, the 18th, in the Westfield Club Auditorium, and that the baccalaureate sermon to the graduation class will be preached on Sunday evening the 20th in the Methodist church by the Rev. Rufus Green, D. D. The question of purchasing a new flag for the Prospect street building was discussed and was referred to the committee on supplies.

The flag in use, which was presented to the school, is in very poor condition. The graduation class this year is the largest in the history of the high school, and the final exercises promise to be of unusual interest. The members of the class are Miss Belle Morrow, Miss Gertrude Noe, Miss Clara Conolly, Miss Hazel Wallace, Lloyd Thompson, John McCormick and Charles Foster. The graduation honors have not yet been announced.

It is now assured that Westfield's contemplated old-time Fourth of July celebration will come off in royal manner. The committee appointed by Buckner and Engine Company has already secured subscriptions amounting to over \$300, and are now figuring on the amounts to be expended on the various features of the celebration. The day will be ushered in by the firing of cannon and the ringing of bells. Bicycle races, foot races, horse races, a tub race on Clark's Lake and a base ball game will be among the events. In the afternoon a clambake will be held in the woods, with a dance and fireworks. The evening will be a display of fireworks will take place and a grand stand will be erected for the comfort of spectators. The Union county band will furnish music during the day.

A PERILOUS RIDE. Little Richard Campbell, Guided a Runaway Horse at South Plainfield. He is the resident of South Plainfield for a time, Monday afternoon, Ellis Campbell drove over from his home at Avon Park, accompanied by his wife and two children. Richard Campbell, Monday afternoon, on an errand. He stopped in front of Laine's barber shop and went in, leaving the lad sitting in the buggy alone. A drunken man in a cab, who was driving a horse, came up to the house, which is a very spirited animal. The frightened creature turned and ran up Front street. The lad had presence of mind to keep the horse in the street, and he did so. After several fruitless attempts to stop the runaway, Thomas Brantingham and several others succeeded in bringing the animal to a halt after an exciting run. The only damage done was to the harness, although there were a number of narrow escapes.

Mr. John Gallek has recovered from his illness. Mr. Albert L. Giddis, of Bound Brook, has returned home after a visit with Mr. Abram Giddis of this place.

Bayonne's Board of Trade has protested against the local Council of the City of Bayonne budget being an excessive burden on the taxpayers.
