

WITH A GRAND RUSH

Forty Thousand Boomers Enter the New Oklahoma.

ON HORSEBACK AND ON FOOT.

Everything as Orderly as an Army on Dress Parade.

Writing scenes during the morning and just before the closing of the day. The soldiers were unable to keep out all "boomers" and occasionally one was seen in hiding inside the line and near some chosen spot.

El Reno, Oklahoma, April 20.—Morning broke upon the camp of the land hunters with a heavy fog. The fog was a heavy downpour of rain as the day grew older. This turned the ground in the vicinity of the store into a quagmire of red mud of the consistency and adhesive quality of glue, and filled the owners of fast horses, who had counted upon their legs and hooves to carry them across the line, with dismay.

On the other hand those who were on foot looked upon the lowering clouds with gloom, as a heavy drizzle, in spite of the rain, meant an equal chance for all.

All the camps were early astir. On the line west of this place most of the boomers were up and had broken camp at a distance of several feet from the line. One of the four-giggle mills, of which there were four, was a heavy downpour of rain as the day grew older. This turned the ground in the vicinity of the store into a quagmire of red mud of the consistency and adhesive quality of glue, and filled the owners of fast horses, who had counted upon their legs and hooves to carry them across the line, with dismay.

THE LAKES HOPKINSON EXPLOSION.

The Cause of the Accident Will Likely Be Known in a Few Days.

Port Norris, N. J., April 20.—The terrible explosion at the American Powder Company's works, late yesterday, which resulted in the death of two men, the bodies being torn into fragments, and a deep gash being made in the earth, has cast a deep gloom over the community in the vicinity of the works at Lakes Hopkinson.

The cause of the accident will likely be known in a few days. The works of the company consisted of about forty small buildings, scattered at a distance of several feet from each other. One of the four-giggle mills, of which there were four, was a heavy downpour of rain as the day grew older. This turned the ground in the vicinity of the store into a quagmire of red mud of the consistency and adhesive quality of glue, and filled the owners of fast horses, who had counted upon their legs and hooves to carry them across the line, with dismay.

The report was terrific and was heard in the surrounding country for many miles. Buildings in the vicinity rocked as if on a stormy sea and in some instances appeared as if about to topple over. The startled workmen in the other powder buildings rushed to the street, and the air was filled with a cloud of dust and smoke flying through the air, near the lower part of the company's buildings.

They knew instinctively what had happened and ran for the mountain side. The explosion was a heavy downpour of rain as the day grew older. This turned the ground in the vicinity of the store into a quagmire of red mud of the consistency and adhesive quality of glue, and filled the owners of fast horses, who had counted upon their legs and hooves to carry them across the line, with dismay.

FOR A GIGANTIC TRUST.

The Standard Oil Company After Natural Gas.

Princeton, April 20.—The Standard Oil Company, it is said, is trying to absorb the leading natural gas companies in the West. The company has a large capitalization of \$15,000,000, and it is said, will be more than enough to buy a big independent oil pipe line to the seaboard. This pipe line is almost completed from the McDowell field, in the vicinity of Lincoln, on the Delaware, to a few miles below Philadelphia. It is owned by W. L. Mellon, the millionaire producer, and will be the only independent oil pipe line in existence.

The Standard, in its endeavor to secure this line, has a great cloud of crude petroleum down to such a low point, 69 cents a barrel, that the independent producers are talking of a shut down for five months beginning May 1.

—Chief Grant on Sunday ordered the sidewalk cleared in front of a fruit store on North avenue.

—Unity Lodge, No. 102, K. of P., will meet this evening, and confer the Third Rank upon four candidates.

—The sixth combination sale of horses took place at the Metropolitan Stables on North avenue, to-day.

—The Westfield Musical Society will give a concert in the Congregational Church at that place this evening.

—A sociable will be held in the Congregational Church on Friday evening, under the auspices of the Young People's Society.

—A tank in the rooms of the Plainfield Camera Club broke loose this morning and the contents dripped through into the postoffice.

—Professor Starr will give a lecture on "Daily Life of the Chinese," Thursday, April 26, at eight o'clock, in Assembly Hall.

—John Smith was a prisoner before the city judge, this morning, charged with being drunk and disorderly. He was fined five dollars.

—A working team from Lodge of the Castle, K. of P., of Somerville, will go to Roselle, this evening, and work the amplified rank on six candidates.

—The Temple Builders, an auxiliary of the Young Ladies Mission Band of the First Baptist Church, are preparing for a sociable next Tuesday evening.

—The big "C" on the Crescent Rink roof is to grow again. "Dory" Vroom, the well-known manipulator of the alphabet, resumes work upon it tomorrow.

—Dacker, the furniture man, has added to his stock a line of fine window blinds and trimmings. He has done simply for the accommodation of his customers.

—The delay in making a report by the Commissioners on extension is said to be due to the fact that a new map has been made of the proposed route in North Plainfield.

—The meeting of the St. George's Cricket Club for the election of officers, and the transaction of other business, which was called for last evening, was postponed until next week.

—James H. Force, formerly of the Force Hotel this city, but now of the Mansion House at Bound Brook, was granted a license by the court at Somerville yesterday morning.

The funeral of the late Thomas Sparling, who died on Monday, took place from his residence, at No. 3 First Place, at eleven o'clock today. The remains were taken to Greenwood for interment.

Superintendent John Bolton Smith, who was blown to pieces by the explosion of the American-Fordite Powder Mills, near Port Morris, Monday afternoon, was a near relative of Dr. R. J. Shaw, the pharmacist.

Miss Laura E. Tefft, a graduate of the Pestalozzi-Froebel Verein, of Berlin, Germany, will speak at Plainfield teachers Monday, April 25, at quarter to four o'clock on "Lessons From the First Great Teachers."

At the residence of Mr. and Mrs. A. C. Crulshaker on Belvidere avenue, this evening, a musicale will be given for the benefit of Grace Church.

The entertainment will be given under the personal management of A. E. Pearson, of New York.

Advices have been received by relatives in this city of the safe arrival at Graham, Texas, of Mr. and Mrs. P. M. French and William D. Craig. Upon their arrival there, several Plainfielders set down to supper—a sort of a reunion as it were.

The pastor, Rev. C. L. Goodrich, officiated at a quiet home wedding at No. 11, West Front street, last evening, and in consequence, Miss Lizzie Laing and in consequence, Miss Lizzie Laing.

It was a surprise to some of the friends, as there had been report of a severed engagement, but from time immemorial it has been the privilege of young lovers to disagree and then agree again. It was thought best, however, to have the wedding a private one. No invitations were issued.—From Rev. C. L. Goodrich's paper.

All who were in the church six years ago will be interested to hear from Mr. and Mrs. Roney, to whom our church owes so much, and whom none of us forget, and whom we have not ceased to miss. The pastor had the pleasure of visiting them in their home in Knoxville, and was entertained with all Southern hospitality. They are pleasantly situated there, and think Knoxville a fine city, though possibly fragments of their hearts are still in Plainfield. They are all well except that Mr. Roney is not fully recovered from something like neuralgia, which kept him from business for two months at the beginning of the year. They made many inquiries about the friends here and sent their kind regards to all.—Rev. C. L. Goodrich in "Our Church."

The three days "outing sale" by the ladies of the First Unitarian Church opened last evening in the new church building on Park avenue. The attendance on the opening night was large. The affair promises to be a great financial success. The interior of the beautiful little chapel was decorated with flags and bunting, and the various booths and tables were well patronized.

The entertainment committee had prepared a short and neat diversion for each evening, and for tomorrow afternoon.

Grace Church Election. The Annual Parish meeting was held on Easter Monday. Messrs. Edward Finch and C. P. Ball were elected Wardens, and Messrs. J. B. Dunmont, O. T. Waring, Howard Fleming, E. N. Erickson, Wm. L. Lowe, William R. Cook and W. T. Pelletier, Vestrymen.

Delegates to the Diocesan Convention were elected as follows: J. B. Dunmont, C. P. Ball and W. E. Lowe. Alternates, Messrs. Howard Fleming, W. T. Pelletier and W. R. Cook.

The regular monthly sociable of the Young People's League of the First Baptist Church was held in the lecture hall last evening. Benjamin Le Vere played a number of pretty solos on the cornet, Miss Elliott recited several times, and Miss Maggie Verneuil furnished the piano music.

Members of the Park Club Make Two Important Changes in the Constitution of the Club.

A special meeting of the Park Club was held last evening, the business being to make a couple of changes in the constitution. The club now has a membership of over seventy. According to the constitution, no alterations could be made to this all important document, unless by a majority vote of the members. As the club grows the impossibility of securing such a majority for any necessary change in the constitution becomes greater and greater.

As it was, the most strenuous efforts were put forth to secure an attendance sufficient to make the changes now needed. The particular clauses amended were the ones referring to the vote necessary to amend, which was made to read so that a vote equal to one-quarter the membership of the club can now change the constitution, and the one referring to the guests which a member may bring with him.

The amended constitution provided that every one of a member's family, excepting his sister and his small brother, could enter the portals of the club. The club now has a membership of over seventy, and the mothers and sisters, aunts and grandmothers.

Now that the club has increased its usefulness by removing the bond of ostracism as to the small brothers and sisters of its members, everything is likely to be lovelier than ever in Washington Park.

Fourteen persons were named for Delegates-at-Large. The vote proceeded by the counties. After a good deal of wrangling as to how the voting should be done. When it was finally counted, George Lamonte, of Bound Brook, had 290 votes; Rev. Dr. J. B. Graw, of Camden, 233; Cortlandt L. Parker, 170, and W. H. Nicholson of Haddonfield, 143. These four were elected.

PROBATIONARY STATE CONVENTION.

W. W. Wines of this City Elected One of the Secretaries, and George Lamonte, of Bound Brook, a Delegate-at-Large.

About 300 delegates attended the Probationary Convention at Trenton, yesterday. Among them were ten women.

J. J. Kennedy, of Jersey City, was made temporary chairman and W. W. Wines, of this city, and John F. Schenck, of Flemington, were made secretaries. Before the actual business began there were addresses by a number of delegates, among whom was Samuel Dickey, chairman of the National Commission.

T. W. Berger, Chairman of the State Committee, George Lamonte, of Bound Brook, and Cortlandt L. Parker, of Perth Amboy, also spoke. The permanent organization was effected by the election of Cortlandt L. Parker as Chairman.
