JUMPED TO SAVE HIS LIFE.

In a Runaway Accident Yesterday, Harry Ulrich Jumped From a Boxcar and Escaped Injury.—The Wagon Only Slightly Damaged.

Harry Ulrich, of East Fifth street, had a very narrow escape from serious injury yesterday afternoon, and he can credit his escape mostly to good judgment.

According to his own statement, he had a "brush" with a man on Park avenue, east of the railroad bridge, when his horse became unmanageable and ran away. Before reaching Front street, Ulrich jumped from the wagon and left the horse to continue its mad career.

Turning into West Front street the horse and vehicle struck the curb in front of the Courthouse office. Here the horse and wagon parted. Strange to say, though the wagon was upset it was only slightly damaged. The horse was caught near Madison avenue, before further damage was done.

The horse was at one time owned by the late Joe Briant, and is the one which caused his death by reason of a runaway accident on Park avenue some months ago.

The Dead Body of an Infant Found in Tim's Lake This Afternoon by Two Boys—The Corpse Not in the Water Long.

Patrick McLaymont and Lewis Wilson, two ten-year-old boys, were strolling along the banks of Tim's Pond near Water street, on the North Plainfield side, at 3 o'clock this afternoon when they discovered what looked like a package in the water very near the bank.

They investigated it and discovered it to be that of a male infant. It was wrapped in a copy of the New York World of April 16.

The boys told Overseer of the Poor Baerbach of their discovery. He notified Dr. J. N. Garman who went over and viewed the remains.

Dr. Baerbach was authorized to have the body removed. From indications the child had not been in the water over twenty-four hours.

THE NEW PRINCIPAL APPOINTED.

Henry W. Maxson, of Westfield, R. I., Has Been Selected by the Board of Education to Succeed Miss Julia B. Bulkeley.—He is an Experienced Instructor and an Excellent Organizer.

At the last week's meeting of the Board of Education a Principal was chosen to succeed Miss Bulkeley. Henry W. Maxson, Superintendent of Schools and Supervising Principal at Pawtucket, R. I., is the man. This information will be received with great interest by every one in Plainfield. The selection was not made until the ground had been canvassed very thoroughly.

As soon as Miss Bulkeley's appointment to chair in the new City School was made known, the Board of Education was almost overwhelmed with applications for the vacant position. It would almost seem as though expert educational organizers grew on trees, to be had merely for the plucking. But the gentlemen of the Board of Education were not to be deceived so easily. They had heard flattering reports of Mr. Maxson's work, and those they investigated. The result was that Mr. Maxson was unanimously selected a short time ago and was personally interviewed by a committee of three of the Board. The selection was decided upon a week from last night. Mr. Maxson's engagement begins in August.

Mr. Maxson is a son of Jonathan and Maude Maxson, both of whom are at present the guests of Mr. and Mrs. Charles Potter, Jr., of West Seventh street. He is the son of Mr. and Mrs. J. Irving Maxson, formerly Miss Sarah Randolph, of this city, but now of Westfield, R. I. He has not yet resigned his position in Pawtucket.

Incidentally it might be mentioned that in the selection of a new Principal, Miss Bulkeley herself has been consulted by the Board of Education, and of the requirements of the position which she has so long and so ably filled made her most invaluable as an advisor.

THEIR WINNING PLACE.

The Park Club's Bowlers Continue to Defeat Their Rivals on the Alleys.—Ten Games out of Eleven Won by North Plainfield's Crack Club.

Two of the second series of games in the bowling tournament between the Park Club of Washington Park, and the Union County Country Club, was bowled last evening on the alleys of the Park Club, with the usual results. From start to finish the North Plainfield bowlers had everything their own way, and it was only a question of the number of pins by which they should be declared winners. The Union County team have not as yet been able to win a game from the Park team, the latter having lost only one of eleven tournament games bowled since the opening of the season of last night's game.

Failed to Substantiate the Charges.

Herbert H. Parrish, representing Gately & Co., a Philadelphia installment concern, made complaint before Justice Heifetz, yesterday, against one of his agents, John H. Whalen, charging him with embezzling the various small sums of money during the past few days. The case was tried before Justice Nash this morning. After several witnesses had been heard, the Justice decided that the complainant had failed utterly in establishing a case, and so he dismissed the prisoner.

Seven Tons on Each Foot.

The story which the Courier printed of the little daughter of John Peterson, of Cottage Place, who came into the world last week and whose weight and length she will know to do with, has had the effect of stirring up other cities in the State to unearth their novelties in this line. Here come Trenton with a five year girl named Rose Palone who is without thumbs, and has seven tons on each foot. The child, although without thumbs, has five fingers on each hand.

A Giant Fire.

At about eight o'clock this morning an alarm of fire was sent out from box No. 26, located at the corner of Park avenue and Eighth street, and the department responded promptly. The fire was in a chimney on A. C. Baldwin's residence, but little or no damage was done. No water was thrown into the building.

Shortage of Fish.

To waste your money on vile, dirty, watery mixtures, compounded by inexperienced persons, when you have the opportunity of testing the best cod fish in the market, is to continue to irritate your throat and lungs with that terrible lacing cough which W. L. Rindge will furnish you with a bottle of this great guaranteed remedy? Hold a bottle of Otto's Cure to the light and observe its beautiful golden color and thick heavy cream. Largest packages and purest goods. Large bottles too.

WILLIAM ASTOR IS DEAD.

He Was the Last Surviving Grandson of the Original John Jacob Astor—His Elder Brother, John Jacob Astor, Died of the Same Disease Some Years Ago.

London, April 24.—A special dispatch from Paris says that William Astor died last night from heart disease. William Astor was the father of the present John Jacob Astor and grandson of the original John Jacob Astor.

The cause of death is said by the dispatch to be heart failure. Mr. Astor leaves a widow, one son and two married daughters. John Jacob Astor, his son, was married to Miss Willing, of Philadelphia, little more than a year ago.

Two of Mr. Astor's daughters now living are Mrs. Orme-Wilson and Mrs. Coleman Drayton.

While William Astor was very wealthy, he was not reputed to be nearly so rich as his elder brother, John Jacob Astor, whose wealth descended to the present William Waldorf Astor.

He was said to be worth \$60,000,000.

GET OUT YOUR UNKLELIES.

Proprietor Vaughn, of Connecticut, is Making Himself Unpleasant Predicting a Terrible Storm for May 13.

Weather Prophet Vaughn, of Norwalk, Conn., who says he predicted the blizzard and various other storms since with great accuracy, is out with a startling meteorological proclamation for May. Early on May 5, he says, a terrible storm will appear in the Pacific Ocean, in latitude 25 degrees and 30 minutes North, longitude 71 degrees West of Washington, and sweep Eastward with frightful impetuosity. It will strike the Pacific coast, with its centre in Lower California, with a whoop and a crash, and cross the continent at terrific speed. The whole country between St. Paul and St. Louis is in its line of march, and "it is good-bye to everything movable," says Prophet Vaughn, "that happens to be in its way." The great storm, he adds, will strike New York and the Jersey coast on or before May 12, and "there will be a wild time of it all alongshore." Mr. Vaughn affirms that the storm is a sure thing, and "if sailors and others get caught out in it the blame cannot rightly be laid at my door." Since the prophet has never made a meteorological blunder as yet, his prediction has alarmed people in all parts of the State.

Dr. Richard's Thanks the Courier.

To THE EDITOR OF THE COURIER:—I wish, to thank you for correcting the exaggerated report in the morning papers concerning the attempt to set fire to the Crescent Avenue Church, and would only add the further correction that the unfortunate woman was never employed in our family. She has apparently been confused with some other person.
