**WITH THE RINGING OF BELLS.**

Now the Westfield Wheelmen Protested  
Against the Passage of an Ordinance  
Which They Considered as an Abridgment  
of Their Rights.  
The ordinance recently passed by the  
Town Committee of Westfield in  
reference to bicyclists went into effect  
yesterday. The ordinance makes it  
necessary for wheelmen to ring a bell  
or sound a whistle when approaching  
within about fifty feet of a carriage  
or other vehicle or pedestrian be-  
tween one hour before sunset and one  
hour after sunrise. This law refers to  
wheelmen from abroad as well as to  
the local wheelmen.

A similar law will pass on its third  
reading at the next meeting of the  
Plainfield Common Council. It is  
possible the enforcement may be given  
in the same way that it was in West-  
field.  
Wheelmen met at Westfield last  
evening and made night hideous by the  
ringing of bells and sounding of  
whistles. Wheelmen from Elizabeth,  
Plainfield, Rahway, Cranford, Roselle  
and other places, came to town to  
assist in the protest. Cow-bells, din-  
ner-bells and every other kind of bell  
that could be carried on a wheel were  
dangled through the town until late.  
The townspeople took the matter  
good-naturedly. They seemed to en-  
joy the joke as much as the wheelmen  
did.

**Worth Knowing.**

which has been used for generations.

preventing malady of the age, Dyspepsia,

Exhaustion, Nervous Prostration,

**EMERSON IS VERY SICK.**  
He Wandered About By Our Knees Where  
and When Found in Philadelphia Was  
Absolutely Feeble.  
As already told in the COURIER, How-  
ard J. Emerson was brought home the  
first of this week by his brother Harry,  
who found him in Philadelphia. The  
balance of the story is told by the Sun  
of this morning:

"Harry went to Philadelphia and  
found his brother wandering in the  
street near the Strand Hotel. He  
did not know Harry. His condition was  
pitiable. Great blisters covered the  
soles of his feet where his shoes were  
worn through, his clothing was in rags,  
his money and valuables gone, and he  
himself so emaciated and weak as to be  
hardly able to stand. He had had  
nothing to eat for five days, he said.  
It was evident to his brother that he  
had perverted ideas with lucid inter-  
vals, and he took him to Philadelphia  
immediately, where he has been placed  
under the care of Dr. Long.

"The doctor says that Emerson's in-  
sanity is only temporary, and he hopes  
to have him in his right mind within a  
few days. The patient has frequent  
paroxysms of violence when aroused  
from sleep, in which he talks of killing  
himself, and has to be closely guarded.  
At such times he falls and recognizes  
any of his family and thinks that they  
and the physician are plotting to  
murder him. There are comparatively  
lucid intervals, however, during which  
he readily answers questions. From  
what can be gathered from him it would  
seem his mental faculties have been in  
abeyance since the time when he left  
home more than a month ago. The  
only place he remembers being in is  
Oliveburg, Va., where a telegram re-  
ceived from him was dated. He says  
that he did not write the telegram, but  
that it was written for him, as was also  
the one from Philadelphia. After leav-  
ing Oliveburg he walked for some days  
through the woods, but he cannot re-  
member arriving at any place until he  
reached Philadelphia. Emerson says  
that he has been constantly trying to  
reach home since he left there. He  
thought that his mother was dead.

"I got no number of railroad  
tickets," he said to his brother, "but  
didn't seem to get anywhere. I al-  
ways stopped at some other place than  
home. Then I got afraid of the rail-  
roads because they kept taking me to  
the wrong place, and after that I  
walked. The man at the telegraph  
office in Philadelphia wrote a telegram  
for me after I got there.

"Emerson says nothing about his  
business troubles, and his family have  
not mentioned the subject to him, fear-  
ing to bring anything to his mind that  
may worry him. He realizes his con-  
dition, and seems to have known of it  
before he went away.  
"Why didn't you keep me from leav-  
ing home?" he said yesterday. "You  
might have known I was crazy."  
"Dr. Long thinks the trouble was  
caused by a severe attack of the grip  
which Emerson had last winter."

**Changes in the Police Patrol.**  
With the beginning of this month  
Captain Grant has made a change in  
the patrol of nearly every member of  
the regular police force. Last night  
he detailed Officers Giese and Conroy  
to report for duty in the heart of the  
city. Officers Kieley and Flanagan were  
transferred to the boulevard and Grant  
avenue district. Officer Conde, who  
for so long a time has watched the  
houses in the vicinity of Central avenue  
and Ninth street, has been assigned  
the Second Ward beat, and Officer  
Saunders has been transferred to  
Goude's beat. Officer Frederickson is  
detained to do duty this month in the  
East Front street district.  
Captain Grant is proud of his entire  
force, and the only reason these  
changes are made is to have the men  
become familiar with the different sec-  
tions of the city.

menced, yesterday, to spread cracked  
stone on Eighth street, now that the  
road-bed has been cut down to the  
established grade.**  
**An Undisputed Test of Merit.**  
A medicine that has been a house-  
hold remedy for over fifty years and  
used in that time by more than 15,000,  
000 persons must have great merit.  
Such a medicine is found in BRAD-  
STOCK'S PILLS. This fact demonstrates  
the value of these pills better than any  
statement of proprietors. It has been  
observed that the dose required to cure  
is small. One or two pills taken every  
night for ten or twenty days will cure  
dyspepsia, constipation, rheumatism,  
liver complaint, biliousness, or any  
disease arising from an impure state of  
the blood.

**BRADSTOCK'S PILLS** are purely vegeta-  
ble, absolutely harmless, and safe to  
take at any time.  
**Sold in every drug and medicine  
store, either plain or sugar coated.**

**TO BREAK THE READING COMPANY.**  
A Bitter Legal Fight Expected in New  
Jersey Over Preceding Deal Between  
The Attorney-General in presenting a  
bill of information against the lease of  
the Jersey Central by the Reading, and  
his application for an injunction re-  
straining them from operating under  
any of the provisions in the first read-  
ing in this State against the combine,  
and a force legal fight is in prospect.  
The bill is to be presented to the  
Central Railroad by the Reading, and  
the Central Railroad has no longer any  
claim upon its incorporate powers, but  
has been surrendered to the Reading  
Company.

The bill further claims that the Com-  
pany, knowing the liability of the  
Port Reading Company to exonerate  
the provisions of the bill, had secured  
it with the Reading Company, and  
signed an agreement that the Reading  
Company would not operate under the  
bill unless it was renewed and as they  
became due.

Further, that the lease was made for  
sole purpose of controlling the price of  
coal, and as a consequence of the lease  
the three companies interested pre-  
tend to control 50 per cent. of the sub-  
strative fields in the United States.  
**POISON IN A BOARDING HOUSE.**  
Nineteen Persons Seriously Ill—Several of  
Them May Die.  
LITTLE ROCK, Ark., June 2.—The fam-  
ily of C. R. Wooten, consisting of him-  
self, his wife and five children, and  
Frank Rogers, Mr. and Mrs. Harry Stages,  
Frank Melbourne, Frank O'Connell,  
Frank Stuart, L. H. Starns, R. O. Starns,  
Dr. James Henderson, W. Flack, J. W.  
Snow, and Edith Gordon, colored, who  
cooks for the Wooten family, boarding  
house keepers, were taken violently ill  
shortly after they had eaten their break-  
fast. They were all seized with vomit-  
ing and diarrhea, and after a few hours  
agony, the paroxysms of some of them  
reached such a violent stage that death  
was feared.  
Five physicians are in attendance, and  
it is their belief that at least one-third  
of the patients will die.  
It is a case of poisoning, but the char-  
acter of the poison and how it was ad-  
ministered is not known. The police and  
the physicians and police, who are making  
an investigation.

**THE GRANT FUND COMPLETED.**  
A Little Over \$200,000 Has Been Collected  
for the Monument.  
NEW YORK, June 2.—General Horace  
Porter, President of the Grant Monu-  
ment Association, announces that the  
whole of the \$200,000 fund for building  
the monument to Gen. Grant has been  
raised, with \$700 to spare, and that the  
work will be pushed to completion.  
The whole fund was contributed by  
citizens of New York city except \$25,000.  
Gen. Porter adds that this report does  
not include the sum in the public com-  
munication boxes and that according to  
special committees have not yet reported,  
but that a little more money could be  
advantageously collected. In fact, it is  
required to cover contingencies, to pro-  
vide for an increase of the cost of labor  
on the granite work, to properly decor-  
ate the interior of the mausoleum, and  
add to the general embellishment of the  
structure.

**He Abolished Fast Day in Massachusetts.**  
BOSTON, June 2.—Gov. Russell has sent  
to the Legislature a message submitting  
for consideration a memorial requesting  
a change of the day now observed as  
fast day, and suggesting in its place a  
new holiday in the spring, leaving the  
sacred and devotional purposes of Fast  
day to be accomplished by the observ-  
ance of Good Friday as a church relig-  
ious fast day, independent of State  
authority. The memorial was signed  
by the presidents of Williams, Amherst,  
Smith and Wesleyan Colleges, and Pres-  
ident Eliot of Harvard, and Prof. Smith  
of Andover Seminary, concurred in  
leading Congregationalists, Unitar-  
ians, Baptists, and other Episcopalians  
and others have signed the memorial.

**Three White Men Lynched.**  
LITTLE ROCK, Ark., June 2.—Two  
weeks ago Charles Stewart murdered  
Mollie Holman in the jail at Perryville  
while awaiting trial for criminal assault.  
Before he was hanged he confessed that  
he was three whites, the McArthur, had  
advised him to murder Holmes in order to  
obtain his escape. Sheriff Oliver left  
Perryville on May 27 for this city by  
overland route with the three Mc-  
Arthurs, and about here arrived here  
yesterday, but did not. It is now known  
that these three prisoners were taken  
from the jail at Perryville, and the  
McArthurs were white men.

**Father Ducey in Baltimore.**  
BALTIMORE, June 2.—The Rev. Father  
Thomas A. Ducey of New York, who  
married James G. Blaine, Jr., and  
Mark Twain, who had a scandalous  
liaison caused quite a stir in political  
circles, is now in this city. Father Ducey's  
visit to Washington, D. C., was the  
result of the friendly offices of Secretary  
Elihu, and through his intervention the  
publication of young Blaine's letters to  
his wife have been suppressed. Father  
Ducey's visit to this city is under-  
stood, is to consult with the church au-  
thorities regarding the matter.

**Revolution in Honduras.**  
NEW YORK, June 2.—The officers of  
the steamer Miranda, just arrived here  
from Central American ports, report  
that when the ship started north a revo-  
lution had broken out at Puerto Cortes,  
Honduras. Gen. Hernandez, who had  
forces from Guatemala, attacked and  
captured the city after a hard fight,  
with much loss of life and damage to  
property.  
To Prevent Against Quay and Others.  
HARRISBURG, Pa., June 2.—Senator  
Bates, of Pittsburgh, who had a confer-  
ence with the Attorney-General here  
Tuesday, proposes to institute legal pro-  
ceedings against Senator Quay, or Sen-  
ator Rogers and Treasurer Morrison  
for violation of the law and  
illegal use of the State funds.
