

WATCHING THE LEADERS

The Political Situation as It Appears To-Day.

EVERYTHING NOW SEEMS NEBULOUS.

Nothing Positive Liked To Be Known To All the Delegates Arrive at Minneapolis and a Count of Names is Made. Some of the Names of the President-Elects Who Think It Will Be a Dark Horse-Backers of the Small Fry Lying in the High Grass Awaiting Development.

MINNEAPOLIS, Minn., June 4.—The hotel rooms were filled early this morning, and the aftermath of the last few days' arrival of the republican delegates, as the main body of the republican forces began to arrive.

Both sides claim to be equally confident, but it is certain that nothing positive can be predicted from the "clattering" statements made by both parties of the President and of his Blaine.

The confidence with which the Blaine men announce that they will accept the nomination if it is extended him, and the calm assurance with which they claim to be daily receiving support from the delegates to the Blaine people give no details, but claim everything in sight, not limiting their claims to those States in which instructions were given.

Mr. Clarkson, who seems to have been assigned to do the talking for the Secretary of State, declared this morning that Blaine would be nominated on the first ballot beyond a peradventure.

John C. New, on the other hand, who is in command of the nomination of the President on the first ballot was a fact as certain as the rising of the sun in the east.

Neither faction seems to admit the possibility of a dark horse being in the race, but there are those here—old and experienced politicians who are not so sure. They are of the opinion that the whole thing will wind up after a prolonged fight, in the end of which the Blaine men will be victorious.

An active Illinoisan, who has attended every political convention for thirty years, says this morning: "The probability of a dark horse is too much howling for either Blaine or Harrison to be nominated. Each has so strong a following that he can defeat the other aspirations. My idea of the outcome is that there will be several ballots, and the result will be a compromise. I should not be surprised to see the plan fall to him. If McKinley gets first place, the second place will go East. McKinley and Reed would be a pretty good combination."

There are others who think that Secretary of State Blaine is the man. Some of the Wisconsin people declared that he would have the administration. "Through if the President could not himself secure the nomination. In fact the backers of 'favorite sons' who are, in fact, rather low in the scale, are not at all displeased with the outlook. They argue that the contest between Harrison and Blaine will be a battle of the giants, and that when the scales are exhausted one of the two will carry off the prize."

All sorts of rumors were about last night as to Secretary Blaine's intention. Some of the delegates were scanned for a confirmation or denial of the rumors. But they were satisfied with what they read. That is, in each read and believed what suited them. The rumors were of the order that the other side as a fabrication. The amount of it all that is everything is still uncertain. The result will be likely to be known until all the delegates are on the ground and a count of names is made.

The National Committee will meet to-day and settle on the temporary officers. There has been a strongly expressed opinion that the Convention will have a strong republican bias. Whether anything will come of this is uncertain.

Senator Stockbridge's special Senatorial train has arrived, but the statesmen that it brought were not the statesmen of Mr. Quay, nor decided in their preference as between Blaine and Harrison. There were in the party Senator Harrison, in whose private car they traveled; Sawyer, of California; Fulton, of California; Gallagher and son, of Maryland; and Burrows, who endorses what Lynch says.

It is now given out that J. St. Francis, of New York, has declined the temporary Chairmanship which had been informally tendered him by the National Committee. He preferred not to limit himself from the floor of the Convention since during the opening hours.

SENATOR HARRISON WILL WITHDRAW.

A Close Friend of the President Makes an Important Statement.

WASHINGTON, June 4.—A gentleman who is in the councils of the Harrison people and who is a close friend of the President himself, has just made an important statement. He says that if by tomorrow night Mr. Blaine has not written a letter again declining the use of his name in the Minneapolis Convention, he will recognize that he is a candidate and that he is the choice of at least a large element of the Republican party. Mr. Harrison, however, will feel it less difficult to magnanimously withdraw from the contest. He will, it is said, write a letter to that effect.

BLAINE IS ALL RIGHT.

Another Chance Between The Secretary and His Opponents.

WASHINGTON, June 4.—Another rumor that Mr. Blaine had been taken ill again and that he was declining to continue his tour of inquiry at the Secretary's house it was found to be as groundless as the other reports.

The rumor which took all manner of shapes and spread in exaggerated form all over the city, was made up of the politician's wish. It was said that his digestion was upset again, that his nervous system had collapsed, and that generally he was in a bad way.

The effect of any physical breakdown in the Blaine camp at the present time would be of course disastrous, and the Harrison men were all agog over the story.

Nothing has happened to-day to alter the situation. The Harrison men expect to feel quite at ease, and predict the President's renomination with renewed confidence. Mr. Blaine's silence, which is the main reliance of his friends, is construed by many Harrison men as favorable evidence of the politician's wish.

They say that the fairest interpretation of the silence is that the Secretary is simply waiting for the delegates to arrive, and that he will then make a statement to interpret it as a consent to accept the nomination for President.

Many Delegates to Support Feltom.

ALBANY, N. Y., June 4.—It is reported to-day that at the meeting on New Monday of the Federal delegation to the Minneapolis Convention, a large number of delegates refused to admit any portion of the contesting delegates to the meeting.

They say that the fairest interpretation of the silence is that the Secretary is simply waiting for the delegates to arrive, and that he will then make a statement to interpret it as a consent to accept the nomination for President.

STORM'S FEARFUL WORK

Havoc Played in Lackawanna County, Pa.

CHILDREN STRUCK BY LIGHTNING.

A Boy and a Girl Killed Outright, One Boy Died from Burns Caused by the Electric Fluid, and Another Fatally Injured—Trains Delayed by Lightning Storm.

SCANTON, Pa., June 4.—The terrific thunder storm of Thursday night played havoc throughout Lackawanna County. It began in the evening and continued until early morning.

Three boys and one girl were struck by lightning. Two were killed outright, and one died from burns caused by the electric fluid, and another fatally injured.

When the storm first came upon two Polish boys, Joseph and Camille Chosnowski, were caught between a large tree near South Scanton. Camille was part way up the tree, while Joseph was on the ground.

Joseph was instantly killed, and Camille was set on fire by the electric fluid. He was taken to the hospital, but died before he could reach home.

In the Hyde Park section a three-year-old son of Sylvester Arnold was struck, and his injuries are regarded as fatal.

At Elmhurst, seven miles east of this city, a girl named Andrewa, while seeking shelter from the rain, was struck by lightning.

CHARGE OF FAVORITISM.

Minneapolis Says Favoritism Was Shown to the Young and Handsome Ladies in the Census Office.

WASHINGTON, June 4.—At the hearing of the Census Office investigation J. H. McMillan, chief clerk, testified that he and others burned hundreds of thousands of envelopes that were addressed to newspaper and John J. McMillan, who was five or six hundred feet of dressed lumber which could have been used to advantage.

This was done by order of Chief Engineer. He did not know whether Mr. Porter was cognizant of the fact or not.

Miss Fowler, formerly employed in the Census Bureau, testified that she worked on the machinery punching enumerators' cards; that the work was very hard, both for the men and women; that they were forced to such a rate of speed in the punching that many of the women came faintly while working.

It is rumored here that Disbier is dying in a Connecticut town, but the report is not credited. Detective Mead, of Albany, who has been a witness, said that he believed Disbier had been located, but he took no stock in the story of his illness.

The jury in the Rock case which voted to acquit the defendant, the jury which forgot to incorporate the request in its verdict, filed the following recommendation: "We, the undersigned jurors, brought in a verdict convicting James Rock, of Albany, of the crime of murder, and we believe that there are circumstances which would justify a moderate sentence."

RAID BREAK IN THE LIVERY. Many Plantations Flooded Near New Orleans—Severe Trade Suspended.

NEW ORLEANS, June 4.—A disastrous crevasse has opened on the right bank of the river a few miles below Donaldsonville, La., and thirty miles above the city. The break happened in the levee in front of the New Hope plantation.

FOLEY MAY BE LYNCHED

Poor Jervis People Not Yet Satisfied With Their Work.

ANGRY CROWDS NEAR THE JAIL.

The Investigator of the Dead Negro's Crime in Danger of Being lynched—Miss McMillan's Condition Reported as Weak as Could Be Expected.

PORT JERVIS, N. Y., June 4.—While the excitement over the lynching of the negro, Bob Lewis, on account of a brutal assault on Miss Lena McMillan, has somewhat subsided, yet rioting is heard in many parts of the city against William Foley, whom the negro claims was the common conspirator in the crime.

Foley succeeded in evading the officers for twelve hours after the lynching of the negro. If he had been caught at the time he would most assuredly not have been lynched.

The rule of the office was to use the language of the chief, that "speed not accuracy was wanted."

McKINLEY'S TRIAL HORROR. Reminded That Disbier is Dying in a Connecticut Town.

UTICA, N. Y., June 4.—Before Judge Kennedy the work of getting a jury to try ex-United States Deputy Marshal E. K. McKinnley, indicted for complicity in the murder of James O'Brien, was not completed until noon, and the case was not begun until after noon.

It is rumored here that Disbier is dying in a Connecticut town, but the report is not credited. Detective Mead, of Albany, who has been a witness, said that he believed Disbier had been located, but he took no stock in the story of his illness.

The ceremony which was a very im-

Dr. G. Parson Nichols, pastor of the

First Presbyterian Church, of Plain-

field. The bride was attended by Miss

Beate M. Johnson, sister of the groom,

Stewart, of West Seventh street this

were R. B. Richards, F. J. Baylies, F.

D. West and J. Winsor Decker.

The bride's gown was of white

brocaded satin trimmed with tulle.

She carried a beautiful bouquet of

white roses and lilies-of-the-valley.

Miss Glass, the maid-of-honor, carried

a bouquet of sweet peas and mignon-

was held which was attended by a

large number of society people.

The object of the meeting was to dis-

cuss plans for an exhibit of women's work

sition was made to unite with the

display of ladies' work in art and do-

Of the approaching removal of Bishop

marks that it will be regarded in that

goes on to say: "Of his usefulness as a

leader within the lines of the Methodist

Church work, the Commercial need

not and cannot speak; but concerning

his public spirit and his faithful labors

in educational and charitable work ex-

tending beyond denominational lines

we voice the sentiment of all intelligent

men when we say that his departure is

a distinct loss to the people here who

have to bear the brunt of every fight

for a good cause. He is a man of broad

sympathies and open mind as well as a

man of culture and deep religious

nature, and it is more than probable

that such a leader is even more needed

in Kansas to-day than in Western New

York."

SEVERAL OF THE CREW DROWNED.

With a Fire.

VAN BUREN, Ark., June 4.—The steamer

John Mackin, loaded with corn and

bound for Pine Bluff, ran into the pier

of the bridge over the Arkansas river at

1 a. m. and immediately sank. The river

was unusually high and it was impos-

sible to steer the steamer clear of the

pier.

It is believed that but few of the crew

escaped.

It is known that the pilot, Captain

Bishop, was drowned.

The engineer, S. A. Hathaway, and

his three children, were rescued in an

exhausted condition.

WASHINGTON, June 4.—The many

the report that she has grown weaker

proves to be true, but it is not believed

that Mrs. Harrison is in any immediate

danger.

There is no doubt that she is extremely

ill, so ill, in fact, that it has been

deemed wise to move her to the

Cape May cottage.

It has been found necessary in order

that Mrs. Harrison should have absolute

quiet to order the Marine Band, which

has for years played on Saturdays in

after in Lafayette Park.

THE BOROUGH COUNCIL MEETING.

Only Business of a Routine Character. However, Occupies the Attention of the North Plainfield Fathers.

The regular June meeting of the Borough Council was held last evening, but there was little business of importance transacted. Mayor Saunders was in the chair some time before the members gathered, and when he called the meeting to order, all but Mr. Hegeman, who came in at a later stage in the proceedings, responded to the roll call.

Petitions and communications were sent in from the Plainfield Street Railway Co. asking for permission to extend the railway from the city line along Somerset street to Summit avenue.

Crosswalks were asked for on Linden avenue and Grove street, referred to as was also a petition of Henry Thomas to erect a frame awning on Manning avenue.

Dr. Cooley petitioned Council to have 250 feet of Manning avenue macadamized, he to stand one-half the cost. Referred.

The newly-elected officers of Warren Engine Company No. 1, were named and confirmed, and several claims were presented. Referred and subsequently ordered paid.

Mayor Saunders alluded to the dog nuisance, and stated that it was his intention to issue a proclamation concerning dogs. He said that dogs from this city came over into the borough. The Mayor considered it wise to publish his proclamation in all three of the daily papers.

Justice Crossley reported eleven dollars collected in fines for April and May.

The Street Committee reported that about one thousand tons more of stone would be required to complete the work of macadamizing Manning avenue. Two hundred and fifteen dollars out of the necessary nine hundred dollars has been subscribed toward macadamizing Park place and Vine street, but the committee offered no recommendations.

Mr. Connolly from the Fire, Water and Lamps Committee, reported the location of eighteen additional lamps. The committee also recommended placing two more lamps on Summit avenue, between Grand street and Westervelt avenue.

MISCELLANEOUS BUSINESS.

Upon resolution of Mr. Hummer the License and Marshall Committee was authorized to procure badges and keys for the new marshals.

The foreman of Warren Engine Company, No. 1, was given the same power as last and previous years, with reference to the Fourth of July arrangements, and the Street Committee was empowered to purchase one thousand tons of stone from Smalley Bros., at a cost not to exceed \$500 a ton delivered.

Mr. Connolly, offered a resolution, which prevailed, authorizing the cancelling of an out-standing warrant due July 2.

Upon resolution of Mr. Hummer, Job Coddington was dropped from the list of special marshals. He wanted fifty cents an hour for service and the borough officials didn't care to pay more than twenty-five cents an hour.

Mr. Needham called attention to a resolution adopted April 9, 1891, authorizing the expenditure of \$50 towards purchasing a chair for the Mayor and stipulating the back part of the Council Chamber so that it could be used by the firemen for meetings. The Committee on Supplies was authorized to spend that amount for the above purpose.

Upon motion of Mr. Neal, the Street Committee was authorized and empowered to borrow \$300 for work on Somerset street alone; also \$1,000 for work on all streets in the borough.

Mr. Hummer asked for some improvements in the rear of the borough lock-up but no action was taken at that time. Later on Mr. Hegeman offered a resolution, which prevailed, authorizing the improvements to be made.

The petition of F. E. Riker and others for crosswalks on Mountain avenue was received and filed.

Mr. Connolly introduced a resolution fixing the salary of the borough marshal from June 15 at \$600. It was amended to \$540 and adopted. The vote was a tie, Messrs. Hegeman, Hummer and Needham voting against the amended resolution. Mayor Saunders cast the deciding vote in support of the resolution. In explaining his vote the Mayor said: "It doesn't pay to underpay a good man, and be understood Marshal Pangborn performed his services well and faithfully."

Mr. Neal favored the increase of salary, provided the Marshal's extra fees were cut off. Mr. Sebring was also in favor of the increase, but Mr. Hegeman wasn't. The latter said he was opposed to any additional expense for marshals' services.

Upon motion of Mr. Connolly crosswalks were ordered laid on Mountain avenue and Grand street.

The Auditing Committee made a report and Council adjourned for two weeks.

A party of twelve cyclists of New Brunswick, visited Plainfield, Springfield, Summit, Morrisville and Elizabeth on their wheels Decoration Day.

FIFTEEN YEARS FOR WINGER.

Judge McCormick Imposes a Heavy Sentence Upon the Burglar Who Was Captured Three Weeks Ago in the Cobble Residence on Crescent Avenue.

Officers Edward Wells and Thomas Cunningham, of the Richmond county police, visited the Union county jail yesterday afternoon and fully identified the overcoat worn by Winger, the Crockett burglar, as one of those stolen from Mr. Legalle's house, at Fort Richmond, on the night of April 26. A number of other houses were entered about that time, but no clue to the burglar was ever obtained. The identification of the grip-sack would seem to indicate that Winger was concerned in nearly all of these burglaries.

When Winger was brought from his cell yesterday, informed of the fresh proofs of his guilt and asked what he had to say for himself, he solemnly refused to utter a word. As nothing could be got out of him he was again consigned to the lock.

The Richmond county officers were quite positive that Winger is the burglar that committed all the depredations in Port Richmond. In each case the mode of performing the robbery was similar to the other.

This morning Winger was arraigned before Judge McCormick for sentence. Charles Legalle, captain of the bank at New Brighton, Staten Island, was present in court and identified as his own the coat which the burglar wore when captured and also the grip-sack. This proved conclusively that Winger was an old offender and no doubt had great weight with Judge McCormick, who then sentenced him. The sentence imposed is fifteen years at hard labor in the State Prison at Trenton. Winger is not in good health and it is all ready to live long enough to serve out the full term of his sentence.

Before he was taken to court Winger confessed to Captain Grant that he had committed the Staten Island burglaries. Ten years of the sentence imposed was for the burglary, and five for the assault with intent to kill upon Officer Frederickson.

COUNTY EXPENSES FOR THE YEAR.

The Board of Freeholders Decide Upon the Appropriations Necessary to Run the Business Affairs of the County for the Next Twelve Months.

At an adjourned meeting of the Board of Freeholders which was held Thursday afternoon, the appropriations for the expenses of the county for the ensuing year were considered. They decided that a tax levy of \$190,000 in addition to the \$1,000 now on hand, would be sufficient to meet all requirements, including interest on the bonded indebtedness which amounts to \$38,000.

They also decided upon the appropriations for the ensuing year, which will be as follows: Courts, \$34,000; County Jail, \$5,500; Lunacy, \$30,000; Compensation, Salaries, etc., \$8,500; Coroners' Fees, \$1,000; Elections, \$9,000; Sheriff, \$3,000; Advertising and Printing, \$2,200; Incidentals, \$7,500; Hospitals, \$1,500-\$1,000 to Elizabeth Hospital and \$500 to Maternity Hospital at Plainfield; Interest on Bonded Debt, \$38,000; Interest on Bonds for County Roads, \$25,000; Interest on Bank Account, \$2,500; Repairs on County Roads, \$3,500; Permanent Building Improvement Fund, \$7,000; Erection and Repairs of Bridges, \$21,000.

The County Board of Assessors will pass upon this report at their meeting which will be held on the third Monday in July.

Messrs. Vanderbeck, Hubbard, Sander, Hainley and Saver were, on motion of Freeholder Vanierbeck, appointed a committee of five to inspect the Cedar Brook bridge, on Putnam avenue, Plainfield, and report early as to the necessity of a new bridge.
