MONDAY, JUNE 13, 1892.

OUR CANDIDATES.

FOR PRESIDENT,

BENJAMIN HARRISON,

OF Indiana.

FOR VICE-PRESIDENT,

WHITELAW REID,

OF New York.

Tariff Pictures.

During 1890 foreign manufactures of

cotton, wool, silk, jute, iron and steel,

chemicals, glass and earthenware were

imported into the United States to the

value of \$231,691,626.

During 1891 our consumption of these

articles did not decrease. Yet we im-

ported of them only \$191,322,445.

The product of well paid American

labor surpasses the difference.—New

York Press.

The Harrison Hat.

Now keep your eye on the grand old hat.

It has got there once again.

As it proudly sits where it long has sat

on the head of sturdy Ben.

Oh, never a battle flag of old.

Nor the plumes of a valiant knight.

Nor the flowing sword of a baron bold.

In the foremost of the fight.

Hath filled the hearts of a nation's band.

With a loyalty more intense

Than the old white hat that has come to

stand

As a symbol of common sense.

So here's a cheer for the rare old title

That was in the fight before.

On the White House rack 'till remain the

style

Through the heat four years and more.

The clause in the Republican plat-

form of paramount importance is that

relating to the Silver question, as fol-

lows:

"The American people from tradition

and interest, favor bimetallism, and

the Republican party demand the use of

both gold and silver as standard money,

with such restrictions and under such

provisions, as will secure the maintenance

of the parity of values of the two metals,

and that the purchasing and

debt-paying power of the dollar, whether

of silver, gold, or paper, shall be at all

times equal. The interests of the pro-

ducers of the country, its farmers and

its workmen, demand that every dol-

lar, paper or coin, issued by the Govern-

ment shall be as good as any other.

We commend the wise and patriotic

steps already taken by our Government

to secure an international conference

to adopt such measures as will insure a

parity of value between gold and silver

for use as money throughout the world."

There is no dodging here. It is a

sensible doctrine, clearly stated, and one

upon which business men should not

find it difficult to agree. We fancy our

Democratic friends will not be so ex-

plicit on this issue.

—The world of this morning says that the wheelmen of Union county have been so aroused in relation to the bell-ringing and lamp ordinances recently passed by the Common Council of Plainfield and the Town Committee of Westfield that they have taken the initial steps to have protests filed with the Committee on Rights and Privileges of the New Jersey Division of the League of American Wheelmen.

—John Gable, the upholsterer who suddenly left town about a year ago, returned to Plainfield this morning, bringing his son with him. To a reporter, this morning, Gable said he did not entice his son away from home, but that the child was perfectly willing to go with him. He further stated that he had fitted the boy out with a new suit of clothes, and this morning the child was returned to his mother.

Notes of the High School.

A vote was taken among the pupils of the High School, this morning, on the matter of celebrating Columbian Day, and all present were in favor of it.

The graduating class has voted very wisely that each one of the graduates shall make his or her own selection as to the position on the programme which each one shall occupy at the commencement exercises.

Mr. Hill, an expert musical teacher from New York, went through the classes in the Primary and grammar departments of the public schools, looking into the present musical system. Mr. Hill expressed himself as well pleased with the system now in vogue here, when taking into consideration that only about ten minutes is allowed each class for systematic singing by note. The expert pronounced the people proficient in singing every respect.

PERSONAL.

City Physician J. A. Allen is home again from his trip to upper New York State.

Mr. and Mrs. Arthur P. Malford have gone to Sag Harbor, Long Island, for the Summer.

Miss Lillie Walling was knocked down and run over by a bicycle on Liberty street, Saturday evening, but she was more frightened than hurt.

Janitor W. V. Mundy, of the Washington School, is very weak from an attack of rheumatism, which has confined him to the house for some time past.

William Peetles, an employee of the Potter Press Works, sailed Thursday on the steamer Santa of California for Dundee, Scotland, his native place. He expects to return in the Fall.

Evangelist Murphy, of New Bedford, Massachusetts, preached in the Methodist Episcopal Church on Somerset street, last evening, and he will preach there again this evening.

H. P. Reynolds, of Park avenue, has kindly offered to perform a few simple chemical experiments before the pupils of the High School on Thursday afternoon. His idea is to show them that chemical research is not the dry study it is usually considered.

Turney, who pitched for the Crescent League team in this city against the Star Athletics on Sept. 6, last season, and who has been playing centre field with the Elizabeth team this season, has signed with the Binghamton (N. Y.) team for the balance of the season of 1892.

"Wash" Berriman, the Crescent League umpire, was very busy at the Elizabeth team's game between the West End and Westfield club team. Only on one occasion was his decision considered rocky, but this difficulty was soon fixed up and the game proceeded without further interruption.

At his home on Church street, Sunday morning, occurred the death of Edward Vail, in the eighty-fourth year of his age. Funeral services will take place from the Friend's Meeting House, corner of Peace and Third streets, tomorrow at half past ten o'clock, and the interment will be made at Basking Ridge, N. J.

Miss Maria F. Goules, of Dunellen, and Edward C. Rensch, a merchant of South Orange, will be united in marriage, at Dunellen, on Wednesday evening, by Rev. Mr. Martine, pastor of the First Presbyterian Church, of that place. The bride and groom will reside at South Orange, where the latter is engaged in business for himself.

Richard J. Clarke, who died at the Albion Hotel in this city on Friday, after an illness of four days, was formerly proprietor of a large restaurant on Malden Lane, New York. He was born in England eighty-two years ago and came to this city at the age of ten. He retired from business some thirty-five years ago, having amassed a fortune. He came to Plainfield in May last and took up his residence at the Albion. He was said to be worth two million dollars.

The following is a list of pupils who will graduate next week from the High School: Charles Horton Anglemann, Edith Jane Buxton, Grace Johnson Carroll, Emily May Galtner, Helen May Galtner, Spencer L. Higgins, Adeline Parker, Jackson, Cora Estelle Mooney, Lillie Eloise Mooney, Everett Lucius Morgan, Lillian Estela Oakley, Lonnie Patience Grace Howard Petrie, Charles Elmer Scudder, John Calvin Sutphen, Arthur Joseph Spicer, Josie L. Elliott Van Arsdale, Philip Bartlett Wells, John Alfred Wilson.

Inspecting the County Roads.

The Executive Committee of New Jersey State Board of Agriculture, after making a tour of inspection of the new Union county roads, last week, report that the farm-lands located along the improved highways have improved in value; and so favorable have been the results that they recommend that they be introduced in every county in the State. This is the natural result of the county roads, and farmers, florists, nurserymen, fruit and vegetable growers should all concur in the movement. The mud roads of the State are a disgrace and are expensive to maintain. The road question is of far more importance to the farmer than free silver. Although the new roads are expensive, Union county could not be induced to go back to her mud roads.

An Assortment of Heat.

The four thermometers which adorn the front of Dr. Shaw's drug store gave different records of the heat at noon yesterday. One read 94, another 92, a third 97, while the fourth provocatively put it at 99 degrees.

Hot Kettles, Burn Up.

To-day is considered by all weather observers to be the hottest thirteenth of June on record. Father Dunn says to-morrow will be hotter still.

Bicycle Steals.

Each one of the Plainfield wheelmen who finished in the century run, is now entitled to wear a survivor's badge.

THE ELIZABETH PEOPLE FIND THAT A "Combination of Circumstances" Prevents the T. M. G. L. A. Boys From Beating the Crescents.

The Crescents, of Plainfield, will have here-to-morrow to "line up" against the T. M. G. L. A. on the third street grounds. The local team are thoroughly anxious to make a record of winning this game, and will go on the field determined to win. They will not have the consolation of claiming a victory, inasmuch as they contributed to their defeat last week—Elizabeth Journal of Friday.

Can anything stop the Crescents' winning? Is the pennant coming to Plainfield by a series of straight victories on the part of the League team? The game of Saturday was an ideal game. Fifteen goose eggs in a fine showing and not once equalled in the National League.

When the Crescents showed up at Elizabeth one of their men, young Murphy, was not there. His place was taken by Carter, of the T. M. G. L. A. club, who filled the place acceptably to the Plainfield fans. The Crescents went to the bat first, and "Chief" hoisted up at the plate in his usual confident style. As usual he went to first on balls, then he secured second on a wild pitch by Francis and scored a run on "gentle Willie's" base hit. This ended the run-scoring for the Crescents until the ninth inning, when Turner reached first on a base hit, stole second, and got home safely on an error of Bowes who was tending first. As this was the winning run, no attempt was made to run the defeat into the Elizabeth's, and the score stood two for the Crescents to one for the T. M. G. L. A. The Elizabeth's got their only run in the eighth inning. Coogan was at the bat. He made three batters, and reached home safely on Bowes two base hit.

Special mention should be made of Murphy's left-handed catch of Coogan's fly in the first inning. Willie had to sprit hard for the sphere, but he succeeded in squeezing it by a combination jump and reach. Due credit should be given the Crescent League rosters, who found out at an early stage of the game that it was an easy matter to queer the other side. In their own way they succeeded in making the game a losing one. The Elizabeth bloschers, on the other hand, need to visit Westfield or Plainfield or Somerville to learn the right use of lungs. The score follows:
