

STORM'S AWFUL WORK

Appalling Loss of Life By Minnetonka's Cyclone.

THE DEATH LIST MAY REACH 100.

Damage to Property Enormous—Negro Reports, Writing to Destruction—Flesh and Bones of Country Swayed By the Awful Visitation Very Great.

MINNETONKA, June 18.—News of the cyclone which devastated Southern Minnesota is very hard to get. Telegraph wires are very far from the mill, and the roads which penetrate the stricken sections are generally at a standstill. All the information obtainable comes from the isolated places to be gathered from widely separated points.

The town of Wells, in Faribault county, is reported to have suffered most severely from the storm. It is reported that fifty persons were killed in that village alone, but the reports are probably exaggerated. Of the killed there have been identified: John Brown and wife, Mrs. Johnson and three children, Mrs. Iverson and J. Stenroos, Mrs. Peterson and John Yonkers, Peter Bruns, Frederick, John Lett, Light-bearer, a child, Frank Fisher, a boy, and several others.

It is now believed that nearly one hundred lives have been lost. Every meagre report received here concludes by saying the worst is to come, and later reports will swell the number of the killed and injured. In every case there was the regular foundation with its deadly sections, rain fell restlessly away, followed by a cloud-bank. Nothing was left standing with the exception of houses, trees and barns having been swept away.

The extent of the somnolent swept by the wind of visitation was greater than ever before known in the history of the State. Starting near Jackson, on the Southern Minnesota, division of the Chicago, Milwaukee & St. Paul Railroad, it swept across the State, and passed four miles south of Minnetonka, and then took a broad circle to the north and passed away south of Wells.

Considerable rain had fallen during the storm, and the atmosphere was suffocating. Curious-shaped clouds began to form over in the southwest and moved eastward, and water at the sight. Off to the west a striking black cloud was seen rapidly advancing and demolishing everything in its course.

It passed two miles northwest of Minnetonka, and it is reported that it there struck a district school house, in which were the students and teachers. The building was demolished, and all the teacher and 16 children killed. Several persons were injured. Lipson was visited and many houses were from the storm. A family, consisting of a man, his wife and child, were killed, and others in a large group of trees was completely uprooted.

THE SOUTHERN HANDICAP

Attention of the Sporting World Centered on the Big Event.

New York, June 18.—The attention of the sporting world is just now fixed on the match between the Handicap, which always attracts more attention than any other handicap race. It will be a usual run over the shipboard by track on the morning of the Conroy Island Club's meeting.

It is an older race than the majority of the big events, and besides, the Conroy Island Jockey Club is the most aristocratic now on the American turf. Then again the race is run at a season of the year when the weather is pleasant. The general public is also able to make selections on form, the season being sufficiently under way for the majority of the contestants to be judged on their most recent performance.

It is not a richer race than the Brooklyn Handicap, being worth \$25,000 to the winner, \$18,000 of which goes to the runner-up. The prize money is distributed normally among the contestants, but any other race run in the country is not so richly rewarded. It is a special preparation for the big event, and it is not until the day before that the "old boys" are allowed to show by their legs that they have not been overdone.

Bermuda, although down as a probable loser, has been a great favorite. He has not been able, on account of his lameness a month ago, to do enough work to show his form. Strathmeath's race at Morris Park on Saturday, when he finished a poor fourth, is his best work since he was run. It did not advance him in public favor. The great private trials that he has been run from time to time have had no effect on the public mind, and he is in the van next Saturday it will be his last chance of finishing ahead of the leaders.

His best work in the past has been in the hands of the late trainer, and it is a great pity that he should be run by a man who has seen him at work say he is, he will make the other candidates know that there has been a horse race.

BATTLE OF BUNKER HILL. Its Anniversary Fittingly Celebrated in Boston. Boston, June 18.—The anniversary of the battle of Bunker Hill was celebrated here. The banks and exchanges were all closed and business generally suspended. Even the regular daily mail was suspended. The principal point of interest was Charlestown, the scene of the battle. On Bunker Hill are monuments to the heroes of the battle, and the patriotic youth of Boston rent the air with shouts, hoarse, shrill, and the air was filled with the sound of the bugle and the rattle of the musket.

Man's Cyclone. BOSTON, June 18.—Reports of the destruction by the terrible cyclone which swept over the State on Friday, June 17, are being received from all parts of the State. At Shirley, houses were blown up, crops ruined, and the town of Shirley was a scene of desolation. At Greenfield, the town of Greenfield was a scene of desolation. At Burlington there was the worst hail storm in the State. The hail was as large as hen's eggs which covered the ground. Crops were completely destroyed. Many houses and barns were injured.

DELEGATES GATHERING

The Democratic Convention City Filling Up.

GETTING READY FOR THE BATTLE.

Governor Bates' Name in Full—Senator Shields Says the Iowa Man Will Have 100 Votes on the Ticket—The Temporary Organization of the Convention.

CHICAGO, June 18.—Save for the fact that more booms are under way, the entire situation very closely resembles that which prevailed in the days preceding the assembling of the representatives of the Democracy of the Nation in 1884 in the Exposition building on the lake front, within a stone throw of the city hall, when the committee on the nomination of Grover Cleveland, and subsequently the committee on the nomination of James B. Weaver, met to discuss the nomination of the party.

Naturally enough, the official statement of the committee on the nomination of Grover Cleveland, and subsequently the committee on the nomination of James B. Weaver, met to discuss the nomination of the party. The committee on the nomination of Grover Cleveland, and subsequently the committee on the nomination of James B. Weaver, met to discuss the nomination of the party.

They believe that Bates will not only carry Iowa, but the entire Northwest. The Republican Standard will go into the Convention. It is believed that the 26 votes of Iowa and the 10 of Nebraska have been conceded to Bates.

CHICAGO'S WATERERS' STRIKE. St. Henderson and Forty Two—The President of the Waterers' Association.

CHICAGO, June 18.—The waterers' strike is growing more general, and the downtown restaurants are in a bad plight. About 650 waterers are on strike, with only one exception, say the waterers, will never sign the agreement formulated by the city.

WISCONSIN'S WATERERS' STRIKE. Milwaukee, June 18.—The waterers' strike in Milwaukee is growing more general, and the downtown restaurants are in a bad plight. About 650 waterers are on strike, with only one exception, say the waterers, will never sign the agreement formulated by the city.

REMARKS AT BRUNY PARK.

An Expectation That His "Friend" Will Be in the Crowd.

ASBURY PARK, N. J., June 18.—The first session of the season has opened out and has met all the people's expectations. The course of the season is the arrangement of a youthful pair of lovers, who when they returned to the young bride's parents, gave a grand party, but the orthodox "God" gave their children's welcome.

OUR CANDIDATES.

BENJAMIN HARRISON, OF Indiana, FOR PRESIDENT.

WHITELAW REID, OF New York, FOR VICE-PRESIDENT.

Tariff Pictures. Tin plate keeps on getting a little cheaper every month under the growth of American tin plate production. The 92,363,462 pounds imported in April, 1891, were valued at 3.67 cents a pound. The imports for March, 1892, were valued at 2.87 cents a pound, and the 70,489,102 pounds imported in April, 1892, at 2.8 cents a pound. Tin plate is a little cheaper every month. Why? Because as home production increases the foreign producer pays more of the "tariff tax." He has to—New York Press.

MOIST Vesuvius is in a state of eruption again, thus prefiguring the condition of the Democratic party next week.

HARRISON is stronger in Indiana than any other man who was voted for at Minneapolis, and Indiana may decide the election.

HARRISON is thoroughly sound on the silver question, and this is destined to be the leading issue for the next three or four years.

It is true, as Governor McKinley says, that nobody can tell what the Democratic party means by tariff reform. In fact, nobody can tell what the Democratic party means by any of its professions.

THE Republican party favors desirable immigration, and is opposed to that which is undesirable. There can be no fault found with this view of the matter, either by Republicans or Democrats.

George Grows Prophetic. On Wednesday the Oregonians won a game from the Staten Island team by the score of 5 to 2. Verily those people of the windy city are playing in great luck.

Plainfield is nothing if not far seeing. Having won two games of ball from Westfield and two from Elizabeth they do not intend to drop any to Somerville if they can help it. Elizabeth has beaten Somerville, Plainfield has beaten Elizabeth, but it does not follow that Plainfield can win from Somerville. So to make doubly sure Keller sends "Gentle Willie," and he imports a man, Regan by name, who it is said will play right field, but let Snedden err but once, and you will see how soon Mr. Snedden will be chased into retirement and Mr. Regan put in his place—Somerset Democrat.

Duelists Bowing. The Middlesex Bowling club team will hold a practice game on G. Schep- day of next week. The Duncelon team will have a club bowl. The closing exercises of the Duncelon Public School took place in the Baptist Church on Thursday evening. The church was crowded and the pupils acquitted themselves admirably. Three of the children of Frank P. Hallmer are confined to the house with the measles. Preparations are being made for a Fourth of July celebration under the joint auspices of William G. Holden, Council of Duncelon and Friendship Council, Jr. O. U. A. M. of New Market. There will be a parade in the morning, out-door games in the afternoon and fireworks in the evening. Invitations have been extended to Weatunka Lodge, K. of H., of Plainfield, and also Tuscarora Lodge, of New Market to participate. The "gentlemen's club" of the First Presbyterian Church, together with their lady friends will give a concert on June 27, for the benefit of the chapel fund. The closing exercises of Miss S. P. Peck's select school and kindergarten will take place on Friday evening of next week. The members of the South Plainfield Cornet Band are arranging for a festival, which is to be held in the New Market hall soon, the proceeds to be devoted to purchasing uniforms. Mrs. J. P. Austin and Miss Lillie Austin have returned to their home in New York city, after a pleasant visit to relatives in Duncelon. The "Hon." William Craig has been elected High Secretary of the Gentlemen's Club, to take his seat immediately. Taylor's Hotel has been enlarged and the new bowling alleys attached were opened to the public this week. Duncelon and New Market people are anxious to have the Plainfield Street Railway Company extend its track as far west as Duncelon.

Base Ball Babble From Muldown. (From the Somerset Democrat.) As an instance of the big-headedness of the whole aggregation, Manager Keller went on the field with eight men. A picked up player, formerly of the Alerca, made up his full quota, and came nearly defeating them. As it was his error let in the only run Elizabeth scored, for although the Baysiders outbatted those lucky men from the Windy City still they could not win. The Crescents have now a big lead that will take time and great playing to overcome. It is clearly proven that Westfield and Elizabeth are not a match for the Crescents, and if there is any fighting to be done it will be in years gone by, between Plainfield and Somerville. The next two games will determine which will win the pennant. To-morrow, if pleasant, will see the largest crowd of the season on the Plainfield grounds to see the "stars" play. By hard, earnest playing the West Ends can win.

My His Teeth. In the rear of J. C. Tooth's machinery store at 36 Day street, New York, there was yesterday a very hot and three-looking man. He had spent an unreasonable amount of time answering inquiries about the following advertisement, published yesterday morning: "The person who took by mistake a russet satchel from the waiting room of Central Railroad, Jersey City, June 4, and left his can make the exchange by addressing Box 105, Duncelon, N. J., or 36 Day st.; reward for set of teeth, much needed; only article of value." "That satchel," he said, savagely, "belonged to an old lady in Duncelon. She asked permission to use this address and I granted it. I wish I hadn't. I don't know anything about the teeth. They were not mine. I wish people wouldn't bother me. Whom's life's!"

The fire going in this city was plainly heard at Mt. Bethel Thursday evening.

Twenty Years Experience. C. H. Fredricka, the well-known photographer, 770 Broadway, New York, says: "I have been using ALCOCK'S PAIN EXPELLER for 20 years, and have found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back ALCOCK'S PAIN EXPELLER fills the body with nervous energy, and thus cures fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throats, coughs, colds, pains in side, back or chest, indigestion and bowel complaints."

What People Say. Who have tried How's Arabian Balm? A. J. Palmer, Great Neck, L. I. "The Balm cured me of a bad case of rheumatism." C. P. Hawkins, Jersey City. "It is a broken-down young man and the How's Balm cured me to perfect health." Mrs. George Ball, Newburg, Ohio. "The How's Balm cured me of female weakness, and I feel the effect of it." Joseph B. Garay, Judge of Superior Court, Chicago. "Four Arabian Balm Cures cured my wife of a well-proven case of constipation."

CARPETS, PORTIERES, CURTAINS, DRAPERY GOODS,

CHEAPER THAN ANYBODY.

FINE FEATHERS MAKE FINE BIRDS.

This is as true of humanity as of birds, and humanity knows it. Every Man, Woman and Child would be dressed well but for one reason—the cost. Reduce the cost and you increase the number of well-dressed people. We do not only reduce the cost, but also divide it in easy weekly, two weekly or monthly payments, to suit your convenience; then every obstacle but one is apparently removed. Houses selling goods on installment, as a rule, are indifferent regarding the class of goods they sell, consequently they get an article much inferior to that which their money justly entitles them to. Our business being based on the principle of selling the very best article as at low a figure as is consistent with the quality. The reputation established by our Mr. Sherman in former years is well known by those who have dealt with him, and the liberal patronage bestowed on us by the public since our opening should be a sufficient guarantee that we give our customers good value for their money, thus removing that one apparent obstacle, thereby proving to you the great advantage gained by dealing with us. We wish it to be distinctly understood that we are a Credit House, and are at all times ready to open an account with any person of fair reputation and in steady employment.
