DEMOCRATS weep over "the burdens

of taxation" that are put upon the peo-

ple, but they have never accomplished

the removal of any such burdens. The

promise of the Republican party is, if

the burden is specified and pointed out

(which the Democratic shouters cannot

do); to remove the burden if it lies

within the authority of the government

to do it. The people are showing am-

ple capacity to learn that the alleged

burdens that the Democrats point out

do not in fact rest upon the people.

The people have insight to perceive

that the burdens that afflict them are

not those due to a protective tariff.

IS A FOREIGN FLOOD COMING?

How We are to be Swamped by European

Manufacturers if Cleveland is Elected.

(From Knicker's Green Trade Review, New

York, July 26, 1892.)

When the bill which bore the hono-

red name of McKinley was introduced

into the Representative House at Wash-

ington, manufacturers of Saxony who

exported their goods to the United

States were seized with the greatest

anxiety. Branches of the Saxony

textile industries feared that their

whole trade would be destroyed.

We can affirm with certainty not

only that the industry of Saxony will

overcome the ill effects of the McKinley

bill, but that the prospect is not so

gloomy as was expected.

It is thought that the votes of the

electors will shortly destroy McKinley's

work in the immense Transatlantic

Union, will displace with the passport

of "America for Americans," and by

giving a splendid victory to the Demo-

cratic party, will open a free path to

export trade.

These are the hopes which have in-

spired so much interest throughout

Saxony in the results of the next elec-

tion for the President of the United

States.

Articles which are cheap in price

but very largely consumed cannot be

produced so cheaply in the United

States as in Germany, owing to the

high price of wages.

A WOMAN ACCUSED.

Unsuccessful Attempt to Blow Up a Resi-

dence in Chicago.

CHICAGO, Aug. 5.—An attempt was

made Wednesday night to blow up the

residence of C. D. Irwin, a wealthy Board

of Trade operator on Calumet avenue, and

the police are searching high and low for

the woman who is a woman.

The attempt was made a few minutes

after 9 o'clock, and would probably have

been successful had not persons passing

by frightened the woman, who left a large

explosive, and was very high explosive,

and ran toward the lake.

The can was discovered a few minutes

later, but the finders were afraid to touch

it and called Mr. Irwin out. He picked

up the explosive, examining its contents,

discovered that it was more than half

filled with giant powder. In all there

were about twenty pounds of the deadly

explosive, the amount being sufficient, if

exploded, to have blown the building to

atoms and to have set fire to the debris.

Mr. Irwin says: "I have not the slightest

idea who the woman is and cannot imag-

ine why anybody should cherish any ill

feelings against me. My firm has no deal-

ings with women, no, whatever motive

the woman had it could not be one of re-

venge for unfortunate investments. I

charge confidence that the woman is say-

ing but a crank."

The can and its contents are in posses-

sion of the police.

The George Incident.

WASHINGTON, Aug. 5.—Secretary For-

ester of the State Department and the

United States at the time of the arrest of

Mr. George, an attaché of the Swiss Leg-

ation in Washington, had originally ex-

pressed regret at the occurrence and prom-

ised a full investigation of the matter.

But the incident is now in progress and

when the report of the Governor of Mary-

land is received, the facts will all be laid

before the Swiss Government and the

charge. Confident that all demands that

the facts call for.

—There are now 955 persons in the State Insane Asylum at Morris Plains. Only four barrels of potatoes are consumed at each dinner, there.

—City Physician J. A. Allie reports that there is but little sickness in town except a zong infant. The mortality among children is quite large, and most of the deaths are caused by cholera infantum.

—A young woman bicyclist, whose name was not learned, collided with a delivery wagon on West Front street this forenoon, and she was thrown from her wheel. Neither the bicycle nor rider was injured.

—The Board of Education are anxious to have the new street railway running under the opening of the public schools, because the teachers in the Irving school can then ride to and from their daily labors.

—A strange man was found lying on the sidewalk on East Second street drunk and asleep, at eleven o'clock last evening. Officer Fredrickson, upon being notified, went to the place, but the man had been spirited away.

—Jeweler Doane is bound to have the correct time. He has about completed arrangements with the proper authorities to have the clock which blows the steam gong twice a day, regulated from Washington every hour, instead of once a day, as at present.

—The Courier announced, a few days ago, that Mars would be nearest the earth on Wednesday. This was an error. The warlike planet will be nearest the earth to-morrow night, the calculation of the American astronomers being incorrect. If any Courier reader had made preparations to make railroad connections at Bound Brook for the celestial visitor, we are sorry to have inconvenienced him. A three days wait at that village-by-the-canal is tedious even to one going on a trip through space.

—A great deal of interest is taken by the New Jersey Knights of Pythias in the forthcoming encampment of the Uniformed Bank, which will be held in Kansas City during the week beginning Aug. 22. It is estimated that at least 20,000 Knights will be present. It will cost about \$1,000,000 to entertain them, most of this money going to the repair of Kansas City, who have already subscribed \$50,000 for the necessary expenses of fitting up the grounds of the encampment, etc. Brig-Gen. George H. Rhodes has made arrangements for the New Jersey brigade to go by way of the Baltimore and Ohio Railroad. The Knights will have a special train, which will leave Jersey City Saturday afternoon, Aug. 20, at 1:30.

—Cool weather and crowded houses have become synonymous at Palmer's Theatre. Ever since the opening night of Henry E. Dixey and his opera company in "The Masquerade," standing room has been at a premium whenever the weather has been at all propitious, and even on insufferably hot evenings the business has been excellent. Mr. Dixey's "Lorenzo" has caught the popular fancy and it will be difficult indeed for any comedian in the future to change the standard he has created. Miss D'Arville's "Betina," is a delicious bit of operetta, while Fred Lennox, "Hocco," and Wm. "Froette's" "Pippo" are more than acceptable. Yolande Wallace is still the "Fiametta." Miss Kate Watt has succeeded Hilda Hollins as "Frederick" much to the betterment of the cast, and Miss Grace Harper has assumed the uxor role of "Guinevere."

PERSONAL.

William L. Force, of the Press, is confined to his room in the City Hotel by illness.

Mr. and Mrs. R. F. Murray have gone to Navestock Highlands for the month of August.

Walter Scott has been granted a patent for a printing machine, during the past week.

G. H. Macco, Manager of Williams drug store, is recuperating at Asbury Park for a few days.

E. S. Hunt has again accepted the position as senior teacher of the public schools, of this city.

Mr. H. H. Ranshaw and family, of Division street, have gone to Asbury Park for two weeks.

Mrs. Walter Scott and family, of East Front street, are registered at the Coleman, Asbury Park.

While Dr. T. S. Davis is in Europe, Dr. Edward Rushmore and D. C. Adams are attending to his patients.

Elston M. French and George Worth left to-day for a visit with the family of General Eli Long at Penn Yan, New York State.

The Hunterdon Republican says that Miss Karner, of Plainfield, spent the past week with Judge Smith's family at Bloomersburg.

Miss Palmer, of Washington, D. C., left for home to-day, after a two weeks' visit with the family of Dr. J. H. Carmon, of North Plainfield.

Charles Ward, of Evans, left town yesterday to join the Through by Day-Light Theatrical Company, which starts out from San Francisco on August 15.

Frank Bowen and Miss Emma Fisher, both of Bound Brook, were married in this city on Tuesday. The happy couple left on a late train for New York.

Mr. and Mrs. Garret Q. Packer and daughter left this city morning for the eastern part of Long Island, where they expect to take their Summer outing.

Freeholder Vanderbeek and wife started for Denver, Colorado, yesterday, to be gone about a month. They expect to visit their son-in-law, John Shovel.

F. C. Lonsbary, of Plainfield Avenue, a member of the Board of Education, has been in such a delicate state of health that he has been unable to attend more than one or two meetings of the board since his election.

Rev. Charles B. Mitchell, pastor of the Methodist Episcopal Church, of this city, and Mrs. Mitchell, who have been spending ten days at Nantuxet, are now at "The Portland," Asbury Park. During their absence they have been having a delightful ten days yachting trip from Nantuxet. They will spend the balance of their vacation at the Park.

New Jersey can supply a worthy successor to Thomas Cook, the late excursion tour manager, in the person of A. V. D. Honeyman, late editor of the Unionist-Gazette, Somerville, and of the Trenton Times, and a resident of North Plainfield. He has earned a reputation as a successful excursion manager, having personally conducted parties eleven times in both this country and Europe. He has just issued a circular describing the attractions of three private tours, the first being to Egypt, the Holy Land and Greece in February, 1893; second, to the South, California and World's Fair, in May, 1893; third, to World's Fair, in August, 1893. Mr. Honeyman is in every way competent to conduct these excursions.

A very pretty wedding took place last evening at Grace Church, when Miss Ogden and Miss Sarah Ellen Marlor, youngest daughter of the late Samuel Marlor Denton, of Lancashire, England, were united in the bonds of holy matrimony by the Rev. E. M. Rodman. After the ceremony the bride party returned to the residence of Thomas Fox, on Lee place, where a reception was held. The following guests were present: Mr. and Mrs. Fox, Mr. and Mrs. Potter, Mr. and Mrs. Anderson, Mr. and Mrs. Gow, Mr. Horner, Edward Evers, Clement Jenney, and John Clifton. The presents were both costly and numerous from both English and American friends. The happy pair will make their home in Plainfield where the bridegroom is employed as a machinist in the Food Machine Tool Company Works. Miss Marlor arrived from England on the steamer Tennant, on Tuesday.

Charged With Stealing a Thirty-Barrel Diamond

Special Officer James Frisby, this morning, arrested Belle Frisby, the wife of West Second street, on a charge of appropriating to her own use, a thirty-four dollar diamond pin belonging to Jacob Cornell, of Raritan. The theft is alleged to have been made on July 4, while the accused was visiting at Raritan. The prisoner was taken to Somerville, this morning, and held in the sum of \$150 bail to await the action of the Grand Jury.

NEW ORDERS BY THE BOARD OF EXAMINERS.

Which Fire Companies are to Answer Certain Alarms and which are to be in Readiness for Others.

The following order has been issued by the Board of Fire Engineers:

GENERAL ORDER, NO. 2.

The Engine, Hose and Hook and Ladder Companies will, on and after August 6, at 12 o'clock, noon, and until further orders, answer all alarms as follows:

Engine Company No. 1, Hook and Ladder No. 1, Alert Hose Company No. 1.—Boxes 12, 13, 15, 16, 24, 25, 26, 27, 28 and 41.

Engine Company No. 2, Hook and Ladder No. 1, Alert Hose Company No. 1.—Boxes 12, 13, 32, 34, 37, 41, 43, 45 and 47.

Companies not answering first alarm will hold themselves in readiness to respond to second alarm, which will be given by sending in one or more rounds of the box the second time. Engine companies not answering first alarm shall cover all ground left vacant by companies answering first alarm. This order does not change special signals.

By order of the Board of Engineers.

Bicycle Notes.

The ten mile bicycle road race which was to have been contested next Thursday, has been postponed until further notice.

There are but few wheeling clubs in New York city owning and occupying their own quarters. Philadelphia has thirty bicycle clubs.

Seven of the members of the Newark Wheelmen rode to this city, last evening. They left Newark at 8 o'clock, and reached here at 9:50 o'clock. After dining they returned for home on their wheels.

When Arthur Zimmerman was racing in Berlin, Emperor William, who occupied a seat in the grand stand, became excited, he said, and waving his crown around his head, yelled: "tell you, Zimmy, the Dutch are out of sight."

Professor John West, of Chicago, will take a turn August 5, at the much agitated twenty-four hour bicycle record. He will try to perform the feat of riding twenty-four consecutive hours without a longer rest than an hour at a time.

Of the three Plainfield boys who are entered to-day in the Asbury Park races, Mahon and Hudson use Columbia road wheels which weigh 27 pounds apiece, and Hinrichs uses a Columbia track racer, which weighs only 22 pounds.

Captain Martin has selected the following members of the Plainfield Bicycle Club to be officers at the final trophy race at Elizabeth on Saturday: Judges—Messrs. Metcalf and French; Umpires—N. Tisworth, A. Tisworth, A. S. Fritz, D. H. Leno and J. W. Drayton.

W. H. Rogers has placed on exhibition in the show window of Packer's furniture store, the Victor D pneumatic wheel which he has given to the Crescent League Wheelmen. The wheel is valued at \$150 and will be awarded to the man who finishes first in the twenty-five mile handicap road race.

It is thought that the finish at the final race for the bicycle championship of Union county, and the Journal trophy race, which takes place at Elizabeth, will be very close. This is the general impression, whatever the actual results may be. It has been suggested that if enthusiastic amateur photographers, who own cameras, were to help decide what may be a very close point they might bring their cameras to the finish line and take a snapshot at the bunch of riders as they cross the line.

All that seems to be needed to beat the records of trotting horses is the matter of bicyclists being able to keep up their speed. It is only a few years ago that a person would have laughed at the assertion that a bicycle rider could defeat a horse in a quarter or half a mile, yet it has been proved that this is only a possibility. The quarter-mile record of Berio of 25.4 seconds from a flying start is better by 1.25 seconds than that of Sunol over the Narragansett track at Providence. Lumsden made a half mile from a standing start in 1:03.35, equal from a flying start to one or two seconds faster. Sunol's record is 1:02.74. Taylor covered two miles on a wheel in 4:48, and the record of Francis Williamson, made years ago, is 4:43. It is only a matter of time when the horse records will be beaten.

"Gentle" William is Going to Leave.

"Bill" Murphy, the heavy hitter for the Crescent, notified Captain "Chic" Hoffer, yesterday, that he would play no more with the Crescent League team. To-day he plays at Middletown, N. Y., and at Paterson on Sunday.

Murphy claims that he is going to play with the Williamites of Willimantic, Conn. He gives as his reason for leaving the amount of newspaper notoriety he has received here lately. Last night he was looking around for Manager Charles Reed to give him an official notification.

THEY ALL WANT THE OFFICE.

Democratic Candidates for Congressional and Assembly Seats in the New Third District Fighting for the Nomination.

The counties of Somerset, Middlesex and Monmouth comprise the new Third Congressional District. Of these counties, Somerset is to furnish the Democratic aspirant for Congress this Fall. Already there are three candidates in the field, and the fight between them waxed hot. Up to the present time, Joseph W. Ballentine seems to be in the lead, though Judge J. D. Bartine and M. F. Beckman are making things lively. Mr. Ballentine has been a candidate ever since the last Congressional election. He has been chairman of the Democratic County Committee for several years and is active in campaign work. Judge Bartine is serving his second term on the bench, and while his term of office does not expire until 1895, he longs for the seat. Mr. Beckman lives in New York, where he goes every year, is working hard to secure the Assembly nomination. He belongs to no faction and has twice been elected Clerk of Bridgewater Township. His opponent, Nelson Y. Dungan, practices law at Somerville, but lives at Montgomery. Republicans are quietly awaiting the results of these contests, but are most interested in the three-cornered fight for the Congressional nomination.

SOMERSET PREPARES AN ANSWER.

He Says the Order is Perfectly Solvent.—The Executive Board May Obtain Evidence to Use Against the Application for a Receiver.

The Philadelphia Times of this morning contains the following special dispatch from Indianapolis regarding the Iron Hall difficulties:

The Executive Board of the Order of the Iron Hall was in session all day, the only need being at noon, when the members adjourned for a half hour for lunch. The board is engaged in checking up the books for evidence on which to base counter-affidavits to those in the application for a receiver, and each of the members expressed himself as well satisfied with the progress made.

To-day Supreme Justice Somers sent out a large number of circulars in answer to inquiries about the condition of the order. In these he says the order is perfectly solvent. He was informed this morning of the action of the Iron Hall building to elect him as President and was evidently very much surprised. He refused to say anything about the meeting, except to ask who was elected his successor, but he was more thoughtful than usual and appeared to be meditating over his defeat, though trying to assume a cheerful air.

Crazy Beyond a Doubt.

Ellan Nolan, the woman committed to the Morris Plains Insane Asylum on Monday, is crazy beyond a doubt. On Wednesday, when she was taken there in a carriage, the woman told the officer in charge, that she owned five big houses in England, and also a large tract of ground in the rear of French's mill, on Somerset street, this city, including the right of the race-way. She also said that she was thirty-three years old, and that her husband lived in Plainfield. As a matter of fact, Mrs. Nolan's husband is dead, and she is about sixty years of age. If a little while about her age should be taken as evidence of every woman's insanity, there would be an asylum in every town in the country.

They Can't Be Deated.

The Arlingtons of this city played the Giants of North Plainfield, Thursday morning, on the Park avenue ball grounds and defeated them by a score of 18 to 7. It was a well played game all the way through. In the first inning the Arlingtons made three runs while the Giants were blanked. The features of the game were the pitching of Van Horn, who struck out twelve men; the pitching of Farley for the Giants who struck out seven men, and the catching of C. Stephen for the Arlingtons.

The score by inning is as follows:

1 2 3 4 5 6 7 8 9

Giants 0 0 1 0 1 1 1 7 9

Arlingtons 3 0 1 0 1 4 4 13

KILLED BY THE CAR.

Frank Callahan Meets a Terrible Death Last Evening.—While Temping from One Train He Is Struck by Another.—His Body Was Not Mangled, though his Left Foot Was Cut Off.

Frank Callahan, of No. 39 East Third street, was struck and instantly killed by a fast freight train going West about half past ten o'clock last evening. His body was not badly mangled, but his left foot was cut off as though with a knife. The crew on engine No. 111 discovered the body near the Peace street bridge at 10:45 o'clock and it was taken to the freight house on a stretcher. The supposition and general belief is that Callahan, who was in the habit of jumping on and off trains, got on the 10:26 o'clock train when it left the North avenue station and as he alighted near the Peace street bridge was struck by the Baltimore & Ohio fast freight, going West. Just before the accident he and Barney Tracy were talking together at the depot.

Callahan was a good-natured youth, about twenty years of age. He learned telegraphy under Manager Schornhorst at the Western Union office some ten years ago and was assigned a night position on the High Bridge branch of the Central Railroad. He left soon after his appointment, and has ever since lived at home.

The body was taken to the morgue, and County Physician Westcott was sent for by Manager Haynes. Callahan was under the influence of liquor early in the evening. This may account for his carelessness.

After the body had been taken to the morgue, and the undertaker was preparing to take it home, the boy's father appeared on the scene, and the moment he entered the place he fainted.

ELIOTTED TO SCOTCH PLAINS.

Emma Lees and George Taylor are Privately Married at the Baptist Parsonage.—The Bride Hides Her Hat and Escapes Through an Apple Orchard to a Carriage in Waiting.

Miss Emma Lees, daughter of Mark Lees, of Chatham street, North Plainfield, and George Taylor, of this city, were privately married at the Baptist parsonage in Scotch Plains on Wednesday evening at 7:30 o'clock. In connection with the marriage there is a romantic story told by the following: Emma, who is only 17 years of age, and George have been great friends for some months. Three weeks ago the young man asked Mr. Lees for his daughter's hand. This was refused, on the ground that she was too young to get married.

All day, Wednesday, the girl was watched by her parents, but about seven o'clock she left the house unnoticed. With her hat under her arm she ran through Bole's orchard and met her lover, who was waiting in a hack on Water street.

It had been the intention of the elopers to go to Westfield and be married there, but fearing that the girl's parents might telephone or telegraph to that place and stop the proceedings, it was considered best to stop at Scotch Plains, where the ceremony took place, as above stated.

Mr. and Mrs. Lees are highly increased over their daughter's escape.

Is He Wrongly Accused?

William J. Douglas was arraigned in the City Court at noon to-day on a charge of confiscating \$104 in money from a writing shelf in the post-office. The charge was made to Justice Nash by Maggie Wierenga, a domestic employed by Mrs. W. P. Smith, of Belvidere. In her complaint the girl alleged that she had found one hundred dollars from the City National bank, which, with other money, amounting to \$104 in all, she left on the writing shelf in the post office while she went to purchase fifty cents worth of postage stamps. The accused was the only other person in the office at the time, and when the girl discovered that the money was gone, she hunted for it. She then up and accused him of taking it. The girl later declared his innocence, and has engaged counsel to protect him in the suit. Justice Nash demanded \$150 bail for a hearing on Tuesday morning next.

Sunday Evening at the Netherwood.

The following is the musical programme, which the orchestra will render at the Netherwood Hotel on Sunday evening:

1 Overture, "Stradella," Flotow. [Nessler's.]

2 "The Song of the Siskin."

3 Selection from "Ernani," Verdi.

4 (a) Swedish Wedding Music, Soderman

5 (b) Air from "Lola," Greenop.

6 "The Song of the Siskin," Flotow.

7 Prelude, "Aida," Verdi.

Certificate of Reduction OF CAPITAL STOCK.

WE HEREBY A. C. SMITH, HARRY O. BENTLEY and WILLIAM A. BENTLEY, a majority of the Directors, the said Board of Directors, do hereby certify that the following is a true and correct copy of the Certificate of Reduction of Capital Stock of the New Jersey Railroad and Transportation Company, as amended, and that the same has been duly filed with the State of New Jersey, and that the same is now in full force and effect.

THE NEW JERSEY RAILROAD COMPANY has been running regular trains twenty-three years ago last Tuesday. The first schedule provided for twenty-nine trains each way every day except Sunday. The running time was twenty minutes. Now there are sixty-eight trains daily each way, and hourly trains on Sundays. When the roads were first operated the schedule provided for one freight train of three cars each way daily. Now there are five large trains daily on the Elizabethport branch and three on the Jersey City and Newark lines, all heavy trains.

The Katydids and the Katydids have commenced their quarreling for the season. It may be refreshing to know that it is considered an indication that we will have a frost in 40 days from the date of the first sound of the monotonous chirping.

The Borough Council meets in regular session, this evening, at eight o'clock.

—Office Charles Glaze is now on his vacation. Officers Cooney and Kelly will follow, in their regular order.

—The excursion train to Asbury Park and Ocean Grove, this morning, consisted of fourteen cars.
