SECOND FLOOR.Entered at the Post Office as second-class matter.
October 1, 1878.
Post Office No. 100.
Subscriptions: Five dollars a year, or Five cents a month. Single copies, two cents. Delivered by carriers, ten cents a week.

A special issue of the Plainfield Courier, one of the best of its kind, will be published on the 1st of September.

WEDNESDAY, AUGUST 31, 1892.

OUR CANDIDATES.

FOR PRESIDENT, BENJAMIN HARRISON, Of Indiana.

FOR VICE-PRESIDENT, WHITELAW REID, Of New York.

Taxist Picture.

Commissioner of Labor Charles F. Peck, of New York State, a Democrat, in his annual report states that out of

255,000

working people as many as 59,717

show individual instances of increased wages, representing 75 per cent

of

different industries, making the average increase in the wages of the employees of those industries \$4.96, and of the whole 255,000 for the year \$33.11.

—New York Press.

The Democrats have always claimed that their party is the special custodian of the Constitution and constitutional law, and that they are and always have been the real "brains" of the country, etc., (and there are people right in this town who actually believe it), but their contempt of constitutional law and their utter disregard of the rights of the people have gotten them into trouble in various States of the Union; indeed they have made themselves simply ridiculous in the eyes of intelligent men of all parties. In Michigan the Supreme Court, by a unanimous decision, declared a Democratic "gerrymander" unconstitutional and void. In Kentucky the Governor of the State last week called an extra session of the legislature (Democratic) to devise means for choosing or casting the electoral vote of the State in the coming election, an act made necessary by Democratic blundering. In our own State the Chancellor has rendered a decision, declaring unconstitutional and illegal the work of the Democratic Legislature, who last winter passed an act legalizing the coal combination. In New York State the same disregard of constitutional law characterized the action of the present Legislature, for the highest court of the State is called upon to pass upon the constitutionality of what is claimed to be the most inexcusable and infamous piece of political thievery and gerrymandering that ever disgraced this country, and by which, in fact, thousands of citizens of this State are practically disfranchised. These sins of commission and of omission of the Democracy will bring them into judgment next November, on account of which they may well fear and tremble.

COMMISSIONER OF LABOR PECK, of New York, in his official (non-partisan) report, testifies that during the year immediately following the passage of the McKinley bill the manufactured products of the State increased more than \$31,000,000 over the previous year, and wages were paid out amounting to more than \$6,000,000 more than the previous year with a substantial increase in individual wages. Where are the calamity howlers "at" now?

GOVERNOR ALBRIGHT may call an extra session of the Legislature to take action regarding the Reading injunction, that is if he believes it will help the chances of the Democratic party in the coming election. But won't it be funny to see how virtuous that Democratic Legislature will grow over the "infringement of the rights of the people," of which they were so forgetful last Winter.

O'DONNELL and Roberts, of Homestead fame, have declared to Eastern audiences that the strike at that place "was not due to a reduction of wages."

If they don't stop talking that way the Democratic calamity shriekers will "let down" on them.

MORE HOT WEATHER COMING.

That is what Mr. L. H. Hicks, the St. Louis weather prophet, knows anything about it. He thinks there will be plenty of hot weather for the Straw Hats and Ice Water before October gets here.

The regular periodic swing of temperature calls for cooler weather at the opening of September. A combination of causes will, however, be in full force at that time which are calculated to disturb the usual order, and render more complicated and difficult all data for forecasting the exact phenomena to be expected. On and about the 3d, a rise in temperature will pass eastward, beginning in the West about the 2d and reaching the Atlantic about the 4th or 5th. Storms and other electrical manifestations out of the usual order, in the globe beneath and the sky above, need cause no surprise at this time, and from this time onward through the month. Under existing causes the temperature may not fall after the dates for secondary disturbances, 2d to 6th, but if it should, about the 7th, a very warm wave may be looked for, advancing from the West, which will spread over the whole country before its exit from our Eastern coasts. This warm wave will result from the equinox of Venus central on the 7th, a regular storm period central on the 8th, and the approaching center of the earth's equinox on the 21st.

This period extends from about the 15th to 12th, thus embracing and forcing the electrical and magnetic disturbances which reach an annual crisis on and about the 11th of September. It must also be kept in mind that all the causes named above will be intensified by the prevailing equinox of the planet Saturn. We may, therefore, expect during the period extending from the 6th to the 12th, a phenomenally high temperature, and a highly excited condition of the electrical forces in earth and sky, resulting often in dangerous cyclones and storms on sea and land, or in a prolonged term of oppressively high temperature, ending in many and marked earthquake disturbances.

If heavy storms, with much thunder and lightning, occur about the danger days, 9th, 10th and 11th, the temperature is almost sure to fall immediately after, almost to the frost or freezing point in northern sections. We incline to the prolonged hot and dry view of the case running forward, perhaps, through the reactionary period, central on the 13th and 14th, and ending about the time of the sun's passing the equator, in many earthquake shocks, and celestial and magnetic displays.

At the same time, it will be wise to look for heavy storms, and, in the event of their appearance, to make all possible provision against low temperature and frost to the northward.

A regular storm period is central on the 20th, the moon on the same day reaching her position between us and the sun, thereby adding much to all the disturbing causes mentioned at the last period and still in force. The forecasts and admonitions concerning the period, 7th to 12th, will apply with added emphasis to the period, 18th to 23d. During these days the sun will pass to the south of our equator, and with terrestrial forces, excited by an unusual blending of forces, will arouse them, selves up for the work of transferring the seasons to opposite ends of our world.

Beas and coasts everywhere in the direction of our equator will be exposed to violent and dangerous storms.

About the winding up of the period, 18th to 23d, blasts of polar air will admonish us of the oncoming Autumn, and the need of wise and timely preparations for a hard Winter. Some very cool weather will attend and follow the disturbances about this time. Reactionary tendencies centering on the 26th, will bring higher temperature and Autumnal storminess. Another cool wave will follow up to about the 29th, when warmer weather and other storm indications will appear in the West, heralding the storms that will pass across the continent during the first days of October.

Self Praise.

Self praise is no recommendation, but there are times when one may permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that ALLCOCK'S POWERS PLASTER are the only genuine and reliable porous plasters made is not self-praise in the slightest degree. They stand the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them.

Beware of imitations, and do not be deceived by misrepresentation. Ask for ALLCOCK'S, and let no solicitor or explanation induce you to accept a substitute.

LATE NEWS!

HARRISON VISITS REID.

He Reached White Plains this Morning at 10 O'clock, and is Driven at Once to Oquir Farm.

(BY WIRE TO THE COURIER.)
WHITE PLAINS, Aug. 30.—President Harrison reached this village this morning at 10 o'clock and was met at the depot by Whitelaw Reid, who had driven from Oquir Farm to meet him.

He was accompanied by Chairman Tom Carter of the National Committee; Russell B. Harrison, Private Secretary; Halford and Stenographer Tebbetts. The party drove at once to Reid's country seat.

A DISTINGUISHED EDITOR DEAD.

George W. Curtis Passes Away Early This Morning.—The Cause of His Death Unknown.

(Special despatch to the Courier.)
NEW YORK, Aug. 30.—George William Curtis, the eminent author and editor of Harper's Weekly, died this morning at 2.30 o'clock at his home at West New Brighton. His death was painless. He was conscious up to within a few minutes of the end. His illness has been a puzzle to his physicians, and none of them are prepared to say what was the cause of his demise.

The following letters remained in the Plainfield post office August 29, 1892. When called for please say "advertised."

Two Tours to the South.

Closely following the Pennsylvania Railroad's publication of a guide to Washington comes a new book containing a detailed and descriptive itinerary of two tours to the South, to be run under the personal escort of a tourist agent and chaperon. This is beautifully printed and illustrated with the latest half-tone vignette cuts. These two early autumn pleasure tours will embrace the Gettysburg, battle-fields, Blue Mountains, Luray Caverns, Basic City, Va., the Natural Bridge, Grottoes of the Shenandoah, Richmond and Washington, each tour covering a period of ten days, leaving Philadelphia in a special train Saturday, October 1 and 15 respectively. The round trip rate is \$35. In the little volume is a complete guide to all the points visited, together with a detailed account of each day's traveling.

Shortage of Money.

To waste your money on vile, dirty, watery mixtures, compounded by inexperienced persons, when you have the opportunity of using Olin's Cure Free of charge. Why will you continue to irritate your throat and lungs with that terrible hacking cough when L. W. Randolph will furnish you a free sample bottle of this great guaranteed remedy? Hold a bottle of Olin's Cure to the light and observe its beautiful golden color and thick, heavy syrup. Look at the packages and purest goods. Largest bottle \$5.

PERTINENT PARAGRAPHS.

—Tickets are selling rapidly for the excursion and clam bake of the Grocers' Association to Boynton Beach on Labor Day.

—Schwed Brothers are making a specialty of boys suits suitable for school and dress wear. The reputation of this firm is a guarantee of the excellence and superior quality of their work. Suits, frocks, and low prices in their motto.

—Last night was a good one for the street railway company. The weather was cool and many persons took advantage of it by taking a "trial trip" over the road.

—The members of the Independent Drum Corps paraded the streets of North Plainfield, last evening, and discouraged music that was not invigorating to invalids.

—The prohibitionists of this city are making strenuous efforts to organize a campaign club. A number of the leading spirits will be present at the banner raising at Cranford to-morrow evening.

—The Republican Club, owing to the prolonged meeting of the wheelmen, last evening, decided to postpone their meeting until to-morrow night. They will meet then at eight o'clock, sharp, so as to have plenty of time to practice the campaign music and get in shape to take part in the banner raising next Tuesday night.

—Members of the Republican Campaign Club are hereby notified that the campaign song books are at the store of J. F. MacDonald, and can be procured of him, on application, at any time.

—There was a slight disturbance on Somerset street near the corner of Front, at nine o'clock last evening, and the two men implicated in the row, were only prevented from coming to blows by the timely arrival of a blue coat.

—Hugh Laing was accumulated by the police again last evening for being drunk and disorderly. This morning Judge Coddington sent him on his usual vacation to the county seat for thirty days.

—Sheriff Hicks says the aggregate result of the sale of unclaimed articles left in the Elizabeth depot baggage room is over \$350. Manager Simonds, of the Temple Opera House, bought all the theatrical traps.

—The guests of Hotel Netherwood have engaged the proscenium boxes in Music Hall for Friday evening.

—Reserved seats for the appearance of John Kelly, Mattie Vickers, Fannie West and a host of pretty girls and clever comedians at Music Hall Friday evening are now on sale.

—W. M. Casey has come to Plainfield to introduce his patent band, an advertisement of which appears in another column. It is a first-class article.

—Plainfield tourists are now struggling home—to take a much-needed rest.

—He Can Act as Well as Sing and Dance.

The popular Irish comedian John T. Kelly who will produce the new comedy, "McFee of Dublin," at Stillman Music Hall, Friday evening, needs no introduction to our theatre-goers. He has been seen here in U. I. Mr. Kelly is one of the few Irish comedians who can act, sing and dance. In this new comedy he has a part that fits him to a nicety and that allows him to introduce his clever specialties. The supporting company includes Florrie West, England's charming soprano.

—Are We Coming to This?

The Executive Committee of the Hudson County Deal Dealers Association held a meeting yesterday afternoon and advanced the price of rice, stove and egg coal from \$5.50 to \$6 per net ton. The price of a gross ton will be \$6.50.

Dogs Will Do Well to Taste This in Their Hats.

Last evening Special Officer Frisby re-considered his resignation from the police force and allowed Captain Grant to again add him with the insignia of office as dog-catcher and special policeman.

PERSONAL.

Mr. James Whiteley, formerly of this city, but now of Brooklyn, with her children, are visiting Mr. Whiteley's parents, at No. 13 Steiner place, North Plainfield.

Charles Ulrich, of East Sixth and Sycamore streets, has been confined to the house for a few days past by sickness.

The Asbury Park Daily Express says that George D. Galphin, of Plainfield, Secretary of the American Farm Implement Company, is at the St. Claire.

The Mail and Express, yesterday, through its enterprising editor, Henry E. Brown, of this city, secured a big hit on all the other daily afternoon papers. It contained the exclusive announcement of the first dog show which has ever been held in the City of Churches.

The engagement of Miss Alice Blackington Plummer, daughter of John F. Plummer, formerly of Netherwood, to Charles S. Milliken is announced. Miss Plummer returns from Tacoma to New York early in September.

Miss Doris Gilliland, of Bridgeport, Conn., who has been visiting Mr. and Mrs. John W. Dodge, of 39 East Front street, returned home to-day.

Charles DeGruy, of Park avenue, will leave on Friday for a two weeks' vacation at Atlantic City.

Memrs. Morgan Turton, J. A. Flannery and Jacob Blum, members of the Otsego Division, No. 10, U. R. K. P., returned home from Kansas City on Monday evening, where they have been in attendance at the National Conclave of the Uniformed Rank, in session there during the past week. They report having had a good time.

Miss Nelly Warren, of New York city, is visiting friends and relatives on Grove street.

H. H. Coward, of East Front street, is the latest addition to the ranks of the L. A. W., of the United States, his number is 934.

Mrs. A. W. Waldron and son, of Central avenue, returned home to-day from their summer outing at Mosby, Va.

Mr. Armstrong, of Duane street, took his Panama hat and hid himself away this morning to the woods of Maline, where he will rest and recuperate for the coming three weeks.

Fred S. Dunn, of West Fourth street, is busily engaged in constructing an ingenious mechanism for testing the strength of the current of electrical machines. He intends to patent his invention when completed.

John Leal and son have returned from Pottsville, Pa., where they have been spending the summer months.

T. W. Burger, formerly of Arlington avenue but now of Cranford, will return to Plainfield and take up his permanent residence here this week.

Counselor and Mrs. William M. Stillman returned last evening from their trip to Europe.

AN OLD LANDMARK TO GO.

A. D. Thompson is to erect a handsome building on North Avenue which will extend through to Second Street—it will necessitate the removal of the old John Layton House on the latter Street.

North avenue from Park avenue to Peace street is fast becoming a public centre, and in the course of a few years the avenue will be lined on both sides with handsome brick buildings. The latest improvement on the avenue is the erection of a three-story brick building by Aaron D. Thompson on the vacant plot of ground next to Hotel Granada.

Mr. Thompson owned a one-half interest in the property, and he has just purchased the other half. He intends to put up a building there, with stores below and offices above, which will be both an ornament to the city and a new enterprise for the capitalist. The building is to extend through to Second street, and this part of the building Mr. Thompson will fit up as flats with all the modern improvements.

This enterprise on the part of Mr. Thompson is another of the many improvements he has made since moving here. It will necessitate the removal or tearing down of the John Layton house on East Second street.

On Saturday next, September 3, the first Fall tour will leave Broad street station for a review of the Susquehanna Valley and the New York lake region, enroute to Niagara Falls. This is the most charming route to this wonderful domain of nature, and at no season of the year could a trip be taken either with more beneficial results. It is a magnificent trip, and the tourists will be given the benefit of going and coming via different routes. Excursion tickets good to return as far as Watkins and Rochester within the limit of the tickets will go to return via Buffalo will be sold at a rate of \$10. The tour will be personally carried out in that high degree for comfort and pleasure as only Pennsylvania Railroad tours are. The special train will leave Broad street station at 8 a. m., reaching Niagara Falls at 11 p. m.

—You can't beat the Courier in the price and style of its job work.

REPUBLICAN WHEELMEN MEET.

A Committee to Appoint With Full Power to Decide Upon the Question of Uniforms for the Club—The First Drill to Be Held in the Crescent Club on Thursday Evening.

The "Wheelmen's Division" of the Republican Association of this city, held a regular meeting in their room over the city National Bank, last evening, which was well attended.

The question of having a distinctive club uniform was discussed. It was finally thought advisable to appoint a committee to confer with the City Executive Committee in reference to uniforms for the club and to make a selection of the proper forms. A motion to that effect was offered and carried, and President Coddington appointed as such committee, J. F. MacDonald, G. E. Stillman and R. A. Mosker. They will report at the next meeting.

During the discussion of the subject of uniforming the club, the question of drill was spoken of. Captain Stillman gave his views on the subject, and finally it was decided that the club meet at the Crescent Club, Thursday evening, at eight o'clock, for such purpose, and the Secretary was instructed to notify all members concerning the drill. It was then decided to hold the next meeting on the evening of Thursday, September 8 at eight o'clock sharp, when the uniform committee will be ready to report.

TO MARCH FOR THE TICKET.

A Harrison and Reed Tippecanoe Club organized by the Colored Voters—Uniforms to Be Secured at Once and Practice Drill to Be Begun.

A new Republican organization to be known as the "Harrison and Reed Tippecanoe Guard" was organized at the Tippecanoe headquarters, on East Front street, last evening. Edward Maynard was the temporary chairman, and William Kline the secretary. Fifty-two voters signed the roll.

The club is to be uniformed and equipped with torches, drums and other paraphernalia, and the members have already decided to open the marching season by taking part in a public demonstration at Trenton on September 30. Last night officers were elected as follows:

President, Edward Maynard; Vice President, Henry Lewis; Secretary, William Kline.

Meetings will be held weekly, and the drum corps in connection with the club will practice frequently.

LOVE BEHIND THE NETS.

The Hillside Tennis Club to Have a Tournament on the Grounds Which Will Be Open to Residents of This City and the Borough.

Much interest is being taken in the coming tournament of the Hillside Tennis Club, which is open to residents of Plainfield and North Plainfield. It will commence next Saturday afternoon and will be continued on Monday, Saturday, and on Saturday afternoon, September 10. Ladies singles, and gentlemen's singles and doubles will be played.

The committee in charge consists of Howard W. Beebe, chairman; D. O. Tiffany, Fred W. Walz, James P. Murray and E. L. Walz, Jr.

Entries may be handed to any of these gentlemen, and will be received up to Friday afternoon.

THE BOARD OF HEALTH WILL PROBABLY TAKE ACTION.

George Smock, the owner of the low ground on West Front street, near the city line, part of which has been declared a pest hole and malaria breeding by the neighbors, emphatically declares that he will not fill in the swamp portion of his land. He claims that the Central Railroad Company is responsible for allowing water to run on his land from Corbett's hat shop, but he is willing for the Company to fill in the place with dirt, provided it wants to.

To Be Instituted at Westfield.

Next Friday evening officers of the State Council of the Junior Order of the United American Mechanics, assisted by over 200 junior members of the order of Jersey City, will proceed in a body by train to Westfield. At that place a new council, which has been organized by Mr. Campbell, of Clinton Council, Jersey City, will be organized and a general good time enjoyed. The new council will start with a membership of sixty.

BASE BALL NOTES.

The Crescent League team was scheduled to play with the Morrisville team this afternoon, but Captain "Chie" Hofford was notified by telegram this morning that the grounds were too wet to play, and the game is therefore declared off.

Put Out Your Flag.

The committee of arrangements on the occasion of the Thirtieth New Jersey, hereby request the citizens to display their flags to-morrow in honor of New Jersey's Volunteer.

SAM ALLEN'S CLAIM BAKE.

The Gentle West—Having a Lovely Time When an Important Pioneer Moves—His Appearance and the Fun Begun—A View of Well-Known Plainfield Residents Was Won of the Party.

Sam Allen, the well-known local sportsman, gave a claim bake on Sunday to which he invited some of his friends in this city and a few others from New York. There were about twenty in all in the party, including some well-known Plainfield business men.

The bake was held in the woods just southeast from Sam's residence on Mountain avenue, and everything was progressing nicely when a Plainfield known only by the name of "Mike," suddenly appeared on the scene and demanded \$15.94 which he alleged was due him from Allen for services rendered. Allen, it is alleged, ordered the Pole from the grounds and took of his coat for the purpose of peremptorily bawling him. This seems to have angered the Pole, who commenced to make himself disagreeable. He called into Sam and Sam took a hand himself in the circus. During the fracas Allen fell into the brook near by and emerged therefrom in a somewhat moistened condition.

The party scattered in all directions while the "fun" was going on. Mike was broken, a mustard pot was thrown towards heaven and claims were used as articles of warfare. Finally the invited guests found refuge in Allen's house where the remainder of the evening was spent in various social amusements and the Poleander left the place threatening vengeance.

THEY EAT THE EDITOR'S CLAIM.

Which Goes to Show That Going on a "Vacation" Has Its Disadvantages as Well as Its Delights.

The political editor of the Daily Press, who is now at Lake Hopatcong, had a consignment of sixty-five crabs sent to him by his particular friend "Steve" Ryder, of the Bergen Point boat house, by express, last evening. The crabs were lively and in good health.

Some practical joker fearing that they might spoil, opened the sack, but the crabs boiled and invited his friends to a crab supper. Then he sent a postal card back to "Steve," stating that the crabs were "fine," and asking for another consignment.

Another aggravating feature is the fact that thirty-five cents' expressage was paid by one man who expected to take a big part in the supper, and he only got one crab, and that was a "shedder."

THEY WERE A LIVELY LOT.

And They Were Finally "Spilled" Into the Street When the Wheels of Their Wagon Came Off.

A party of straw-riders in a springless farm wagon from so-nomewhere, rode through town soon after nine o'clock, last evening, going in the direction of Scotch Plains. They had tin horns and good lungs, and some persons were inclined to believe that the "outing" was arranged at Morris Plains.

After riding about town for an hour or so, while the party were passing through North avenue, two of the wheels on the wagon came off and the occupants were galled in a promiscuous heap in the roadway. No one was injured, but it was after one o'clock this morning before the damage was repaired and the party started for home.

IF LYNCH WILL ONLY RACE.

That will be an Event well Worth the Attention of Lovers of the Wheel.

The playful little item in the Courier yesterday about Officer Lynch challenging the loser of the five mile race the day before, seems to have borne fruit. Eugene A. Laing, the defeated rider, authorizes the Courier to state that he will race the officer on the same course with Sergeant Lynch for any amount of money from a cent up to one hundred dollars, or even more if necessary.

The challenger also offers to give a handicap, and openly avers that if he doesn't beat the officer the officer will "beat" him. As another incident to have Officer Lynch accept the challenge, Mr. Laing says: "If I can't beat Lynch I'll pay him double his wages for a year."

This is quite an inducement, and one upon which the officer should look favorably.

This will Be Done in Plainfield People.

John Conklin, a laborer employed in erecting a foundation for the new hall of the Young Men's Christian Association at Plainfield, had a narrow escape from death yesterday afternoon by a caving-in of the earth. He was buried in sand and rocks up to the neck. A gang of Italian laborers were the first to discover Conklin's position, and they dug him out after twenty minutes of hard work. Conklin was almost exhausted, but his injuries are not very serious.—Newark Evening News.

—For that "Unred Feeling,"—sit down.

THE THIRTIETH RE-UNION.

Programme of the Reunion at Reform Hall To-Morrow, Names of the Committee of Arrangements and Other Details of the Celebration.

The Thirtieth Regiment New Jersey Volunteers will hold its annual reunion in this city to-morrow, September 1, and will be entertained by Major Anderson Post 109, G. A. R., and Garfield League, No. 22, L. L. R.

The Regiment will be met at the depot at 10 a. m. by the Post and march under their escort to Reform Hall where the re-union will be held. The business meeting of the Regiment will be held in the morning. This meeting is to be attended by members of the Thirtieth Regiment only. At one o'clock a collection will be served to the Regiment and its invited guests by Garfield League; at 8 o'clock a public meeting will be held in the hall to which all soldiers and citizens are most cordially invited.

The Thirtieth New Jersey Volunteers was mustered into service at Flemington, N. J., September 17, 1862, and bore on its muster roll the names of 1011 men. After nine months faithful service the Regiment returned to Flemington where it was mustered out June 27, 1863. The Thirtieth was assigned to the Army of the Potomac and took part in the battle of Chancellorsville, Va., May 2 and 3, 1863. Company H was commanded by Comrade J. Frank Hubbard.

The committee in charge of the entertainment of the Regiment is composed of seven members: J. Frank Hubbard, Charles H. Handolph, and Edward J. Olsen, from Major Anderson Post, and Miss Susan E. Wilson, Mrs. Julia H. Mackay, Miss Laura L. Brady, and Mrs. Mary S. Olsen from Garfield League.

THE DEATH OF A HERO.

William D. Sperry, whose Family Live in This City, Tried to Save a Woman in the Terrible Worcester Street Fire at New York, Last Saturday Morning, and Received Burns Which Cause His Death.

A brave man died in St. Vincent Hospital, New York, yesterday morning, from the effects of the severe burns which he received at the big Worcester street fire last Saturday morning. His name was William D. Sperry.

His wife lives in this city with a son. She is the sister of Mrs. O. S. Toole and Mrs. McNaughton. Mr. Sperry leaves another son who is living in the South, while his only daughter, Matilda, who is employed on West Front, resides with her aunt in the Borough.

Mr. Sperry lost his life in a manner which few others would emulate. He was employed as foreman in the picture frame factory which was burned. When the fire broke out, he remembered that one of the women employees was still in the top of the building. Nothing daunted by the fierce flames and smoke, he tried to save her but was beaten back. He was so severely burned about the body, limbs and face that he was taken to the hospital, where he died yesterday morning. His funeral service was held this afternoon at Brooklyn where he lived.

MUSIC NOTES.

Dr. Lyman Clark, of the Union County Boarders, of Rahway, has been elected treasurer of the Associated Cycling Clubs of New Jersey, and also a member of the Board of Trustees.

In two years Zimmerman, the world's champion and New Jersey's pride, has won as prizes sixteen bicycles worth about \$2,000.

J. S. Holmes, of the Business Men's Club League of Newark, who was referee of the trophy race last night for 193 votes in the New York Recorder's piano contest, only one man being ahead of him.

It is becoming quite the fashion for wheelmen of the city to remove the mud guards from their bicycles, put on a different style saddle, paint the rims of the wheels a robin egg blue, and then claim that they have a "relay" Columbia.

Amateur Base Ball.

A game of base ball among amateurs was played on the Park avenue grounds, Monday morning, between the Atlantic and the Giants. The former club won by a score of 11 to 6.

A remarkable medicine. Dr. S. D. Howe cured his Arthritis Rheumatica one hundred thousand people in the United States. It is a simple, safe, and effective remedy for all cases of Arthritis Rheumatica, Gout, and all other forms of Rheumatism. It is a true and reliable cure for all cases of these diseases. It is a true and reliable cure for all cases of these diseases. It is a true and reliable cure for all cases of these diseases.

The Best Medicine in the World. My friend who is afflicted with Arthritis Rheumatica, Gout, and all other forms of Rheumatism, has been cured by Dr. S. D. Howe's medicine. It is a true and reliable cure for all cases of these diseases. It is a true and reliable cure for all cases of these diseases. It is a true and reliable cure for all cases of these diseases.

Do You Own a Carriage or Wagon?

If so I have just the thing you need. That is

A Sand-Band

Which prevents water getting in your wheel and which keeps the grease from getting on the outside of the wheel and deflating the hub. The band can be applied to any wheel or axle and is not expensive. Saves the tread of your axle and can be put on in your stable. Please drop me a postal and I will call and show you just how it works. All work guaranteed satisfactory. For testimonials call or address
