## OUR CANDIDATES.

FOR PRESIDENT,  
**BENJAMIN HARRISON,**  
Of Indiana.  
FOR VICE-PRESIDENT,  
**WHITELAW REID,**  
Of New York.

**Tariff Increases.**  
The McKinley increase in the duty  
on Sumatra tobacco increased the pro-  
duction of tobacco in thirteen counties  
of New York State from 5,929,422  
pounds in 1890 to 8,442,305  
pounds in 1891. That's the way it  
works; increased duties, increased  
home production.—New York Press.

It may be well to remember—especially  
the young voters of this year—that in  
no National Republican Platform  
issued since the birth of the party, is  
to be found a sentence, line or word  
that Republicans need be ashamed of,  
or that they have had to repudiate,  
"take back," or modify, but that the plat-  
forms since '56 have become the history  
of the country, and the principles set  
forth in them have become laws under  
which we now live and prosper. But  
the Democrats would gladly forget the  
sentiments embodied in their national  
platforms of the years gone by, and  
would be ashamed to bring them forth  
for their children to read.

If we—Republicans—of this State  
can only get a fair, square, honest  
election, this Fall, I, a no-bellows  
stuffing, "freepresser," or fraudulent  
voting. We will most cheerfully ac-  
cnowledge by the result, and what we claim  
and demand for ourselves we most cheer-  
fully concede to "our friends the  
enemy." Let us have fairness on both  
sides, and we will have no fears for the  
result.

The Democrats take a desultory  
flight in informing us that the law is  
a "tax," and that "we" cannot and do  
not make any tin and that we are  
using as much of it as we ever did, and  
yet a cable despatch from London in-  
forms us that 10,000 Welsh tin workers  
are idle on account of the McKinley  
bill. How is this thast?

COMMISSIONER-OF-LABOR Peck, of New  
York, has been picked up by the back of  
his neck and has been thrown over the  
boardworks by the Democrats of this  
State, because he wouldn't make his  
figures tell a falsehood. As a first-  
class boomerang for the Democrats,  
Mr. Peck's report has been a "howling  
success."

Of Interest to Athletes.  
James Robinson, the athletic trainer  
of Princeton College, Princeton, N. J.,  
says:

"I have found it imperative to have  
pure and simple remedies on hand for  
cases of cuts, bruises, strains, sprains,  
colds, rheumatism, etc. Shortly after  
entering upon my profession, I dis-  
covered such a remedy in ALLCOCK'S  
POBOS PLASTER. I tried other plas-  
ters, but found them too harsh and irri-  
tating. ALLCOCK'S POBOS PLASTER  
gives almost instantaneous relief, and  
their strengthening power is remark-  
able. In cases of weak back, put two  
plasters on the small of the back, and  
in a short time you will be capable of  
quite severe exercise. In "sprain,"  
and "distance" races and jumping, the  
muscles or tendons in the legs and feet  
sometimes weaken. This can be re-  
lieved by cutting the plaster in narrow  
strips, so as to give free motion, and  
applying on muscles affected."

## "ZIMMIE," THE CHAMPION CYCLIST.

An Interesting Sketch of His Early Life—  
How he Became a Bicycle Rider and a  
Description of the Prize he Has Won.  
Much has been written about Arthur  
A. Zimmerman, the champion  
cyclist of America, but there are  
few in this city who have any real idea  
of the early life, the reason he took  
part in and the prizes he has won.  
He was born at Manassquan in 1870.  
where his father conducted the Osborn  
House. Eleven years ago he moved to  
Freehold, to live with his sister and  
brother-in-law, Mr. and Mrs. Joseph  
McDermott.  
Some years ago Mr. McDermott  
purchased an ordinary, and after much  
practice, learned to ride it. At that  
time "Zimmie," who was a long-limbed,  
ungainly youth of seventeen years, took  
some interest in the wheel and also  
learned to ride, but he would not many  
falls and bruises. To quote his sister,  
Mrs. McDermott, "We were always  
patching him up."

Finally getting the best of his ma-  
chine, he soon showed considerable  
speed, and at a county fair held soon  
afterwards at Freehold, he so badly  
defeated his brother-in-law in a mile  
race that his relatives then and there  
decided to put him through a course of  
training and bring out whatever there  
was in him.  
To this early training is due Zim-  
merman's position to-day. His first  
race against a field of wheelmen, after  
endeavored to follow the track at  
Queens, N. Y., in October, 1889. It  
was a one-half mile, and he crossed  
the line a winner. From that time  
until the close of the racing season on  
September 18 he entered twenty-six  
races, the distances varying from one-  
quarter of a mile to ten miles on road  
tracks. In seventeen he won first,  
three being from scratch, and in nine  
got second place, one being from a  
scratch.

Since this time he has entered in-  
numerable races both in this country  
and in England, and has won fame and  
reputation wherever he has gone.  
It is almost impossible to realize the  
immense quantity of prizes which  
Zimmerman has won.  
Six prizes form no small part of the  
lot. Four of them, including a \$1,250  
Sohmer, are at the McDermott resi-  
dence in Freehold, one is at the Zim-  
merman home in Manassquan, and one  
on exhibition in an Ashbury Park  
store window. In the Manassquan barn  
is a two-wheeled, finely trimmed sur-  
vey worth \$300, while in the barn at Free-  
hold are stored nearly twenty bicycles  
of all make and grades. Scattered all  
over the houses in both places, mostly  
left by the household, are hundreds of  
valuable articles which attest the skill of  
"Zimmie," and of which the members  
of his family are justly proud.

His collection of large and small  
water color pictures and two handsome  
engravings, three large black clocks, four  
solid silver pincers on swinging bars  
with trays and cups, four solid silver  
service sets of six pieces each, a set of  
silver oyster forks, pickle jars, water  
pitchers, trays and cake baskets, all  
solid silver, innumerable two value  
gold watches, nearly all of which  
have Elgin movements, and two silver  
watches, three high grade rifles and  
two shot guns, a large and small  
lamps, a sole leather trunk containing  
complete gentleman's toilet set, decan-  
ters, cups, silver, mirrors, toilet sets  
and a set of silver, and three mas-  
sive ivory vases.

## MISSING FOR THREE WEEKS.

Uriah B. Kinzey of East Fourth Street  
Leaves Home and His Whereabouts Are  
Unknown.

Uriah B. Kinzey, aged thirty-eight  
years, and a resident of No. 10 East  
Fourth street, left home on Thursday  
evening, three weeks ago, and has not  
since been heard from. His family  
fear that he has been foully dealt with.  
When Kinzey left home he was in a  
frantic state from sickness and told  
his wife that he was going to New York,  
where he has two brothers living. In-  
quiry at the home of the brothers in  
Newark, failed to reveal any informa-  
tion concerning his whereabouts.  
Kinzey came here from Newark last  
October, and was employed in Dr. E.  
Rosenberg's planing mill on East Fourth  
street, up to the time he left town.  
Mrs. Kinzey, when seen by a Courier re-  
porter this afternoon, said she could not  
advise unless it was because he had  
been foully dealt with or had wandered  
during temporary mental aberration.  
She has been from age, she says, he lost  
his right foot while at work in Meeker  
& Hadden's planing mill in Newark,  
and ever since then, at times, he has  
acted strangely. Kinzey took some  
tools and a quantity of clothing with  
him. He has a father and sister living  
in Princeton, but they have not seen or  
heard from him.

The Republicans of the third and  
fourth wards of this city, will hold their  
primaries this evening in the rooms of  
the Republican Association, No. 12  
East Front street. One delegate from  
the third and two from the fourth  
wards are to be chosen, to attend the  
State Convention at Trenton, next  
Monday, to nominate a candidate for  
Governor.

The Republican City Executive  
Committee met to-night at 8 o'clock.  
The Wheelmen's Division of the  
Republican Association will meet this  
evening in the Crescent Bunk for drill.  
All members are requested to be pre-  
sent, as the question of uniforms must  
be decided at once.

The reunion of the Sixth Army  
Corps, Third Division, will be held at  
the White Lot or G. A. R. place,  
Washington, D. C., during the national  
convention held Sept. 19 and 20.  
Every member is requested to wear the  
blue cross.

When they were sick, we gave her Castoria.  
When she was a child, she cried for Castoria.  
When she became ill, she clung to Castoria.  
When she had Colic, she gave them Castoria.

## WILL THERE BE A STRIKE?

General Manager Seward Visited by a Com-  
mittee of Employees, who Came to Find  
out about Recent Discharges—He Refuses  
to See Them.

A general strike is liable to take  
place at any time on the Jersey Cen-  
tral Railroad. The reason will be the  
recent discharge of engineers of the  
road.

A committee, which represented the  
engineers, firemen, conductors, brakemen  
and telegraph operators of the  
entire railroad system controlled by the  
Reading, called on General Manager  
Seward at Philadelphia, on Tues-  
day afternoon, for the purpose of try-  
ing to come to some amicable under-  
standing. Their visit was short. They  
were refused admission to the office  
and word was sent them that they  
would be seen as individuals, not as a  
committee.

As general thing the men refuse to  
say anything about the matter, but one  
of the engineers of the road said that  
there was no doubt that the engineers  
on all the systems controlled by Read-  
ing, will strike if the discharges con-  
tinue. In 1887 the Brotherhood of  
Engineers signed an agreement with the  
Jersey Central which in Article 8  
provided that engineers who "may be  
suspended shall be given a hearing with-  
in five days and shall be notified  
promptly of the result of the investi-  
gation. If found that they have been  
unjustly suspended, they shall be paid  
half time for all time lost." Also in  
Article 12 it provides that "all griev-  
ances that may arise shall be settled by  
arbitration with engineers and firemen  
and the officers of the road." As Man-  
ager Seward refused to receive the  
committee and thus broke the agree-  
ment, the feeling among the men is  
very bitter and trouble may be looked  
for.

President McCool, of the Reading  
system, in speaking about the matter  
yesterday in Newark said he was op-  
posed to labor organizations, as they  
exist at present. The workmen are  
taxed to support lazy individuals who  
term themselves "walking delegates." They  
are the real strikers up of mis-  
chief.

Our system, if our em-  
ployees think they have a grievance,  
the matter is presented to me by peti-  
tion, or by personal application, and  
always receives prompt attention. If  
any committee representing men em-  
ployed on the system wishes to see me  
on my return to Philadelphia I shall  
certainly receive them and hear what  
they have to complain of."

Ten Dollars to Niagara via the Reading  
Railroad's New Route.  
The next cheap excursion to Niagara  
Falls via the famous beautiful Read-  
ing-Lehigh Valley route will start from

parlor cars and the finest day coaches,  
in charge of an experienced tourist  
agent, will leave Philadelphia, Ninth  
and Green streets, at 9 a. m., and  
Twenty-fourth and Chestnut streets at  
8.20 a. m., and stop at Columbia avenue  
and Wayne Junction. The fare for  
the round trip is \$10 and the route is  
via Mauch Chunk, the Scenic Route of  
America and the picturesque Lehigh  
and Wyoming Valleys. Tickets are  
good to return on any train within ten  
days, and will be accepted good to  
either Buffalo or to Niagara Falls, but  
not to or from Niagara Falls via Buffalo.  
On the return trip a stop-off will be  
allowed for a side trip to Rochester, at  
Geneva for Watkins Glen, at Sayre and  
also at Mauch Chunk. Tickets are on  
sale at city ticket offices and depots,  
Ninth and Green, Ninth and Columbia  
avenue, Wayne Junction, Germantown,

Mr. and Mrs. J. R. Truell, who have been boarding while their house on Central avenue has been rented, have regained possession of their residence and again gone to housekeeping.

Mrs. George Benbrook, of Somerville, is visiting her mother, Mrs. Garretson, of Central avenue.

Mrs. A. M. Ross, and two daughters, of Grant avenue, returned from their annual outing in the mountains and at the seashore, last evening.

The friends of Dr. Donald, of Somerville, will be glad to learn that the street report, that the Courier reported yesterday afternoon, that he had been the victim of a fatal accident, was not founded on fact. He turned up in Plainfield this morning as proof of the falsity of the report.

Many of the old-time Irishmen of the city waited around the depot late last evening, eager to hear the return from the Sullivan-Corbett fight. When the result was announced, they went home disgusted. Several Irishmen from Fanwood missed the last train and had to walk home.

The Plainfield Press, which recently trotted out Joseph W. Yates as a democratic candidate for the Congressional nomination in this district, has tonight humbly begged, Mr. Yates positively declines to aspire to that office. This, of course, makes the way clearer for the nomination of Hon. John T. Dunn, who is undoubtedly stronger than Mr. Yates.—Elizabeth Journal.

The Elizabeth Journal says that "There is nothing in Union county politics, that is so much talked about as the County Clerkship's fight on the Democratic side. It is no longer a secret that ex-Sergeant Gerber is an aspirant, that he is said to be developing considerable strength. His friends count on capturing several of the Rahway delegates. On the other hand Mr. Crowell's friends say that his prospects are growing better, as the day for the convention is growing nearer. In Plainfield there is no dissension in Rahway and that the city will send a full Quill delegation to the convention. They also claim Plainfield as being solid for Crowell."

On account of the refusal of the Pennsylvania Railroad Company to advance rates on coal to the West, the Reading Railroad Company has issued a circular refusing to cooperate with the Pennsylvania Railroad, with the result of cutting off all their traffic from the Pennsylvania in coal. The Pennsylvania officials regard the rate on coal as sufficiently high, and claim that there is no ground for an advance. If the Interstate Commerce Commission is called in to settle this, the public may hear some interesting facts in regard to the advance in coal the past week.

## CHOOSING THE DELEGATES.

The Republicans of the First and Second Wards Sent Unintentional Delegates to the State Convention.

The Republicans of the first and second wards of the city met at the rooms of the Association last evening, to elect delegates to the State Convention at Trenton next Tuesday. The first ward primary convened at 8 p. m., with J. B. Coward, Chairman; R. E. Corbett, Secretary; Inspectors of Election, William Addis and George Cook. J. Fred McDonald was chosen delegate with George H. Cook as alternate delegate.

At half past eight the second ward people had their innings. Their chairman was John H. Doane, while Mr. Hart acted as secretary. The delegates elected were Judge Nash and W. T. Messersmith. Their alternates were W. L. Clarke and F. R. Stevens.

## Why We All Rejoice.

The intense and almost universal interest felt in the Corbett-Sullivan prize fight at New Orleans last night by many Plainfielders who never before have taken any interest in such matters shows once more that admiration for physical strength and valor which all have in a more or less degree. Fighting may be a poor use to which to put these gifts, but this particular fight will give especial pleasure in that it ends the career of one of the most offensive ruffians that ever strutted before the world. That Sullivan was a strong man and a good fighter no one could deny; but no man could maintain his strength in the life of rowdiness he has led. He was never anything but a bully, and all respectable people are glad that he has met his master in a sober man. If Corbett does not lose his head and go the same way that Sullivan has gone, he will have a very famous place in the annals of the ring.

## IN THE CITY COURT.

Upon complaint of Mrs. Abraham Freeman, of Cottage place, Augustus Van Angelen and his wife, were arraigned in the city court, this morning, charged with assault and battery and resisting arrest. They were given a \$1000 bond before Judge Collington. Van Angelen was discharged, but his wife and Mrs. Freeman, the latter the complainant, were adjudged guilty and fined four dollars each.

James Day, otherwise known as "Buck" Day, and Charles Perrine, had a case back of French's mill, last evening, and Day was arrested upon complaint of Perrine for assault. Both were locked up for safe-keeping. This morning the complainant refused to press the charge and both were released.

## They'll Be Reprimanded.

The Metropolitan Drum corps, of which Officer Frisby is Drum Major, have placed the order for their new suits. They are to be of dark blue cloth trimmed with gold. The Drum Major will dazzle the eyes of all beholders as a leader of good troops, a vice coat and his "barrel" cap, while he twirls his baton in a way never before twirled in Plainfield. The suits will cost \$108, for which Frisby is raising funds by subscription. Help him out on it. You'll get your money's worth of music from these colored drummers and pipers who always play for all there is in them.

## Library Bill Paid.

At the regular meeting of the Board of Directors of the Public Library the following bills were approved and ordered paid: Wm. H. Williams, \$24.87; Joseph W. Harper, \$5.00; Boies, Ransom & Co., \$82.75; E. E. Davis, \$20.00; Mary A. Keenan, \$38.00; Jandl, \$42.40; Miss Adams, \$50.00. The Librarian's report for August was read and filed.

## Five Delegates From Plainfield.

The Democratic primaries for the election of delegates to the State Convention, which is to be held at Trenton on Wednesday, September 14, will be held in the various wards in this city on Monday evening next. Plainfield is entitled to five delegates, as follows: One in each of the First, Second and Third Wards, and two in the Fourth Ward.

## Corbett Is Coming to Plainfield.

Recognizing the possibility of a day coming when intelligent man would triumph over the brute, Manager Demarest signed a contract last week for the appearance at Music Hall, October 4, of "Gentleman Jim" Corbett, who has just whipped the "Boston Giant" and came out of the battle without a scratch.

## North Plainfield Republican Primary.

The North Plainfield Republican primary for the election of delegates to the State Convention will be held at Spencer's Hall, to-morrow, (Friday) evening, at 8 o'clock, after which there will be a business meeting of the U. S. Grant Republican Club.

## RICKLE'S NOTES.

The regular monthly meeting of the Associated Cycling Clubs of New Jersey will be held at the club house of the Elizabeth Wheelmen this evening at 8:30 o'clock, and the trustees meeting one hour earlier.

## ROBBED HER EMPLOYER.

A New York Servant Girl Slips Off With Her Master's Money, a Wedding Gift and a Quart of "Jersey Lightning."

George O'Connell, of No. 109 Jackson street, North Plainfield, is the victim of misplaced confidence. About a week ago he went to New York and engaged a servant girl to work in his family. The girl performed her duties until yesterday afternoon, when, during the absence of the family, she ransacked the house, and took all the loose change she could find, amounting to several dollars, a pair of opera glasses, a wedding present to Mr. and Mrs. O'Connell, a quantity of clothing and a quart bottle of Apple Jack, which was kept in the house for medical purposes.

The girl did not wait for her week's wages, and it is believed she took a train for New York. The theft was first noticed when one of the family reached home about six o'clock. Captain Grant was notified last night, but he has not yet located the girl.

## BASE BALL NOTES.

There was no ball game in this city yesterday, so Captain Hordoff took his men over to the grounds and held a "rehearsal."

As Saturday's game will probably be next to the last with the West Ends this season most of Somerville's residents will migrate to this city, where the game is to be played. Special cars will perhaps be necessary to bring the visitors here, but there will be ample accommodations for them when they arrive on the grounds.

The Arlingtons will play the Stars of Dunellen Saturday morning, at 9:30, on the Park avenue ball grounds.

The two concluding games in the Central New Jersey League, between Westfield and Elizabeth, have been declared "off," each team deciding to stand on its own merits. Both umpires, Sullivan and Hopkins, will be at the Saturday game here.

## Freddy Jones Gets a Free Shave.

Fred Jones, the Crescent's first baseman, stood leaning against the Broadway side of the New York post-office building about dusk on Sunday evening, while a street arak was shining his shoes. After the job, a big one by the way, was half completed, a party of Plainfield sports came along and one of them, a short, stout young fellow, pushed the boot-black one side, and finished the job himself. "Freddy" thanked his bosom friend and walked off smiling. The boot-black one side, and afterward paid by one of the sports taken to a near-by restaurant and fed.

## Many Plainfielders Witnessed the Railway Carnival Last Night.

The carnival at Rahway on the Rahway River last evening was a very pretty affair. Some forty crafts, rowboats and launches gayly decked with Chinese lanterns of various shapes and many designs, were in line and as they wended their way around the windings of the river produced a beautiful effect. A large party of Plainfielders drove over to witness the scene and felt amply repaid.

## Fell Headlong Down a Stairway.

An unknown colored man, intoxicated, fell down the flight of steps leading to the collar under Connolly's saloon, on Park avenue, at 3:40 o'clock yesterday afternoon, and sustained severe bruises about the head and body. Those who saw the man fall thought that he had surely been killed, but when picked up and carried to the hospital, he staggered off for home.

## Farm Land Brings a Low Price.

Upon an order obtained by William A. Coddington, solicitor in the partition suit of Cornelius Gledis vs. Mary Ann Gledis, E. A. Reed, special master in chancery, on Tuesday sold a farm at Warrentonville. The place is in a high state of cultivation and contains sixty acres. It sold for \$2530, and was bought by Mr. Cushman, of New York.

## Discovered Justin in the Nick of Time.

Fire was discovered in a chimney on Charles Smith's residence at the corner of Front and Somerset streets, at three o'clock yesterday evening. Police Constable Brockman saw the blaze and with assistance soon put out the fire. No damage was done, but for a time serious consequences were threatened.

Stephen Coleman, an employee of Charles H. Rugg, fell from a coal wagon on Saturday last and injured himself so badly that he has been conveyed to his home on Cottage place. Dr. Jenkins is attending the patient.

Engineer John Moynahan went to Elizabethport on Saturday evening, and returned with drill engine No. 30, which has been undergoing repairs there for some time past.

The New Jersey Brigade of the Uniformed Knights of Pythias will have a field day at Bridgeton on Oct. 5, and the Supreme Lodge has offered \$500 in prizes.

There were plenty of "big heads" in town this morning after the result of the prize fight became generally known.

## WANTS HORSE OR MONEY.

Taylor and Smith at Odds Over 1400 Yards of Dirt, a Team of Horses and \$350.

Several weeks ago Samuel Taylor, of North Plainfield, was employed by William H. Smith, the builder on West Front street to remove about 1400 yards of dirt from a place owned by Smith on the Terrell road. He was to receive \$350 for the job, and was to take a team of horses owned by Smith and valued at that amount in lieu of the cash. Taylor was to have the use of one horse while doing the work, and when the job was half completed, he was to become owner of the horse. Taylor became ill with rheumatism, and although the time was extended he was unable to finish the job. In the meantime Smith secured the horse from Taylor, although Taylor claims that more than half the job was completed. He now refuses, it is said, to return the horse or to pay for the work done. Accordingly Taylor has begun an action through his counsel, Jackson & Goddard, for \$200, the amount which he claims is due him.

## HE PREFERRED TO GO TO JAIL.

A Wheelman Arrested Last Night For Violating a City Ordinance, Is Fined.—He Refused to Pay, But on the Way to the Station House he Was Released and Paid the Fine.

The really ingenious excuse, which some wheelmen have when caught by officers at night for riding without their lanterns lighted, are amusing. A well known wheelman, of North Plainfield, was captured by Officer Fredrickson last evening. He claimed his lantern had just gone out. The officer let it off. It was cold, showing it had not been lighted at all.

This morning he was taken before Judge Collington and on being fined \$1 refused to pay, saying he would rather go to jail for ten days. Captain Grant marched him towards the station house and on the way gave him good advice that the prisoner concluded to pay the fine and be set free.

A boy named Cross who lives in Hatfield Row, on Arlington avenue, had a narrow escape from serious injury yesterday noon. He was crossing West Fourth street when a bicycle rider rapidly approached, ringing his bell. The boy did not get out of the way quickly enough, and there was a collision. Cross, when extricated, was found to be cut on the head and somewhat bruised about the body. He was taken home. The wheelman and his machine were unhurt.

One business man in this city dropped \$350 on the Sullivan-Corbett fight. The winner, however, will not accept the full amount, but he will probably let the loser off, and accept one-half the bet.

Some unknown person walked off with a good umbrella left standing in front of No. 16 East Front street, last evening. A reward for its return is offered in another column.

The funeral of Robert Landerbach, the man who was so badly injured in the wreck at Dunellen on Saturday night that he died the following day, took place at St. Mary's Church yesterday afternoon at four o'clock. Rev. Father Smyth officiating. Interment was made in St. Mary's Cemetery.

The New York Times says: "What better field for growth and propagation could a cholera germ ask than a fat, older or leaner? The cholera virus now in the bay have thrown overboard great quantities of infected material. New York city gets its clams and oysters from waters easily in tidal communication with the lower bay."

A party of female bicyclists from Elizabeth rode through town this morning on their way to Somerville.

The capital invested in the great Adam Forepaugh Shows is \$3,000,000; daily expenses, \$5,500. Upwards of 1,200 people are employed, of whom 115 are in advance of the monster aggregation.

All members of the Crescent League Wheelmen are requested to meet at the new headquarters on East Second street this evening at 7:30 o'clock sharp, for the purpose of having a club run.

The members of the Salvation Army held another public demonstration by parading the streets last evening.

## New Factory.

Special to the Courier.  
BROCKTON, MASS., September 7. The large factory just completed by the W. L. Douglas Shoe Co., for the exclusive manufacture of the famous W. L. Douglas \$3 Shoe, was occupied by the entire force to-day. The occasion was observed as a holiday by the residents of this section of the city, and many showed their appreciation of the growing industry by numerous and handsome decorations and fireworks. The factory is the largest in the country devoted to the manufacture of a special shoe, and its capacity will be taxed to the utmost by the increasing demand for this favorite shoe.

It takes good printers to do good work. The Courier has them.
