## Tariff Pictures.

The British Board of Trade, at the  
request of the House of Commons, in-  
vestigated the subject of wages in 1886  
and found that in the worsted industry  
men received average nominal wages of

\$3.80

a week, women \$3.40

and girls \$1.44

In Rockville, Conn., there are several

large worsted mills, where men receive

\$10.00

a week, women \$6.50

and girls \$5.50.

—New York Press.

Zimmermann took three records

away from F. J. Osmond, the crack

English rider, at Hampden Park, yes-

terday. He started for the five-mile

record, and in so doing lowered the

three-mile, four-mile and five-mile re-

cords. His time was 7:15 4-5, 9:34

and 12:12 2-5.

THERE are 1,356,133 depositors in

the savings banks of New York, and

their deposits aggregate \$610,560,031.

These men are mechanics and laborers

for the most part, and it is easy to see

that they are not being reduced to a

poverty-stricken condition by the tariff.

THAT says that President Harrison is

an unpopular man, but it will be re-

minded that wherever he goes he is

greeted with hearty demonstrations of

respect and good-will. Perhaps, after

all, the people like a man best who

lives up to the dignity of his position

and does not play the demagogue.

STEVENSON says that the Treasury

has been brought to the verge of bank-

ruptcy by the removal of the duty on

sugar, and yet he advocates still further

reductions of the tariff. He should get

together in his logic if he expects any

body to listen to him.

WHAT has been done with the sur-

plus? It has been put back into the

pockets of the people by the \$50,000,

000-a-year duties on sugar which the

McKinley law has abolished. Ask

something hard.

Of Interest to Athletes.

James Robinson, the athletic trainer

of Princeton College, Princeton, N. J.,

says:

"I have found it imperative to have

sure and simple remedies on hand in
