Republican Primaries.

The Republican voters of the city of Plainfield are requested to meet at the following named places on Monday evening, October 3, 1892, for the purpose of electing delegates to the Eighth Congressional District Convention, to be held at Elizabeth, on Saturday, October 15, at 12 o'clock, noon.

First Ward—At the Association Rooms, No. 12 East Front street, at 8 o'clock, and elect three delegates.

Second Ward—At Bryant School Building, East Sixth street, at 8 o'clock, and elect three delegates.

Third Ward—At the Hotel Albion, Park avenue and Eighth street, at 8 o'clock, and elect three delegates.

By order of the City Executive Committee.
JOHN LAURENCE, Chairman.
J. B. COWARD, Secretary.
Plainfield, Sept. 30, 1892.

The political outlook in Union county is shifting somewhat, but not to the advantage of the four hundred odd Republican majority in Plainfield. Elizabeth is to have the nomination for County Clerk and Surrogate, while Plainfield is to have the opportunity to decline the Congressional nomination—or otherwise. Highway is to possess herself with patience and remember all that has been there. In case Plainfield, patient Plainfield declines to try hopeless conclusions with a popular Democrat in a well "dressed" district, then Orange or Bayonne is to have the say, with the probability that Orange will walk off with the doubtful plan. Either way that it goes Elizabeth will have the two offices which mean almost sure victory, and Plainfield's majority is to help on this victory with nothing to show for it. It may be an honor to run a race looked upon as a hopeless one, or to experiment with a district in which the chances are considered as three to one against a Republican nominee, but such honors as that are not sought by Plainfield's Republican majority.

Wanted to Acquire Goodwill Road.

A year ago last April Julia Peck rented a house to John Fleming Peck on Prospect place. In the following November Fleming bought a house on Willow avenue, and it was alleged tried to "throw up" the lease on the Prospect place premises on the ground that the house was in bad repair. Mrs. Peck held Fleming to the lease and brought suit to recover \$130. The case was tried before Justice Crowley and jury on Friday, and during the trial Counselor Reed very closely cross-examined A. D. Hope, of Roselle, one of the witnesses for the plaintiff. After the trial and while the jury was out Hope, who was very much disturbed at the way he had been questioned, threatened Mr. Reed and was only prevented from striking him by the interference of the jury on both sides. A verdict of \$56.65, including costs, was brought in by the jury in favor of the plaintiff, who was represented by Counselor W. M. Sullivan.

The Blood.

If you have good, rich blood you enjoy good health. Dr. R. D. Howe made blood disease a specialty for years, and cured thousands of people afflicted with scurvy, erysipelas, skin eruptions, rheumatism, salt rheum and eczema. He prescribed a remedy invented by himself, called Howe's Blood Tonic. It acts as a tonic to the blood, cleanses and builds up the system to vigor and good health. Howe's Milk Curd has cured thousands of cases of consumption that had been given up to die by physicians.

Democrats Run One Back on General Jackson.

TO THE EDITOR OF THE COURIER:

It is supposed that Democrats in the back woods "destricks" are still voting for General Jackson, and in the more enlightened communities where they hear that the old man was long since gathered to his fathers, he is still worshipped as the greatest saint in the Democratic calendar.

But, alas, the modern Democrat has forgotten the teachings of his hero on this subject, and is advocating a doctrine that "Old Hickory" opposed. Let a bit of ancient history be recalled.

In the year 1824, General Jackson was a member of the United States Senate, and a prominent candidate for the Presidency. A tariff bill was before Congress whose object was to increase the duties levied by the law in force. A political leader of Virginia, Dr. Colman, anxious to have General Jackson made President, desired to know how he stood on the tariff issue, and wrote him a letter of which the following is the principal part:

"I take the liberty of desiring you to inform me whether you are voting for the tariff bill now before Congress."

He was anti-tariff here, and candidly requires me to say that should you be the advocate of a measure to which our interest is evidently opposed, the real with which you have hitherto supported will be relaxed."

Did the Democratic Presidential candidate of 1824 fear to give a direct answer? Not at all. He plainly declared his purpose to support the bill and gave his reasons for favoring the protective system involved in the bill. A portion of his letter follows:

WASHINGTON CITY, April 25, 1824.

"Providence has filled our mountains and our plains with minerals—with lead, iron and copper, and given us a climate and soil for the growing of hemp and wool. These being the grand materials of our national defense, they ought to have extended to them adequate and fair protection, that our own manufacturers and laborers may be placed on a fair competition with those of Europe."

In short, sir, he has been too long subject to the policy of the British merchants. It is time we should be a little more independent (the italics are General's), and instead of feeding the paupers and laborers of Europe feed our own, or else in a short time, by continuing our present policy, we shall be paupers ourselves. Believing these opinions correct and calculated to further prosperity and happiness of my country, I declare to you I would not rather turn for any office or whatever of a temporal character that could be given me.

ANDREW JACKSON.

A protective tariff was not "unconstitutional" in the opinion of Andrew Jackson, it is claimed to be by Grover Cleveland, and is declaring his view on the subject. Presidential candidate, the "Hero of New Orleans" did not attempt the straddling act which is the leading feature in the Democratic performance of the present campaign.

Saturday Night's Fire.

An alarm of fire was sounded Saturday night at eleven o'clock from box 28 located at Netherwood to which Engine Company No. 1, Alert Hose Company and Truck No. 1, responded. The fire proved to be two piles of lumber near the depot, which is being built at Netherwood and which work is to be used in its construction. The workmen, when they had quit work at night, evidently had not cleaned up as thoroughly as they should have done, for the fire was undoubtedly caused by a spark from a passing engine which had ignited some of the loose shavings about. The loss will amount to about \$40.

Their Danies.

The new hose carriages ordered for Nos. One and Two Engine Companies from Flagg and Cripp, of Trenton, are about ready for shipment and will be here about the middle of October. The carriage for No. 2 Engine Company is finished and was on exhibition at the Inter-State Fair at Trenton, last week. It attracted much attention. The members of the two companies are soliciting subscriptions for the purpose of receiving the carriages in a fitting manner. There will be a show street parade on the night of their arrival, followed, probably, by speech-making and refreshments.

Meeting of the Diocesan Convention.

The Catholic Young Men's Diocesan Union of the Diocese of Newark, met in monthly session at the C. Y. M. I. Club room, yesterday. President Fitzpatrick of Newark was the chair, and Rev. Fr. McGee, of Trenton, was present, representing twelve societies. The union meets monthly and each society sends three delegates. The latter report the proceedings to their individual societies. The Catholic Young Men's League of this city was represented by J. J. Lynch, J. C. Traynor and M. J. Winn. Mr. Lynch is the treasurer of the Union.

Resolving Their Afternoon Service.

Both the Trinity Reform and Congregational Sunday Schools resumed their usual afternoon sessions, yesterday. At its regular custom the Sunday school has met in the morning, during the summer months.

THEIR NEW CHURCH OPENED.

The members of the First Church of Christ, who have been worshipping at the old church, have moved into their new church of worship on Grove Street.

The First Church of Christ was dedicated yesterday and opened for public worship. At the morning service many were present, also in the afternoon, but at night when the Rev. J. B. Cleaver spoke and administered the rite of baptism, the church was crowded, many being compelled to stand up.

The platform was prettily decorated with plants and cut flowers. After the usual opening exercises had been finished, Mr. Cleaver was introduced to the congregation. Among other things he said he rejoiced that they had at last a roof to cover them. The building was small. Some one had called it a dry goods box. Allowing it, it was also a workshop. Some said it was like a barn. It was an honor to call it so, for Christ was born in a barn. At any rate it was a place for Christians to meet.

The speaker then went on to speak of the creed of the church. He announced as his text, "For I know in whom I have believed." He said that now-days there were many creeds. In St. Paul's time there were but four, Apostolic, Nicene, Arian and Aethiopian. No creeds were put on paper until about 200 years ago. All were devised by men. The creed which Paul espoused was the oldest of all. It was the creed of Christ. "I believe in whom I have believed, the Christ, the son of the Living God." This is the creed of Christianity. Other creeds are in constant need of being patched up, half sold and heeled.

People are interested in the Evangelical Alliance, a sort of union of all creeds into one. They might just as well try to make oil and water mix. But one creed, but one way to be saved. That is what Paul believed in. Jesus Christ and to be baptized. If you join a Masonic lodge you have to join in one certain way. There is but one way provided. Christ provided this way in Christian baptism.

A church is an ecclesiastical meeting. Ecclesiastical is from the Latin word "ecclesiasticus," meaning "a body of citizens called out by a cry; a church." Therefore any assemblage of citizens is a church. Many churches are no better than a town meeting, for the good they do. Paul believed in no paper creeds. His belief has come down to us to-day. Prohibition does not prohibit. The McKinley tariff bill and the Democratic jugglers will never help the country. It will never be helped until Christ shall come again.

Paul's belief is your belief. Your confession is the New Testament. It is the only right one. These Christian religions are constantly changing. Many say that Browning is out-growing Christianity. I believe it to be so. The Roman Catholic religion is founded on a lie. They claim that the Roman Catholic Church is founded on a rock. They claim that Peter, the head of the Church, was the rock. It's wrong. Christ was the rock. This Church is founded on this rock. This rock is love. Love is indissoluble. It will never die, for it is eternal.

If people are saved by Christ they need not fear. Christ will preserve from all danger, all his信徒. The minister who preaches that we'll all go to heaven when we die is very popular. Religion does not consist in making a big noise. In attending church on Sunday and patronizing saloons and other places of amusement for the rest of the week.

At the conclusion of the address, the top of the platform was discovered. Into this water Mr. Cleaver descended and baptized Mr. and Mrs. John Currey, Harry L. Currey and Mrs. Wadsworth, of Bound Brook, and Mrs. Wells and little daughter, of Plainfield. The service was impressive and during the ceremony the choir sang an appropriate hymn. The collection for the day amounted to \$205.36.

Many coal trains passed through the city, yesterday. The cause was that they had been held west of Somerville on account of Saturday's wreck.

THE PLAYERS REVEALED.

Saturday's ball game netted a small amount for the players, but it was a success. After all—Pats and Figures Concerning the Game.

The benefit game between the Crescents and the Patterson team on Saturday did not pan out so well financially as was anticipated. In fact, after all expenses were paid there was just \$153.35 to divide among the eleven members, or \$13.94 a piece.

The total receipts from sale of tickets, both for admission and grand stand, amounted to \$213.35. Of this amount \$60 had to be deducted for expenses, leaving \$153.35 for division. In all 932 tickets were printed and circulated, and of this number 622 were disposed of. Among those who sold the most were Captain Hoffman, Bonner, Jones and Moore. One man, Charles K. Moore, took twenty-five dollars worth of tickets, and several other members of the league took proportionately large numbers.

A meeting of the Crescent League will be held on Wednesday evening when some of the members will be called to account for not selling more tickets.

September's Changeable Weather.

On September 23 and 25, thunder storms visited us, while Jack Frost made himself felt early Friday morning.

The prevailing direction of the wind during the month was from the northwest. On September 3, a lunar halo was visible, and a lunar corona was seen on the sixth and seventh. Sixteen days were clear, nine were fair, five were cloudy, while rain fell on eight days. The extremes of temperature on Saturday were 84.5 and 52.5 and yesterday they were 68.3 and 35, the lowest yet. A light frost was visible early yesterday morning.

The presents were very handsome and included a check for a large sum which was presented by New York friends to the bride. Only the immediate relatives of the happy couple were present. Mr. and Mrs. Stover left the city by train for an extended wedding trip and on their return will reside with the bride's mother.

GRAND REPUBLICAN RALLY.

The U. S. Grant Club held a handsome banner which is followed by a big mass meeting in the evening and Tuesday Hall.

The long delayed banner raising and mass meeting, under the auspices of the U. S. Grant Republican Club of North Plainfield, took place on Saturday evening and it was a big affair. Nearly every Republican and not a few of the Democrats in North Plainfield turned out and there were many voters present from the city.

Soon after eight o'clock the handsome Harrison and Reid banner was stretched across Somerset street in front of the club's headquarters, while the Plainfield Cornet Band played National airs, red fire burned and Roman candles were discharged in profusion. The sight was a pretty one. From the veranda State Organizer of Republican Ohio, Hon. John Ulrich, was introduced. The speaker congratulated the U. S. Grant Club on its public demonstration, and urged the members to attain success at the November election. At the conclusion of Judge Ulrich's remarks there was another pyrotechnical display, after which adjournment was made to the Gesang and Turner Hall where a mass meeting was held. The hall was filled to overflowing. R. M. Fountain, president of the club, called the meeting to order, and Hon. Charles F. Smith was made chairman. W. A. Schmitt was the secretary.

The chairman made a few remarks expressing thanks for the honor thus bestowed upon him, and he also congratulated the members of the U. S. Grant Club upon the auspicious occasion. The list of vice presidents followed: Chas. McCutchen, Jas. M. Bettman, W. W. Howland, A. A. Hegeman, J. R. L. Bradner, N. R. Smalley, J. W. Winchester, John N. Duck, G. A. Dolson, P. A. Emerson, W. P. Williams, Geo. W. Randolph, A. P. Voorhees, Dr. J. H. Carman, A. V. D. Honeyman, C. P. Behring, H. E. Needham, E. L. Bonney, H. K. Carroll, H. B. Lomax.

The Hon. James McGie of Illinois was then introduced. He is a gray-haired man, who knows what he is talking about. He said he came here to interest and entertain his hearers, and so he tried for ever an hour.

Mr. McGie discussed protective politics beginning in the early days of 1832. The governing power, he said, is the will of the people. Here there is no monarchy, no Queen, but all are on an equal footing; yet the price of self-government is not properly exercised. Nationality and protection, he contended, is the whole thing in a nut shell.

Washington, Adams, Madison, Jackson and Van Buren were not in favor of free trade, and in fact down to the present day none of the Presidents with Republican ideas have declared themselves in favor of free trade. The speaker reviewed the late war, and alluded to human slavery. The Democratic party, he said in conclusion, is against all fundamental principles of Republicanism.

Gen. A. H. Richfield was the next speaker. He studied with Abraham Lincoln and followed him, he said, at Springfield, Illinois, in 1855. The general is an able orator, and held his audience for the few minutes he occupied. Cheers were given for the Republican nominees and the meeting adjourned.

ON THE HILLSIDE TENNIS COURTS.

Brilliant playing by the female members of the Club—The Games in Detail.

Saturday's tennis matches in the ladies' tournament of the Hillside Tennis Club proved most interesting, and were witnessed by a large number of persons. It has been long known that Plainfield possessed a goodly number of expert lady tennis players, and this fact was confirmed by Saturday's games as many of the matches were close and exciting, notably the final round between Miss Wood and Miss Bass.

The playing of these ladies showed a thorough knowledge of the fine points of the game, and their brilliant playing brought forth much applause from the spectators.

First Round.—Miss Morgan defeated Miss Starr 5-1, 6-1, 6-4. Miss Wood defeated Miss Huntington by default. Miss Bass defeated Miss Dumont 5-2, 6-3. Miss Abbott defeated Miss Yates 6-2, 6-2.

Second Round.—Miss Bass defeated Miss Abbott 5-4, 6-2. Miss Wood defeated Miss Morgan 6-3, 6-5.

Final Round.—Miss Wood defeated Miss Bass 6-1, 6-3.

The Press of Oct. 1st to be Passed Just.

The New Jersey Coal Exchange held an interesting meeting Friday night. After considerable discussion it was resolved that the price of coal should not advance, but remain as at present. Several dealers who were present at the meeting said that they had received notice of an advance of the commodity, to take place about October 15.

The October term of court was resumed at Somerville this morning.

WELL I DON'T KNOW.

The Patrons Who Have the Reputation of Playing Great Ball, and Who Are Said to Have beaten the St. Louis League Team, Come to Plainfield and Are Really Spited by the Crescents.

"If we had you fellows at Patterson, we'd knock the stuff out of you, and you wouldn't get a run." So said several of the crowd of rooters who accompanied the Patrons here Saturday, when they tried conclusions with the Crescents. But the Crescents were not at Patterson and the men are still alive.

The Crescent boys made no effort to play ball. When they found that they could hit McDonald, the crack pitcher of the Patrons, and the man whom the Y. M. C. I. A. of Elizabeth tried so hard to sign, they took things easy.

The first two innings were uneventful as far as run getting was concerned, although "Gentle Willie" and "Gentle Willie" each scored a hit. Every one of the Crescents in these two innings connected with the sphere, except Bonner who struck out. The Patrons fared worse. Morchew was the only one to make a hit. Moran and Murray were retired on a double play while Rogers and Pearson struck out. No runs were made.

In the fourth inning, "Gentle Willie" honored his team by making the first run of the game. He got his base on balls, reached second on an error of Toubey who threw wild to Moran and then reached third before the ball did. Toubey distinguished himself by making a two bagger and Murphy walked home. After this honors were easy to the Crescents. They got runs when they felt like it, or allowed themselves to be retired.

"Gentle Willie" distinguished himself at the bat. He was up before McDonald first time. Two outs he scored singles, once a two and once a three bagger, gobbled three of the runs made by the Crescents, if he did have a game leg, and one of them was easy. His excellent playing was remarked on all sides.

Something must have been the matter with Bonner. He made two bad errors, was struck out twice, and twice was retired before he could reach first base. "Gentle Willie" made the only other serious error, when he dropped Toubey's easy fly in the second inning. But he redeemed himself afterwards by his excellent batting.

At the conclusion of the game the scoring board read "next game at Christmas." It's a question if the score will look any better then than it does now.

BASE BALL NOTES.

The Arlingtons went to Scotch Plains, Saturday, to play the Twilight of that place. The game did not start up. Only a practice game was played. The Arlingtons have won twenty-two out of twenty-seven games played.

Ledy was the recipient on Saturday of a handsome book, which was presented to him by W. W. Pearson, of Liberty street. It contained a complete record of his playing in the former ball games in which he took part during the past season. Mr. Pearson also presented a Dunlap derby to Bobby Murphy, as an expression of his good will.

Bobby Murphy is evidently practicing to be a sign painter. The skillful man in which he manifested the theme Saturday afternoon while scoring the game, gave evidence of a brilliant future before him in this business.

George W. War'n Jones, Sweeney and Bobby Murphy too staidly when they got those nosegays during the game Saturday afternoon? They were as proud as peacocks and did not want to let the ladies see the eyes of their fair friends who were present.

Ledy will be the first of the Crescent League team to vacance the city. He expects to leave to-day and will go to Pennsylvania. He has been working at his trade of moulder at Ponda, but is recent of his playing in the former ball games in which he took part during the past season. Mr. Pearson also presented a Dunlap derby to Bobby Murphy, as an expression of his good will.

Pearson, who played right field for the Patrons, is the son of W. W. Pearson, of Liberty street.

Manager Charles A. Reed, this afternoon, telegraphed to Manager Frank G. Seale, of the Boston base ball club, to the effect that the Crescent League team had disbanded. The Boston team wanted to play here on Thursday, October 12.

It is told upon good authority that one of the Crescent League ball team had just four cents coming to him as the result of Saturday's game, and that another prominent member had nothing standing to his credit when the receipts were divided up.

Col. Chas. C. Moore on Saturday presented handsome bouquets to Captain Hoffman and "Gentle" Will Murphy.

"Joe" Bonner, the Crescent short stop, was accepted for a position at the New Machine Tool Works. He will assume his new duties on Monday morning next.
