102 MEMBERS OF COMMON COUNCIL.

FIRST WARD,

WILLIAM G. E. SEE.

SECOND WARD,

STEPHEN A. GINNA.

THIRD WARD,

CHARLES J. FISK.

FOURTH WARD,

B. F. MILLINGTON.

And now the city Republicans have

completed tickets in every one of the

wards. The result is the presentation

of a list of nominations which cannot

be beaten in any way. To such a

marked extent is this noted that

the city Democrats have limited their

general nominations to the one or two

offices upon which they falsely encourage

themselves that they may have an

opportunity to win. That Councilmen

See, Ginn and Fisk have done such

eminently satisfactory work as to merit

immediate recognition is as well a mat-

ter of keen satisfaction to their party

as to themselves. Their individual

placements in the Council would be hard

to fill with men equally as good, even in

this city in which are so many capable

business-men. Mr. See's legal accom-

plish and keen perception has been al-

ways exercised for the public good.

Mr. Ginn's large business experience

and ripe judgment have made his ser-

vices both on the floor and in the chair

both of great assistance, while Mr.

Fisk's efforts extending only over a few

months have already resulted in a

complete re-organization of the city's

accounts and methods of financing.

Only those who are obliged to handle

city finances are to-day thoroughly con-

versant with the full value of his ser-

vices. They may mean a saving of

hundreds of thousands; they do mean

the actual saving of thousands of dol-

lars to the city. Mr. Millington's nom-

ination in the Fourth Ward is an ex-

tremely felicitous one. He will go the

Council representing an element of the

Fourth Ward never before represent-

ed—the workmen. He is capable,

intelligent and active and he will prove

a valuable adjunct to the Council's

working force. Mr. Babcock will be

re-elected as School Trustee. His

equal for the position it would be hard

to find. No party line will restrict the

size of his majority. Regarding the

This is recognition of non-partisanship of the highest and best sort. Mayor Gilbert has been the representative of Democrats and Republicans alike. He appreciated this fact and his policy, his official actions have been guided by it. He could be induced to serve the city again in the highest sort of compliment to the city. The Courier congratulates the Republican party that it again has the opportunity to present Mr. Gilbert's name as a candidate for the Mayoralty; it congratulates the Democratic party that it has a certain sense endorsed the nomination; and it congratulates the people of this fair city that a man of such recognized judgment, business experience and absolute integrity is again in the chief executive.

QUEER JOURNALISM, THIS.

The Attitudinizing Sheet, the Principles of Which are outlined in the Internet of the East Account, has discovered a Unique Way of Concealing and at the Same Time Expressing its Own Thoughts.

If any Republican or Democrat in this city wishes to know the estimate of what is being said by the Daily Press let him read carefully the opinions of local affairs which are always so religiously copied from the columns of the Evening Post. The same precocious youth, who assures you that you are brainy and a model of rectitude and all the other gushing complimentary epithets which are made in the interest of the job printing department of our spectacular contemporary, confides the inner thoughts of the Press office to the columns of the famous New York mumpswamp sheet. As correspondent for the metropolitan paper he is able to furnish it with opinions of Plainfield affairs for further use in the columns of the Press. The practice is ingenious, but it savors greatly of hypocrisy.

That night the Press contained a quotation in point. The slurring and dirty references to John W. Murray there quoted from the columns of the Evening Post were written by a Press man. He it was who has been making startling local political disclosures in the columns of the Press during the past few days.

That the Press should take responsibility for the statements made regarding Mr. Murray was to be expected, but Mr. Murray will now know just how much his friend in the Press is willing to do. Many complimentary notices to disabuse him of the impression that the Press and its editors are guilty of very respectable journalistic practices.

The Courier has had occasion to say before that the sincerity of words of commendation from the Press is very questionable. It goes further now. "If you see it in the Press, read the Evening Post for the actual opinion." The Courier would advise the North Avenue paper that honesty is the policy. If you really believe a thing, say it. Do not write it to the Evening Post.

The health of the city is unusually good at present. No contagious diseases are in the city and in fact none have been reported to the Health Board during the past two days.

The Standard Oil Company has brought suit against Henry De Mot, through their attorneys, J. C. Tanyon. The suit is to recover \$54.70, the amount which the Company claim is due them for oil sold the defendant.

The case is set down for trial on Monday afternoon at one o'clock before Justice Crossley.

The Young People's Society of Christian Endeavor held a very enjoyable in the Warren Mission chapel last night. The excellent vocal and instrumental music, recitations and dialogues which were put on for the evening's programme, were thoroughly enjoyed by the large audience which was present.

Resident of Washington Park, North Plainfield, as a private particular manner last evening. Giving chase, he caught one of the men, but the other two escaped across the brook.

He brought them back to the place of residence. The justice sentenced him to the house of correction for 30 days, where Marshall Pangborn took him this morning.

The attendance at the Y. M. C. A. Sunday afternoon meetings is constantly increasing. Another great time may be expected to-morrow.

The Result of Merit
When anything stands a test of fifty years among a discriminating people like this, no party line will restrict the size of their majority. Regarding the City Judge nomination only words of commendation can be uttered. Mr. Ulrich's record on the local bench was a strong one. His record as a party leader has been equally strong. His nomination was a wise recognition of these services. He will have the vote of many a Democrat in spite of the fact that the Democratic party nominated a candidate against him. Taking it all in all the ticket is one that will receive the vote of every City Republican and will doubtless receive the attention of many Democrats.

The renomination of Mr. Gilbert as Mayor is a matter for the greatest congratulation on the part of local Republicans, and the more so that the Democratic party at their convention of last evening failed to name anyone to oppose him. Mr. Gilbert has made a non-partisan official in the highest acceptance of the word. While a staunch local Republican, he has so administered his office as to win to his standard not only the respect but in a certain sense the affectionate admiration of the Democrats. No man could be secured to run against him.

"He is the best Mayor we have ever had and honors the place far more than the place can possibly honor him, therefore I vote for him," were the words a well-known Democrat uttered in the hearing of a Courier representative a few days ago.

BRANDRETT'S PILLS are sold in every drug and medicine store, either plain or sugar coated.

We should be Able to Sympathize with CARDINAL WOOLSEY more fully than we do, if instead of advising Cromwell to "serve the King," he had said "serve a FERRIS DELICIOUS HAM, at once, hot or cold."

WON BY THE CRESCENTS.

Six of the Regular Bowlers of the Journal & Team Contest a Game Last Night With a Team Selected From the Bowlers of the Crescent League and Are Rated by Twelve Pins.

For some unexplained reason but six members of the regular bowling team which is to represent the Crescent League in the coming Journal trophy contest, were present last night when the game was called. Where the rest of the team was, no one seemed to know. It was well known that the game was put up so as to afford the men composing the Journal team an opportunity for practicing together prior to the commencement of the Journal contest. It is considered very unfortunate that these members should by their absence show how little interest they are taking in the success of the game. Had they slighted the practice games in the way earlier in the season, some provision could have been made for their absence. But now it is too late to make any change, and if the C. Y. M. L. team is successful next Tuesday night, the Crescent team will have no one to blame but themselves, for not having more solid practice.

In last night's game eight men were chosen on a side. The game was well bowled. Up to the end of the eighth frame, the Journal team was ahead. Their opponents in the next frame did good work, while the men on the regular team went to sleep, and consequently lost. The Journal if they expect to win any of the forthcoming contests.

Here is the score:
