PERTINENT PARAGRAPHS.

—On account of the contemplated departure of Mayor Saunders early Saturday morning for Europe a special meeting of the Borough Council will be held this evening. The regular meeting will be held to-morrow evening as usual, but very little business will be transacted.

—On Sunday, June 11, the quarterly meeting of the Independent Turners, which is composed of the Plainfield, Newark, Brooklyn, Williamsburg, New Brunswick and Elizabeth Turners will be held at Elizabeth. The programme for the occasion will consist of work on the pedestal and horizontal bars and on the horse, band club swinging and fencing, interspersed with singing and speeches. The Plainfield Gessing and Turn Veris will be present in full force and take part.

—An embryo shower passed over the city early this morning, but not enough water fell to lay the dust.

—As one of Frank Morris' stone wagon was crossing the narrow Jackson avenue bridge, over the excavation of the street railway on Somerset street, last Tuesday afternoon, the wagon ran into the ditch and had to stay there until more horses could be obtained to draw it out. Councilman Nelson, who happened to be present, at once compelled the railroad contractor to widen the bridge, so as to prevent any more such accidents taking place at this point.

—A shock at live birds is being held this afternoon at the South avenue food house, in which a number of local marksmen are taking part.

—A committee representing the employees of the Central Railroad, have asked from President Maxwell advance in wages and reduction in time. The request will probably be refused but it is not believed that the men will strike. Employees of the Erie and Pennsylvania say that the demands of the Central Railroad employees are unreasonable.

—As a result of the fair which the Gessing and Turn Veris held the middle of last month, a little over \$400 has been realized to make the German school more successful than ever before.

—Captain Jacob K. Dundore, who shot and killed Captain Noah Cross on the night of March 16, was acquitted of murder yesterday at Elizabeth. Dundore's plea was self-defence. The jury rendered a verdict in ten minutes.

—Over one hundred wheelmen took dinner at Van Court Inn, Roselle, last Tuesday.

—The Newark Camera Club and the Elizabeth Photo-art Club, visited Feltville on Tuesday.

—Second street from Park to Central avenue, needs the attention of the Street Commissioner. The street is rough and uneven and only those who have strong constitutions can ride over the road.

—A large party of people from New Brunswick, enjoyed themselves at Washington Rock on Decoration Day.

—The Borough Council at its meeting to-morrow, should take some steps to compel the Electric Railway Company to put Somerset street in better condition. The street is a disgrace to the Borough.

—A strawberry festival is to be given in Saenger Hall, Somerset street, on the afternoon and evening of Wednesday and Thursday, June 14 and 15, the proceeds of which will be for the benefit of St. Joseph's Church.

—A new flag sidewalk has just been laid in front of Rogers' bicycle store. The curb has also been set and Mr. Rogers is now having the entire space between the front of his store and the street floored over so wheelmen can get in and out of his place with greater ease.

—The Stars beat the Washington avenue boys at ball on the Grand avenue cricket grounds Tuesday by a score of 12 to 5.

—The final examinations in the schools are now in order. The first one was held yesterday in grammar, the next one will occur Tuesday next. The subjects are announced on the day of the examination.

—If you are subject to rheumatism do not eat eggs.

—The Y. F. S. O. C. E. of the First Presbyterian Church will hold a social in the chapel to-morrow evening. This society reports a steady increase in its membership and bids fair to be not only a large but an active organization.

—The only observance of Memorial Day at Westfield was the decoration of graves by a detail from Winfield Scott Post, this city.

—On June 12 the Westfield Township Committee will decide upon the route which they are willing the Plainfield and Elizabeth Electric Railway shall take through that town.

—The Junior Society of Christian Endeavor of the First Presbyterian Church are holding their regular meeting in the chapel this afternoon.

—A meeting of the Crescent League Khedives will be held in the club house next Tuesday.

—Something must be the matter with the electric light service in the Borough. Last evening, in many places the lamps were out entirely and in others those which were burning, only gave half their ordinary light.

—The habit which a great many young boys have of laughing and talking while older persons are speaking, should be severely condemned. Last evening a number of boys who occupied a table in the rear of the First Baptist Church made so much noise that they seriously interfered with the enjoyment of a number of people in their vicinity.

—Improvements are going on in Moys' drug store at Fourth street and Park avenue, which, when completed, will add much to the beauty and convenience of the place. The shelving and the new office will be finished in natural wood.

—The interchange set of Western sailing which the Camera Club sent on its travels last December, has been received in safety by President O. S. Teale, after making a tour of the United States.

—With but one exception, every saloon keeper in North Plainfield is willing to do as Mayor Saunders has suggested and close his place of business Saturday nights at 11 o'clock. If this plan cannot be persuaded to take place in the early closing movement, the pressure of the Borough Council will be brought to bear in his case.

—In St. Joseph's Church last Sunday evening, forty-eight young ladies took the vows of obedience, humility, purity and charity, before the statue of the Blessed Virgin and became members of the Society of the Children of Mary. After the crowning of the statue, eight girls, representing different countries, delivered addresses to the Queen of Mary. Father Miller followed with sermons on "Why we honor the Blessed Virgin, and the reason for it." The society will meet the second Sunday in each month.

—The breaking of the axle of a carriage on Second street, Tuesday, caused L. Woolley and the Misses Van Caden, who accompanied him, to seek the ground in rather a hasty manner. No injuries were sustained.

—A regular old fashioned German clam bake is to be given in the woods near Washington Rock on Sunday, June 18.

—The conclusion of the memorial services in Music Hall Decoration Day Rev. J. Lewis who was appointed to lead in prayer apologized for his tardiness of half an hour which occurred through a misunderstanding and offered himself to Commander Dobbin for twelve hours' confinement in the guard house.

—From present prospects the force of the football will be doubled in the fall at the opening of the term. Major Edwards will make some changes in the company looking to a perfected organization which will not be affected so much by the departure of graduates from the school.

—The rainbow festival will take place tonight and tomorrow night in Vincent Chapel. The decorations of the chapel for the occasion are very beautiful.

—The Gorman defeated the Athletics Tuesday afternoon by a score of 22 to 1. The batteries were for the Gormans, Peterson and Nelson, for the Athletics, Laing and O. Thorn.

—It is said that three local Democrats are adjusting their political lightning rods for use during the coming Fall. Hon. James E. Martine is willing that the Senatorial bolt shall be grounded through his conductor; Councilman Vincent L. Frazee is anxious to make the sheriff nomination; and City Judge W. A. Coddington would not object to receiving it where the chicken got the at regarding the Assembly nomination.

—An Undigested Text of Merit. A medicine that has been a household remedy for over fifty years and used in that time by more than 150,000,000 persons must have great merit. Such a medicine is found in Brandt's Pills. This fact demonstrates the value of these pills better than any statement of the proprietors. It will be observed that the dose required to cure is small. One or two pills taken every night for ten or twenty days will cure dyspepsia, constipation, rheumatism, liver complaint, biliousness, or any disorder arising from an impure state of the blood. Brandt's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

—Sold in every drug and medicine store, either plain or sugar coated.

—The Independent Turners to meet at Washington Rock.

—The Fall quarterly meeting of the Independent Turners will be held in this city. On this occasion the Gessing and Turn Veris are to take their guests to Washington Rock instead of to their hall, where their games can be played and better enjoyed through the increased amount of space afforded. In addition to the regular gymnastic work it is proposed at this time to give prizes for throwing the hammer, putting the stone, the running leap and broad jump and other athletic sports.

—The Independent Turners to meet at Washington Rock.

In addition to the regular gymnastic work it is proposed at this time to give prizes for throwing the hammer, putting the stone, the running leap and broad jump and other athletic sports.

TO SPREAD A LIBERAL FAITH.

Universal Women's Society of a Society the Aim of which is to do Missionary Work Among Christian People.

The last meeting for the season, of the Plainfield Branch Alliance, of Universalists and other Liberal Christian Women, was held yesterday afternoon in All Souls' Church. Miss Anna L. Brackett, of New York had been asked to speak on the subject "The Technique of Rest," but was unable to be present. The first chapter of her book on that subject was read by Miss M. E. Brown. Mrs. E. W. Conkling gave a talk upon "Simplicity" which was very bright and entertaining. Extracts from Emerson's essay on Compensation were read by Mrs. H. B. Wells. An informal discussion upon all the subjects presented was held by those present, after the conclusion of the readings.

An election of officers for the ensuing year was held with the following results: President, Mrs. T. J. Mumford; Vice President, Mrs. D. B. Pond; Corresponding Secretary, Mrs. Stephen Hall; Assistant Corresponding Secretary, Miss Caroline A. Barber; Recording Secretary, Miss E. B. Leonard; Treasurer, Mrs. S. R. Krom; Executive Committee, Mrs. Hobart Clarke, Mrs. W. F. Adams, Mrs. H. B. Wells, Miss M. E. Brown, and Miss E. L. Reynolds.

At the meeting of the Executive Committee which followed the general meeting the following chairman of committees were appointed: For the Post Office Mission, Miss E. L. Reynolds, whose work is to send magazines and papers to people in different parts of the country, who desire reading matter but are unable to obtain it elsewhere; for the current events in the religious world, Mrs. Hobart Clarke, who presents a report at the monthly meetings of what has happened in religious matters; on Fellowship, Mrs. H. B. Wells, whose work is to promote social life in the church; on Philanthropy, Mrs. S. R. Krom; on Benevolence, Mrs. W. F. Adams; on Religious education of the young, Mrs. T. J. Mumford, and on lectures and entertainment, etc., Mrs. D. B. Pond.

The course of lectures which have been given during the past season were so successful that two courses are now being planned for next winter, one for afternoons and one for evenings in All Souls' Church. A movement is on foot under the management of a committee of the Alliance in conjunction with the W. O. T. U. to erect a drinking fountain some where near the center of the city for the accommodation of the citizens.

IS YOUR HOUSE NUMBERED?

The time is up to-day for renumbering the houses of the city. Sixty days' notice has been given, and now the owners of all houses not yet numbered will be subject to a fine of \$5 for each failure to comply with the ordinance. The ordinance reads:

Sec. 2. That the owner or owners of each and every dwelling house or store which now fronts upon any of the public streets, lanes or alleys of said city, shall within sixty days after this ordinance goes into effect, cause the proper number of such dwelling house or store to be placed in figures in some substantial manner in some conspicuous place on the front part of such dwelling house or store, so as to be plainly visible from the sidewalk, and in default of compliance herewith, shall be liable to a penalty of five dollars for each and every offense.

A NOVEL WAY TO SOLICIT AIDS FOR MISSIONS.

A small audience gathered in the First Baptist Church last evening, to see the stereopticon views which the Rev. Dr. C. A. Nichols, of the Baseline Mission at Burmah, India exhibited. Over 150 pictures were shown and the audience was taken up at its conclusion to defeat expenses.

The speaker in imagination and by means of his pictures carried his listeners across the big pond from New York to India. Here many views were shown, illustrating both the bright and the dark side of that far distant country, the manners and customs of the natives and the kind of houses they inhabit.

Good Weather For Plants. In this week's issue of the "Weekly Crop Bulletin," the following reports from observers in this vicinity are found:

Plainfield—Farmers are catching up with their work very nicely; warmer weather is used for vegetation; lowest temperature, 44 degs; rainfall, 0.22 inch.

South Plainfield—It has been a very nice week for planting corn and melons; plenty of sunshine and some warm days; nights rather cool; all work has been pushed along as much as possible; all vegetation looks as well as usual at this time of the year; light rain on 26th.

Peter C. Johnson.

Best Weather For Plants. In this week's issue of the "Weekly Crop Bulletin," the following reports from observers in this vicinity are found:

Plainfield—Farmers are catching up with their work very nicely; warmer weather is used for vegetation; lowest temperature, 44 degs; rainfall, 0.22 inch.

South Plainfield—It has been a very nice week for planting corn and melons; plenty of sunshine and some warm days; nights rather cool; all work has been pushed along as much as possible; all vegetation looks as well as usual at this time of the year; light rain on 26th.

Peter C. Johnson.

INDEPENDENT SHOOTING AT A TARGET.

About a dozen members of the Independent Gun Club, of this city, tried their skill in plugging the bull's eye, on the club grounds in the Borough, last Tuesday afternoon. The condition of the shoot was that the distance be 300 yards, and nothing but rifles be used. Each member was given six shots, and in accuracy, every time bullseye was hit, 10 points were credited to the marksmen. Gus Reupert and C. Stoeckle made the two best scores, being credited with 53 out of a possible 108.

In the contest, only one member was shot. Each member contributed a certain amount of money to a general fund, which was afterwards divided into two or three prizes and shot for. In the first shoot, J. L. Luthens and H. Jager won and received \$40 and \$30 respectively. In the second shoot, R. Stokley, R. Buntel and P. Rabenstein were successful, winning \$35, \$25 and \$20 respectively. In the third shoot, H. Luthens, P. Rabenstein and L. Trunze contested and won \$30, \$20 and \$15 respectively.

PARK CLUB NOTES.

Another informal dance will be given at the Park Club house Saturday evening, June 3.

St. J. McCutchen captures the gold medal for the second time. His score of 224 at bowling was unbeaten during the month of May.

The pool tournament has been completed by some of the players entering and unless a certain number of scheduled games are played no prize will be awarded.

BOOK FOR THIS SORT OF BUILDING IN PLAINFIELD.

The various secret societies of Bayonne have pooled issues and are about to erect a society building for lodge and other purposes including a theatre and capable of seating 1,000 persons. The Courier recommends this plan to the various societies in Plainfield. A handsome building could be erected that would be an ornament to the city. Besides there is room in Plainfield for a first class hall of amusement the acoustic properties of which will enable one to get the value of the money he has paid for a ticket of admission.

Another Game For the Arlingtons.

The Arlingtons of this city played the Twilight at Scotch Plains Tuesday morning and won by a score of 14 to 11. The game was interesting from start to finish, and was noted for its heavy batting and fine fielding. The Arlington's pitcher played well considering it was his first game of the season. Features of the game were the batting and fielding of Keno, C. Smith (2), H. Stuphes, Fancher (2), Allen; Home Run—Allen; Base on Balls—Van Horn 4, Miller 1; Struck Out—by Van Horn 4, by Miller 4; Umpire—W. Little.

The West-Lore to Connect With the Central.

The Jersey City Street and Water Board at a secret meeting last Monday evening passed an ordinance giving the West Shore Railroad right to extend its tracks from the Jersey City Junction freight office, near Newark avenue, to the National Dock Railway Company's yard. This will connect the West Shore with the Jersey Central and Lehigh Valley Railroads, and through them the Baltimore and Ohio and Reading roads. The new line will connect with every road in Jersey City except the Pennsylvania.

The annual election for three trustees will be held at the company's office, 402 Park avenue, Tuesday, June 13 from 8 to 9 o'clock p. m.

RAINBOW FESTIVAL AT VINCENT CHAPEL.

Thursday Ev'g. June 1st. Admission, 10 cents.

Valuable Real Estate For Sale.

MR. MARTIN, Late Secretary of the U. S. Legation in China and MR. BRYAN, Late Secretary of the Tong-Woo-Kan Co. in Peking.

An Endowment for the History of the New Jersey Young People's Society.

An important event in the history of the New Jersey Young People's Society of Christian Endeavor will occur next October in Trenton, when the State Convention will be held. The date is already fixed for the 11th. Nearly 3,000 delegates will attend the convention. The programme is now being arranged by the State Committee, made up of county society representatives. The county will be held in Taylor Opera House.

Severe of Outbreaks at Catarrh that Cause Mercury.

A mercury will surely destroy the source of most and completely remove the whole system when entering it through the mucous membrane. Such a remedy should never be used except on prescriptions from reputable physicians, as the danger they will do is too great to be taken lightly.

Chesney and Co., Toledo, O., contains no mercury, and is a safe remedy for all cases of Catarrh of the bladder and mucous membrane of the urethra. It is taken in the form of a pill, and is sold by J. J. Chesney & Co., Cincinnati, O.
