Some annoyances are caused to pedestrians at crossings occasionally by carriages, which are likely to come along at a lively pace in the case of youthful and even children drivers. Narrow escapes from accident are often the result. Since bicycles are required by ordinance to carry bells and lamps to show foot men that the bells are rung, it should be so that the bell is ringing, it might be well to put a few of these modern improvements on carriages, when driven by children.

It was an amusing sight this morning to see an elderly gentleman, a bitter opponent of the trolley cars, run nearly a black for the privilege of riding in one of them.

A keg of beer which was too "lively" for the average Plainfield Bacchanal when taken from the truck this morning, on Somerset, upset shot the bung into the air and sent out a miniature fountain of white steaming foam much to the regret of bystanders whose mouths watered at the waste of the billy goat's favorite drink. The obnoxious liquid was returned to be properly corked.

The game of base ball, which was played on the Somerset street grounds last Saturday afternoon between the Crescenta and the Trentons, was the best game played there this year. The Trentons were their only run in the fourth inning. Vandergrift had been retired at first, Randow had taken his seat on the bench, after popping a foul into Keen's hands when Moulshoomed up at the plate, Saced gave him an easy trip and second was reached before the ball was fielded. Moulshoomed third, which, however, was at the bat and reached first on safety. Randow of "Chlor" to third which went west of its mark. Keen fouled out to Keen, thus retiring the side.

The Crescenta made their last two runs in the sixth inning through a streak of luck. Turner made a base hit, Davis, a single to Vaughn who fielded the ball to Pearson in time to put Turner out. Then Fritz grabbed the willow and slammed the sphere plumb up against the left field fence, bringing Davis home. A sacrifice of Keen's ball flew out to center completed the run getting and the game was over.

The Assistant Pastor of the "People's Palace," of Jersey City, is the of the Ways in which People are Attracted to that Wonderful Church. The object of the lecture was to raise money to further the great work which this Congregational Church has undertaken, in order to reach the people among which its pastor, the Rev. John L. Scudder, is laboring.

The Jersey City Tabernacle is known as an institutional church. That is, it adopts new methods of interesting the people and bringing them within the pale of the church. The locality in which it is situated, is in the heart of the tenement district. In this locality the church is known as the People's Palace, and it is rightly named for it seeks to infuse some sunshine into the lives of the thousands among whom it labors.

The lecture last evening gave people an insight into some of the methods adopted to draw the masses to the church. Photographs were shown upon the screen, showing in the first place, the location in which the palace is situated. The scene shown of the building itself, which occupies with its numerous adjuncts in the form of smaller buildings, nearly the entire block at York and Henderson streets, Jersey City.

Within its walls are found two complete gymnasiums, hot and cold baths, a swimming tank, a library and reading room, together with facilities for debating societies, an amusement hall supplying a variety of beautiful and innocent games, while an orchestra and brass band is conducted, the boys are given military instruction and the girls are taught sewing, cooking, house-keeping and dressmaking. A day nursery cares for the little ones whose mothers are busy during the day, and a kindergarten looks after neglected children who are too young to go to the public school. Refreshments are sold on the grounds at low prices, and a bright and beautiful atmosphere pervades the entire establishment.

The church still needs a medical dispensary and a Summer home for the sea for sickly children of the neighborhood, as there is no Young Women's Christian Association in the city, a building is needed which can be especially devoted to the working girls. The lecturer closed with an earnest appeal for funds to increase the usefulness of the church and after a hymn had been sung a generous collection was taken up.

The Little Falls of the Hackensack River has given a Very Pleasant Entertainment which is a Success and has a Goodly Sum Per Use in Their Work.

An entertainment by the Sunshine Mission Band of the Crescent Avenue Church was given Saturday afternoon at the Little Falls of the Hackensack River. The band of little folks has about fifty members. Their President is Miss Gertrude Wain and Secretary Miss Louise Bushnell. They gave a literary, musical and dramatic program which was well received.

Professor Conde's young Symphony Orchestra, comprising fifty violinists, gave some very pleasing selections. Little Miss Grace and Gladys Kaufman sang a selection from "A Trip to Chinatown," "Reuben and Cynthia," with very good effect. A very pretty duet was rendered by Miss Ida Stewart and Miss Miss Elsie Goddard. The chorus gave "The Flowers that Bloom in the Spring," to the Mikado music but with different verses than that work sung.

The twelve Miss Pellandinos, were represented by twelve little girls in Green away costumes, and a reputation was given by Miss Beane Phillips, who is very bright and who rendered it well.

A children's comedy entitled "Washing" was next given under inspiring auspices, by Miss Hattie Goddard as the princess, Miss Margaret Goddard as the prince, Miss Helen Davis as the fairy and Miss Constance Fulton as the Italian vendor. A farce was rendered entitled, "Bridget's Investment," that pleasantly surprised every one for its accuracy of presentation. Miss Maybelle Phillips played "Bridget," Miss Jessie Bushnell, "Mrs. Morgan," Miss Helen Bushnell, the Lady Caller, Miss Sallie Schuyler, the agent, and Miss Clara Long the boy vendor. One hundred and fifty people witnessed the entertainment and only the limited room for their accommodation prevented that number from attending. It proved to be quite an event for the children who for the first time took part in a dramatic entertainment, and they were enthusiastic over it. Miss Walt was highly complimented for her success in the presentation of it, as it is no small task nor one devoid of tediousness to present a play with young actors for the first time. Her patience and skill as well as attention to details was plainly noticeable. A very nice balance in the treasury was footed up after the entertainment was over.
