PLAINFIELD, N. J., JUNE 19, 1894

Yesterday an Elizabeth boy was badly bitten by a hand-organ monkey to which he had offered a coin. This sort of thing is becoming frequent. A week ago two persons in the borough were severely bitten in a similar way. The Press urges on the city and borough councils the advisability of muzzling strange monkeys as well as the town dogs. Might muzzle the hand-organs too!

EARLY INTELLIGENCE.

Allen's store is full of bargains.
I. O. Miller is painting the front of Warren Engine Company's house.

If you want to save money, read Harper's advertisement in another column.

Tennis rackets are sold at half price at Harper's, 411 Park avenue, for a few days only.

A West Front street cyclist was thrown on Park avenue this morning by the loosening of a tire.

D. W. Rogers has another special sale tomorrow from 2 to 6. Take advantage of the prices.

Justice Mosher today issued a summons returnable June 25 in the case in tort of Mullen against Murray.

Harper will fit you for the Fourth, with flags, lanterns, and fireworks. Stop at 411 Park avenue and see the display.

Court Price, Ancient Order of Foresters, met tonight to nominate and elect officers for the ensuing six months.

The members of the Third Regiment Cadet Corps have decided to camp either in Bay Head or on the Highlands of the Neversink.

Rev. T. Logan Murphy's wheel was blown over by the wind while it was standing at the curb on North avenue today. It was not slightly damaged.

A buggy and a bicycle collided at the corner of Park avenue and Fourth street at 7 last evening. The young man on the wheel was thrown and was bruised about the head.

Let the heavens reflect the fire of your patriotism, on the glorious Fourth. B. C. Rand will equip you. He has a fine stock of crackers, candles, rockets, lanterns and flags at 140 West Front street.

A position of ceiling fall in the tenement of P. M. French back of Somerset street yesterday afternoon, striking Mrs. Edward Wyckoff in the back and severely bruising her. Her baby, which she carried, was unhurt.

If you want halcyons put up! so you can sing Old Glory to the breeze on the Fourth, the man to do the job of hanging them is George Bilyeu, who scales with ease the dizzy heights and who hangs pulleys and ropes on flagstaves or anywhere so that they'll always work.

Everybody who knows Dennis Carney knows him to be a sober, industrious man of excellent habits, a good citizen; and the silly joke of putting on his steps a crane marked "From the White Caps" was no reflection upon him, and reference to it has never been meant as a reflection. The White Caps are not after decent people like Mr. Carney, and no one ever believed they were.

NETHERWOOD BAZAR.

An Elegant Home Offers its Delightful Hospitality to the Public.

Final preparations are being made by the women of the Church of Our Saviour for a unique, social fair tomorrow afternoon and evening. It will be held from 4 to 10 in the handsome residence of William Palmer Smith, 201 Belvidere avenue.

The women are much interested in the welfare of the church and desirous of raising all of the money they can, but will not confine their attention to financial matters solely. No admission will be charged and the affair will undoubtedly be most pleasant, socially. Mrs. Smith will entertain visitors at tea in the dining room and music will be furnished.

A feature of the fair will be the limit placed on individual expenditure. No one will be allowed to spend more than \$5 and to make it unnecessary for them to do so the prices on all articles costing more have been cut down to that amount.

An effort has been made to have the goods of a variety unlike that usually found at church fairs. Mallard's and Huyler's candies, in hand-painted boxes, will be sold. Several valuable articles will be sold by chance. The women in attendance at the tables will be in evening dress.

An Order for Discovery.

The executor of Margaret Dwir obtained judgment last Saturday, in the Supreme Court, for \$428, against Joanna M. Dunn and Margaret Van Law. An order for discovery will be applied for in a few days by W. B. Coddington, attorney for the executor.

J. F. MacDonald and Councilman Elias H. Bird have joined the anti-beard club. Their wives now chain the house dogs.

FOR THE relief and cure of a cold in the head there is more potency in Ely's Cream Balm than in anything else it is possible to prescribe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Ely's Cream Balm is the only preparation of its kind that has been proved by the most scientific tests to be the most effective of all other remedies for cold in the head.

THE HOFFMAN CASE.

TOMBS POLICE COURT DISCHARGES THE ALLEGED BIGAMIST.

Wife No. 2 of Fanwood Did Not Appear, and Her Counsel Could Not Secure an Adjournment—Hoffman Tells His Story, and Hoffmann No. 2 Tells Hers.

The examination in the case of Henry Hoffman, superintendent of the Berwind White Coal Company, who is accused by the Terrill Road woman who calls herself Mrs. Hoffman No. 2 of stealing a pair of \$600 diamond earrings from her, came up in the Tombs Police Court yesterday morning. Mr. Hoffman lives at 252 Tenth street, Brooklyn, with his wife, by whom he has thirteen children.

The woman who had him arrested alleges that she met and married him in 1889, he having represented himself as a divorced man. He gave her the house in Fanwood. She says that six weeks ago she discovered that there was a Mrs. Hoffman No. 1, and thereupon refused to admit him to her house. He had her arrested for keeping a disorderly house, and she was released under \$2500 bail for trial. In retaliation, she secured a warrant in New York city for his arrest on the charge of larceny.

The complainant was not in court yesterday, but her New York counsel asked to have the case adjourned. Justice Martin refused to do so. He then discharged the prisoner.

Mrs. Hoffman's reason for not appearing was given as prostration by the heat. Her New York counsel, Mr. Stoddard, declared out of court that Mrs. Hoffman No. 2 married Hoffman in Boston five years ago; that he took the marriage certificate, but the marriage was on record in Boston. He said, too, that Hoffman always introduced the woman as his wife to his friends in Fanwood and Plainfield, and that at a "banquet" he gave her praised her wifely qualities and her faithfulness to his guests with such warmth that he was moved to tears.

Hoffman denied that as vigorously as he did that he stole diamonds from Mrs. Hoffman No. 2. For the first time he told his story of his intimacy with her.

He met her, he said, five years ago, in a Hoboken variety hall of lowest class, when he was entertaining some steamship engineers, whose acquaintance he was cultivating in business way. She soon after left the stage and took a room at 1 Washington street, Hoboken, where her pace was so fast that the neighbors complained and she moved to Union Hill.

From there, and for a like cause, she moved to Parkville, N. J., and about three years ago she bought the house at Fanwood, where Hoffman said, he occasionally visited her. The house cost her \$2,500, he added, but he did not know where she got the money to pay for it.

Hoffman went to Europe last September. When he returned, in the latter part of October, he said he found a young man named B. Monroe Corwin was very intimate with Mrs. Hoffman, No. 2. When he asked who Corwin was she told him indifferently that he had come there to fix the windmill pump that supplied the house with water. "That pump is not fixed yet," said Mr. Hoffman with some feeling.

Then he tried to break off his acquaintance with her, she threatened him with exposure to his wife. When she saw he was determined to leave her she wrote this letter to him in German, postmarked May 25 last:

Henry Hoffman: Have just written to you wife No. 1 and will see her tomorrow personally. War to the knife is our motto from today, and I will never rest until you get what a person like you deserves, and until there is another superintendent in your office.

Mrs. HENRY HOFFMAN, No. 2. To emphasize her declaration she splashed red ink on the paper after the words "war to the knife". That same day she wrote thus to Hoffman's wife:

Dear Mrs. Hoffman: Please be so kind and allow me an interview tomorrow afternoon at 3. I will take the liberty of meeting you in front of your house, when I will tell you something. This is not a blackmailing story, as Mr. Hoffman told you. I will swear to it.

Mrs. HOFFMAN, No. 2. She did go next day to Hoffman's house, a handsome establishment at 252 Tenth street, Brooklyn, but Mrs. Hoffman was ill and would not see her. In proof of his wife's present attitude towards him Hoffman showed yesterday a letter written by his wife, but not yet delivered to the other woman. Mrs. Hoffman addresses her by all the names by which she has been known, declares that she is impatient to address her and charges that she has entangled her husband, knowing him to be married, writes Mrs. Hoffman, "you came to me three years ago and told me you had quarrelled with your husband about my husband."

To cap the climax, Hoffman declared that Mrs. Hoffman No. 2 was now the wife of a man named Bothe, who is living in Philadelphia.

A world reporter saw Mrs. Hoffman No. 2 yesterday and says she is apparently about thirty years old, of medium height, with well-rounded figure. She has blue eyes, blonde hair, and had evidently been strikingly handsome. She shed tears when speaking of her troubles. She said she was born in Germany, where her parents were deemed wealthy. Her father was a manufacturer named Lamade. He had branch establishments in London and Paris. Her parents are both dead. Her brother Herman is in Germany, while another, Louis Lamade, has lived with his sister in Fanwood and Brooklyn since 1891. It was admitted that she was formerly married to one Henry Bothe, of Philadelphia. Her family secured a divorce upon the ground of her immaturity.

She showed a newspaper clipping giving an account of a suit against Hoffman in a Jersey City Court by Annie Lendie, an actress, in which the latter was awarded six cents damages for breach of promise and betrayal.

The home of Mrs. Hoffman No. 2 is a pretty two-story frame house, with mansard roof. It stands in a plot of 54-100 acres and there is another acre across the road. The records in the office of the County Clerk, Elizabeth, show the transfer of the property by deed dated April 15, 1891, from Elizabeth A. Tilby to Anne Hoffman. The consideration was \$4,500. Fully twice as much more has been spent in improvements.

PARTICULAR MENTION.

Conductors Invoke the Law.

BUFFALO, N. Y., June 19.—In the county clerk's office judgment in default was entered in suits brought by forty-seven Lehigh Valley conductors, who went out on strike last November, against the Order of Railway Conductors. The aggregate amount involved is \$11,750. The men alleged that they were promised a strike allowance until they found work but Grand Conductor Clark denied this and repudiated their claims, hence the actions to recover. The summons and complaint in the 47 cases were served on Grand Conductor Clark at the Imperial hotel, New York, three weeks ago and this morning the twenty days allowed for answering elapsed without a reply from the order, whereupon judgment in default was entered. The order, however, has retained counsel to fight the case and it is likely that the issue of execution of the default fees will be paid and the case reopened. The signing of the judgments will in all probability lead the grand officers to fulfill their threat to annul the charter of Buffalo Lodge.

HOME TESTIMONY.

Mr. Thomas Callahan of No. 214 Richmond street Cured of a Very Distressing Trouble by Dr. Lighthill.

PLAINFIELD, N. J., June 1, 1894.

TO THE PUBLIC:

For some time past I have been greatly distressed with noises in the head. They were all over my head and troubled me constantly. They were loudest at night when everything was quiet and at such times would often keep me from sleep and disturb my

rest. In fact they got to be so bad and distressing that they affected my whole nervous system as well as my health. I did not obtain the least relief until I placed myself under the care of Dr. Lighthill, of No. 144 Crescent avenue, who effected a complete cure in my case in a short time and made me a very happy man.

THOS. CALLAHAN, 214 Richmond street.

A Card from Mr. T. R. VanZandt, Of No. 304 and 306 Park ave., Plainfield, N. J.

I certify with pleasure that Dr. Lighthill has effectively cured me of a most painful case of piles. For some time past I had been subject to its attacks but the last attack was so exceedingly painful that it completely upset my whole system. The pain extended to my legs and in many other directions, and made me so nervous that I could neither sleep nor move, and I was about without serious discomfort and distress. Such was my condition when I applied to Dr. Lighthill for relief, and I am glad to say that as soon as he took hold of my case, I began to improve, and in short time I found myself completely cured. Dr. Lighthill has also effected a radical and permanent cure in a most terrible case of piles on my cousin, Mr. J. V. Z. Griggs, of Rocky Hill, N. J., whose statement is published below. I can personally vouch that every word which it contains may be relied upon as absolutely true and correct in every particular.

T. R. VAN ZANDT, 304 and 306 Park avenue.

Years of suffering and distress promptly cured by Dr. Lighthill.

Mr. J. V. Z. Griggs is a well-known merchant of Rocky Hill, N. J., and a prominent resident of the town, having for years been the Treasurer of the borough. For a long time he has been a sufferer from bleeding piles of the very worst kind, until he was completely cured by Dr. Lighthill, as will be seen by the following statement:

ROCKY HILL, N. J., Jan. 9, 1893.

TO THE PUBLIC:

I have often read of the wonderful cures which Dr. Lighthill effected in cases of piles, but I feel confident that no case ever came under his professional notice as bad as mine when I placed myself under his treatment. The pain which I suffered was simply terrible; in fact, it was so intense that at times I could hardly have preferred to have a tooth pulled than to have an operation of the bowels.

What made my condition so much worse was the constant protrusion of the pile tumors, which caused the most severe suffering, and was often attended with hemorrhages so profuse that the blood came in streams and fairly flooded me. I had despaired of getting relief, when I applied to Dr. Lighthill, but I am most happy to state that he effected a complete and perfect cure in my case in a few weeks' time. The piles have disappeared, the pain, distress and discomfort is gone entirely, and I feel, indeed, like a new man. Nothing but my heartfelt gratitude to Dr. Lighthill and my desire to bring relief to those who suffer as I have done, prompts me to make this public statement.

J. V. Z. GRIGGS.

NEW SEWER ORDINANCE

MANY STREETS ADDED TO THE LIST TO BE PIPED.

Common Council Holds Two Meetings on a Hot Night to Push the Sewerage Project - The Watson Liquor Case to Be Appealed.

The Common Council met twice last evening. At the first meeting the sewerage ordinance read for the second time was killed. At the second meeting a new ordinance was substituted. All were present except Councilmen Bird and Stockton.

The special meeting for the consideration of the ordinance on sewerage was held first. The ordinance was read and expressions of public opinion were called for. No one responded. Mr. Frost then said he thought it best that the ordinance be killed by a unanimous vote this was done. The meeting was then adjourned.

City Clerk Macfarlane read the call for the second meeting which provided for action on other matters besides sewerage. After a recess another ordinance was presented and adopted on first reading.

It was the same as the first except in regard to the streets named in it. The original ordinance provided for the laying of sewers in a few streets where the trunk lines were to be. On further consideration it was thought best to cover all the territory that at present would probably be included in the contract, putting all in one ordinance instead of two. In the new ordinance the section changed is as follows:

Woodland avenue from South avenue to Highland avenue.
Belvidere avenue from Ravine road to LaGrande avenue.
Ravine road from Woodland avenue to Berkeley avenue.
Putnam avenue from Woodland avenue to Franklin place.
Franklin place from East Fifth street to Washington avenue.

Fourth street East and West respectively from Richmond street to Grant avenue.
Cottage place from Richmond street to Washington street.
Fifth street East and West respectively from Richmond street to Plainfield avenue.
Sixth street East and West respectively from Richmond street to Plainfield avenue.
LaGrande avenue from Belvidere avenue to Washington avenue.
Seventh street East and West respectively from Washington avenue to Monroe avenue.
West Eighth street from Park avenue to Grant avenue.
Dunellen avenue from Compton avenue to city limits.
Albert street from West Front street to Dunellen avenue.
Sponner avenue from West Seventh street to South Second street.

Corporation Counsel Craig A. Marsh presented a report in which he told of the proceedings in the Watson liquor case. According to his suggestion he was authorized to carry the matter to the Supreme Court.

In regard to the Y. M. C. A. petition for the return of their \$300 assessment for the Washington avenue extension, the council reported that it could be repaid, along with others, according to a ruling of the Supreme Court. The amount in this case had been assessed to the Mutual Life Insurance Company. The money could be returned when the Y. M. C. A., which bought the property from the company, proved that the Association had paid the assessment.

On the recommendation of Mr. Flisk a crosswalk was ordered laid on LaGrande avenue at the corner of Washington street. The petition asking for the acceptance of Sponner avenue was returned for correction as the map did not show the street to be of the width required by ordinance.

The meeting was adjourned until July 2.

RAILROAD RUMBLINGS.

The company has reduced a number of engineers along the line owing to business depression, putting them back to firing at Jersey City, Bergen Point, Somerville, Hampton, Phillipsburg, and along the L. & S.

A special train was run from Phillipsburg to Jersey City, Sunday, May 27, for the Brotherhood men to attend the convention, in New York, for which kindness the committee desire to extend their sincere thanks to the officials of the road.

Two conductors and six brakemen were discharged at Bergen Point for drinking while on duty recently. This is a matter which the company does not tolerate in any way, a policy which is supported by a large majority of the employees. This should be looked after in all cases, as it is the surest way to give satisfaction to the traveling public.

The Railroad Employee says: "Brakeman William Moffett, of Plainfield, while riding his bicycle recently allowed the fractious steed to get the bit between his teeth, which caused the machine to side track. Result—a broken leg, which now confines him to his home. Verily the perils of railroading are not in it along-side of the frisky bike."

The many friends in Plainfield of that veteran railroad conductor, William F. Rand, who is now living in Flemington, will be pained to learn that he is still a great sufferer and totally unfitted for any kind of work. Mr. Rand was conductor on the Central railroad more than twenty years, and has many well-wishers in Plainfield.

GAVE CHASE ON HIS BIKE.

Marshal Pangborn Does Some Hastening After Beer-Money Beggars.

Martin Holmes, John Hensley, and Charles Warnock, went about the borough last evening begging for money with which to buy more beer. They insulted women on Orlag place and then went up Somerset street, where they held up Howard Woolston, and Lorenzo Townley.

Chief Pangborn saw the three on Race street and chased them down Warren street on his wheel. He left the bicycle on Pearl street and caught Warnock on Tiger's dam. Holmes and Hensley reached the city by way of Stiger's alley and were caught afterwards by Policeman Frederickson and transferred over the border. The men will be tried this evening at 7.

Death of Wm. Dunlap.
William W. Dunlap died shortly before 8 last evening at his home corner of Madison avenue and Front street. He had been ill for ten months. He was formerly employed in the meat market of Andrew Lutkins. He came to Plainfield from Millstone.

Mr. Dunlap was 35 years old. He leaves a wife and two daughters, one ten years old and the other ten months. His mother, Mrs. Mary Dunlap, lives on West Second street with his brother Charles and his sisters Lizelle and Cora. His brother David lives in Wyoming and another, George, lives in Millstone. The funeral will be held from the house tomorrow afternoon at 2.

Started in the Wood Box.
The fire yesterday afternoon was in the house 651 West Third street, owned by Jere Manning and occupied by Pine Yettman. The fire started in a box of wood which was behind the stove, burned a portion of the floor and spread to the soot in the chimney.

The alarm was sent in from Box 45. Neighbors were working with water when the firemen arrived. Two extinguishers were used. No fire had been made in the stove recently.

The house was insured in the New Hampshire Fire Insurance Company, through J. T. Vall's agency. The damage will probably not exceed \$25. The principal item of expense will be the papering of the kitchen walls which were discolored by smoke.

Dispensation to John Hand Camp.
At the meeting of John Hand Camp, No. 28, S. V., last evening, one application was received. The badges for the members arrived and those present secured them.

There was an excellent attendance, and the members are taking an interest in the work of the Camp.

A dispensation for two months has been granted the camp to receive persons and muster them in the same evening. Several are expected to join next Monday evening, when a special meeting will be held.

Waterbury to Get What Plainfield Refused.
M. A. Korff returned yesterday from Waterbury, Conn., where he has been attending a meeting of the Clay Lamp Wick Company. Inducements have been offered them to locate their factory at that place, and it is possible they may decide to. They were desirous of locating here.

Great Shooting.
Dr. D. C. Adams, Counselor Chas. A. Reed, Judge W. A. Coddington, J. A. Smith and John E. Beerbower went to the great shoot between the Haymakers and the Buckwheats, in Dog Corners yesterday. After the match, sweepstakes were shot. Judge Coddington winning by his scientific killing of all the birds he shot at.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Catarrh is the one positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hail's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, Ohio. Sold by druggists, 75c.

NEWS OF NEAR NEIGHBORS.

Fanwood.

The Commencement exercises of the public school children will be held tomorrow.

Mr. and Mrs. Harry P. Robinson celebrated the eleventh anniversary of their marriage Sunday. An informal reception was held in the evening, many of their Fanwood friends dropping in to pay their respects.

The women's meeting room at the station is now ready for occupancy, the carpenters being engaged in tearing out the men's room. It looks like several more weeks of upendedownedness.

Fine top dressing is being spread on the sidewalks in the vicinity of the station. The coat dust will be covered, thus saving the ladies' skirts, and be a saving to shoe leather.

Rev. Dr. True preached at All Saints Sunday and notwithstanding the extreme heat the church was filled and a large collection resulted.

The published reports of the Hoffman case were a complete surprise to Fanwood people as Mrs. Hoffman has always been considered a modest and ladylike person. The manner of her arrest is looked upon as an outrage, and it will require pretty strong evidence to convince Fanwood people that they have been deceived in her and to remove their sympathy for her.

The locust and cherry crops are immense, particularly the former. As to the latter, they are in such quantities and the tree so liberal that the school children gather great baskets of them and are happy.

A sociable will be given at the home of the Misses Powers in South Plainfield, Thursday evening, June 21. Sixty invitations have been issued. Friendship Cornet Band of New Market will furnish the music.

Some time ago the late Jacob R. Titworth of New Market met will be something his real and personal property. A good portion of it was given to the Seventh-Day Baptist Church in New Market. Out of the entire amount the sum of \$100 was left to his only son, C.D. Titworth.

He being the only one left in the family, thinks he deserves more of his father's property, and is now making an effort to break the will. He claims that when he inquired more particularly as to the date of the will those in charge of the matter did not give him the information he thought he had a right to.

Mr. Titworth says he is being deprived of his lawful share of the estate, and is determined to see that he has his rights. On the other hand, those in opposition claim he is getting all he is entitled to. The matter will probably be brought into court.

Miss Trewin of Orchard place visited friends in the borough yesterday.

A. Farley and his sister Miss Annie Farley of Fanwood, spent a pleasant Sunday with the Misses Staats.

Miss Colla Staats enjoyed a visit to Netherwood yesterday, where she was entertained by friends.

Jacob Henry of Chicago is being pleasantly entertained by friends and relatives in Dunellen.

Fred. Andrews, the operator at Tide Water, is on a vacation and his place is being filled by Herbert Ostrander.

Mr. and Mrs. Charles Correll and son, Abner, had a delightful drive to Millstone, Sunday.

The closing school exercises of Lincoln and Whittier schools will be held Thursday evening in the Methodist Church.

The Harris Lane School closed last Friday with appropriate exercises which were much enjoyed. It was the most successful one ever held.

SWORE THEY WERE HOLY.

Set Lemon Phosphate and Cider Didn't Go Down With the Oiler.

Mrs. Maggie Bunworth of West Fourth street and Mrs. Mary Stevens of Second street and Park avenue spent the night in the borough looking up and appeared before Justice Crooley this morning. They were charged by Chief Marshal Pangborn with being drunk and using profane language on Greenbrook road at 7 last evening.

The women testified that they had gone to Dunellen with Mrs. Stevens' husband and had returned alone. Neither of them had ever used a profane word. Mrs. Bunworth had enjoyed a lemon phosphate and Mrs. Stevens a glass of cider, they admitted, but both declared they had taken nothing more intoxicating.

Chief Pangborn swore that he had heard them swearing from a buggy surrounded by boys. The chief had driven with them to the lookout. They had a quart bottle containing a quantity of rye whiskey with them.

Sustine Crooley said it was plain, according to the evidence, that the women had been intoxicated and profane and had disturbed the peace of the borough. He sentenced each to pay a fine of \$3, which they paid rather than to go to jail for five days.

Bids for School Coal and Water.
At the Board of Education meeting last evening all the members were present except Mr. Lounsbury. Besides the usual routine business the absence of teachers during the term were considered and allowed.

The Building Committee reported received bids for putting city water into the Franklin Building. A. M. Griffin's bid was the lowest, but his specifications were not exactly like those called for. He will probably be given the job.

Bids for coal were received and the Fuel Committee were authorized to give the contract to the lowest bidder. The local dealers, receiving call by the Central Railroad, offered it for \$5.00 a short ton. To York & Harris, with yards on the Lehigh Valley Railroad, made a bid of \$4.67 a long ton, screened according to the Board's specifications.

Thinks He Knows the Thief.
John H. Sayers of East Front street was robbed of \$10 between 8 and 9 Saturday night. He was in his harness store for half an hour showing his goods to City Judge Coddington. Meanwhile his vest containing \$19, hung in harness shop in the rear.

Mr. Sayers did not notice that some one had stolen \$10 from his vest pocket until yesterday morning. He thinks he knows who took the money.

Elizabeth Gates Three Boarders.
Lee Jones, colored, Michael Grosky and John Coffey, were sent to Elizabeth for twenty days by City Judge Coddington this morning. They had been arrested by Policemen Mattox and Vanderveer for trespassing on the Central railroad. Jones comes from Virginia. He has been begging about town and sleeping in freight cars for some time.

Another Stunning Plainfield Rig.
J. W. Reinhardt, President of the Atchison, Topeka and Santa Fe Railroad, has given Kimball & Co., of Chicago an order for a coach which will be seen on the roads about Old Orchard, N.J., within a fortnight or so, and on the Netherwood and Plainfield roads in the Fall. The harness is to be brass-mounted.

CHRISTIAN ENDEAVOR.
The Junior Christian Endeavor Society of Trinity Reformed Church extend a vote of thanks to Benjamin DeVore for his fine cornet solo at their anniversary Sunday night, accompanied by A. L. Titworth.

CHURCH CHIMES.
The Board of Trustees of the First Presbyterian Church held a meeting last evening and discussed methods of church work.

A MOTHER'S DUTY
TOWARDS HER DAUGHTERS.
Suggestions Which May Help to Avoid Many Damages.

(SPECIAL TO OUR LADY READERS.)
Less than twenty years ago even the medical profession scouted the idea that young girls could suffer from the misery of uterus troubles.

That form of disease, it was claimed, came only to married women. When Lydia E. Pinkham first sent out the news of her great discovery, there was no lack of harsh speech from those whose practice and opinions she set at defiance.

But when young girls by the hundreds were absolutely cured by Lydia E. Pinkham's Vegetable Compound, then the tongues of the traducers were stilled, and faith was allowed to live in the hearts of the people.

Young girls are subject to this trouble. It robs them of the buoyancy of youth. It makes all effort distasteful. It causes retention and suppression of menses, leucorrhoea, severe headache, waxy complexion, depression, weakness, loss of appetite and interest.

This being the condition of your daughter, what is your duty, loving mother? Certainly you ought to know that these are all symptoms of the one cause of nearly all the suffering that comes to women; and to save your daughter you ought to be given that treatment at once which for 20 years proved its power throughout the world.

Lydia E. Pinkham's Vegetable Compound is the surest and most natural remedy for women ever compounded. It will accomplish its work with certainty.

AUXILIARY EXPEDITION

Starts for the Relief of Peary To-morrow.

The Explorers Will Visit Ellesmere Land and Other Points After First Stopping at Peary's Headquarters—Expect to Arrive Home on or About the 15th of September.

PHILADELPHIA, June 19.—Henry G. Bryant, the youngest leader of any Arctic expedition ever undertaken, and the party of six who will go to the relief of Lieut. Peary in the far north, will rendezvous at dinner at the St. George hotel, Brooklyn, this evening. To-morrow they will leave New York on the steamer Portia for St. John's, where the steam whaler Falcon awaits them.

The auxiliary expedition, as it is termed, makes the journey under the auspices of the Philadelphia Geographical club. The members of the expedition in addition to Mr. Bryant are: Prof. Wm. Libby, Jr., of Princeton university, geographer; Prof. T. C. Chamberlin, of the University of Chicago, geologist; Dr. Axel Onlin, of Sweden, zoologist; Dr. H. E. Wetherill, of Philadelphia, surgeon; H. L. Bridgman, of the Brooklyn Standard Union; Emil Dlabitch, of Port Royal, S. C., civil engineer.

The party was entertained at a farewell dinner here last evening at the University club, by the members of the advisory committee of the Geographical club. The Portia will reach St. John's about June 23, and the Falcon will proceed northward with the members of the expedition and their supplies the first week in July. The first stop will be made at Godhaven, on Disko island, in North Greenland, where official recognition from Denmark will be obtained for the expedition. Continuing north, Melville bay will be crossed as quickly as the condition of the ice permits and a brief visit made to the settlement of primitive Eskimos near Cape York.

Thence a direct run will be made to the Peary headquarters at Bowdoin bay, in the Inglefield Gulf, in latitude 74.3, which point is hoped will be reached by July 25. Lieut. Peary and the members of his inland party will not return from their long arduous journey to the north until the last of August but it is deemed advisable to acquaint the members of the party at "Anniversary Lodge," in Bowdoin bay, of the presence of the Falcon and at the same time to deliver the mail and gain assurance of the safety of the land.

That assurance obtained the Falcon will leave on a brief independent expedition to Ellesmere Land, where a sharp lookout will be kept for traces of the ill-fated Swedish naturalist, Bjorling and Kallensten, and their two companions, whose vessel, the Ripple was wrecked in 1902.

They left a message which was found by a Swedish whaler stating that they would seek refuge among the Eskimos of Ellesmere Land. Jones sound will be penetrated as far west as the weather and ice will permit, and an attempt will be made to chart the 300 miles of unknown coast line forming the western border of Ellesmere Land, which is thought to be an island.

By Sept. 1, the Falcon will return to Bowdoin bay and taking on board the Peary party will sail for Philadelphia, arriving soon after September 15.

Lansingburgh Election Offenders.
TROY, N. Y., June 19.—The first arrest of alleged election offenders who operated in Lansingburgh in November of last year, occurred yesterday when Frank McKee, who served as a democratic inspector, was taken into custody on an indictment charging him with a violation of the penal code, which provides for the punishment of offenders against the election laws.

COLUMBIA BICYCLES

Can Be Relied Upon.

When you start out on a Columbia, you come home on it.

The fact that it is impossible to ascertain the quality of a bicycle by a casual examination should be a sufficient reason for buying a wheel with a reputation.

There is no wheel that has been before the public so long, none that stands or ever stood so high, none so well guaranteed, none whose guarantee is so substantial and so liberally interpreted, none so safe to buy as a Columbia.

With Columbia listed at \$125, few riders will be so lavish as to invest in lower grade machines.
