## CARNOT'S SUCCESSOR

To Be Selected at Versailles To-Day.

Indications that Casimir-Perier Will Be Elected—Disgraceful Row at a Meeting of Republican Deputies To Decide Upon a Candidate—Blows Exchanged and Inkstands Thrown About Freely—The Situation at Lyons Growing Worse—Many Houses of Italians Wrecked and Burned—Funeral of the Dead President To Take Place Sunday.

PARIS, June 27.—The public are being admitted to view the body of President Carnot to-day, and will be thereafter daily until the funeral takes place. The coffin, with the head slightly raised, has been placed in the middle of the room of the palace. A cushion covered with decorations lies at the feet of the corpse. The catafalque is square, sustained by four columns.

Immense crowds of people have visited the place to-day to express their sympathies. The cabinet ministers informed Mrs. Carnot of the arrangements which had been made for the funeral and also of the fact that the cabinet had designated next Sunday as the day for the funeral. The services will begin in the cathedral of Notre Dame and conclude with the ceremony of depositing the body in the pantheon.

At Versailles an army of carpenters, upholsterers and others worked all last night getting the great assembly hall in readiness for occupancy to-day. Even the walls were cleaned and put in order so that in the event of any of the members becoming refractory and the president of the national congress is obliged to place them under arrest there will be places in which to lock them up.

The police at St. Etienne have arrested three anarchists who are suspected of having had relations with Sandoz.

**Disgraceful Scenes.**  
The meeting of the republican members of the senate and chamber of deputies last evening to select a candidate to be voted for at Versailles to-day for president was characterized by an indescribable noise and continuous brawling. Deputies and senators shouted at the tops of their voices over one another's heads demanding a vote without debate. Blows were exchanged by several members, and inkstands were thrown about freely.

Deputy Marc Sautet, member for Ardèche, tried to stand upon the table and was pulled forcibly to the floor by M. Berteaux, member for Seine-Oise-Marne. Another member who tried to hide the ballot box was struck and thrown down. Finally some of the calmer members proposed a recess, and a motion to adjourn was carried.

A large number remained in the hall, and after a short period of quiet Senator de Vermeine, who presided, asked whether the meeting desired to vote.

■ **Conflict Provoked by Socialists.**  
The tumult was renewed immediately, and as it was impossible to restore order M. de Vermeine declared the meeting closed and left the tribune. Free fighting ensued for fully a quarter of an hour. Eventually the hall was cleared. The conflict was provoked by the socialists and extreme radicals in order to prevent a decisive vote.

During the fight Deputy Humbert, socialist, seized the ballot-box in which vote was being cast, and breaking up the three tables of the members of the party that were in the hall, he threw them down. Under the circumstances a record of the vote was considered worthless.

Two hundred republicans met subsequently in the committee room, Deputy Delano-Montaud presiding. Resolutions were adopted expressing the sorrow of the moderate members of the party that the plenary assembly had been prevented from accomplishing its purpose by such tumultuous scenes, and accusing the socialists of purposely obstructing the proceedings.

It was decided that the only recourse was to go to Versailles without preparation, and that this course was likely to ensure the election of M. Casimir-Perier.

The socialist deputies had delegated MM. Jaures, Hugues, Jourdain, Millerand, Groussier, Hovelacque and Pierre Richard to attend the plenary meeting and act in concert with advanced republican senators in the choice of a candidate who would not combat the socialists.

Later in the day three republican socialist groups—the centre, the left republican and the unitarian republicans met to choose a candidate for the presidency. A ballot was taken with this result:

Casimir-Perier, 144; Dupuy, 15; Brisson, 8; de Freycinet, 4; Arago, 3; Loubet, 2; Constans, 2; Cavaignac, 1.

No representatives of these groups attended the plenary meeting.

Deputy Sautet, who was pulled off the table during the tumult, has challenged M. Berteaux to a duel. The seconds named by M. Sautet have declined to act. Casimir-Perier's chances improved.

The chances of M. Casimir-Perier are regarded as greatly helped by the disunion in the ranks of the republican senators. It is expected that of the 800 votes cast on the first ballot to-day M. Casimir-Perier will receive 400. His supporters are confident that he will have at least 550 votes. Dupuy and Brisson together may possibly get 250.

If M. Casimir-Perier is not elected on the first ballot his chances will diminish thereafter, as the Dupuy faction are trying to induce Brisson's supporters to transfer their votes to the first ballot to a dark horse.

The election of an "unknown" is regarded, however, as improbable.

**Santo Proud of His Work.**  
When the examining magistrate asked Santo whether he had personal grievance against President Carnot, he replied: "No, but he was a tyrant, and I killed him for his sake."

"How did you stab him?" asked the magistrate.

"I pushed aside the horse and outrigger and advanced to the carriage. I had a dagger concealed in my sleeve. I only had to raise my arm. I aimed at the stomach and brought my arm down sharply, about

## PULLMAN BOYCOTT ON

Another Struggle Between Capital and Labor.

Probably the Greatest Ever Inaugurated in the United States—Strikes Already Ordered on the Illinois Central and Every Road in the Country May Become Involved.

CHICAGO, June 27.—The boycott declared against the Pullman Palace Car company by the American Railway union is now in force. The order is supposed to include every railroad in the United States which handles Pullman cars, and as declared by the union officials, every road which in its turn runs the sleepers will be subjected to a strike, if necessary.

As a result of the boycott, all of the switchmen in the freight yards of the Illinois Central are out on strike, and no freight of any character is being handled in their yards. It is expected that the men working in the upper yards handling the passenger trains will also go out.

The strike was sudden and so far is effective, taking the officials by surprise and leaving the work in the yards here in bad shape.

When the boycott order became effective it marked the beginning of what is expected to be the greatest struggle between capital and labor ever inaugurated in the United States. It is a battle in which an effort will be made to unite all railroad employees in the country in one common effort to secure better wages, and while the boycott is ostensibly declared as a demonstration of sympathy in behalf of the strikers in the Pullman shops, it is really a life and death struggle between the greatest and most powerful railroad labor organization and the entire railroad capital.

The permanent success of the one organization through which it is sought to unite all employees of railroads.

It has been announced that no trains to leave Pullman sleepers were attached were permitted to go out of the Illinois Central depot after 12 o'clock yesterday, and, as a precautionary measure, the company had all of its passenger trains made up during the night. The coaches were chained together, padlocked and sealed with the company seal at the company, and in addition each train carried a guard of ten special officers employed by the railroad. Several trains were sent out under such precautions.

No other orders for strikes have been issued, but it is understood that all American Railway union men on the entire Illinois Central system will be called out today unless the officials consent to join in the Pullman boycott.

On the other roads no trouble was had in running the last trains. It is evidently the intention of the union officials to allow the Pullman cars to be carried out of Chicago, but to prevent their use elsewhere.

At St. Paul all car cleaners, machinists and carpenters employed on Pullman cars in the Northern Pacific yards have deserted their places. The same occurred at the Comstock shops.

The Pullman boycott is in vigorous action at St. Louis but only the shop strikers are involved as yet at the company.

New York, June 27.—In regard to the boycott against the Pullman cars Gen. Horace Porter, first vice-president of the Pullman company, said: "We don't know much about the difficulty here. The seat of the trouble is in Chicago and the officials of the company there have principally to do with it. Nothing has been done here in the way of forestalling the threatened attack. I think the American Railway union has not many adherents in this city, and the Atlantic seaboard railroad terminals."

"About 3,000 of our cars are in use altogether, but how many go out of the Jersey City stations daily I cannot say. The retirement of these cars, obviously, will involve an immense amount of discomfort, annoyance and positive suffering, especially for invalids and children."

"It is the railroad companies that, after all, will have to bear the brunt of the attack. We lease our cars for a term of twenty-five years. During that period we have nothing to do but repair them. They are under contract, and whether in use or not, must be paid for according to the terms of the lease."

"The only point on which we will be affected is in present leasing, of which there is little now, owing to dullness in business and in repairing. Consequently a boycott of the cars will, in a large measure, fail to effect its purpose."

**Testing a Great Searchlight.**  
SANDY HOOK, N. J., June 27.—The first official test with the government 200,000 candle power search light, erected for coast defense purposes, was made here. Messages were read by members of the ordnance board 30 miles distant and could be read 10 miles further away. The test was a complete success.

**Letters to America.**  
LOYDON, June 27.—In the house of commons Arnold Moreley, postmaster general, in reply to a request for information by J. Henniker Heaton, said that 15,500,000 letters were sent to the United States during 1893. If the rate of postage were reduced to a penny the annual loss of revenue would be £78,000 and greater if the reduction should have the effect to increase the number of letters.

**Philips' Successor Appointed.**  
TRENTON, N. J., June 27.—Governor Wright appointed Vice-Chancellor Robert S. ## VAST FORTUNE DIVIDED

Will of the Late William Walter Phelps.

Numerous Friends and Employees Remembered for Sums of Various Amounts—Yale University Gets \$50,000—The Bulk of the Estate Remains in the Family.

HACKENSACK, N. J., June 27.—The will of the late William Walter Phelps is very brief. It bears date of Sept. 11, 1888. He gives \$1,000 to each of his children, Dr. Wm. T. Lusk, Henry C. Eno, John H. Lindley, Charles A. Miller and D. Stuart Dodge; \$5,000 each to his namesakes, Walter Phelps Dodge and Walter Phelps Bliss; \$10,000 to Charles Nordhoff; \$5,000 to Thomas R. White, Jr., and \$25,000 to William E. Bond. He also gives annuities in various amounts aggregating \$4,000 to employees and friends.

To his son John he gives the family vault and homestead at Simsbury, Conn. A trust of \$50,000 is created for his son Sheffield, and one of \$50,000 for his daughter Marian, the Countess von Rotenburg. The balance of the estate, subject to a life interest to his wife in the Teaneck grange, is left to his wife and children in equal shares.

The sum of \$50,000 is to be added to the like sum left by Mr. Phelps' father to Mrs. Phelps, and the whole to be used for the erection of a building on the campus.

The executors are John J. Phelps, William E. Bond and Thomas R. White, Jr. The will will not be filed for some time yet, owing to the fact that the witnesses are scattered. The estate, though the will does not show it, is valued at \$7,000,000.

The family thought that owing to the curiosity that existed in the country and state as to the value of the estate and the details of the will it would serve the purpose to submit a brief for publication.

**TO REMAIN OVER THE FOURTH.**  
The President Will Leave for Buzzards Bay Saturday Next.

WASHINGTON, June 27.—Next Saturday was the day decided upon for the president to leave Washington to spend the week of the Fourth of July with his family at Gray Gables. This decision was announced when Mrs. Cleveland and the children departed for Buzzards Bay four weeks ago.

Public business was never in better shape for the president to get away from Washington than now. On account of the long and steady deliberation of the tariff in the senate little or no legislation has reached the president's desk. There is a small probability of congress giving him any puzzling questions to settle until the tariff is finally out of the way, which can hardly be accomplished inside of three weeks. After that time even short trips away from work will be impossible, as appropriation bills and other important commissions will follow each other in the white house in rapid succession until final adjournment is reached.

It is understood that the president is anxious after next week he will have a break to see his family for five or six weeks, and unless something entirely unforeseen occurs he intends to make the best of the opportunity.

**Tried To Murder Wife and Daughter.**  
VINELAND, N. J., June 27.—Joseph Whitsett quarreled with his wife and daughter yesterday. Whitsett chased them out of the house with a blacksmith's file and razor. He threw his daughter on the ground and cut her throat in a horrible manner. The girl is fatally injured. Whitsett then turned to his wife and beat her terribly with a file. Seeing three men approaching he ran into the house, locked the doors and set fire to the building. The firemen got him out before the flames reached him, but he begged to be thrown back into the flames. He has been insane for several weeks. His daughter is a school teacher.

**Charles Benny Dies of His Burns.**  
CAMDEN, N. J., June 27.—Charles Benny, the 13-year-old lad who was burned at the stake by his comrades on March 13 last, while playing "indians," is dead at much about the hospital. Every attempt was made to save the little fellow's life, skin grafting being resorted to without avail, and Mr. Benny died after a long and brave struggle with death. Three of the boys who tied him to the stake and started the fire were arraigned in the Camden court, pleaded guilty to assault and were severely lectured and sent to the reform school. The boys will probably be re-arrested, but it is a question in the minds of the lawyers whether they can be re-indicted and retried for manslaughter.

**Edison's Condition Is Better.**  
ORANGE, N. J., June 27.—The report that the condition of Thomas Alva Edison was worse is false. Mrs. Edison said to a Trenton Press reporter that her husband was better and was resting comfortably. Dr. Joseph Fawcett, the family physician, says that Mr. Edison's trouble is an attack of acute neuritis and was probably caused by a cold. The accident Mr. Edison met with on last Thursday, Dr. Fawcett said, had nothing to do with the attack; it was only a coincidence. Mr. Edison is a sick man, but there is no cause at present for apprehension.

**Something About Charles De Kay.**  
WASHINGTON, June 27.—Charles De Kay, nominated to be consul general at Berlin, is an editorial writer on the New York Times. He has been for some years a warm friend of President Cleveland and his selection is eminently a personal one. He is not yet 40 years old, was educated in Germany, and is a fluent German scholar. He is a brother-in-law of Richard Watson Gilder.

**Bicyclist Held for Manslaughter.**  
HARTFORD, Conn., June 27.—In the police court Timothy Connors has been held in \$500 for trial in the superior court on the charge of manslaughter. Connors, while riding on his bicycle, ran down Mrs. Juliet Closson. She received injuries which caused her death.

**To Improve New Jersey Waterways.**  
WASHINGTON, June 27.—The senate committee on commerce has decided to increase the house appropriation for the Hudson and Passaic rivers in New Jersey, but declined to announce the increase allowed, as it has not been definitely determined.

**Died at the Age of 101.**  
PROVIDENCE, R. I., June 27.—Mrs. Mary O'Brien is dead in this city aged 101 years. She was a native of Ireland.

## DOINGS IN CONGRESS

Twelve Pages of the Income Tax Unfinished.

Senator Hill Comes Dangerously Near Getting the Best of the Finance Committee on an Amendment To Exempt State Bonds—House Disposes of the General Deficiency Bill.

WASHINGTON, June 27.—The senate resumed consideration of the income tax feature of the tariff bill this morning with twelve pages of the feature still to be gone through with before that portion of the bill will be completed, eight sections having been disposed of yesterday. The votes comprising the salaries of the president of the United States and of the United States judges are to be reconsidered, unless Mr. McLaughlin (dem., Miss.) should change his opinion on that point; but whether he will wait till the bill shall be reported to the senate or not remains to be decided.

Mr. Hill (dem., N. Y.) continues to be the central figure of opposition to the finance committee, and at one point he almost succeeded in getting the better of the committee. That was on a motion to exempt from the provisions of the income tax bonds issued by states. Four democratic senators, who had been hitherto faithful to their party, ranged themselves on the side of Mr. Hill. They were Senators Gray (Del.), Morgan and Pugh (Ala.) and Caffery (La.). But Mr. Morgan, who would have been a republican would also have voted for it, and so two votes in its favor were lost.

orary one, and it does not necessitate Mr.  
Green's resignation as one of the four  
Vice-Chancellors of the State. The ap-  
pointment is an added honor to the  
laurels already won by such graceful  
distinction by New Jersey's ex Governor.

The choicest work of the world's best  
living artists is available to every  
American home through the sumptuous  
publication issued by Harry C. Jones of  
93 Fifth Avenue, New York. The Quar-  
terly Illustrator is just out for July, August and September. There  
are 125 pages of elegant paper, each con-  
taining a wealth of beautiful pictures and  
reading matter which is as edifying as it  
is entertaining. One hundred and fifty  
well-known artists contribute the 362 il-  
lustrations of the number, and each is a  
gem. Every phase of the art field is  
faithfully covered. The Quarterly Illus-  
trator is a wonder, and how Mr. Jones  
can sell his magazine at 30 cents a copy  
is another wonder.

Just make a note right now that The  
Daily Press is nothing if not patriotic, and  
it's going to celebrate the Fourth like all  
good American boys, by taking a day off  
and burning lots of powder. The  
issue of July 3 will be red-hot with  
literary pyrotechnics. There'll be the  
screaming American eagle to begin with,  
with Liberty herself setting off the fire-  
works. G. T. Ferris will give some  
wholesome talk on the Revolution. I. D.  
Marshall tells of the good old days when  
freedom was a cent apiece. Edith  
Seaford Tupper gives one of her best  
Fourth of July stories. Then Holland  
comes right into our territory with a tale  
of what happened in Elizabethtown. H.  
B. Delaig translates the "macaroni"  
part of Yankee Doodle. R. K. Munkit-  
trick is merry over the boy who keeps  
everybody up all night with his banging.  
The great and only M. Quad spends a  
Fourth up in a balloon, and tells a thrill-  
ing tale. Verse and pictures abound, ap-  
propriate to the day.  
All these features are original and  
copyrighted, and The Press alone will  
publish them.  
No matter how many packs of fire-  
crackers you have, you won't have a happy  
Fourth unless you secure the American  
Eagle issue of The Daily Press.

Clark W. Bryant in a recent article on  
"Coupon Journalism" wrote as follows:  
"If this goes on at its present rate, the  
time is not far distant when a great many  
of our esteemed contemporaries will have  
abandoned all the old and legitimate  
features and purposes of a newspaper,  
and the question will not be which one of  
them can best record current events, but  
which of them can offer the most at-  
traction to the curiosity hunter or seeker  
after some paltry prize."  
The gift enterprise feature in journal-  
ism is a confession that the newspaper  
employing this method to water its cir-  
culation cannot stand on its own merits.  
The logic of this is so obvious that the  
gift newspaper loses more on its perma-  
nent standing than it gains in temporary  
circulation by coupon-cutting.  
"Advertisers ask what benefit can accrue  
to them from copies of newspapers pur-  
chased in bulk for the sake of the cou-  
pons and then sent to the junkman.  
Readers who are saluted every time they  
open a paper with announcement of al-  
luring gifts of valuable articles, turn from  
them in weariness and disgust, and sigh  
for the time when the fakir and cheap  
jack were not the controlling power in  
journalism."

## CASIMIR-PERIER

ELECTED PRESIDENT OF THE  
FRENCH REPUBLIC.

Chosen on First Ballot—Storm at the  
Joint Session Today—A Socialist  
Scandal—Demand for the Suppression  
of the Presidency.  
(Special to The Press.)  
PARIS, June 27.—Casimir-Perier was  
elected President of France today. He  
received 451 votes.  
Casimir-Perier was elected on the first  
ballot.  
The National Congress, summoned to  
elect a President of the French Republic  
for a full term of seven years, was called  
to order in the Palace of Versailles by M.  
Challemeil-Lacour at 1:10 p. m. today.  
At least five minutes elapsed before the  
formal call to order before there was  
sufficient quiet to enable the presiding  
officer to be heard. When finally the  
assembly became orderly M. Challemeil-  
Lacour announced the tragic death of M.  
Carnot and declared the Congress open  
for the purpose of electing his successor.  
Scarcely had the President ceased  
speaking when M. Michelin, Socialist,  
sprang to his feet and shouted:  
"I demand the suppression of the Presi-  
dency of the Republic."  
A tumultuous scene ensued, the uproar  
being so great that the President could  
not make himself heard.  
About 2 a small panic occurred in the  
lobbies owing to the escape of gas, which  
filled the corridors and made respiration  
difficult.  
The fire brigade and a force of work-  
men were immediately summoned. Smok-  
ing was forbidden, and the order was  
complied with without remonstrance. The  
leak was finally found, and the panic sub-  
sided.  
MOSHER'S JUDGMENT SET ASIDE.  
Craig A. Marsh Scores Another  
Victory in the Higher Court.

The case of Daniel McCarthy against  
the Central New Jersey Land Improve-  
ment Company, on certiorari from Justice  
Mosher's Court, came up yesterday in  
Trenton. Craig A. Marsh appeared for  
Mr. McCarthy, and succeeded in having  
set aside the judgment and all proceed-  
ings before Justice Mosher. This leaves  
Mr. McCarthy in full possession of the  
property from which the Land Improve-  
ment Company were trying to eject him,  
and the judgment obtained by the com-  
pany will do them no good. Mr. Mc-  
Carthy feels correspondingly jubilant.

**Dr. Lighthill**  
\$100 Reward, \$100.  
The readers of this paper will be pleas-  
ed to learn that there is at least one  
dreaded disease that science has been  
able to cure in all its stages and that it  
is curable. Dr. Lighthill's Cure is the one  
positive cure known to the medical  
fraternity. Catarrh being a constitutional  
disease, requires constitutional treat-  
ment. Dr. Lighthill's Cure is taken inter-  
nally, acting directly upon the blood  
and mucous surfaces of the system, there-  
by destroying the foundation of the dis-  
ease, and giving the patient strength by  
building up the constitution and assisting  
nature in doing its work. The proprie-  
taries have so much faith in its curative  
powers, that they offer \$100 for any case  
that it fails to cure. Send for list of tes-  
timonials. Address F. J. Cheney & Co.,

## HOME TESTIMONY.

Mr. Thomas Callahan of No.  
214 Richmond street cured  
of a Very Distressing Trou-  
ble by Dr. Lighthill.

PLAINFIELD, N. J., June 1, 1894.  
TO THE PUBLIC:  
For some time past I have been  
greatly distressed with noises in the  
head. They were all over my head and  
troubled me constantly. They were  
loudest at night when everything was  
quiet and at such times would often  
keep me from sleep and disturb my

In fact they got to be so bad and  
distressing that they affected my whole  
nervous system as well as my health. I  
did not obtain the least relief until I  
placed myself under the care of Dr.  
Lighthill, of No. 144 Crescent avenue,  
who effected a complete cure in my case  
in a short time and made me a very  
happy man.  
THOS. CALLAHAN,  
214 Richmond street.

**A Card from Mr. T. R. VanZandt,**  
Of No. 304 and 306 Park ave., Plainfield,  
N. J.

I certify with pleasure that Dr. Light-  
hill has effectually cured me of a most  
painful case of piles. For some time  
past I had been subject to its attacks  
but the last attack was so exceedingly  
painful that it completely upset my  
whole system. The pain extended to  
my legs and in many other directions,  
and made me so nervous that I could  
neither sleep, sit down, or move  
about without serious discomfort and  
distress. Such was my condition when  
I applied to Dr. Lighthill for relief, and  
I am glad to say that as soon as he  
took hold of my case, I began to im-  
prove, and in short time I found my-  
self completely cured. Dr. Lighthill  
has also effected a radical and perma-  
nent cure in a most terrible case of  
piles on my cousin, Mr. J. V. Z. Griggs,  
of Rocky Hill, N. J., whose statement is  
published below. I can personally  
vouch that every word which it con-  
tains may be relied upon as absolutely  
true and correct in every particular.  
T. R. VAN ZANDT,  
304 and 306 Park avenue.

**Years of Suffering and Distress Promp-  
ly Cured by Dr. Lighthill.**  
Mr. J. V. Z. Griggs is a well-known  
merchant of Rocky Hill, N. J., and a  
prominent resident of the town, having  
for years been the Treasurer of the bor-  
ough. For a long time he had been a  
sufferer from bleeding piles of the very  
worst kind, until he was completely  
cured by Dr. Lighthill, as will be seen  
by the following statement:

TO THE PUBLIC:  
I have often read of the wonderful  
cures which Dr. Lighthill effected in  
cases of piles, but I feel confident  
that no case ever came under his hand  
as bad as mine. I had been a sufferer  
from bleeding piles of the very worst  
kind, until he was completely  
cured by Dr. Lighthill, as will be seen  
by the following statement:  
ROCKY HILL, N. J., Jan. 9, 1893.  
I have often read of the wonderful  
cures which Dr. Lighthill effected in  
cases of piles, but I feel confident  
that no case ever came under his hand  
as bad as mine. I had been a sufferer  
from bleeding piles of the very worst  
kind, until he was completely  
cured by Dr. Lighthill, as will be seen  
by the following statement:  
ROCKY HILL, N. J., Jan. 9, 1893.

And what made my condition so  
much worse was the constant protrusion  
of the piles, tumors, which caused  
the most severe suffering, and was often  
attended with hemorrhages so profuse  
that the blood came in streams and  
fairly flooded me. I had despaired of  
getting relief, when I applied to Dr.  
Lighthill, but I am most happy to state  
that he effected a complete and perfect  
cure in my case in a few weeks' time.  
The piles have disappeared, the pain,  
distress and discomfort is gone entire-  
ly, and I feel, indeed, like a new man.  
Nothing but my heartfelt gratitude to  
Dr. Lighthill and my desire to bring re-  
lief to those who suffer as I  
have done, prompts me to make this  
public statement.  
J. V. Z. GRIGGS.
