NOW CARE

FOR THE AGED!

SUMMER WITH ITS DEBILITATING
WEATHER IS HERE.

The Best of Thought and Care is Due
to the Old People—For Them To Be
Strong and Happy, Refreshing Sleep
is Necessary—Faine's Celery Com-
pound Must Now Be Taken.

Young people in the flush of health are
apt to forget that the aged need help more
frequently than they, to ward off weak-
ness and to check disease.

Because there are no symptoms of any
specific disease they think nothing can be
done; they forget that the weakness of
old age are general weaknesses, a diffi-
culty of the slow organs of indigestion
and assimilation to properly feed the
nerves and body.

The one great need, as hot, debilitating
weather comes on, is for new, rich blood,
free from the poisonous humors that in-
variably result from a stagnant condition.
The certainty with which Faine's Celery
compound quickly sends new blood to

the head.

After the announcement of the result of
the ballot at Versailles the troops were
marched to the St. Lazare station to re-
ceive the new president and escort him
from the train to the foreign office. When
it was learned that he would return in a
carriage they were marched out to Versailles
to meet him.

The appearance of the city was the same
as usual after the news of the election ar-
rived, but for a slight crowding of the
boulevards and the streets along the presi-
dent's route—via Sevres, the Bois de Bou-
logne, the Arc de Triomphe and the
Champs Elysees.

The people saluted M. Casimir-Perier
with cheers and the waving of hats and
handkerchiefs.

Temporarily Put Aside.
M. Casimir-Perier learned of his hus-
band's success at about 4 o'clock, a few
minutes before the counting of the ballots
was completed. As soon as the result be-
came known he telegraphed to his wife
congratulatory calls from many friends,
among them the Baron and Baroness Ed-
mond de Rothschild.

Faine's Celery compound gently stre-
ngthens the workings of all the vital organs,
the nerves when waste in their tissues
has exceeded the repair, and thus relieves
nervous prostration, dyspepsia and disor-
ders of the liver, kidneys and heart.

Doubt About Dupuy Complying.

Over the Work of the National
Congress at Versailles.

PARIS, June 28.—President Casimir-
Perier received the cabinet meeting
this morning and received from Premier
Dupuy the formal notice of the cabinet's
resignation.

The president has requested the minis-
ters to retain their offices.

There is some doubt about Dupuy's re-
taining the premiership. Should he retire
he might be elected president of the cham-
ber and M. Burdeau might form the cabi-
net.

The selection of Asbury Park as the meeting place of the National Editorial Association was a delicate compliment to the well-known temperance and religious proclivities of the members. The delegates from Kansas are, however, expected to bring their own corkscrews.

Did you ever stop to count up what a city of churches this is? Here we are, Plainfield and North Plainfield combined, with a census of only 17,000, and yet look at the list of institutions regularly conducting Sabbath and week-day worship:

First Baptist Church,
Park Avenue Baptist Church,
Seventh-Day Baptist Church,
Mt. Olive Baptist Church,
Third Street Mission, Baptist,
Emmanuel Baptist Church,
First Presbyterian Church,

Colored Young Men's Christian Association,

All these are in the corporate limits, and another chapel is about to be built by the Presbyterians in the Bull-Frog City district. Besides, outdoor meetings are regularly held by Plainfield people, on one side of town in the Mt. Pleasant school-house; on the other, in the Mary E. Wilson Memorial Chapel, just over the border.

Each of these meeting places is thrifty and well attended, and most of the societies are mighty powerful, and growing all the time.

There's one jail in the town—a miserable little hovel that would be crowded with a dozen inmates, and that's still too big to accommodate the town's bad folks. There's another smaller coop in the borough. These institutions are a necessity chiefly as a transient stopping-place for the wicked ones who drift in from abroad.

Thirty-seven big meeting-houses! And two little jails!

Fretty good sort of a town, is Plainfield, isn't it, rest of you folks in Jersey?

HYMENEAL.

Yates-Cornwell.
(Special to The Daily Press.)

DANIELSONVILLE, CONN., June 28.—A beautiful wedding took place in the Westfield Congregational Church, Danielsonville, this afternoon at 4, when Frederick Washburn Yates, son of Hon. J. W. Yates of Plainfield, plighted vows with his bride, Miss Bertha Kedzie Cornwell, daughter of Mr. and Mrs. Charles H. Cornwell.

A brilliant assemblage witnessed the ceremony. The bride party entered the church to the wedding march from Lohengrin, and took their places before an altar banked with palms, ferns and daisies. Rev. Dr. Edward Anderson of Danielsonville performed the ceremony with dignity and impressiveness, and the responses were firm and clear.

The bride was beautiful in a gown of more antique white, with garniture of pearl applique. She wore a tulle veil and carried a bouquet of the valley. She was attended by Miss Letty Learned of New Britain, Conn., Miss Kathryn Yates of Plainfield, and Miss Margaret Yates of Plainfield, bridesmaids; and Miss Della Stanley Peck of New Haven, maid of honor. The bridesmaids wore white organdie, with white moire sashes, and carried white shower bouquets of daisies. The maid of honor wore a white satin princess gown.

The best man was Percy H. Stewart of Plainfield, and the ushers were H. V. Borden of Plainfield, F. A. Coker of Plainfield, E. R. Evert of New Haven, F. S. Cornell of New Haven, and G. P. Beebe of Norfolk, Conn.

The recessional from the church was Mendelssohn's wedding march. A charming reception followed at the house, which was a veritable floral bower with daisies, roses, ferns and palms.

Mr. and Mrs. Yates will reside in Plainfield, where the groom is fitting up a home on Kensington avenue. Plainfield society will warmly welcome such an attractive bride.

POOLE-BOGERT.

By Friends ceremony last evening Miss Hannah Eitz Bogert, daughter of Mrs. Rachel Bogert, was married to John W. Poole. The wedding took place at 7 at the home of the bride's mother, 522 East Second street. About 60 were present. The presents received were very handsome.

The best man was E. S. Weaver of West Second street and the bridesmaid Miss Annie Sprague of Martinsville, Pa. Aaron M. Powell read the certificate before it was signed by the guests. Refreshments were served during the social hour which followed.

The guests from out of town included Reuben Miller of Stroudsburg, Pa., Mr. and Mrs. E. F. Wright and Miss Mary Wright of New York City, Mrs. Hannah Underhill of Chappaqua, N. Y., Mrs. Martha Brinkerhoff and Mrs. Belden of Jamaica, L. I., and Mrs. Viola Wright and Mrs. Emma D. Poole of Bridgeton.

Mr. and Mrs. Poole went to New York city last night. They will visit in Bridgeport after a short trip to Philadelphia. A reception will be given at the home of Mr. Poole's mother in Bridgeport on to-morrow evening. The couple will begin house-keeping at once at Mrs. Bogert's home.

COCKBURN-HOLMES.

Miss Katie Agnes Holmes was married to Francis Beaufort Cockburn of Armistead Hall, Ontario, at 9 this morning. Justice Vincent W. Nash performed the ceremony at the home of the bride's mother, Mrs. Ann Holmes, 322 West Front street. Many friends were present.

The best man was the brother, and the bridesmaid the sister of the bride. The bride was the recipient of many valuable and useful presents.

Mr. and Mrs. Cockburn left on the 10:40 train to spend ten days in Asbury Park.

CHRISTIAN ENDEAVOR.

The Christian Endeavor Society of Warren Chapel will hold a strawberry festival this evening.

A Fourth of July service will be held by the Christian Endeavor Society of the Congregational Church next Sunday at 7:30 p. m.

In the East Third Street Mission at 8 tomorrow evening the Secretary of the Local Union of Christian Endeavor, Miss Florence G. Hawkins, will make an address on some phases of the work of the society. Miss Hawkins has had a practical experience in the work which will make her address very instructive to all who may attend.

The Summer conference of the Westfield Christian Endeavor Local Union was held Tuesday evening in the Cranford Presbyterian Church. The Union includes the societies of the Presbyterian, Congregational and Baptist churches of Westfield, the Presbyterian Church of Cranford, the Baptist and Presbyterian churches of Roselle, and the societies of Locust Grove, Willow Grove, Bethlehem, Aldene, and Branch Mills. President J. Warren Brown of Westfield presided. After fifteen-minute song service, led by Samuel MacQuoid of Roselle, Rev. O. H. Patton of Westfield read a selection from the Scriptures and Rev. B. R. Goodchild of Roselle offered prayer. The delegates were welcomed to the new church by the pastor, Rev. George F. Greene. The principal address of the evening was delivered by Rev. Dr. James A. Worden of Philadelphia. Dr. Worden spoke of the value and importance of Christian character. He said among other things: "Many of us young people wish that we had a million dollars or more, that we might devote it to God's cause, and so accomplish some grand work for him. The stewardship of a million dollars is not given to many in this world; and I fear it was given to some of us, we would find some excuse for holding on to the larger half. But there is something that each one of us can give that will be more acceptable in Heaven than a million of dollars—and that is, the gift of a Christian character." After the address, a short business session was held. The choir sang a selection, "The Lord is My Light," The Conference sang "All Hail the Power," and Dr. Worden pronounced the benediction. The delegates remained some time after the close of the Conference to inspect the new church and organ, and to enjoy a social time.

HOME TESTIMONY.

Mr. Thomas Callahan of No. 214 Richmond street cured of a Very Distressing Trouble by Dr. Lighthill.

PLAINFIELD, N. J., June 1, 1894.

TO THE PUBLIC: For some time past I have been greatly distressed with noises in the head. They were all over my head and troubled me constantly. They were loudest at night when everything was quiet and at such times would often keep me from sleep and disturb my

rest. In fact they got to be so bad and distressing that they affected my whole nervous system as well as my health. I did not obtain the least relief until I placed myself under the care of Dr. Lighthill, of No. 144 Crescent avenue, who effected a complete cure in my case in a short time and made me a very happy man.

THOS. CALLAHAN,

214 Richmond street.

A Card from Mr. T. R. VanZandt, Of No. 304 and 306 Park ave., Plainfield, N. J.

I certify with pleasure that Dr. Lighthill has effectively cured me of a most painful case of piles. For some time past I had been subject to its attacks but the last attack was so exceedingly painful that it completely upset my whole system. The pain extended to my legs and in many other directions, and made me so nervous that I could neither sleep, sit down, lie down or move about without serious discomfort and distress. Such was my condition when I applied to Dr. Lighthill for relief, and I am glad to say that as soon as he took hold of my case, I began to improve, and in a short time I found myself completely cured. Dr. Lighthill has also effected a radical and permanent cure in a most terrible case of piles on my cousin, Mr. J. V. Z. Griggs, of Rocky Hill, N. J., whose statement is published below. I can personally vouch that every word which he contains may be relied upon as absolutely true and correct in every particular.

T. R. VAN ZANDT,

304 and 306 Park avenue.

Years of Suffering and Distress Promptly Cured by Dr. Lighthill.

Mr. J. V. Z. Griggs is a well-known merchant of Rocky Hill, N. J., and a prominent resident of the town, having for years been the Treasurer of the borough. For a long time he has been a sufferer from bleeding piles of the very worst kind, and he was completely cured by Dr. Lighthill, as will be seen by the following statement:

ROCKY HILL, N. J., Jan. 9, 1893.

TO THE PUBLIC: I have often read of the wonderful cures which Dr. Lighthill effected in bad cases of piles, but I feel confident that no case ever came under his professional notice as bad as mine when I placed myself under his treatment. The pain which I suffered was simply terrible; in fact, it was so intense that at any time I would have preferred to have a tooth pulled than to have an operation of the bowels.

And what made my condition so much worse was the constant protrusion of the pile tumors, which caused the most severe suffering, and was often attended with hemorrhages so profuse that the blood came in streams and fairly flooded me. I had despaired of getting relief, when I applied to Dr. Lighthill, but I am most happy to state that he effected a complete and perfect cure in my case in a few weeks' time. The piles have disappeared, the pain, distress and discomfort is gone entirely, and I feel, indeed, like a new man. Nothing but my heartfelt gratitude to Dr. Lighthill and my desire to bring relief to those who suffer as I have done, prompts me to make this public statement.

J. V. Z. GRIGGS.

SCHNEIDERWIND TALKS.

WONDERS HOW THE POLICE GOT ON TO HIS GAME.

Wonders also what became of his pocketbook—holds that a friendly game of cards is a safety-valve against blowing money in a crime-fighting hum.

Peter Schneiderwind, the brakeman arrested on a charge of keeping a gambling house at 214 Watchung avenue, last night told his story of the affair which led to his arrest. His description of the way in which he spent last Friday night was given in the following statement:

"I met three friends also employed on the railroad Saturday evening, and went with them from Dunellen to my home. Two were from Dunellen and while they were waiting for the 12:43 train a game of euchre was started. At 12:50-1 was asked for the time. I looked at my watch and said it was 12. Accordingly they missed their train and I invited them to stay until morning, when I would go to the 4:13 train with them. I said I would stay up all night and be \$15 or \$20 ahead in the morning. There was not much money in the crowd, perhaps a dollar apiece. Five cents of each 'jackpot' went into the kitty. It had \$1.10 at one time. We made no disturbance. Our game was quiet as one in the country club. I was killed in the house for five or six months and played euchre lots of times, but none of the neighbors ever complained to me about my annoying them."

"I first heard the officers about 3 Saturday morning. They made a noise by walking about among boxes and trying to attract the downstairs. I had everything fastened so that the policemen could not have seen into the room where we were playing. I left a pocketbook near a window and it disappeared. I'll not say who took it. I went out by the back way to Second street and returned to the room. If we had been doing anything wrong I could have gotten the whole of them out by that way. The police stayed around for about an hour and a half and then we came out and passed them as they stood by the door of the barber's shop next to my house."

"If we had been doing anything wrong why did they not arrest us at once? It is probable that they connected a story in the morning. One of the men played with me that night for the first time. Mac, Donaghy and Kiefer, the signal man, may be called upon at the trial."

"I may be convicted here, but I stand a good chance of getting clear before an Elizabeth jury. I will have some show down there with another lawyer for counsel. There is no gambling going on in Plainfield. It seems better to drop a couple of dollars in a night at cards than to blow it in on drink and be made liable to commit crime."

The police first noticed Schneiderwind and his two Dunellen companions Friday night on Front street at the head of Park avenue shortly before 11. Policemen Conney and Fredericksen rapped for Policeman Vandeweg to make him a third witness. The alleged gambling was detected nearly an hour after midnight. The men were seen, and portions of their interesting conversation were overheard. That the players discovered the presence of the police is doubted. Schneiderwind says he has several times concealed himself in the cherry tree in front of his house to watch if Conney entered the yard, but never saw him do so.

Chief Grant says he will probably subpoena Schneiderwind's three friends as witnesses at the trial Monday to make sure that they will be there in case Peter does not call them. Schneiderwind may withdraw his plea of not guilty, plead guilty instead, and pay his fine without bringing his fellow employees into court. The city ordinance provides simply for the punishment of the keepers of gambling houses. Arrests of other parties for playing for money must be made under the State law.

Another Gambling Arrest. Leander Brown, colored, of Fairchild's alley, was arrested this morning by Officer Kiehl and taken before City Judge Codding on a charge of keeping a gambling house by conducting a game of cards for money Monday forenoon. He pleaded not guilty and was released on his own recognizance to appear for trial at 2 Monday afternoon. Leander admitted that he had played cards with three other colored men but said he had not gambled. He said that the money seen on the table by Policemen Kiehl and Robinson, and which had disappeared before the officers could gain an entrance, was simply placed there for convenience when the game was rushed. Leander is an old offender. He has been in court several times as a gambler, but has never before been charged with running a den of his own.

FOR THE relief and cure of a cold in the head there is more potency in Ely's Cream Balm than in anything else it is possible to prescribe. This preparation has for years past been making a brilliant record as a remedy for colds in the head, catarrh and hay fever. Used in the initial stages of these complaints it completely prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh and hay fever after all other treatments have proved of no avail.

The German was led by Miss Katharine Reinhardt and Louis Waring. The following also danced: William Runyon and Miss Agnes Ely of New York, Harry West and Miss Lockwood of Philadelphia, Lawrence VanBuren and Miss Mary Anderson Reinhardt, Henry Lowe and Miss Caroline Reinhardt, Gerald Lowe and Miss May Waring, Clifford McGee and Miss Florence Waring, Sherwood West and Miss Caroline Bogart, Walter Place and Edith Taylor, Arthur West and Lotta Lowe, Clarence Peck and Maud Middle-dith, Harry McGee and Miss Besse Evans, Clifford Cooley and Miss Besse Evans, Raymond Lefferts and Miss May Evans.

Plainfield commuters to the metropolis talk in whispers on the trains—but have not yet told their wives of a beautiful and unusual apparition that has come forth in the New York streets. A half dozen or more girls of eighteen, and fair to see, have appeared on Wall street and New street and Broad street, each girl wearing roses in her hair, suits of blue serge, russet shoes, shirt bosoms and jabbing caps. They are employed by a company, are duly licensed and, I hope, well paid. They look fresh and ornamental, and they sell bouquets at 6 cents a head. Women don't look well in Wall street as a rule, but flower selling is a vocation or avocation essentially feminine and should be kept so. A man selling flowers is regarded as incongruous as a rhinoceros would be on a flying trapeze. The young brokers, and the older ones, too, received the delegations of flower merchants with interest and even with enthusiasm. The girls, for their part, seemed to be lost in wonder, and the gallant Plainfield contingent was their special admiration.

Pythian Election. The following officers were elected in Uxley Lodge, No. 102, K. of P., last evening:

Chancellor—A. W. Ten Eyck.
Vice Chancellor—Frank Humpston.
Prelate—Edward Schenck.
Master at Arms—J. S. Krinsky.
Master of Work—J. S. Jones.
Trustee for 18 months—J. F. Shepperd.

The new summer uniforms for the police were received from Colyer & Co. of Newark yesterday.

The right people after all to handle this question are the commuters themselves. If a goodly proportion of them stop making any purchases after 7 in the evening dealers will soon find it unprofitable to burn gas and keep help after that hour to wait upon a stray, straggling customer or two. The surest way to introduce any reform that has justice in its foundation is to make it peculiarly hurtful to the contrary to it. Dollars always do the loudest talking.

NEW JERSEY CROPS. (From Official State Bulletin.)

Haying is at its height in the northern and central sections and about completed in the southern part of the State. The yield is much better than was expected; in the vicinity of Moorestown clover hay is more abundant than for years past.

Wheat harvest will begin this week in the southern and parts of the central section; some rye and wheat has been already cut.

Oats are heading and are much affected by rust and loc.

Corn still improving and growing finely. Apples and peaches continue dropping, and peaches also in some sections; blight has attacked quince and apple trees, especially the Smith's Elder Apple.

Cherries are not rotting or dropping to any extent and are plentiful and of good quality.

Strawberries about finished in all sections. Blackberries ripening and raspberries and whortleberries coming into market; all promise an abundance of fruit.

This Excursion a Fizzle. A special train was to have taken the Colored Y. M. C. A. excursionists to Coney Island this morning, but the necessary number of passengers, 300, could not be procured. It had been arranged instead that 400 should go in a car attached to the 8:15 train.

Only about 50 appeared at the North Avenue station this morning, and the special car could not be secured. After waiting in vain for others to come, about 25 went as regular passengers on the 8:45. The others returned to their homes.

Edward Connehe dropped a demijohn on the sidewalk in front of L. W. Randolph's Pharmacy shortly after 11 this morning. Two gallons of port wine flowed into the gutter.

WHAT ARE THE "BLUES"? Woman's Color is an Unfailing Thermometer.

(SPECIAL TO OUR LADY READERS.) A woman's thermometer is her color. She is red with embarrassment or some deep emotion; she is white with fright; she is supposed to be green with envy; but when she is blue it means that she is sick.

It is not the fault of the woman if she has the blues and that "want-to-be-left-alone" feeling. It is the fault of her condition which makes happiness impossible.

No woman can be happy and light-hearted when painful female complaints crush out her life.

If she is melancholy, excitable, nervous, dizzy, or troubled with sleeplessness or fainting spells, they are symptoms of serious female weakness.

A leaf out of the experience of Mrs. Anna Miller, who lives at Dehring St., shows that Lydia E. Pinkham's Vegetable Compound will cure that terrible weakness and bearing-down pain in the abdomen, the dizziness in the head, the feeling of irritability, and loss of appetite.

"I can highly recommend your Vegetable Compound," she writes, "for all female complaints. It's my greatest friend."

COMMUTERS COLUMN.

Commuters between Roselle and Newark take comfort in knowing that the Pullman strike can't affect their branch of the service.

Much alarm was occasioned on one of the trains yesterday by the sudden discovery of symptoms of whooping-cough on the part of a well-known Plainfield commuter. A wild scramble was made for the platform, and one young married man was making brave headway for the platform when it was found that the stricken gentleman had only swallowed a safety-pin, open.

Plainfield commuters to the metropolis talk in whispers on the trains—but have not yet told their wives of a beautiful and unusual apparition that has come forth in the New York streets.
