High-Handed—President Debs Declares That Civil War Will Follow the First Shot—Not Worrying About Federal Indictment—The Blockade Extending—Situation at Chicago and Other Points.

DEBS' PREDICTION.
Civil War, He Says, Will Surely Follow the First Shot.
CHICAGO, July 5.—So far as any action, official or otherwise, on the part of the American Railway union is concerned, the great strike is apparently dead. By the taken members of the General Managers association having secured knowledge that the presence of Federal troops would hold the strikers at bay and prevent any attempt at destruction of property, have been content to maintain a comparatively passive attitude. But their supreme effort to gain control of the business will be inaugurated to-day, and it is recognized by both sides as a certainty that the crisis must and will be reached by the end of this week.

CHICAGO, July 5.—The work of getting the troops to the track yards was a matter of extreme difficulty, owing to the riotous conduct of the dense crowds that pressed upon them from all sides. Several small riots were started, but they were quickly suppressed. The women took a hand in the turmoil by uncoupling the cars that carried the soldiers, thus delaying supplies for the troops for several hours.

CHICAGO, July 5.—The strike on the Alton road, which was the cause of a number of delayed passenger trains on the switches here is now 14, and the number of passengers is fully 3,000. The very opposite proved to be the case. The masses manifested in their appreciation of the holiday and their patriotic reverence for the Fourth. The parks were thronged in the daytime and at night the various districts was ablaze with fireworks and bonfires. The streets in the business section were even more deserted than on the average Sabbath.

CHICAGO, July 5.—There is nothing new to-day in the strike situation so far as New York is concerned. Trains on all roads are stopped, and the strikers have departed on time, and there was no sign of a break in traffic arrangements at any of the stations in Jersey City. The only sign so far in this city of a relaxation of the strike is the shutting off of a certain kind of meat which the New York markets get from Chicago. Charles Dodge, who is engaged here in this city, says that the strikers are not so tight on hand who will be west to-night. The price of meat in this city is practically unchanged to-day.

ST. LOUIS, July 5.—The southwestern limited passenger train on the Big Four which was held up at a station tied-up at the bridge junction at East St. Louis and there is no prospect of its immediate release. The tie-up was caused by the engineer and fireman deserting the locomotive and allowing the train to stand on the main track. No engineer and fireman can be secured to take charge of the train. The west-bound passenger train on the Big Four, due here at 7:30 p. m., is still tied-up at Mattoon, Ill., and the railroad people are at a loss as to when it will reach here.

Cylinder Head Blown Out and the Cylinder Completely Wrecked on Her Trial Trip—Will Lay Her Up for Three or Four Months—Other Improvements To Be Made.

MONROVIA, Va., July 5.—After spending 24 hours at sea the U. S. S. Montgomery, the pride of Secretary Herbert and all Alabama, met with a mishap which will lay her up for three or four months and possibly take her out of commission during that time. It was ideal weather when the handsome vessel left Hampton Roads behind morning for her first trial of 48 hours' run at sea.

MINERS' FAMILIES SUFFERING.
Money Collected for Their Relief
MISSOURI, O., July 5.—The miners of this district have been thrown into a state bordering on panic by developments in connection with relief work in the last few days. The relief committee has been taking care of about 80 families, and it has been only through their charges have been kept from actual suffering.

United States Ambassador Bayard and Consul-General Collins Give Reception at London, as Does Also Wayne McVeagh in His Official Capacity of Ambassador to Italy.

LONDON, July 5.—Thomas F. Bayard, United States ambassador, assisted by Mrs. Bayard, Miss Florence Bayard, Mrs. S. D. Warren and the staff of the embassy, held a Fourth of July reception at his house in Princes gardens, between 5 and 6 o'clock yesterday afternoon. About 800 persons were present.

BOSTON, July 5.—The programme of sports and entertainments arranged for the Fourth by the city authorities was of such varied character that all classes were enabled to find enjoyment, and the streets were filled with residents and strangers all day and far into the night. The programme included fantastic parades, literary exercises in Boston theatre, athletic sports, hurdlings, bicycling, rowing and sailing, various dramatics, playing contests, children's entertainments in different parts of the city, and fireworks on the common in the evening. There were large crowds of people attending during the day, and nothing to mar the pleasures of the crowds.

The delightful serial "The Overton Claim" ends in The Press today, and we reluctantly part from the people of it and turn to new friends. The new story, to be soon begun, is by Margaret Lee, and is called "The New Isabella". Mr. Gladstone speaks highly of Miss Lee's work, and the new Press serial needs no other recommendation.

A. Van Doren Taylor has begun the publication of "The Angler," a bright and new paper devoted to New Jersey's ever beautiful Lake Hopatcong. Mr. Van Doren has embarked in a good, a pleasant, and, we trust, a profitable work. He has a splendid tutor, E. B. Sinclair, Westfield's honored citizen, editor of Harper's Weekly, who is resting at the lake, and who generously gives the Angler the benefit of his experience.

A boon to mothers—that describes our new Children's Clothing Page, prepared by Olive Harper. It contains three columns for girls and three for boys, with diagrams which make the clothing of the children an easy art. The secrets of dressmaking are here exposed by an expert. Grateful testimonials are sure to come from appreciative mothers who will welcome this exposure because it means money in their pockets and good clothes, pretty and substantial, on the young people's backs. The three columns for girls will be published in The Press tomorrow, and the three for boys will follow.

Mr. Scott reported to The Press yesterday that the suggestion that private citizens donate the use of their carriages for the good of the town in showing the editors about, next Monday, had already brought gratifying responses from prominent and public-spirited people. The prospects are that there will be on hand for the use of the newspaper men some very roomy and some very fine turnouts. There can't be too many. However, the residents who have horses and are willing to put them to this splendid service should make known to Mr. Scott the fact at once. The rigs will be required only about an hour, and will not be in active service all that time. The idea is to have them at hand so that the editors can take a half-hour drive immediately on their arrival. The hackmen are expected to loan their services also; they will never miss the hour, coming as it does at a time of day when they are ordinarily inactive. Everyone ought to lend a hand (or rather a horse) for the resultant good to the town. It isn't every day Plainfield has a chance to show herself to the moulders of public opinion and the rulers of the nation. Trot out your horse!

EARLY INTELLIGENCE.
—It did not rain.
—The circus holds the town tomorrow.
—James Pope's boy was slightly burned by the last piece he set off last night.
—Nathan Lane, Jr., elated hair and eyebrows by the premature discharge of powder yesterday.
—The Somerset Messenger quotes The Press, saying "We take off our hat to Charlie Reed," and says "So do we."
—Arthur McGinley was bitten on the leg by Henry Drake's dog on North avenue Tuesday. Dr. Long cauterized it.

—Teddy Overton of Rockview avenue badly burned both hands with powder yesterday, and had his wounds dressed by Dr. Jenkins.
—Mrs. Rudolph Kersting of the borough fainted in Vincent L. Froese's grocery yesterday morning. She was cared for by Mrs. A. G. Vogeler, who took her to her home.
—Twenty-eight Plainfielders joined the excursion to Mauch Chunk yesterday. The number of patrons of the Jersey Central's popular trip required eight cars to transport them to the quiet of the Pennsylvania mountains.
—Young Joseph Kearns of East Second street looked into the mouth of a small cannon while it was being discharged on the corner of Third and Richmond streets yesterday afternoon at 4. His face is full of powder, but his eyesight still remains.
—Garrett Shepherd, aged 12, of Warren street, was partially blinded by the premature discharge of a toy cannon at the corner of Warren and Chatham streets yesterday afternoon. He was attended by Doctors Ard and Probasco and was taken to Muhlenberg Hospital.
—James Whiting, the colored young coachman for Mr. Pond of Washington and Linden avenues, was seriously burned about the arms and breast by a cannon cracker over which he stood. Frank Gleason tore off the burning clothes and saved his life. He was attended by Dr. Jenkins and taken to the hospital.

TENNIS TOURNEY.
A Day of Good Play at the Hill-side Courts.
It is seldom a holiday occurs in Plainfield without something interesting taking place at the Hill-side Tennis Club, and yesterday was no exception to the rule. From 9 a. m. until dark there was an ever changing crowd of people who came ostensibly to watch the tennis, but were really watching the play of the best players from the clubs at Elizabeth, Bergen Point and Jersey City contested for the prizes in the first invitation tournament that has been given by the club. There were 16 entries and only singles were played. Jersey City and Elizabeth each sent 4 representatives, Bergen Point sent 3 and the home club had 5 men in the field.
The prizes were, first, a three-handled silver loving cup engraved with the event and name of the winner and runner up, a pair of silver-backed military brushes similarly engraved. The playing continued almost continuously from 9 a. m. until 8 p. m.
The morning audience was composed almost entirely of tennis enthusiasts who were intent on watching the game, but late in the afternoon the social faction was more in evidence and the sides of courts were densely packed with spectators, who showed a remarkable interest considering how few of them really understood the game.
Mrs. Robert L. Burnett was the hostess for the club. She was assisted in receiving by Mrs. B. A. Hegeman, Jr., and Mrs. J. Parker Mason. The girls pouring tea were: Miss Lawrence, Miss Marion Dumont and Miss Maude Van Boekerck.
The tea and lemonade tables were decorated with sweet peas.
The play-in detail was as follows:
FIRST ROUND.
Coyne, Elizabeth, beat H. Ferris, Jersey City, 6-4, 6-3; C. S. West, Hillside, beat Doubleday, Bergen Point, 6-1, 6-4; A. J. Post, Jersey City, beat Schuyler, Bergen Point, 6-2, 6-1; J. P. Thomas, Elizabeth, beat C. F. Walz, Hillside, 6-3, 6-1; F. K. Fish, Jr., Hillside, beat H. D. West, Hillside, 7-5, 6-1; E. Carleton, Elizabeth, beat Moore, Jersey City, 6-1, 6-3; S. L. Smith, Bergen Point, beat F. R. Ferris, Jersey City, 1-6, 6-1; 7-5; Charles, Elizabeth, beat Archie Cox, Hillside, 6-1, 6-3.
SECOND ROUND.
C. S. West, Hillside, beat Coyne, Elizabeth, 6-3, 6-4; J. P. Thomas, Elizabeth, beat A. J. Post, Jersey City, 6-1, 6-3; F. K. Fish, Jr., Hillside, beat H. D. West, Hillside, 7-5, 6-1; E. Carleton, Elizabeth, beat Moore, Jersey City, 6-1, 6-3; S. L. Smith, Bergen Point, beat F. R. Ferris, Jersey City, 1-6, 6-1; 7-5; Charles, Elizabeth, beat Archie Cox, Hillside, 6-1, 6-3.
SEMI-FINALS.
Thomas, Elizabeth, beat C. S. West, Hillside, 6-1, 6-1; S. L. Smith, Bergen Point, beat Fish, Hillside, 6-3, 7-5.
FINAL.
J. P. Thomas, Elizabeth, beat S. L. Smith, Bergen Point, 6-3, 6-7.
On the whole, showing how much depends on the drawing in a tournament was that C. F. Walz, who was beaten by Thomas in the first round, won more games from him than did Smith the runner up or any of Thomas's adversaries.
Considering the number of people that are out of town the attendance in the afternoon was very large.
Among those present were: Major and Mrs. Robert L. Burnett, Mr. and Mrs. J. Parker Mason, Mr. and Mrs. B. A. Hegeman, Jr., Mr. and Mrs. W. L. Saunders, Mr. and Mrs. J. Anthony, Mr. and Mrs. Joseph P. Brown, Mr. and Mrs. G. P. Mellick, Mrs. August Schuyler, Mr. and Mrs. DeWitte C. Irwin, Mrs. Fox, the Misses Davis, Mr. and Mrs. Irving Brown, Mr. and Mrs. G. HOME TESTIMONY.
Mr. Thomas Callahan of No. 214 Richmond street cured of a Very Distressing Trouble by Dr. Lighthill.
PLAINFIELD, N. J., June 1, 1894.
To THE PUBLIC:
For some time past I have been greatly distressed with noises in the head. They were all over my head and troubled me constantly. They were loudest at night when everything was quiet and at such times would often keep me from sleep and disturb my rest. In fact they got to be so bad and distressing that they affected my whole nervous system as well as my health. I did not obtain the least relief until I placed myself under the care of Dr. Lighthill, of No. 144 Crescent avenue, who effected a complete cure in my case in a short time and made me a very happy man.
THOS. CALLAHAN, 214 Richmond street.
A Card from Mr. T. R. VanZandt, Of No. 304 and 306 Park ave., Plainfield, N. J.
I certify with pleasure that Dr. Lighthill has effected a cure of a most painful case of piles. For some time past I had been subject to its attacks but the last attack was so exceedingly painful that it completely upset my whole system. The pain extended to my legs and in many other directions, and made me so nervous that I could neither sleep, sit down, lie down or move about without serious discomfort and distress. Such was my condition when I applied to Dr. Lighthill for relief, and I am glad to say that as soon as he took hold of my case, I began to improve, and in a short time I found myself completely cured. Dr. Lighthill has also effected a radical and permanent cure in a most terrible case of piles on my cousin, Mr. J. V. Z. Griggs, of Rocky Hill, N. J., whose statement is published below. I can personally vouch that every word which it contains may be relied upon as absolutely true and correct in every particular.
T. R. VAN ZANDT, 304 and 306 Park avenue.
Years of Suffering and Distress Promptly Cured by Dr. Lighthill.
Mr. J. V. Z. Griggs is a well-known merchant of Rocky Hill, N. J., and a prominent resident of the town, having for years been the Treasurer of the borough. For a long time he has been a sufferer from bleeding piles of the very worst kind, until he was completely cured by Dr. Lighthill, as will be seen by the following statement:
ROCKY HILL, N. J., Jan. 9, 1893.
To THE PUBLIC:
I have often read of the wonderful cures which Dr. Lighthill effected in bad cases of piles, but I felt confident that no case ever came under his professional notice as bad as mine when I placed myself under his treatment. The pain which I suffered was simply terrible, in fact it was so intense that at any time I would have preferred to have a tooth pulled than to have an operation of the bowels.

And what made my condition so much worse was the constant protrusion of the pile tumors, which caused the most severe suffering, and was often attended with hemorrhages so profuse that the blood came in streams and fairly flooded me. I had despaired of getting relief until I applied to Dr. Lighthill, but I am most happy to state that he effected a complete and perfect cure in my case in a few weeks' time. The piles have disappeared, the pain, distress and discomfort is gone entirely, and I feel, indeed, like a new man. Nothing but my heartfelt gratitude to Dr. Lighthill and my desire to bring relief to those who suffer as I have done, prompts me to make this public statement.

Good Sport Draws Another Large Crowd to the New Oval.

A large attendance and good riding made the Crescent races yesterday successful. Over 2,000 people were present. A track record of a mile in 2:17.15 was made by Charles Brown of Elizabeth in the final of the one-mile handicap. The track was in good condition, but the strong breeze made it hard work to sport at the finish. High gear held their own on the back, only to drop behind when the windy turn was reached.

In spite of the tendency to ride in bunches, the day was free from serious accidents. In starting from the hundred yard mark in the mile handicap, Rosenberg of Brooklyn fell, but escaped with a bent crank. In the second heat of the two-mile handicap Frank Allsopp of Newark, (300 yards), fell on the long turn. Monte Scott went over him and Goodman struck the two. Allsopp was bruised and scratched. Scott was uninjured and Goodman had his knees and elbows scraped. Scott started off, taking Goodman's wheel by mistake in the hurry and excitement. Goodman grabbed Allsopp's wheel and went on, but he had lost time and his father stopped him. Scott spurred and got a place in the final. The cuts on Allsopp's face were sewed up by Dr. J. T. Fritts.

The races were well managed. Most of them were exciting, and the crowd was much interested in them all. The only change in the programme was the substitution of a stop-watch for the Pop Manufacturing Company's gun in the mile handicap prize. At the next meet Class B races will be run and it will be offered in one of them, as permitted by the rules. Class A prizes are limited to cycling implements.

Scratch time—12:41.5.

For the relief and cure of a cold in the head there is no more potent remedy than in anything else. It is a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost instantaneous relief is given in the case of a cold in the head and hay fever after all other treatments have proved of no avail.

A Scene of Beauty Illuminated by the Magic of Pyrotechnics.

The natural amphitheatre of the Park Club grounds was the setting for a charming scene last night, when the club gave its annual exhibition of love of country and of the beautiful. On the tennis courts had been arranged a lavish amount of fireworks, and the invited guests of the club held comfortable seats of vantage on the roofed platform, at the windows, and along the terrace.

There was a delightful vivacity about the gathering of society people, and the white gowns and sea of faces were well contrasted by the dark green of the lawns and trees. Outside the grounds a large crowd assembled, and enjoyed with the more favored the excellent exhibition. Well had the committee worked. Over the entire arrangements the master-hand of B. A. Hegeman, Jr., had exercised thorough control. The house had been attractively decorated by direction of George O. Evans. Over the grounds swung many gay Japanese lanterns, ropes of which climbed in graceful curves to the top of the flagstaff; this branch of the preparations was in charge of Charles A. Reed. The fireworks themselves were in charge of Henry D. Brewster, and the dance that followed the display was under the direction of William J. Boome. The finances of the affair were in the judicious hands of George F. Dupe.

Under all this efficient guidance the celebration was bound to be a repetition of the club's former successes. It was a triumph of good taste and good management.

At the darkness gathered the sky of night was illuminated with a salutation of aerial maroons, which burst into flame at a height of 500 feet. Then peeped forth, the rattle and the bang of ten thousand thunderous crackers such as delight the fancy of the Chinese mandarins. For ten minutes thereafter the detail of the scene was again in the tinting of a scarlet illumination, in which curtains of illuminated vapors gave the effect of an Italian sunset.

Manhattan Beach and World's Fair tints were shown in the colored exhibition of rockets, and mingles were fired—releasing stars and serpents in midair. Then fountains poured upward a mass of fiery flowers, and a miniature falls was shown. Bomb shells were thrown into the azure of the heavens, bursting into trees of laburnum, wisteria, and yew. Aerial contortionists were set in motion, and Indian jugglers of colored features amused the beholders. A blinding weeping-willow, waded into branches, and twinkling stars were floated about by parachute rockets. Weeping-willow rockets were fired with branches reaching to the ground. Dragons' nests crackled and snapped. A ten-minute illumination of emerald, and a flight of colored star rockets, were succeeded by a wondrous reproduction of the passion flower, fifteen feet in diameter. Floating star rockets and national streamer rockets preceded the discharge of a series of gigantic galling batteries of colored bouquets. A huge revolving wheel and comet, pink, emerald, lilac and scarlet bombs, electric star and fiery waggle rockets, and prismatic fountains of jeweled fire, delighted the onlookers; and colored geysers gushed forth umbrellas of fire, and golden columns crowned with jewels. Then the sun was rivalled by a mammoth eight spoke wheel, followed by a flight of 12 bombshells. The grand finale was the hanging chain and World's Fair special rockets, which released floating and changeful constellations of stars, the combinations rivaling the Pleiades.

Golden columns, jewelled top, revolved in prismatic whirlwinds. The devil got among the tallies, and everybody saw more stars than are down in the books. A Jack popped out of his box. A cross of Malta revealed its glory. A final flight of rockets went up, and the fireworks were but a lingering spark in the sky, a pleasant memory.

The pyrotechnics were not the chief delight of the evening. The picture itself was a joy—this scene of gallant men and lovely women, the ripple of laughter, the approving exclamations, the breeze-kissed foliage taking on chameleon hues from the varied fires. And when from the casements of the club-house there floated out the stirring melody of "My Country 'Tis of Thee," every bosom thrilled with pride and patriotism and every eye glistened with the pleasure of the thought that the love of country was still a green bay tree in the breasts of American men and American women.

The song was led by the stalwart voice of William Runyon, and the dames and maidens of the club grouped about him in effective chorus.

Tenderness was in the song, and tenderness was in the brave hearts of the committee when they bade the orphans of the Children's Home come and see the glory of the nation's birthday. The little ones were all there, revelling in the story wonders, and laughing at the good American humor that pervades even the fireworks of the Fourth. They gave wholehearted "Ahs!" at the magnificence, and laughed at the snappy jokes of the tellers and of the crackers. And all the people laughed and applauded with them. And when the sputtering sparks showered down on their heads that was all the more fun.

If the outdoor frolic was great, the indoor pleasure was no less. There was exquisite music by Isler of Newark, and the dance was light and free. Everyone of social note was there, and the whole town looked on. The cozy club-house was again taxed to its limits to hold the eager throng. It will have to be enlarged before another such event. The Park Club proved its patriotism and its ability to delight its friends. That means the people, the whole people.

Ed Nelson Breaks His Wrist.

Ticket Agent Edward Nelson is disabled from counting tickets and changing by the fracture of a wrist. He was in Demarest's grocery store and stepped behind a counter to take down a package from a cellar stairway. He was in front of the shelves, and he stepped into the opening. He was taken at once to Dr. Fritts, who found a bad fracture and set it. Mr. Nelson had a similar fracture several years ago.

Hotel Albion and Its Famous Dinners.

The Press has been hearing a good deal lately about the delights of living at Hotel Albion, and yesterday a representative gave the hospitable host, Col. A. H. King, and his estimable wife, a surprise call, and found that all that has been said in praise of the hotel is true. The appointments of the hotel are perfect, and the table is unsurpassed. Yesterday a grand Fourth of July dinner was given, which all the guests pronounced a veritable triumph of the culinary. "I was too long to tell all the good things served," suffice it to say that the feast was as sumptuous as any served at three times the price in the metropolis. The season's best offerings were wholeheartedly prepared, and served in excellent style. The much traveled wheelmen who were at the table said it was the most enjoyable meal they had ever eaten, and that is a common verdict at this hotel. The dinner bills yesterday were of special and beautiful design, and were eagerly kept as souvenirs.

The Albion is most pleasantly situated, and its rooms and verandas are breezeswept even on the hottest days. The parlors and dining-rooms are charmingly fitted up, and every comfort is faithfully seen given, and their friends looked after. In Hotel Albion the people of Plainfield have a hostelry to be proud of, and tired New Yorkers will find it a haven of health. There's no need of Plainfielders leaving town in search of rest, when they can have every comfort so well provided for at this popular family hotel.

CHRISTIAN ENDEAVOR.

The following officers were elected by the C. E. society of the First Church of Christ Tuesday evening. President, Mabel Van Middlesworth; vice-president, John H. Staats; corresponding secretary, Mrs. Ella Hand; recording secretary, Henry Van Middlesworth; treasurer, Emma L. Herrmann.

The Daily Press will begin this week Saturday the publication of a Saturday column of copyrighted Christian Endeavor matter, including the topic of the coming week, with comments by Rev. S. H. Doyle. The selection of C. E. news and notes is carefully and competently made, and the Endeavor will find this a valuable feature of the Saturday editions of The Daily Press. No other paper in Plainfield will publish this special matter.

A Fanwreck Celebration.

D. A. Schlerenbock, of Terrill road, Fanwood, celebrated the Fourth in a picturesque manner. The spacious lawn in front of his residence was beautifully decorated with flags and Japanese lanterns. A New York band was placed in the summer house, and played during the afternoon and evening. A large number of guests were present, including Mr. and Mrs. Forsyth and sons, from New York, and Mr. and Mrs. Burrows and daughters, formerly of Bayonne, but now residents of Terrill road. All had a delightful time. Refreshments were served on the lawn at 10 p. m. Those who did not care for dancing amused themselves watching the setting off of the fireworks. All went home very much pleased with the hospitality of Mr. and Mrs. Schlerenbock.

Big Battle Flag.

One of the most patriotic decorations seen in Plainfield yesterday was the residence of Mrs. F. Tiemann Horn, 318 Central avenue. The house was festooned from peak to ground with a battle flag thirty-eight feet long and over twenty wide. The flag was presented to Miss Fay Horn by the officers of Fort Preble, Maine, where her brother, Lieut. Tiemann N. Horn, is stationed.

The Deadly Turn-Table.

Samuel Howarth, aged 30, was taken from Bound Brook to Mulhensberg Hospital early Tuesday evening. He had been struck by a turn-table and injured in the back. His case is not serious.

Homefires, Bells and Beams.

Hotel Grenada front was beautifully illuminated with gay Japanese lanterns the evening of the Third and Fourth, and the great day was ushered in on North Avenue by the explosion of fireworks and a huge bonfire in front of the Press office. Another big bonfire possessed the street in front of the Fire Department Headquarters. Two big cannons were hauled about town, and made roaring music. Rockets were sent up in front of the City Hotel and at the corner of Front and Somerset streets. A brass band of four together at the Westervelt avenue bridge, and kept the neighborhood awake. At midnight the thorough fire-gong was turned loose and the old fire bell helped usher in the Fourth. Trinity Church bell did its duty as ever, and other bells rung were the Seventh-Day Baptist, the Crescent Avenue, and the First Presbyterian.

Were Glad to Help Now.

Patriotic H. Newton Spencer had a hole dug in front of his house on Somerset street, Tuesday, to receive a flagpole to float Old Glory. At sunset while he was off looking for guy ropes and poles to boost it up, his good friends gave him a happy surprise by pitching in and getting the pole planted before he got back. L. E. Barkale engineered the job, and the borough Samsen, John Goodwin, was an able lieutenant. With a boom and a hurrah the pole was set firmly in the ground, and at the top the Stars and Stripes flared during the Fourth. The pole is the stanch tamarisk, smoothed and painted. A gilt ball surmounts it, and a weather-vane shows which way the wind blows. And there's always a breeze in the borough.

Delightful Celebration of the Fourth at Hotel Netherwood.

NETHERWOOD, JULY 4.

(Special to The Press.)

One of those bright crisp days for which this section of picturesque Jersey is justly noted, ushered in the glorious Fourth at this noted resort. The usual display of day fireworks, music, and all that goes to make the day a glorious success, happened at this Arcadia on the Heights of fair Netherwood.

The Netherwood's register shows a large assemblage of prominent families and others sojourning here, from principal cities. The booking for this season compares favorably with former years, and there is no question that the season of '94 will be one of the most brilliant in the annals of this home-resort.

The grand full-dress hop, given by Proprietor Frank E. Miller to the guests and their friends, was a great success from start to finish. The excellent orchestra, under the direction of Professor Stelzer, rendered charming selections which gladdened the hearts of the happy varieties of terpsichore, as well as others.

An excellent collection given by Proprietor Miller to his guests and their friends was served at 10:30 p. m. The large salon was filled with brave men and fair women. The brilliant costumes worn by the fair participants were simply dreams of loveliness, displaying the exquisite taste of their owners.

Fully 300 visitors were present at the festivities this evening, and the event stands recorded as one among the most brilliant at this favorite resort.

Plainfield and the pottagers residing hereabouts were well represented at the fête, and were warm in their praises of the event.

Mrs. Frank E. Miller, the charming wife of the proprietor, whose exquisite taste in the line of decorations is well known, designed the decoration for the dinner menu, a tri-colored ribbon forming a bow knot, from which was suspended a lovely Jack rose. The guests all expressed their admiration for the dainty affair. A fine display of fireworks on the lawn during the evening, was a great success.

This makes the seventh year of your correspondent at this delightful home on the Heights, and from present indications the season will be all that could be desired.

J. AUG. HINCHMAN.

A Fanwreck Celebration.

D. A. Schlerenbock, of Terrill road, Fanwood, celebrated the Fourth in a picturesque manner. The spacious lawn in front of his residence was beautifully decorated with flags and Japanese lanterns. A New York band was placed in the summer house, and played during the afternoon and evening. A large number of guests were present, including Mr. and Mrs. Forsyth and sons, from New York, and Mr. and Mrs. Burrows and daughters, formerly of Bayonne, but now residents of Terrill road. All had a delightful time. Refreshments were served on the lawn at 10 p. m. Those who did not care for dancing amused themselves watching the setting off of the fireworks. All went home very much pleased with the hospitality of Mr. and Mrs. Schlerenbock.

Big Battle Flag.

One of the most patriotic decorations seen in Plainfield yesterday was the residence of Mrs. F. Tiemann Horn, 318 Central avenue. The house was festooned from peak to ground with a battle flag thirty-eight feet long and over twenty wide. The flag was presented to Miss Fay Horn by the officers of Fort Preble, Maine, where her brother, Lieut. Tiemann N. Horn, is stationed.

The Deadly Turn-Table.

Samuel Howarth, aged 30, was taken from Bound Brook to Mulhensberg Hospital early Tuesday evening. He had been struck by a turn-table and injured in the back. His case is not serious.

Homefires, Bells and Beams.

Hotel Grenada front was beautifully illuminated with gay Japanese lanterns the evening of the Third and Fourth, and the great day was ushered in on North Avenue by the explosion of fireworks and a huge bonfire in front of the Press office. Another big bonfire possessed the street in front of the Fire Department Headquarters. Two big cannons were hauled about town, and made roaring music. Rockets were sent up in front of the City Hotel and at the corner of Front and Somerset streets. A brass band of four together at the Westervelt avenue bridge, and kept the neighborhood awake. At midnight the thorough fire-gong was turned loose and the old fire bell helped usher in the Fourth. Trinity Church bell did its duty as ever, and other bells rung were the Seventh-Day Baptist, the Crescent Avenue, and the First Presbyterian.

Were Glad to Help Now.

Patriotic H. Newton Spencer had a hole dug in front of his house on Somerset street, Tuesday, to receive a flagpole to float Old Glory. At sunset while he was off looking for guy ropes and poles to boost it up, his good friends gave him a happy surprise by pitching in and getting the pole planted before he got back. L. E. Barkale engineered the job, and the borough Samsen, John Goodwin, was an able lieutenant. With a boom and a hurrah the pole was set firmly in the ground, and at the top the Stars and Stripes flared during the Fourth. The pole is the stanch tamarisk, smoothed and painted. A gilt ball surmounts it, and a weather-vane shows which way the wind blows. And there's always a breeze in the borough.

FIRES OF THE DAY.

Hensley's Barn and Smith's Paint Shop Destroyed.

The first fire alarm of the Fourth was sent in from Box 16 at 3:15 for a fire in the barn on John Hensley's place, 746 East Second street. The cause was a cannon which was discharged toward the building. The wadding went through a crack and set the hay afire. The barn was almost completely burned. It was a small building owned by Jacob Vohl and was insured. Hensley loses about \$25 on the uninsured contents.

While on East Second street near the new Headquarters, the snap on the harness of Gar-He's horse cut pulled out, the collar fell and Driver Daly was almost dragged from the wagon. Frank Hart ran out into street and bravely stopped the horse, however.

Passengers on Car 11:15 last evening discovered fire in the barn in the rear of Painter Ferdinand O. Smith's house, 686 West Front street. Garrett Drier went on to Box 43 and sent in an alarm.

Fred Huff and Walter Smalley notified Mr. Smith and brought the horse and the two wagons from the barn. They had no time to go back for the harness before the building was filled with smoke and flames. Two lines of hose were stretched and the firemen had the fire out by 12. The paint and oils stored in the building made it a bad fire to fight. Part of the stock exploded but several barrels of oil were saved. But little of value is left of the barn. Mr. Smith had \$100 insurance on it. The cause is not known.

Engine 2 did not leave the house. The right trace broke and the team plunged to the left. The wheel struck the door and damaged it slightly.

CHURCH CHIMES.

Members and friends of the Grace M. E. Church choir spent yesterday pleasantly at Washington Rock. They say the atmosphere was full of ozone and patriotism at that historic spot.

Reduced Rates to Cleveland.

BY THE WAY.

Frankie Mullen had his waist burned and his face blackened by the explosion of a cannon cracker on North avenue at midnight Wednesday.

John Cose of Grant avenue had powder blown into his face by the premature discharge of a cannon over which he was stooping, and the graze had to be picked out with a penknife.

The residence of B. J. Shreve on Grove street has been greatly improved by repainting, the erection of a very large and handsome veranda, and the introduction of city water. John Goodwin did the painting.

COLUMBIA BICYCLES

HOON Night

CAN BE RELIED UPON.

When you start out on a Columbia, you come home on it.

The fact that it is impossible to ascertain the quality of a bicycle by a casual examination should be a sufficient reason for buying a wheel with a reputation.

There is no wheel that has been before the public so long, none that stands or ever stood so high, none so well guaranteed, none whose guarantee is so substantial and so liberally interpreted, none so safe to buy as a Columbia.

With Columbia listed at \$125, low riders will be no waverers as to invest in lower grade bicycles.

Columbia is the only bicycle made in America.
