GOOD MUSIC FROM ALL.

Local and Metropolitan Talent Appear for the Benefit of St. Peter's Church.

A concert for the benefit of the church was well attended in St. Peter's German Lutheran Church last evening. The programme, which included music by the talent of the church, and by local and out-of-town people, who kindly gave their services, was an excellent one. The selections were of a high order, and were uniformly well rendered. The programme was as published in The Press of yesterday.

A feature of the evening was the music of the orchestra, which was composed of first violin, N. H. Guttman and M. Korf; second violin, J. Conde; bass, F. Conde; flute, F. Manchester; first clarinet, F. Conde, Jr.; second clarinet, J. Hewitt; first corset, M. Sorenson; trombone, George Dunham; piano, G. Rogers.

Included in the evening's enjoyment were piano selections by Miss Lavinia French, played with much feeling and precision, and piano duets by Miss French and Miss Mabel Macdonald. Mrs. Elizabeth Bartlett sang a solo by Rubinstein, repeating her former successes. Charles Drensel and George Richter sang a duet, and Oscar and George Smith, two pupils of Rev. E. Klonka, gave a creditable duet with violin and piano. J. VanEggers rendered a fine guitar solo, George Dunham a trombone solo, and M. Korf a violin solo. Well received were a piano solo by Miss Helene Samratoff, who has gained in technique and feeling, and soprano solos by Mrs. Alorzo Millet, both of New York. Mrs. Millet is a pupil of Madame Fiesch-Madi the dramatic singer, and has a high soprano voice of rare quality. She won the only encore of the evening.

MALLARD A DUCK.

He Used His Wings to Carry Away Commodore's Cash and Clothing.

Phil Mallard, also known as Philip Martel, left town yesterday afternoon. Gilbert Murray of Roberts's stables and Thomas Stevens of Blair's Metropolitan Stables are anxiously waiting for him to return.

Mallard is about 35 years old, and came, it is said, from Maine. Some time ago he worked as a stableman in the Metropolitan, and then went away. Two months ago he came back and secured employment in Roberts's stables. He is about the same size as Murray, and is evidently convinced that Murray's clothes would fit him.

At any rate he went away by train, and about the same time an \$18 coat and vest which Murray had left in a room in the rear of the stables went too. Murray discussed his loss with his friends, and found that just before he went Mallard borrowed \$4 from Thomas Stevens. He said then that he wished to bring his wife from New York to Plainfield, and when he left he said he was going to the city to return by her.

The Crescent Avenue Excursion.

The weather first and the surf afterwards conspired to render the annual excursion of the Crescent Avenue Presbyterian Church, including Bethel Mission, and of the Church of Our Saviour, Northwood, a day of real pleasure and enjoyment. There were seats in the cars for all, and the long trains went through without hitch, and almost without halting, arriving at the height of the bathing period. A good share of the excursionists plunged into the sea, which was at its best. Perhaps the jolliest event, rather series of events, was connected with the landing of about fifty people from a schooner at anchor, in white boats. Few escaped without a drenching in salt water. The ladies were carried through the surf in the strong arms of the sailors. The return trip was made in less than two hours, all arriving safely home at dusk.

Saved From Injury.

When the second section of the excursion train approached the North Avenue station last evening, the engine brought the cars almost to a stop, and then started up again slowly when he noticed that another train was coming in from the other direction. Mrs. Patrick Keeley of LaGrange avenue, who was returning from the beach, thought it was time to leave the train, and stepped off while it was moving. She slipped and was dragged a short distance, and would no doubt have been thrown under the wheels had not a brakeman dragged her from her dangerous position just as she was about to fall.

For Fire in the Borough.

It has been decided that the new system of fire alarms in the borough will call out the engine only for fires in distant parts of the community, where the hydrants are not handy. Both of the apparatus will respond to calls from boxes 132, 134, 145, 153, 154 and 156. To double the hose alone will go out. The other six call will be an appeal for the Plainfield department. The time blow of three blows each, still alarm people who do not remember for the moment that the hour is told by three instead of a single blow.

Going Across, Going Up.
Mallard's last agency was notified this morning by the White Star Line that the steamer, rate to Europe had been raised from \$10 to \$15.

—6 cents a lb. is mighty little for fish, yet that's all you have to pay for fresh blue or weak fish, at Rogers's special cash sale tomorrow. The price for spanish mackerel and halibut 1/15 cents, and cod 10. No goods will be delivered at these prices.

BOLTS FROM THE SKY.

STRUCK THE CRESCENT TOWER.

Lightning Damages the Brick Building and Flays Frauds Beneath The Press Roof.

At 5 this morning during the thunder shower, lightning struck the tower of the Crescent Bink. A few boards were ripped off and one of the yellow pine posts which support the upper part of the tower was shattered.

The bolt entered at the top on the south side and threw strips of tin and pieces of mouldings down to the main roof. It then crossed by way of the tin roofing to the corner beneath on the opposite side, and there tore away a post. Thence the electricity passed to the wires on the tall pole nearby, and the current ran on the wire to the corner of North and Park avenues, where crackling blue flames were liberated into The Press composing rooms on the top floor. Pieces of wood and tin fell to the sidewalk on Watching avenue as the lightning struck the tower. It was thought by some to blow the tower down, weakened as it was by the loss of one post.

BARN BURNED.

Electricity Struck Loose in Fanwood With Bad Results.

Lightning struck a Fanwood barn at 7:30 this morning, and caused a fire which resulted in the loss of \$3,500 worth of property.

The building was the property of Frank Herbert and stood near his house on the Fanwood side of Terrill road, near the Jackson school-house. Herbert was residing in Scotch Plains at the time, and his horses therefore escaped.

The barn began to burn fiercely after it was struck, and the neighbors who turned out were unable to save the barn and adjoining buildings. All were destroyed, but the flames were prevented from spreading to the house. The Scotch Plains fire department made a quick run to the fire and deserve much credit for their efforts, the blaze being at such a distance from headquarters.

The building was valued at \$3,500. The contents, hay, oats and wheat, and a quantity of coal, were worth \$1,000. The insurance on all was \$1,300, placed through the agency of C. A. Smith & Co. of Fanwood. The barn was built years ago by Chief T. O. Doane and his father, just after they came from Plainfield to Brooklyn, and was still a very serviceable structure.

Telephones Troubled.
The lightning came in on telephone lines profusely, causing considerable trouble, and burning out several fuses.

EMPTY TREASURY, BUT NO DEBT.

Subscriptions Necessary for the Coming Winter's Work.

A monthly business meeting of the Reform Club was held last evening, the principal subject under consideration being the financial standing of the organization. H. Newton Spencer presided, and Treasurer J. D. Spicer presented his report.

It was found that the club had an empty treasury, but was free from debt. In view of these circumstances, it was decided to dispense with the services of the janitor, George Bookbinder, until some other arrangement might be made. The Executive Committee agreed to look after the building during the month of August, making it ready for all meetings without cost to the club.

The raising of money to pay the future expenses was next discussed. The most important need is a new boiler. Last winter it was thought that the old boiler might be repaired, but it was found that it was entirely burned out and was not worth the expense. The cost of a new one will be about \$300. For this purpose \$45 was subscribed by the members present last night. To complete the amount required, a committee was appointed, to consist of Chairman John King, William C. Smith and one other yet to be selected. They will start at once to solicit subscriptions.

Wants to Think It Over.

The contract case of musician A. G. Casper against Contractor Thomas Dodge was tried in Justice Sperry's Court yesterday afternoon. Carpenter sued for \$30 for services as music-teacher. He was represented by Attorney H. O. Hance, and the defendant's counsel was Attorney George DeMeza. Justice Sperry reserved his decision for one week.

Booming Him for Mayor.

S. S. Bogart, formerly manager of the North Avenue Western Union Telegraph office, and brother of Joseph N. Bogart of East Second street, is prominently mentioned as candidate for mayor of Scotch Plains, Bergen County, his present home. Other leading citizens are declining in his favor, and the indications are that he will be elected by a large majority.

Explained His Actions.

Although no formal complaint was made against Policeman Saunders for his mysterious conduct of Tuesday night, he presented himself before Mayor Gilbert yesterday afternoon and related his story. He told Mr. Gilbert that he was doing only what he believed to be his duty, and the Mayor talked with him and sent him away happy.

He's a Bowler.

The score of 340 which George Worth of the Park Club made on the Coleman House Alley, Asbury Park, July 4, remains the high score of the season on the alleys.

CARNOT'S ASSASSIN TO DIE.

(Special to The Press.)

LYONS, Aug. 3.—The trial of Caserio, the assassin of President Carnot, was concluded in the Assize Court here today, and the prisoner was sentenced to be executed by the guillotine.

HYMENEAL.

VanSiver-Godown.

At the home of the bride, 141 East Fifth street, last evening at 8, the marriage of Miss Mina Medora Godown to Abram Deacon VanSiver took place. The ceremony, which was a beautiful one, was performed by Rev. Dr. A. H. Lewis, pastor of the Seventh-Day Baptist Church.

Immediately after the wedding husband and wife boarded the 8:53 train for New York, and a shower of old shoes and rice.

The happy bride and groom received many handsome gifts. Those who witnessed the ceremony were: Mrs. C. F. Curran and daughters, the Misses Florence and Anna Curran, of Mauch Chunk; Mrs. W. W. Dilts of Trenton; Mrs. J. Shields of Flemington; Mrs. Judson Voorhees of Cranford; Mrs. A. Walker, mother of the bride; Mr. and Mrs. Caleb Dickinson, Miss Marion Dickinson, Mr. and Mrs. A. D. Godown, Geo. Godown, Miss Seldent.

Mr. and Mrs. VanSiver are expected to return to Plainfield Saturday.

PARTICULAR MENTION.

Rev. C. E. Herring is at The Howland, Ocean Grove.

Mrs. Thomas E. Warman of Grove street is quite ill.

Miss Clara Hellwig is registered at the Hawthorne, Asbury Park.

Miss Anna Frazee of Grove street will spend August at the Nelson House, New Market.

J. Frank Hubbard of West Fifth street has gone to Lake Hopatcong to spend a few days.

Lewis M. Bird and family of Summit avenue left town this morning for a short outing on the shore.

Mrs. R. A. Meeker and son Bobbie of East Second street are at Asbury Park for a week or more.

Mr. and Mrs. Wm. Smalley, Jr., who have been living in Asheville, N. C., have returned to Plainfield.

Frank Smith of Potter's leaves town tonight, accompanied by his sister, for a trip along the St. Lawrence.

Supt. McClurg of the Plainfield Electric Light Company will spend his 10-day vacation among the Thousand Islands.

Miss Mamie Fize moved from Ellishethport yesterday and will live with her sister, Mrs. Dennis in North Plainfield.

George Worth of Grove street has returned from a visit with the family of Gen. Eli Long at his summer home in Penn Yan.

Mr. and Mrs. Wm. C. Townsend of Somerset street leave Monday for Genesee, Ill. Mr. Townsend expects to enter business there.

Mrs. C. Frank French of Somerset street and Miss Jennie Abbott of West Front street returned home last evening after a pleasant week at Ocean Grove.

Mr. and Mrs. Will Odum and daughter Helen are at the home of Mrs. Odum's parents, Mr. and Mrs. L. E. Cole, 78 Duane street, for the month of August.

The funeral of Miss Elizabeth B. Vandenberg will take place from her late residence, 325 East Fifth street, tomorrow morning at 11. Interment will be in Greenwood.

H. E. Elder, able manager for A. D. Thompson, has been granted two weeks leave of absence, the first in two years of close application, and goes with his wife to his old home in Utah.

T. E. Hazell and bride, who are on their wedding tour, have left the Catekill Mountains and are enjoying seashore life at Ocean Grove. They are pleasantly situated at Dr. Stark's Hotel, corner of Fifth and Beach avenues.

About 25 members and officers of the First Church of Christ Sunday-school passed a social evening last night at the home of B. W. Hand on West Front street. Refreshments were served, and a very pleasant time was enjoyed.

Rev. S. P. Simpson of Watchung avenue will spend next Sunday at Spring Lake, where he will be the guest of J. J. H. Follen, formerly of this city. Mr. Simpson expects to officiate in Holy Trinity Church, and Rev. Father Johnson of the Church of the Redeemer, New York, will hold the services in the Church of Our Saviour.

Plainfield and Queen City lodges, I. O. O. F., will run an excursion to Asbury Park, Labor Day.

ABSOLUTELY NEW.

THE DISCOVERY OF A PROCESS OF ARTIFICIAL DIGESTION.

WHAT THE WRITER SAW.

Prominent People Express Themselves Freely Concerning It and Just What They Say is Made Public.

It is not often that science makes a discovery that demands special investigation on the part of newspapers. Once in a while it does, however, such as occurred in New York recently.

It has been stated positively that a process has been found whereby food, mixed with fruit acids, became digested before it had even entered the mouth. Certainly if this were true it would mark an era in the history of civilization, and the writer was delegated to thoroughly investigate and report upon the same.

The first call was made at the office of the company, which is now manufacturing the food in question, and I was permitted to inspect the process of manufacture. I found it exceedingly elaborate and scientific, and after inspecting it thoroughly I was shown the way in which it actually worked.

A piece of fresh meat was placed in an open dish and some of the pre-digested food mixed with it. Almost immediately there was a change in the color of the meat, next its fibers seem to separate and soon it became a liquid mass, the same as it does in the human stomach after being eaten. The effect, the change, the entire process, was most wonderful and speedy.

"This as you see, is a demonstration of what can be done," said the manager, "but we prefer that you ascertain just what this food accomplishes with people who use it. Here is a list of names, and you are at liberty to see them, and ascertain just what their opinions may be."

Armed with this list the writer began a tour of investigation, with the following results:

Sergeant Elias B. Dunn, chief of the Weather Bureau, was found in his office, looking exceedingly well. In response to my inquiry he said: "I have used the pre-digested food Paskola myself and in my family, and I must say that I have found it just what I needed for it. In fact, I have been changing the praise of it very steadily ever since I first began to use it. Why shouldn't I? It has built me up and made a new man of me. You see how fresh and rosy I am, and I intend to keep so."

Colonel John E. Fellows, the eloquent District Attorney of New York, in response to my inquiry said: "If I am called upon to deliver an address or make a speech upon which much depends, I first look out for my stomach. When it is healthy my brain is healthy, and my logic is logical and it is a comparatively easy matter to clothe them in proper language. When I am not feeling well I take Paskola the pre-digested food, which sets the stomach right, clears the cobwebs from the brain and sets the machinery of thought and eloquence in motion. There is nothing like Paskola for such a purpose, and I believe it has won more cases before a jury than you would imagine."

Both Messrs. Howe and Hummel, the well-known lawyers, fully confirmed that I had already heard of. Mr. Howe said: "Look at me! Feel how firm my arm is! You can see I am in perfect health, and yet I was not long ago, advised by my doctor to give up my health. It is my present condition is the result of the use of Paskola. It is a labor-saving discovery—saves your stomach the labor of digesting food. Try it as I did, and grow fat and jolly."

His partner, Mr. Hummel, said: "I have seen a number of people try Paskola whose stomachs were so weak that they could digest nothing else, but who were able to assimilate this pre-digested food without the slightest difficulty. I have known an adult man, who had a shadowy indigestion, who gained forty pounds in three months by its use."

Wherever I went the reports were the same, and I was furnished with the inevitable conclusion that a great discovery had certainly been made for building up the system, increasing the strength and prolonging the life without any drain or strain upon the digestive organs, which has been the great bane of our American life. Certainly the results of the research prove so.

Anyone who desires further information upon the subject should send for a free pamphlet to the Pre-Digested Food Co., 30 Reads st., New York.

COMPROMISING WITH CREDITORS.
Contractors on the McNeill Building Partly Agree to Concessions.

E. E. Wright, the new owner of the McNeill building at the corner of Watching avenue and Fifth street, is placing contracts for the completion of the work. The building is of brick, three stories high, with two stories on the ground floor, and a brick stable in the rear.

It was started by Builder Robert McNabb of the Railway road. Mr. Wright bought the property with all of the building liens attached, and has now begun to settle with the holders of the liens, masons and workmen and material men. The claimants are represented by Lawyers William A. Coddington, George W. DeMeza, Craig A. Marsh and Charles A. Reed. Mr. Wright's attorney is Winfield S. Anglemann.

The claims are being settled with a reduction of ten per cent, and most of the creditors have accepted these terms. They feel that they can afford to lose the discount because the building was started in hard times when they had but little to do in their lines. Mr. Wright, who is a wealthy resident of Montclair, bought the property for an investment, and may follow it up by moving to this city. Extensive litigation may ensue before the affair is settled.

The Liederkreis practised singing at the home of Fred Casper on East Front street last evening.

The story of the robbery of Silas Whims by his hired man was told in The Daily Press Monday. The other local papers published it as news last night, three days after The Press.

Suits on contract brought through Attorney George DeMeza that Justice Grover will try next week are of A. G. Vopalar against James F. Shetter, and of Jules T. Bovey against Sarah C. Lewis.

While of Plainfield is making an extra effort by offering greater inducements than ever to secure the business. HEAVENLY REST.

Further Developments in the Faithful Discussion.

As was exclusively told in The Press last night the attempt of Dr. Page, two of the trustees of the Church of Heavenly Rest and other members to have a parish formed was the cause of a spirited meeting Wednesday night.

The matter is the one subject for discussion in Evona. Five of the trustees oppose the other two who support the clergyman. The opposition brought the meeting about in order to have the matter settled, and it is claimed brought in the outsiders to vote. The canon is not very explicit on voting in a mission, the law having been made for England.

If a parish is finally formed, the communists also will have a voice, and it is then expected that the five trustees referred to will give place to a different faction in the elected bodies.

The matter starts from a misunderstanding of a letter from Dr. Page to a woman of the church who had opposed him, and who thought that the word "adversity" which he used in the clerical meaning of notifying her privately of exclusion from the church, meant a threat of public disgrace. The complications which have arisen will bring about new difficulties, it is feared.

CHRISTIAN ENDEAVOR.

Miss Emily Coriell will probably speak of the Christian Endeavor convention in Cleveland at the Christian Endeavor meeting in the First Baptist Church this evening.

The Best Chance Yet.

Extra features especially commend the excursion of Trinity Reformed Church to the seashore August 2. Besides being the last church excursion of the season, it affords longer opportunity for enjoying the Park pleasures, as the train does not leave for home till 7. The surf bathing at the Park is just beginning to be good. The water has been too cold, but is now reaching the proper temperature and will be just right for the Plainfield visitors August 9. Go along.

Friable Goss Off.

On complaint of Dennis Murray ex-dogcatcher Friable appeared in Borough Magistrate Croesley's Court last night at 7:30, charged with assault and battery for striking Murray at the Arlington Hotel last Saturday evening. Murray did not come to prosecute, and the case was dismissed. Friable had his witnesses with him, and was confident of proving that he was not guilty.

The Outside Audience.

A crowd of 50, the greater part of them women, enjoyed the Lutheran concert from the lawn and sidewalk outside last evening. When part two began, the rain started. A few of them secured umbrellas, others went home, and the rest found shelter in the rear of the church.

Real-Estate Exchange.

A. D. Thompson has secured ownership of the valuable business property, 132 North avenue, formerly occupied downtown by F. W. Dunn and owned by Mrs. Abner Bartlett. Property in Watchung Park was exchanged for it.

Deafness Cannot Be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but a local inflamed condition of the mucous surfaces.

We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hare's Catarrh Cure. Send for circulars, free.

GLEANINGS FROM PLAINFIELD'S SUBURBAN FIELDS.

Scotch Plains and Fanwood.

Dr. and Mrs. F. W. Westcott are now keeping house on Park avenue.

Mrs. and Mrs. John Johnson of Scotch Plains are spending August at La Pierre, Ocean Grove.

Mrs. George Collins is entertaining her mother from Brooklyn at her home near the mountain.

The old Cottrell house on the mountain-side is being improved by the application of a coat of paint.

Mrs. Hascott and family, with her son from Plainfield, went to Boynton Beach on a pleasure trip Wednesday.

Mrs. Morse has returned to her home in Brooklyn after a short visit with her daughter, Mrs. William E. Collins.

Mr. and Mrs. William Stanbury and child and Mr. Stanbury's mother have gone to Seabright to spend a month.

The ball team will come out in new uniforms at the game tomorrow afternoon. The suit is gray, and the stockings are black.

Wilbur Miller, formerly a Press carrier, has a petition on the Central Railroad as a locomotive wiper. He still sells Sunday papers.

A. A. Champion, the colored barber, has fixed up his shop very creditably with new fixtures. He sleeps in the rear every night.

Edward Dordard and George Vanderbilt went yesterday afternoon to Feltville, with an elaborate equipment for catching shiners.

The Hollingsworth fur mill has been shut down for repairs. The boiler is being bricked in, and other work is being done about the building.

Through the efforts of Pastor Braker, it has been arranged that a stage will run from Fanwood to the Baptist Church every Sunday morning.

The improvements being made on the old Osborne residence on Front street are about completed, and it is probable that the property will soon be rented.

Mr. Harrison of Brooklyn has hired the Roca house on Crescent avenue, Fanwood, for the rest of the season, and is now residing there with his family.

Miss Andrews will return to her home in Lewisburg, Pa., tomorrow, after a visit with her sister, Mrs. J. S. Braker. Mrs. Braker will accompany her, to spend a month in Lewisburg.

A large crowd of young people of the Plains and Fanwood, together with friends from Plainfield, went in Jacob Kline's stage to Clement Point yesterday, and enjoyed a pleasant picnic.

John H. Force of Bound Brook took possession of the old hotel on Front street formerly conducted by the late William J. Lowe, Wednesday. Improvements are in progress under the new management.

Dr. Coles has drained and cleaned the lake on his property on the mountain-side, and has begun to improve the appearance of its surroundings. The boys caught eels and fish by the wholesale when the water flowed away.

Gustav Kuehne has moved with his family from Elizabeth, and now occupies Peter Fraser's house on Bottle avenue, the rental having been made through Thomas Paff's agency. Mr. Kuehne is a tinsmith and plumber now in the employ of Robert John.

The union excursion to Asbury Park of the churches of Westfield and vicinity was largely attended by people from the Plains and Fanwood, representing the Methodist, Baptist, and Episcopal churches. Everybody went, and everyone had a pleasant time.

The same officers, President Westcott and Clerk Nicol, are serving on the new board of school trustees, having been chosen at a meeting of the board the night of election. The result of the organization meeting was not given out to the general public at the time.

Rev. J. S. Braker, the pastor of the Baptist Church, is organizing a choral society. The first meeting of the proposed society will be held on the latter part of September. The minister is much interested in the project, is a fine singer himself, and has two others receiving names. The selection of a professional leader has not yet been considered.

A game of base-ball has been arranged for tomorrow afternoon at 3 on the new grounds on Westfield avenue, between the new Twilights and the "Crescents." Manager Howard Watson, of Plainfield, George Johnson is pitching in fine shape, and the Scotch Plains players have hopes of treating the Plainfielders in the same way that they did the Garwoods last Saturday afternoon, when they defeated them in eight innings by the score of 26 to 5.

An outdoor service will be held on the grounds of the Baptist Church Sunday evening, and similar services will be continued throughout the remainder of the hot weather. A song and praise service will be made to the church, where Pastor Braker's lecture will be illustrated by the Meers. Hall of Fanwood with the stereopticon, as was done at the service last Sunday night. The subject then was "The Prodigal Son." The next will touch on the life of Christ.

Mrs. Robert Reutch died at her home, corner of Midway avenue and Hunter, near the Netherwood station, yesterday forenoon. She was 33 years of age. The family came from New York to Fanwood four years ago. Mr. Reutch secured employment in the Scott Press Works. He gave up his job last Spring, and went to raising chickens at his home. He was not successful, and Mrs. Reutch sought work to support the family. She had been employed as a nurse, and was known as a careful, hard-working woman. She had never been very strong, and the work and anxiety made her unable to battle with disease. She first consulted a physician last Saturday. She had passed beyond a possibility of recovering. The children she leaves are two girls and a boy, the oldest aged nine, and the youngest, the

son, aged two. The funeral will be held tomorrow morning, at 8:30 at house and 9:30 from St. Mary's Church, Plainfield.

Dunellen and New Market.

Bartley Kelley is improving from recent illness.

Miss May Gise called on Somerville friends yesterday.

Mr. Fries of Newark called on Dunellen friends yesterday.

Miss Lillie Staats, who has been ill for a few days, is able to be out again.

Mr. Bambridge, the popular salesman from Newark, was in town yesterday.

Mrs. N. E. Snell and daughter Miss Lillie are enjoying a few days in Basking Ridge.

Sisters of Charity from Plainfield were in Dunellen yesterday on errands of mercy.

Miss Margaret Coriell of Plainfield was a welcome guest of Dunellen friends yesterday.

Mrs. John Kennedy and family, accompanied by Mrs. Stone, are visiting friends in Boston.

Fred Nelson purchased a team of horses from J. P. Homan in Plainfield yesterday.

Mrs. Howard Giles, who has been visiting her mother in Perth Amboy, has returned home.

Miss Brennan of Cranford spent yesterday afternoon and evening with the Misses Malar.

Henry Peters of New York and George Orelmann of Montclair are guests of Mr. and Mrs. John Peters.

Miss Maude Giles of Port Richmond returned home yesterday after a visit with Mrs. Enoch Giles.

Mrs. Smith and family of Somerville are visiting Mrs. Smith's parents, Mr. and Mrs. Swackhamer.

M. Eganey, who has been a sufferer from a severe attack of malarial fever, is out again, and feels much better.

Arthur Giles has secured the contract for the tinning work on the houses being built by John Aggar and Firman Gise.

Mrs. Peters returned from New York Wednesday evening with her son Ernest, who was taken ill while in the city. He is very much improved.

Miss Alice Trenchard and Miss Maude Melvin, accompanied by Herbert Nelson and Charles Rogers, all of New Market, drove to Boynton Beach yesterday.

Mr. and Mrs. S. A. Cooley of Everettsville, Hunterdon County, formerly parishoners of Rev. W. C. Kinsey, spent yesterday very pleasantly with Mr. Kinsey.

The Ladies Aid Society of the M. E. Church at their meeting Wednesday decided not to call in the blocks for their quilt yet, but allow the members more time. It is thought that about \$50 will be realized therefrom.

Dr. M. J. Whitford says he apprehends no trouble in Dunellen's securing sufficient representation in the school district. The scheme of the borough withdrawing from the township seems to be favored by only a few.

The funeral of the late Stephen Doty was held this afternoon at 4 from the home of Mrs. Stuphen where he had lived several years. Interment was in Hillside Cemetery, Plainfield. A large delegation attended from Perseverance Lodge, No. 74, K. of P., of which deceased was a member. Rev. A. I. Martine officiated.

The social given by the Christian Endeavor Society of the First Presbyterian Church in their chapel last evening was a great success, about 300 Endeavorers and their friends being present. Reports from delegates to the Cleveland Convention were the main feature of the evening. William Milliken presided, and after Rev. A. I. Martine offered prayer he gave an address of welcome, which made everyone feel at home. The hymn "Scatter Seeds of Kindness" was then sung by those present. Mr. Foster of Somerville was called on by the chairman for the report on "Decorations" which he gave in a very interesting manner, telling of this important feature of the late convention. A pleasing instrumental duet by Miss Irene Day and Miss Emma Nelson preceded the report of Horace Martin of Plainfield on "Music," which he gave very enthusiastically, calling the attention of all. A pretty vocal duet by Miss Maude Benton and Mr. Smith of Elizabeth was admired exceedingly. Miss Emily Coriell of Plainfield then reported on the subject "Christian Endeavor on Wheels," and told in an interesting manner of the time spent in travel, going and coming. Several incidents given were very touching. The audience then had the pleasure of hearing William Holmes of Plainfield, whose excellent singing is always enjoyed. One of the best reports was that of J. Slack of Baritan, which was listened with humorous incidents. The selection by the trio, Miss Maud Benton, Mr. Smith and Wm. Holmes, was much enjoyed, as was also the instrumental duet by the Misses Malbie. At the conclusion of the above, all were introduced to the delegates, and a general social time was enjoyed. Ice-cream and cake were served. Spencer Smith rendered several selections on the piano, and Robert Carpenter pleased all with his vocal playing. This, with a number of vocal solos, concluded an evening of pleasure. In retiring, the delegates gave the New Jersey cry used at the convention. Wm. Milliken will give his report next Sunday evening, as time would not permit it last night.

Don't Diet.

If you have dyspepsia, indigestion, habitual constipation or sick headache, don't diet. You need the strength that good food gives. Eat whatever you want, but take one of

Dr. Deane's

Dyspepsia Pills

after meals until cured. If you are constipated, get better with white label, otherwise with yellow. All druggists, or send to Dr. Deane, 100 N. 3rd St., New York.

DR. J. A. DEANE CO.

C. E. Society of the First Presbyterian Church will be held next Thursday evening.

Westfield.

The remains of the two young men who were killed by the cars in Pittsburg Sunday night were buried yesterday in the Park Cemetery. The funeral of Arthur Clark was held in the morning at 10, at the home of his father, Addison Clark. In the afternoon at 2 services were held over the body of Harry Coutant at the residence of his aunt, Mrs. Schoonmaker. Pastors Dyer and Caldwell officiated. The mother of the young man, Mrs. W. W. Pettit of Astoria, L. I., fainted at the entrance to the cemetery, and last night it was feared she might die. The father of the bride of Coutant, William Day of Scotch Plains, received the news of the accident from a telegraph operator in Pittsburg whose brother Mr. Day is acquainted with. The two young men were on their way west to get work on a ranch near Kansas City. They started Sunday, last week. How they were killed is not definitely known. They must have been struck by an express, and thrown aside, as the bodies were crushed and bruised, not cut as if a train had passed over them. The bodies were found by the track side by side, not a foot apart, by the day men when they went to work Monday morning. The way the bodies lay together, it is thought, shows that Coutant, whose remains were the less mangled, was not killed outright, but lived long enough to crawl to the side of his dead friend. Mrs. Coutant who was married July 6, is at the home of her father.

OVER THE MOUNTAIN.

A Domino Jokes Over His Mischief—High Jump on a Mountain's Birthdays.

Miss Brown of Brooklyn is a guest of Miss Nettie J. Beeching.

J. E. Townsend, owner of the Somerset street granite works, has erected a handsome monument in the New Providence Cemetery to Mr. and Mrs. John Teley.

A birthday party was given to Stephen H. Beeching Saturday. A large number of Macon brethren attended. A friendly athletic competition being suggested, Mr. Beeching stepped them all by leaping over a 4-ft fence.

Rev. Dr. Peter Gibbs of Millington was driving at the head of a funeral procession from Stirling, Saturday, when he heard Samuel Allen of Liberty Corner drive up behind. He turned out to the right side to let him pass, but Allen's rig was on the wrong side and struck the hind wheel of the Doctor's buggy, wrecking the wheel, breaking the buggy top, upsetting the vehicle, and throwing the dome to the ground. Dr. Gibbs was cut on the head and received severe bruises. Allen apologized, and offered the use of his wagon. The dome accepted the apology, but with his characteristic Scotch good humor he declined the ride, saying that Allen must be in a hurry and it would be a pity to detain him. He was taken into one of the coaches, and officiated at the further obsequies.

READY FOR WORK.

The Great Thatcher Production Proceeding Merrily.

C. H. Beede, the popular advance of George Thatcher's Minstrels and Comedy company, arrived in the city yesterday morning ready to adorn the vacant boardings of Plainfield and vicinity with some striking specimens of lithographic beauty, descriptive of Thatcher's new production "About Gotham," the rehearsals of which, as before announced, will begin at 8 o'clock Monday.

Mr. Beede, states the outside show, however, will not display one-hundredth part of the many glories of the production, for it is an impossibility to reproduce on paper the elegance of the many costumes now being made in New York, the beauty of the special scenery, or the graceful charms of the ten handsome women of the cast, whom he declares quite surpass in loveliness any similar number ever gathered together in one organization.

Then we are all aware of George Thatcher's elegant personal appearance, and his vis-a-vis, or co-worker, Carroll Johnson, has been an acknowledged living picture for years. Taken altogether, elegance and dash will be the prime components of this new production which will make its first bid for popular favor in Music Hall Thursday evening, Aug.

On the Wings of the Dove.

Every lover of romance and song is familiar with the plaintive beauty of "Speed Away," the sentiment of which was brought home to Plainfielders Wednesday at the funeral of Frederick P. Westphal. Mantemomoh Tribe of Red Men had charge of the service at the grave, and the Indian custom was fulfilled of releasing a dove to accompany the spirit to the happy hunting-grounds.

Previous to the burial, services were held by Rev. T. Logan Murphy in the Church of the Holy Cross. Joseph Newman, Edward Wolf, James Cadden, George Richter, B. R. York, and William Kelvey, were the pall-bearers.

Change of Management.

Mrs. Julia A., widow of James H. Force, has transferred to J. Edwin Hillpot the Mansion House in Pound Ridge. For a week or more she will assist her son John in his new venture in Scotch Plains, and will then take an earned rest in New York State, returning to Plainfield later.

The Operation Unsuccessful.

The many friends in Plainfield of Moses W. Mallord of Roselle sympathize with him in the death of his twelve-year-old son, Roy, who died Wednesday from appendicitis after an operation had been performed last Friday.

CRESCENT PRIZES.

THE LIST NOW FIRST PUBLISHED.

Various Notes of Special Interest to Velocimen.

No entry fee will be charged at the matinee races of the Crescents, and entrance will be received on the ground up to the time of starting each race.

Secretary Clarence Teel and Racer Monte Scott left on the 8:44 train this morning for Philadelphia, where Scott will race tomorrow at the meet of the Toga Cricket Club on the Westmoreland three-lap track. Scott tries the track in practice this afternoon.

Aaron V. Kline of the Crescents has returned from his commercial trip, and for the next month will take an active interest in the doings of the wheelmen. His special work will be in the advertising department, keeping the cycling world and the local enthusiasts posted on the accomplishments of the Crescents.

Charles Brown, the pet of the Elizabeth Athletic Cyclers, has announced that he has given up racing for this season. Although he is not ill, as has been rumored, his doctor advises him to prevent an attack of heart trouble by leaving the track for the present. He has started in 17 races this year, and in 16 of them has secured prizes.

At the monthly meeting of the Board of Governors of the Crescents held in the club-house last evening, Henry B. Scott, brother of Monte Scott, was elected a member of the club, another Spalding rider thus being added to the list. Aaron V. Kline, W. H. Rogers and Charles Dunham were appointed a committee to arrange the matinee races.

A feature of the race meet of the Crescents to be held Saturday, August 18, will be a two-mile lap race. It will be the first lap race run on the new track. It is one of the most interesting of races. The riders are scored each time they cross the tape. The first man each time except the last is given three points, the second two, and the third one. On the last lap the first man gets four, the second two, and the third one. This scheme provides for a sprint at the finish of each lap, the man who scores the greatest number of points being declared the winner, and the others following in their order as they have secured points.

The following prizes have been arranged for the meet on the Crescent track Saturday afternoon, Aug. 18:
