NEW EVIDENCE

Of Dr. Lighthill's Success.

A Flattering Testimonial From Col. John Dietrich, One of Plainfield's Oldest and Best Known Residents.

16 ARLINGTON PLACE, Plainfield, N. J., July 17, 1894.

I am profoundly grateful to Dr. Lighthill for his speedy and radical cure of a most painful malady of over ten years standing.

I do not propose to say to all afflicted to place themselves under the care of this skillful physician and be permanently cured.

I will cheerfully impart any information I possess which called upon.

JOHN DIETRICH.

A HAPPY EXPERIENCE.

The Interesting Testimony of Mr. W. E. DILTS, the Popular Passenger Conductor of the N. J. Central.

ROSELLE, N. J., July 1, 1894.

My Friends and the Public:

I take pleasure in calling public attention to the remarkable cure which Dr. Lighthill effected in my case. For the past ten years I had been afflicted with a severe form of piles which finally gave me the greatest pain and distress nearly all the time, and from which I could not obtain any relief, in spite of all my efforts.

Hearing of a number of cures which Dr. Lighthill effected in similar cases, I placed myself under his care, and I rejoice to say he effected a complete cure in my case, and gave me new life in doing so, for I am sure that I could not have endured my misery much longer. And it will be a matter of importance to those who are suffering from this disease to learn the happy fact that Dr. Lighthill effected my cure without giving me pain or detaining me from work.

W. E. DILTS.

A Card from Mr. T. R. Van Zandt,

Of No. 304 and 306 Park Ave., Plainfield, N. J.

I certify with pleasure that Dr. Lighthill has effectively cured me of a most painful case of piles. For some time past I had been subject to its attacks, and the last attack was so exceedingly painful that it completely upset my whole system. The pain extended to my legs and in many other directions, and made me so nervous that I could neither sleep nor do any work about without serious discomfort and distress. Such was my condition when I applied to Dr. Lighthill for relief, and I am glad to say that as soon as he took hold of my case, I began to improve, and in a short time I found myself completely cured. Dr. Lighthill has also effected a radical and permanent cure in a most terrible case of piles on my cousin, Mr. J. V. Z. Briggs, of Rocky Hill, N. J., whose grateful testimonial is in Mr. Lighthill's possession.

T. R. VAN ZANDT,
304 and 306 Park Avenue.

Dr. Lighthill

Pythians in Session ACCUSED OF MURDER

Meeting of the Supreme Lodge in Washington.

Business Houses Along the Line of March Decorated With Bunting and Pythian Symbols—Prize Drills an Interesting Feature—1700 Test.

Directed to Shelter the Visitors.

Washington, Aug. 27.—To-day witnessed the beginning of another of those great gatherings for which this city has become notable in recent years. Its nucleus will be the annual meeting of the supreme lodge of the Knights of Pythias which, while of great interest to the members of that order, will not have that general attractiveness of its auxiliary, the assembly of thousands of knights of the United States.

Stands for spectators have been erected at principal points, and nearly every business place along the line of march is decorated with bunting and Pythian symbols. Over on the grounds of the Washington monument is located Camp George Washington, where 1,700 tents have been erected for the shelter of the visiting command.

It is impossible to give a correct estimate of the number of knights who will attend the encampment, but the officers admit that the attendance has fallen far below expectations. The failure of the railroad companies to make cut rates to Washington is given as the principal reason for the small contingent of Pythians from abroad. The number of visitors is also much smaller than the estimates made.

Directed at the Foundry Methodist church yesterday by Rev. Mr. Sanderson, chaplain of the supreme lodge, for the benefit of the order, the encampment proper will not open until to-night.

The opening ceremonies will consist of a reception to officers and representatives of the supreme lodge, tendered by the citizen's committee. This will be held in the spacious convention hall, which will hold 10,000 people. Vice-President and District Commissioner Ross will make addresses of welcome, and music will be furnished by the Marine band.

Business will begin to-morrow with the meeting of the supreme lodge in Builders' Exchange hall at 10 o'clock, and continuous sessions will be held from day to day until the business of the lodge is completed. To-morrow afternoon the great parade of the Uniform rank will take place and President Cleveland will review the marchers. He will also inspect the schools and the officers of the supreme lodge.

Wednesday will be the most interesting day of all from a popular point of view, for it marks the beginning of the prize drills between the crack organizations of the order. The drills will be held on the grounds of the Washington baseball club, and will continue through until September 1, when the prizes will be awarded.

Wednesday evening there will be a grand illumination, parade, and a prize drill at Fort Myer will be the feature of one of the remaining days. A large number of commands will be present, and the officers of the order are so numerous that it is impossible to list them. The list will be practically completed by to-morrow morning.

BUSINESS RESUMPTIONS.

Indications of a Prosperous Winter at Troy, N. Y.

Albany, N. Y., Aug. 27.—The main plants of the Burden Iron company, and the Albany Iron works, in South Troy, resumed operations this morning. For several months these works have been practically idle, and the hundreds of employees were forced to seek other employment.

At the Albany Iron works seven double furnaces were lighted and 175 workers of employees were at work.

With the Burden and Albany Iron works in operation the business of the collar and shirt factories rapidly increasing, and the fair prospect of a resumption of activity at the steel works in the near future, the indications for a prosperous winter at Troy are favorable.

Only Advertising Himself.

Ann Arbor, Mich., Aug. 27.—Judge Cooley, who returned home from the American Bar Association meeting at Saratoga, says in reference to Gov. Altgeld's recent strictures: "Let him talk. He only advertises himself, and I do not care whether people talk about him or not."

For Uttering Worthless Checks.

Providence, R. I., Aug. 27.—Shortly before midnight Detective Parker arrested John D. Borden, who is wanted all over the state for uttering worthless checks. When searched checks in blank and checks made out were found in his pockets.

Earthquake in Greece.

Athens, Aug. 27.—An earthquake shook Corinth, Chios, Zante and Attica yesterday morning. It was not very violent, but it set the inhabitants of the four districts in a state of panic, as a repetition of the severe shocks felt early in the year was feared generally. The people fled to the fields, where many of them remained over night. The damage to property was slight, and as far as is known nobody was killed.

Both Legs Almost severed.

Providence, Aug. 27.—Martin Fishery, a brakeman on the Consolidated road, lost his life in a shocking manner early in the year. He was killed when he was climbing upon a freight car, when he slipped and fell under the moving train. Both legs were almost severed from his body. He was twenty-two years old and lived at No. 216 South Wyoming street, Scranton, Pa.

August Miller Arrested and Lodged in Jail.

His Victim Took an Active Part in the Silk Dyers' Strike and Is Supposed to Have Divulged Secrets of the Union—Anarchists Planned His Death, It Is Believed.

Paterson, N. J., Aug. 27.—August Miller, a leader in the recent strike of the silk dyers here, has been arrested and committed to the county jail, charged with having murdered Max Ohlenschlaeger at Allendale, Bergen county, on the night of May 23.

The murdered man also took an active part at the meetings and processions of the labor troubles. Towards the end of the labor troubles Ohlenschlaeger was suspected of being in league with the bosses and reporting the proceedings of the meetings to the president of the Jacob Weidman Silk Dyeing company.

He was selected by his associates to collect money for the strikers, and on the morning after starting on his mission his dead body was found near the Erie railroad. It is believed that his death was planned by the anarchists, and Prosecutor Gourley is in possession of evidence to couple Miller with the crime.

August Miller, one of Miller's four accusers, alleges that the prisoner had cut out a piece of his body and was to get Otto Van Hagen out of the way. A few days later Van Hagen was found lying on the sidewalk with a fractured skull. He died a few days later.

The murdered man boarded with Miller at No. 223 River street, in this city.

UNDER THE BAN OF THE ARMY.

Shells Found to Be Dangerous Ordered Out of Service.

New York, Aug. 27.—A special from Chicago says: The explosions of ordnance in the batteries under Major Randolph, now maneuvering at Evanston, have been discovered to be directly due to a device which forms a part of the equipment of schrapnel shells. This device, faulty in construction, and therefore more dangerous to friends than to foe, is to-day under the ban of the army, and it has been ordered out of service.

This will render the shells perhaps as useless as so much scrap-iron, and it will be necessary to invent some other invention for exploding missiles. This is the conclusion reached by the experts detailed by the government to investigate the matter. It is the basis of the report of Colonel Williams, inspector of the department of Missouri, concurred in by General Miles and Captain Donahue, in command of the artillery now here.

General Miles goes further and says the cartridges of every caliber in the army are a century behind the times, and that the army must be re-equipped with a style comprehending new lines.

After formally thanking the commissioners the exhibitors criticize it severely. They regretted greatly, they said, that the commissioners were not in close touch with the exhibitors. Although \$14,000 had been expended on the commission's headquarters, they were of no practical use. Only \$2,000 had been expended on decorations of the British section and the British exhibitors, compared with those of other nations, had suffered a serious disadvantage in consequence, most noticeable in the manufacturers' building.

THROWS DOWN THE GAUNTLET.

New York, Aug. 27.—Robert Peel, son of Sir Robert Peel and grandson of the famous old English statesman, Sir Robert Peel, has thrown down the gauntlet in behalf of Miss Kittie Sanford, of Bridgeport, Conn., a pretty American girl, daughter of Professor Samuel Sanford and granddaughter of Henry Sanford, president of the Adams Express company, declaring that he came to America to win the girl he loved, and that the marriage would take place in spite of all opposition on the part of Miss Sanford's grandfather.

Bicycle Races Abroad.

Paris, Aug. 27.—The bicycle race from Paris to Denant, Belgium, was won by Andre, who covered the distance in 12 hours and 25 minutes. At the Velodrome de la Seine Merceur won the five kilometer race for the professional championship. A. Zimmerman won the 2,000 metre race easily by a length. Banker was second and Baron was but a length behind him.

Mowbray Seeks Away.

New York, Aug. 27.—The fact has just leaked out that Charles Wilfred Mowbray, the English anarchist, made a hurried and quiet exit from this country last Wednesday. He sailed under an assumed name in the steamer of the White Star steamer Tuetonic. The John Most faction of the Reds claim that Mowbray has gone home disgraced and discouraged while others say that he intends to return in November.

MR. NEWTON EXONERATED.

Reports of His Expulsion Came From Unfriendly Sources.

Greenfield, Mass., Aug. 27.—S. S. Newton, master of the local lodge of the Brotherhood of Railway Trainmen, recently reported suspected because of non-payment of dues, is still a member of the order. He has receipts in full for his dues, and in addition, a letter from headquarters which entirely exonerates him from any blame for giving to the press the orders relative to the expulsion of all members who had in any way taken part in the western strike. The report of Mr. Newton's expulsion undoubtedly came from some unfriendly to him.

PETER DE CAMP DEAD.

He Ran the First Locomotive on the Jersey Central Road in '27.

Elizabeth, N. J., Aug. 27.—Peter De Camp, aged 85, died at Elizabethport last evening. He ran the first locomotive on the Central railroad of New Jersey in 1827, when the road ran from Elizabethport to Somerville.

His Health in a Very Precarious State.

GORMAN NEEDS REST

Advised by His Physician to Leave for Europe at the Earliest Possible Day—His Family Have Been Greatly Alarmed for Several Months—The Senator Now at Saratoga.

Baltimore, Aug. 27.—Senator Gorman's physician advised him to leave for Europe at the earliest possible day, not only for the benefit of the sea voyage but for the purpose of taking treatment at one of the German spas. His health is declared to be in a very precarious state. An intimate friend of the Gorman family said: "It is true that Senator Gorman's family and friends have been greatly alarmed about his health for several months, and his physicians have frequently advised him that he must desist from work of all kind, or else he would break down completely and irrevocably."

Mrs. Gorman has often begged him to give up all work and go away to Europe or some other place where he could be out of reach of the politicians and others who always follow him from place to place wherever he may go as long as he remains in this country, or on a line of railway.

The senator left Washington for Saratoga Saturday for a rest. If he does not improve the whole family will probably go to Europe. It is their intention at all events to go to Europe in the spring, after the short session of congress is over, and remain there all winter. If congress had adjourned earlier this summer they would have gone abroad, and may do so yet, and remain until the short session begins in December. The fact is, Senator Gorman has worn himself out by hard work, and if he does not stop he will not last long. He has been told this often, and it is only his iron will that has kept him up for months."

PAID PERSONS HURT.

Serious Trolley Car Accident Near Orange, N. J.

Newark, N. J., Aug. 27.—A serious trolley car accident occurred at Orange last evening on the Suburban Traction company's new line between Orange and Eagle Rock, in which fifty persons were more or less seriously injured.

The car, which contained about eighty people, while descending a steep grade on the side of the mountain, just east of Mountain avenue, became unmanageable and dashed into a curve at a terrific rate of speed, breaking the range of one of the wheels in front of the car.

The car left the track and capsize down a slight embankment.

Broken glass flew in all directions and the excited occupants were thrown into a confused mass. Order was restored finally and the injured were removed in ambulances to the Memorial hospital. The following are the names of the more seriously injured:

John Loyd, aged four years, had his arm crushed completely off at the elbow.

Mrs. Frank Davis, of Bloomfield, arm broken and head injured.

Willie Coyle, aged six years, of Orange, arm broken and it is feared that he will die.

Many persons who were injured by the overturning of the car or by the bathing with two young ladies. He had just entered the surf and had but risen from a dive beneath a breaker when a flash came—the first intimation of a storm—and the boy struck him a fatal shock. His companion, the Misses Farnum, were within ten feet of him when the bolt descended. They suffered a severe electrical shock, and were almost killed at the shock of their companion's lifeless body.

MR. MORTON'S STATEMENT.

Will Give the Governmental Question Serious Consideration.

New York, Aug. 27.—Among the prominent passengers who arrived yesterday on the steamer La Normandie was the Hon. Levi F. Morton. To a number of newspaper men who sought an interview with Mr. Morton on board the steamer he gave out the following statement:

"In reply to your questions I can only say that, although I have no desire to re-enter public life, I have received as many letters from personal and political friends in different parts of the state urging me to allow the use of my name as a candidate for the governorship, that now that I am home I shall feel it due to them and to the republican party, which has so highly honored me in the past, to give the question of schrapnel shells some serious consideration."

Further than this Mr. Morton would make no statement. He said that his health was excellent and that he enjoyed his trip very much.

Senator Wolcott, of Colorado, was also a passenger on the La Normandie.

KOMATZU AT CHICAGO.

The Japanese Prince Arriving to His Native Land.

Chicago, Aug. 27.—Prince Toritoko Komatzu, first cousin of the Mikado of Japan, arrived in Chicago Saturday night from the east on his way to his native land, the San Francisco, for which city he is en route.

The prince and his traveling companion, Lieutenant Nagasaki, of the mikado's navy, were met at the Michigan Central depot on living in Chicago, and escorted to the Palmer house, where a suite of rooms were engaged. The prince said through his chamberlain that he was greatly pleased to note the friendly feeling evinced by the American press and people toward Japan in regard to the war with China.

The prince was here during the world's fair on his trip around the world.

MARRIED A MULATTO.

A Methodist Preacher of Fostoria, O., Crispies Quite a Sensation.

Fostoria, O., Aug. 27.—A decided sensation was created here by the marriage on Saturday of the Rev. Mr. Thompson, of the Methodist church of this city, and a young woman, a mulatto. She is an attractive young woman, well educated, refined, and a great church worker. She was a member of the Methodist church of this city, and for the last five months he has been paying her marked attention. His congregation recently reported suspected because of non-payment of dues, is still a member of the order. He has receipts in full for his dues, and in addition, a letter from headquarters which entirely exonerates him from any blame for giving to the press the orders relative to the expulsion of all members who had in any way taken part in the western strike. THE END TO-MORROW

Closing of Second Session of 53d Congress.

No More Legislation in Connection With Contested Matters—Republicans Determined to Prevent Delivery of Campaign Speeches—Final Days Marked by Peculiar Incidents.

Washington, Aug. 27.—If there ever had been a lingering hope that more legislation during the remainder of this session of congress that hope was dispelled by a remark made behind closed doors on Friday afternoon by Mr. Tamm, chief justice of the supreme court, that there should be no more legislation at this session in connection with contested matters. This was a quieted in, and a few moments later at adjournment was said.

The closing days of the session have been marked by a number of peculiar incidents, and a few moments later at adjournment was said.

One of the incidents referred to has been the transaction of legislative business behind closed doors. Senators of both parties have a number of measures that require only the final action of the senate to enact them, but the republicans were not willing to provide the quorum nor would the democrats business to proceed in open session by unanimous consent, for fear the democrats would, by some means, find the opportunity to make a speech. For this reason legislative business against which no objection was made, was transferred behind closed doors.

General consent on Thursday and Friday. Under this arrangement no speeches could be made and the record was prevented from becoming a vehicle for the dissemination of alleged campaign literature.

Republicans were not, however, the only ones who offered objections to the rules that have been offered to the committee. He asked consent to this arrangement, but Mr. Blanchard, who sees in closure the possibility of free enterprise, entered a protest.

There will be no legislation at any sort to-day or to-morrow. To-day's session will be short, affording more than anything else an opportunity for the vice-president to announce his signature to various bills. A few odds and ends are being cleared up, but nothing of importance. To-morrow the president will send a message with his approval or disapproval of the various matters that reach him at the last of the session, and a 10 o'clock session of the Fifty-third congress will stand adjourned without day.

THEY WANT THE BOUNTY.

Louisiana Sugar Planters Bring Suit in the U. S. Court.

Washington, Aug. 27.—Judge Morris Marks, of New Orleans, representing the sugar planters of Louisiana, has filed suit in the United States court for the recovery of the sugar bounty for the year 1894-95.

The petition recites the provision of the McKinley law "that on and after July 1, 1891, until July 1, 1905, certain bounties shall be paid to growers of sugar, upon each prescribed condition as to the filing of a statement and taking out of licenses, etc. It recites that for the present year all these formalities have been complied with and have been formally accepted by the United States; that under the provisions of the section quoted the planters have gone on and enlarged the areas of their plantations, secured additional crops, and they demand that the United States shall carry out their contract, and pay the bounty on the crop of eleven million dollars.

"SUICIDE IS NO SIN."

This Expression of Ingersoll's Partly Responsible for McNamee's Death.

Duluth, Minn., Aug. 27.—Col. Robert G. Ingersoll's recent letter asserting suicide is no sin is partly responsible for a suicide that came to light yesterday. The body of Joseph J. McNamee, thirty-two years old and single, was found on the beach of Minnesota point, a short distance east of the ship canal and a short distance from the shore. It was carried out into the lake by the current which sweeps around Minnesota Point. The body was almost unrecognizable, because it had been floating on the water for some time. The victim's intention to make sure work is shown by the fact that he had bound his feet with his scarf and his hands with a handkerchief.

Eight weeks ago he came here for his health from Kansas City, where he and his brother had been in the commission business. He spent his \$400 in spree and became dependent when his brother refused to send him money for his hotel bill. To his fellow-boarders he talked about suicide, and quoted Ingersoll, and ten days ago he disappeared. His parents, who are well-to-do, live at Junction City, Kan.

NO NEWS FROM BLUEFIELD.

Washington, Aug. 27.—Secretary Gresham said this morning that no news had been received from Bluefield, and that he expected full dispatches from there late to-day, giving the latest developments in the situation there. The secretary was averse to expressing any opinion regarding matters at Bluefield, preferring to await the receipt of official advice.

COLONEL CROFTON ASSAULTED.

Least Welsh Strikes the Commander of the Fifteenth Regiment at Fort Sheridan, was assaulted by a crowd of Irishmen.

Chicago, Aug. 27.—At 2 o'clock yesterday afternoon Col. Crofton, commander of the Fifteenth Regiment at Fort Sheridan, was assaulted by a crowd of Irishmen.

Col. Crofton at that hour and as the two were conversing outside the fort, Welch suddenly struck Col. Crofton three blows in the face with his clenched fist. Officers near by, seeing the assault, intervened and placed Welch under arrest. It is thought that Welch is insane and he was at the influence of liquor at the time of the assault. The cause is not known.

DEATH OF JAMES W. CONVERSE.

Grand Rapids, Mich., Aug. 27.—James W. Converse, principal partner of the Converse Manufacturing company and the Phoenix Furniture company of this city, and president of the Mechanics' National bank, Boston, died yesterday at Swampscott, Mass., aged 64 years. He left an estate of \$7,000,000, of which \$2,000,000 is in the furniture plants and real estate in this city. He was one of the pioneers of the furniture industry in the west.

OBITUARY.

David Richards.

At his late home 91 Westervelt avenue, occurred the death of David Richards yesterday morning at 9, in the thirty-second year of his age.

His death was caused by a heavy cold which was taken a week ago and developed into pneumonia. The efforts of the best medical skill were baffled in the attempt to save his life. The end was peaceful and quiet.

Mr. Richards was born in New York thirty-two years ago, and at the age of 10 moved to Somerville, in which place he lived till about five years ago. Fourteen years he was associated with John Schomp in the law business, and two years with lawyer John Freck.

Five years ago he went to Omaha and engaged himself with the law firm of Schomp & Corcoran. He returned to Plainfield June 28 of last year, and was married to Miss Bertha Fisher of North Plainfield. They took up their residence in Omaha, but the climate did not agree with Mrs. Richards and they returned to Plainfield. Mr. Richards going back again at the earnest solicitation of his employers.

About five weeks ago he became to Plainfield and connected himself with Craig A. Marsh, intending to remain in the East. In Somerville he was well known, being an honorary member of G. H. National Guard, also a member of the bar, and for 12 years was an active member of the Knights of Pythias, having filled every chair. Four times his fellow-townsmen elected him town clerk. In his younger years he joined the First Baptist Church of Somerville, and was still a member.

Mr. Richards leaves a wife and daughter, two brothers, Edward and William of Plainfield, and a sister Miss Mary D. Richards of New York. The sadness of the bereavement weighs heavily on all who knew him.

The funeral services will be held Wednesday afternoon at 3 from the house 91 Westervelt avenue.

MORE WELLS.

The Great Drought Does Not Diminish the Supply in the Old Ones.

The boring tools are being received at the Netherwood pumping station, and the work of constructing four new wells, similar to those in use, will soon be begun. The additional supply will not be drawn upon until next year. The new wells are made in anticipation of increased business, both because of the introduction of sewers into Plainfield and the proposed extension of the territory supplied. The dry weather affects the wells but little.

CHURCH CHIMES.

Samuel Case very acceptably filled John McLaughlin's place as usher in the First Baptist Church yesterday.

A praise service was held in the First Baptist Church last evening, conducted by Rev. Arthur Crane. The attendance was large.

Plainfield was glad to meet again yesterday Rev. A. V. V. Raymond. He preached to large congregations in the Crescent Avenue Church. In the morning his topic was the great faith of the centurion, Luke VII: 7-8. An informal reception followed the services. In the evening Dr. Raymond alluded to the great pleasure he experienced in again visiting the city of his former pastorate and seeing so many familiar faces. Dr. Raymond was the guest of Major W. D. W. Miller during his stay.

—Charles H. Hand and J. D. Runyon have sold to Amos Wilson the house corner of Astor place and Lyman place.

Deafness Cannot Be Cured by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial. Deafness is caused by an inflammation of the mucous lining of the ear. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cause out of two are caused by catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

TAKEN TO THE ASYLUM.

Placid Case of Abandonment by Insanity of the Mother of Many Children.

Mr. Allen N. Lines of Elizabeth, who with her husband and six children were but a few weeks old, but she always recovered. Several years ago, shortly after the birth of her fourth child, she bit her mother. It was thought that the woman had some connection with the insanity and death of the mother a short time afterwards.

The oldest of the children is 11 years old, and the youngest six weeks. The oldest three are girls, and the rest boys. The last child is quite ill because of the shock experienced when the insane mother tossed the infant wildly from her on the bed.

Mr. Lines is inclined to believe that the immediate cause of the turn for the worse in his wife's condition was the quarrelling on two occasions last week of a neighbor with his family. The Misses Manning are Mr. Lines's aunts. Marshall Lines, his cousin, assisted in taking the woman to the asylum last week. Mr. Lines has a large store in Elizabeth. He was formerly in business here with J. C. Allen of West Front street.

EARLY INTELLIGENCE.

—Summit is to have a glimpse of the Tableau Phantasma which delighted Plainfield.

—Van Emburgh's sale Saturday night was a great success. The store was thronged with crowds, and the clerks were kept hustling till after 10. Mr. Van Emburgh gives all the credit to advertising.

—Neuman Bros. will receive tomorrow a shipment of canning peaches, bartlett pears, acreage and damson plums, choicest varieties; also a selected lot of melons to please everybody. Watchung avenue corner of Fifth street.

—A bulky good shirt for 30 cents. That's what Hallock advertised in The Daily Press and in 24 hours he was cleaned out of them. Now he has a fresh lot, and they'll go quick. Get a half-dozen while you're out there. They look and wear as well as a shirt for a dollar.

Court News.

Justice Nash will try the boy, Jack Chapman, arrested by Policeman Mattson on a charge of stealing potatoes from Fernandez Brown of LaGrande avenue, tomorrow afternoon at 2.

George Houseman was arrested for non-payment of taxes this morning. He was released after he had arranged to settle with Collector Nash.

Judgments against Zimmerman and others rendered by Justice Nash this afternoon were for \$49.33 in favor of Landreth & Sons, and for \$43.83 in favor of the Lebrant & McDowell Store Company.

A Pleasant Visit.

The bowling alleys of Hotel Arlington were reserved Saturday night for a merry party from Somerville, consisting of Mr. and Mrs. J. A. Murphy, Miss Maggie Smith, Miss Lizzie Smith, Miss Katie Oredon, Simeon D. Appar, Harry Rankins and Wm. Watt. Some of the ladies had never before bowled, but soon developed remarkable skill, and a series of lively matches was played. Strikes and spares were frequent. The game of the ladies against the gentlemen was decidedly won by the gentler sex, though Mr. Murphy, who represents the Somerville Best Company, made a phenomenal score.

Texas Cotton Crop Damaged.

Dallas, Tex., Aug. 27.—News received from the head of the cotton region of Dallas county state that half of the cotton crop has been killed by boll-worms and if the showers continue the entire crop is likely to be destroyed. The plants have grown so large and rank that the sun cannot penetrate its foliage, and the worm flourishes in the shade.

Lost of the Chautauque Season.

Chautauque, N. Y., Aug. 27.—The last Sunday morning sermon of the season was preached by the Right Rev. Bishop Arthur Cleveland Coxe, of Buffalo, whose subject was: "What Shall We Do to be Saved?" He answered the question from the evangelistic standpoint. To-day is the last day of the season and appropriate exercises are being held.

Snatched of a Wealthy Jeweler.

St. Cloud, Minn., Aug. 27.—Hugo C. Mett, a leading jeweler of this place, and believed to be worth \$100,000, killed himself during the night by shooting himself in the temple and heart. He left this note: "I have lost nearly everything, and this is my last step." His parents are wealthy Milwaukee people, and his remains will be sent there.

Fanwood Township Ordinance.

AN ORDINANCE

To provide for the removing and trimming of trees standing upon or adjacent to the sidewalks within the Township of Fanwood.

The inhabitants of the Township of Fanwood by their Township Committee do enact as follows:

Sec. 1. That all trees standing on the inner or outer side lines of any of the sidewalks within the Township of Fanwood, which said trees, or the branches thereof, shall in any way interfere with or obstruct the free passage of pedestrians walking to and from said sidewalks or the approaches thereto, or which shall interfere with or obstruct the approach of vehicles to said sidewalks, or any of them, or which shall interfere with or obstruct the light from the electric or other street lamps along said sidewalks, or any of them, shall be trimmed by the owner or owners of the lands adjacent to the sidewalks upon which the trees may be standing, within thirty days after the passage of this ordinance, as to persons owning the lands lying adjacent to the sidewalks within said township stored in the Township of Fanwood, or such other person or persons as said Township Committee may designate or appoint.

Sec. 2. And be it enacted that if any person or persons own the lands lying adjacent to the sidewalks within said township stored in the Township of Fanwood, or such other person or persons as said Township Committee may designate or appoint, shall refuse or fail to comply with the provisions of this ordinance, said person or persons so offending shall, on conviction thereof, be punished by a fine of not less than ten nor more than one hundred dollars.
