

REMARKABLE CURES
Of Recent Date.

A Statement from Dr. Lighthill.

TO THE PUBLIC:
I acknowledge with the utmost pleasure the wonderful cures which Dr. Lighthill effected in my case.

I had been a sufferer from piles, which gave me constant pain and distress, during twenty long years, attended with frequent loss of blood and with great and painful protrusion of the pile tumors and rectum whenever my bowels moved.

JOHN COBSON.

THE CASE OF MR. PETER G. EYCK, OF BISSELL, HUNTERDON CO., N. J.

Dr. Lighthill Effecting a Complete Cure Where Ten Physicians Had Failed.

TO THE SICK, SUFFERING AND AFFLICTED:

For many years past I have been afflicted with bleeding piles. Every movement of the bowels was attended with loss of blood and intense pain which lasted for hours and sometimes all day. My condition was aggravated by a prolapse of the rectum, which greatly increased my suffering and sometimes gave me most agonizing pains.

So great was my distress and so bad my condition that I sold my farm, not being able to work any longer. At one time the protruding pile tumors became so highly inflamed and swollen that they could not be replaced, and I had to go to bed, depending on poultices for three months before I could get relief.

I had been under the treatment of ten different physicians, some of New York City, Boston, Washington and elsewhere, without any benefit whatever, and had given up my hope as hopeless when, luckily for me, I heard of Dr. Lighthill's skill and success in such cases, and went to him for treatment, with the happy result that he effected a radical and permanent cure in less than four weeks' time, and I am glad to say that the entire treatment gave me neither pain nor distress.

I consider my cure perfectly wonderful, and so do all my friends and neighbors. I am confident that there is no case of piles which Dr. Lighthill cannot cure.

PETER G. EYCK, Biswell, Hunterdon Co., N. J.

Dr. Lighthill

can be consulted daily except Thursdays on all CHRONIC OBSTINATE AND COMPLICATED cases of the human system of whatever name and nature, at his office and residence.

No. 144 Crescent Avenue.

Deafness, Catarrh and Diseases of the Head, Throat and Lungs successfully treated.
Piles of the most aggravated nature radically and permanently cured in a few weeks, without pain or detention from business, and all other rectal diseases are treated with equal success.
Mental and Nervous Derangements, Epilepsy, Diseases of the Skin and Blood, Rheumatism, Neuritis and Scrofulous Affections.
This is the only place where a sufferer is successfully treated, even when other medical aid has failed.

ON THE FIRST BALLOT

Morton the Republican Choice for Governor.

Little Doubt That He Will Be Nominated at Saratoga To-day—Famous Still in the Race—Wadsworth Evidently in the Lead for Lieutenant Governor—Many Small Booms.

Saratoga, N. Y., Sept. 18.—All the big and little leaders of the republican party of the empire state are here and ready for to-day's battle in convention hall. The visitors have filled the big hotels with surging crowds and added to the excitement of the occasion without producing any material effect on the situation. Mr. Morton still is so far in advance of all other candidates for the gubernatorial nomination that he is almost certain of being nominated on the first ballot. For the second place a battle royal is being waged, and while there is supposed to be a quiet influence at work for Congressman Wadsworth there is no certainty that he will be the choice of the convention for lieutenant governor. Mr. Platt emphatically denies extending any aid to Mr. Wadsworth's canvass, but the anti-Platt men insist that the congressman is the Platt candidate. They assert that the importance of the second man on the ticket with a man of Mr. Morton's age has not been overlooked by Mr. Platt, and are fighting with some show of success to compass Mr. Wadsworth's defeat. At any rate Mr. Wadsworth's chances are not so bright as they were yesterday. The drift this morning is toward Senator Charles T. Saxton, and should continue the ticket will be Morton and Saxton instead of Morton and Wadsworth.

The number of small booms is increasing. Instantly on the morning of the first ballot the race to stay, and will be Mr. Morton's most formidable opponent. His followers claim 200 votes for him over the other candidates. The other names that will be presented are those of Cornelius N. Bliss, of New York, General Stewart Hazard, of Hartford, Conn., and Butterfield and Judge Leslie W. Russell, of Canton. Cornelius N. Bliss is expected to draw at least thirty votes from the city of New York.

For Judge of the court of appeals Judge Halght, of Buffalo, still appears to have the best chance. The other judges talked for the judgeship are Judge S. A. Kellogg, of Pittsburgh; Jesse Johnson, of Kings; Irving G. Vann, of Syracuse, and Pardon S. Willard, of Rochester.

Orange, Sullivan and Rockland, comprising the Seventeenth congressional district, met and decided to support Morton and Saxton. No action was taken on Judge of court of appeals of the delegates will support Jesse Johnson.

To Avoid Submarine Torpedoes. Washington, Sept. 18.—The bureau of navigation is informed that the Japanese government has given notice that American and other vessels entering Nagasaki harbor or the gulf of Tokio, in order to avoid torpedoes must hoist the "M" flag of the international code of signals when they are met by a pilot vessel bearing the "N" flag, having on board Japanese naval officers.

Entered Battleships Returned. Boston, Sept. 18.—In accordance with a request of the Massachusetts legislature, there has just been received from the navy department the battleships of the 15th, 16th, 17th and 18th regiments of Massachusetts Volunteer Infantry, captured by the enemy here during the war of 1861-65, and returned to the navy department.

Fatal Runaway at West Chester, Pa. West Chester, Pa., Sept. 18.—A pair of horses ran away with a pleasure party including James Burns and James Criswell, of Tipton, and the Misses May, Emma and Nellie McCarter, of Philadelphia. The young people were thrown out, Burns was instantly killed and May McCarter fatally injured. The others were but slightly hurt.

Erie County's Prosecutor Resigns. Albany, Sept. 18.—The resignation of George T. Quinby as district attorney of Erie county has been handed to Governor Flower. Mr. Quinby states ill health as the ground of his resignation. He is a republican and was elected in November, 1892, for a three years term.

Sabbath Home for Singers. Dayton, Sept. 18.—The cornerstone of the new Tremont temple (Boston's Sabbath home for strangers) was laid with but brief ceremonies. The Rev. Dr. George C. Loring, pastor of the mortuary with a silver trowel donated for the occasion.

Senator Rice Denounced. Albany, O., Sept. 18.—Rice was nominated for congress by the democrats of the Eighteenth district. Resolutions denouncing Rice were adopted by the action on the tariff bill were adopted.

Local Weather Forecast. Fair; variable winds; stationary temperature.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

ABSOLUTELY PURE

PEARY WILL PUSH AHEAD. The Arctic Explorer Disappointed, But Not a Bit Discouraged.

Brooklyn, N. Y., Sept. 18.—The following is from a special correspondent at St. Johns, N. F.: Lieutenant Peary, though disappointed with the results of his expedition up to the time that the relief party left, is not a bit discouraged, and has still excellent prospects of success. The supplies for the journey that he will take northward are all on the ice cap, some more than a hundred miles inland. Lieut. Peary will also undertake a complete survey and mapping of the coast from Cape York to Cape Alexander, thus adding more than 500 miles to the coast line that has already been surveyed. The survey of Melville bay has been completed by Lieut. Peary. It is accurate in every detail, and eliminates that factor from the Arctic problem.

Lieut. Peary's departure from the Falcon on Aug. 23 for a second winter in Falcon harbor with Lee and Henson will become an historic event in polar explorations.

The returning members of the expedition are all in excellent health and anxious to get to their homes as soon as possible, now that their work in the polar regions is over. The summer season has been unusually backward in the north, and consequently the Falcon's voyage was made under very adverse circumstances. The vessel was over 26 days in making the last 50 miles, being put through the ice at a very slow rate. Last year the same distance was covered in eight hours. On some days the ice closed in so thick that it was almost impossible to make any progress at all.

The little party was in constant danger, and the vessel escaped serious mishaps only through the ever watchful and prompt action of the crew. The members of the expedition killed eight polar bears, all of them being fine, large specimens.

On her arrival here the Falcon was received with honor by the officers and sailors on board the British mail-of-war Buzzard, and Mrs. Peary and her baby were taken ashore in the captain's launch.

MILLIONAIRE KING'S CASE. Further Efforts at Newport for His Release from the Asylum.

Newport, R. I., Sept. 18.—A preliminary hearing in the case of Millionaire William H. King vs. George Gordon King and others was heard before the supreme court. Judge Jere Wilson, Madeline Pollard's counsel, appeared for the plaintiff, King, with James Tillinghast, of Providence, and Edward Revy, of Boston, a strong array of legal talent.

King was confined in an asylum for years, and his friends allege that he is competent to manage his own large estate, and the present action is an appeal from the decision of the probate court of Newport appointing George Gordon King, of New York and Newport, guardian, to succeed the late King, deceased. There are a dozen relatives prominent in society who stand as a unit favoring the continued confinement of King, and they are supported by several recent decisions of the Massachusetts courts.

The guardians' counsel moved that Caleb Eaton, of Boston, the next friend, who brings the action of King, be removed from the case as unfit, having before the date of the action received a stroke of apoplexy. There is delay of a month to consider this important question. Among the plaintiff's objections to the appointment of George Gordon King as guardian are that Newport courts have no jurisdiction over the case, and that William H. King was a resident of New York.

ORDERED TO CHINESE WATERS. The Machias and Detroit To Be Prepared For Sea at Once.

Washington, Sept. 18.—The first matter that occupied the attention of Secretary Herbert when he returned to the navy department after five weeks' absence was the problem of reinforcing the Asiatic squadron. He issued preliminary orders to the commanders of the Machias and Detroit to prepare to proceed to China as soon as possible.

The Machias is ordered to be put into commission at the New York navy yard. She will be ready for sea in about three weeks and will sail as far as she is joined by the Detroit, which is now being repaired at Norfolk. The Machias will carry the Columbian relief which was excited at Chicago last year, leaving those belonging to Spain at Cadiz and returning the veteran collection to Rome. These relief will be sent over to New York in charge of a state department official and a marine guard and they will be delivered at their destination with considerable ceremony. The Detroit and Machias are expected to reach China early in December.

Death of Isaac Fluke. Worcester, Mass., Sept. 18.—Isaac Fluke, who founded Fluke's band in 1857 and brought out Arbuckle and Pat's band musicians, is dead, aged 74 years.

Increase of the Gold Reserve. Washington, Sept. 18.—The gold reserve has increased during the past twenty-four hours nearly \$400,000, standing at present at \$37,400,351.

Paper for German Odd Fellows. Albany, Sept. 18.—The Puber Publishing company, of New York city, organized to publish a German weekly newspaper devoted to the interests of German Odd Fellows in the United States, has been incorporated with a capital of \$25,000.

Pepper To Retire from the Turf. Lexington, Ky., Sept. 18.—The well-known turf writer, Col. James E. Pepper has decided to retire from the turf and his entire stable will be sold at auction on Saturday at Gravesend.

Chomsky Knocks Out Boden. Chicago, Sept. 18.—Joe Chomsky, of California, knocked out Mike Boden, of Chicago, in the eighth round of a ten-round fight at the Tattersall's. Boden was never in it.

TO WEAKEN THE UNIONS

Plans of the Fall River Mill Owners Now.

After the Spinners in Particular, Whom They Fear—3-1-10 Demanded for Print Cloth, and a Belief That Prices Will Go to 3-3-4 Within the Next Two Weeks.

Fall River, Mass., Sept. 18.—The print cloth market is firm, manufacturers declining to sell for 3 cents, asking 3-1-10 cents for 64x4 1/2. If the demand continues even in a light form, treasurers feel confident that prices will go to 3-2 cents in two weeks. It seems now to be the plan of the manufacturers to push the operatives to the wall, and exhaust, as far as possible, the resources of the labor unions, particularly those of the spinners, which are feared by the agents. If in the end it becomes evident that values are "real" and it is not necessary to stop the work of the operatives, wages will undoubtedly be restored, but meantime it is proposed to put on the screws and teach the help that in all probability the market would have been better off had they consented to work for what they could get.

In justice it should be stated that there are agents who do not believe in this plan, who argue that it is a fortunate thing for the corporations that the weavers should remain out. Companies that were carrying a big stock have been especially benefited. The weekly statements show that if the mills had continued to run full time, there would now be over a million pieces on hand, and in all probability the market would have been below 2-3-4 cents. This basis would have been low enough in all reason and nobody would have been hurt. Why, then, the help are to be disciplined for doing something which meets the approval of many stockholders and treasurers is something that has not been explained as yet.

There ought to be no great risk in starting on a three-cent market with a surplus of 2,000,000 pieces, particularly when there was no objection to running for months on a much lower market value from 500,000 to 800,000 pieces on hand. This city practically controls the market for print cloth and can manipulate it at any time without causing distress to labor, provided manufacturers will act together as they are acting now. It is not necessary to stop the work of the operatives for two months stretch to produce the desired result. The operatives do not need to be tamed; they accepted one cutdown without the slightest hesitation and they cannot be tamed for not accepting another on top of it, in case they think they can improve existing conditions by taking a vacation. They have their labor to sell, and they have as much right to sell it on the best terms possible as employers have to prop up the market or curtail product. They are the power of their organization and are as effective as they can, as long as they do not resort to violence."

FROM ABRAHAM LINCOLN. An Interesting Dispatch Accidentally Unearthed at Washington.

Washington, Sept. 18.—Major Davis, of the war department, who is in charge of the collection of voluminous papers forming the rebellion record, in the course of his researches the other day among the papers which he had been ordered to destroy, discovered a letter from Abraham Lincoln, which does not seem to have been published or if published has been lost sight of in the stirring events that accompanied it. It is dated 1864, in the very climax of the war, and apparently was intended to be the best, or at least, more, given in aid of the sailors and marines of the navy. The great war president spoke in earnest commendation of the great services and efficiency of the navy. Whether or not the dispatch was received on the occasion for which it was intended there is no evidence in the department to show.

New Mile Cycle Record. Pittsburg, Sept. 18.—Harry Tyler, of Springfield, Mass., at the Pittsburg Athletic club park, broke the mile bicycle record, flying start, on a quarter mile track by making the distance in 2:31.4. The time by quarters was as follows: 20-4-5; 30-4-5 and 31-3-4.

No Pay for South Jersey Employees. Philadelphia, Sept. 18.—Judge Dallas in the United States circuit court declared that the South Jersey railroad receivers of the South Jersey railroad to raise \$40,000 with which to pay wages due employees.

BASE BALL YESTERDAY. National League. At Pittsburg—First game—Baltimore, 10; Pittsburg, 1. Second game—Baltimore, 4; Pittsburg, 1.

At Louisville—Louisville, 7; Washington, 6. At Cleveland—Cleveland, 12; Brooklyn, 6.

At Chicago—New York, 5; Chicago, 2. At St. Louis—St. Louis, 6; Boston, 5.

Anniversary of the Battle of Antietam. Kingston, N. Y., Sept. 18.—The thirty-second anniversary of the battle of Antietam was observed here by a reunion of the veterans of the 20th, 72nd and 103rd regiments of Saengerites. There was a camp-fire in the afternoon. Addresses were made by Gen. T. B. States and Louis Blum, of Brooklyn, and Gen. Green, of New York.

Will Collect Immigrant Head Tax. Washington, Sept. 18.—The Canadian steamship companies, with which the immigration bureau has a contract for the collection of the head tax on immigrants, have agreed to collect the dollar head tax in lieu of fifty cents per head as increased in the recent law passed by congress.

THINK OF THIS.

ARE YOU ENTIRELY CONTENTED WITH YOURSELF?

There is a Good Reason for Your Present Condition—You Can Better It if You Want To and Very Easily.

There is nothing which keeps people down so much as poor health. If the nerves are weak, if the stomach, liver, bowels, or kidneys fail to do their work properly or for any reason they feel badly they must do something to get well.

Don't wait and learn by bitter experience how dangerous it is to trifle with disease. Read the peculiar and experienced words of Mrs. R. H. Henry, of 234 Douglas street, Indianapolis, Ind., and her wonderful recovery:

"Several years ago I was afflicted with catarrh, female weakness and nervousness. I could not sleep nights and was in a fearful condition. My limbs would draw and I would be like ice. I could not sit still a moment and was a wreck. I had no appetite and what little food I ate distressed me.

"I was growing very thin and losing all the color in my face. I came to the conclusion I was going to die. I doctored with the most eminent physicians but received no benefit and was terribly discouraged. I heard of Dr. Greene's Nervura blood and nerve remedy and the wonderful good it was doing and decided to try it.

"I used three bottles and could then sleep well, my appetite was good, my food digested all right and my nerves were also strong. I was entirely cured by Dr. Greene's Nervura blood and nerve remedy.

"A friend of mine, Mrs. T. M. Dolan, has also been greatly benefited by this medicine, she says she could not do her own work without it. Another friend, Mrs. Thomas Damon, living on the same street with me, has been wonderfully benefited by this remedy. I advise every one to use this remedy, its effects on the system are marvelous.

The one medicine in the world which will cure you and make you strong and vigorous is Dr. Greene's Nervura blood and nerve remedy. It is used and prescribed by physicians everywhere and is known by them to be the best, strongest and safest medicine in existence. Use it and you will be made well. It is the discovery of Dr. Greene, of 35 West 14th st., New York, the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter.

LOSES A GOOD JOB. Architect O'Rourke's Immediate Resignation Demanded.

Washington, Sept. 18.—Secretary Carlisle has asked for the immediate resignation of Jeremiah O'Rourke, of Newark, N. J., supervising architect of the building department. He was appointed to his present position by Secretary Carlisle shortly after the advent of the present democratic administration, succeeding W. J. Edwards, of Chicago. He was one of a dozen prominent applicants and was backed politically by Senators Smith and McPherson, of New Jersey, and in fact by the whole democratic delegation of New Jersey, besides by a number of prominent architects of the north and east.

Several times within the past year he has, in the conduct of his office, had friction with his superior officers and with under officials appointed by Secretary Carlisle. One of the latest misunderstandings, it is said, took place with W. H. Fleming, chief of the law and contract division of his office. Mr. Fleming is a personal friend of Secretary Carlisle and in this latest office controversy he, it is said, upheld Mr. Fleming. The salary of the place is \$4,500 per year, which is one of the best in the treasury service, and the position is one of vast responsibilities.

BASE BALL YESTERDAY. National League. At Pittsburg—First game—Baltimore, 10; Pittsburg, 1. Second game—Baltimore, 4; Pittsburg, 1.

At Louisville—Louisville, 7; Washington, 6. At Cleveland—Cleveland, 12; Brooklyn, 6.

JAPS' GREAT VICTORY

Over 14,000 Chinese Officers and Men Taken.

Twenty-three Hundred Killed in the Battle at Ping-Yang—The Walls of the City Badly Shattered by the Cannonade—Marshal Yamagata Congratulated by the Emperor.

Shanghai, Sept. 18.—A Central News dispatch from Tokio says that four Chinese generals, Chao Pao-kwei, Wei Jui-kwei, Ma Yukowang, and Bei Kunlin, together with 14,500 other officers and men were taken prisoners by the Japanese at Ping-Yang. The Japanese outnumbered the Chinese there to one.

London, Sept. 18.—A Central News dispatch from Seoul says: Within ten hours after the conclusion of the battle the military engineers had completed a telegraph line from here to Ping-Yang. A large number of prisoners were brought into the Japanese camp from houses in which they had hidden themselves during the final assault. Several thousand Chinese fled toward a valley to the northward, and upon finding their retreat in this direction cut off, surrendered to the Japanese. Ping-Yang is now being searched in the belief that a number of important Chinese officers are hiding in the city under the protection of friendly Koreans.

The number of Chinese who were killed in the battle is estimated at 2,300. The walls of Ping-Yang were badly shattered by the cannonade which was poured upon them by the guns of the Japanese, but the city itself is only slightly damaged. The Japanese emperor has telegraphed from Hiroshima, where the headquarters of the army are located, congratulating Marshal Count Yamagata upon the success of the Japanese arms. Count Yamagata has issued a general order commending the valor of the troops which they have demonstrated on the battlefield. The order concludes with an expression of pride on the part of Marshal Yamagata at being in command of so brave an army.

The firing column of the Japanese army is pushing northward with the object of taking possession of the mountain passes. At the same time a proclamation has been issued to the Koreans promising full protection if they will refrain from acts of hostility toward the Japanese. On the other hand they are informed that if they give shelter to or engage in traffic with the Chinese they will be summarily dealt with by process of martial law.

A dispatch from Tokio says: Continuous artillery salutes are being fired in celebration of the victory of the Japanese army. The Shanghai Mercury states that the Japanese government has issued a general order commending the valor of the troops which they have demonstrated on the battlefield. The order concludes with an expression of pride on the part of Marshal Yamagata at being in command of so brave an army.

HOPE FOR DYSPEPTICS.

A NATURAL FOOD THAT DOES NOT REQUIRE DIGESTION.

How Mixing With Fruit Acids Digests Food Before it is Even Taken Into the Mouth.

Natural foods are as a rule insoluble. They must be dissolved before they can be absorbed.

Digestion is the dissolving of food in our mouth, stomach and intestines. It is done by special ferments prepared by special organs.

A great deal of energy is used up in digestion. Well people can spare the energy sick people cannot. People who have not sufficient energy suffer from indigestion.

It is plain that Faskola, which is an artificially digested food, will save a sick person a great deal of energy.

Artificial digestion is the dissolving of food outside the body by the same ferments that dissolve it inside the body. Faskola is a natural food made of grains and fruit that has been digested in this way. It also aids in the digestion of other food.

Sick people need all their energy to get well; they should take Faskola. Thin people spend their energy in business or other cares and worry. Faskola will make them fat without giving their digestive organs any work.

Faskola is the ideal natural fattening food. It is more. It is a natural tonic food that does not create false new energy but helps you to husband what you have.

Any one who reads this advertisement which follow will be convinced of the surprising worth of this great artificially digested food.

DEAN PATTERSON, August 16, 1894. Dear Father: And you have indeed been friends to me as you would be convinced if you could have seen me last Summer at this time and see me now. For three years I have been treated by the best doctors in Indiana and Ohio. I would get relief for a while, but only to get worse again. When I commenced to take Faskola I did not think that it would do me any good, and I had made up my mind to quit taking medicine and let Nature take its course, when one of your little books was thrust into my hands. I have taken four bottles and today I never feel better in my life. I did not think that I would have gained in flesh, but every one says I look so much better.

I have advertised it well here and several have tried it and are much pleased. I can eat anything I want and sleep at night like a log. I cannot say enough of Faskola and also of the tablets. They are just grand. I wish I could convince every one of its merits; they would certainly use it. I remain your friend, Mrs. FANN GRIFFIN.

You can obtain Faskola of any good druggist, or of the New York office, mailed by The Pre-digested Food Co., 30 Rensselaer Street, New York.

Frauds

Exist in many forms, but there is no fraud that is more contemptible than the one of substitution. Of all the substitution frauds there is none which perpetuates a greater outrage upon the consumer than the substitution of Imitations

for Cottoleone, which is the only reliable name in the healthful shortening upon the market. Don't be induced to purchase Counterfeits

of Cottoleone, or you will be lamentably disappointed in the results. Cottoleone as a shortening is endorsed by physicians and cooking experts. Beware that your cook uses Cottoleone.

AT BEDTIME I TAKE A PLEASANT SLEEPERS DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW! AND MY COMPLEXION IS BETTER. My doctor says it is a pleasant surprise. This drink is made from the best and purest of the most healthful and refreshing of all fruits. It is called LANE'S MEDICINE. All druggists sell it at 25c and it is a package. If you desire more information for a free sample, please send your name and address to LANE'S MEDICINE, 100 N. 3rd St., New York, N. Y.
