The cradle is out of date and the tiny, ace-draped crib has taken its place. Cradle songs remain. No better ones have been written since mothers hushed their tired ones to sleep with "Rock-1-bye, Baby," and "Bye, Baby Bunting," but the art of infant feeding has gone far ahead of the old ways.

Mothers no longer give sirups to still babies' cries; little or no medicine is now given, but better food. Lactated food is now known to every mother. In the great m jority of homes in this country and in Canada this best of infant foods has found a parmanent place.

Next to healthy mother's milk it is the next perfect diet for infarts.

Very often it is much superior to the next breast milk, because it never becomes deficient in nutritive qualities. It

Great numbers of such mothers have written that nothing else would agree with their children but lactated food.

lactated food just adapted to their peculiar needs. It nourishes both mother and liar needs. It nourishes both mother and child. And this is what one would expect from a knowledge of its rich, blood-making ingredients; using pure milk sugar as a basis, because it is also the basis of mother's milk; there is added the richest gutten flour of wheat and oats; these are subjected to high steam heat under pressure, and while in constant motion and perfectly cooked, the extract of the finest malt barley is added, making thus a partially digested food that is easily as similated by the feeblest stomach.

Invalide and aged persons find lactated food the most grateful to their weak stomachs of any nutriment they can take.

Here is the experience of the sweet baby girl whose portrait is given above. Her mother, Mrs. E. E. Reynelds of Fair Haven, Vt. writes:

Got a Warm Reception from Detec tives and Train Hands Two of the Bandita Supposed To Have Been Killed-A Hot Chase for the Others by a Sheriff's Posse.

Fort Madison, Ia. Sept. 19.—Four masked men attempted to hold up train No. 5. the Utah and Colorado express, on the Atchison. Topeka & Santa Fe road, near Corin, Mo., seventy-five miles west of here.

As a result "Dad" Frescott, the engineer of the train, is probably fatally wounded, two of the bandits are believed to lie dead or wounded in the woods that surround the track. The attempt to rob the train failed completely.

The plot was formed three weeks ago, and the failroad and express officials have had a spy in the camp of the bandits ever since. From the time the train left Chicago at 5 Monday evening, railroad and express detectives, all walking arsenals, climbed on at every station. Chief Detective J. J. Kenney, of the Santa Fe, with G. C. Montgomery, his righthand man, boarded it at Joliet. At Streator they Montgomery. his righthand man, boarded it at Joliet. Matthews, who has been acting the spy for the last two weeks, put in an appearance at Galesburg.

The train reached this place shortly after midnight. Then a council of war was held and a plan of campaign was adopted. Detectives Kinney and Montgomery boarded the train. Superintendent Stockton and two of his good shots tarried in the express car. But it was on the forward end of the smoking car the forces were massed. A partition and door inclosed half a dozen seats and shut off the rest of the car from it.

There was only one passenger in tha compartment, and he was requested by the brakeman to take a seat in the chair car as "they were going to sweep." Pullman car conductors and porters sought places of safety, and the trainmen did not expose them-

The greatest reproach to practical medicine has been the fearful loss of infant lives at every return of the hot weather; the attention of the whole medical world has been directed to this great subject of proper infant feeding, especially during hot weather.

Breckinridge,

Saratoga, N. Y., Sept. 19.—Republican confidence in the success of the grand old party in the empire state made the convention here one of the largest and most enthusiastic since the war. Men of brains and ability, as well as men prominent in politics transformed this town of summer fashion and galety into a busy scene of business that may have a marked ef-fect upon the history of both state and

night. Delegates who took part in the propedings on the floor and enthusiasts who looked on and cheered every prophecy of victory in November numbered 4,000. Between sessions half a dozen brass bands and bodies of marching men in the streets kept the convention. The state central committee, who presented ex-Congressman William Edgar Simonds, of Canton, as temporary chairman of the convention. Samuel A. Eddy, of Canton, and Geo. A. Kellogg, of Rock-wille, were elected secretaries.

marching men in the streets kept the excitement at white heat.
Factional fights for nominations were numerous, but once the nominations were numerous, but once the nominations were made there was nothing but union and a hurrah for the comping campaign. FLOWER'S WITHDRAWAL

The Governor Refuses To Say Anything More About It.

Albany, Sept. 19.—Gov. Flower refuses to make any further announcements concerning his withdrawal from the field for re-nomination. Col. T. S. Williams, his private secretary, said that all he could add was that the governor had had the matter under careful consideration for some time and had only reached a decision Monday evening. In conference with Senators had only reached a decision Monday evening. In conference with Senators Hill and Murphy, Mr. D. G. Griffin, of Watertown, formerly chairman of the executive committee of the democratic state committee, and Mr. A. N. Brady, of this city, he had made the announce-ment of his withdrawal. Senator Hill still refuses to be interviewed concern ing what passed at the conference and said in reply to a query that he had nothing to say concerning the candi-dacy of John Boyd Thatcher. Senator Murphy says that Gov. Flower's with-

drawal was voluntary. The news that Gov. Flower will not be a candidate for renomination will be a surprise to democratic politicians everywhere that if he asked for a re-nomination he would have practically

no opposition.

While he had not said in so many the politicians have looked upon him started out making speeches to the farmers more than a month ago.

Ohio Democrata Columbus, O., Sept. 19.—The adherents of Senator Calvin S. Brice will control the democratic state conven-tion to-day by two to one. This much is certain. But the opposition to the junior senator and which is based jumor senator and which is based upon his anti-administration course in the recent tariff contest, is compact, aggressive and under good leadership, and because it is outnumbered it does not follow that it will accept the peace and harmony programme of the Brice-ists without putting itself on record.

BANKER PHILLIPS' ARREST.

Held in \$10,000 Bail on the Charge of Embezzlement.

Philladelphia, Sept. 12.—Charles I. Phillips, former'y president of the Co-lumbia Savings bank, of this city, and Phillips, former's president of the Columbia Savings bank, of this city, and now a banker in New York city, and who was arrested in the latter place yesterday, charged with embezzling money from the Columbia bank, was brought here in charge of a detective. The charge against Phillips is embezzling \$683 of the bank's funds, and was made by John Regan, a former depositor in the bank. Regan charges that Phillips used the bank's money for a stock transaction and that after the fallure of the bank in 1887 te fled and has since been a fugitive from justice. Phillips was taken to the district attorney's office on his arrival here, and after some discussion he entered bail in the sum of \$10,000. Counsel for Regan claims that the \$683 represents only a fraction of Phillips' embezzlement and that the books of the bank will show a shortage of \$100,000. Phillips denies that he has ever been a fugitive from justice and that he has been in business in New York for the past five years and has made frequent visits to this city.

Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound ar imperfect hearing, and when it is entirely acceed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, bearing will be destroyed forever; the cases out of test are caused by entarth, which is nothing but an inflamed condition of the mucous surfaces.

We will give fifto for any case of deafness is cannot be taken out of the importance of deafness is cannot be taken out of the importance of the first matter and the programme for next Tuesday's meeting was all the important bus'ness transacted. Each member will then appear to the fails of the first matter and what he has derived from it. The officers for the Fall and Winter are:

The missionaries are doing much to dis-pei the mysticism and reverent awe which the Chinaman holds for the concoctions of snakes, toads, lizards, etc., prepared by snakes, toade, lizards, etc., prepared by the native doctors. They recommend standard remedies which have long been favorably known in America and Europe, such as Dr. Bierce's Golden Medical Discovery, a remedy for all cases of bloodtaints or humors, which has had years of uninterrupted success in the United States and numbers its cures by the ten of thousands. This is a point gained for the tusands. This is a point gained for the future welfare of the Dragomen Empire.

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journal-ist Makes a Disclosure.

ist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in this respect than it does. In literature it is rapidly acquiring an enviable pides. In war and literature Solomon Yetwii, well known as a writer as "Sol," has won in honoroble position. During the late tar he was a member of Co. M. 2d, N. Y. Cavaliriand of the lith Indiana Infantry Volundeets. Regarding an important circumstance he writes as follows:

"Several of he old veterans here are using Dr. Miles' Restocative Nervine. Heart Cure and Nerve and Liver Pills, all of them gl/ing splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we mad say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the estigrowth of a new principle in medicine, and force up the system wonderfully. We say to all, try these remedies."—Solomon Yestell, Marfon, Ind. Dec 5, 1852.

These remedies are sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, if Ser bottle, six bottles is, express prepaid. They positively contain neither opinion nor dangerous drugs.
