## REMARKABLE CURES

### Of Recent Date.

A Statement from Dr. Lighthill's Own Pen, of Clinton, N. J.

To the Public: I acknowledge with the utmost pleasure the wonderful cure which Dr. Lighthill effected in my case.

I had been a sufferer from piles, which gave me constant pain and distress, during twenty long years, attended with frequent loss of blood and with great and painful protrusion of the piles tumors and rectum whenever my bowels moved.

I tried constantly to get relief from my sufferings, but to no purpose until Mr. Bryan, a friend of mine, who had been cured by Dr. Lighthill of the same trouble, recommended him to me, and he effected a complete and radical cure in my case also, and earned my lifelong gratitude.

JOHN CORSON.

THE CASE OF MR. PETER G. EYCK, OF BISSELL, HUNTERDON CO., N. J.

Dr. Lighthill Effects a Complete Cure Where Ten Physicians Had Failed.

To the Sick, Suffering and Afflicted: For many years past I have been afflicted with bleeding piles. Every movement of the bowels was attended with loss of blood and with intense pain which lasted for hours and sometimes all day. My condition was aggravated by a prolapse of the rectum, which greatly increased my suffering, and sometimes gave me most agonizing pains.

So great was my distress and so bad my condition that I sold my farm, not being able to work it any longer. At one time the protruding pile tumors became so highly inflamed and swollen that they could not be replaced, and I had to go to bed, applying hot poultices three months before I could get relief.

I had been under the treatment of ten different physicians, some of New York City, Easton, Washington and elsewhere, without any benefit whatever, and had given up my case as hopeless when, luckily for me, I heard of Dr. Lighthill's skill and success in such cases, and went to him for treatment, with the happy result that he effected a radical and permanent cure in less than four weeks' time, and I am glad to say that the entire treatment gave me neither pain nor distress.

I consider my cure perfectly wonderful, and so do all my friends and neighbors. I am confident that there is no case of piles which Dr. Lighthill cannot cure.

PETER G. EYCK, Bissell, Hunterdon Co., N. J.

## Dr. Lighthill

can be consulted daily (except Thursdays) on all CHRONIC, OBSTINATE AND COMPLICATED diseases of the human system of whatever name and nature, at his office and residence.

No. 144 Crescent Avenue.

Dizziness, Catarrh and Diseases of the Head, Throat and Lungs successfully treated.

Piles of the most aggravated nature radically and permanently cured in a few weeks, without pain or detention from business, and all other rectal diseases are treated with equal success.

Mental and Nervous Derangements, Epilepsy, Anæmia of the Skin and Blood, Rheumatism, Neuralgia and Scrofulous Affections.

Diseases of the Heart, Liver, Stomach, Bowels, Kidneys and Bladder are successfully treated, even when other medical skill has failed.

## LOSS OF THE DARK HARKES

### Perils and Hardships of the Unfortunate Crew.

All But Three of Those on Board Reached the Island of Madagascar in Small Boats and Are Assisted to Land Through Heavy Breakers and Carried for by the Natives.

Provincetown, Mass., Sept. 29.—Letters received from Tamatave, Madagascar, written by Mrs. Knowles, wife of Captain Knowles, of the New Bedford bark *Harriet*, which was reported abandoned at sea Sunday, June 17, in the Indian ocean, give interesting details of the loss of the vessel and the subsequent doings of the ship's company. The bark was badly strained in a cyclonic storm in the Indian ocean and sank shortly after those on board had left her in two boats. One of the boats was in charge of the mate, John Harwit, and with him were the cook, O'Neill, the pilot, Morrison, and Charlie Johnson, seaman. The other boat contained Captain Knowles, his wife and the others of the crew, making nine in the captain's boat, which, with water and provisions, brought her to a level with the water. During Sunday night the boats parted company and the mate's boat was never seen again.

On Thursday the land of Madagascar was sighted, but in pulling in for the shore it was seen to be fringed with a solid wall of huge breakers extending from the land. The boat was unable to make a boat sail. Thinking that they might be picked up by a passing vessel, and not knowing their position, they pulled slowly along the shore, well outside the line of breakers. The next day their water was all gone and they began to suffer much from thirst. A spot was found where the boat was headed for the shore, on which could be seen a group of natives watching them and making them signs. Just before reaching the shore the boat was lifted on the back of a huge breaker, which carried it with rapid speed to the land. The natives, who were armed with spears and water and hauled the boat out of the surf.

The natives took them into the interior of their village and treated them kindly. Here they learned that there was a white man living twenty miles away, and a native was sent to bring him. The native who was found was the captain's son, who was drowned in the surf. He was captured in the woods for some days with no clothing but a flannel shirt, a pair of trousers and a hat. When he was last found by some French soldiers he was in a crazed condition, and it was some time before he could be brought to his senses. The French soldiers, who were taken to Tamatave, where they were kindly cared for by the consul and the French inhabitants of the place. The party was unable to leave on the steamer that took the letters, but expected to leave on the next French mail steamer, the last of August, for France.

Is Revolution Brewing in China? Vienna, Sept. 29.—The Politische Correspondenz says the following information has reached St. Petersburg from China and attracts the serious attention of the government. "The intense excitement in all the provinces of China and the dissatisfaction of the highest officials of the empire have reached a point which indicates a probable movement against the reigning dynasty. The spirit animating the regular army is insubordinate, but the troops have been much retrained. The irregular troops, upon which the government must now rely, are committing great and frequent crimes everywhere, including the capital. The war chest is empty as the state exchequer and the government has the greatest difficulty in purchasing the bare necessities for the troops in the frontier provinces."

Reverend Gentlemen Pass the Life. Milwaukee, Wis., Sept. 29.—Rev. Sabine Halsey, the best known Methodist preacher in Wisconsin, and who has married scores of eloping Chicago couples, was married yesterday to Miss L. L. Benjamin, of Oshkosh, at the Wisconsin Methodist conference at Fort Howard. Halsey accused Benjamin of working a "double cross" against Bishop Fowler and himself. Benjamin gave Halsey the lie and reverend brothers stepping in prevented a contest in prize ring style.

"Dr. Clark's Understudy Sentenced." Boston, Sept. 29.—Norris A. Wilson, alias "Dr. Arthur M. Hill," has been sentenced to the Massachusetts reformatory for criminal malpractice. Wilson, who comes from a respectable family in Watertown, N. Y., is 35 years of age, and for about four months was an "understudy" to the notorious "Dr. Robert A. Clark," who was sentenced to ten years in state prison.

Convicted of Offering a Bribe. Pittsburg, Pa., Sept. 29.—Richard Armstrong, an ex-councilman and well known citizen of Allegheny City, was found guilty in criminal court on the charge of offering a bribe of \$300 to John Born, a councilman in Allegheny, to vote for a certain engineer for the new Allegheny City water works. The judge recommended Armstrong to the mercy of the court.

Baltimore-New York Games. Cincinnati, O., Sept. 29.—It was finally agreed yesterday at the conference by Managers Hanlon and Ward that the first games of the joint series should be played at Baltimore on Thursday, October 4. The second game will be played Friday at Baltimore and the third game Saturday at New York.

Nominated for Congress. Batavia, N. Y., Sept. 29.—James W. Wadsworth was renominated by the republicans for congress on the first ballot.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

## COOK'S PATENT

### ABSOLUTELY PURE

Two New and Wonderful Speed Records Made.

## PIGEONS IN GREENLAND.

Philadelphia, Sept. 29.—A letter has been received here from Lieutenant R. E. Peary, in which he says that homing pigeons are not as successful as messengers in the Arctic regions. The letter is dated Anniversary Lodge, August 13, and reads: "I regret very much to say that the experiment with homing pigeons as messengers in the Arctic regions has not proven a success, even with our earnest efforts to make it so. Between the Esmo dogs and the Greenland falcons the number of birds were very rapidly reduced. Some were lost in the confusing wilderness of rocks and ice. The only success was a single bird which was sent from a camp on the ice cap, about twelve miles from the lodge. A few of the birds were sent into the water, but they came stupid with the cold and darkness, and the last one was decapitated by one of the dogs as he put his head into the water. I am led to believe that the year's experience that this region is adapted only for those kinds of life which are found here, and any attempt to introduce others is certain to fail."

French School Ships at New York. New York, Sept. 29.—The French warships, *Nalade*, *Nelly* and *Rigault* de Genouilly arrived here at 9:45 a. m. and after giving the national salute to the United States flag, they proceeded to the harbor. The *Nalade* is the flagship of the French navy and the vessels are virtually school ships for the instruction of young men of war. The fleet will be in the harbor for the next forty-eight hours the formal visit of the commander of the fleet will be made to Major General Howard, at Governor's Island.

Lament on Hill's Nomination. Washington, Sept. 29.—Secretary Lamont gave his views about the nominations made by the New York democratic convention. "I see no reason," said the secretary, "why Mr. Hill should not be for the championship of the democratic state and has been for thirty years. Mr. Hill is a vote-getter and the campaign will undoubtedly be active one. There may be some men of greater or less prominence, who will refuse to support him, but he will not be concerned about that. He has his own way of making a canvass and will look elsewhere for his votes."

Gov. McKinley Talks Labor. Gallipolis, O., Sept. 29.—Governor McKinley's speech here was on the labor question. He enlightened his audience on the decrease of the state reformers employed in various manufacturing establishments as shown by the bureau of statistics reports. He spoke in the place where he was born, but said that gentleman had to go to the old world in order to receive a cordial greeting.

Elmira Reformatory Investigation. New York, Sept. 29.—The meeting of the committee appointed to investigate the management of the last reformatory at Elmira, which was to take place on October 2 at the Mott Memorial hall, has been postponed to October 11 and the place of meeting changed to the Park Avenue hotel, Park Avenue and Thirty-third street.

Big Blaze at Meshoppen. Funkhannock, Pa., Sept. 29.—The Carlin block, which is a store, a barber shop and the hall block at Meshoppen were burned at midnight. Loss, \$15,000. The fire originated from a lamp in the jewelry store. Meshoppen has no fire department.

Iron Workers' Wages Reduced. Lancaster, Pa., Sept. 29.—The Iron company, of this city, has posted a notice of reduction of puddlers' wages from \$3 to \$2.50 a ton. Other employees are reduced 3 per cent.

70-Year-Old Murderer. Montgomery, Ala., Sept. 29.—A special from Dothan, Ala., tells of the killing of a man named Peter Skipper by his wife. The parties are each over 70 years of age and have numerous grandchildren. The old man's mind has been weak for a long time and occasionally he would try to kill his wife. His wife was trying to keep him at home yesterday, when he attacked her. In defending herself she struck him on the head with a broom, killing him instantly. Mrs. Skipper refused to eat anything and says she will starve herself to death.

May Aid New Bedford Strikers. New Bedford, Mass., Sept. 29.—The news that the Fall River mills are likely to start up has just been heard here by the spinners' union and many of the spinners now think that the operatives in Fall River will help the New Bedford operatives win the strike here by aiding them.

Typical Power Victim. Wilkesbarre, Pa., Sept. 29.—Frank Adams and Henry Haine, members of a company of miners, were killed by a dead of typhoid fever, said to have been contracted at the Gettysburg camp. Fifteen more members are down and these three are in a critical condition.

## PARTICULAR MENTION.

Moyers Compton has moved from upper Somerset street to Frittis avenue.

Mrs. Frances M. French returns this evening from Clifton Springs, N. Y.

Morgan S. Taylor of Rockview Terrace, is seriously ill and is not expected to recover.

The wife of Harry A. Connett is ill with the grip at her home, 303 East Fifth street.

Miss Tillie Giddes of Mt. Hope is visiting her cousin, George Giddes of Pearl street.

Mr. and Mrs. S. F. Kimball and son Paul returned from Savannah, Georgia, this morning.

Mr. and Mrs. W. F. Williams have removed from 19 Craig Place to 303 West Fourth street.

Miss Daisy Shepard left yesterday to take her last term in the Misses McManis' school.

Miss Virginia Fish of Franklin place has returned after a very pleasant summer at Nook, Conn.

Miss Ida Stiles of Marion, Indiana, is visiting at the home of George M. Bittenshouse, East Sixth street.

David Allen, wife and daughter, of Delavan, Ill., are visiting Harrison Codding of Somerset street.

Miss Gladys Whittin of West Brighton, Staten Island, is spending a week at T. H. Taylor's charming residence, Mountain Farm.

John Madden of Chicago, who is on business in this part of the State, where he formerly resided, is visiting his friend Henry Rogers, and meeting many of his old acquaintances.

Both Mr. and Mrs. I. A. Connett of Watchung avenue have been ill. They are so far recovered as to be about again, but their daughter, Miss Lottie, is now quite ill with the grip.

In the latest news from the Princeton football eleven, Everett Dwight '97, son of Rev. M. E. Dwight of Rockview avenue, is named as the principal candidate for the position of quarter-back.

Charles Dilliver, of Manning avenue, one of the bright young men who was graduated at the North Plainfield public school, has entered the Plainfield High School to continue his education.

Ex-Marshall Job Codding took time enough away from his huckleberry farm at South Somerville, yesterday, to call on some of his friends in the borough, who were glad to see his smiling countenance once again.

The marriage of Miss Della Conners of Harrison street, North Plainfield, to John Wilson will take place in Westfield next Wednesday evening. Miss Katy Conners, sister of the bride, will be bridesmaid, and Herbert Sutphen best man.

Cards are out announcing the marriage of Miss Aliranda Codding, daughter of Mr. and Mrs. Bartholomew Codding, to John G. Bicknell, Wednesday evening, October 10, at 7:30 in the Mt. Hope M. E. Church. A new house has been erected for Mr. Bicknell at South avenue and Central avenue, Northwood, where the happy couple will reside.

Benjamin Shepherd of South Easton, Pa., was in this city yesterday calling on comrades Capt. Edward P. Thorne and Marshal W. N. Pangborn. They were all members of the 14th N. J. Regt., belonged to Co. C, and were in the detached service. Capt. Thorne has been out of the Adjutant-General's office, Marshal Pangborn is a member of the 14th N. J. Regt. The three vividly recalled scenes that were enacted over thirty years ago, and passed pleasant hours together. Mr. Shepherd is in the employ of the Central Railroad in South Easton.

## OLYMPIA REVIVED.

It is bound to be the favorite home for social dances and festivals.

Asa Collier deserves the gratitude of the community for remodeling the Olympia into a perfect place for social events. The noise of the bowling alleys has been stilled forever, and the alleys have been removed. In their place has been laid a hard and smooth waxed floor, where dancing will be a delight.

The size of the floor is 30x110 feet, and the hall is to be handsomely decorated and illuminated. A very conversation room, tastefully furnished, adjoins the dancing hall. Two large and complete toilet rooms are provided, and a central kitchen is to be added for use in fairs and festivals.

The Olympia is in the best of neighborlyhood, 416 Sycamore street, is easy of access, on the ground floor, and is as complete and desirable a hall as the most fastidious could demand. Mr. Collier will conduct it under his own reputable management, and can be consulted regarding rental at his Park Avenue jewelry store.

Select classes in dancing are to be formed by the celebrated Prof. A. R. Walsh of Brooklyn, who is sought by society leaders for the latest ideas in physical culture, Delsarte, and the German.

Altogether, the Olympia is bound to be a centre of social gaieties the coming season.

## SAY HE IS A FIREBUG.

West New Brighton, Sept. 29.—The police have arrested John Schouten, a tailor of this place, on suspicion of having caused all the fires which have occurred in this vicinity within the last month.

He was arrested in Port Richmond, the police say, after setting fire to a school-house.

## MRS. STILES IS DEAD.

SHE WAS ONE OF PLAINFIELD'S OLDEST RESIDENTS.

Lived in Longevity and Poverty on the Mountain-Vain Attempt to Get Government Pay for the Life of Her Boy.

Mrs. Hannah Stiles died at her home on the mountain yesterday at the age of 81. Her death resulted from the shock of a fall she had a week ago, when she tripped in hurrying from in front of a wagon in the road. She fell on her face and was severely shaken up. Her age and feebleness prevented her from recovering from the effects of the accident.

Because of her history and her way of living Mrs. Stiles was a well-known character in the township of North Plainfield. Her husband, James Stiles, has been missing many years. Her son, Joseph Stiles, was a veteran of both the army and the navy, who died ten years ago. His record was a good one.

Mrs. Stiles came into some prominence through her long-continued efforts to obtain a pension after her son's death. In this she was opposed by a woman who claimed to be his wife. It was said that the alleged widow broke open the trunk of Joseph Stiles' first wife, long before deceased, and used the marriage certificate she found there to support her own claim as a widow.

At any rate the woman received the prize-money for Joseph Stiles' services in the Navy and when the mother tried to get the pension the precedent was against her. Her alleged daughter-in-law, however, was unable to obtain it for herself.

Before the case could be built a hut on the first mountain on the west side of the Notch on what is known as the mine lot. This is a tract of 500 acres which was owned and abandoned by an English copper mining company about a century ago. Here Stiles squatted and made a home for his mother. For several years, Mulford Ross, Mrs. Stiles' nephew, has been living with her, contributing to her support by working among the farmers in the Valley.

Ross has been unfortunate in making a living for himself and his aunt. He was for a time crippled by a weakness of his arm resulting from a fracture. The way in which he came to break his arm was peculiar.

It is related that several years ago he went to New York. He was unaccounted to visiting the city and when he started to return by the last train Saturday night he felt weary as a result of his trip. He fell asleep on the cars. He woke just as the station Mulford, now Roselle, was reached and heard the brakeman shout "All out for Mulford!" Not being fully awake he thought the man was calling to him and ran out and jumped from the moving train. He fell on his arm and broke it and was compelled to walk to his home in that condition.

The township authorities have been caring for Mrs. Stiles for some time, and when she died neighbors kept her from starving in her solitary home. The township will bury the remains.

## CHRISTIAN ENDEAVOR.

The programme for the County C. E. Conference to be held in the Seventh-Day Baptist Church this city, Thursday evening, Oct. 4, will be as follows:

7:45—Song service, led by D. E. Tinsworth, Plainfield.

8:00—Prayer, Rev. J. W. Richardson.

8:15—"The State Convention," (a short talk on the coming New Brunswick meeting), by Miss Alice B. Spangenberg.

8:30—"Open Parliament 'Lookout Work,'" conducted by Charles T. Bingham of Cranford, Superintendent Lookout and Prayer-Meeting Department.

8:45—Address, "Good Citizenship," Rev. Dr. A. H. Lewis, Plainfield.

8:50—"Open Parliament 'Bible Study for Endeavorers,'" led by Fred G. Williams of Rahway, Superintendent Bible Study Department.

The regular weekly meeting of the First Baptist C. E. Society was held last night. It was a temperance meeting led by Col. R. K. Case, and all those who had the privilege of listening to him will not soon forget the earnest manner in which he portrayed the evils of intemperance to his hearers. All who know Col. Case, know well his views on that question which were practically demonstrated when he was a councilman and voted for no license every time, showing that he practices what he preaches. He said the temperance question must be handled by the young. They must be vigilant. For if there is not a temperance sentiment among the young, in a few years in place of the number of saloons we now have it is estimated there will be twenty-five. Our streets are paved with woman's tears. Over three hundred thousand dollars, it is estimated, go into the saloon keepers' tills yearly, and only sixteen thousand for the city used for public improvements wrung from the broken-hearted mothers and children of this town. Intemperance prevails among the women as well as the men in our large cities. Nearly as many women are drunkards as men. And this all comes from taking the first glass which leads on the downward path to ruin. He urged his hearers not to take the first drink as it would be to them a risk, and if they had taken it to stop now before it would be too late.

The wife of Insurance Agent Ball was tendered a happy surprise last evening at her home, 414 East Fourth street. An enjoyable time was had by those present. Sam. Freeman furnished the music in his usual excellent style.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous membrane of the ear. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Also cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

J. C. HENRY & CO., Toledo, O.

Sold by drugists, etc.

## PROSPERITY AT SCOTT'S.

Getting Ready to Run 24 Hours a Day.

The Scott Printing Machine Works have shipped this month over 200 tons of printing machinery. They have been running the works to 10 at night, and have orders on hand to keep going for at least six months. The electric-light apparatus is being remodeled with a view to running an all-night force if necessary. The business revival is developing such a boom in advertising that the newspapers throughout the country are increasing their capacity.

## A JUDGE'S NOVEL SENTENCES.

He Causes Mock Offenders to Experience a Goodly Company.

The first complimentary entertainment of John Hand Camp, No. 28, Sons of Veterans, took place in their room on East Front street last evening, and it was a decided success. The large room presented a most attractive appearance, being artistically decorated with bunting and flags. An audience that completely filled the room thoroughly enjoyed the novel entertainment.

The scene was supposed to be in a country court-room, and the wrong doings of the previous night resulted in several prisoners being brought before the court.

Judge Crossmeyer was impersonated by Herbert S. Thatchner, who made a hit with his characteristic German dialect, which kept the audience laughing continually.

Another amusing character was Policeman Pat, who was Wm. Chamberlain well disguised. Everything was on the move when the knight of the club was around, and instead of quietude things presented a lively appearance, as he would always be getting in a tussle with everyone.

Herbert McVoy and W. C. Dobbins took the part of the lawyers, the former for the defense and the latter for the county.

The prisoners were Ed Smith, who stole \$10,000, and by dividing with the Judge, was allowed to go; Alfred Ford, who stole a loaf of bread and was given life imprisonment; Mrs. Wm. Chamberlain, a shop-lifter, who was the heart of the Judge with a song; and George Whitley, a tough from the boulevard who was arrested for insulting women. By singing a song and giving a dance, he was allowed to depart.

There also appeared a stranded theatrical company, who to secure their release were obliged to give a performance. They were as follows: Miss Mary Graves, who gave two very pleasing piano solos for which she was heartily applauded; E. H. Neal, presenting two excellent recitations which delighted all; and James and George Downey, who with the mandolin and zither rendered several choice selections that brought forth the heartiest of applause.

The Judge then sentenced everyone to go to the room below, where an abundance of refreshments was served. Afterward all returned to the upper room and were entertained by the Downey brothers with music and a slight-of-hand performance, and a recitation by Herbert Thatchner.

The committee in charge of the event consisted of Chairman H. S. Thatchner, Herbert McVoy, Willard Sutton, Winfield Codding and Thaddeus Doane, Jr. They were assisted by the Women's Relief Corps and members of the Camp.

## CYCLING COMMENT.

F. L. O. Martin has received the 26-pound roadster and the light racer, one a Columbia, which will be given as prizes at the meet this afternoon.

Charles N. Rydell, the plucky rider who works daily in a machine-shop and trains at night, has changed his mount. He has bought from Charles Lister a 92-pound Cleveland racer which he says is the fastest wheel he ever was on.

The New Brunswick Home News says: "Several local wheelmen rode to Plainfield last evening to witness the Bicycle Carnival there. The parade could not begin to compare with the recent carnival of the Brunswick Club. There were about 200 wheels in line, but only about a dozen were elaborately decorated. The object was to attract attention to the races of the Crescent Wheelmen tomorrow."

There's very little enterprise in Plainfield progressing that hasn't John J. Kenney in it, and though he's too modest to admit it the bicycle parade success was largely due to his personal faithfulness.

He did much of the real hard work, even to making the bicycle parade a whitening road for 200 candidates for its 100 Chinese race for the club. John J. Kenney's a worker, and a good man in the Crescent Wheelmen.

A number of racers were on the Crescent track yesterday afternoon. Vincent Beckwell rode in great form, and young Will McCutchen hung out with the cracks surprisingly well. Irvington-Milburn Barnett appeared in the best of health, in spite of having been compelled to drink Philadelphia water while riding there. The track promised well for racing today, although the wind was strong and fast time could not be made. Three men have been at work on it during the week.

The society of the First Baptist church of Minneapolis is the largest in the state.

Indiana has 387 junior societies, with a total membership of 18,780. They have given \$456 to home missions and \$309 to foreign missions.

The banner given to the state that reported the largest proportionate increase of the number of local societies was taken by West Virginia, and the one given for the largest absolute gain went to Pennsylvania.

The Christian Endeavor constitution has now been translated into Hindoo and in this language will reach a large constituency, for it is spoken by fully one-fourth of the inhabitants of India.

How will the magnificent thirteenth International Christian Endeavor convention influence the lives of the 20,000 who attended it and of the 2,000,000 who will hear the reports of the 40,000?

The Way the Capital Drank.

"Walk in and call for your number—our hog is a wonder," is the sign exhibited in the window of a Washington saloon keeper. The sign refers to the glasses in which liquor is served. The sign ran from No. 1 to No. 9. No. 9 holds about three gallons.

## CHRISTIAN ENDEAVOR.

Topic for the Week Beginning Sept. 30. Comment by Rev. S. H. Doyle.

Toronto.—Consecration. What is it? What it does.—Rom. xii, 1-4.

This twenty-first chapter of Romans is the first part of the practical part of the epistle. The first 12 chapters are doctrinal, the last four practical. Paul has just proved some of the greatest and most important truths of the gospel, and as a practical application of these he calls upon his readers to surrender themselves entirely and absolutely to God. The subject of consecration which is involved in this apostolic appeal is an important one. It is the one great lesson that the church of today needs to learn—the entire consecration of ourselves and our all to God. Well may we consider what consecration is and what it does:

1. What is consecration? (Rom. xii, 1.) Consecration is the setting apart or the dedication of a person or thing sacredly and solemnly to God. The Sabbath day is consecrated to God. It is set apart for Him, and is to be devoted to Him. The consecration of a person is the same thing. It is the dedication of that person to God and the entire dedication of him. There is no condition attached to it. It is a complete and unconditional surrender of ourselves to God. The consecration of a person is seen in the sacrifice to which Paul refers. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice." Paul undoubtedly refers to the sacrifice of burned offering, one characteristic of which was the entire offering of the animal in the sacrifice to which Paul refers. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice." Paul undoubtedly refers to the sacrifice of burned offering, one characteristic of which was the entire offering of the animal in the sacrifice to which Paul refers. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice." Paul undoubtedly refers to the sacrifice of burned offering, one characteristic of which was the entire offering of the animal in the sacrifice to which Paul refers. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice." Paul undoubtedly refers to the sacrifice of burned offering, one characteristic of which was the entire offering of the animal in the sacrifice to which Paul refers. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice." Paul undoubtedly refers to the sacrifice of burned offering, one characteristic of which was the entire offering of the animal in the sacrifice to which Paul refers. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice." ## NO BURGLAR THIS TIME

MIDNIGHT CRASH OF GL'SS ON NORTH AVENUE.

The Police Patrols Search Out of its Loop and Has a Merry Time Wrecking People Out of Sleep.

The crash of glass sounded through North avenue at 1:05 this morning. With the report of a gun, a reporter rushed out of The Daily Press office and the Chinamen from their laundries. They were the only wakened people in the neighborhood.

Investigating on the dark side of the street where dark lanterns would have been a blessing, they found Lusardi & Co's peanut and fruit store a partial wreck.

Survivors on the sidewalk were fragments of one of the big front window panes, which had been forced out by an avalanche of peanuts. Several hundred pounds of the popular ground-fruit had been heaped up in the window, and the glass was too thin to stand the pressure. Mr. and Mrs. Henry Drake, who live in the first above the store, were startled from sound slumber by the racket, and came down expecting to have to fight burglars. The Press reporter hunted for a policeman and found Patrolman Vandewerke keeping a drunken Duellist out from getting his legs cut off at the North Avenue station. As soon as the infuriated individual was safely aboard his train, Patrolman Vandewerke inspected the ruins and sought to raise the owner of the store in his hat over J. M. Dunn's grocery on Park avenue. Even with the reinforcement of Patrolman Fredericksen, the attempt to get out the slumberer was ineffectual, and a barrier of boxes was built around the pile of peanuts by the police, aided by The Press man and E. H. Clevely, another fruit and peanut merchant of the avenue, who was just going home. The peanuts stopped frolicking, and snuggled down behind the boxes in shelter, from the cold wind blowing.

Through the fruit was raw, it gave the New York morning newspaper boys a jolly lark and a surreptitious feast. When Mr. Lusardi came down to business and saw the wreck he said: "What a shame! I spent two hours washing that window yesterday!"

Dean Murray's Words of Wisdom.

When Dean Murray, father of Dr. W. H. Murray of Watchung avenue, opened the 148th collegiate year at Princeton, he took occasion to refer to the smallness of the Freshman class entering the academic department. He said that in his opinion the falling off was due to a considerable extent to the having of last year and the publicity which was given them in the newspapers. Not only had this induced a decline in the number of applicants for admission, but, he added, it also operated as a check upon the generosity of those having money to give to the college, who looked upon having as childish, or brutal. His advice resulted in the formal resolution of the students to have no more hazing.

Democrats to Get Together.

All loyal Democrats of New Jersey are urged to attend the conference of the members of the Executive Committee of the Democratic Society of New Jersey in Trenton Tuesday, Oct. 2, at 12 noon. Headquarters will be established at the American House, where all reporting will be informed of the place of meeting. A large number of invitations have been sent to Democrats throughout the State, and that invitation is hereby renewed to all true members of the party.

A cordial invitation is given to all Democratic friends in this vicinity to be present at the conference, as it is desirable to have a large and enthusiastic gathering.

As Always, The Press Gave Justice.

The reputation of the wilful and malicious of a consciousness of journal of this town, that that man did not occur to Mrs. Peterson vindication from the charges made against her in a justice's court, case in which she triumphed, is the fact that Monday's issue of The Press spoke of the high esteem in which Mrs. Peterson was held and that in Thursday's issue The Press published in full Judge Mosher's righteous verdict, conspicuously headed "Mrs. Peterson Exonerated."

A Literary Monument to a Brave Lot of Men.

James G. Kreider, an experienced compiler of municipal histories, is in town preparing for the publication of a valuable book giving the history of Planfield's fire department to date, giving the fire alarm signals and telling how to avoid fire in houses and stores. He is receiving the substantial encouragement his enterprise merits.

A Puzzle.

Here is one of those apparently simple things that are not so simple as they seem. Take a piece of paper and pencil, and without first looking at your watch put down the Roman numerals as they are on the watch-dial. Then compare the result with one of Olliver's perfect-movement gold or silver watches. You will find the watch "all right" if your work is O. L.

Planfield's Health America's Wonder.

Planfield has at last commenced on a sewer system. It always has been a wonder why Planfield kept so healthy with no means to dispose of her sewage.

Wanted, Police Dark Lantern.

The black darkness in which the peanut-shop collapse last night had to be investigated, again demonstrated the need of dark lanterns for the police.

Now All the Girls'll Rush.

There's a letter in the Planfield post-office, advertised "unclaimed," for Miss Ryan.

Have your eyes examined and your glasses made by A. Jay Cross, (R. O.) 15 West 23rd St., N. Y.

## QUICKWITTED MRS. DRAKE.

The Definite Newspaper and Half-way Train in their Conspiracy to Wreck Her Big.

Mrs. Drake of Pleasantway proved herself a plucky housewife last night. After making purchases on North avenue she started to get into her buggy. Just then a train rushed over the Park avenue bridge, and the wind whirled a large sheet of paper against the horse's legs. The horse started ahead with a jump, but quick and sudden as he was Mrs. Drake was quicker. She leaped into the buggy with the agility of an athlete, wound the reins about her wrist, and tugged the runaway back to a standstill while bystanders looked on with amazement and admiration. Mrs. Drake coolly turned the horse about and headed him for home. Her feat became a town topic, and she was voted a woman of resource ready for emergency.

## PLAINFIELD FIREMEN INSULTED.

An Hysterical Journal Brands Them as Incompetent to Handle Fires Without Police Help.

A journalistic busybody, struggling with a desire to run everybody's affairs, clamors for Police Captain Grant's presence at all fires. This is a high compliment to Captain Grant, but though he is a good man to have on hand in any emergency he is not ordinarily needed at fires, as the Plainfield Fire Department is in splendid form and does as quick and as good work as any fire department in the country. Chief Doane and his assistants are all the heads needed to direct the men, and even so faithful a public servant as Captain Grant would be a superfluous member. The Fire Department is all right, and Captain Grant is all right, each in its place. When needed the Captain is there.

## The Lyceum's Success.

Last evening was spent busily and pleasantly at the C. Y. M. L. fair in the Lyceum. The attendance showed an increase, and still greater interest was taken in the dancing. From present indications the young men believe that the proceeds will be much larger than was at first anticipated. Many more visitors from out of town are expected, especially on the closing evenings.

In addition to the donations already mentioned in The Press, there have been received a handsome hat from White's establishment, through Miss Kitty Daley; a ton of coal from Wm. Klassen, and a valuable lamp from Charles Daley.

## Mayor Saunders' Drills at Work.

As an evidence of property at James V. Wilson's stone quarry, you can see a new substantial four-bay made of solid masonry that need up over seventy barrels of cement in its erection. Also on view is a new portable boiler that furnishes steam to the Ingersoll-Sergeant drills that are constantly at work in the mountainside.

## Final Sunday Mountain Picnic.

The Saengerbund plans to picnic on the mountain tomorrow for the last time this season. The monthly meeting of the society will be held next Thursday evening, when plans for the social affairs of the Winter will be decided on.

## Union's Vote Almost Certain.

The Eighth District, Democratic Congressional Convention will be held in Muske Hall, Orange, October 11. The official call is to be published in The Press. This county has 47 delegates, and the rest of the district 50.

## EARLY INTELLIGENCE.

—Advertising is to business what muscle is to the body.

—Hatter Hallock is offering bargains that make men's eyes snap with delight.

—Ground was broken yesterday for the erection of a new house on Summit avenue.

—People are finding great bargains at the assignee's sale of S. E. Flower's elegant art stock.

—If you want to get money in order to advertise on a large scale, advertise now on a small scale.

—A new bridge is to be built over the Greenbrook road near the residence of Uncle Abe Corbell.

—Workmen are ploughing up Linden avenue preparatory to macadamizing that thoroughfare.

—V. L. Frazee, the grocer-councilman, has donated a barrel of flour to the Fire and Drum Corps fair.

—The committee of the drum corps spent last evening in Independent Hall, decorating for the fair which opens Monday night.

—Leon's School football players are getting down to solid work. The candidates practice every Monday, Wednesday and Friday afternoons on the Park Avenue grounds.

—Freddie Jones, the first-baseman of the old Plainfield Crescent team, will henceforth fill that position for the Elizabeth Athletic Club, completing the line to the queen's taste.

—Henry Bodenheimer, whose house on Somerset street near Mountain avenue was destroyed by fire some time ago, has rebuilt on the same site an attractive residence. Mr. Bodenheimer has also erected a neat cottage on Stone street.

## THE RIGHT MEDICINE

Properly administered,

Has Saved Many Lives.

A supply of Cramp's Home Tablets all ways on hand will prevent many a case of serious illness and save 100 times their cost. These remarkable new accurately compounded of the purest drugs, from leading pharmacologists, prevent cholera, typhoid, dysentery, etc. Single remedy 50c, or case \$2. For sale by

Park ave. and 4th st., Plainfield, N. J. Mfrd. by The Home Tablet Co., New York 57 3rd st.

## HIGH SCHOOL NOTEBOOK

A COLUMN OF LIVELY NEWS OF THE WIDE-AWAKE STUDENTS.

The Daily Press Model Brings Out a Big Field for the Athletic Events—Work and Play Delays of Classes and Societies.

For the regular Friday morning High School talk, we were much delighted to hear Rev. Mr. Kapelye of Bound Brook speak on the Chinese. He has been a missionary to China many years, having returned only last June to the United States. The major portion of Mr. Kapelye's address was on the Chinese schools, and he exhibited several school books printed in the languages.

The first of the regular monthly essays of the Senior Class is due Thursday. The list of subjects is as follows: "The Legend of the Wandering Jew," "The Recent Development of Japan," and "Aerial Navigation."

Each member of the Astronomy Class has been assigned a subject for an essay to be written in November. The subjects and those to whom they have been assigned are: "The Calendar," Miss Mabel Force; "Modern Observatories," Miss Ella Raybert; "The Telescope, Spectroscope and Camera in Astronomy," Frederick Corbell; "History of Astronomy to the Sixteenth Century," Miss Grace Berg; "History of Astronomy after the Sixteenth Century," George A. Horne; "The Structure of the Stellar Universe," Charles E. Morse; and "The Nebulae Hypothesis," Henry B. Drake. The class was to meet last evening to examine the clouds of the sky the observation was postponed until some evening next week.

The Zoology Class is now examining the class; one member of the class sketched the picture of a number of his classmates on the inside of his clamshell. The various drawing classes will soon commence. The members of the Free-hand Drawing Class met yesterday afternoon, and the Mechanical Drawing Class will meet Monday afternoon at 2. The Sketching Class is planning five times, doing pencil sketching of various outdoor scenes this Fall, and working from life during the Winter.

The Kappa Delta Phi held its regular meeting yesterday afternoon at 2 in the Senior room. The programme consisted of a reading by A. B. Crane '97, of a short sketch by Mark Twain, and a hat talk. J. V. Beekman, Jr., '96, spoke on the improvement of bicycles and expressed his opinion that they had reached almost perfection. Charles E. Morse '96 gave his views of the P. H. S. A. A. field day. Louis Band '96 told of the history of the Lyceum and its different uses in the past and the present. A. B. Crane '96 spoke of the class time spent in the High School in general and of his class in particular. Charles Noble '96 made a few remarks on the electric arc and its development. Henry Eggerding '96 told the story of the invention of Palmer Cox's Brownies. The free-book system was the topic of Ernest Kapelye '97. And to conclude the hat talk Carl O. Gallup spoke on the Chinese man in America, his ambitions, his occupations and his status in society. The business session followed, and in it the practicability of a High School newspaper was discussed.

The High School Lyceum held a random talk on miscellaneous subjects yesterday afternoon. The speakers and subjects were as follows: Llewellyn Bull '96, "The American Eagle"; Lambert Fish '96, "Effect of Military Drill in Schools"; F. Wilbur Cornwell '96, "The Free-Book System"; Ernest Suffern '97, "Mineral Resources of the United States"; J. Vincent Rittenhouse '97, "Should mass training be introduced in the P. H. S. course?"; Edward Orske '96, "Is the Chinaman more beneficial to the State than the Italian?"; Carl O. Gallup '96, "Effect of Military Training in a School"; Thomas D. Blair '96, "The United States Navy and the Naval Academy."

A meeting of the P. H. S. A. A. was held yesterday afternoon at 3:30. There was a large attendance. The committee of arrangements reported the following officials selected for the field day of October 6: Referee—Charles A. Angleman; Judge—J. Winthrop Travell, Lyman W. Allen, Thomas A. Quimby; Clerk of the Course—Charles R. Morse; Assistant Clerks of the Course—Carl O. Gallup, (another to be chosen); Starter and Announcer—S. Clinton Crane; Timers—W. R. Rittenhouse, F. K. Fish, Jr., (another to be chosen). It was decided to add the pole vault and the standing broad jump to the list of events, and make them both handicap. The events will close Monday evening of next week.

The field day of October 6 will probably be the most successful of any of the field days, especially in the number of entries. As each event is handicapped everyone will have a chance, and The Daily Press medal for the all-round championship has encouraged many to enter who would not otherwise have done so. Green, Smith and Douglas will be among those who will make the bicycle races exciting, while Serrell, Fish, Richardson and Sebring will join in furnishing a hot finish in the running events. The lower class men are very much interested, and '96 or '97 must look to their honor. The entries and handicaps will be published in The Daily Press next Thursday.

Last Wednesday's run of the Bicycling Division was very successful, ten men starting. Next Wednesday the route will be to New Brunswick or Somerville.

The representation of the High School at the lantern parade of the Crescent Whistman was very large. Captain O. B. Morse was in command. Bugler E. A. McGee announced their coming with his bugle, and Color-Bearer George Smith carried a transparency bearing the letters F. H. S. A. A. Carl O. Gallup, Thomas Smith, and First Lieutenant E. I. Serrell, were among the prominent decorators; and S. Clinton Crane turned out with his youngest brother in tow, both wheels being prettily decorated. A delegation from the Columbia Whistman of Woodfield were the victors of the P. H. S. A. A. and marched within their lines. After the parade was concluded, and the High School post had been given several times, the High School boys had a little lantern parade on their own account.

## THE PLAINFIELD EXCURSION.

Itinerary of the Trip to Gettysburg.

TO THE EDITOR OF THE DAILY PRESS:—Below please find the itinerary of the proposed excursion to Gettysburg. Should any ladies not provided with escorts wish to take this trip, their comfort will be carefully looked after. They should be of our party as women were the inspiration of the men at the front and bore their part magnificently in the hospital, on the transports, in the field often well to the front.

The old Eagle Hotel in Gettysburg was torn down and rebuilt this year. This hotel is well provided with every convenience, electric lights and bath, rooms, etc., all presided over by our old friend and host, Hon. W. T. Ziegler, who assures me every attention to my party, particularly to the ladies without escort.

Leave New York, Thursday morning, October 11, at 9:10; Elizabeth 9:30; Plainfield 10:03; Harrisburg 4:15 p. m.; arrive at Gettysburg 6:30.

Friday will be spent on the battlefield. Carriages will be provided for all.

Leave Gettysburg, Saturday, October 13, at 12:50 p. m.; Harrisburg 2:53 p. m.; Plainfield 10:10; Elizabeth 10:35; arrive at New York foot of Liberty street at 10:55. "Price for the round trip is \$13.50, including everything but lunch on the train, going and coming.

For any further information apply to W. D. W., 308 LaGrande avenue.

## JUST LIKE ADAM.

Put the Blame on His Wife.

The Newmarket Sunday Boulevard row was started in the City Court this morning. Michael Newman and his wife were charged jointly of keeping a disorderly house. They pleaded not guilty and were convicted on the evidence of Policemen Scheiner and Flanagan. Newman laid the blame on his wife, and she tried to excuse herself on the ground that she didn't know it was unlawful to have a party during Sunday. She was fined \$5 while Newman was released under suspended sentence.

Charles Keller said he was not guilty of quarreling and fighting. He was convicted on the testimony of Stephen Murphy and William Corn's landlord. His wife, Annie Keller, Mrs. Newman's daughter, was found guilty of using profane and abusive language and fined \$5. Sentence was suspended on William Barry and Frank Keller who were minor assistants in the fight.

## A Shingle Thief Caught.

Policeman Saunders at 3:30 this morning caught George Watson of Pleasantway Township taking shingles away from the house which John Abbott is building on West Eighth street. He waited until the man had carried three bundles of 20 each to his wagon and prepared to leave.

Before Justice Nash this morning Watson was charged with stealing \$3.75 worth of shingles. The Justice held him for the Grand Jury and he went to Elizabeth this afternoon. After the hearing Chief Grant went to Watson's home on the Middlesex side of Clinton avenue and found other building material.

## Local Health Culture.

Miss Lindsey and Mrs. Hudders, who are remembered for their excellent lectures in Grace Church last Spring, will soon open a Plainfield school for health culture. They will give each applicant a personal diagnosis, and prescribe accordingly. The treatment will be pleasant, inexpensive, and beneficial. A preliminary complimentary lecture will be given in the Y. M. C. A. rooms October 9 at 8:30. All who are interested in the subject of health culture should attend. The school will be held on 36 Norwood avenue will cheerfully give full particulars to inquirers.

## Borough Lights All Right.

The street lighting service in North Plainfield was again in working order last night. Fred Brown says the trouble was caused by a clip which prevented a valve in the well from working. This closed the regular pump useless, and the emergency machine was not in shape for service.

## PINKHAM'S Vegetable Compound

Is a positive cure for all those painful ailments of Women.

It will entirely cure the worst forms of Female Complaints, all Ovarian troubles, inflammation and ulceration, falling and displacement of the womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life. Every time it cures.

It has cured more cases of Leucorrhoea than any remedy the world has ever known. It is known in all circumstances. It dissolves and expels Tumors from the uterus in an early stage of development, and checks any tendency to cancerous humors. That Bearing-down Feeling coming pain, weight, and backache, is instantly relieved and permanently cured by its use. Under all circumstances it acts in harmony with the laws that govern the female system, and is as harmless as water. It removes irregularity.

Suppressed or Painful Menstruations, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, Neuralgia, etc., are cured by its use. It is a positive cure for all those ailments of Women.

"THE ALWAYS BUSY STORE."

## A MAMMOTH

## ENLARGEMENT SALE

Our trade, despite the hard times of the past year and a half, stimulated by square and honest treatment and by the selling of reliable goods at far lower prices than others, has so outgrown our present spacious establishment that we have been

## FORCED TO ENLARGE,

and in a few weeks will add to it a floor 50 feet wide and 100 feet deep. This new space must be prepared for us and meanwhile we are compelled to reduce every stock to permit the alterations to take place. The only course left open for us is to sell, and in order to sell quickly we offer

## The Biggest Bargains

in reliable, always-needed articles and also in the newest of Fall Goods

## Ever Given in This State.

We are positive that this century will not see them equalled, and so great a buying chance should not be permitted to escape.

## All Goods Delivered Free.

Mail Orders Promptly Filled.

## L. BAMBERGER & CO.,

147 and 149 Market Street,

Near Broadway Street, Newark, N. J.

## Scotch Plains and Fanwood.

J. L. Force's bartender has returned to the city.

Squirrel hunting is the present pastime for the boys.

John Flannery is around again after a two-day illness.

Miss Louisa Shiller of Front street is visiting friends in Brooklyn.

Jacob Rumes is setting a new fence for A. D. Shepard of Front street.

The fur mill is running steadily again, and the employees rejoice accordingly.

The Gladstone people have about all returned home, and the village begins to have a deserted look once more.

William Van Veenburg has returned from a two-day trip to Atlantic City, attending the women's annual convention.

L. Morrill, Jr., has made an improvement in his property on Mountain avenue by repairing and painting the fence.

Mr. and Mrs. Benjamin Elliott rejoice in the advent of a daughter, born Wednesday. Mother and daughter are doing well.

The Baptist and Methodist churches will hold union services in the Methodist Church Sunday evening. Rev. J. S. Braker will preach.

Mr. and Mrs. Thomas Bushy (nee Julia M. Craig) of Greenbush, are spending a few days with their aunt, Mrs. Thomas G. Young of Fanwood.

Pastor Braker has introduced what is called a children's sermon. He devotes about 15 minutes to a talk to the children in the Sunday morning service.

The Choral Union met this week with great success. E. J. Fitzhugh, the leader, will sing every Thursday evening at 7:45. The membership is 70.

Miss Kittie Buckley entertained a few friends at her home Thursday evening. The evening was very pleasantly spent with games, music and refreshments.

The Beetholers Club, composed of three young men of the twin villages, is arranging for a reception at the Fanwood club-house the early part of next month.

The members of the Young People's Christian Association of the Baptist Church are invited to meet with the Epworth League of the M. E. Church, Sunday evening.

The Olmsted Gun Club will have an all-day live-bird shoot on their Fanwood grounds Thursday next, beginning at 10 in the morning. The principal event will be a sweep, 210 entrance, ten birds, three money.

Letters are being sent to plot owners of the cemetery calling for a contribution of 35 each to help along the movement of keeping the cemetery in good order. The church has met the expense of what has been done.

A newly-hired gardener fell while trimming a tree on Dr. Cole's property at 5 Wednesday afternoon. He was saving a limb near the top when he lost his balance. He was unconscious for a while, and died badly of the head. Dr. Cole found him badly bruised, and is caring for him with his accustomed skill.

Henry G. Adams has removed from 110 North avenue and has associated himself with William D. Thickett at 1st, where they will transact general real estate and insurance business.

## BURIED IN A MINE.

Was I ever down in a coal mine? Yes, once, I will tell you the story.

I had some friends living in the coal mining region of Pennsylvania, and I was induced to pay them a visit. While there I was asked to descend into one of the most famous mines and see how the hard, black fuel which affords us such grateful sensations on a cold winter night is procured from the bowels of the earth.

Not, I have a strong natural desire to see everything new and strange; but then I am also very cautious, and do not care to put my life in peril merely to gratify my curiosity, so I hesitated and refused a little before I answered:

"I should like to see the miners at work, if it could be done without risk of life."

A pretty, bright, blue-eyed young lady who was present, said to whom I had taken a great fancy, burst out with a ringing laugh.

"Surely you are not afraid, Mr. Maple?" she exclaimed, with a mischievous twinkle of her blue eyes that did more to urge me on than the arguments of all her relations could have done in a week.

"I am willing to let you have your own way now," she rejoined, with a laugh.

"You have braved the danger so far like a gallant soldier, and are now entitled to your discharge."

"I see that in your thoughtless way you are still disposed to make sport of my natural caution," I replied, a little severely; "but I would very much like you to comprehend that reasonable caution is not cowardice."

"I ask your pardon," she said, half playfully, "half seriously."

An exclamation from one of our two companions at this moment drew our attention to him. He was looking down at the miners, and his words were:

"What culpable carelessness! One of the miners has struck a match to light his pipe!"

"Which one?" demanded his companion in a quick, excited tone.

"Just as he spoke, and while he was in the act of reaching out to light the match, a blinding sheet of flame was seen to envelop all below; a rush of hot, heated air, threw us down upon the rocks and a crashing explosion, like a thousand thunders, completely stunned us, and shook down the rocks around us like a terrible earthquake."

"When I came to my senses all in the blackness of death, I felt a hand on my low, walling moan of terror and despair, accompanied with the words:

"Oh, what has happened, and where am I?"

It was the plaintive voice of Sybil Stuart.

I knew where we were and what awful thing had happened, for my recollection came with my consciousness. Reaching out my hand I touched her, and in a soothing tone said:

"There has been a terrible explosion, Miss Sybil, and I fear that many lives have been lost; but, thank God, we still survive, and I hope you have escaped injury."

"Oh, heaven!" she groaned, "spared, perhaps, for a more terrible death! For how can we ever find our way up through this awful darkness to the world above?"

"We will try, at all events," I rejoined, in a cheerful tone, though with no cheerful feelings, for I thought the chances were all against us.

Taking the hand of my fair companion, that we might not become separated in the awful darkness, I began to carefully grope in the direction which I supposed would retraced our steps.

We soon came to a broad chasm, which was an absolute bar to further progress in that direction.

"And we are doomed to perish here, and it is all my wicked doing!" said the self-accusing girl, when I announced to her the reason that we could advance no further in that direction.

"Nay, dear Miss Sybil, I will not hear you blame yourself for our being here," I replied, "You simply did not see the danger in the same light that I did—or perhaps I should rather say that you did not see the danger at all."

"Only as we see danger when it lights us," she responded; "we know we may be struck, but we can scarcely be said to fear it. Oh, Mr. Maple, if there is any way by which you can save your life, do not give a thought to me, but make the effort alone, and I will pray for your success."

"Ah! now you do indeed wrong me, by assuming in all seriousness that I am a coward," said I reproachfully.

"Oh, no! I meant not that; if there is but one life to be saved, I would have it yours instead of mine."

"Oh, dear Miss Sybil, dear I understand that you would have my life at the sacrifice of your own."

"Yes," she faintly sighed, after a momentary pause.

I quickly drew back from the verge of the dread abyss, and there, in a ray of darkness and awful tomb of death, caught her in my arms and pressed her to my heart.

"You love me, then, Sybil—dear, dear Sybil—like me?" I exclaimed, and passionately kissed her tremulous lips.

"Yes, here in the presence of death I frankly confess it," she murmured.

"Heaven bless you, darling!" I said, "it makes me happy to hear these sweet words, even though death be near us both."

"We were imprisoned in the mine for three days, but were finally rescued—only one who escaped of all that were in the mine. Sybil is now my wife, and she never questions my courage. The experience in the mine was a lesson, she never forgot—True Flag."

A leading New York throat specialist says that "the best chest protector is worn in the sole of the foot."

Karl's Clover Root will purify your blood, clear your complexion, regulate your bowels and make your head clear and bright; 25c., 50c., and \$1. Sold by all druggists.

## MRS. HENRY WARD BEECHER.

She is Vigorous and a Writer of Spirit and Righteousness.

Two members of the celebrated Beecher family, one a member by birth the other by marriage, celebrated their birthday the last week in August.

Mrs. Henry Ward Beecher, was eighty-two. Both are in the best of health, and the weight of their years seems to bear very lightly upon them.

Mrs. Beecher, during the last year, has had many cares, but they seem to have left hardly an additional line upon her countenance. She is a charming old lady and is beloved by every one with whom she comes in contact.

She is a woman of great intellectuality, and despite her age, her magnetic articles are as fresh as ever by publishers.

## CHINA HAS A RECORD.

IT HAS BEEN A CONQUERING NATION AND MAY BE AGAIN.

Genghis Khan, the invader of Europe, and Timur, the Terrible, were ancestors of China's Present Governing Race. Europe may interfere.

In an article published in the New York Herald, John Russell Young, who perhaps understands the Chinese better than any other American does, having been Minister to China under President Arthur, discusses the war between China and Japan in a highly interesting way. He says, in part:

Two events in the Christian era stand out from all others as the most momentous of modern history—the overthrow of Asia and the invasion of Europe in the thirteenth century by Genghis Khan, and in the fourteenth century by Timur, or Tamerlane. These conquerors came from the same Tartar race which now governs the Chinese Empire.

Genghis was a son of a small chief, who lived beyond the Great Wall, head of one of those nomadic tribes who still lead a semi-pastoral, semi-warlike life on the endless stretches of Mongolia. He was to conquer and bring under suzerainty Northern China, Persia, and India, and invade Russia, going as far as the Danube. Timur was the descendant of Genghis Khan. A century later he crossed the Ganges, captured Delhi, and, in 1398, he, and, marching his standards to the very gates of Moscow, cut a wider swath in his conquests than any warrior of modern times.

These invasions were successful because their leaders commanded myriads of soldiers of a warlike temperament and had (unlike the Tartars) the power to recruit their armies. Nor can we study history, and especially the conditions governing the Tartar conquests, without taking the deepest interest in the outcome of any war which threatens like that between China and Japan, to arouse the warlike nature of a race which has twice overrun Asia.

It was Mark Twain who foresaw a day when the enterprising tradesman would print his advertisements on the clouds. It would seem he was a prophet and not a joker.

A correspondent at Haverdon writes: The fact which has been held here in the Castle grounds has been such a success that it is expected there will be a large sum to hand over to the funds of the institute for the benefit of which it has been held. Amusements and variety shows have been liberally supplied and well patronized. Each evening the greatest interest was created by the powerful search-light working from the Castle roof, which lighted up the grounds, some times throwing congratulations on the clouds, and other times lighting up the faces of the people.

Not a Post for a Teetotaler.

Coincident with the appointment of C. R. Breckinridge of Arkansas to be United States Minister to Russia, appeared the report that he is to be appointed at making his journey to Russia with a Teetotaler and Louisiana sugar. The report is highly credible. The United States Minister to Russia has frequently been chosen with reference to his ability to resist temptations, internally as well as externally, the climate of Russia, or more properly the climate of St. Petersburg, the capital of Russia, being of such a nature as to test the endurance of a man.

Is the Car Broken Down?

The Car has broken down again in the city. The car was taken off on a long vacation of domestic nursing and entire freedom from work if his life itself is to be saved. This Hercules of a man, with his vast knowledge of the world, his keen intellect, his ability to resist temptations, internally as well as externally, the climate of Russia, or more properly the climate of St. Petersburg, the capital of Russia, being of such a nature as to test the endurance of a man.

Dr. and Editor Morse Finds Great Curative Qualities in a Simple Remedy.

(From Westfield, N. J., Leader, Sept. 5, 1894.)

We believe in being fair, and if we know ourselves to be fair, we will say so. The Editor of the Leader being a physician of the old school encourages some people to ask why we make quick and quick.

We do not object to a quick remedy. That's a fact. But every proprietary medicine is not a quick remedy. In some of them we believe as devoutly as we do in our own. We know of its therapeutic value of knowledge of its efficacy. In this case, it has fully approved itself as containing just those ingredients which every physician knows the materials must be found for the disorders for which the remedy is prescribed. In clinical experience the further proof has not been wanting.

As to the matter of the Editor of the Leader being a physician of the old school encourages some people to ask why we make quick and quick.

We do not object to a quick remedy. That's a fact. But every proprietary medicine is not a quick remedy. In some of them we believe as devoutly as we do in our own. We know of its therapeutic value of knowledge of its efficacy. In this case, it has fully approved itself as containing just those ingredients which every physician knows the materials must be found for the disorders for which the remedy is prescribed. In clinical experience the further proof has not been wanting.

As to the matter of the Editor of the Leader being a physician of the old school encourages some people to ask why we make quick and quick.

## LINE-LONG CRITICISMS OF POETS.

Sketches of the Leading Poets Subjected to a Summary.

A writer in The University Quarterly, Chicago, summarizes the leading characteristics of modern poets as follows:

"Matthew Arnold is the poet of doubt, of unattained longings, of man overwhelmed by the momentous and inscrutable. Keble is
