SPENCER MEN CHOSEN.

North Plainfielder Seems to Have Got the Delegates.

HE WANTS TO BE THE SURROGATE.

Three Townships Solid for Him and Advice From Other Places Indicate That Delegates Favor Him—Former Senator Thompson a Spencer Man. There is every indication that H. N. Spencer will capture the nomination for Surrogate in the Somerset county Republican convention tomorrow. The majority of delegates chosen at the various township primaries last night are said to be in his favor. Mr. Spencer's most influential supporter is former Senator Thompson, but a prominent man from Somerville this morning said that there was just the merest possibility that a deal might yet be made whereby the Senator would throw his support to former Sheriff Dilts and secure his nomination.

The Republican primary in the borough was held last evening in the basement of the Public School on Somerset street, and the attendance was much larger than was anticipated. Previous to the meeting there was considerable caucussing on the part of the leaders.

No great opposition was expected in the nomination of delegates for H. N. Spencer, the candidate for Surrogate, and in fact there was none. Everything worked smoothly and in order. The news was received that Bridge-water and Warren townships had elected Spencer delegates yesterday afternoon at their primaries, and that seemed to have a good effect on Mr. Spencer's supporters.

The primary last evening was called to order by B. A. Hegeman, Jr., and Senator Charles A. Reed was chosen chairman, after which Councilman John MacLaughlin was selected as secretary. The secretary then read the call of the meeting, and in accordance therewith H. A. McGee, W. W. Howland, N. B. Smalley, P. A. Emmons, B. A. Hegeman, Jr., and J. Worth Coddington were nominated as delegates. The last named delegate represented the township, and was elected. W. W. Howland resigned, and the other delegates nominated were elected by the secretary casting the ballot. After the delegates were given the power to fill any vacancies the meeting adjourned.

The Warren township primary was held at the Mt. Bethel hotel and the Spencer delegates were: through with bells on, securing seventy-five of the hundred votes cast. John C. Cooper was chairman and Howard Toms secretary. The delegates elected were A. J. Jennings, F. E. Elliott, Charles Baldwin, John C. Cooper and Charles Mundy. Enthusiasm ran rampant after the primary. Warren township is the old home of Mr. Spencer, and his friends rallied to his support with great vigor.

The Republican primary meeting of Bridgewater township was held yesterday afternoon at Somerville and the delegates chosen are reported to be supporters of H. N. Spencer for the office of surrogate. There was some opposition, but the following were elected: Christopher Ehni, J. P. Hecht, J. L. Griggs, F. W. Somers, W. H. Whiting.

Advices from Montgomery, Franklin, Branchburg and a portion of Bedminster townships give strong evidences that Mr. Spencer has strong backing in his political aspiration, and that he will no doubt receive the nomination for surrogate at the convention to be held tomorrow at Somerville.

A Somerville Marriage.
This evening at the home of the bride's parents, Somerville, will take place the marriage of Miss Craig to William Gaston, also of Somerville. Mr. Gaston is a brother of Mrs. O. W. Dunham, of East Fifth street, and is a well-known popular young man, both in this city and Somerville. Mr. and Mrs. O. W. Dunham and their daughter, Miss Jennie Quick, of East Fifth street, will attend the wedding.

Fine Programme Arranged.
The Young Men's Association of the Monroe Avenue church will give an entertainment in the church on Tuesday, the 26th inst., in which the Plainfield Mandolin, Banjo and Guitar Club will make its first appearance. The programme will also include Miss Marion Short, impersonator, Prof. and Mrs. Langsdorf Weitz, of New York, and other talent.

Mr. and Mrs. Benjamin R. Western, of Washington Park, left today for Ballston, N. Y., to attend the funeral of Peter Hogan, their brother-in-law, who was a division engineer on the Erie canal.

MAY HAVE SOLDIERS BOLD.

FIRE WITH THE PATRIOTIC SPIRIT.

Young Men Making a Strong Effort to Organize an Infantry Company of State Militia.

Several Plainfield young men, fired with a spirit of enthusiasm and patriotism, are strongly impressed with the idea that an infantry company of State militia can be organized in this city, and they are now hustling to secure the required number of men, which is fifty-three.

The State will not consider the matter unless there are fifty-three men in the company, and if the company is well organized and is composed of the right stuff, they will give it a position, probably with the Third Regiment.

Dr. H. M. Lowrie, of Park avenue, is interested in the organization, chiefly for the reason that several young men have sought him with a desire that he engineer the organization for them. The young men who are zealous in the matter have only been working a few days and have succeeded in securing nearly half of the required number of signers, and of course they are much gratified.

They say that if Somerville can have a company which is considered second to none in the State, there is no reason why Plainfield should not have one also. Several years ago an attempt was made to organize such a company, but class distinction was a prominent feature and the scheme fell through. This, it is said, can now be overcome and there is apparently nothing in the way of a first-class company of young men.

Some of the young men now interested as leaders include Herbert Martin, Thomas U. Smith, Fred Ross, Richard Randolph and several others. Just as soon as the required number is obtained a meeting will be called by Dr. Lowrie. If such a company is formed the State will equip the members and allow them \$500 for an armory. This is a great inducement and ought to be an incentive for the young men of Plainfield to join. Names will be received by any of the above named persons and added to the list.

PHOTOGRAPHIC EXHIBITION.

BEING ARRANGED BY CAMERA CLUB.

The Exhibit Will be Open for Entries From Three States—Promises to be a Great Success.

A pleasant feature is now being arranged for Thanksgiving week in Plainfield. It will be a photographic print exhibition under the auspices of the Plainfield Camera Club and will be the largest event of its kind ever held in this city.

For some time, the members of the Camera Club have been talking about holding an exhibition and it was definitely decided to hold one during the fall but the date and other details were not arranged until last evening. A meeting of the Camera Club was held last evening and routine business transacted. One new member was elected. Then the members of the committee who were appointed to take charge of the exhibits held a meeting to formulate plans for the affair.

It was decided to hold the exhibit from November 22d to 27th inclusive in the rooms of the Camera Club in the Babcock building. Unlike those of past years, the exhibit will be open to amateur photographers of New Jersey, New York and Pennsylvania and the camera clubs of those States. This will greatly enlarge the field and make the exhibition much larger than ever before. Applications have already been received from over forty exhibitors outside of Plainfield who want to know details of the exhibition.

The question of prizes was discussed and it was decided to give one grand prize for the best exhibit of prints of more than three in number. This can be contested for by anybody and will bring out many fine prints. Then diplomas will be awarded for the best in each class. The classes that are to be included in the exhibition will be announced in a few days.

Sent to State Prison.

Thomas Jones and Peter Swertz, the two tramps who were arrested in Jersey City by Detective John Blackford, and who were afterwards accused of robbing Purcell's store at Flemington, were tried on the latter charge at Belvidere yesterday. Mr. Blackford was among the important witnesses. The men were sentenced to five years in State Prison.

Celebration to Be Postponed.

Next Monday will be the anniversary of the organization of the Christian Endeavor Society of Trinity Reformed church, but no special service will be held. The celebration of that event will be postponed until the opening of the church.

BOY MISSING SINCE JUNE

JOHN MARTONE'S FATHER WILL SEND OUT A GENERAL ALARM.

The Lad Lost His Job in This City and It Was First Thought He Had Gone to Look for Work—Fears Now for His Safety.

The second day of last June—it was a Wednesday—John Martone, a bright Italian lad, disappeared from his home on Lake street and has never been heard from since the Sunday that followed that day, when he was seen in Westfield looking for work.

John Martone is the son of John Martone, one of the most Americanized Italians in the city. He is a hard worker and his son showed a tendency to follow in the footsteps of his father. He obtained employment with Rheume, who then ran the sash and blind mill on East Fourth street, and made good progress. He lost his job when there was a lack of work and did various jobs about the city. The lad was anxious to work and was making an effort to get another position at the time when he disappeared.

Supposing that his son had merely gone off for a few days to look for work Martone was not greatly worried, although the boy said nothing of his intentions. He left on June 2d and has not been seen again at his home. On the following Sunday he applied to Matthias Miller, of Hargrave & Miller, of Westfield, for a job. He formerly worked for F. W. Hargrave, of this city, who took a fancy to the lad. Miller told him that they needed no help and the lad went away.

Martone has been waiting and waiting for his son to come home until now he fears that something has happened to the lad, that he has been accidentally killed, or murdered, or perhaps kidnapped by unscrupulous Italians in some of the large cities. He is sure that the lad would have returned ere this if he had not been prevented by some reason and that he would have sent word if unable to leave. Martone reported the matter to the Plainfield police some time ago but they have heard nothing.

Now Martone has decided to take active steps. He has advertised in the New York papers and will apply to the Newark police to send in a general alarm.

The missing boy is seventeen years of age, is about five feet two inches in height, weighs about a hundred pounds. He is slim and had a narrow face, dark complexioned and has a bright, intelligent face.

A CHANGE OF EVENING.

Professor Sumner to Lecture on Monday Instead of Wednesday.

The management of the University Extension Society has issued a circular stating that the course for the coming season will consist of a series of six lectures by Prof. Wheeler, of Yale University, on historical subjects, and a like number by Prof. Sumner, of the same institution, on what may briefly be termed political economy. The lectures by Prof. Wheeler will be given as heretofore on Tuesday evenings, but owing to the fact that Prof. Sumner is obliged to be in his classroom early every Wednesday morning, it has been found necessary to arrange his course for Monday evenings. It is confidently believed that these lectures, offered to citizens at a nominal sum, will be as interesting and instructive as any heretofore delivered in this city.

No Contest Books.

A meeting of the Sons of Veterans fair committee was held last evening when further arrangements were made for the event which will be held during the first week in November in Washington Hall on West Second street. All of the committee reported progress, and there is every indication that the fair will be a success. It was decided that no contest books should be allowed in the hall where the fair will be held.

Round Top Farm's Sale.

Kellogg, auctioneer. Send for the catalogue; buy a fast young trotter or pacer from among those to be sold; join the Plainfield Driving Club next year and be in the swim.

Rehearsed the Minuet.

Active preparation has begun for the Spielartenfest. A general conference of all the interested parties was held on Saturday evening when plans for the affair were sketched out and the dances selected. Yesterday afternoon the children who are to take part in the minuet held their first rehearsal under the direction of Miss Stewart.

GONE WITH FIRM'S CASH.

ONE OF SCHEUER & CO.'S CLERKS DISAPPEARS WITH \$45.

Joseph Noel is the Employee and the Money He Took Was Collected on the Route Saturday—No Warrant Issued as Yet.

One of the clerks at the West Front street store of Scheuer & Company, the grocers, and \$45 in cash have disappeared. Now the clerk is wanted on the charge of embezzlement.

Joseph Noel entered the employ of Scheuer & Company two months ago. He had lately been in the employ of the Plainfield Street Railway as conductor and has had several other positions. Noel was employed by C. B. Clifton nearly eight years ago and is said to have disappeared from there with \$200 in cash belonging to the firm. After a year's absence he returned to Plainfield and made some settlement with Clifton.

Noel has been in charge of one of the delivery wagons lately and had the handling of what money was collected on goods sent C. O. D. to the patrons of that firm. Saturday he went his rounds as usual and made the collections. Then he put up his horse in the stable and disappeared. It is the custom for the drivers to put up their horses and then come to the office and make their returns. Noel never came, however, and when the time for closing came and he did not appear, it was suspected that something was wrong. When it was discovered that Noel's horse and wagon were in the barn the suspicion changed into a certainty.

While it was known then that Noel had made some collections, the firm could form no definite idea of how much he had. Yesterday one of the employees of the firm was sent on Noel's route and learned that the collections that day had amounted to \$45.

Noel lives on West Second street with his wife and daughter. Mrs. Noel is a hard-working, industrious woman. She is a dressmaker and has been trying to do her share toward the support of the family. The disappearance of Noel was a great surprise to them and they heard of his alleged crime with great sorrow. Meanwhile, they are left on their own resources.

So far there has been absolutely no clue to the whereabouts of the missing man, but Manager Schloss is of the opinion that he will return after a time. Justice Newcorn was first consulted, but so far no warrant has been issued for the arrest of the defaulter.

SOME CHANGES TO BE MADE.

Borough Council Likely to Rearrange Some Avenue Assessments.

The members of the Borough Council, together with the Watching Avenue Commissioners, met last evening in executive session for the purpose of examining the report of the commissioners. It is understood that some changes will be made in the amounts assessed. The Council will meet in open session Thursday evening, when they will be prepared to treat with all property owners who are affected and who desire to make objection to the assessments.

Brooke and His Band.

The celebrated organization from Chicago which has in a couple of years won recognition everywhere as being the best band in the business for playing popular music, will be heard at Music Hall Thursday. This will prove to be a sensation, as the voice of the press everywhere shows that Conductor Brooke does much more than is ever expected of him. His name is now second to none, and no band is in more general demand.

A Sportsman's Paradise.

T. H. Keller, the well known sporting man, has just returned from spending a few days with Neaf Appar at Pine Point Club Hotel on Orange Lake, just back of Newburgh, N. Y. Mr. Keller says that Mr. Appar has one of the finest hotels of its kind in the country. The surrounding country, he says, is prolific with game of all kinds. The fishing is excellent, too. Mr. Keller thinks that it is a regular sportsman's paradise.

Considering Assault Case.

The Union County Grand Jury is now considering the assault and battery charges brought against George Becker, William Hobbis and George Simon. It will be remembered that there was trouble between the three at Becker's house on Woodland avenue on February 13th last, and counter-charges were brought.

The Classes in Session.

The fall session of the Classes of Newark will be held today at Upper Montclair. Trinity Reformed and the German Reformed churches of this city are members and will be represented. Rev. Cornelius Schenck, PhD, and George L. VanEmburch will represent the Trinity Reformed church.

ANOTHER BUSINESS BLOCK.

TO BE BUILT BY W. M. STILLMAN.

The Site is the Babcock Lot Next to the Scheplin Block—Work to be Started at Once.

A handsome four story brick building is soon to be erected on the present vacant field at the corner of Madison avenue and West Front street, opposite the Jackson building. The site of the new building has long stood vacant although a desirable lot in the centre of the business section. The property has just been purchased by William M. Stillman from the trustees of the Seventh-Day Baptist Church Memorial Board for a large consideration. The deal has been under consideration for some time but it has only now been consummated and the deed drawn up.

The property in question has a frontage of 116 feet on West Front street, running from Madison avenue to the Scheplin building. It extends back to Green brook a distance of about 300 feet, varying according to the widenings of the brook. The land in question is some of the most valuable in the city.

It is Mr. Stillman's intention to begin building operations at once. He will start work tomorrow on a four story brick building that will extend all along the West Front street side of the property. The ground floor will be divided into four stores and the upper floors will be made into twelve flats, all equipped with the latest modern improvements, including steam heating and electric lights. The architect is William H. Clum, who has drawn up the design for a handsome building. Thos. J. McGann, Jr., contractor, has received the contract for making the excavation for the cellar, to be 60x290 feet. The building will be completed on April 1st.

The property formerly belonged to the estate of the late George H. Babcock and was left by his will to the Memorial Board of the Seventh-Day Baptist church. The property was appraised by Assessor J. A. Hubbard and the late E. R. Pope at \$16,000. There was no income from it and rather than pay the high taxes, the trustees of the Board decided to sell it to Mr. Stillman for a consideration equal to the appraisement.

GRAND REGENT PAID A VISIT.

A BIG TIME IN THE ROYAL ARCANUM.

Plainfield Council the Entertainers—Speeches and a General Good Time Enjoyed.

The members of Plainfield Council, No. 711, Royal Arcanum, enjoyed a visit last evening from Grand Regent Appar, of Trenton, who was accompanied by a delegation of members from the Grand Council of New Jersey. There was a good attendance of the home council and the reception given to the visitors was a feature of more than passing notice. There was also present members from Greenbrook Council, in charge of Regent Davis.

The gathering was presided over by Regent Bullock, of Plainfield Council, and in his usual pleasant manner he led the host into an evening of great pleasure.

An admirable speech was made by the Grand Regent, who is an acknowledged orator. His remarks in the good of the order were practical and to the point. Other speeches were made by the visiting officers and the home council.

A feature was the appearance of an orchestra from Westfield, in charge of William C. Townsend, of this city. A number of up-to-date selections were played, which were enjoyed by all. Mr. Pierson, of Plainfield Council, entertained the members with several selections on a graphophone. There was another expert player on the same instrument present, and Mr. Pierson challenged his fellow-member to a contest to be held October 25th in the council rooms.

Following the speechmaking and music, refreshments were served by the entertainment committee of Plainfield Council, and thus a pleasant evening was brought to a close.

An Approaching Marriage.

Invitations have been issued by Rev. and Mrs. Clark Wright, of New York, for the marriage of their daughter, Miss Lillian May Wright, to Dr. Louis G. Newman, son of Mr. and Mrs. O. T. Newman, of this city. The wedding will take place Tuesday evening, Oct. 26th, in the Union church, Forty-eighth street, near Broadway, New York.

For the Borough Primary School.

The Board of Education of North Plainfield has secured the basement of the German Reformed church, where the primary department of the school will meet in the future until other arrangements are made. This change will relieve the overcrowded condition of the school.

BIG SCANDAL BREWING.

An Anonymous Writer Who Assails Good Characters.

SOCIETY PEOPLE ARE CONCERNED.

A Prominent Woman is the Suspected One and it is Believed She is Involved in a Net Work of Evidence From Which a Public Retraction is Necessary.

Whispers are going forth of a scandal in the highest society circles of this city which is soon to appear before the public eye and involve several well-known people who are now looked upon as above reproach. Mutterings have been heard and gradually the facts are leaking out and are discussed over many a tea table. Unless a settlement is reached very soon, there will be an arrest for the violation of one of the laws of the United States and at the same time a civil suit begun.

For some time past, members of the leading society circles here have been the recipients of anonymous communications, most of which were derogatory to another member of the same family. One well-known citizen has received several of the same kind and at last compared notes with another and the hand-writing was found to be the same. There was no clue, however, to the identity of the writer and so the matter dropped until several weeks ago when the affair came to a crisis.

The daughter of a highly respectable family in this city left for boarding school. She had been attending school in this city. The day before she arrived at her destination, the principal of the school received an anonymous letter stating that the young woman who was to enter that institution had twice been expelled from Plainfield schools for stealing. The principal doubted the truth of the letter and immediately sent it to the father of the new pupil saying that he did not believe the charge. It might be stated here that the charge was utterly false.

The father of the young woman was properly indignant and determined to probe the case to the very bottom and learn, if possible, the perpetrator of the dastardly attempt to injure his daughter's character. His wife was equally anxious to discover the identity.

They consulted a reverend gentleman in this city about the matter and showed him the letter. Then the reverend gentleman went to his book case and produced a letter written in the same handwriting and to which was affixed the name of the writer. Fearing lest their judgment should be biased, an expert in chirography was next consulted and he expressed an opinion that there was no doubt but that the writer of both letters was one and the same person.

A prominent Plainfield lawyer was then called in and the situation explained to him. He now has the matter in charge and sensational developments may be expected any day. An attempt has been made to settle the matter without recourse to the courts and a public apology demanded. There have been several consultations of the interested parties but it is impossible to state at present the outcome of the affair.

The offence is a very serious one as the charge can be made before a United States Commissioner of using the mails for malicious purposes and sending anonymous communications through the mails. The penalty in case of conviction of such a charge is ten years in States Prison or \$10,000 fine, or both. There would also be grounds for a civil suit on the grounds of slander.

Among the recipients of the anonymous communications are a well-known legal light in this city and a prominent New York business man who makes his home in this city.

MR. McPHERSON'S FUNERAL.

Prominent Persons at the Services—Burial Beside His Children.

The funeral of former Senator John R. McPherson, of New Jersey, occurred yesterday afternoon from the family residence on Vermont avenue, Washington. Senators Sewell and Smith, of New Jersey, and several old friends and associates came from New Jersey to attend the services. Many well known public men were present.

The coffin, bound in black broadcloth, with silver mountings, bore a plate with the inscription: "John Roderick McPherson, May 1, 1832; October 8, 1897." On and about it were arranged many elaborate floral pieces.

The funeral service was conducted by Rev. Dr. Elliott, of Ascension church, after which the body was taken to Oak Hill cemetery, where it was buried beside Mr. McPherson's children.

FLEEING FROM HUNGER

Gold Hunters Leave Dawson and Return to Seattle.

MANY ARE NOW IN NEED

Fifty Discouraged Prospectors Turn Back at St. Michael's—Miners Valuing the Arrival of Provisions.

Seattle, Wash., Oct. 12.—Several persons who have arrived on the Dalton trail from the Klondike, repeat the story of the scarcity of provisions and possible hunger and starvation with many persons there this winter. James Clark and C. A. Brown, who had been mining on Birch Creek, having left Dawson City Sept. 6, at noon, poled up the river to fifteen miles above Pelly River and there bought a horse and came in over the supposed Dalton trail, making the trip in twenty-six days to Haines' Mission, arriving there on Sunday.

They left Dawson because of the scarcity of food. They report that the office of the Gold Commissioner had been entered by burglars a few days before, and about \$4,000 taken. Mounted police had been trying to run down the thieves, but had been unsuccessful. Clark and Brown say that the people at Dawson were much excited over the failure of a steambot to arrive from St. Michael's with food. The Hamilton was looked for daily. Dawson people did not know that the Hamilton had been caught on a sand bar and would not be able to reach them until Spring.

Clark says that he met hundreds of persons going to Dawson while he was coming out. He begged them to return, telling them that they would have to surrender their food, and starvation would be about the best they would get.

They asked him if there was gold at Dawson.

He said: "Yes, and plenty of it."

"That's all we want," they said, and continued on their journey. Clark and Brown are of the opinion that the Thorp party, which is trying to get into Dawson with several hundred head of cattle and horses will meet death on the Dalton trail. They passed the party several hundred miles up the trail. It had no food for the animals, and many of them had already died, and others were succumbing every day. The trip is one of the most dangerous at this time of the year in all Alaska. Thorp, the leader of the party of fifteen, does not seem to know the trail. On several occasions all were lost, and it was with difficulty that the trail was recovered.

Clark and Brown say that millions of dollars in gold will be taken out of the American side this Spring. They have several claims worth fortunes. New discoveries are being made all the time, but the scarcity of food has become a crisis.

Many were trying to get out of the country when these men left Dawson. The North American Company's store was closed, but the Alaska Commercial Company had a few sacks of flour, which were being dealt out to those who were already in need of food.

TO AVOID PROSECUTING REEDER.

District Attorney Fox Wishes to Withdraw from Wanamaker Case.

Easton, Pa., Oct. 12.—Before Judge Scott, James W. Fox, the District Attorney, presented a petition asking to be relieved of acting as District Attorney in the cases against Gen. Frank Reeder, Webster C. Weiss and Maurice Luckenbach, who are charged with conspiracy against John Wanamaker, and praying the Court to appoint a special District Attorney to conduct the cases. His petition said:

"By reason of the relations existing between your petitioner and the said Frank Reeder, your petitioner feels that it would be indelicate and improper for him to act as District Attorney in the trial of said cases."

Judge Scott will consider the matter for a few days. There has been no new development in the report that William Winsboro, one of the Commonwealth's witnesses, had gone to Europe, except that his brother-in-law, L. B. Camden, of Bangor, said to-day that Winsboro had intended going abroad on State business. Winsboro's absence will not be of any moment, unless he fails to be here when the case comes up for trial in November.

Catholics and Indians.

Washington, Oct. 12.—At the annual meeting of the Catholic Archbishops, which will be held in this city this week, and over which Cardinal Gibbons will preside, a new plan of administration of the Catholic Indian missions will be considered.

It is said that archbishops who have Indians in their archdioceses will themselves undertake their care and instruction, the same as they have always done in the case of orphans, so that the present Bureau of Indian Missions, as now constituted, which has been maintaining missions and schools for years, will be abolished.

Old Campaign Scheme.

Brooklyn, Oct. 12.—This city had a novel feature in its political campaign last night.

The Republican ward organizations came to the Academy of Music meeting in behalf of Gen. Tracy in illuminated trolley cars. These cars were brilliantly lighted by electric globes and decorated with colors, and each carried a band which, on the way to the Academy, played popular music.

Over the Ocean in a Boat.

London, Oct. 12.—William Oldham, of Nottingham, proposes to cross the Atlantic in a steel boat ninety-nine inches long, twenty-six inches beam and forty-two inches deep. It will be propelled by a screw driven by a bicycle-like arrangement.

A sort of hood that can be closed in rough weather, will completely protect the occupant. The boat will be provisioned for fifty days, in which time Oldham expects to reach New York.

Domination After a Loan.

London, Oct. 12.—The Bank of Montreal has invited tenders for £2,000,000 (\$10,000,000), 2½ per cent. inscribed stock, at not less than 91. Of this amount £1,000,000 (\$5,000,000) will be applied to paying off the floating debt of the Dominion.

TRACY TALKS OF LOW.

Blames Him for Cleveland's Election Over Blaine.

Brooklyn, Oct. 12.—Gen. Tracy, Republican candidate for the Mayorality of Greater New York, addressed a large crowd here last night. Speaking of Seth Low's candidacy, he said:

"Ladies and Gentlemen—In this canvass I propose to have no personal controversy with candidates or their advocates. I respect the motives of men, and I do not impugn them. But I must deal with their actions and with the result of those actions as I see it and believe it to be.

"Mr. Low, in speaking here the other night of me, said that we were friends and had been. I have been Mr. Low's friend now for seven years. Others may have served him more wisely; none has been truer or more faithful to him than I. I was the one who made it possible for Mr. Low to be the Mayor of this city. He was re-nominated and re-elected, and was thus made Mayor for four years. He says that he regards the fact that he and I are now foes to each other as a tragedy in his life. Allow me to say that if Mr. Low's political action had always been as wise as my friendship has been faithful, he would have no occasion to consider this as one of the tragedies of his life.

"Mr. Low was Mayor of the city in 1884. In that great campaign, when the honored statesman, James G. Blaine, was nominated for President, Mr. Low was silent; no one knew what his position was, or what it was to be, until after the election, when he gave it out—and I have no doubt of the truthfulness of it—that he voted for Blaine. But everybody under him in his department, every friend of his here, supposed that he was against Mr. Blaine through all of the administration. It is undoubtedly true that James G. Blaine was defeated here in the city of Brooklyn. Mr. Low was a citizen here. Nobody asked him to use his influence as Mayor; but had Mr. Low, as a citizen, made it known that he cast his vote for James G. Blaine, Blaine would have been elected President, and the disaster that the country has suffered from the two Administrations of Grover Cleveland would never have happened."

LUETGERT TRIAL ENDS SUDDENLY.

The Case Will Probably Go to the Jury Saturday.

Chicago, Oct. 12.—The Luetgert trial came to a sudden and unexpected close yesterday.

Witnesses whom the defense had called in sur-rebuttal failed to respond when their names were called, and finally ex-Judge Vincent announced to the Court that the case of the defense was all in.

"We rest," concluded Luetgert's chief counsel. A sigh of relief was heard in the courtroom. After a brief consultation by the counsel in the case it was agreed to begin arguments to the jury in the afternoon.

Assistant State's Attorney McEwen opened. He will be followed by Attorney Phalen. Ex-Judge Vincent will close for the defense, and State's Attorney Deneen will close for the prosecution.

The case will go to the jury probably next Saturday night.

Luetgert as a Showman.

Chicago, Oct. 12.—Luetgert is planning to become a showman as soon as he is freed, which he has no doubt he will be. With the middle vat and the pack of Great Dane hounds he will make a tour of the country, and thus retrieve his lost fortune.

"I have lost all my money, and this infamous charge they have put against me has ruined my business," he says. "Do you think I am going to permit myself to become a poor man—a charge on the country? No, I will make lots of money. I will make as much in a year as I lost last year, and that is a good deal. Then I will find my wife and you can watch out to see what I will do to my prosecutors."

As soon as the trial is over Mrs. William Charles will have a warrant issued for the arrest of Mrs. Luetgert.

Owing to the failure of witnesses for the defense, the sur-rebuttal, which was begun this morning, was abruptly concluded at 11 o'clock, and a recess was taken. The argument began this afternoon. Assistant State's Attorney McEwen made the opening speech.

The great success of Hood's Sarsaparilla in curing stubborn cases of scrofula, eczema, rheumatism, neuralgia, and many other similar troubles, is based upon its power to enrich and purify the

Blood

This is also the reason for the great popularity of Hood's Sarsaparilla as a building up medicine. By making pure, rich blood, it gives vigor and vitality even in trying seasons, when, owing to impoverished blood, thousands are complaining of weakness and weariness, lack of energy and ambition, and that tired feeling.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Hood's Pills cure Liver Ills; easy to take, easy to operate. See.

evidently, and the business should be done by all means. Buildings require paint. Of course a house may be left unpainted and left to become weatherbeaten and a wreck. EARLY INTELLIGENCE.

A meeting of the Parliamentary Club will be held in the Y. M. C. A. Hall on Thursday morning at 10 o'clock.

A. Kane has the contract for laying the curb and flagging on the Belvidere and Watchung avenue sides of the property of N. P. T. Finch.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly. Indeed, it acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. The 25 and 50 cent sizes for sale by T. S. Armstrong, Apothecary, corner Park and North avenues.

PARTICULAR MENTION.

Elmer Neal, formerly of Plainfield, but now of Chicago, is visiting relatives in this city.

William Lawrence, of Sherman avenue, is improving from a recent accident he met with while playing football.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaars Mills, La., has to say on the subject, viz.: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to affect a cure. 25 and 50 cent sizes for sale by T. S. Armstrong, Apothecary, corner Park and North avenues.

Miss Brown, of Woodbridge, is the guest of Miss Pruden, of East Second street.

A pain in the chest is nature's warning that pneumonia is threatened. Dampen a piece of flannel with Chamberlain's Pain Balm and bind over the seat of pain, and another on the back between the shoulders, and prompt relief will follow. Sold by T. S. Armstrong, Apothecary, corner Park and North avenues.

A baby girl was born to Mr. and Mrs. John Wakefield, of Somerset place, last Friday.

Croup Quickly Cured.

MOUNTAIN GLEN, Ark.—Our children were suffering with croup when we received a bottle of Chamberlain's Cough Remedy. It afforded almost instant relief.—F. A. Thornton. This celebrated remedy is for sale by T. S. Armstrong, Apothecary, corner Park and North avenues.

Mrs. C. L. Goodrich, of West Seventh street, has returned after a visit with her parents at Montclair.

James A. Stafford, of Grandview avenue, was the guest of Somerville friends on Saturday afternoon and Sunday.

Electric Bitters

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at L. W. Randolph's drug store.

Phillip Suffern, of Linden avenue, has been visiting friends in Somerville.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and to-day stands at the head. It never disappoints. Free trial bottles at L. W. Randolph's drug store.

SPECIAL CROP REPORT.

The Cereals Have Increased—Decline in Tobacco and Potatoes.

Washington, Oct. 12.—The October report of the statistician of the Department of Agriculture shows the average condition of corn on Oct. 1 to have been 77.1, as compared with 79.3 on Sept. 1, and 90.5 on Oct. 1, 1896, and 82.5 the average for the last ten years.

The preliminary estimate of the yield per acre of oats is 2.1 bushels, an increase of 3.8 bushels over the October estimate of last year. The average for quality is 87.6.

The average yield of wheat per acre will not be published pending the result of a special investigation of acreage and production now approaching completion.

The condition of tobacco shows a decline of 5.2 points during September. The tobacco reports vary greatly as between the different States, Pennsylvania and Maryland showing an improvement of 3 and 11 points respectively, while Virginia shows a decline of 2 points, North Carolina, 4; Tennessee, 11; Kentucky, 19; Ohio, 2; Indiana, 6, and Missouri, 6.

The condition of Irish potatoes has declined 5.1 points in the New England States. The decline ranges from 8 points in Massachusetts and Connecticut to 18 in New Hampshire and 21 in Maine. In New York and Pennsylvania it is 9 and 5 points respectively, and in Illinois, Iowa and Nebraska it is 6, 2 and 4 points respectively.

BAD JERSEY CHURCHMAN.

J. J. Kents, Prominent in Religious Circles, Accused of Embezzlement.

Trenton, N. J., Oct. 12.—Religious and Grand Army circles are deeply stirred over the sudden and unexpected disappearance of John J. Kents, who for years has been doing an apparently prosperous real estate and insurance business in this city.

Kents lived in good style on one of the principal streets in the city, took a leading part in all Grand Army matters, and was an active member of the First Methodist Church.

Kents, in his capacity as pension agent, secured a pension for Mrs. Koenig of \$1,500. He borrowed \$500 from her. She finally wrote to Wilkes Post, and Capt. E. C. Stahl succeeded in getting \$200 for her in cash and a series of notes.

These were for \$25 each. Three of these Kents paid off; the fourth one falls due on Oct. 21.

Mrs. Koenig said that when Kents owed \$500 he wanted to compromise for \$300, but she would not consent.

Kents' family deny that they know anything of his whereabouts. Detectives are trying to locate him.

TOOK PLUNDER FROM CARS.

Merchants of Dalton, Ga., Indicted for Collusion with Robbers.

Chattanooga, Tenn., Oct. 12.—Several well-known merchants of Dalton, Ga., have been indicted by the Grand Jury on the charge of receiving stolen goods. The indictment is a sequel to the recent discovery of a gang of thieves who for twelve years have robbed the Southern Railroad at Dalton. A coal station where all freight trains stop was the place the robbers entered the cars while the trainmen were assisting in taking on coal. Their custom was to throw freight, such as they wanted, generally coffee, tobacco, clothing or shoes, out of the cars before reaching Dalton. This was gathered up by members of the gang, and stored in their houses or barns until a convenient time for selling. For years the efforts of the road to root down the gang were futile. During this time it is estimated that they stole goods worth \$100,000.

A few days ago the gang was caught by special detectives. The parties who were indicted for receiving the goods of the thieves are all leading merchants of Dalton, two being members of the town council.

MRS. ATKINSON'S TRIAL.

Refuting the Charge that She Signed Without Husband's Knowledge.

Wheeling, W. Va., Oct. 12.—It was quite late yesterday before the trial of the case of Mrs. Atkinson, wife of Gov. G. W. Atkinson, indicted for forging the name of her former husband, the late Judge G. D. Camden, was resumed. The testimony taken yesterday afternoon tended to refute the allegation of the prosecution that Mrs. Atkinson signed papers without her husband's knowledge. It also indicated that there was no effort on the part of Mrs. Atkinson to give H. D. Heater receipts for money he never had.

The statement that Mrs. Atkinson will refuse to accept pardon at the hands of her husband in case of conviction is denied by all parties connected with the case. A verdict is not expected before to-morrow.

A MISER WITH \$51,000

Pretended She Was Starving While She Had Money and Bonds.

Boston, Oct. 12.—A thorough search of the rooms of Mrs. Almira Perham, who died apparently penniless on April 21 at her home at the South End, has revealed over \$51,000 scattered about in odd places. Of this sum \$24,000 is in cash. Bills of all denominations were found in an old bustle. The rest of the \$51,000 is in United States bonds. Much money was found in chairs, trunks and chests with false bottoms, and in odd receptacles whose existence was not revealed until the walls themselves had been partially torn down. Mrs. Perham gave her neighbors to understand that she was almost starving, and she often received presents of money and food from the charitable among them.

Japan Backing Out.

London, Oct. 12.—An official telegram received here from Yokohama says that Japan accepted the invitation to send a representative to the sealing conference to be held at Washington with the understanding that the whole sealing question is to be decided, and not simply the questions which are covered by the Paris award. Japan having no interest in the Bering Sea seals.

THORN'S SECRET OUT

Guldensuppe's Head is Said to be in the Ocean.

DID THORN TELL OLARK?

Authorities Not Likely to Search for the Missing Part of the Murdered Man—Sufficient Evidence Without It.

New York, Oct. 12.—The head of William Guldensuppe is now said to be lying on the Fishing Banks, where it was thrown by a friend and confidant of Martin Thorn. This man, whose identity is known to District Attorneys Olcott and Youngs, hurled the plaster-headed head into the sea from the fishing boat J. E. Schuyler on July 21. This was two weeks after the arrest of Thorn. The friend called on him in the Tombs on July 20, and it was then Thorn begged for assistance. The prisoner told the visitor he had hidden the head in the bushes near the cottage in Woodside, L. I., where the murder was committed; gave him an exact description of the spot; said he was fearful it would be found by the searchers and begged him to get it and put it some place where it was less likely to be discovered.

Thorn's friend did as he was asked, it is said, and returned a couple of days later and told the prisoner that he was safe, so far as the head was concerned. This so elated Thorn that he allowed his propensity to talk to get the better of him again and he told of the disposition of the head to Frank E. Clark, a fellow prisoner in the Tombs. Clark first told his story to District Attorney Youngs, of Queens County, and the authorities here were informed later. Search was then begun for the man who had thrown the head into the water at Thorn's request. He is known and the prosecutors of the case know where to find him when he is wanted. It is said that no attempt will be made to recover the head, because District Attorneys Olcott and Youngs think they can conclusively establish the identity of the murdered man without it.

When Assistant District Attorney Mitchell, who conducted the examination of Clark in the Tombs last Tuesday, asked him to explain how Thorn came to tell him of his connection with the Guldensuppe murder, Clark replied:

"I did not try to gain any information from Thorn. I paid no attention to him, as I was very sick. Thorn aided in nursing me. Dr. Owen J. Ward, the Tombs physician, prescribed whisky and quinine for me. I used to get three or more doses a day. I did not drink all the whisky and one day Thorn asked me for a drink. I gave it to him, and he felt very grateful.

"After that I used to give the whisky I did not want to Thorn. The whisky made him talkative, and one day he voluntarily began to talk about his case. He asked me about Sing Sing Prison, where I had served a term. Then little by little he told me his entire story. It was the doctor's whisky which made him take me into his confidence.

"He told me that after he had placed the head in plaster of paris he carried it out of the house and threw it into some bushes, near the Woodside cottage. It was his intention to get the head away from there and throw it overboard. When he read in the newspapers of the finding of the other portions of the body he became alarmed and did not return to Woodside. He has not been there since."

ENGLAND'S GREAT STRIKE.

Other Trades May Be Called Out. Increasing the Strikers to 400,000.

London, Oct. 12.—A meeting of the Federated Trades Unions was held at Carlisle yesterday afternoon for the purpose of discussing the question of calling out all the men composing the unions represented on Oct. 15 to be in sympathy with the strike of the engineers.

If the question is decided in the affirmative it means the stoppage of thirty distinct industries, including the boilermakers, shipwrights, carpenters, plumbers, blacksmiths, and pattern-makers, and the total number of men on strike will be increased to 400,000.

The meeting did not decide the main question of calling out the trades unionists, but resolved to appeal to Mr. C. T. Ritchie, president of the Board of Trade, to summon a conference under the Conciliation act of representatives of the Employers' Federation and the unions. This will delay the crisis for at least two weeks.

Don't Believe the Charges.

New York, Oct. 12.—A great deal of righteous indignation has been aroused among members of the Women's Home Missionary Society of the Methodist Episcopal Church, over the published statement that the affairs of the De Peyster Home for Orphan Girls, at Tivoli, are in a bad way. This institution is under the direct charge of the society, which maintains intimate relations with the matron and the inmates.

The president of the society, Mrs. Anita B. Fisk, says: "The matron is a most consistent Christian woman and is tenderly disposed toward children, and not likely to inflict on them any unnecessary punishment. She is strict in her ideas of discipline, but not inclined to be barbarous.

Salvationists Barred.

Trenton, N. J., Oct. 12.—President Kittson of the Board of Police Commissioners, has determined that the Salvation Army must keep off the streets of Trenton. He announces that he will have the members arrested as often as they attempt to worship there. This action has caused much adverse criticism. The preachers and friends of the army are clubbing together in a movement to determine whether or not the Police Commissioner is overstepping his authority.

Gen. Lee Ready to Return to Havana.

Washington, Oct. 12.—Gen. Fitzhugh Lee, who has been spending his leave of absence with his family at Covington, Va., called at the State Department. He told the officials there that after to-day he would again be at the command of the President and ready to return to Havana at once.

RAPID TRANSMISSION OF MAIL.

The introduction of pneumatic tube for the rapid transmission of mails from one point to another at almost lightning speed makes a new era in the postal history of this country. That the system will be a complete success when put into general use was shown the other day in New York when the experimental tube, running from the general postoffice to the Produce Exchange, worked to perfection on a trial. The advantages to the urban citizen can be seen at a glance, but it is a fact that its service will also be of inestimable value to the business men of the suburban territory. Under the present state of affairs a good deal of time is lost in the carriage of mail across the ferries to the New York postoffice, but with a pneumatic tube acting instead the mail could be sent from the postal train to the postoffice in a jiffy and vice versa. The time saved would be enough in many instances to allow business men of suburban towns like Plainfield to mail a letter in the afternoon and receive an answer the same day—something that cannot now be done.

MORE SHADE WANTED.

All good Jersey men of this particular section know, of course, that New Brunswick politics are so shady that few good shadows are cast, but notwithstanding this popular knowledge the Women's Town Improvement Association of the old Dutch town are bound to have things still more shady—but it is to be the kind that is made by towering maples whose outspreading branches will give a rustic air to the town's thoroughfares. The women have agreed that the city should be beautified by the planting of trees along the sides of its streets, and to that end George street has been chosen for the experiment and will be set with numerous young maples encased in a neat box with the label of the society stamped thereon. It takes the New Brunswick women to show their voting superiors the bright side of municipal life.

The Spencer men say that the argument of some of the Republicans, that North Plainfield ought to be contented with one county office like a Senatorship, will not hold water. They in stance the fact that Bridgewater township now has the Sheriff, County Clerk, County Collector, Surrogate and County Superintendent of Schools, and yet there is no kick coming from that direction. North Plainfield is conceded to be the backbone of the Somerset Republicans and the friends of Mr. Spencer insist that he is justly entitled to the nomination he seeks by virtue of all the things that control political parties.

During the last few weeks of her life the late Miss A. Kate Martine was ambitious that a handsome fountain should be established in the city park, and to that end she had interested many prominent and wealthy gentlemen. Now that she is gone, it is to be hoped that the result of her energies will not be dispelled by the lack of some other progressive woman to take up the subject and push it to a consummation. It has been suggested that it would be fitting in case the fountain is established to dedicate it to Miss Martine's memory.

ECHOES OF A CONVENTION

LOCAL ENDEAVORERS HEAR OF THE BIG MEETINGS HELD IN PATERSON.

The Spirit of the Mighty Gathering Harbored in the Delegates' Souls and They Gave Inspiring Talks of What They Heard.

The spirit of that mighty gathering of Christian Endeavorers, which has just come to an end at Paterson, has been felt all over the State. Last evening, Plainfield felt its awakening influence at the "Convention Echo" meeting, held in the small hall in the Y. M. C. A. building by the Christian Endeavor Society of the Trinity Reformed church.

E. E. Anthony acted as leader of the meeting and soon had the rest of the Endeavorers in a state of enthusiasm. The meeting opened with a stirring song of service led by Horace J. Martin. Then in a few words Mr. Anthony told of the party of three that had gone from that society and that the first speaker of the evening would be Miss Florence G. Hawkins, secretary of the local union.

Miss Hawkins told of the great treat that the convention was to all who attended, and said that so much happened in those three days that it was hard to select any one session to describe. She told of the Thursday night session at the Y. M. C. A. hall, when "Father Endeavor" Clark was present and made a wonderful address. It rained that night, but that did not dampen the enthusiasm of the Endeavorers who crowded the hall. After the opening song service, she said, Dr. French, who was presiding, was very much exercised over the fact that Dr. Clark was nowhere to be found. Messages were sent all over the hall, but he could not be found. At last he came marching up the aisle and was received by a grand Chautauqua salute by all the Endeavorers. He said it was the fourth convention he had attended during the week, and spoke of the New York and Pennsylvania conventions as being nearly as good as the New Jersey convention. He promised the Jersey Endeavorers front seats at the State convention at Nashville, Tenn., and at the international convention at London. The subject of his address was "Christian Endeavor Under Many Skies."

After the singing of "Blest Be the Tie," Horace J. Martin, the president of the society, made a few remarks. He said that there was so much to tell that he did not know where to begin. He described the meeting that had been held in the First Presbyterian church the same night that Dr. Clark had spoken. John Wilbur Chapman had addressed the meeting. Mr. Martin spoke of the sunrise meetings which had been held at 6:30 o'clock in this city last year, but were held at 7:30 o'clock in Paterson.

E. E. Anthony told a few of his impressions of the convention. Every address seemed to center about Jesus. Dr. French's address, he said, was one of the most beautiful things he had ever heard. Mr. Anthony then spoke of the closing consecration meeting and how the plan was changed, the response being made individually instead of by counties. It was wonderfully impressive, he said. He told how young and old men and women rose over the hall and made their response. One case he cited was of a river thief who rose and told how he had been won over to the Lord Jesus Christ.

After prayer by Rev. Cornelius Schenck, Ph.D., Mr. Anthony asked all who would pray to the Lord to show them what work He had for them to do would please rise and the congregation rose in a body.

TEMPERANCE AND BEER.

Former Prohibition Resort May Become a Summer Garden.

Much comment has been raised among the temperance advocates of Middlesex county by the announcement that the summer resort known as Boynton Beach has been purchased by Gottfried Krueger, the brewer, of Newark. For many years this resort has been maintained by Captain C. W. Boynton as a strictly temperance place, and it has been the favorite place for Sunday-schools to go for a day's outing.

It is understood that Mr. Krueger has acquired the resort with an idea of making it a summer beer garden. Those interested in the reported transfer of the park refuse to say anything regarding the matter.

For Better Roads.

The Somerset Board of Freeholders advertise for bids for macadamizing the roads from Somerville to the Liberty school house, 2 1/2 miles, and also for the road from Labaw's corner, near Harlingen, to Conover's corner, and a branch from Belle Mead creamery westerly to the road leading to Flagtown, a total distance of 4 3/10 miles. The applications for these roads have been pending for a long time.

John Smalley, of the borough, is now assisting N. B. Smalley at the latter's Somerset street meat market.

It Reflects Our Methods.

There are two notable points about the sale of

Henry's Electric Liniment

that are worth notice. First, we guarantee it. If it fails to give satisfaction in any respect your money will be cheerfully refunded. Second, it is a remedy that can be guaranteed; it would be folly to sell an inferior remedy that way.

The price is 25 cents. It cures bruises, strains, backache or deep seated pains anywhere.

Our proposition on this remedy applies to all the preparations we make. Our aim is to make satisfaction the basis of every transaction. We believe that such methods appeal to thinking people more than plausible promises of something for nothing; more than the use of schemes which in the end must prove a delusion.

FRANK ROWLEY, DRUGGIST,

45 SOMERSET ST. TEL. 213 A.

ST. JOSEPH'S HOME OPENED

IT IS A SPLENDID AND LIBERAL IDEA.

Suggested and Carried Out by Rev. W. H. Miller—A Place to Educate for Household Duties.

An institution that is destined to fill a long felt want in Plainfield and the borough is now well under way on Manning avenue, in the borough. It is called St. Joseph's Home, and has been established for the purpose of assisting worthy and respectable girls who are looking for employment. The idea is one that originated with Father Miller, rector of St. Joseph's church, and he has, through the assistance of Mother Raymond, of Bordentown, been able to put his ideas to practical use.

The Home is an attractive one and provided with every convenience. On the first floor is to be found a neat and pleasant room which is used as an office where persons who are in search of good, respectable help, can obtain such. People are welcome at all times to call and inspect the Home. On the opposite side of the hall from the office is a pleasant dining-room, while on the upper floors are located the dormitories. These rooms are all that anyone could possibly desire. They are neat, clean and comfortable, and here girls of any faith or nationality, so long as they are respectable and worthy, can come and receive such help as it is in the power of those in charge to give.

Father Miller desires it to be understood that a girl on entering the place will not be questioned as regards her religion. She will be privileged to attend any church of her choice. The place is especially adapted to people who desire help and who like to call at a quiet place and consult about such matters. The Home will be conducted in a strictly first-class manner, and the girls who enter there will be taught how to cook, sew, and do lots of other things that are necessary for a good housekeeper to know.

NO TROLLEY RIGHT AWAY.

The Town Committee, After a Long Wrangle, Votes to Adjourn.

The vote of Chairman Peter Gulick, of the Bridgewater Township Committee, at a meeting yesterday, to consider the applications for a franchise between Somerville and Bound Brook, precludes all hope of a trolley road this season. The applications have been pending for four months, and so bitter has been the fight between the New York and Philadelphia Traction Company and the Brunswick Traction Company, that final action has been repeatedly delayed.

The law required that a company must obtain the consents of a majority of the property owners along the line.

The New York and Philadelphia Traction Company yesterday presented consents for 2,000 more feet than was necessary. The Brunswick company did not have a sufficient number of feet. Three or four lawyer's appeared for each side and for hours they argued before the Committee. The latter held two or three private consultations, and after each the lawyers of the New York and Philadelphia Company continued to urge immediate action.

Finally a vote was taken on a motion to adjourn. William Hardgrove voted against delay and William Bartles voted for it. Chairman Gulick had the deciding vote and voted for delay, which was a victory for the Brunswick company.

Lawyer Charles Moffett is in Elizabeth today looking after some legal matters.

Armstrong Mulford and children, of East Fifth street, have moved to Brooklyn, where they will reside in the future. Mr. Mulford will still remain in business in Plainfield, and will commute.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure DUNELLEN AND NEW MARKET.

Miss Lizzie Hunt entertained company from New York last Sunday.

Miss Holmes, of Plainfield, was the guest of borough friends yesterday.

Mrs. John Dayton and Miss Eva Dayton spent yesterday with friends in town.

Mrs. DeWitt Smith, of Somerville, spent Sunday with Mr. and Mrs. R. J. Swackhamer.

C. H. Hand, of Plainfield, was in New Market yesterday looking after some real estate matters.

The Misses Smith and Mrs. Smith, of South Plainfield, called on friends in the borough yesterday.

Mrs. Edward Taylor and daughter, Miss May Taylor, have returned from their visit with friends at Boonton.

E. Brown, of North avenue, has moved to Newark. He was formerly superintendent of the Dunellen Brick Works.

Justice Storms, of New Market, gave judgment for the plaintiff yesterday in the case of Cole against Huff Bros.

Mr. and Mrs. James Voorhees, of Plainfield, and Mr. Moore, of New York, called on friends in New Market and Dunellen yesterday.

The repairs on the Presbyterian church organ are completed, and it sounds much better. The work of painting the building is progressing nicely.

Augustus Warden had a narrow escape last Sunday from being seriously burned while he was trying to capture a hive of bees. To perform the act he covered his face and neck with fine netting, and then went to the hive where he started a fire under the bees. He depended on an opening to furnish a sufficient amount of air to give the fire a good start, but the air failed to work properly and it blew the flames toward him. The flames caught the netting and in an instant the whole piece of netting was ablaze. Mr. Warden seemed to be helpless to release himself from the netting or the flames and had to wait until most of the netting was consumed before he could do anything. When the fire was put out an examination showed that Mr. Warden's neck and face were terribly burned, and he suffered great pain. He went to Dr. Brakeley's office where the doctor gave the proper treatment. Today Mr. Warden is much better but he still suffers intensely from the burns. It is needless to say that the bees made their escape.

SCOTCH PLAINS AND FANWOOD.

The fire department was called out at 9:30 o'clock last night in response to an alarm of fire coming from the home of Judge Clark. The engine company responded, but found their services not needed as the blaze only proved to be the chimney on fire.

FACTIONAL WAR IN MIDDLESEX.

Supporters and Opponents of John Kean Fighting Over Senatorial Candidate.

On the eve of holding the primaries the Republicans of Middlesex county are in the midst of a factional fight. It is current gossip that the supporters of John Kean in Middlesex County have made overtures to the Democratic leaders to trade off the Surrogate for the State Senator. The Republicans throughout the county who are opposed to Kean will make the hardest kind of a fight to defeat the alleged scheme.

The primaries will be held on Wednesday evening, and it is expected that the county convention will be held a week later in New Brunswick.

COL. WARING DECLINES.

Will Not Accept the George Nomination for Comptroller.

New York, Oct. 12.—Col. Waring was notified yesterday morning by the George men that he had been nominated for Comptroller by the Democracy of Thomas Jefferson. The notification was made at the Department of Street Cleaning shortly after Col. Waring came down to his office.

When asked by the reporters to-day if he would say whether he would accept or decline it, Col. Waring said: "I have nothing to say at present. I thought I might be able to give my decision today. Now it will be impossible. I should like, however, to correct an evident misapprehension. I had no knowledge of this movement looking to my nomination until the whole scheme had gotten beyond recall."

Later, however, it was learned that Col. Waring will not accept the nomination. The Colonel will write a letter saying, in the friendliest terms, that he cannot see his way clear to accept. Col. Waring came to this conclusion when it was made clear to him that Charles S. Fairchild, the candidate for Comptroller of the Citizens' Union, will not retire. Col. Waring, his friends say, desired to accept the George nomination, but he also desired an endorsement by the Citizens' Union.

CONNECTICUT MAY TAX WHEELS.

Assessors in Doubt Whether to List Them Among the Vehicles.

Stamford, Ct., Oct. 12.—The new Board of Assessors in Connecticut are organizing to make out the lists of property liable to taxation, and the members are giving the proposal to tax bicycles a good deal of thought. Under the taxation laws of the State every vehicle valued at more than \$25 must be taxed, but bicycles have never paid taxes. Last year several of the leading lawyers of the State who ride bicycles voluntarily included their bicycles in their lists, but the assessors struck the wheels off.

The wheelmen are now clamorous for better roads, and thousands of dollars have been spent on the highways because of their impotency. There seems to be a desire on the part of many that a special tax of \$1 on each wheel shall be laid, the revenue to be spent in improving the roads. This plan would result in bringing in upward of \$200,000, which, if spent on the country roads, would make a vast improvement in a few years. The wheelmen as a body, however, are opposed to the tax.

TREASURER ROBERTS' REPORT.

Assets on July 1, \$874,764.377—Available Income, \$363,173.825.

Washington, Oct. 12.—Mr. Ellis H. Roberts, Treasurer of the United States, reports to the Secretary of the Treasury that at the beginning of the fiscal year 1896-1897, the total assets of the Treasury were \$555,685,322, and that they increased within the year to \$874,764,377. The total income available for the fiscal operations of the Government was \$363,173,825. The expenditures amounted to \$388,245,017, including \$11,375,502 disbursed on account of bonds and fractional currency and \$11,022,350 on the retirement of national bank notes. The net deficit in the year's transactions was \$25,071,092.

The issue of paper currency, amounting to \$37,848, was exceeded only once in the history of the Government, in 1892, and then only by a narrow margin. The redemption, amounting to \$330,710,020, was also relatively heavy.

Employees Want an Injunction.

Chicago, Oct. 12.—The Street Car Men's Union applied to-day for an injunction against the Chicago City Railway Company. Ex-Judge Ambrose filed a bill which says that employees were discharged by the company because they were members of the union. The bill declares this to be contrary to law, and an order is asked restraining the company and its agents from discharging men for the reasons set forth. Action on the part of the union was hastened when the Executive Committee learned that officials of the company were notifying the men to cease paying dues to the union.

Editor O'Sullivan Dead.

Boston, Oct. 12.—Word was received yesterday morning from Asheville, N. C., of the death of Jeremiah T. O'Sullivan, of Lawrence, Mass. The body will be taken home at once. Mr. O'Sullivan won the title of the "Original Free-Silver Man of Massachusetts" some weeks before the Democratic National Convention of 1896. He addressed the delegates at Chicago, nominating for the Vice-Presidency, George Fred Williams. Mr. O'Sullivan was born in Lawrence in 1871. He attended the public schools in Lawrence and was graduated from the high school in 1888.

Irishmen Hiss Mr. Gladstone.

Dublin, Oct. 12.—The first General National Convention of the Irish Independent League, organized by John Redmond, M. P., the Parnellite leader, opened last evening in the Ancient Concert rooms here.

Eight hundred enthusiastic delegates packed the hall and actively participated in cheering vociferously every point in the speeches which met with their approval; and in jeering the names of Dillon, Healy and Davitt, as well as hissing the name of Mr. Gladstone when Mr. Redmond characterized him as "the Englishman who betrayed Ireland."

Vanderbilt in Bronze.

Nashville, Tenn., Oct. 12.—The bronze statue of Commodore Cornelius Vanderbilt, which for several months has stood in front of the Parthenon at the Tennessee Centennial Exposition grounds, was presented formally by the people of Nashville to Vanderbilt University yesterday. The exercises attending the presentation took place in the auditorium of the Exposition, which contained several thousand persons.

Adams Dixey Insolvent.

Boston, Oct. 12.—Comedian Henry E. Dixey has filed a voluntary petition of insolvency in the Suffolk County Registry. The paper stated that he was not able to meet his bills, but it was accompanied by no schedule of assets and liabilities. Dixey has been in tight circumstances for some time, but he had been able to pull through. He has called a meeting of his creditors for Oct. 22, when his financial affairs will be canvassed.

Corporation Notice.

Notice is hereby given that the following Ordinance has been introduced before the Common Council, read the second time and ordered engrossed preparatory to its third reading, and that it is the intention of the Council to adopt the same.

J. T. MacMURRAY,
City Clerk.

Plainfield, N. J., Oct. 4th, 1897.

AN ORDINANCE

granting permission to the New York and New Jersey Telephone Company, its successors and assigns, to lay and maintain underground conduits, cables, wires and manholes for electrical conductors in the city of Plainfield, New Jersey, to be used for telephone and telegraph purposes.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the New York and New Jersey Telephone Company, its successors and assigns, be and it is hereby authorized and empowered to construct and maintain for the uses and purposes of its business aforesaid, a system of subways and underground conduits including the necessary manholes and street openings, and lateral connections to property lines beneath the surface of the streets, avenues and other highways in the City of Plainfield, and to place, maintain and operate in said system of subways or underground conduits the wires, cables or other electrical conductors necessary for its said business; also to construct, maintain and operate for such purposes a system of electrical conductors in connection with the necessary poles for distribution from the electrical conductors to be placed in the subways or underground conduits herein before mentioned.

Section 2. And be it further ordained that the following streets, avenues and highways and parts thereof are hereby designated for the construction of the underground conduits of said Company to be opened only after the adoption of a resolution granting permission in each street:

Front street from the Eastern to the Western limits of the City.

Somerset street from the Northern limits of the City to Front street.

Park avenue from Front street to Randolph road.

North avenue from Park avenue to Watchung avenue.

Watchung avenue from Front street to Kensington avenue.

East 15th street and South avenue from Watchung avenue to Leland avenue.

Eighth street from Park avenue to Plainfield avenue.

Sixth street from Watchung avenue to Plainfield avenue.

Central avenue from Front street to Randolph road.

Fourth street from Watchung avenue to Plainfield avenue.

Liberty street from Front street to Eighth street.

Washington avenue from Front street to the Northern limits of the City.

And all other streets, avenues and highways of said City as may be necessary and from time to time designated in permits to be issued by the Street Committee for the construction of such conduits said Company may use the same streets, avenues and highways for erecting the necessary poles, fixtures and supports for distributing its electrical conductors along, across and above the surface of the streets in connection with said subways and conduits, and shall be so constructed as not to interfere with the passage of the public over and along the said streets; and the said Company shall restore to the original condition any street or avenue which may be disturbed in the construction or maintenance of said subways or conduits and manholes to the condition in which it was at the commencement of the work thereon and free from any cost or expense whatever to the City of Plainfield. And the said Company and its servants and employees in excavating or replacing the earth in any street, alley or public place, and of the pavement thereon, shall be under the supervision of the Street Commissioner, and shall promptly comply with any order of said Commissioner in reference thereto.

The earth removed in making any excavation shall be re-laid by the said Company in as good condition as before the making of such excavation or taking up of such pavement, and thereafter shall be maintained in as good condition as the surrounding pavement, until such street, avenue or highway in each case shall be restored by the City.

No street, avenue, alley or public place shall be incumbered for a longer period than shall be necessary to execute the work for which the excavation is made. The cost of restoring the earth or otherwise, arising from such excavations, and the laying of pavements and repairs thereto, caused by the opening of any such avenue, street, alley or public place, shall be paid by said Company, and said work shall be done under the supervision of the Street Commissioner.

In case the company shall fail to restore, relay or repair any pavement or street surface within a reasonable time after receiving notice from the Street Commissioner that such work is required, said Street Commissioner shall have the right to cause such work to be done, and the cost thereof shall be paid by the Company.

Section 4. And be it further ordained that said Company shall indemnify the Common Council of the City of Plainfield against and assume all liability and damages which may at any time arise, come or occur to said City, from any injury to persons or property from the doing of any work herein ordered or from the neglect of the Company or its employees to comply with the provisions of any ordinance of the City relative to the use of streets or other public places, or from the putting up of lights or barriers at or around excavations; and the acceptance by the Company of this ordinance shall be in full agreement by it to pay to the Common Council of Plainfield any sum of money for which the City may become liable from or by reason of such injury and damage.

Section 5. And be it further ordained that said Company shall file with the Mayor or City Clerk its acceptance of this ordinance within twenty (20) days from the date when such ordinance shall take effect, and shall also file with the City Treasurer a satisfactory bond with sureties approved by the Mayor of the sum of Three Thousand Dollars (\$3,000) that it will faithfully comply with and perform all of the terms and conditions of this ordinance.

Section 6. And be it further ordained that the said New York and New Jersey Telephone Company shall provide sufficient poles in said subways or underground conduits to accommodate the telegraph or telephone wires or conductors operated from time to time by the Police, Fire and other Departments of the City of Plainfield.

Section 7. And be it further ordained that said Company shall pay into the City Treasury all advertising and printing fees incurred by the City under this ordinance, and that this ordinance shall take effect immediately.

The Tables Turned.

We have almost solved the servant girl problem.

Instead of the maid being mistress, we have made it possible for the mistress herself to be mistress.

The tables are turned, and we have turned them.

We have accomplished it to the mutual satisfaction of everybody. The plan is so simple that the wonder is nobody ever thought of it before.

Cheap but good laundering of general house linen enables every housekeeper to have the washing done out of the house. For instance,

What does our proposition mean? It means no more washday odor about the house. It means satisfied servants, because a maid will not be insolent if she can escape washdays and the delay of other work caused by bad drying days. tice on the part of the home team.
Regular practice was held last evening
and the team got down to solid work.
Practice will be held on Wednesday
and Friday evenings.

The Central Journal Bowling League
will soon be resurrected from its sum-
mer lethargy and started up for the
winter. It is very probable that the
Park Club will be again represented
in the contest by a five-men team, and
that the team will go about the tour-
nament in a more systematic way
than last year. Last year the club
made a fine showing at the start, but
the interest dropped and the bowlers
never practiced for the games, so
when the exciting contests that wound
up the League came, they were
unable to make as good a showing
as they should have.

Next Saturday afternoon at the
Woodbridge Driving Park a great pro-
gramme will be offered for all lovers
of good trotting, and on the following
Saturday the same programme will be
presented at the Gentlemen's Driving
Park Association in this city. There
will be four races divided as follows:

225 Class—T. Brantingham's "Myrtle Twig,"
Woodbrook Stock Farm's "Barney Williams,"
W. Brock's "Active," of Plainfield; S. Kelly's
"Vesta," of Woodbridge; E. Walter's "Breast-
plate," of Perth Amboy.

230 Class—Judge Coddington's "Belle," D.
Darby's "Sunday," of Plainfield; S. Hall's
"Alfred," of Perth Amboy; C. A. Campbell's
"Clay Girl," of Woodbridge.

232 Class—B. Carpenter's "Joe Boy," E.
Ames' "Gen. Benham," of Woodbridge; J.
Brown's "Boy," D. Crowell's "Richard Wilkes,"
of Rahway.

237 Class—Woodbrook Stock Farm's "Rocky
B," N. Smalley, of Plainfield; D. Demerest's
"Gold Dust," of Woodbridge; L. Jarda's
"Mox," of Rahway; H. Gynette's "Daisy M.,"
of Plainfield.

Yale's crack freshmen crew of last
year has greatly strengthened the rush
line by the addition of such well-de-
veloped youngsters as McGee, Allen
and Schweppe. These men are doing
excellent work on the line. McGee
weighing a trifle over 170, is playing a
clever game at guard, and Allen, with
considerable more weight, is doing
well at tackle. On the end, Schweppe
is invaluable, and is perhaps the most

promising of the aquatic trio.—Even-
ing Journal.

Frank Eick, of East Third street,
was a guest of the Century Wheelmen
at their New York clubhouse one eve-
ning last week. He was given a very
cordial reception and found the club-
house a model one.

royally in a short time. The day set
for the celebration is October 25th.
The programme will be somewhat
different from the ordinary. There
will be no long addresses, no ad-
dresses of any kind, in fact, for pro-
fessional entertainers have been se-
cured for the occasion and the guests
of the lodge are to be given a de-
lightful evening for body as well as
mind. The committee in charge is
C. I. Young, J. B. Higgins, G. Thorn,
Charles DeGraw and Louis DeCamp.

A meeting of the lodge was held last
evening and the coming anniversary
was discussed. After the lodge meet-
ing, however, the committee held a
meeting and completed their arrange-

versary will be held in Washington
Hall and the invitations will be so ar-
ranged that everybody will have a

ATTACKED IN A SALOON.
An Elizabeth Detective Receives Serious
Injuries at the Hands of Two Men.

George Navallo, a special detective,
was attacked last night in an Italian
saloon on Third avenue, Elizabeth, by
Charles Wood and Philip Dunn.

Navallo's jaw was broken and his
face badly cut and bruised by blows
from billiard cues and cuspids. The
interior of the saloon was wrecked,
and several men were badly injured
in the general melee which followed.
Navallo was taken to the General
Hospital, and Wood and Dunn were
arrested. Navallo may die.

New York, Oct. 12.—The New York

simmons was first challenged by Cor-
bett to fight again for \$10,000 a side

made the sporting public weary by his
numerous announcements of retire-
ment, he is therefore regarded as a

"Corbett was never accused of being
afraid to defend the title, and now that
he regains the title again by the re-
tirement of Fitzsimmons he will no
doubt be ready to fight any one who
issues a challenge to him and secures
backing for \$5,000 or \$10,000 a side, soon-
er than listen to the same sarcastic
remarks which sporting men passed
about Fitzsimmons. The American
public is anxious to see Corbett regain
his lost laurels in the ring, and the
chances are that if he comes out with

fight any man in the world for the
championship, he will make a great
hit."

The Information Supplied by This Barber
Will Prove of Inestimable Value
In This Vicinity.

When the striped pole or sign which
now indicates a barber shop, was em-
ployed to let the public know where
cupping or blood letting was profes-
sionally performed, close shaves were a
daily occurrence, not the easy removal
of the hair or hairy adornment of
the head and face, but close shaves
from entering eternity. More than
one unfortunate entered the barber-
surgeon's doorway to leave it a corpse
or so weak that it required weeks to
get the victim of malpractice on his
feet, blood letting was used for every-
thing from a headache to a corn, and
a pain in the loins was invariably
treated with two incisions, one on
each side of the spine, like plasters and
liniments those helped from the coun-
ter irritation they created, and we may
presume that had Mr. Silzer, Barber, of
22 Hiram street, New Brunswick, N. J.,
lived in the time of George III, of
England, in place of taking the course
he did a short time ago with his back,
blood-letting would have been resorted
to. Read how he treated his trouble.
Mr. Silzer said: "I had no doubt but
that my trouble arose from my kid-
neys, for the pain centered in the small
of my back. It was very sore in that
locality. It hurt me to stand on my
feet, especially so on Saturdays, my
busy day. An occasional gripping pain
passed through the abdomen to the
groin. I went for a box of Doan's Kid-
ney Pills and procured them from a
drug store to see if they would relieve
me from the pain. Well, that is just
what they did and they did it in short
order. I cannot help but recommend
Doan's Kidney Pills, they did all that
I could expect and all that is claimed
for them."

BEATEN BECAUSE HE WAS HAPPY.

Somerville Hotel Man Said to Have
Brutally Whipped a Half-witted Boy.

It is currently reported that an
indictment has been found against
George Schenck, chief of the fire de-
partment and proprietor of the Ten
Eyck House, the leading hotel of
Somerville, for assault and battery.

On Monday an organ-grinder
stopped in front of Schenck's hotel, on
Main street, and was grinding out
some lively tunes when "Johnny"
Carrigan, a harmless, half-witted
young man, began dancing on the
sidewalk and a crowd gathered.
When Schenck appeared he was
angered at the antics of Carrigan, and
the bystanders say he struck Garrigan
a blow on the neck that knocked him
down, and then kicked him after he
was lying on the sidewalk. The
crowd was indignant at this act, and
they induced Garrigan to make a
complaint against Schenck. The first
Justice appealed to refused to issue a
warrant without a more careful exam-
ination of the evidence. Justice
Kitchen finally issued a warrant and
Schenck was arrested and bound over
to appear before the Grand Jury.
Fifteen witnesses appeared before that
body against Schenck, who had pre-
viously been one of the most popular
men in the town. He will probably
be tried at the present term of court.

TURNIP CAUGHT HIM ON THE LIP.

A Frolicsome Clerk Found It Didn't Pay to
Pool With a Farmer

A raw turnip and the lower jaw
belonging to Bert Clawson, one of the
clerks at the grocery of Scheuer &
Co., collided on West Front street at
an early hour this morning. A pro-
duce farmer drove up in front of
Scheuer's store to sell some of the
cabbages with which his wagon was
loaded. Clawson came up, and, as a
joke, jumped on the front seat and
started to drive away. The owner of
the load of cabbages came out of the
store and saw him departing. Then
the owner opened fire on Clawson
with some turnips that he picked
up at a nearby stand. Clawson turned
around and one of the hard turnips
caught him squarely on the lower lip.
The lip began to swell and caused
Clawson's friends lots of fun.
