## DISCIPLINE DEMANDED.

ECHO OF FAMOUS SIGNATURES FOR PRINCETON INN LIQUOR LICENSE.

Lively Controversy Aroused in the Presbyterian Synod, But Amicably Settled This Morning—Other Business Transacted. What portended to be the most serious controversy in the synodical convention in session in the Crescent Avenue church was amicably settled this morning after hanging fire since yesterday afternoon. It was an echo of the excitement caused last May when the liquor license application was signed by a number of prominent men, among them ex-President Cleveland.

The report of the committee on temperance, which was read late in the afternoon by the chairman, Rev. J. DeHart Bruen, caused a sensation by its recommendation that the Synod "enjoin the Presbytery of New Brunswick to examine, if it has not already done so, into the alleged signing of a liquor license by one of its members, and if true to administer such discipline as the case may warrant."

The resolution referred to Rev. Charles Woodruff Shields, D. D., LL. D., professor of the harmony of science and revealed religion in Princeton University, who is said to have signed the license application of the Princeton Inn last May.

Members of the Presbytery sprang to their feet to protest against the resolution. The minutes of the Presbytery were read, and showed that the matter had been sidetracked by the committee appointed to investigate it. The excitement was running very high when some member made the happy suggestion that an adjournment of the business session be taken until Thursday morning, which was immediately done.

At 11:30 o'clock today the vice-moderator, Rev. Wm. Richards, D. D., took the chair and the report of the committee on temperance was read, the presentation of which caused such excitement in the Synod yesterday.

The chairman of the committee, Rev. J. DeHart Bruen, stated that it was the desire of his committee to avoid if possible all unpleasant friction in the matter of the Presbytery of New Brunswick, and that it had amended the resolution offered yesterday, to read as follows:

"Resolved, That since the General Assembly has called upon the churches to exclude from membership all persons engaged in the sale of intoxicating liquors as a beverage, and considering as accomplices those who sign liquor licenses, this Synod urges the Presbytery of New Brunswick to press to a speedy conclusion the examination already begun of the alleged signing of liquor licenses by one of the members, and to take such action as the case may warrant."

Rev. J. R. Galloway, of Paterson, made a spirited appeal to the synod to stand by the deliverances of the General Assembly by passing the resolution. He said that the question was a most serious one, as the scandal had gone through the length and breadth of the country, and Christian people everywhere were looking to see what the great Presbyterian church was going to do about it.

The session yesterday afternoon was called to order by Rev. Dr. Richards, the vice-moderator, at 2:05 o'clock. Rev. B. L. Agnew, D. D., of Philadelphia, spoke in explanation of the work of the board of ministerial relief, which is designed to furnish aid to disabled ministers and the widows and orphans of ministers.

The speaker stated that the average amount allowed by the board to destitute families is \$207 a year, and that in doing this it had incurred a debt of \$30,000.

The annual report of the committee on foreign missions was rendered at 2:30 o'clock by Rev. J. C. Ewing, of India, who will continue the committee's campaign of enlightenment, going to all the churches in the State and pleading to them the cause of foreign missions.

The annual report of the committee on work among the foreign population was presented by Rev. Alfred Richmond, D. D., of Morristown. The report called attention to the fact that great foreign populations exist within the State, many of them in need of pastors speaking their own language and familiar with their habits of thought and life. ## GROOM A STAR STATE MAN

CHARLES D. STILLMAN CAME FROM TEXAS TO TAKE BACK A WIFE.

Miss Grace Darling Barlow the Charm. Miss [Bride—Nuptial Knot Tied at the Home of Bride's Parents Last Evening.

The weather last evening was not exactly ideal for the occasion of a wedding but it served its purpose in showing the contrast between the chill and darkness outside and the joy and happiness that completely filled the home of William Barlow, at 40 Prospect place, when his eldest daughter, Miss Grace Darling Barlow, was united in marriage to Charles Delette Stillman, formerly of this city, and now a rising young engineer of Texas.

The marriage was a quiet affair and was held at the bride's home last evening at 6:30 o'clock. The immediate family and relatives of the two young people, numbering fifty, were present and attended the wedding supper that followed.

Rev. Dr. E. M. Rodman, of this city, performed the ceremony in the parlor under a bower of pink ribbons and flowers, which radiated from all corners of the room to the chandelier in the centre of the ceiling, under which the bride couple knelt. The bride wore a gown of white organdie, trimmed with Valenciennes lace, and carried a white prayer book. The maid of honor was the sister of the bride, Miss Alice Adele Barlow, who was charmingly gowned in light green. The bride was attended by her two little sisters, Marion and Kate Barlow, both clad in white, and her small twin cousins, Jeffrey and Thomas Wisner, of Warwick, N. Y. They wore Tuxedo coats and knickerbockers.

The best man was Edwin A. Howell, of Chester, Pa., an old college friend of the groom. The bridal party entered to the strains of the Mendelssohn wedding march played by Rogers orchestra.

After the ceremony, the guests gathered round to congratulate the couple and then all went into the handsomely decorated dining room where the wedding supper was served. The prevailing color of the decorations in the dining room was green. The library was decorated in scarlet.

Although it was a private wedding, the couple were generously remembered by their friends and were the recipients of many handsome and valuable gifts.

Among those present were relatives from Scranton, Brooklyn, Warwick and Brookville.

The newly-married couple were expected to take the 10:17 train for New York from the North Avenue station, but they did not. A party of their friends were at the station to see them off, but when they did not arrive, the friends took the train and went to Fairwood where they welcomed the bridal party with a plentiful shower of rice as they started to board the train there. They had driven there. The party accompanied them to Westfield and then returned by the next train.

They will settle at Sabine Pass, Texas, and will visit some of the principal cities en route. They will winter at the Winsor Hotel, Sabine Pass.

What is Your Crop Product? The United States Agricultural Department wishes to know the actual number of bushels of wheat, rye, and corn, and acreage of each, grown in each county. Will the farmers of Union county kindly send card with such information to Ira C. Lambert, Westfield. If the actual amount is not known, an estimate can be given. Corn must be in shelled bushels.

An Approaching Marriage. Miss Mary Ann Lewis, daughter of Rev. Dr. and Mrs. A. H. Lewis, and Benjamin Franklin Langworthy, of Chicago, will be united in marriage at the home of the bride on West Seventh street, on Monday afternoon at 4 o'clock. A reception will follow at the residence of James S. Kimball, of Park avenue, brother-in-law of the bride.

Queen Esther Band's Contribution. The members of Queen Esther Band, of Grace M. E. church, has contributed \$30 to the church to help pay the interest on the amount due for the purchase of a lot. The band has also contributed \$30 toward a home on the Hudson for the education of young girls and have arranged to send some clothing to a young girl at the home whom they are supporting.

Class Officers Chosen. A meeting of the class of '98 of Leals School has been held and officers elected. Orville T. Waring was chosen president, Willard Wadsworth secretary and Henry W. Leal treasurer. A committee, composed of Lester Glenn, J. P. Wells Taylor and Paul Kimball, was appointed to procure designs for a class pin.

## MASTER PLAYS IN WHIST

PARK CLUB WON A HARD FOUGHT BATTLE WITH THE NORTH ENDS.

The Game Was Played in the Park Club-house and Was Marked by an Intense Interest—Senator Reed Was Referee—Score.

It was only by the masterly playing of the famous whist four of the Park Club that the handsome silver trophy, offered by that club to the New Jersey Whist Association, now remains in this city. Last evening the Parks had to defend it against their greatest rivals in the State, the North End Club, of Newark. Both teams were playing in championship form but the Parks again demonstrated that they were entitled to the name of champions of the State and won the match after a wonderful finish.

The North End Club's four consisted of Messrs. Cameron, Eagles, Smith and Archer. Messrs. Cameron and Eagles are members of the team that defeated Baltimore's great team for the A. W. L. challenge trophy and there are no better players anywhere. The clubs have met at the whist table many times and the victories have been about evenly divided. The regular four from the Park Club, Messrs. McCutchen, Townsend, Howell and Rogers, was ready to meet them. Senator Charles A. Reed acted as referee.

The first round was carefully played, and the visitors took the lead, 5 tricks to their opponents 2. The second round was a hard struggle. Two sides made a splendid showing, but they were remarkably evenly matched, and when the round was over the score showed 9 tricks for the North Ends and 8 for the Parks. That gave the visitors a lead of four tricks, an extremely hard one to overcome against such a quartette of experts.

When the third and last round began, the Park Club four was divided in its strongest manner. Messrs. McCutchen and Townsend at one table and Messrs. Howell and Rogers at the other. The interest was intense. No sound save the noise of the cards as they were played broke the stillness. The Parks gradually assumed the lead and increased it until the end when the score showed that they had scored 6 tricks to their opponents none, giving them the victory by two tricks. The summarized score was as follows:

	PARKS.	NORTH ENDS.
First round.....	2	5
Second round.....	8	9
Third round.....	6	0
Total.....	16	14

## HAPPY NUPTIAL CROWN

WHELAN-FLANAGAN MARRIAGE SOL- EMNIZED IN ST. MARY'S CHURCH.

The Ceremony Performed by Rev. Father Smyth and Witnessed by a Concourse of Friends—Reception at Bride's Parents.

The essence of happiness was observed last evening in the marriage of Miss Margaret Flanagan, second daughter of Patrolman and Mrs. Patrick J. Flanagan, of 522 West Fifth street, and Michael J. Whelan, of 547 West Fifth street, which took place at 5:30 in St. Mary's church. This edifice was filled with admirers of the happy young couple, who are so well known among a large circle of acquaintances. The interior of the edifice about the altar presented a festive appearance, around which was arranged palms and chrysanthemums.

Soon after the church was opened the friends and relatives arrived and were seated by the ushers, D. J. Galbraith, Edward Flynn, Charles Ward and Michael Mack, while Miss Mary Smith, the organist, rendered classical selections appropriate to the occasion.

The bridal party was precisely on time, their arrival being announced by the first notes of the Lohengrin wedding march. The ushers appeared first, followed by the maid of honor, Miss Catherine Millett, cousin of the bride, who wore a becoming gown of organdie, over blue silk, and carried a bouquet of white chrysanthemums.

Then came the bride, an attractive blonde, exquisitely gowned in white brocade, en traine. A veil was worn, which was caught up with orange blossoms. She carried a prayer book, and entered leaning on the arm of her father, who gave her away.

The groom and best man, John Whelan, brother of the groom, entered from the front of the church, and met the bridal party at the altar, where the beautiful ceremony of the Catholic church was performed by Rev. Father P. E. Smyth, the pastor. Following the ceremony, the Mendelssohn wedding march was rendered as the bride and groom left the church. The party was then taken to the home of the bride's parents, where a reception was held for the relatives of the contracting parties.

Mr. and Mrs. Whelan received their guests in the parlor beneath an arch of smilax and white chrysanthemums, and they were showered with the best wishes of all. The table in the dining room was decorated with the colors of green and white, presenting a very pretty scene. During the reception hours supper was served, after which the young folks enjoyed some dancing and a general good time.

Later in the evening Mr. and Mrs. Whelan left for a ten days' wedding trip, and on their return they will reside at Greenville, where the groom has a home already furnished and awaiting them. The groom is employed as a salesman in a large wholesale shoe house in New York, and is highly thought of. The estimation and popularity of the bride and groom were strongly evidenced in the large collection of costly and useful presents received, including furniture, silverware, cutglass, china, etc.

When they left the house they were very kindly remembered by the guests who were very sure to give them their full allowance of rice, accompanied by their hearty congratulations.

There were guests present from Easton, Newark, New York, Bridgeport, Conn., and Plainfield.

HAPPILY SURPRISED.

Mr. and Mrs. John H. Carney's Friends Remember Their Wedding Anniversary.

Last evening Mrs. John H. Carney returned from Grace M. E. church to find her home in Craig place in possession of her many friends, congratulating her on her sixteenth wedding anniversary. The surprise was indeed complete. Even Mr. Carney, when he returned from his lodge, was more than surprised to find they had taken possession. The evening was delightfully spent in wishing Mr. and Mrs. Carney many happy days. During the evening Mrs. George Voehl rendered several pleasing solos, accompanied by Mrs. John Kulp. Dancing was enjoyed until midnight, when refreshments were served, after which all returned to their homes wishing Mr. and Mrs. Carney long life and happiness.

## BOYS ACCUSED OF THEFT

POLICE BELIEVE THERE IS A BAND OF YOUTHFUL BURGLARS.

Ferdinand Rockafellow and Albert Soper Accused of Breaking into S. Frucht's Bicycle Store—Admit They are Guilty.

Two arrests have been made as a result of the investigations of the police about the scene of the Frucht robbery, Monday night. The evidence now unearthed points out that an organized gang of young men and boys were the burglars that entered Sigmund Frucht's bicycle establishment and the suspicion rests that they have been prominent in other of the burglaries committed.

The clew that finally led to the arrests was found by the police on investigation. It was an ordinary chisel that had been used as a jimmy to force open the money drawer. The burglars had evidently brought it with them and thrown it away when they had finished. There were several peculiarities about it, however, that led the police to trace its identity and then to locate the young men at whom the evidence pointed very strongly. Sergeant Kiely has been working at the case since it was made known to the police and claims to have a web of evidence that will send the two young men to State prison for the offence.

This morning, Sergeant Kiely captured Ferdinand Rockafellow, sixteen years old, and placed him under arrest. A complaint was made against him by Sigmund Frucht before Justice Newcorn and a warrant issued for his apprehension. It was served at once. Another warrant was issued for Albert Soper, of Central avenue, a lad eighteen years of age, who is employed in the store of the Co-operative Association, and he was arrested. The charge against both of the lads is burglary.

It is alleged that they are members of the gang that invaded the place Monday night and stole the revolvers from Frucht's bicycle store.

When confronted with the evidence the boys made a clean breast of the whole affair and implicated others who are said to be in the gang. More arrests will probably follow.

In connection with the arrest of the boys a man employed on an ice wagon was arrested this afternoon, charged with receiving stolen goods.

TO BE KNOWN AS CRESCENT RINK.

Designation Applied to the Big Structure on Watching Avenue.

There has been lots of discussion over the real name of the Pierce Cycle Academy, on Watching avenue, where the Spielkartentest is to be held November 8-13. The committee in charge has finally announced that it will be called the Crescent Rink, the name by which it is best known to fame, and all the notices, tickets and bills for the Spielkartentest will be made out with that name. The Crescent Rink is the old name for the place and while it has not been much used of late, it is far better known throughout the city and among the residents of other towns in this vicinity by that name.

Justice Newcorn's Court.

The contract cases of Thompson against Smith and Thompson against Smith et al., were adjourned before Justice Newcorn, yesterday afternoon. The trouble between the strikers at the Berkley Heights brick yards and their employers, Macaroni & Varette, which finally resulted in suits being brought against the employers for wages, were settled yesterday and the cases discontinued, the employers paying the full amount demanded and the costs.

A Young Man Held Up.

Charles Foley, aged 18 years, of East Third street, was held up last Monday evening about 9 o'clock near Thorn's laundry. The two strangers wore dark clothes with slouch hats. One was tall and the other short. A small crowd of men standing on the corner of Richmond and Third streets heard the disturbance and gave chase. The highwaymen had too much advantage, however, and escaped toward the gravel pit.

The Groom is the Well-Known Pharmacist of This City and the Bride a Popular Young Woman of Perth Amboy.

Charles H. Hall, the well-known pharmacist of this city, was wedded to Miss Elizabeth Tice, of Perth Amboy, last evening. Miss Tice is the daughter of Former Assemblyman George Tice. The ceremony was performed at 6 o'clock in the First Presbyterian church, Rev. G. B. Van Dyke officiating, assisted by Rev. J. H. Owens, of Paterson, Mr. Hall's former pastor in Perth Amboy. Miss Tice has been prominent in Perth Amboy society for several years, and the attendance at the wedding was extremely large. The maid of honor was Miss May Burns, of Brooklyn.

The bride's gown was of ivory satin and tulle, with diamond ornaments, and she carried a huge bouquet of white bridal roses. Her mother wore black satin, with diamond ornaments. Miss Burns was in yellow silk and she carried yellow chrysanthemums. The best man was John H. Hall, of Fishkill-on-the-Hudson, a brother of the bridegroom. The ushers were Benjamin Selover, Jr., of Brooklyn; John Powers, of Plainfield, and Harry Conard and E. J. McCormick, of Perth Amboy. After the ceremony a reception was held at the home of the bride's parents, at High and Market streets. Mr. and Mrs. Hall left last night for their wedding tour, and will then make their home in North Plainfield, at 66 Duer street.

The church, which is one of the largest in Perth Amboy, was filled to the doors, about three hundred guests being present. The platform and pulpit was handsomely decorated with cut flowers, potted plants and palms.

The residence of Mr. Tice, where the reception was held, was also handsomely decorated for the occasion. The wedding supper was served there.

Among those present were Miss Mary K. Jobs, Olaf Sangsted, and others of this city; John C. Ersele and family, of Newark; and Mrs. Julia Hall, mother of the bridegroom, of Fishkill-on-the-Hudson.

CHARGED WITH PERJURY.

Edwin S. Wheeler Arrested by Two United States Marshals.

Edwin S. Wheeler, of West Front street, was arrested about 11 o'clock this morning by two United States Marshals on a charge of perjury. The marshals applied to Chief Grant for assistance in finding the man and he detailed Sergeant Kiely on the case. After a brief search they located the culprit at his home, where his wife is quite ill. Wheeler came here from New York State, but had not yet secured a position.

It is alleged that Wheeler committed perjury by making affidavit that a child was alive that had been dead for five years.

Another Marriage at St. Mary's.

Last evening at St. Mary's R. C. church at 7 o'clock took place the marriage of Miss Caroline Roth, daughter of Martin Roth, of Exchange alley, to Emil Scheidecker, of West Front street. After the ceremony, the bridal party were taken to Vine street, North Plainfield, where Mr. and Mrs. Scheidecker will reside in a house already furnished. This morning they left for Newark where they will enjoy a short wedding trip.

## NO LUETGERT VERDICT

Jury Discusses the Case in Vain for Sixty Hours.

WILL PROBABLY DISAGREE

"Verdict Impossible in a Hundred Years." Two of the Jurors Declare—Majority Said to Be in Favor of Conviction.

Chicago, Oct. 21.—The jury in the case of Adolph L. Luetgert, the sausage maker, who has been on trial for the murder of his wife, had not reached a verdict at 4.15 this morning.

The jury has been out sixty hours. The case was put in its hands at 4.45 o'clock on Monday afternoon.

Although statements have been published that the jury stands 11 to 1 in favor of conviction, it is known that they are incorrect. Three of the jurors—Harley, Holabird and Behmiller—have stuck out for the prisoner since the beginning, and it is not likely that they will yield soon, if they do at all.

At 9 o'clock last night it was given out, unofficially yet authoritatively, that Judge Tuthill would not discharge the jury as long as there was any possibility of a verdict being reached. He will keep the jury out as long as its members can stand the physical strain, and it is not improbable that there will be no final announcement of a verdict or a disagreement within a week.

At 10.35 yesterday morning Judge Tuthill sent word to the jail to have Luetgert brought over to the court, and the prisoner was brought in soon afterward. Shortly after his arrival the jury sent for Judge Tuthill and told him that it could not agree. The Judge told them to deliberate a few hours longer and attempt to reach an agreement. He then left the jury room.

In response to a question from Judge Tuthill as to whether there was any particular point upon which special instruction was desired, the foreman replied that there was not. He said that the jury seemed to be hopelessly divided, and that he saw no possibility of bringing about an agreement.

The jury asked the Judge if it might throw out the evidence of Nicholas Faber, who said that he heard screams issuing from the factory on the night of May 1, and the testimony of the Schimpke girls, who said that they saw Luetgert and his wife enter the factory on that night. The Judge informed them that the matter was entirely in their hands and that they could do as they saw fit. Before the jury resumed its deliberations two jurors said that an agreement could not be reached in a hundred years.

There is a great deal of betting on the result. Even money is offered on acquittal and odds of 1 to 3 on disagreement and 5 to 1 against conviction.

The court room in which the trial was held has been stripped of every portable object by souvenir fiends. Pieces of wood have been cut out of desks, chairs, benches and tables, and even Judge Tuthill's gavel and inkstand have been carried away.

**A New \$1 Greenback.**  
Washington, Oct. 21.—Secretary Gage, Assistant Secretary and Treasurer Roberts yesterday examined a sketch of the proposed new \$1 notes submitted by Superintendent Johnson, of the Bureau of Engraving and Printing. It is a radical departure from all previous designs, showing a large space of white paper front and back. An eagle with extended wings hovering over the flag and the capitol is the only illustration on the face, and in the corners 1 in scroll work. The back is very plain, consisting largely of a border in geometrical lines. The officials were greatly pleased with the sketch, and, although no formal conclusion was reached, it will doubtless be adopted. The \$1 bill will be a greenback. A scheme is under consideration to vary the colors of the other denominations, as is done in Australia, and is looked upon with favor.

**This the Great Steel Country.**  
London, Oct. 21.—The Pall Mall Gazette yesterday afternoon, in a long article on American competition in the iron and steel industries, said:

"To-day we find the United States not only challenging our supremacy in neutral markets, but even obtaining a foothold in England."

In conclusion the Pall Mall Gazette remarked: "The causes which are giving the United States such a favorable position are permanent, and everything points to the United States remaining the cheapest steel-producing country in the world."

**Pullman to Be Buried on Saturday.**  
Chicago, Oct. 21.—The funeral of Mr. George M. Pullman will be held on Saturday afternoon at 2 o'clock, and the burial will be at Graceland, this city, instead of at Albion, N. Y., as had been expected. The pallbearers have not been named, but will be chosen from Mr. Pullman's associates and club friends.

**NEWS IN BRIEF.**  
The President has decided to appoint no more Consuls until Congress meets. Seven cases of yellow fever and two deaths were reported at New Orleans yesterday.

The striking engineers have prepared an appeal for funds, to be sent to American labor men.

Madagascar tribesmen attacked a French military post, killing many soldiers, including three officers.

Chicago labor organizations have protested against the engagement of the Marine Band at the Chicago Horse Show.

Benjamin F. Hunt, of Bridgeport, Ct., aged 87 years, and Mrs. Julia A. Sherman, of Watertown, N. Y., aged 90, were married yesterday.

## WAS HE INNOCENT OF MURDER?

A Man Set Free Who Once Was Saved from the Gallows by a Reporter.  
Harrisburg, Pa., Oct. 21.—An interesting case was decided by the Board of Pardons last evening. Silas R. Gray, convicted of murder in Westmoreland County in 1877, sentenced to death, which sentence subsequently was commuted to life imprisonment, will now go free. Mrs. Mary McCready had mysteriously disappeared, and fifteen months later some boys fishing in a stream on the boundaries of Westmoreland County found a skull which the Coroner decided was that of the missing woman, and Gray was brought to trial from the penitentiary after having served a term for horse stealing. Just before his trial Smiley Ward was tried for the atrocious murder of the Mean sisters. The jury surprised the community by bringing in a verdict of murder in the second degree, and the people were so incensed that the jurors were threatened with mob vengeance. Under these circumstances Gray was brought to trial with four of the jurors in the Ward case sitting in judgment on his case. He was convicted and sentenced to death.

Fifty-one of the lawyers of Westmoreland County and court officials asked a commutation, but all appeals failed, and the day for Gray's execution was fixed. George H. Welshons, a newspaper man of Pittsburgh, happened in Harrisburg, and being a native of Westmoreland County, knew something of the Gray case. While looking over a Harrisburg newspaper Welshons read an item in an obscure part of the paper about a postal card which was received by the editor from an illiterate stranger named Hiram Bowmaster. It was not dated from any place and read:

"It is all wrong to hang Silas Gray; as Jack Pettis confessed to me in the Western penitentiary that he done the deed."

Welshons went to the newspaper office, secured the postal card, had an interview with the railway postal superintendent in this city, got a clew from the almost illegible postmark on the card, and after traveling two days in a snow storm discovered Bowmaster in the foothills of the South Mountains. Pretending that he was counsel for Gray, he obtained from Bowmaster an affidavit concerning the Pettis confession.

Returning to Harrisburg as quickly as possible, he had a midnight interview with Gov. Pattison, who commuted the death sentence to life imprisonment. There was barely time to get to Greensburg before the execution, but the official document arrived in time, and Gray, who had watched the carpenters erect his scaffold, was overjoyed at his escape.

Two months before Pettis' sentence expired he hanged himself in his cell because he feared being taken back to Westmoreland County for trial for the McCready murder. His suicide practically established the truth of his confession and confirmed Bowmaster's story. Welshons, the newspaper correspondent, continued his efforts in Gray's behalf, and had the satisfaction of seeing a pardon recommended last night.

**KILLED HIS FAMILY.**  
A Farmer Shoots His Wife and Two Sons, and Then Kills Himself.

Duluth, Minn., Oct. 21.—Domestic and financial troubles, resulting in an unbalanced mind, were the cause of a quadruple murder at Blue Earth City, Minn., this morning.

George Young, a farmer and local politician, residing two miles south of Blue Earth City, in a fit of melancholy murdered his wife and two children, and then blew out his brains.

The details of the tragedy cannot be learned, but about 7 o'clock, while Mrs. Young was busy with her household cares, her husband entered the room in which she was working and fired two shots at her from a revolver.

The first shot entered her left side, three inches from the heart, and the second passed in behind the left ear, lodging in the brain. Young then went upstairs, where his two sons, aged 2 and 4, were sleeping, and sent a bullet through the head of each.

He then placed the revolver against his own head and fired. A hired man heard the shooting, and rushed into the house, finding Mrs. Young and the children dead, while Young still showed signs of life. He died, however, before medical assistance arrived.

## SCROFULA

It is Foul Blood's Advertisement

But It Is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula sores since that time." MARIETTA M. SMITH, South Middleboro, Mass.

**Hood's Sarsaparilla**  
Is the best—in fact the One True Blood Purifier. Insist upon Hood's; take no substitute.

Hood's Pills act harmoniously with Hood's Sarsaparilla.

**Something to Know.**  
It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at L. W. Randolph's Drug Store.

Edwin A. Howell, of Chester, Pa., is the guest of his aunt, Mrs. A. E. Whiting, of East Sixth street.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to affect a cure. 25 and 50 cent sizes for sale by T. S. **GOLD STANDARD IN HAYTI.**  
A Plan for the Partial Retirement of Other Currency.

Washington, D. C., Oct. 21.—A communication from the State Department to the Treasury Department, received there yesterday, contains the draft of a law proposed by President Tiresias Augustus Simon Sam, of Hayti, and enacted by the Legislature thereof, for the establishment of the gold standard in that country and the partial retirement of other currency, signed on the 1st inst. The law was proposed by the President, under the provisions of the Constitution of Hayti, conferring on him the right to initiate legislation. The leading provisions are for a loan of \$2,800,000 of United States gold at par, not to exceed 12 per cent. per annum, the proceeds to be applied to the withdrawal of paper money now in circulation at the rate of 50 per cent. a year; establishing a surtax of 25 per cent. on all importations, of which 15 per cent. shall be payable in American gold and 10 per cent. in silver, which shall be withdrawn from circulation as received and demonetized; from the commencement of the withdrawal of the bills American gold coins shall be the legal tender in the republic, and all customs dues and other State revenues shall be collected in that money or in bills with a premium of 50 per cent., with the exception of the 10 per cent. income tax to be collected in silver.

**ROOSEVELT ON NAVAL NEEDS.**  
We Need a Larger Naval Force for the Sake of Protection.

Cleveland, Ohio, Oct. 21.—Theodore Roosevelt, Assistant Secretary of the Navy, was asked yesterday if he thought our navy was large enough for a country the size of this country. "There is room for great improvement," answered Mr. Roosevelt. "England, France, Russia and Italy are ahead of us as naval powers, and we are about on a par with Germany. We have thousands of miles of coast on the Atlantic and Pacific oceans, and tremendous interests to protect. The United States Navy ought to be much larger in order to successfully cope with what circumstances might come up in the future."

"Ought this country to have the first navy in the world?" was asked. "I will not say that," answered Mr. Roosevelt, "but I insist that the United States ought to have a much larger force of vessels for the sake of protection."

**The Rockefeller Assessments.**  
Tarrytown, N. Y., Oct. 21.—The case of John D. and William Rockefeller came up before the Assessors of the town of Mount Pleasant yesterday. William Rockefeller testified in his own behalf. He is assessed at \$2,500,000. Mr. Rockefeller said he had a legal residence in New York. He paid \$150,000 for his property in Mount Pleasant. The land had not been improved much, but he had built a new mansion and stable. The mason and carpenter work on his residence cost, he said, \$105,000. He said he employed about one hundred men all the time to keep his place in condition. He was not asked at what figure he valued his place or if he had received an offer of \$350,000 for it.

**McKinley's Message to Congress.**  
Washington, D. C., Oct. 21.—President McKinley has not yet begun the preparation of his annual message to Congress, and it is stated at the White House that he will not begin his report until after his return from the Ohio election. Up to the present time he has given but little thought, apparently, to the preparation of the document, but has been at work gathering statistics from the different departments of the Government, upon which his message will be based. It is said at the White House that the President will begin the actual writing of the document, which is eagerly awaited in political circles, shortly after his return from Canton.

**Great Britain Is Arming.**  
London, Oct. 21.—The Government has dispatched a former Under Secretary of State for War, Sir Ralph Wood Thompson, to Australia, with instructions to report to the War Office upon the condition of the defenses of the Australasian colonies, to urge an increase in the colonial forces and to submit proposals for arming the local troops and exchanging battalions from Australia with those of the motherland.

The India Council and the War Office are considering important measures involving the addition of one-third to the strength of the Indian army.

**Kentucky and Tennessee Tragedies.**  
Louisville, Ky., Oct. 21.—Four killings were reported from various parts of the State yesterday, although two took place over the Tennessee border. Arch Kingley, the first victim, was shot down in Leslie County by William Moore because, as he was accused, he had whipped Moore's child. George Kennedy was stabbed fatally near Berea by Hiram Hurst, dying a few hours later. Will Epperson and Charles Brewer engaged in a fight over politics in Hancock County, Tenn., just across the line from Middleborough. Epperson was almost instantly killed in the melee and Brewer injured dangerously.

**McKinley Will Keep Hands Off.**  
Washington, D. C., Oct. 21.—New York Republicans are still endeavoring to get President McKinley to write a letter or to say something to indicate his preference for Gen. T. R. in the present contest. It is not believed that the President will care to mix himself up in New York politics, despite predictions which are being made to the contrary. He is more likely to follow the example of Hon. Thomas B. Reed and keep himself out of dangerous entanglements.

## \$100 IN TWO POTATOES

Mrs. Thorn Said to Have Sent Greenbacks to Thorn.

USING MONEY TO HELP HIM

Acquittal Would Aid Her, but Lawyers Say She Is in No Danger—The New Witness from Germany Coming.

New York, Oct. 21.—Now they tell a story of greenbacks hidden in hot potatoes. Of course you know who did it. Nobody but Mrs. Nack could have thought of doing it, and nobody but Martin Thorn could have received the valuable potatoes. The bills, too, were crisp, as all such bills are, and the amount was \$100. The scene, of course, was the Queens County Jail in Long Island City.

Thorn was practically penniless at the time of his arrest charged with the murder of Bathruber Guldensuppe. Mrs. Nack had had a good income as a midwife, and had saved money. She owned some lots in Weehawken. She retained the law firm of Friend, House & Grossman to defend her. As Thorn had no money, Judge Newburger assigned Howe & Hummel to his defense, and Queens County will have to pay the bill.

The new witness, Peterson, a resident of Hamburg, Germany, who is coming on the steamer Fuerst Bismarck to testify for Thorn on Nov. 6, was intimately acquainted with Guldensuppe, having seen him constantly from his infancy until he left Germany at the age of 20 to seek his fortune in Central America. He will be accompanied by a man who will swear that he has seen Guldensuppe since the time of the supposed murder. Peterson is not acquainted with Thorn, and many persons wondered if he were sufficiently interested to cross the ocean at his own expense.

Thorn received a letter from Peterson, who expressed a willingness to come to New York if his expenses were paid. Thorn communicated with Mrs. Nack, who obtained the money and sent it to him by a prisoner, inclosed in potatoes. The messenger stopped on his way to trace the woman's letter, and had he suspected the value of the potatoes, it is not at all sure that Thorn would ever have received them. The letter began by mentioning the food before taking up matters seemingly of greater import.

The value of Mrs. Nack's property is placed at \$15,000. She has been assured that, while it will materially assist her if the jury fails to convict Thorn of murder, there is no probability that she will be found guilty of the crime. She is convinced that the worst that could happen to her would be conviction as an accessory after the fact in disposing of the body.

Lawyer Friend says that the story that Mrs. Nack had visited Sing Sing before Guldensuppe's death and had sat in the electrical chair is utterly untrue, despite the published yellow pictures that were made by artists who were not on the spot.

**Is This Guldensuppe's Head?**  
New York, Oct. 21.—Word was received in this city late yesterday afternoon from a man giving the name of R. Chalmers, of Seabright, N. J., that a package supposed to be Guldensuppe's head had been found on the track at Long Branch. The substance in the package was plaster of paris and a piece of old carpet covered it.

Only a few days ago the police learned that the head had been tossed off a fishing boat near Long Branch.

The police cannot understand how the surf could wash a ball of plaster of paris ashore. Several times they have been fooled by reports that the head had been found. They will investigate this last report, however.

**STOLE TO GO WEST.**  
**Wild-Eyed Literature Worked the Downfall of Five Boys.**

Syracuse, N. Y., Oct. 21.—The police have arrested five youths, all sons of good families and all accused of committing petty burglaries in the southern and western portions of the city. The boys are William Redding, Dennis Conley, Frank Welch and George Sage, all sons of respectable parents, and Loring Fowler, whose father is a conspicuous attorney. The boys are all under 16 years, and if they had not taken it into their heads to go West and become train robbers they probably would not have come into contact with the police.

A week ago the boys broke into Burnham & Black's hardware store and took several revolvers. On the next day they left the city and camped in the woods at Brewerton, on Oneida Lake. They were driven out of the woods by hunger and cold, and they returned to this city, where, with money taken by young Fowler from his father's safe, they purchased new clothes and put them on in the toilet room of the New York Central station, leaving their old suits behind. The clothes were identified and a search was made for the lads.

**Starbuck and Michael to Race.**  
Philadelphia, Oct. 21.—Frank J. Starbuck and "Jimmy" Michaels, the middle-distance bicycle riders, have been matched to race twenty-five miles, paced, at Madison Square Garden, New York, on Thanksgiving night. The pacemaking will be done with tandem teams, the number of which is limited to twelve teams on each side. The terms of the race are that Michael is to get a guarantee of \$1,000 and Starbuck gets a guarantee of \$800 and 50 per cent. of the gross receipts over that amount.

**Hunting for an Heiress.**  
Washington, Oct. 21.—A legacy in South Africa awaits Josephine Mix, who lives somewhere in New Jersey. It was left to her by her uncle, Shekariah Joseph Rhodes, a native of New Jersey, who died in Basutoland on Oct. 24, 1896. The State Department received information about the legacy yesterday from Mr. Roberts, United States Consul at Cape Town.

**Government Armor Plant.**  
Philadelphia, Oct. 21.—William Wharton, one of the largest stockholders of the Bethlehem Iron Company, yesterday confirmed the report that the company had made an informal offer to sell its plant to the Government.

## TRULY A HELPMATE.

There is nothing poetic in the name of Dunham Corners, a little hamlet in the agricultural section of Middlesex county, but within its limits lives a woman who, if she does not deserve a gushing sonnet, is at least entitled to a few encomiums for an achievement that stands out in striking contrast to the acts now usually heralded as those of the "new woman." This woman's name is Shork, not a cognomen that a romancer would conjure with, it is true, but what she did commands the attention of every sensible person for its ungarish pluck and endurance. Her only reward was to be the consciousness that she had been a practical helpmeet to her husband. With no assistance whatever, this woman—Mrs. Morris Shork; she deserves to have her full name emblazoned in big letters—and with four young children, the baby only three months old, to watch and take care of, has husked and stored away 116 bushels of corn. Her husband, to secure a fixed income, worked for another farmer.

## DEMOCRATIC ADDRESS

The Democratic State Committee issued a long address to the voters yesterday, in which the Republican party is arraigned with severity for the sins of both commission and mission. The address ends with this appeal:

Upon this arraignment of the Republican party and the issues we present we look to the support of all good citizens to again place the Democratic party in control of their affairs, thus insuring to the people economy, home rule, just taxation, and obedience to the voice of the people in the interest of such reforms as are necessary.

Reckless drivers find no grace in the eyes of Judge DeMeza, of Plainfield, whose recent severity in dealing with a trio of ordinance violators must meet the approval, not only of those who hate disturbances, but of all friends of the horse. He is a mean man who lacks fair consideration for the brute, and a foolish one who imagines that he can make a hippodrome out of the Plainfield boulevards while Judge DeMeza is on the bench.—New York Press.

The New York Sun devoted a line and a half to the death of its editor and a column and a half to his funeral—a complete reversal of the usual course in such an occurrence. The Sun presumes to abhor all that smacks of "new" journalism, but its conduct in relation to such an important news item as the demise of Charles A. Dana, who was the most distinguished editor in the country, is an innovation that seems most erratic.

The New York State burglars who, after looting a man's house, left a note cautioning the victimized individual that he was "dead easy" and that they would return again, should consider the possibility that the next time the householder may have a gun which will make the "dead easy" part apply literally to their own fate.

The New Jersey bar loses a distinguished member in the death of Judge John Hopper, of Paterson. He was the most venerable member of New Jersey law circles as well as one whose talents and success were recognized by all.

The whole world knows that George M. Pullman was the inventor of the sleeping car, but it is in blissful ignorance of the man who first wrote a sleeping car joke.

Some there are who think there is too much bliss in the Greater New York campaign.

## A MUSICAL DEBUT.

Miss Sarah A. Palmer Makes an Exceedingly Favorable Impression.

Miss Sarah A. Palmer, recently of Cleveland, O., who has now settled in this city, made her initial appearance here before a cultured audience of music-loving Plainfield women at the home of Mrs. J. K. Myers, of East Front street. The charming home of Mrs. Myers was crowded and all listened with interest to a paper read by Miss Palmer on "What is a Symphony and What Does it Represent as a Musical Creation." She described the evolution of the sonata, and traced its growth from the early dance form, two centuries ago, up to the present modern symphony. The subject was well and clearly treated, and the audience found Miss Palmer an entertaining talker, with the power of imparting to her hearers what she knew on the subject.

Preceding and following Miss Palmer's paper were a number of solos by Charles L. Lewis, and a violin solo by Mrs. Nellie Udelle Smith. Mrs. Chas. L. Lewis played the accompaniments very intelligently.

After the programme of the afternoon was over an informal reception was held, at which Miss Palmer was introduced personally to her audience.

## SLING-SHOTS IN USE.

Franks of Small Boys Cause Washington Park Folks to Worry.

Some of the small boys of Washington Park have been having lots of fun of late with sling-shots. They venture out at night, armed with these contrivances, and hurl small missiles at various objects. Residents in that vicinity are beginning to complain about the crusade that the owners of the sling-shots appear to have started against the windows in the neighborhood. While none of the windows have been broken as yet, each time the small lead shot strike the windows they leave a spot that is impossible to remove.

The Book of the Royal Blue.

The "Book of the Royal Blue," issued by the passenger department of the Baltimore and Ohio Railroad, has made its initial appearance with the October number, and is, undoubtedly, the most creditable magazine of its nature published. Aside from being a model example of modern typography, it is most interesting as to its contents. A field for interesting literature is certainly offered by the Baltimore and Ohio Railroad, because it is the oldest railway in the United States; is foremost in historical prominence, and is rich in magnificent scenery. The latter especially affords an endless scope for illustrations, and the magazine has started on its venture with all these points full in hand. Copies can be obtained by enclosing four (4) cents in stamps to the Advertising Department, Baltimore and Ohio Railroad, Baltimore, Md.

bytery of Elizabeth now has under its care three German churches with a total membership of 350.

Rev. Dr. J. S. Johnston, of Chicago, was given the privilege of addressing the Synod in the interest of the board of aid for colleges and academies.

He spoke of the enviable record which the board had always heretofore borne, it having never reported a debt to the general assembly, or failed to meet its obligations promptly when due. It was forced now for the first time in its history to come and make an appeal, acknowledging itself in arrears through the defalcation of its treasurer, Mr. Charnley, who was a trusted Chicago business man. The defalcation amounted to \$60,000, of which amount \$30,000 had been recovered.

A collection was taken for the work of the board, and \$724.44 was received, of which \$500 was given by one member of the Synod, who wished his name kept a secret.

The annual report of the committee on Sabbath-school work was presented by Rev. George H. Ingram, of Trenton. It stated that the Sunday schools of the State are making progress in the per capita offerings for benevolent work, the average gift per scholar for the past year being 52.6 cents. During the year the board had received \$1,085.87 for Sunday-school work. The report commended the plan for enlisting new scholars presented by James A. Worden, D. D., and recommended that the sum of \$8,000 be raised during the coming year for Sunday-school missions.

The evening session was a popular one devoted to the subject of systematic beneficiaries. The committee in charge of that work rendered an interesting report through its chairman, Rev. Thomas Long, of Dayton, and addresses were made by Rev. Mr. McCaulay, of Freehold, and Rev. Dr. Purvis, of Newark.

The session of this morning began at 9 o'clock with the moderator, Rev. Dr. Liggett, in the chair. A lengthy report upon historical materials was

## Two Kinds of Stores.

There probably always will be two kinds of stores. One kind is conducted in the belief that the way to win trade is to make the store the best one for people to come to. In the other kind of store all attention is given to specious methods of drawing trade and little concern given to the interests of customers when they come.

## The First Kind is Our Kind.

We do not believe that any drug store can offer any worthy inducements other than excellence of service and fairness of prices. Such an inducement has built our trade and will continue to build it.

rendered by the chairman of the committee, Rev. Allen H. Brown, of the Presbytery of West Jersey. The resolution offered by the committee was adopted:

"Resolved, That this Synod thankfully recognizes the overruling hand of God in the history of the college of New Jersey and congratulates Princeton University upon its phenomenal growth from the little seed which was planted at Elizabethtown and transplanted to Newark and then to Princeton where it has celebrated most auspiciously its sesqui-centennial."

The report of the committee on Young People's Societies, which was next presented by Rev. Hugh B. MacCauley, of Freehold, showed that the different Young People's Societies of the State contributed during the past year for all benevolent causes the sum of \$28,021. The report congratulated the Christian Endeavor Societies upon their large offerings to missions, and suggested that each society make a thanksgiving offering of \$3 for the cause of Synodical Home Missions.

Rev. George Swain, D. D., of Allentown, rendered a report for the committee on Sabbath observance, of which he is chairman.

The report included a resolution calling upon the churches, Sunday-schools and young people's societies to use their influence to discourage Sunday bicycle riding and other forms of Sabbath desecration. The committee called upon Rev. George H. Mott, D. D., of Newark, president of the American Sabbath Observance League, who delivered an address upon the subject.

A discussion next arose as to some alleged irregularities in the records of the Presbytery of West Jersey. An effort was made to have the exceptions of the committee of investigation stricken out, but they were sustained.

JOHN R. M'PHERSON'S WILL.

William N. Runyon One of the Witnesses to the Document.

The will of the late John R. McPherson, three times United States Senator from New Jersey, was offered for probate yesterday in the office of James Lillis, surrogate of Hudson county, in the court at Jersey City.

Mrs. Edla J. McPherson, the former senator's widow, is the sole legatee and sole executrix, and she is not required to file any bonds or inventory of the estate or to make any inventory.

The value of the estate can therefore only be guessed at. Those who pretend to know all about it say it is worth \$5,000,000. The will was drawn August 7th, 1895, and the witnesses are William E. Wilson, 33 Fifth avenue, New York; George E. Coney, Orange, N. J.; and William N. Runyon, Plainfield, N. J.

## ON THE FOOTBALL FIELD.

## Hot Game at New Haven—Tigers' Big Score.

New Haven, Ct., Oct. 21.—Yale and Brown University met on the football field yesterday. Brown was short for captain and Halfback Fultz, and Yale lacked Abbott, Hine and Ely, who are laid up. Over 2,000 people saw the game, which was the liveliest played here this year.

The game was remarkable because of the heavy men Yale put into the play. It was the heaviest eleven Yale has played in years, several of the men weighing over 200, and a number averaging 185.

Yale kicked off, but within ten minutes Brown scored a touchdown; no goal. Brown, 4; Yale, 0.

Five minutes later Yale scored a touchdown and Caldwell kicked goal. Brown, 4; Yale, 6.

The half ended with the ball in the center of the field. Yale, exhausted by the effort of scoring, was unable to keep the ball long, and Brown finished the stronger.

Yale, 6; Brown, 4.  
The final score was Yale, 18; Brown, 14.

## Tigers' Weak Rivals.

Princeton, N. J., Oct. 21.—The Princeton-Franklin and Marshall game yesterday afternoon was played in a disagreeable rain. The Princeton line greatly outweighed the visitors.

The first half ended with the ball near Franklin and Marshall's goal. Princeton, 32; Franklin and Marshall, 0. The final score was Princeton, 54; Franklin and Marshall, 0.

## Lehigh vs. Dickinson.

Bethlehem, Pa., Oct. 21.—It was typical football weather and a big crowd was in attendance at yesterday afternoon's Lehigh-Dickinson game.

Fumbling characterized the playing of the first half, with honors even, neither side scoring. Dickinson had wind in her favor, but all tries at goals from the field failed. The play was hard and fast.

## U. of P.—Pennsylvania State.

Philadelphia, Oct. 21.—The University of Pennsylvania football team met the State College yesterday afternoon.

The score at the end of the first half was Pennsylvania, 16; State, 0.

## CHAINLESS BICYCLE.

New Style of Wheels Put on Sale To-day.

New York, Oct. 21.—The long-expected chainless bicycle, which, it is expected, will be all the rage in '98, was put on the market to-day. A bicycle manufacturing concern placed them on sale simultaneously at its branches throughout the country. Thousands of the wheels are said to be ready for delivery. The matter has been kept very quiet by the firm manufacturing the wheels. The price of the new wheel is \$125.

Here are some of the points of superiority which the firm asserts that the new wheel has over a chain-driven wheel: The manufacturers say that it is much easier to keep clean than the old wheel. Every motion is positive—no back lash. It has no links or teeth to "catch things." The makers declare that it will go faster and further with less effort than the old wheel.

In regard to the matter of speed, the thing above all others considered by those of scorching proclivities, it is pointed out that a chainless wheel secured the twenty-four-hour record on the continent of Europe, and that in August another chainless wheel won a hill-climbing contest in England.

The new machine is handsome and simple in construction. It weighs no more than twenty-four pounds, and appears to balance more perfectly than the chain wheels and to run for a longer time after a single turn of the pedal crank.

## AGED COUPLE SEPARATE.

Wife of 93 and Husband of 86 Find Marriage a Failure.

West Chester, Pa., Oct. 21.—After an experience of three years, one of the oldest couples in Chester County yesterday morning came to the conclusion that marriage in their case was a failure and attached their signatures to a mutual agreement of separation.

This venerable couple is Catherine McLane, aged 93 years, and David, her husband, aged 86. When the former began a prosecution on a charge of non-support, David met her with a summons in a divorce suit, and declared his intention of obtaining a legal separation.

Upon being paid a liberal sum of money in cash, Mrs. McLane withdrew the charge of desertion and David withdrew the divorce suit, but an agreement was signed that they should henceforth live apart.

## Costly Jersey Kisses.

Elizabeth, N. J., Oct. 21.—This city has learned the legal price of kisses. Miss Joana Murphy, of Summit, has received a verdict for \$5,000 against Philip Tumulty, former Assemblyman of Jersey City, for sundry osculations and a promise to marry her.

Miss Murphy's two sisters and a brother testified to the kisses and Mr. Tumulty's statement that he intended to make her his wife.

Elizabeth does not know how many kisses Tumulty got for his \$5,000, but evidently they were many, as Miss Murphy sued for \$10,000 damages.

## Silver Leader Working Hard.

Omaha, Oct. 21.—William J. Bryan has begun the campaign in earnest in this State, and will make two speeches daily from now until election.

Mr. Bryan estimates that the State will repudiate the Democratic opposition by 39,000 votes, an increase of 19,000 over last year.

"We have not lost a single man," declared Bryan, "and we have gained a large number from the opposition."

John G. Carlisle will be in the State next week to help the cause of the gold Democrats.

## Baseball Men to Meet.

Chicago, Oct. 21.—Western League officials will meet at the Great Northern to-day and wind up the business of the League of 1897. Incidentally they will discuss the subject of drafting players, make suggestions to the committee which will present this matter before the National League in Philadelphia next month, and select a place for the Spring meeting. Kansas City will be chosen, so says President Johnson.

IT is a significant fact that responsible dealers sell and responsible painters use Pure White Lead (see list of genuine brands) and Pure Linseed Oil. They know their business. Those who don't know, try to sell and use the "just-as-good mixtures," "so called White Lead," &c., &c.

**FREE** By using National Lead Co.'s Pure White Lead Tinting Colors, any desired shade is readily obtained. Pamphlet giving valuable information and card showing samples of colors free, also cards showing pictures of twelve houses of different designs painted in various styles or combinations of shades forwarded upon application to those intending to paint.

evidently, and the business should be done by all means. Buildings require paint. Of course, a house may be left unpainted and left to become weatherbeaten and a wreck. That doesn't pay, though; it's much cheaper to paint, and our paints in all colors are the best in the market for durability under the most trying conditions. They are well adapted to our exposure and we sell everything in the line of paints and painters' supplies at short prices.

## The Tables Turned.

We have almost solved the servant girl problem.

Instead of the maid being mistress, we have made it possible for the mistress herself to be mistress.

The tables are turned, and we have turned them.

We have accomplished it to the mutual satisfaction of everybody. The plan is so simple that the wonder is nobody ever thought of it before.

Cheap but good laundering of general house linen enables every housekeeper to have the washing done out of the house. For instance,

Counterpanes 10c each.

Table Cloth 5c "

Sheets 3c "

Towel, Napkins 1c "

What does our proposition mean? It means no more washday odor about the house. It means satisfied servants, because a maid will not be insolent if she can escape washdays and the delay of other work caused by bad drying days. Our booklet "Tables Turned" tells all about our new plan. You can have it for the asking.

## Happy Lives.

Are Lives of Happy Living, and Thus 'Tis

Well That You Should Know

How This Can be,

In Plainfield there is many a happy

home. Perhaps you know of some, or

better still, it may be that you rest

your head at night in one yourself.

Then again there is many an un-

happy fellow creature in your midst.

'Tis not surprising that this should be

the case, when one thinks of the bur-

dens some backs are forced to bear. If

yours is not the back that bears the

burden, still we think you should be

glad to lend a helping hand to lighten

another. Let us show you how it can

be done, and at the same time tell a

story of Plainfield life that will prove

this aid can easily be given.

Mrs. Valentine Utzinger, of 75 Grand-

view avenue, says: "I suffered from

kidney complaint for the last six years.

I doctored and used various kinds of

medicines with little or no result. I

had almost a constant sharp, darting

pain across my back and if I over ex-

erted myself or took cold I suffered

severely. I always felt it most when

the weather was damp. There was

also a kidney weakness which was

very distressing and inconvenient.

While in this condition I saw Doan's

Kidney Pills recommended highly

and I was induced to try them. My

son brought me home a box from L.

W. Randolph's drug store. I started

to use them at once, following direc-

tions closely. They helped the pain

in my back and relieved my other

difficulty. I give all the credit for this

relief to Doan's Kidney Pills for they

are beyond a doubt a grand medicine

for kidney trouble. I have recom-

mended them to a number of my

friends and will continue to do so."

Doan's Kidney Pills are for sale by

all dealers. Price 50 cents. Mailed

### A SUCCESSFUL SALE.

Women of the Church of the Heavenly Rest Conducted It.

A successful sale was held yesterday afternoon and evening in the parish house of the Church of the Heavenly Rest under the auspices of the women of the church. There was on sale ice cream, cake, fancy articles and canned fruit, and tables were attractively arranged about the room, while the decorations were very pretty. Those in charge of the sale were William Moore, Mrs. F. Moore, Mrs. Charles Graves, Mrs. A. H. Leivers, Miss Morgan, Miss Bertha Wenzel, Miss Jennie Wenzel, the Misses Alice Ashworth, Alice Dennick, Lona Beekman and Elizabeth Beekman.

The attendance during the afternoon and evening was quite largely considering the weather, and the sales were good. It will be continued this afternoon and evening.

### Park Club Committee.

The following standing committees have been appointed by President C. A. Reed, of the Park Club: House, Edwin T. Douglass, Walter McGee and George D. Hallock; membership, George Worth, Benjamin M. Day and Samuel Townsend; billiard, Elston French, Charles A. Lee and David Lenox; whist, George T. Rogers, Joseph Howell, Wm. Worth, Walter Freeman and Samuel Townsend; bowling, F. O. Ball; tennis, Samuel Townsend; junior entertainment, Fred Taylor and Charles Cook.

### Trolley Hearing Adjourned.

Mr. Vall, chairman of the committee of eleven appointed to inquire into the matter of widening Westfield avenue and constructing a street railroad upon it by the county, says that the committee will probably not be ready to report tonight, the day to which the meeting adjourned, but will be ready to report within two or three weeks. The meeting will not be held today, but another date will be fixed and public notice given as soon as the committee is ready to report.

### Third Regiment at Somerville.

The Independent Fife and Drum Corps went to Somerville today to take part in the annual field day exercises of the Third Regiment. It is expected that Gen. Sewell and staff will be present. This morning a parade and drill was held on the fair grounds and this afternoon other festivities are on the programme.

### An Illustrated Lecture.

Rev. H. K. Samuelian, of Constantinople, will give an illustrated lecture, under the patronage of the ministers and leading citizens of Plainfield, at the Y. M. C. A. hall this evening. Some of the views were made by the Sultan. About 370 tickets disposed of already for the lecture.

### The Chainless Wheel.

The F. L. C. Martin Cycle Company, Park avenue, request the cycling public of Plainfield and vicinity to look over the Cleveland and Crescent chainless wheels, which are soon to be put on the market, ere they select their mount for the coming year.

Cypress Commandery to Hold Ball. This evening at the Pierce Cycle Academy, Cypress Commandery, colored Masons, will hold a grand reception and ball. A large number of visitors are expected from all over the State and New York.

### STRIKES AND SPARES.

The bowling season is at hand and the movement looking toward the reorganization of the Central Journal Bowling League will be started shortly by a meeting at the Journal office in Elizabeth when the representatives of the clubs will meet, elect officers and arrange a schedule. The Park Club has already stated its intention to the Journal of taking part in the contest. The other clubs that will probably join are the Elizabeth A. C., the New Jersey A. C., the Westfield Club, the Cranford Country Club and the Roselle Casino. The Bayonne Rowing Association made such a poor showing last year that it is probable that they will withdraw from the contest this year.

### AMONG THE STEPPERS.

A good programme of races is to be held at the Gentlemen's Driving Park on Saturday afternoon. The matches will be the same as those at Woodbridge, the same horses starting, and as those furnished exciting finishes, there is a strong probability of some good sport for the Plainfield horsemen.

### Didn't Pay His Board Bill.

Frank Hale, of this city, was arrested last evening on the complaint of a boarding house keeper who charges that Hale boarded at his house and represented himself as being employed by Wyman & Haberie. Hale got behind in his board and made promises that he would pay up. This he failed to do, hence his arrest. He will be given a hearing on Saturday before Justice Mosher, who issued the warrant.

### PROVED THEIR CAPABILITIES.

How a Colorado Man and Wife Secured Political Jobs.

Ex-Gov. Thatcher of Colorado, tells this: "I had been in charge of my office but a few days when I received one day a large bear that had been recently killed, accompanied by a note telling me that it was 'mighty fine bar meat.' This note did not give the name of the giver. A few days later a dozen wild turkeys arrived at the executive mansion. The next gift was a large box of fine mountain trout, along with some fresh berries. By this time I was a little curious, but had no way of learning who they came from. One day I received an extra large box. There was a large cake, some pies, bread, jams, and jelly, with small pieces of different meats finely cooked. This time the note informed me the unknown would call on me in a few days. I was anxious to see the person, and when one Saturday a long-haired man from the mountains came in I was somewhat surprised. 'Well, Governor, what do you think of my ability as a hunter and of my wife as a cook?' asked the stranger. Without any more talk he said he wanted the job of furnishing my household with fresh meats and his wife wanted the position of cook. As they had shown their abilities, I gave them the positions at once. He never failed to keep a good supply of meats on hand, and his wife furnished good home cooking. If all the office seekers were like that man a Government official's life would be a happy one."—Omaha Bee.

### ENGLISH PUBLIC DOCUMENTS.

The British Government More Economical Than Ours.

The British Government sells all its publications. It gives nothing away. If you want a copy of a bill that has been introduced into the House of Commons, or a report that has been presented to the House of Lords, or any public matter in the London County Council or the Board of Aldermen of the city, you have to pay postage if it is sent through the mails. In our country nearly all official documents of this kind are given away, and are sent free through the mails under a frank. The British plan seems to be the more sensible. It saves millions of dollars every year that are wasted in the United States to furnish public documents to people who do not care anything for them, and who throw them into the waste-paper basket as soon as they are received. The charge for official publications is only sufficient to pay the cost and a small margin for wastage. Thus the Government Printing Office is self-supporting and the postal service pays a profit of \$10,000,000 of \$12,000,000 annually into the Treasury. On the contrary, on our side of the Atlantic, it costs \$5,000,000 or more to pay for printing for which no one is the wiser, and our Post Office Department declares an Irish dividend of \$9,000,000 or \$10,000,000 every year, much of it is due to the transportation of "pub. docs."—Chicago Record.

An Unfair Advantage.

Dr. Lasker, the great chessplayer, when in London, is in the habit of occasionally visiting a certain restaurant in the city well known to many chess devotees. On one of these occasions just prior to his departure for St. Petersburg, to play Dr. Steinitz for the championship, a fussy old gentleman offered to play him for a box of cigars if he would concede him the odds of a queen.

The offer was good-naturedly accepted; and on Lasker's winning he became the recipient of a box of doubtful-looking cigars, which, however, the donor averred were of good quality.

On visiting the same restaurant, after easily defeating Steinitz, Lasker happened to meet his late opponent, who asked him what he had thought of the cigars.

"First-rate!" replied the champion; "in fact, I might almost say they won me the match."

"Indeed! I am delighted to hear it!" returned the old gentleman, much pleased.

"Yes," continued Lasker, with a merry twinkle in his eye, "I gave them all to Steinitz!"—From Answers.

Alaska Steamship Arrives.

Seattle, Wash., Oct. 21.—The steamship Bertha has arrived here from St. Michael's, Alaska, which place she left on Oct. 5. Fourteen passengers came down, with about \$30,000 in gold, most of this being in the possession of Arthur W. Pope and Harry Wright. The Bertha brought no late news from Dawson, her passengers coming from Minonk and Circle City.
