Eighteen dollars was still owed her, and a committee went to tell her that they were sorry and would pay it as soon as possible, but she was said to be ill and could not see anyone, although the members claim to have seen her walking on the street the same day. Chesapeake and Ohio Express Goes Through a Bridge.

SEVERAL PERSONS KILLED

And a Large Number Were Injured. The Wreck Occurred Near Charlottesville, and Half of the Train Went into the River.

Richmond, Va., No . 5 .- The "F. F. V." through vestibule train from Cincinnati to New York, on the Chesapeake & Ohio Railroad, plunged into the Rivanna River about three miles east of Charlottesville yesterday shortly after noon. Four persons were killed outright and a large number of persons were injured. At the time of the accident the train was an hour late and was running at a high rate of speed. Upon rounding a curve on the banks of the river, which is about one hundred yards wide at that place, the rails spread, and the engine, tender, mail and express car, combination car and day coach were thrown over the bank into the river.

A combination car and day coach were thrown across the track against the river bank. Several cars were piled upon each other. Most of the passengers were bound for Washington and New York.

Three relief trains were at once sent to the scene of the wreck and six rail-road surgeons and fifty stretchers ordered to be sent by special train. Everything is being done for the injured, who were taken to Charlottesville for treatment.

SAYS IT. IS ILLEGAL INSURANCE. The Pennsylvania Authorities Declare Against the Underwriters.

Harrisburg, Pa., Nov. 4.-Insurance Commissioner Lamber recently sent the Attorney General's department a letter inclosing a specimen policy of insurance issued by the Philadelphia Underwriters and saying that the Underwriters is an unincorporated association of two companies of Philadelphia. The question raised was whether the issuing of policies by this association under the unincorporated name does not violate section 1 of the act of Feb. 4, 1870. Deputy Attorney-General Reeder yesterday gave the Insurance Commissioner an opinion in which he holds that the Philadelphia Underwriters' company is doing an illegal business, and in clear violation

The Deputy Attorney-General says that this relation of partner cannot be altered or changed by the clause of the contract in each policy in which each company agrees to be bound by any judicial decision affecting the other on joint contracts. He says that the policy on its face seems to demand of the insured dealing with both companies in all the preliminaries after he has once sustained a loss. He goes on to say that the companies have no power or authority to enter into such a joint partnership and that agree-ments between companies which create a partnership between the parties thereto are void.

"Woman in Black," Suspected of Murder, Captured.

MURDERED FOR INSURANCE

De Kalb Woman Is Said to Have Conspired with Husband of Emma P. Kaiser to Get \$10,000-She Is Sent to Jail.

Norristown, Pa., Nov. 5.-The murder of Emma P. Kaiser on a dark and lonely road in Upper Merion township, near Norristown, on the evening of Oct. 28. 1896, is revived by the arrest of Lizzie De Kalb, alleged to be the woman in black who was on the scene of the murder about the time of the firing of the fatal shot. Charles O. Kaiser, Jr., husband of the woman who was mur-dered, is under sentence of death.

arrest was made on Tuesday night by Capt. Rodenbaugh and De tective Crawford, of Philadelphia. Capt. Rodenbaugh says the woman was taken into custody on a Pennsylvania Railroad train as it neared Broad street station.

The woman was brought to Norristown by Capt. Rodenbaugh, and for nearly four hours was at the mercy of the police, the District Attorney and James B. Holland, who subjected her to a most rigid examination, without, however, eliciting any replies that clear up the mystery. She has been com-mitted for further examination on Nov. 12. J. P. Hale Jenkins, her lawyer, has visited her in prison and advised her o make no statement.

Immediately after the murder of Mrs. Kaiser the county offered a reward of \$200 for the arrest of Miss De Kaib and a like amount for the apprehension of James A. Clemmer, in whose company she was seen in Norristown on the day of the tragedy. District Attorney Strassburger says she was located through the assistance of one of her acquaintances who was tempted by the

Kaiser and his wife drove out of Norristown on the evening of Oct. 28, 1896, in a falling-top carriage, followed a few minutes later by a man and a woman in a second carriage. Subsequently the two teams were seen in lose proximity in Upper Merion, Within fifteen minutes Mrs. Kaiser was a corpse, her dead body fying on the seat of the carriage in which she and her husband were chatting as they drove over the Upper Merion roads.

Kaiser returned to Norristown with his wife's limp body in the bullet cut, blood-stained carriage, with a wound in his arm. He said they had been stopped by highwaymen and shot, afer being stripped of their money and

Fifty yards from where Mrs. Kaiser was shot were found Kaiser's watch and a bloody pistol, both secreted along the fence that skirts the road. Several days later Mrs. Kaiser's watch was picked up in the street in Pottsville.

Kaiser was tried in March last, and convicted after the jury had been out

less than four hours.

Kaiser's father lives in Philadelphia, where the young man was at one time ntimate with Lizzie K. De Kalb and James A. Clemmer. The latter aided in procuring insurance on Mrs. Kaiser's ife at the time of her death.

It was alleged by the Commonwealth during Kaiser's trial that Miss De Kalb conspired with Kaiser to murder his wife for the sake of about \$10,000 insurance money. Her capture is likely to result not only in her own trial as a participant in the crime, but will also be important, lawyers say, if the Supreme Court should grant Kaiser a new trial.

Meyer, they said, was one of a gang of three men who have committed a number of daring crimes in Brooklyn. The man they expected to arrest at any moment was also a member of the gang. They had reason to believe this econd man was stationed outside the thurch the night Steiger shot and killed Policeman Smith. They also think he was implicated in the attempt to rob

Brewer Ochs. Meyer's real name is Constantine Steiger. He is an ex-convict, who, under the name of John Schmidt was released from Auburn Prison last July.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafhess, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deaf ness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros. of that place, and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by T. S. Armstrong. apothecary, corner Park and North

The Easiest Thing {

in the world nowadays is to own a good Piano. The wage-earner with ever so modest an income can readily secure one from us. We know whereof we speak, for we've sold thousands of Pianos to people whose incomes were lower than the average, and we've always got our money, too.

We were the pioneers of the easy payment system in this State, and have been the means of putting Pianos into many homes where, had we required cash payments, they could not have gone. Why not come and talk

with us about this? Why not get a Piano now? CASH, INSTALMENTS,

It showed Mr. McKelvey in a cycle costume and was taken shortly after he was married and while he was enjoying his honeymoon. Mr. McKelvey was completely taken by surprise, when the picture was shown, and enjoyed the laugh evidenced by those present. There was a very large attendance and all had a good time. Mr. and Mrs. J. A. Gavett, Mrs. Mc. Kelvey, Mrs. Wm. Wilson, Mrs. Finck, Mrs. Staats and Mrs. Randolph composed the committee in charge and they served the refresh ments after the entertainment.

THE COLUMBIA MODEL EXHIBITED.

Interest in Level Gears Instead of the Old Chain Attracted the Attention of Many Riders,

The latest development in the bicycle, the chainless wheel, was first resented to the Plainfield public last Saturday. There will be numerous makes of this new wheel on the market next year but the Pope Manufacturing Company has been the first to exhibit the chainless Columbia wheel. The interests in the new idea of level gears instead of the old chain attracted so much attention that the wheel has been exhibited this fall instead of waiting for the beginning of the new year. Saturday, a model of the new wheel was shown at George W. Rockfellow's grocery store under the charge of F. C. Gilbert, of Elizabeth, an expert in the employ of the Pope company and formerly of the Gilbert & Chester Cycle Company, of Ellizabeth. From noon until 9 o'clock in the evening the store was crowded with those who wanted to see the new wheel and Mr. Gilbert was kept busy explaining its different features.

The great novelty of the wheel lies in the fact that there are no sprocket wheels or chain, and that instead the power is transmitted to the rear wheel from the cranks by two sets of level gears with a hollow steel connecting rod passing through the tubing. The gears are all inclosed and are free from dust and dirt. They are allowed to turn in oil which keeps them thoroughly lubricated. There is consequently no lost motion, and it is claimed that it is far easier to start and stop than the old chain wheel. It certainly runs very easily to look at, for no one was allowed to mount the sample last Saturday. If the claims of the makers regarding the excellence of construction and the difficulty in getting it out of adjustment are proved true, the chainless wheel promises to be a great innovation in the wheeling trade.

THEATRICAL.

In the new English melodrama, Brother for Brother," which Martin J. Dixon will present tomorrow, Frank Harvey, the author, has made an entirely new departure from all his previous dramatic works, which have been noted for their originality and strength of dramatic situations. He has most adroitly mingled heart in terest and tears with numerous comedy and thrilling situations. "Brother for Brother" bids fair to become one of the most lasting of the recent productions seen in this country. The dramatic strength of the great fire episode is a most marvelous concep tion, and this alone would make a success of the play had it no other great merit to commend it. THE SUNDAY LESSON.

INTERNATIONAL SERIES, WITH COM-MENTARY BY DR. STEARNS.

Golden Text: We know that all things work together for good to them that love God.-Romans viii 28. Nov. 7, 1897.

1, 2. Having all got safely to land, some by swimming and some by the ne.p of boards and broken pieces of the ship, they found themselves on the isand of Melita, or Malta, and received much-kindness from the people, who sindled a fire and welcomed them and that what they could to deliver them 'rem the rain and the cold which pre-2. gratitude to find themselves safe on and that they would not think so much of the rain and cold, and yet the kindacus of the natives was very refresh-To many a life it we all lived to show andness to those in need! As we experience in our own hearts the loving ci. dness of God, which is better than i.e (Ps. lxiii, 3), we should surely show the kindness of God to others (II Sam. x, 3), but these people probably knew whing of the love of God. How often the conduct of one who knows not God outs to shame these who are His!

3, 6. Paul was not above gathering sticks with the rest to help make the ire burn. It is Christlike to be ready o every good work, however humble The meek and lowly scorn not any serrice they can render to another. Paul was an earthen vessel for God's glory Gal. i, 24), and God was glorified in nim in the storm before all the people in the ship. He now allows a viper to asten on Paul's hand that before these natives the power of God may be seen n his shaking off the viper and experiencing no harm. This was accordng to our Lord's words in Luke x, 19, 'Behold, I give you power to tread on erpents and scorpions, and over all the power of the enemy, and nothing shall by any means hurt you."

7. 8. "Paul entered in and prayed and aid his hands on him and healed him." this was the father of Publius, the thief man of the island, who was sick a fever, but the Lord, through Paul, nstantly healed him. At one time God vrought special miracles by the hands of Paul, so that by handkerchiefs or prons which had touched his body the sick were healed (Acts xix, 41, 12). At

inother time Paul had to leave Trop-imus at Miletum sick. We cannot alvays tell whether health or sickness or ife or death shall glorify God the most, o we should say as Paul said, "Christ thall be magnified in my body whether t be by life or by death" (Phil, i, 20). "So when this was done others af-

o which had diseases in the island ame and were healed." Thus the power of Christ was made widely known, and we cannot think of Paul obeying art of our Lord's command without beying the other. If he healed the ick in the name of Christ, he would ertainly preach the gospel of God conerning His Son Jesus Christ, our Lord, o which he had been especially called end separated (Rom. i, 1, 3). Thus not inly were bodies healed, but many ouls must have been saved also:

10. "Who also hor.ored us with many ionors, and when we departed they aded us with such things as were recessary." When people are really rlessed, it is not necessary to ask them Gratitude will show itself in ome at least. The missionary money which comes to me from year to year n gratitude for the blessing received it the Bible classes convinces me of his more and more, and the abundance or current expenses in my own conregation from the grateful hearts who enjoy the ministry of the word, so that never need to ask any one for a cent, out merely state the need when there is one and look to the Lord alone to supply it through His willing people, nakes me wish that all preachers and eachers would so feed their people that he gratitude would be more manifest o the glory of God.

11. "And after three months we departed in a ship of Alexandria." Paul and learned to wait, and whether it was two or three weeks in a storm at ea, or three months on shore at Malta, ir two years a prisoner at Caesarea, he tnew what it was to "rest in the Lord and wait patiently for Him" (Ps. (xxvii, 7). Our Lord waited 30 years at Vazareth and has waited over 1,800 at Fod's right hand to have His body sathered out of the nations of the arth. We have great need to consider Him, lest we be wearied and faint in our minds (Heb. xii, 3).

12-14. Three days at Syracuse, a call it Rhegium, seven days at Puteoli, hen on toward Rome. And every day, whether on land or sea, journeying or vaiting, just living to glorify God. Con icious of His loving kindness in storm and sunshine, not because we feel it, out because we know it in Christ; conscious of His constant care of and inerest in us; rejoicing that God is for 15. Christ is for us, the Spirit is for us, and the angels minister to us (Rom. riii, 31, 34, 26; Heb. i, 14). Sure that all sur works are prepared for us beforeand, and we have only to walk in hem, doing as occasion serve us, for God is with us (Eph ii, 10: I sam. x,). Done with all fretting and murnuring and complaining, all of which s sinful; careful for nothing, prayerul for everything, thankful for anyhing, and rejoicing in the Lord always. 15. Brethren from Rome came to neet Paul and his companions as far is Appli forum and the three taverns, ausing gratitude and inspiring courige. It is heavenly to meet on earth hose who are our true blood relasions. I do not mean so much our sindred as those who are one with us by the blood of Christ. These are ofen nearer to us than brother or siser. The bond is wonderful. Blest be he tie that binds our hearts in Christan love! Paul may have met some of these brethren in other parts of the world or not. We are not told. But they were one in Christ and living for

His glory and ready to die for Him. 16. They came to Rome, and Paul was suffered to dwell by himself with a soldier who kept him. He was now where God said he would be, and as to bearing witness he had only to watch his opportunity and be ready to use it, or rather let God use him in it. He was in a measure free, even as he was in Caesarea, and he was in the Lord's hand, who could easily make him more free if it was best

Ready for Business

evidently, and the business shou d be done by all means. Buildings require paint. Of course a house may be left unpainted and let to become weatherbeaten and a wreck. That doesn't pay, though; it's much cheaper to paint, and our paints in all colors are the test in the market for durability under the most trying conditions. They are well adapted to our exposure and we sell everything in the line of paints and painters' supplies at short prices.

The Tables Turned.

We have almost solved the servant girl problem.

Instead of the maid being mistress, we have made it possible for the mistress herself to be mistress. The tables are turned,

and we have turned them. We have accomplished it to the mutual satisfaction of everybody. The plan is so simple that the wonder is nobody ever thought of it

Cheap but good laundering of general house linen enables every housekeeper to have the washing done out of the house.

What does our proposition mean? It means no more washday odor about tne house. It means satisfied servants, because a maid will not be insolent if she can escape washdays and the delay of other work caused by bad drying days. Our booklet" Tables Turned" tells all about our new plan. You can have it for the
