AN EXPERT ACCOUNTANT

ONE TO BE ENGAGED TO GO OVER BOROUGH BOOKS.

Most Important Business of the Borough Council Last Night—New System of Keeping Books to Be Devised.

All of the members except Mr. Schutt were present at the regular November meeting of the Borough Council held last evening, and the business to be considered was transacted with quickness, which is characteristic of the present Council. The clerk's financial report was read as follows:

	Balance.	Deficit.
Borough.....	\$4,018.16	
Lights.....	266.20	\$278.68
Fire Department.....	127.96	
Poor.....	469.74	
	\$4,422.06	\$753.42
Paid county and State.....	\$2,689.47	
	\$1,732.59	

The clerk also reported that \$360.50 had been collected since last report from the residents of Sycamore avenue as their share toward opening the avenue, and \$125 from the residents of Harmony street for macadamizing that street. Collector Spencer reported that \$338.82 had been collected as taxes since the last report.

A communication was received from the West End Hose Company, stating that Frank K. Her had been elected to membership and Wm. Barry had been dropped from the roll.

N. B. Smalley and others asked for electric lights in the neighborhood of Whitewood avenue. A communication from P. A. Emmons and others asked that the Council exempt persons from fast driving on Mountain avenue, as that avenue had been designated as a speedway by the Board of Freeholders. The request was granted.

Mr. Woolston, for the committee on streets and public health, stated that \$147.61 had been expended during the past month on the streets of the borough, and that the cost of macadamizing Brook avenue was \$490.48. Mr. Woolston stated that he had received from James Carson, of Belmont avenue, a communication, in which the latter asked the Council to have the latter avenue straightened out according to grade. It was decided that the Council has no right to grant the petition, as the avenue has never been accepted by the borough.

In reply to a question as to who are expected to lay sidewalks along Watchung avenue, Borough Counsel Reed stated that people occupying property on the avenue are supposed to lay their own walks.

Mr. Rogers read a letter from Superintendent Coriell, of the Gamewell Fire Alarm Company, in which the latter stated that he had thoroughly examined the system in the borough and found it to be in perfect working order. Chief Wilson, through Mr. Rogers, reported that the street lighting of the borough is also in first-class condition. Mr. Rogers stated that several new electric lights had been located in the borough where needed.

The Mayor stated that in view of the fact that a new borough collector would be elected at an early date he thought it advisable to have the accounts of the collector and all borough accounts examined by an expert accountant and institute a proper system of municipal bookkeeping and place the financial accounts of the borough upon a business basis. In connection with the Mayor's suggestion the following resolution was offered by Mr. Burtis and adopted by the Council:

Resolved, That the Mayor be and is hereby authorized and directed to employ an expert accountant, at an expense not to exceed \$750, to examine the financial accounts of the borough, and institute a proper system of municipal bookkeeping, and place the financial accounts of the borough upon a business basis; and be it further

Resolved, That the collector and other borough officers be and are hereby directed to place at the use of such accountant all information, books and documents in their possession, custody or control relative to the subject. In accordance with a petition the Mayor appointed Peter Hansen as a special marshal to serve in Washington Park, and the appointment was confirmed. A resolution offered by Mr. Rogers provided for the borrowing of \$1,500, the same to be charged to the light account. The Council then went into executive session.

Prominent Railway Man Dead.
A telegraphic dispatch from Rahway to The Press announces the death of Former Mayor and Former Assemblyman William Chamberlain, of that city, this morning at 6 o'clock. Mr. Chamberlain had a host of friends in this city who will regret to learn of his demise.

Water for Lincoln.
The Watchung Water Company was this morning awarded the contract for laying the pipes and furnishing water for Lincoln. It is expected that the system will be complete within fifteen days. The water will be supplied from the wells driven near Greenbrook.

THE EXACT COUNTY VOTE.

SURROGATE PARROT'S PLURALITY IS FIXED AT 2,433.

John L. Crowell, the Defeated Candidate, Excused From Canvassing—Assemblyman Houston Received the Most Votes.

The vote of Union county was canvassed at noon yesterday by the County Board of Election, who convened in the court room. E. C. Woodruff, of Elizabeth, was elected chairman, and County Clerk Howard and Zerman Norman assisted in the canvass.

John L. Crowell, a member of the Board, was excused from the canvass of the returns for the office of Surrogate.

The official count showed that for Surrogate, George T. Parrot received 8,106, and John L. Crowell 5,673. This made Mr. Parrot's plurality 2,433. The gain was in the scattering vote. Osborn, the Prohibitionist candidate for Surrogate, received 309 votes, and Coughlin, the Socialist-Labor candidate, a total of 639.

The official vote gives Robert G. Houston a gain of ten votes over Wednesday's figures, and a total of 8,119. Mr. Houston had the greatest number of votes of any man on the ticket, and 13 above the vote for Mr. Parrot.

The board adjourned at 1 o'clock to await a clerical error correction on one of the returns from a district in the Fourth ward in Elizabeth. The canvass so far as completed gave totals as follows:

For Assembly—George A. Squire, R., 7,958; Roger F. Murray, R., 7,849; Robert G. Houston, R., 8,119; Benjamin A. Lawrence, D., 5,675; Thomas J. Jackson, D., 5,782; William D. Wolfskell, D., 5,772; VanCise, P., 350; Phelps, P., 337; McLeod, P., 342; Gould, S. L., 645; Campbell, S. L., 655; Eidenmiller, S. L., 641.

Dr. MacConnell, the Republican candidate for coroner, received 7,931, and Dr. Dolan, the Democrat, 5,746. The Republicans plurality was 2,185.

GIRLS LIKE BASKET BALL.

The Exercise Forms a Fine Adjunct to Their School Duties.

The girls of the Plainfield High School have found basket ball a delightful exercise. The interest in the game is very great despite the fact that they have not had a change to test its applicability to the circumstances. The girls of the Senior class have now met twice for practice, the last meeting being held this morning in the Whittier building, the second floor of which has been converted into a gymnasium. There are ten in that class who are candidates for the class team and so it has been decided to organize two teams which will practice against each other and the best players selected to represent the class in the class contests that are being planned.

The Senior girls who have been out to practice so far this season are the Misses Adele Kirby, Lottie Loizeaux, Bessie Hunt, Ella Osgood, Helen Brainard, Carolyn Kampman, Florence Beale, Clara Long, Edith Clark and Constance Patton.

The practice held this morning, under the direction of Walter L. Long, captain of the Y. M. C. A. basketball team, was to demonstrate the qualifications of the different candidates for the different positions. The practice was very satisfactory to all and it is predicted that the other classes will have to get to work at once to be able to hold their own in the class contests.

The other coaches have been decided upon. George Proctor Smith, of the Y. M. C. A. team, will coach the girls of the Junior class, while Fred Bonny, of the same team, will act as coach for the candidates for the third class team.

UP-TO-DATE RELIGIOUS WORK.

Some Novel Subjects That Congregationists Will Indulge In.

The following mid-week services have been arranged for the Congregational church: November 10th—Newspaper Gospel. Bring a helpful selection cut from the daily paper; and read or comment. November 17th—Questions on religion asked by prominent business men of Plainfield, and answered by the pastor. November 24th—Thrilling tales of the north. December 1st—The saloon; from the standpoint of the manufacturer, the merchant, the machinist, et al.

The committee for November is: John Allen, J. M. Burnett, A. G. Barber, Charles Belknap, Frank Bailey, A. J. Clarkson, George Clark, P. Ludwig Conde.

As yet, the person who sent in a false alarm of fire last Tuesday evening in the borough, has not been discovered. Mr. Eagny, from whom the key was obtained, says that he does not know who the party is.

FIGHT FOR PLUMS NOW

LIVELY TUSSELE WILL ENSUE FOR THE LEGISLATIVE OFFICES.

There is Much Untried Material in the Lower House and at Present the Field Seems Free and Open to All.

The liveliest kind of a tussle is going to take place during the next two months for the leading offices in the New Jersey Assembly and Senate. There is so much new and untried material in the Legislature, especially in the lower branch, that the field is open and free and it will be some weeks before the lines begin to be drawn.

It is probable that the leading candidate for Speaker of the House will be Henry W. Gledhill, the popular young Passaic county lawyer, who was re-elected Tuesday, and who was a formidable candidate for leader of the Republican majority on the floor last year. This will be Gledhill's third term, and he will be able to present strong claims for the Speakership.

His principal rival is sure to be Geo. W. Porter, of Newark, a young lawyer, who was elected for the second time last Tuesday, and was very popular in last year's House, being regarded as one of the brightest men on the floor.

With twenty-three members on the floor of the House, the position of Democratic leader will amount to something in the next session, and there is plenty of good timber available among the men elected. Three men may be considered as probable candidates for the position—T. J. Carroll, of Hudson county, an energetic, resourceful Democrat, who was in the Assembly in 1892 and 1893, and is familiar with all the preliminary tactics worth knowing; Alexander Simpson, who is a prominent Jersey City lawyer, but untried in legislation, and Charles T. Bauer, of Hoboken, who made a brilliant record in the House in 1895 by his unswerving and courageous fight against the trolley syndicate and corporation lobby.

The retirement of Senator Williams in Passaic county will make it necessary for the Republicans in the Senate to elect a new president of that body. It is likely that Senator Voorhees, of Union county, who was the Senatorial leader last year, will be a candidate for the position. Senators Johnson, of Bergen county; Skirm, of Mercer; and Ketcham, of Essex, will also probably be named. Voorhees will be antagonized by Sewall, and it is probable that Senator Johnson will be the caucus nominee, because of his record in favor of the corporations.

Senator Daly will continue as Democratic leader on the floor of the Senate.

TICKETS FOR THE 'FEST

Information for Prospective Patrons of the Hospital Bazaar.

The following statement is issued by the management of the Spielkartenfest for the guidance of those who wish to procure tickets for the benefit. Tickets will be on sale at the rink during the afternoon from 2 o'clock until 4 o'clock, when the programme begins. For these no seats are reserved. Admission tickets are sold only at the door, price 25 cents for all alike.

Second: The evening entertainment—doors open at 7:30 o'clock. Performance begins at 8 o'clock. General admission to any part of the hall, not including reserved seats, 50 cents. The sale of tickets is now going on at the drug stores of T. S. Armstrong, corner Park and North avenues, and Charles Halls, corner Watchung avenue and Fifth street, the former having the diagram of the northerly half of the hall (next to C. R. R.), and the latter the southerly half of the hall (the Fourth street side of the hall). On and after Monday, November 8th, these diagrams will be taken to the hall at 7 o'clock each evening where the sale of tickets will continue on the left hand side of the lobby.

Fourth: Season tickets—good for six general admissions on any evening of the series or good for six consecutive evenings or six admissions one evening. Sold at the prominent drug stores, price \$2.50, a saving of fifty cents. Season tickets do not cover reserved seats, but they will be exchanged for reserved seats to be selected from the diagram as above mentioned by paying the difference between the price of reserved seats—seventy-five cents or one dollar, and the price of general admission.

When the holder of a season ticket wants reserved seats, not for six evenings but only for one or more, he can obtain such number as he wants on the same terms, receiving one or more coupons for the sittings selected.

Death of Mrs. Keiderling.

The death of Mrs. Charles Keiderling, aged thirty-two years, occurred this morning. The funeral will be held Monday and will be private.

NO ACCIDENTS FEARED

PERFECT ARRANGEMENTS MADE FOR SAFETY AT SPIELKARTENFEST.

The Crescent Rink Will be Crowded During Next Week, But Every Precaution Has Been Taken to Prevent Accidents.

It isn't a dream, there is no doubt about that. The long-expected Spielkartenfest is to begin Monday night and every Plainfielder will have a chance to lend a hand for a worthy charity, for who says that the Muhlenberg Hospital is not deserving of aid, besides seeing something altogether wonderful and beautiful. Did you see the Kirmess two years ago? That was something magnificent, everybody agreed, but the Spielkartenfest promises to excel even that for the first attempt taught those in charge many useful lessons that will be well remembered on this occasion.

The Spielkartenfest is not intended for any one class. It is for the people and is being conducted by them. There are scores, yes, hundreds who are taking an active part in the preparation of this grand benefit and there is plenty for all to do. Those who have done nothing so far are counted on to at least attend the entertainment. It is not like asking the people to give their money when they come to the Spielkartenfest. They get fully their money's worth of pleasure and enjoyment at the affair in return for their money. The dances will be worth going many miles to see. Look how popular the Kirmess was and how even the vast auditorium of the Crescent Rink was not large enough to contain the multitude that crowded in front of its doors. Miss Lila Agnew Stewart, who so successfully conducted the Kirmess, is in command this year and says that the Spielkartenfest will far outshine her former efforts.

There will be no danger of fire or crowds at the rink, for special precautions have been taken in that direction. Fire extinguishers will be distributed all over the building and at every booth, while specially detailed firemen will be on duty at the rink every night during the progress of the Spielkartenfest. Every precaution has been taken in the arranging of the illuminating effects with gas and electric light so that all chance of danger from that direction will be eliminated. Although you may not have noticed it, the great glass doors and the partitions that apparently occupy the entrance all swing back allowing the use of the entire width of the big hall. There are no steps to descend in leaving the hall but a gentle incline that will far easier accommodate the crowd.

All was activity at the Rink last evening. The work on the booths was going on and the sound of saw and hammer could be heard on every side. Then it was the last of the rehearsals before the final dress rehearsal which is to be held this evening. There was a little exciting happening that was not on the programme. As the grand march was being rehearsed and several hundred young people were marching about the stage, the electric lights suddenly went out and the great hall was plunged into complete darkness. There were a few screams from some of the participants and then everybody waited. The musicians were sufficiently acquainted with their instruments to play in the dark and kept on while the waiting dancers chatted busily until several gas lights in the balcony were lighted. Meanwhile men could be seen wandering about the hall, lighting matches to see their way.

The grand march was continued in the faint twilight and the effect was novel and altogether charming. The cause of the trouble was the burning out of a fuse which was replaced in ten minutes, and then the rehearsals continued.

ABOUT WESTERN MISSIONS.

Mrs. Horton Talked Interestingly to Trinity Reformed Young Women.

The members of the Young Women's Mission Band of Trinity Reformed church and their friends met at the home of Mrs. J. S. Cutter, West Front street, last evening and listened to an interesting address by Mrs. Horton, of Cranford, on missions. Mrs. Horton exhibited several views of western churches and parsonages and a picture of a miniature tepee. She explained how the Indian women erect the tepee. The address was very instructive and entertaining, and enjoyed by all. Features of the evening were the vocal solos by Miss Bessie Blair and F. S. Cutter. There was a large attendance, and the latter part of the evening was devoted to sociability during which refreshments, consisting of chocolate and wafers, were served by those in charge.

TRAIN STRUCK HIM ON THE BRIDGE.

S. J. Bowden Found Walking on Railroad Tracks to be Dangerous.

S. J. Bowden, of West Second street, a brother of David Bowden, the contractor, and a foreman in the machine shops of Henner & Long, No. 30 Desbrosses street, New York, was struck by an engine on the Central Railroad at the Madison avenue bridge just before 6 o'clock this morning. It has been Mr. Bowden's custom to walk from his house down the railroad tracks to the North Avenue station where he takes the 6 o'clock train to New York. Only a few days ago he was warned by his brother against the dangerous practice.

This morning he was caught by the engine drawing a coal train and hurled from the bridge. The first intimation the engineer had that he had struck a man was when he saw Bowden's pipe fly up in the air. Bowden was taken to the hospital.

At the latter place it was discovered that the only apparent injury was a scalp wound, but just how seriously the man is injured it is difficult at present to determine. He is partially conscious and seems to be doing well. From all that can be learned Bowden was half-way across the bridge, but owing to the fog he was unable to see the approaching train, which was so close to him, in time to get out of the way.

Frederick K. Fish, Jr., of Martine avenue, left this morning for Wilmington, Del., where he will visit friends.

RECORDER THOMAS CENSURED.

Borough Councilmen Wanted to Know Why He Didn't Issue a Warrant.

In the executive session of the Borough Council last evening the members called Recorder Thomas before them and asked him why he did not issue a warrant for the arrest of a Mr. Allen who lives near the mountains, and who sent in a false alarm of fire from the corner of Mountain and Westervelt avenues last Tuesday night. The Recorder claimed that he did not have sufficient evidence to issue the warrant. The Council was of the opinion that the warrant should have been issued and the man dealt with as the law provides. The Recorder was corrected concerning several matters and received some instructions as to what he should do in the future.

TEMPTATION TOO MUCH.

AN INSURANCE COLLECTOR, WHO IS MISSING, SHORT IN HIS ACCOUNTS.

Thomas Heywood, an Employee of the Metropolitan Insurance Company, Has Left With \$35 of the Company's Money.

The old, old story of an employee who is entrusted with the handling of money and who proves dishonest, has been enacted over again in this city this week by Thomas Heywood, an agent and collector for the Plainfield branch of the Metropolitan Life Insurance Company, of New York.

Heywood has been in the employ of the company ever since it opened its branch here in August of this year. He performed the work assigned to him in a satisfactory manner, and always handed in promptly all money collected by him, which often amounted to hundreds of dollars. It was known that Heywood and his wife were not living together, and that she had commenced divorce proceedings against him, but otherwise there was no reflection against his character.

Last Tuesday he entered the office of the Company and presented his balance sheet showing collections amounting to about \$35, which amount he paid to the cashier. Shortly after he left the office saying that he would call in again Thursday morning. He has not been seen or heard from in this city since, and no one is able to give any clue to his whereabouts.

When Heywood did not put in an appearance at the office Thursday, the manager, John French, suspected some irregularity and made a partial investigation of Heywood's accounts. The search showed that there was a shortage of something over \$35 in Heywood's return sheet. Notice was sent to The American Surety Company, who are Heywood's bondsmen, and they took the matter in hand. It is probable that they will succeed in locating the missing man.

Heywood boarded with Mrs. Henry F. Bowser, at 169 East Front street, and here he left an unpaid bill for several weeks' board.

SCHOOL BOARD ESTABLISH AN OFFICE.

A Place Where Business Can be Regularly and Speedily Transacted.

The members of the Board of Education have adopted a new plan which is sure to be very popular with all who have any business with school matters in this city. For sometime past certain members have taken it upon themselves to look after the detail work connected with the management of the schools and as a result it has consumed a great deal of valuable time which they could not well afford to lose. A consideration of the matter resulted in the establishment of an office at the High School building where anyone can call between the hours of 9 a. m. and 1 p. m. and secure any information desired.

Persons having general business to transact will appreciate this new plan. Frank Clark, of Central avenue, who is clerk of the board, has been retained, at an increase in salary, for the purpose of being at the office during the prescribed hours and giving attention to all matters that naturally will come under the observation of the Board of Education. Of course, Mr. Clark will see that all matters are reported to the board.

It was understood before that Councilman Westphal was a stout supporter of the proposed scheme for lightning. He advocated it and the other two members of the committee gave their opinion that it would be a good thing. Mayor Fisk spoke very favorably of the merchant's petition.

It was altogether a very happy family until the question of where the funds were to come from was discussed. The Councilmen were then of the opinion that no matter how much they wanted to grant the petition, it was beyond their power as there was not money enough from the old appropriation to make the change and there was not enough in the city treasury to stand the drain of a new appropriation.

The merchant's petition asks for eleven new arc lights, but it was decided that it would take twenty, placed two hundred feet apart, to light the business section. Then the Mayor said that it was his wish that Front street should be the equal of any business street in the country, and he hoped to see the day when the wish of some of the merchants should be realized and Front street, from Watchung avenue to Central avenue, should be asphalted from curb to curb and all the wires for telephone, telegraph and electric lights placed underground.

It was the opinion of the city officials that it would simply be impossible to make the change this year for lack of funds. Several of the merchants explained that the change would be of more value during the coming holiday season than all the rest of the year put together, and they expressed a hope that some way might be found by which the change might be made before the full rush of the holiday season arrives.

NO ARC LIGHTS JUST NOW

COUNCILMEN ARE WILLING BUT THERE IS NOT ENOUGH MONEY.

A Conference of Business Men and a Councilman Committee Held Last Night—Mayor Fisk Favors Improvement.

There is little probability that the business streets of Plainfield will be completely lighted by arc lights until a new Common Council takes the affairs of the city in hand. The present Council is willing, but the treasury is weak. Such, at least, was the sentiment expressed by the committee on lights and trees of the Council, last evening.

The reason for such an expression on the part of the Councilmen was brought about by a conference between a committee of the leading business men of the city and the committee.

The conference was held in the Mayor's office, and was attended by the Mayor himself who spoke in favor of the petition of the business men and gave them all the aid he could. The meeting was the result of a request that the matter might be informally talked over, but its result was not particularly encouraging to the merchants who want to have the business section of the city lighted by arc lights at once.

The city was represented by the lights and trees committee, composed of Ralph I. Tolles, chairman; William A. Westphal and John T. Baker, and Mayor Charles J. Fisk. The merchants' committee consisted of George L. VanEmburch, Edward White, Dr. R. J. Shaw, Eugene A. Laing, John J. Kenney and J. P. Laire.

The merchants each made a short address on the advisability of the plan of arc lighting and its advantages. They explained that in that particular, Plainfield was far behind other cities of equal size. The arc lights were far more effective in lighting the streets than the incandescent lamps and that now a stranger coming into the city found the very heart of the city comparatively dark. Each speaker made his argument in brief and told the demand that there was for the new lights among the merchants.

It was understood before that Councilman Westphal was a stout supporter of the proposed scheme for lightning. He advocated it and the other two members of the committee gave their opinion that it would be a good thing. Mayor Fisk spoke very favorably of the merchant's petition.

It was altogether a very happy family until the question of where the funds were to come from was discussed. SAVED PREST' MORAES

Brazil's Ruler Narrowly Escapes Assassination.

MINISTER OF WAR KILLED

Colonel Moraes, the President's Nephew, Wounded in Disarming the Assassin—Rio Janeiro Greatly Excited—Assassin was a Soldier on Duty.

(Cable Dispatch to the New York Sun.) Rio de Janeiro, Nov. 6.—At 1 o'clock yesterday afternoon a soldier belonging to the Tenth Battalion attempted to shoot President Moraes with a pistol just as the latter landed at the Marine Arsenal after visiting the steamer on which Gen. Barbosa had returned from Bahia. The attempt was frustrated by bystanders.

The President's nephew, Col. Moraes, was slightly wounded while disarming the soldier, Gen. Bittencourt, Minister of War, then interfered, and was stabbed, dying shortly afterward. The city is greatly agitated.

The attack has caused the greatest agitation throughout the city.

Dr. Moraes was elected President of Brazil three years ago to succeed Marshal Peixoto, after the rebellion of Admirals Mello and Saldana da Gama had been suppressed.

MURDERER'S AWFUL WORK.

Four Children Attacked in Their Home and Killed After a Fight.

Montreal, Que., Nov. 6.—Particulars have been received here of a terrible quadruple murder near Rawdon, a small village about forty miles north of Montreal. The victims were Elizabeth Nulty, aged 18; Annie Nulty, 16; Ellen Nulty, 14; and Patrick Nulty, 9. They were the children of Michael Nulty, a farmer, who lives in a secluded spot about four miles from Rawdon.

The murder, which was committed while the parents were away from home, was discovered by August Morin, a neighbor. Morin had occasion to call at the house on Thursday afternoon. He was not aware of the absence of the parents, and was surprised as he approached to find that the door of the Nulty house was broken in. He entered, and a horrible sight met him.

Lying on the floor were the headless bodies of the youngest girl and the boy. Their clothing was saturated with blood, and all about were traces of a desperate struggle. The bodies of the children lay on the floor near the bodies. Morin ran out of the house and almost stumbled over the body of Annie Nulty, midway between the house and the barn. She also had been stricken down and the life pounded out of her.

Morin saw a dark object nearer to the barn, and supposed that it was the body of the third girl, but it proved to be only part of a dress, which had evidently been torn off the body of one of the victims. In the barn to which the path led Morin found the body of the eldest girl, with evidence that she had been assaulted before death had taken place.

The Attorney-General was notified and detectives have been sent to the scene. The murders are supposed to have been the work of a tramp.

ACCUSED OF WIFE MURDER.

A Man of 90, Prominent in Atlanta Politics Before the War, in Jail. Atlanta, Ga., Nov. 6.—Albion Bidwell, 90 years of age, prominent in Atlanta politics before the war, and who was voted for Mayor, is in jail, charged with the murder of his wife, aged 70.

At 8 o'clock last evening the old man gave the alarm that his wife had committed suicide, and before he admitted anybody to the house he gave a detailed statement of where he had been the entire day. Entering, those whom he had summoned found Mrs. Bidwell dead, suspended from a rope, which was tied to the bedstead and then run over a rafter above. She was crouched as though in the effort to choke herself to death. The strange conduct of the husband led to his arrest pending further inquiry. This was his sixth wife.

Secretary Bilas on the Result.

Washington, Nov. 6.—Secretary Bilas has returned from New York. The Secretary takes a different view of the elections than do his Democratic friends. He says the result is what might be expected when a party is split into factional differences, as they were in New York City. He is quoted as saying that had the Republican vote for Tracy and Low been united against the Van Wyck and George vote, the latter combination would have been defeated. The Republicans, he says, will become united before the Congressional elections and will carry the State. He thinks also a Republican Legislature will be elected next year and a Republican successor to Senator Murphy be assured.

Big Day for New York Postoffice.

New York, Nov. 6.—The receipts at the Postoffice on Thursday were, according to Auditor Jardine's report, the largest in the postal history of the city. There were 1,250,000 two-cent stamps sold, for which the stamp clerks received \$25,000, and the sales of other stamps, stamped envelopes and postal cards amounted to about \$15,000 more making the total receipts something over \$40,000 for the day.

Circus Going to Sea.

New York, Nov. 6.—Barnum & Bailey's advance of "The Greatest Show on Earth" sailed for England at 8 p. m. to-day on the Atlantic Transport steamship Mobile. The group includes some of the performers and the members of the band, numbering sixty-five. The circus will open at Olympia in London, on Dec. 11, and will remain in Great Britain for at least one, and possibly two years.

SENATOR WOLCOTT BACK.

He and Gen. Paine, Commissioners on Bimetallism, Return.

New York, Nov. 6.—United States Senator Edward O. Wolcott and Gen. Paine, two of President McKinley's Commissioners on Bimetallism, who have been abroad trying to induce European countries to join with the United States for the free coinage of silver, got here last night on the Campania. Former Vice-President Stevenson, the third Commissioner, was expected on the same steamer, but at the last minute he decided to wait.

Senator Wolcott and Gen. Paine decline to say anything about their mission abroad, which was successful in France, but unsuccessful in England. Senator Wolcott said that as his mission had been an official one he did not feel that he had a right to speak until he had made a report of his work to the President. He said he would stay in New York a day or so, and would then go to Washington. It was possible, he said, that he might have something to say before he left for Washington.

Frank Lane, the Californian, who is boss of the National Silver party, also arrived on the Campania. He said that the failure of President McKinley's commission was not a matter for disappointment, for failure was to be expected. The free coinage question, he said, is now exactly where it was before Senator Wolcott and Gen. Paine went abroad, except that it is now known that France stands ready to aid in bringing about the bimetallic standard as soon as it can be done.

"There never was any hope of accomplishing anything in England," said Mr. Lane. "The commission received courteous treatment there, but that was all. I'll tell you what it is, though, there are plenty of bimetallists in England, and the number is constantly increasing. There is nothing to do here in this country now but wait and let the people learn. The question of free coinage is a question on which the people of this country must have another chance to vote, and the next time they will vote right, if they know what their interests are."

CONDITION OF NATIONAL BANKS.

Figures Showing a Constant Increase of Resources and Deposits.

Washington, Nov. 6.—The figures reported by the 3,610 national banks of the country, under the call of the Comptroller of the Treasury, showing their condition on Oct. 5, have been compiled in the bureau, and the totals make an interesting commentary on the improved condition of things. As compared with the statement of July 23, the date of the last call (the number of banks reporting being the same), the principal items are:

	July 23.	Oct. 5.
Loans and discounts	\$1,994,891,500	\$2,048,589,978
Specie	240,822,801	239,243,827
Legal tender notes	126,511,020	107,136,624
U. S. Certificates of deposit	44,085,000	42,273,000
Individual deposits	1,770,480,953	1,851,192,959
Total resources	\$3,966,400,863	\$3,761,247,094

The records show a constant increase of resources of the banks and of individual deposits during the year, although the number of banks decreased from 3,676 on Oct. 6, 1896, to 3,610 on Oct. 5, 1897.

INCREASE OF THE ARTILLERY.

Secretary Alger Pleased at the Action of the Chamber of Commerce.

Washington, Nov. 6.—The action of the New York Chamber of Commerce in calling for an increase of the artillery arm of the army to man the new sea coast batteries of New York harbor gives great satisfaction to Secretary Alger, for in his annual report he will ask for an increase of two regiments of artillery for the very purpose set forth by the Chamber.

For several months a board of army officers has been collecting information concerning the number of additional men necessary to garrison the new fortifications. They have been to all the newly fortified ports on the Atlantic, the Pacific and the great lakes, and as a result of their observations are strongly of the opinion that at least two more artillery regiments are required.

The work of providing batteries for the new fortifications has not progressed as satisfactorily as the War Department expected, but additional efforts are being made at this time to hurry the completion of the big guns and get them in position.

The People Believe

What They Read About Hood's Sarsaparilla

Their Faith in This Medicine is Grounded on Merit

They Know It Absolutely Cures When Other Medicines Fail

Hood's Sarsaparilla is not merely a simple preparation of Sarsaparilla, Dock, Stillingia and a little Iodine of Potassium. Besides these excellent alternatives, it also contains those great anti-bilious and liver remedies, Mandrake and Dandelion. It also contains those great kidney remedies, Uva Ursi, Juniper Berries, and Pipsissewa.

Nor are these all. Other very valuable curative agents are harmoniously combined in Hood's Sarsaparilla, and it is carefully prepared under the personal supervision of a regularly educated pharmacist.

Knowing these facts, is the abiding faith the people have in Hood's Sarsaparilla a matter of surprise? You can see why Hood's Sarsaparilla cures, when other medicines totally, absolutely fail.

"My little girl was afflicted with eczema and suffered for seven years. She was attended by physicians and tried many different kinds of medicine without relief. After taking a few bottles of Hood's Sarsaparilla she was cured." Mrs. EMMA FRANKLIN, Honeyoe, New York.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents.

Hall's Family Pills are the best.

Mrs. Frank C. Vanderbilt, of Atlantic Highlands, has returned to her home after visiting her sister, Mrs. John H. Van Winkle.

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros. of that place, and they handle a great many patent medicines for throat and lung diseases. He had all these ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

Miss Lizzie Huff, of Centreville, Hunterdon county, who has been the guest for several days of Mr. and Mrs. Horace Huff, of Coddington avenue, has returned to her home.

How to Cure Bilious Colic.

I suffered for weeks with colic and pains in my stomach caused by biliousness and had to take medicine all the while until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured me. I have since recommended it to a good many people. Mrs. F. Butler, Fairhaven, Conn. Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by T. S. Armstrong, apothecary, corner North and Park avenues.

Mr. and Mrs. William Hall, of Perth Amboy, are the guests of Mr. and Mrs. Charles H. Hall, of Duer street.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and cure for Coughs, Colds, Whoop Cough, etc." It is idle to experiment, with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial Bottles free at L. W. Randolph's Drug Store.

Mrs. Henry Zualan, of Cambridge, Mass., is visiting Justice and Mrs. Joseph E. Mosher, of East Fourth street.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Cal. This cold left me with a cough and I was expectorating all the time. The Remedy cured me, and I want all of my friends when troubled with a cough or cold to use it, for it will do them good. Sold by T. S. Armstrong, apothecary, cor. of Park and North avenues.

THE TREASURE IS THERE.

So the Officers of the Imperieuse Say on Their Return from Cocos.

Victoria, B. C., Nov. 6.—The British warship Imperieuse, the flagship of the North Pacific expedition in search of buried treasure on Cocos Island, started on the expedition on Sept. 22 without making her destination known. It was announced that the primary object of the trip was to guard British interests in Guatemala while the outbreak under Morales was in progress there. It was generally known on board, however, that that was not the real purpose of the voyage, and officers and crew finally concluded that England had bought the Panama Canal, and that it was their mission to take possession.

When Cocos Island was reached on Oct. 14 the secret of the trip became known. Two civilians who had been on the vessel were found to be Charles Hartford, the reputed discoverer of the Cocos Island treasure, and E. A. Harris, whom he had interested in his tale of buried millions.

When the party on the Imperieuse landed there were found on the island a woman of the name of Gersler and a new arrival from Nova Scotia, a German, who was accompanied by his wife.

The work of digging for the treasure was begun at once under Hartford's directions, and at a spot indicated on a chart which he had. At a depth of five or six feet, Hartford said, would be found a large flat stone or slab. The slab was found as he had said, and the work was continued with renewed energy.

The digging was made difficult by continued rain, but was kept up till a depth of ten feet had been reached. The water had by this time welled into the pit, and a large overhanging rock was on the point of falling upon the men. It was seen to sway, and the searchers withdrew just as the rock fell down, completely filling the hole already made. Instead of blasting out the obstruction, Admiral Palliser, the commander of the Imperieuse, ordered a blast in the hillside itself.

This was barren of results, and then, despite the pleadings of Hartford, the Admiral gave the order to return homeward.

There is no doubt that the search will be completed. The officers and crew of the Imperieuse are firmly of Hartford's belief that the treasure is there, Hartford was landed at San Jose de Guatemala on the homeward voyage, and he there prevailed upon the commander of the United States ship Alert to return with him and take up the search.

THE PROTECTION OF CATTLE.

The Pennsylvania Live Stock Sanitary Board Begins Its Work.

Harrisburg, Pa., Nov. 6.—The Live Stock Sanitary Board held a meeting in the Department of Agriculture yesterday afternoon, and steps were taken toward the enforcement of two acts passed at the recent session of the Legislature. One enables the board to prevent the bringing of contagious diseases of live stock into the State, and the other gives it authority to make certain tests whereby they shall determine the different conditions under which certain diseases of cattle thrive best. In connection with the enforcement of the first act the board will station at various places in the State inspectors whose duty it shall be to see that no infected cattle are admitted into the State. Arrangements will be made by the board with United States inspectors at different places without the State whereby they will inspect cattle about to be shipped into Pennsylvania, and in case they are healthy will give certificates to that effect which will carry the cattle past the State inspectors.

In relation to the other act, by which the Legislature appropriates \$15,000 for experiments in diseases of cattle, the board has decided to erect in the Veterinary Department of the University of Pennsylvania a building for these tests. In this building infected animals will be placed under varying conditions in order to determine which develops the diseases. Gov. Hastings, as president of the board, was in the chair.

PURCHASE OF ADIRONDACK LANDS.

1,000 Acres of Virgin Forest Added to the State Preserve.

Albany, Nov. 6.—The State Forest Preserve Board yesterday decided to purchase a tract of 7,000 acres of Adirondack virgin forest land in the Moose River tract, on West Canada Creek. This territory, which is now owned by the Adirondack Timber and Mineral Lands Company, lies partly in Township 9 and covers all of Township 10, in Hamilton County. Chauncey Truax and Frank H. Platt, of Tracy, Boardman & Platt, of New York City, have represented the present owners in the negotiations with the commission. The purchase price agreed upon was practically \$7 an acre, the total for the tract, a small part of which was not so valuable on account of having been lumbered, being \$127,000. The board also purchased 9,000 acres of virgin forest land in Township 41, Hamilton County, of Dr. Seward Webb at \$7 an acre. The board's inspectors estimate the value of most of the spruce timber on this land at \$7.50 per acre.

LINER ON FIRE AT SEA

The Southwark, for Antwerp, Returns to New York.

PASSENGERS FRIGHTENED

Cotton in the Lower Fore-Hold Was Smoking—Big Ship Put About and Steamed Back to Her Pier—201 Passengers.

New York, Nov. 6.—The steamship Southwark, of the Red Star line, which sailed from this port on Wednesday for Antwerp, with 200 passengers and a large crew, returned yesterday and docked at her pier at Fulton street, at 4 p. m., with her cargo of cotton ablaze.

The fire was confined to twenty-six bales of cotton in the forward hold. This cotton was piled upon several hundred bushels of grain.

The fire was discovered late Wednesday afternoon, shortly after the Southwark was out of sight of land. There was great excitement among the passengers. Smoke poured out of the hold and through the port holes in great clouds.

Capt. Benche called the passengers together in the main salon and assured them there was no danger. He said the fire was confined to a steel hold and that it was impossible for the flames to break through.

As soon as the fire was discovered steam from the injectors was rapidly pumped into the hold. This subdued the flames and left the fire smoldering. The luggage of the passengers—and the most valuable part of the freight—was rapidly dragged on deck. The vessel was then headed back to this port, much to the relief of the more hysterical of the passengers. She steamed slowly up the river, and by the time the pier was reached the fire was so far out she could be docked.

Those who watched the steamer approach her pier under her own steam could discover no evidences of anything wrong aboard her, but as she was warped into the dock a faint odor of mingled smoke and steam was wafted ashore.

The passengers were gathered along the rails watching for familiar faces on the wharf, and waving hands and fluttering handkerchiefs to those whom they recognized.

Without delay a large gang of longshoremen were set to work opening up the forward hatch and getting out the cargo from the upper hold. Great clouds of steam came up when the hatch of the spar deck was raised.

In half an hour or so the hatch of the main deck was opened and the longshoremen got at the cargo below. Truck 10 came to the street end of the pier with its long ladders, and some of these firemen brought to the ship in readiness for their final battle below the water level, and they brought axes and other implements for their work. The fireboat was in the slip alongside ready to turn on Niagara.

At 5 o'clock the hatchway of the lower deck was raised. Then instead of steam there arose a cloud of blue-gray smoke. The firemen went down with their ladders, and the New Yorker turned her floods of water upon the burning cotton and kept that up until the last spark of fire went out.

It was not possible last night to get any estimate as to the damage done, but it was asserted that this was practically confined to the cargo in the forward hold. The Southwark is a twin-screw boat of 5,700 tons register and 8,700 tons gross, and is 477 feet long. Her hold is divided into watertight compartments by nine steel bulkheads. Among the saloon passengers are the Rev. F. X. Lachance, of Newport, who was on his way to Brussels, where he is to be the guest of Bellamy Storer, United States Minister to Belgium.

FOSTER'S DOG BETRAYED HIM.

Unwittingly Discovered His Master to His Pursuers.

Paris, Nov. 6.—At the examination of William R. Foster, the absconding attorney of the Gratuity Fund of the New York Produce Exchange, who was arrested at Neuilly on Oct. 23 upon a charge of stealing \$13,000 belonging to the fund, it was shown that he was elaborately disguised before his capture. He had shaved the hair from his head and substituted a wig, and in other ways endeavored to conceal his identity, but, curiously enough, he was always accompanied by a splendid dog, which the American detective in search of Foster recognized. When the detective saw the animal at Neuilly he called to him. The dog at once answered to his name, and leaped upon the detective in a friendly way. Foster, betrayed by his canine friend, was soon afterward taken into custody.

It is likely that the London and Paris police will become involved in a dispute over the reward of \$5,000 which the New York Produce Exchange offered for Foster's arrest.

His Kiss Cost Him \$25.

New York, Nov. 6.—"Twenty-five dollars is rather steep for a kiss," said Peter O'Neill, when fined that amount in the Butler Street Court, Brooklyn, yesterday.

O'Neill kissed his housekeeper without her permission, and she had him arrested for assault.

After paying his fine, O'Neill and his housekeeper left the court-room together, apparently on better terms with each other.

The Contest in Ohio.

Columbus, Ohio, Nov. 6.—The contest for control of the Legislature will probably be taken to the courts. Official returns from about one-fourth of the eighty-eight counties have been received by the Secretary of State. The returns of close counties have been protested, and it is proposed to prevent the issue of certificates of election to certain legislative candidates, if the courts will so order.

Theatre Crack in Pittsburgh.

Pittsburg, Nov. 6.—Following the Hammerstein failure in New York comes the announcement that Harry Davis' liabilities amount to \$130,000. A receiver will probably be appointed for the three-theatre combination which Davis attempted to maintain in this city.

WEATHER INDICATIONS.

Furnished by Weather Observer (Nea.)
Fair Tonight and Sunday; Colder Tomorrow.
At 3 o'clock the Thermometer at Leggett's Pharmacy Registered 60 Degrees.

HATS OFF, PLEASE.

On Monday evening the Spielkartentest is to open. Ladies, in the name of the public of Plainfield who will attend that monster benefit, we ask one favor. Please take off your hats. The seats are all on the same level and a row of tall hats will make it impossible for those in the rear to see the stage, so for the sake of that worthy charity, remove your bonnets. It is fast becoming the usual thing for the majority of the ladies who attend entertainments in this city to remove their hats and the movement thus started is a worthy one. A continuation of it at the Spielkartentest will be greatly appreciated by management and public.

Union county can have North Plainfield just as soon as she wishes it, and the sooner that she annexes it the better.—Somerset Democrat.

It is evident that the animus of that sentiment is partisan. Had North Plainfield been out of Somerset county election day George Vosseller, the Democratic candidate for Surrogate, would have been elected. Thus the borough was the Somerset Democrats Waterloo. There is no question but what Union county will welcome North Plainfield into its bailiwick, but leaving politics out of the question we think that when the time comes for such a move—as it inevitably will—there will not be that spirit prevalent as is manifested in The Democrat's editorial. The borough, to use a trite expression, is "a good thing" for Somerset county.

LITERARY STUDENTS.

High School Pupils Renew Their Interest in The Kappa Delta Phi.

Now that winter is at hand, the students of the High School of this city have turned their attention to things of a literary character, and yesterday afternoon the Kappa Delta Phi, the literary fraternity of that institution, resumed its meetings for the winter. The prospects of the organization for the approaching season are very bright.

The meeting of the Kappa Delta Phi was held in the High School building and all the regular members were present. There was an informal discussion of plans for the winter and then the new officers were elected. The election resulted as follows: President, William A. Fisher; vice-president, William A. DeLong, Jr.; secretary and treasurer, Arthur W. Lederer; critic, Henry W. Brower; sergeant-at-arms, E. Stanley Peck.

The programme for the meeting consisted of a talk by William A. Fisher on the methods employed at railroad accidents to relieve the suffering of the injured.

Three applications were received and will be acted upon next week.

Programmes were arranged for the next two meetings. For the next meeting, William A. DeLong, Jr., was appointed to give a short talk on any subject he wished. For the next meeting a debate was decided upon on the following subject: "Resolved, That Football Has a Derogatory Influence on the Modern College Student." William A. Fisher volunteered for the affirmative and Arthur W. Lederer for the negative. They will act as principals, and their seconds will be chosen at the next meeting.

PROGRESSIVE PEOPLE.

To Have Sides of Eighth Street Macadamized by Residents.

The residents of West Eighth street, from Spooner avenue to Grant avenue, have ordered seventy-five tons of crushed stone for the space between the present macadam and the curb space.

They will use the city sprinkling cart and roller, but will pay the entire cost of the macadamizing themselves.

This is in line with what has been done on Central avenue and other streets, where the owners paid for the stone to macadamize the gutters while the middle of the street was being done by the city.

An entertainment will be given in Monroe Avenue church at an early date.

—Rev. H. J. Johnson will speak and the Drew Seminary Quartette and Miss Blair will sing at the Y. M. C. A. meeting tomorrow at 4:15 p. m.

consisting of suits, overcoats and trousers, now being sold at 33c on the dollar. A great purchase and a great sale—the entire stock of a very widely known clothing manufacturer. Cash is King, and the money on the table enables us to sell this extraordinary purchase at less than 33c on the dollar. This sale would prove the greatest sensation of the day if maker's name could be published, but owing to the fact that nearly every retailer of prominence has a stock on hand from these manufacturers, the latter to protect the former, stipulated that their name must not appear in advertisements. The name, however, appears on every garment, which is an absolute guarantee of perfect satisfaction.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and terse observations gathered by alert Press Reporters to be Perused at the Supper Table at Your Leisure DUNELLEN AND NEW MARKET.

Postmaster Coriell was in New York yesterday on business.

Mrs. Louis Snyder has been the guest of Plainfield friends.

Mrs. W. H. Terry is visiting friends in Brooklyn for a few days.

Mr. Lance, of Plainfield, was in town yesterday on business.

The borough football team met yesterday afternoon for practice.

John VanMiddlesworth is suffering with a severe attack of asthma.

The work of painting the Presbyterian church will be completed next week.

A very interesting meeting of the W. C. T. U. was held last Thursday afternoon.

Miss Marston, of Plainfield, is a guest at the home of Captain Thompson and wife.

Mr. Henry is much improved from his illness and was able to walk outdoors yesterday.

The tracks of the Central Railroad are being re-set over the Washington avenue crossing.

Miss Lizzie Hunt and Miss Frances Hunt are visiting Mrs. W. Wilhelm at South Easton, Pa.

P. C. Staats was in Newark yesterday on business. He drove there with his stylish young team.

Business has been suspended at the stand at the end of the trolley, and will probably remain so for a time.

Lewis Randolph, of West Front street, is filling in the long ditch in front of his property on the above street.

There will be no more bowling on the green at Mr. Schepplin's residence this season. The last game was played about a week ago.

Benjamin Carpenter and George Crandall, of New Market, have secured the contract to erect street signs in Plainfield.

The members of the Ladies' Aid Society of the Presbyterian church held a meeting yesterday afternoon and transacted routine business.

The people about the borough are beginning to think very seriously about a trolley road through the town, and almost everyone seems to feel that it will be a good thing. Most of the members of the Council are employees of the Central Railroad, however, and just what they think about making competition for their bosses has not yet been learned.

The sale of Westfield property to satisfy unpaid taxes was continued in the town rooms yesterday afternoon, and the property of Mrs. Fannie Harrison, on North Broad street, was sold for a term of 30 years to the highest bidder.

The members of the Westfield Township Committee and a few other guests were given a ride over the Newark and Bloomfield trolley system today as the guests of the Westfield and Elizabeth Street Railway Company.

The Westfield High School football team plays a team from St. Francis Xavier's College, New York, on the North Broad street grounds this afternoon.

Rev. and Mrs. William A. Rice, of Newark, were in Westfield yesterday. The A. O. V. bicycle division takes a run to Plainfield this afternoon.

R. F. Hohenstein is confined to his home by illness.

Frank Harvey has always been noted for his cleverness in intermingling strong, melodramatic situations, heart interest, tears and pathos and bright bubbling comedy of the most humorous and hilarious kind. In his new play "Brother for Brother," every pathetic situation is shaded by a feature of comedy, which fact has made the piece one most strongly appreciated by all classes of people.

The dialogue is bright and crisp and the situations strong and stirring. At Music Hall tonight.

Next Monday evening there will be a rally of State Christian Endeavor officers at the First Baptist church, at which time plans for the winter work will be considered.

Mr. N. N. Osburn, well known at Woodstock, Mich., was troubled with a lame back. He was persuaded to use Chamberlain's Pain Balm. It gave him relief in one night. This remedy is also famous for its cures of rheumatism. For sale by T. S. Armstrong, apothecary, corner North and Park avenues.

WESTFIELD

SIGNATURES NOT LEGAL

SO L. G. COHEN CLAIMS OF NAMES GIVING TROLLEY RIGHT OF WAY.

Township Business Considered by Board of Health and Township Committee—Claims He Struck Her—Other Items.

At the meeting of the Westfield Township Committee, held last evening, L. G. Cohen entered a protest against the validity of the signatures obtained by the trolley company for its right of way, claiming that a number of the signatures are those of trustees and holders of title under tax sales, and as such are worthless for the purpose of gaining right of way.

The protest was entered upon the minutes for future consideration by the Committee. A protest was also made by a number of south side property owners against the practice of the Committee in allowing garbage to be dumped upon a certain piece of land known as the dumping ground.

The property owners in question claim that the accumulation of garbage at that place has grown to be a nuisance, and has lowered the value of adjacent property. A request was sent to the Central Railroad Company that it furnish night flagmen to guard the railroad crossings at Central avenue and Broad street. Heretofore these crossings have been left unguarded at night, and a number of serious accidents have nearly resulted. C. A. Smith was appointed a commissioner of appeal to fill a vacancy existing upon the board. The township treasurer was authorized to renew notes for two months for \$3,100 on township account, and bills amounting to \$763.02 were ordered paid.

The Westfield Board of Health met in the town rooms last evening and received reports from the inspectors to the effect that a number of nuisances reported at the last meeting of the Board had been abated by the property owners. Dr. J. B. Harrison reported that the public schools were in good sanitary condition. Two cases of chicken pox were reported under the contagious disease law during the past month. Inspector Marsh was ordered to locate the drain running from Clark street to Elm street, and to cut it off on the west side of Prospect street.

Mr. and Mrs. W. G. Peckham and Miss Ruth Peckham were driving along Broad street in their carriage this morning when the horse stumbled and fell at the corner of Elm street throwing the occupants from the carriage. Fortunately the animal did not attempt to run away, and Mr. Peckham and his family escaped with no injuries other than with a few slight scratches.

Volney Cushing, the noted temperance lecturer will speak in the Presbyterian church tomorrow morning, and in the evening he will address a union meeting in the Methodist church. On Monday evening his noted lecture "The Lost Atlantis" will be heard in W. C. T. U. Hall.

Minnie Hamilton, of Mountaineers, made a complaint before Justice Collins yesterday, charging Lorrin Mack, of Mountaineers, with committing an assault and battery upon her yesterday morning. The Justice will give Lorrin a hearing at the Mountaineers postoffice tonight.

The sale of Westfield property to satisfy unpaid taxes was continued in the town rooms yesterday afternoon, and the property of Mrs. Fannie Harrison, on North Broad street, was sold for a term of 30 years to the highest bidder.

Sustained a Scalp Wound.
George Travers, of Philadelphia, a brakeman on a P. & R. freight train, received a slight scalp wound this morning at Weston while riding on top of a freight car. His head came in contact with an overhead obstruction. He came to the hospital in this city and was treated. His injuries are not serious and he was able to leave for home soon after treatment.

Miss Duncan, of Newark, is the guest of Miss Julia Rodman, of 229 Kensington avenue.

NOTABLE NEW YORK WEDDING.

A Nuptial Union in Which Several Plainfield Families Were Interested.

A beautiful wedding, in which several Plainfield families were interested, took place Thursday at high noon in the Church of the Heavenly Rest on Fifth avenue, when Miss Lillian Sprague Darrow, only daughter of Mr. and Mrs. Wm. Darrow, of Yorktown, N. Y., was married to William Fields Beal, of Boston. The officiating clergyman was Right Rev. Henry C. Potter, Rev. Dr. Morgan and Rev. John Williams. Mrs. Walter N. P. Darrow, of Columbus, O., the groom's sister, took the place of Miss Ginta, who, on account of illness, was unable to be present, as maid of honor. The bridesmaids were Miss Julia Little, of Boston; Miss Wood, of Plainfield; Miss Rankin, of Brooklyn, and Miss Frances Brown, of Fall River, Mass. The best man, Frederick Tudor, and the ten ushers, were all from Boston. They were George Cabot Lodge, Bowdoin H. Crowninshield, Francis R. Bangs, Alfred Curtis, George Tyson Charles Merriott, 2d., Charles W. Dabney, Edward M. Horton, Henry S. Blake and Francis B. Crowninshield.

The Y. M. C. A. evening class basketball team will play a game with the Summit Y. M. C. A. team in this city next Friday evening. The Summit team is remembered here for the good record which it made last year against the Plainfield team, each one having scored three games and closed the season with even records.

The Y. M. C. A. students' basketball team, composed of players from fifteen to seventeen years of age, will play the Summit junior team at that place next Saturday.

The officers of the State Christian Endeavor Society will hold a meeting in the Y. M. C. A. building Monday afternoon at 2:30 o'clock.

The board of directors of the Y. M. C. A. held a meeting in the association building Thursday night, and listened to reports from the various committees and from the secretaries and the physical director. The enrollment in the educational classes was reported to be much larger this year than ever before, and the attendance at the young men's Sunday afternoon meetings was larger by eleven than the average attendance of last year. In the physical department, thirty-three examinations of students have been made during the past month. Thirty-four new members were elected.

A Wonderful Instrument.
Vanderbeek & Sattels take great pleasure in announcing that at a very early date they will have on exhibition one of the new "Orpheus" organs, made by Story & Clark Co. As soon as it arrives it will be set up, and programmes will be rendered. The "Orpheus" is the latest and most wonderful development of the application of pneumatics to the organ, and enables the rendering of a programme from a two-step to a Liszt Rhapsodie. The great merit of the instrument is its motor, which enables one to faithfully follow the proper tempo of any composition according to the metronome. Then, too, the price is so placed that it is within the reach of all lovers of music.

Demand a Jury.
The Prior case for non-support came up in the city court this morning and was adjourned until Friday afternoon at the request of the counsel for the defendant, former Councilman Walter L. Hetfield, who has asked for a jury.

Bridge Will Soon Be Opened.
Work upon the new bridge over Green brook at Watchung avenue is progressing rapidly, so that the structure will soon be completed and ready for use. Yesterday the work of laying the concrete pavement on the bridge was commenced.

"PROFESSOR" JONES DIDN'T PAY CITY

He Says He Thought His Political Friends Had Settled for Him.

"Professor" Walter Jones paid another visit to the city jail this morning. He did not want to go, but that didn't make any difference. The trouble was that Jones had not paid his fine that he owed the city and the City Judge had ordered him to be apprehended. Jones had an excuse ready, however. He explained that he had applied to some of his political friends for help and that he had understood that one of them had succeeded in having the fine remitted. It was explained to Jones that he was on the wrong track but as there was some foundation for his belief he was given another day to scrape the money together.

MARY ELLEN LEASE IN JERSEY.

She Will Be a Spectator at the Lincoln Council Meeting Next Week.

The Lincoln Council, which is partly composed of women, comes to the fore again. Mrs. Mary Ellen Lease, the famous woman politician of Kansas and other sections of the country, has accepted an invitation extended by Mayor Drake, and will be present at the meeting of the Lincoln Council next Wednesday afternoon. She will watch the women of Lincoln legislate, and at the end of the session deliver a few remarks over what she has observed.

Held for the Grand Jury.

John Duffy, who was arrested yesterday at Bayonne for being implicated in several thefts in this vicinity, especially at Boyce's Hotel in the borough, was arraigned before Recorder Thomas this morning. After an examination the Recorder thought the evidence sufficient to hold the man for the Grand Jury, and in consequence he was sent to Somerville. An account of the man's doings was published in The Daily Press of yesterday.

Funeral of Mrs. Raybert.

The funeral of Mrs. C. M. Raybert was held this afternoon from the house at 2:30, and there was a large attendance of relatives and friends. The officiating clergyman was Rev. W. C. Snojgrass, pastor of the First M. E. church. The pall-bearers were Elias Bird, A. G. Carpenter, M. L. Bullock, D. W. Littell, E. M. Laing and W. A. Woodruff. Interment was in the Plainfield Avenue Cemetery.

Lawrence McCann's Funeral.

The funeral of Lawrence McCann, the young man who was killed while at work in the C. & C. Electric Company's factory at Oakwood, Thursday morning, was held from St. Mary's R. C. church at 9:30 o'clock this morning. The attendance was very large. Rev. Father Murphy officiated, and interment was made in St. Mary's cemetery.

Their First Appearance.

The Park Male Quartette made its first public appearance last evening at the consecration meeting of the Christian Endeavor Society of the Park Avenue Baptist church. The quartette is composed of W. S. Lowry, W. R. Brokaw, George Watts, and Thomas A. Cuming. They have decided to become a permanent organization.

A Sudden Gale.

A severe gale of a few minutes duration was felt in this city this afternoon. Hats and awnings fled before the blast while the big show case in front of Schloss's shoe store on West Front street was wrenched from its anchorage and blown over. The four glass sides were wrecked.

ROUGH ON THE HIGH PRIEST.

On Account of a Superstitious Belief He Is Not Allowed a Natural Death.

It is told by persons supposed to be well informed that the people inhabiting the district around the Congo River share with the Ashantees, the belief that if their high priest, the Chitome, were to die a natural death the whole world would follow suit at once, and dissolve into air, for it is, according to them, only held together by his personal will.

Accordingly, when the pontiff falls ill, and the illness is serious enough to make a fatal termination probable, a successor is nominated, and he, as soon as he is consecrated, enters the high priest's hut and clubs him or strangles him to death.

A somewhat similar custom obtains in Unyoro, when the king falls seriously ill, and seems likely to die, for his wives kill him. The same rule is followed if he gets beyond a certain age, for an old Unyoro prophesy states that the throne will pass away from the family in the event of the king dying a natural death.—Golden Days.

Not Egotistic.

She—I do so love the sea.
He—It reminds me of myself.
"How ridiculously egotistical!"
"No, it is a sad fact. Just look at those waves. They come in with a great roll and go broke when they hit the shore. So do I!"—Cincinnati Enquirer.

Queenly Indignation.

Williboy: "That doosid Jones girl tried to be sawenstic at my expense, but I think I made her feel that I was respected, don't you know?"
Harzgrave: "Yes. She told me about it. She said you were positively queenly in your indignation."

Ex-Gov. Pender Dead.

Milton, Del., Nov. 6.—Ex-Gov. James Pender died at his country seat at this place yesterday.

He had been ill for some weeks, and his death was not unexpected. He was nearly 70 years of age.

Gov. Pender was one of the foremost, as well as one of the richest men in the State. He practiced law in his early life, but eventually identified himself with large insurance companies. He was a man of great popularity, and was noted for his charity and kindness.

Criticized Mayor Weidel.

Reading, Pa., Nov. 6.—Thirty-two Protestant clergymen of Reading yesterday afternoon published a series of resolutions, signed by each clergyman, and the church representatives, vigorously attacking Mayor Weidel for the speech of welcome he delivered to the State Liquor League in convention here a short time ago. Mayor Weidel is a Democrat. In a speech of welcome he said that in days gone by there was a time of sumptuary laws.

Guatemala Bars Chinese.

New York, Nov. 6.—Joaquin Yela, Consul-General of Guatemala here, asks the newspapers to publish this notice:

"The laws of the Republic of Guatemala forbid in explicit terms the immigration of Chinese into its territory. In consequence no steamer should receive on board any passenger born in China or son of a person born in China and bound for any port of that republic."

Synagogue Burned in Denver.
Denver, Col., Nov. 6.—Fire gutted the Jewish synagogue at Twenty-fourth and Curtis streets, yesterday afternoon, leaving the walls roofless and the handsome structure well-nigh a total loss. It is estimated that the damage done will not fall far short of \$20,000. A defective flue is supposed to have caused the fire.

NEWS IN BRIEF.

The Republicans do not concede a Populist victory in Colorado.

Gov. Wolcott's plurality in Massachusetts reached 85,957.

Judge Advocate-General Norman Lieber, of the army, is seriously ill in Washington.

The Monetary Commission will probably recommend public concessions by the national banks.

Preparations have been made to prosecute the San Francisco coal men under the anti-trust law.

The schooner Volcano arrived at San Francisco yesterday after sailing 1,000 miles without a compass.

The lower Dingley duties on cut precious stones have stopped smuggling and produce double the revenue.

The new German Ambassador to the United States, Dr. Van Hollen, will sail from Bremen for his post Nov. 9.

The silverite plurality in Kentucky was about twenty thousand. There was a large falling off in the total vote.

The War Department advises report no further trouble with the Ute Indians since the battle with the game wardens.

WOMAN.

O woman, in your hour of ease,
Uncertain, coy and hard to please,
We've all been held across your knees,
When your hand felt like a swarm of bees,
But what of that? We love you still,
And, what is more, we always will!
Wear what you may, do as you like,
Hold offices and ride the bike,
Be married if it please you so,
Yet nothing that you ever can do
Will make you proof against the charms,
That come when yielding to man's arms.
Love steals into your heart! Ah, then!
You're just sweet woman once again!
—Cleveland Leader.

You're Safe!

The safeguards that surround a buyer, who gets his piano here, put the possibility of his being disappointed with his purchase out of question.

In the first place, we sell only genuinely good pianos; their names—CHICKERING, HARDMAN, GABLER, VOSE, STERLING and STANDARD—tell their own story.

Second: We are always willing and anxious to exchange any piano that isn't satisfactory. We'd rather lose the profit than gain your ill-will.

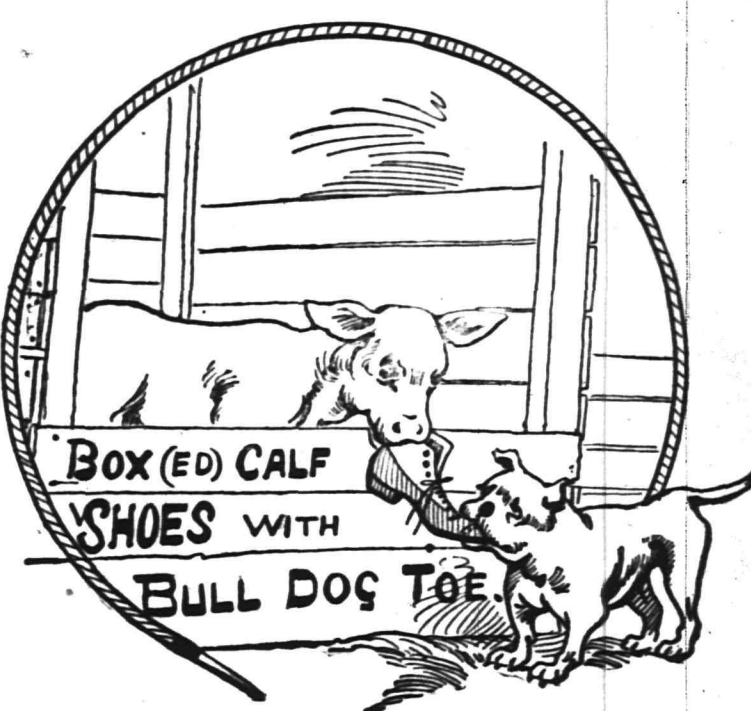

Third: Two separate guarantees go with every piano we sell—the maker's and ours; you're safe anyway.
