WORK OF THE ORGANIZED AID ASSOCIATION REVIEWED.

Meeting Held Last Night and Reports Beard From Officers-Remarks by New Yorker-Officers Elected for Year The annual meeting of the Charity Organized Aid Association was held in the chapel of the Crescent Avenue church last evening and was well atended. President Mason W. Tyler was in the chair.

In the report of the president the stated that he is of the opinion that there is an increase in the number of those who are dependent upon the ion. He considered that the poor and dependent are being constantly separated from those in e and well-to-do circum es. He urged the perfection of mand co-operation on the part of the members.

Treasurer H. P. Reynolds reported that the receipts during the year were \$711.55, of which amount \$420 was contributed. The expenditures were \$671.51, leaving a balance of about \$103.91 to which a few dollars had been added since the report was come churches and societies in Plainfield are contributing to the support of the sesociation. There is yet due om enrolled members from \$60 to \$75, making in all about \$125 due the

The report of the executive comttee was presented by the secretary, and for the finance committee C. W. fcCutchen reported. The latter showed that at present there are 144 mbers on the roll, and during the year several large contributions were eived which materially assisted the ciation in carrying on its work.

For the committee on co-operation, irs. Frederick Mead presented a very resting report. She said that dur ing the year eighteen churches had ed for aid in assisting needy cases. She also spoke of the assistance rendered by thirty-seven societies in Plainfield that are connected with the iation. From the committee on was reported. It was that of a woman named Matilda Thompson, who was at one time a city charge, but who was afterward found out to be a moder ately wealthy person. It was learned that she owns valuable property on Broadway, New York, and from the settlement of the estate she realized about \$3,000. The report submitted by H. M. Maxson for the committee on publication, gave a general idea of the work accomplished by the committee in the way of having certain matters d. The report submitted by Mrs. Opdyke, through Miss Tweedy. for the committee on employment, was a lengthy one but interesting. It stated that during the year not many applications had been received for work. The wood yard was reported to be a success, and the committee had been able to furnish clothing for needy men, women and children.

David P. Hall reported for the dis trict committee, and stated that it had been learned that many people had been found begging about the city. and people were warned against giving discriminately. This committee paid a compliment to the City Industrial Home for its perfect appointment and material aid. One hundred and forty three cases were reported during the year, an increase of nineteen over last

The report of the agent, Mrs. Wood ruff, stated that during the past twelve months 639 cases had been considered, of which number 238 were American born. The report showed that much relief had been given and much good accomplished. The eo operation of all the members of the seciation was urged.

At this time the audience was favored with a piano selection by Miss Marion Dumont. Following this the president introduced W. T. Devine, retary of the Citizens' Organised Aid Association, of New York, who gave a very practical talk on the subect "How to Help the Poor Through anized Charity." Mr. Devine has had a wonderful experience in the metropolis and he gave the Plainfield

members the benefit of it. President Tyler appointed H. P. Reynolds, Dr. Murray and David P. and the choice and election resulted as follows: President, Mason W. Tyler; vice-presidents, H. B. to the Continued Licensing of Saloons,

The semi-annual meeting of the in the meeting-house, at Watchung and North avenues.

The morning session was devoted to worship and to the business of the society, and in the afternoon subjects of a philanthropic nature were discussed. In this connection the eral work of the association for question of peace among nations and past year was reviewed. Mr. international arbitration was dealt Haviland, of Newcastle, N. Y., read a paper on "Conference Work Among Friends." Remarks upon the subject of the meeting were also made by Phoebe C. Wright and others.

The session of most general interest was the evening one, at which the in this city was considered. A. M. Powell, of this city, presided and opened the discussion with some spirited remarks on prohibition. People are apt to point to the amount of revenue derived from saloon licenses leted. He stated that a number of in this city, he said, and make that an excuse for the license system, but it would be better to lose the \$15,000 or \$20,000 that is derived from this source every year than to have one boy in Plainfield go to destruction by way of the saloons.

He praised the Woman's Town. Improvement Association for its efforts to make Plainfield a clean city, but expressed a doubt that it could ever be a clean city in the true sense of the word so long as the people hesitate on the saloon question. What is needed is to arouse the Common Council to the higher consideration of the moral welfare of this beautiful city.

At the close of Mr. Powell's remarks communication was read from Rev. W. E. Honeyman, expressing his sympathy with the purpose of the meeting, and remarks in similar vein were made by Robert S. Haviland, Dr. John Schottler, of Belmar, and others. The meeting then passed the followlegal questions a very interesting item ing resolution by a unanimous vote: Besolved. That this meeting, composed of members of the Bellgious Society of Friends and others, hereby declares its uncompromi ing opposition to the continued licensing of saloons for the sale of alcoholic intoxicating beverages in Plainfield as inimical to the heat welfare of its citzens: that it deprecates the raising of public revenue from a traffic which is morally wrong; and that it earnest ly appeals to all good citizens to improve the opportunity provided by the Common Council at the approaching municipal election to vote against the continuation of licensed liquor

Arranging for a Public Meeting. The board of managers of the City Union of the King's Daughters held a meeting in the small hall of the Y. M. C. A. building yesterday afternoon. Former Councilman Walter L. Hetfield was made chairman and made a short address regarding the object of the meeting. He stated at the start that he did not wish to be chairman on account of the com-He then went on to tell how some fifty discussed the advisability of putting a Citizens' or Tax-payers' ticket in the field. He then spoke of the reasons for such a step.

The people who attended the meeting, he continued, felt that the way which the city's affairs had been unnecessary and that all the reasons given were embodied in a resolution cassed by the Republican county convention at Elizabeth. Mr. Hetfield read the paragraph in question in which the municipal governments were criticized and requested to retrench.

Mr. Hetfield first spoke of the increase of taxation from 1.96 in 1883 to 2.52 in 1897. Property values had been increasing at the same time, he said, as the tax rate had been raising. Individually they had nothing against the Councilmen, but as a body they thought they had been over-burdening the taxpayers. They had levied \$30 000 directly as sewer tax instead of issuing bonds to make the burden come easier. Then they had compelled people to connect with the sewer and consequently with the water. Times had been very hard and many found it difficult to get along. The Council, he continued, not satisfied with what they had done, resurrected the Martin Act to bring in more revenue and taxpayers found themselves suddenly confronted with a tax bill for years ago. Still not satisfied, the Council had compelled the people to flag their sidewalk and curb it. All this coming at a time when it was hard enough to pay a moderate rate of taxation.

In reference to a library tax, Mr. Hetfield showed that it had increased from .05 last year to .14 this year, an increase of .09. While he was in favor of a library as much as any one, Mr. Hetfield thought that at this time such an increase was not needed. In the librarian's report for September he showed that of the 2,976 books in circulation during that month, over half had been fiction works, Much of that, Mr. Hetfield said, was trash that did no one any good.

He went on to tell of the calling of the meeting and how it was not for Democrats or Republicans alone but for all citizens of Plainfield. He then

> Mr. Hetfield referred to the action of the Mayorand Council in appoint ing a Board of Assessors at this time and thought itstrange that such action should be taken just now.

Justice V. W. Nash was invited to speak. He said that he had no intention of making a speech or taking part in the campaign. It was a time, however, when men should drop party lines and look to the bettering of their city's interests. He referred to the fact that at the election two years ago, munication in The Press in which it the Republicans had advertised good was said that the "Big Six" were roads as a rallying cry, and he pointed trying to run the Citizens' movement. to the present condition of the streets as showing the way in which they had or sixty voters representing every failed to keep their pledge. Referring to the fight for the Citizens' ticket, he said that they would have to compete against the machine and all the purchasable vote in the city.

He finally moved the appointmen conducted have been extravagant and by the chairman of a committee of two from each ward, to select eight others from each ward, making a committee of forty in all, to select suitable candidates to form a ticket 10 Mabelle Force secretary. ratification. John Ross seconded the

motion. Arthur Scott inquired what promise the citizens had that the Citizens ticket would do any better than the Republicans had done and he thought there should be a platform or declaration of principles to which they should swear allegiance. He said that down in the Fourth ward, rents had decreased as taxes had increased and that when improvements were made there the rents increased again and the poor man had to move away. The motion was then put and carried and the meeting adjourned.

There was a sprinkling of Republican workers among the crowd that attended the meeting, Whether they spot the wavering ones it is impossible to say. Among them were Sheriff W. T. Kirk, City Clerk J. T. MacMurray, City Collector E. H. Bird, Councilman W. A. Westphal and Charles Van-

A traveling suit of cadet blue ladies' cloth, opening over bodice of raspberry silk, trimmed with duchess lace, was worn by the bride, also a velvet hat, with castor plumes, to match suit. She wore gloves of cream white kid, and carried a bouquet of La-France roses, tied with wide raspberry satin ribbon. The groom's gift to the bride was an elegant pin of diamonds, pearls and opals. A large number of elegant presents, consisting of glass silver and china, was received from relatives and friends.

At the altar the party met the groom and minister, and a semi-circle was formed. The bride was given away in marriage by her father. The ceremony, which was a beautiful one, was performed with a ring. The responses were clear and could be heard distinctly in every part of the church.

On retiring from the church, the bride and groom preceded the rest of the party, and kindly recognitions were received by the guests as they walked up the aisle. Mr. and Mrs. Runyon were at once driven to the North Avenue station where they took the 5:34 we Philadelphia. Today they will leave the latter place for Washington where they will remain for a week. At the station they did not escape their friends so easy as they were met by two hundred people who showered them with congratulations and rice. The congratulators almost crowded into the pasenger coach to continue their pranks. Before the departure of the bride and groom, J. M. Hawkins, the head usher, secured the bride's bouquet and presented to many of her friends a rose with the compliments of the bride.

Upon the return of the bride and groom they will be given a reception. The bride, who was State Superintendent of the Missionary Department of the Christian Endeavor Society, has been a devoted worker in the Christian Endeavor cause, as weil as in her own church and Sundayschool, Every Sunday during the past nine years she has partaken of her lunch in the church to avoid the trip of going home, and thus be able to remain to Sunday school after the morning church service. The groom is also a devoted church worker and a teacher in the Sunday-school. He is also assistant cashier at the First National Bank, and is held in high esteem by all who know him. Laws Needed for the Protection of the Forest Reservations-976,914 Names on the Pension Rolls and 200,000 Claims Awaiting Adjudication.

Washington, Nov. 19 .- In his first annual report, which was given to the press yesterday, the Hon. Cornelius N. Bliss, Secretary of the Interior, deals at length and in a very interesting manner with the current work and future needs of the many divisions of his important department. The General Land Office, the Patent Office, the Pension Bureau, the Indian Bureau, the Geological Survey and the Bureau of Education, with all their varied branches, come within the scope of the Secretary's authority and jurisdiction, and his report touches upon the work-ing of all these branches.

In treating of the subject of the dev-astation of the public domain by forest fires the Secretary testifies to the wisdom and practical excellence of the act of Feb. 24, 1897, entitled "An act to prevent forest fires on the public domain," and recommends its retention. On the general subject of forestry the Secretary says:

"There are now existing nineteen for est reservations, embracing lands having an estimated area of 18,993,280 acres; which from time to time have been set aside by proclamations. Thirteen forest reserves created by procla mation of Feb. 22, 1897, were, with the exception of two in the State of Cali fornia, suspended by the Sundry Civil act of June 3, 1897, until March 1, 1898. The suspended reservations contain an estimated area of 19,951,360 acres. The preservation of the public forests is a matter of vital interest to the entire nation. The enactment of adequate The enactment of adequate laws for their protection and the proper enforcement thereof, coupled with the inauguration of a comprehen-sive forest system, can only effect such

result.
"I most heartily concur in the recommendation of the Commissioner of the General Land Office that liberal appropriations be made by Congress for the forestry service.
"Attention is directed to the law

which provides a penalty for the cut-ting or destruction of live oak or red cedar, or other timbers, on the public lands. It is open to serious objection in that it is inadequate for the punishment of offenses to which it relates; it fails to discriminate clearly and justly as to what constitutes a crime with respect to the use of public timber. As this law is the principal penal statute upon which the Land Department has to rely to check the waste and destruction of public timber, its failure to meet the ends desired is a serious matter, and legislation more in accord with the needs of the times should be secured." should be secured."

Secretary Bliss calls attention to the report of the Commissioner of Pen-sions, already published, which shows that on June 30, 1897, there were on the pension rolls 976,014 names, an increase of 5,336 during the year. Of these there were sixteen widows and daughters of diers of that war, 18,994 survivors and widows of the Mexican war, 6,661 survivors and widows of Indian wars, 663 in Long Island City or on Staten Island will have to be addressed as at diers and sailors of the war of the rebellion. The latter number represents those pensioned on account of disabilities or death resulting from army and The number of persons remaining on the rolls June 30, 1897, who were pensioned under the act of June 27, 1890, which allows pensions on count of death and disability and chargeable to the service, was 508,799.

The number added to the rolls dur-

ing the year was 54,072, the number dropped from various causes was 41,122 and the number of claims of various classes disallowed was 76,234. The amount disbursed for pensions during the year was \$123,199,242.12, exceeding the amount disbursed during the fiscal year 1896 by the sum of \$1,584,480.18. During the year \$3,454 pension certifi-cates were issued.

The Secretary indorses the recommendation of Commissioner Evans for the passage of a law providing that no pension shall be granted to the widow of any soldier who shall hereafter marry. As to the status of pension marry. As to the status claims generally, he says:

"There are about 200,000 pension claims awaiting adjudication, and it is estimated that 46 or 50 per cent. thereof will be finally admitted. If these claims are rapidly adjudicated they will swell the pension roll from \$5,000,-000 to \$7,000,000. When, however, these claims are adjudicated and first pay ments made thereon the amount of the pension roll will decrease very rapidly, possibly to \$125,000,000 or \$130,000,000 the The Commissioner estimates that \$140,000,000 will be required to pay pensions during the year ending June 30, 1899. In view of the foregoing statements, however, it is probable that a deficiency appropriation may be necessary. He recommends that the Executive order of July 14, 1897, suspending the operation of the order of Feb. 6, 1897, consolidating pension agencies, be continued indefinitely, as the interest of the service and the Government will be subserved thereby."

READY FOR THORN'S TRIAL.

Lawyer Howe Says the Saw Was Pinnted in the Meadow.

New York, Nov. 19.-District Attorrey Youngs has completed arrange-ments for the beginning of the second trial of Martin Thorn for the murder of William Guldensuppe in the Queens County Court of Oyer and Terminer on Monday morning next.

Mr. Youngs says if there is not a long delay in getting a jury, the trial ought to be finished in ten days. The prosecution expects to occupy three days to present its side of the case There is a possibility that the trial may not take longer than a week.

District Attorney Youngs keeps his officers at work on a still hunt for the missing head of the murdered man. The Flushing meadows where the saw was found Tuesday have been carefully gone over by the searchers, but up to the present time without success. Mrs. Nack, who without doubt knows

what disposition was made of the head, has told conflicting stories. This, she says, has been due to her slight knowledge of the English language. When she is asked questions bearing on the guilt of Thorn or herself she now insists upon talking through an

interpreter. She, however, told her long confes-sion on the witness stand and defended herself against the severe cross-examination of Counselor Howe without the

aid of an interpreter.

District Attorney Youngs is reticent about revealing any new developments in the case. It cannot be stated positively whether Mrs. Nack has told Mr. Youngs where to look for Gulden-suppe's head, though the common report is that she has done so.

Lawyer Howe said yesterday that he has evidence that the saw found in the Flushing meadows was planted there

No Change Yet Ordered in Mode of Addressing Letters.

New York, Nov. 19.-Postmaster Van Cott, when asked what would be the correct method of addressing letters to residents of Greater New York after Jan. 1, said: "So far as we are informed, there will be no change made. TO END THE GLASS STRIKE.

Negotiations Crippled by the Rivalry of the Unions.

Pittsburg, Pa., Nov. 19.—The meetbetween the manufacturers and glass workers on the wage scale yesterday fternoon indicate that no settlement will result. The cutters and flatteners lecline to go into conference jointly with the blowers and gatherers, as i would compromise those crafts by a tacit admission of membership in L. A. 300. The blowers and gatherers are prepared to make concessions, but not sufficient to satisfy the manufacturers, who will leave the conference and make terms with the cutters and

flatteners. The employers have sufficient mem bers who are dissatisfied with President Burns to start a large number of factories and break the lockout. The entire trade is crippled at present.

Train Wrecked in Arkausas.

Kansas City, Mo., Nov. 19.—Train No. 2 on the Kansas City, Fort Scott & Memphis Railroad was detailed just west of Williford, Ark., yesterday. The combination coach, chair car and sleeper went over the bank, the combination car going into Spring River. The chair car and sleeper were both burned.

One passenger was fatally injured and twenty-two others less seriously Fortunately, the passengers in the burning cars were rescued before the fire had reached its height, and no one in the combination car

Deafness Cannot BelCured by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. orged War Plans, and When He Refused to Pay Exposed Him to His Fate-Startling Romance of Paris Crime.

Paris, Nov. 19.-The alleged false imprisonment of Alfred Dreyfus, the former captain of French artillery, who is undergoing a sentence of imprisonment for life after having been convicted by a court-martial of selling French military plans to the agents of a foreign government, has taken on a new aspect.

From a person who is in the counsels of the family the correspondent of the Associated Press here learns that their the French Government reveals a thrilling remance with the gang of socalled "journalists" and stock jobbers who beset young Lebaudy, the millionaire conscript, known as "the Little Sugar Merchant," and not as "the Lit-tle Sugar Bowl," as sometimes the unfortunate young man is referred to, and a prominent member of the deminonde as the chief actors.

It is claimed that the documents Dreyfus was charged with selling to Germany were never really sold to the agents of that country, but were concocted as forgeries in Dreyfus' hand-writing to blackmail him, his wife being a wealthy woman, and he himself being in good circumstances.

The plot, it would further seem, was conceived in 1893, when the wave of "Jew-baiting" swept over Europe. Dreyfus is of Hebrew extraction, and these so-called "soldiers of fortune," casting about for funds, determined to bleed "this wealthy Jew."

A beautiful adventuress, whose house was the resort of a number of French officers and foreign diplomats, is said to have acted as the go-between in these shady transactions and was secured as a catspaw by the blackmail-

THE CITIZENS' MOVEMENT.

No one who is acquainted with the political conditions that prevail in Plainfield will deny that the backbone of the independent movement, aimed to effect the defeat of the regular Republicans in the approaching city election, is furnished in the middle and poorer classes, as measured in the value of the world's goods. The public meeting held in Washington Hall last night was composed princi pally of those classes, but it was none the less representative of an honest and substantial feeling that will increase in earnestness and influence as the candidates and issues of the campaign are brought to the foreground. But while it is the moderately well-to-do people who are taking the initiative to combat the present official regime there is withal a very large number of wealthier citizens who are also determined privately to oppose the Republicans, but who, for one reason or another-many of them conceived to openly identify themselves with a movement that has for its object of attack the regular organization of a party which they have had a life-long affiliation with - declined to add strength to the movement by personal attendance. Considering this condition, and also the fact that there was no urgent means undertaken to bring out a large crowd, the number present must certainly indicate that the movement is destined to be something more than a passing expression that will waver and fall from lack of support before it can do injury to the element whose intended purpose it is to relegate,

It seems that through the foreclosure of a mortgage T. C. Platt, the Tioga county boss of Republican politics of pretty much all of New York ville, Wednesday, Thursday and State, has become the owner of a farm in Middlesex county. It is the barest possibility that the trend of recent political events in and about the metropolis has so picqued the political warrior that he will become a commuting resident of this glorious commonwealth. If he should follow such an inclination in the future we warn the doughty Thomas that in Middlesex he will find men versed in po litical ways quite as smart as himself.

World's W. C. T. U. Convention. According to the calendar arranged for the Thursday afternoon meetings in the W. C. T. U. rooms, the parliamentary drill held yesterday was largely attended by an attentive and interested audience, most of whom took part in the proceedings. After the usual practice Mrs. T. H. Tomlinson told of her visit as delegate to the World's W. C. T. U. convention, recently held in Toronto, over which Miss Frances Willard presided, and with her on the platform were the rep resentative women from Iceland, Syria, Armenia, Japan and India, each dressed in the native costume of her country.

They held their regular weekly drill on the second floor of the Whittier; from his indisposition and has again building, during the afternoon, under the direction of Captain George F. The command made an excellent showing, with the promise of a finer one with more practice. The company has greatly improved over last year and has a better knowledge of the tactics.

The commissioned officers were selected some time ago, but the positions of the sergeants and all but the first two corporals have been vacant. Yesterday they were appointed. Joseph DeForeest was appointed first sergeant, Henry Dean second sergeant, William A. Fisher third sergeant and Fred Overton fourth sergeant. The corporals are as follows: First, Abbott Brainerd; second, Roy Radford; third, Roy Fosgate; fourth, Howard Mason.

"MECHANIC" ANSWERS "REPUBLICAN"

Correspondent Who Detects Son Faults of City Government,

To the Editor of The Daily Press: In reference to "Republican's" remarks in regard to what he designates as "disgruntled taxpayers" holding a public meeting to denounce our "public spirited" Councilmen for improving and keeping clean the streets, for giving the city a sewer system to prevent sickness and pestilence, for granting a trolley franchise, for a water supply, let me say a few words in regard to keeping the streets clean. Seventh street is now clean, or ought to be, as the street cleaning department was devoting its time to that end last Saturday, and burning leaves in violating a city ordinance at the same time. But look at West Front street! From Grant avenue out it is like a ploughed field. And the sewer system will be fully aired in the courts next month. One of the grievances is that it is breeding sickness in the neighbor-"public spirited" Councilmen who ignored the petition signed by a great many taxpayers in the West End to

And as for the trolley franchise, most of the taxpayers along West Front street signed at least three petigrant the company a franchise. And monopoly.

Now the commuters. We want all we can get to locate here, but who will come here and take up property when taxes are rising and the city A serious fire was narrowly averted likely to go deeper in debt, as it is now going under the rule of our 'public spirited Councilmen?" How nicely "Republican" evaded answerwhether or not he approved the appropriation which was made to the Library, while the hospital has to depend to a great extent on the charity of the

These few years back the mechanic has through dull times, been deprived of at least 20 per cent. of his income, but the taxes on his little home (which is a struggle to raise at best) have been increased and the wild career of extravagance goes merrily on. The News said there are but two months in the year when there is anything like busy times in the tax collector's office. Yet that official receives \$2,500 as salary for that two months work. It is money wrung from the taxpayers chased two lots at Lincoln ninety days And he is not the only one by any about. The News' warning to the Republicans to take a decided stand on this question is too late, as it is already an issue with the citizens.

And as for throwing dust in the eyes of the voters. We have not the dust, and by referring to the local tion he can see what side used the dust. I have not the least doubt but the shopkeepers know who spend their money here or in New York; whether commuters. So that argument won't work with them. Mechanic.

THE SUNDAY LESSON. INTERNATIONAL SERIES, WITH COM-

MENTARY BY DR. STEARNS.

Golden Text:—Be strong in the Lord and in the power of his might.—Eph. vi: 10. Nov. 21, 1897.

10. "Finally, my brethren, be strong in the Lord and in the power of His might." The first three chapters set forth our salvation, or rather His salvation, in all its fullness. Then we are taught in the following chapters what our walk in the Lord, or our daily life, should be, and now in the verses of our lesson we are taught how to do it and to adorn the doctrine of God our Saviour in all things (Titus ii 16). My readers and hearers must be very familiar with Eph. ii, 10, but it only just comes to me now to associate with it Titus ii, 10. Thank the Lord for the association. May the words

grip us with power! 11. "Put on the whole armor of God, that ye may be able to stand against the wiles of the devil." There is a real personal devil, the enemy of God and man, at present the prince of the power of the air, the prince of this world, whose prison will soon be the bottom-less pit and his final abode the lake of

fire and brimstone (John xiv. 30; Eph. ii, 2; Rev. xx, 2, 3, 10).

12. "For we wrestle not against flesh and blood." The demons who do the devil's work are not all visible in the form of men or women. The air is often the form of men or women. ten full of them. They come at us when we are weak and alone and fairly storm us with their evil thoughts and lies. They come at us in the house of God, and when we read His word, and even when on our knees in prayer.
How shall we know them? They are
the opposite of all that is of God.
13. "Wherefore take unto you the

whole armor of God, that you may be able to withstand in the evil day, and, having done all, to stand." One of the first and greatest things is to understand that as we are saved freely by His grace (Eph. ii, 8; Rom. iii, 24) so we stand continually in the same grace (Rom. v, 1, 2) or undeserved favor of God. Unless we see clearly that all our salvation from first to last is wholly underserved on our part, and is ours only in and through Jesus Christ and His finished work, satan will get many an advantage over us.

14. "Stand, therefore, having your loins girt about with truth and having on the breastplate of righteousness. Our Lord said, "I am the Truth," and lie is also made unto us righteousness (John xiv, 6; I Cor. i, 30; II Cor. v, 21), so that when we have learned to see no one but "Jesus only," to "run with patience looking unto Jesus, and ever to consider Him (Math. xvii, 8; Heb. xii, 2, 3), we have learned the secret of standing firmly.

15. "And your feet shod with the preparation of the gospel of peace." The feet shod also takes us back to the Passover verse (Ex. xii, 11), for we can do nothing and are asked to do nothing till we are safe under the blood We are also reminded by Isa. lii, 7, "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace." The first thing is to be made nigh by the blood of Christ, "for He is our peace" (Eph. ii, 13, 14). Then have the mind staid on Him in perfect peace (Isa xxvi, 3). Then carry the tidings of peace through the blood of His cross (Col. i, 20) to every creature.

"Above all taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked one." Many trials are very fiery, bu none the less precious as tokens of His approval who gives us fellowship with Himself (I Pet. iv, 12, 13). He has not promised to keep us out of the fire, but to be with us in it, even as with Daniel's friends (Isa. xliii, 2; Dan. iii, 25), and if He can be better seen in the fire with us shall we not praise fiery darts of the devil which he hurls at us, there is not one that need touch us to harm us, for all may be quenched by a quick and firm "I believe God" (Acts xxvii, 25). Confidence in God reliance upon His Word will do it

17. "And take the helmet of salvation, and the sword of the Spirit, which is the word of God." In I Thess, v, 8, it is written, "For an helmet, the hope of salvation." This is the completion of our salvation at His coming, which is every day nearer than when we be-lieved (Rom. xiii, 11). The blessed hope that purifies (I John iii, 3), for then we shall be like Him, even as to our bodies, for we shall see Him as He is (Phil. iii, 21; Rom. viii, 23). From first to last all the knowledge and comfort of this come to us through His word, which is forever settled in heaven and true from the beginning (Ps. cxix, 89, 160), 18. "Praying always with all prayer

and supplication in the Spirit, and watching thereunto with all persever ance and supplication for all saints. Our Lord spent whole nights in prayer. David and Daniel prayed many times a day (Ps. lv, 17; Dan. vi, 10). We should pray without ceasing (I Thess. v, 17). It is possible to be ever in an attitude of prayer, constantly communing with Him about everything. He who prays honestly will expect answers and watch for them as truly as the boy who throws his ball into the air watches for it to return to him.

19. "And for me that utterance may be given unto me, that I may open my mouth boldly to make known the mystery of the gospel." He said to the Corinthians, "In everything ye are enriched by Him, in all utterance and in all knowledge" (I Cor. i, 5). And yet recognizing his own weakness and the reality of the wiles of the devil, he asks prayer for himself that he may have utterance and boldness for Christ

20. "For which I am an ambassador in bonds; that therein (margin thereof) I may speak boldly as I ought to The Lord's messengers with the Lord's message are supposed t have no fear of man, nor of the face of man, yet many are very weak, and not many seem to declare, without thought of man's frown or favor, the whole council of God. Many minister seem to know little or nothing of the mystery of which Paul has just speken, and more fully in chapter iii, the tays tery hid from the beginning of the world and specially revealed to Fual; that during the postnerement of the kingdom God is gathering from Jews and gentiles a body for Christ,

AMERICANS SET FREE

Oueen of Spain Has Pardoned the Competitor Prisoners.

CREW SAIL FOR NEW YORK

Minister Woodford Notifies the State Department of Release-Friendly Action of Spain to Preserve Peace with Uncle Sam.

Washington, Nov. 19.-A cable dispatch was received at the State De-partment yesterday from Minister Woodford at Madrid announcing that the Queen of Spain had pardoned the Competitor prisoners, and that they had been released at Havana

No explanation has been made of the seeming anomaly of pardoning men who have not been tried, convicted and sentenced, but inasmuch as the release of the prisoners was the main thing desired, and it has been accomplished, the State Department is not inclined to be overcurious or anxious regarding mere form of expression.

The discharge of the prisoners has been expected by this Government for several days, as it had been broadly intimated to Secretary Sherman.

Great gratification is expressed at

the Department over this additional proof of the desire of Spain to main-tain amicable relations with the United States. It will remove an irritating factor in the situation, and enable Congress and the Administration to con-sider Cuban and Spanish relations in a much calmer state of mind than would have been possible had the unfortunate prisoners been detained.
Soon after Minister Woodford's ca-

blegram reached the State Department one was received from Consul-General Lee which caused some surprise. It stated that the Competitor prisoners had been turned over to him by the Spanish authorities in Havana last Monday, and that they would leave for New York yesterday. Why Gen. Lee did not communicate this fact at once the department officers are at a loss to say. The Competitor prisoners were the last Americans in prison in Cuba.

The men known as the Competitor prisoners are five in number. They are Alfredo Laborde, William Gildea, Ona Melton, William Leavitt and Charles The men are all American citizens except Barnett, who is a British subject.

The Competitor, an American schooner, was captured on April 25, 1896, near Berracos, San Cayetano, Cuba. She is the only vessel that has ever been captured by the Spanish patrol. Laborde, who was the master of the schooner, and the four others were charged with landing arms for the in-surgents. Capt. Laborde asserted that twenty-four men whom he took on board at Key West as passengers for Lemon City, Fla., had seized the vessel and sailed her to Cape Sable, where they took on board twenty-three men and munitions of war, and then sailed for Cuba.

The expedition was landed, but the five men named were captured. Orders were given that these men be tried by summary court-martial. Con-sul-General Ramon O. Williams protested against this proceeding, and declared that it was in violation of the Cushing protocol agreed upon by the Governments of the United States and Spain on Jan. 12, 1877.

Our Thanks for the Settlement. Madrid, Nov. 19 .- At a meeting of the Cabinet yesterday Prime Minister Sagasta read a letter from United States Minister Woodford expressing the sat-isfaction and gratitude of the American Government at the settlement of the Competitor and other questions.

OUR RELATIONS WITH SPAIN.

Havana Paper Declares United States Is Disguised as a Friend. Havana, Nov. 18.-In a leading editorial La Lucha refers to the alleged cordiality of relations between the

United States and Spain. "Such cordiality, however," the newspaper avers, "is no obstacle for the United States not to find the proper means to prevent fillbustering expeditions from being fitted out in her territory in aid of the enemies of Spain's sovereignty. This could never occur should the pre-tended cordiality between the two nations actually exist.
"While Spain yields to every demand

of the American Government and permits the United States to intervene one way or another in Spain's own affairs regarding Cuba, does the United States behave in a similar manner towards Spain? We believe not, since the Cuban insurgents are able to dispatch as many expeditions as they can organize despite the vigilance of American warships, which never budge until after it is too late for them to catch the filibusters.

"From all this we must infer either that the United Stated is impotent to act otherwise, or that the relations be-tween the Washington and Madrid Cabinets are not really sincere. Whether it be the one or the other, our epinion is that Spain has no interest whatever in maintaining relations of any kind with a nation which systematically tends to our humiliation.
"It is much better to have the enemy right in front, than have him at home disguised as a friend."

President's Message to Be Lengthy Washington, Nov. 29.-The President is busy with his message and is devoting several hours each day to its preparation, which will be necessary in order to insure its completion two weeks

from Monday, when Congress convenes. Heretofore the President has tried to see callers as usual, but he has found it necessary to refuse to be interrupted. It was stated yesterday that the message of the President would be quite a lengthy document. The President will have many topics of public importance to discuss, and, although he is unusually concise in his statements, the multiplicity of subjects to be discussed will. it is thought, increase the length of the message somewhat beyond Presidential

messages in recent years. Rockefeller Hall Dedicated To-Day Poughkeepsie, Nov. 19.-The Rockefeller Hall, given by John D. Rocke-feller to Vassar College, and which cost \$100,000, will be dedicated to-day. The address will be delivered by Dr. G. Stanley Hall, of Worcester, Mass.

Diamond Ring in a Cake, The Children of Mary, of St. Joseph's church, repeated their entertainment last evening in Saengerbund Hall on Somerset street, and the hall was not large enough to accommodate those desiring to attend. The two most popular dancers in the Hornpipe dance were decided to be Miss Tiny Smith and Mr. Kane. The former was presented with a cake containing a diamond ring, and the latter was given a very large live rooster. The latter present caused considerable fun among those in the audience. The success of the entertainment is asand the receipts of the church will no doubt be large.

Entertained in Honor of a Friend Miss Mabel Maxson entertained a number of friends at her home on West Fourth street, last evening, in honor of her friend, Miss Clara Wells, of Leonardsville. It was a salamagundi party, at which Miss Luella Clawson and Frank H. Smith were the most successful. George Fuller succeeded in winning the booby prize. There were thirty present. After enjoying the refreshments that followed the awarding of the prizes, the guests spent the remainder of the evening in dancing.

Coats Weren't Satisfactory.

The case of Creede & Goodman, of New York, against Policeman George W. Lunger, to recover the value of a number of storm coats furnished policemen in this city, will be tried in Justice Mosher's court this afternoon. The claim of Lunger is that the coats were not as guaranteed, and that he attempted to return them, but the plaintiffs would not take them back. City Judge DeMeza is attorney for the plaintiffs, and S. S. Swackhamer appears for the defendants.
