SEVERAL GAMES NEXT WEEK

FANWOOD A. C. AND BUSINESS MEN
TO MEET AT Y. M. C. A.

Business Men Scheduled to Go to
Somerville Tuesday—Fanwood A. C.
Will Play Another Local Team
Thursday at Fanwood.

Despite the fact that the Plainfield Y. M. C. A. has no basketball team in the field this winter, the active season for that sport in Plainfield promises to be a very successful one. There are now two teams in this city which are planning to play regularly through the winter, and several other informal organizations have been formed to play an occasional game.

With four of Plainfield's original "five" in its membership, the Fanwood Athletic Club will undoubtedly make an excellent showing. Then the young men from Fanwood who have taken up the game, have shown excellent progress and will, with more practice, develop into first class players. Kieb and Hall have both played in a match game and made a good showing considering it was their first game.

George Proctor Smith, who captains the Fanwood team, is probably the most accurate goal thrower in the city. In the game with Business Men last week, he made some wonderful throws which had much to do with the general result. Walter L. Long, who is manager of the team, has been prevented from playing on account of recent illness but will get back into his old form with a little practice. Fred Bonny and Max Moraller are both strong players and understand the very essential parts of team work.

The next game scheduled to be played at the Fanwood Club house will be against the Crescent Athletic Club, of Plainfield, an organization of local basketball enthusiasts, Thursday evening, January 17. The game will begin at 8:15 o'clock.

In their game against the Fanwood team, the Business Men, of the Plainfield Y. M. C. A., showed up unexpected strength. With only two experienced players on the team, they gave the Fanwood boys a hard tussle. Eric Moraller, in particular, distinguished himself. The return game between the two teams, the Business Men and the Fanwood A. C., will be played in the Y. M. C. A. gymnasium in a few days. While the Business Men's team is composed only of those who attend the business men's class at the Y. M. C. A. gymnasium, it is an independent organization of which John H. Doane is captain and manager.

Tuesday evening, the Business Men are scheduled to go to Somerville to play the basketball team from Company M. in the latter's gymnasium. A strong team will probably be sent to Somerville and the result will be watched with interest as it will be first chance of comparison of the local and the Somerville players. Other games are under consideration by Mr. Doane.

A DEVOTED CHRISTIAN.

Mrs. M. E. Bardell Passed Away at Home
of Her Sons on LaGrande Avenue
Yesterday Afternoon.

Mrs. M. E. Bardell, aged 64 years, died yesterday afternoon at 2:30 o'clock at the home of her sons, A. T. Runyon and R. O. Runyon, 629 LaGrande avenue, after three strokes of paralysis. Mrs. Bardell's illness dated from July of last year. Last Labor Day she came from the home of her birth, Millersville, Pa., to live with her sons. During her stay here everything possible was done for her comfort.

Mrs. Bardell was a faithful and devoted Christian and for many years was an active member of the M. E. church at Millersville. The only relatives she leaves are the two sons with whom she lived.

ANOTHER MAN FOR MAYOR.

NAME OF J. K. ARNOLD HAS BEEN
PROMINENTLY MENTIONED.

His Friends Explain Why He Would
be a Strong Candidate For
Borough Executive.

Although the borough spring election is yet two months away, there is already some talk in regard to who will succeed N. B. Smalley as Mayor. Several names have been mentioned for the honor, among them being Former Mayor John F. Wilson, Councilman John Vallant, Councilman Robt. Clark, Jr., and possibly the renomination of Mayor Smalley. These names have been on the tongues of the politicians for several weeks.

Of late, however, the name of another well-known citizen of the borough has been mentioned for the chief executive of the municipality across the brook. It is none other than Jas. K. Arnold, former clerk of the borough at the time of Mayor Wilson's administration. Mr. Arnold was one of the most efficient clerks North Plainfield has had in many years. He is thoroughly posted in the affairs of the borough and capable in every particular. While it is not known whether Mr. Arnold can be prevailed upon to accept the honor, there are a number of the citizens who would like to have him consider the matter in a favorable light. It is not believed that Former Mayor Wilson could be induced to again assume the duties of that important office, complicated with many petty annoyances and involving much valuable time.

As to Mayor Smalley, it is possible that he may be a candidate for Sheriff. In that event he would not be a candidate for renomination.

The friends of Councilman Vallant are pushing his claims for the office quietly but firmly. As a member of the Borough Council, Mr. Vallant has been a valuable and painstaking representative of the citizens. He is thoroughly at home regarding the needs of the borough. If Mr. Vallant has time to devote to the office, he would no doubt prove satisfactory to the citizens. Councilman Clark has given his friends to understand that he is not a candidate for the office, and has no time to devote to its duties.

It is believed by many that Mr. Arnold is the most available candidate thus far presented for the very important office of Mayor of North Plainfield. His business affairs are not as pressing as some of the other citizens whose names have been mentioned, and he could give the office the attention it deserves.

PRINCETON'S ENROLLMENT.

New Jersey's Leading University Has
1,247 Students, a Marked Increase.
(Special to the Daily Press.)

Princeton, Jan. 11.—The new catalogue of Princeton University has gone to press, and the facts about the enrollment of students are made public by the registrar. The total number of students enrolled is 1,247, against 1,194 last year. The increase is great in both the academic department and the School of Science, but the falling off in the graduate school is remarkable.

The university has gained in the number of students from neighboring States, but has lost in attendance from the States of the middle, west and south. Pennsylvania leads the list with 345, New Jersey sends 279, and New York 239. The increase over last year in the academic department is 53 and in the School of Science 57. The graduate school numbers only 84, a falling off of 67 since last year.

The recent gift of \$5,000 to the Theological Seminary from W. J. McCahan, of Philadelphia, will be used to start an endowment for a chair in memory of the late president of the seminary, Dr. Green. The new professorship will be known as the William Henry Green memorial chair.

Bright in the Crescent Avenue Presbyterian church.

FINE MUSIC GIVEN BY TALENTED ARTISTS.

Second Subscription Concert at
the Casino Last Evening
was a Success.

STORM KEPT SOME AWAY.

EXCELLENT PROGRAMME WAS CRED-
ITABLY RENDERED.

Those Who Took Part Were Mrs.
Griffin, Soprano; Mrs. Hall, Contralto;
Mr. Young, Tenor; Mr. Miles, Bass—
Mr. Smith was Accompanist.

The second subscription concert, given under the auspices of the society people at the Casino last evening, proved to be another musical treat. Though not as well patronized as the first one, there was a fair attendance. The artists who delighted the cultured citizens and music loving people by their well trained voices were Mrs. Minnie Fish Griffin, soprano; Miss Marguerite Hall, contralto; John Young, tenor, and Gwilym Miles, basso. Miss Hall was heard at the first concert, where she sang her way into the hearts of the audience. The conductor was Frank J. Smith, well-known as a musician of ability, and to whose efforts much of the success of the concert is due.

The first number on the programme, "The Blue Danube," by the quartette, at once placed the singers on good terms with the audience and the generous applause received was deserved. Mr. Miles came next. He sang a base solo, "The Two Grenadiers," in such excellent voice as to invite enthusiasm. He was rewarded with vociferous applause. Mr. Miles was compelled to respond to an encore.

Miss Hall's contralto voice was as sweet as it was powerful. She was the recipient of merited applause that proved her a favorite. Miss Hall's solo, "On, That We Two Were May-ing," was one of her best efforts and she continued to please the audience which was liberal in its appreciation.

Mrs. Griffin's singing was well received by all, and she shared with Miss Hall the honors of the evening. Mr. Young has a sweet though not particularly strong tenor. His best effort and one that was highly appreciated was the solo, "Open Thy Lattice," which gave him full scope and brought out the higher notes to good advantage.

One of the best things of the evening was the duet by Mrs. Griffin and Miss Hall, who rendered in a most finished manner "Juanita," an old but familiar song to nearly every one in the audience.

Mr. Miles appeared to find especial favor with the audience. His voice, while not equal to that of Dr. Carl E. Duff, who was heard at the first subscription concert, was nevertheless to be admired. His singing of "Danny Deever" fairly captivated the audience. Mr. Miles was compelled to appear frequently to encores.

Taken together the concert was a splendid success. The disagreeable weather had much to do with the comparatively light attendance.

The same excellent arrangements were to be found at last evening's concert with reference to the conveniences for those who patronized the affair.

ICE IS SPOILED.

Harvesting of Ice on Tier's Pond Has
Been Ended By the Warm Weather
of Last Two Days.

The warm weather which made its appearance yesterday, accompanied by a heavy rain, has been the means of spoiling the fine ice that was being harvested by John H. Tier, Sr. It is believed, however, that Mr. Tier succeeded in gathering all that he required for use in the manufacture of ice cream before the thaw set in. The Plainfield Ice and Cold Storage Company has not yet begun harvesting, not deeming the ice of sufficient thickness to house. It will require a good, hard freeze before the ice is thick enough for the latter company to begin work at their ponds in Watchung. This company wishes ice at least ten inches thick before they begin to cut it.

Attended Annual Banquet.
Deputy Supreme Archon John V. E. Vanderboef, accompanied by a number of members of Protective Order of Heptasophs, of this city, went to Somerville last evening to assist the Heptasophs of that place celebrate, it being the annual banquet of that conclave. There were addresses by a number of the State officers from various places of prominence. During the evening music was furnished by Prof. Kelly's orchestra, and a general good time was had by all.

FORESTERS WERE INSTALLED

BIG TIME AT THE MEETING OF COURT
WATCHUNG LAST NIGHT.

Recently Elected Officers Were Installed
and Speeches and a Collation
Followed.

The public installation of officers of Court Watchung, I. O. F., took place last evening. There was a large attendance, notwithstanding the rain. These officers were installed by L. T. Tittsworth, of Dunellen Court: Chief Ranger, Thomas H. Stafford; vice chief ranger, John W. Daub; recording secretary, John M. Lewis; financial secretary, Asa F. Randolph; treasurer, Andrew M. Vanderbeek; orator, Charles L. Vanderbeek; senior woodward, George G. Townley; junior woodward, Daniel L. Hullick; senior beadle, Peter C. Baums; junior beadle, William H. Forestel; court deputy, John R. Naylor; court physician, Marcus L. Clawson; trustees, Charles L. Vanderbeek and Asa F. Randolph.

Representatives were present from Dunellen and Elizabeth Courts besides many from the Plainfield Court. Speeches were made by L. T. Tittsworth, State Organizer W. T. Bingham and James Patterson, together with the old and new members.

During the evening music was supplied by Mr. Humpston, who presided at the piano. There were refreshments and a general good time enjoyed.

WITH MILITARY HONORS.

Grand Army in Charge of Services at Grave
of George W. Moore Yesterday
Afternoon.

Sorrowing friends and relatives from all parts of the city gathered at the home of the late George W. Moore yesterday afternoon to pay their last respects to his memory. A most impressive service was conducted at the house at which Rev. C. E. Herring was the officiating clergyman.

His remarks were of a eulogistic nature referring to the upright character and generous nature of the deceased. In closing he offered comforting words to the bereaved wife and relatives and bade them bear up under their sorrows. A large number of handsome floral tributes placed about the casket attested to the manner in which Mr. Moore had endeared himself to the donors. There were large pillars from Winfield Scott Post and the Women's Relief Corps in addition to numerous individual pieces.

At the North Plainfield cemetery where interment was made, the members of Winfield Scott Post, No. 73, G. A. R., took charge and laid the remains to rest with impressive military honors. Chaplain John Goodwin offered prayer and the customary salute was given by a firing squad composed of James Baglin, Alexander Sergeant, John Wagner, Christopher D. Pope, Israel Compton, John R. Vall, Charles Rothenhausen and James Lewis, commanded by A. G. Perry. Those who acted as pall bearers were William O. Smith, James Huntington, Preston Goodfellow, T. O. Doane, James Finck and Josiah Unangust.

Tuesday Morning.

OTHER DETAILS ANNOUNCED

REHEARSALS FOR THE PLAY ARE PRO-
GRESSING VERY WELL.

Those Who Are to Take Part in That
Very Funny Farce—The Sale of
Tickets Will Be at Arm-
strong's Pharmacy.

Arrangements for the production of "The Private Secretary," at Music Hall, Saturday evening, February 16, are gradually being completed. The rehearsals for the play are progressing favorably under the direction of Alfred Young, of Brooklyn, and a first-class finished performance is assured. The success attending previous efforts in "A Night Off" and "Oaste," is so well-known that no doubt the proposed play will be even better and more enjoyable, if that is possible. "The Private Secretary," is one of the funniest of the farce comedies, written by C. H. Hawtrej.

The play will be given at 8:15 o'clock Saturday evening, February 16, and as stated in the advertising columns, the sale of seats will begin Tuesday morning at 8 o'clock at Armstrong's drug store. The price of seats have been fixed at figures from 50 to \$1.50, according to location. Below is the cast of characters that will give the play:

Mr. Ottamole, a rich East Indian, Wm. R. Cook.

Douglas, his nephew, Fred W. Goddard.

Mr. Marsland, a country squire, Wm. T. Pelletier.

Harvey, his nephew, Laurens B. VanBuren.

Gibson, a Bond street tailor, Harry M. Curtis.

Robert Spaulding, private secretary to Mr. Marsland, W. L. Saunders.

John, a footman, A. E. Faber.

Knox, a bailiff, F. W. Iredell.

Thomas, a gardener, Frank Curtis.

Edith, Marsland's daughter, Miss Sadie Mae Howell.

Eva, her friend, Miss Elsie Martin.

Miss Ashford, a spinster and chaperon, Mrs. W. L. Saunders.

Mrs. Stead, a landlady, Mrs. F. W. Iredell.

"The Private Secretary" was first produced in London in 1884, and was shortly afterwards brought to New York, running continuously in both cities for nearly a year. It is a "howling farce-comedy," full of fun and just what people delight to see on the stage. Alfred Young is the directing the play and this insures a performance worth witnessing.

RECEPTION AND TEA.

Charming Affair Given by Mrs. Wm. A. Garrigues in Honor of Her Sister, Miss Maxwell.

Mrs. William A. Garrigues and her sister, Miss Maxwell, of 721 Watchung avenue, gave a delightful reception and tea yesterday afternoon from 5 to 7 o'clock, during which time the house was thronged with many society people of Plainfield.

Those who assisted Mrs. Garrigues and Miss Maxwell in receiving were Mrs. Walter Gaston and Mrs. T. S. Davis. The young woman who assisted in the dining room were Miss Helen Davis, Miss Anna Davis, Miss Elsie Martin, Miss Helen Martin, Miss May Tracy and Miss Harriet Halloway.

The decorations were elaborate and the prevailing colors were pink and green. There was a profusion of roses and smilax both in the reception and dining rooms. Supper was served by an out-of-town caterer. A feature of the affair was the music furnished by P. Ludwig Conde's orchestra.

Many of the younger set remained during the evening and enjoyed the hospitality of the hostess still further by indulging in a dance. The whole affair was marked by many pleasant features and it was really one of the events of the winter season.

MANY HONORED HIS MEMORY

IMPRESSIVE FUNERAL SERVICES OF
LATE FRED T. ROSS.

Many Beautiful Floral Tributes—High
Praise From His Pastor—Sang
His Favorite Hymns.

There was a very large attendance of relatives and friends at the funeral services of the late Fred Talmage Ross, which were held yesterday afternoon from the home of his parents, 45 Prospect place, North Plainfield, as was told in yesterday's Daily Press.

Following the prayer by Rev. Charles L. Goodrich, of the Congregational church, Rev. Cornelius Schenck, Ph.D., pastor of Trinity Reformed church, where the deceased was an active member, read appropriate Scripture selections and preached the sermon. He took no text and spoke directly from the heart. His words were filled with praise and eulogy concerning the life and character of the young man who had been called so suddenly. He referred to the activity, devotion and earnestness of the departed in the church and his home. He praised him for his many excellent qualities, and referred tenderly to the young wife who has been bereaved, and to the bereaved parents, brothers and sisters.

Mr. Schenck also made mention of the fact that at one time during Mr. Ross' early life he had serious intentions of preparing for the ministry.

Following Pastor Schenck's remarks, Rev. Charles E. Herring, pastor of the First Presbyterian church, offered prayer. Then the benediction was pronounced by Rev. Mr. Spirling, of South Branch, who baptized Mr. Ross at the age of twelve years.

During the services two favorite selections, "Sometime We'll Understand," and "The Christian's Good Night," were sung by a quartette composed of Miss Etta Raybert, Mrs. Hinman, William Holmes and E. E. Runyon.

The floral tributes were profuse and very beautiful. There was a wreath from the wife bearing the words, "Husband," a pillow from the Christian Endeavor Society of Trinity Reformed church; a pillow from the brothers and sisters, bearing the word "Brother;" a wreath from the clerks in the Atlantic & Pacific Tea Company store; an anchor from the Christian Endeavor Society of the First Presbyterian church and a great many tributes from individuals.

The remains, which rested in a beautiful grey cloth covered casket, were interred in the family plot in Hillside Cemetery. The bearers, members of the Christian Endeavor Society of Trinity Reformed church, were as follows: James Albert Love, John S. Johnston, Edgar Sheppard, Clifford Brakder, Chauncey F. Colthar and Charles M. Dolliver.

HARD LUCK STORY.

Ill Fed Man With Broken Wrist
Wanted Lodging in Police
Headquarters.

A poorly dressed young man, who claimed to be suffering with a broken wrist, applied to Roundman Flynn late Wednesday night for lodging. The unfortunate fellow had every appearance of being in hard luck and thoroughly honest. He told the Roundman a pitiful tale.

He said his name was Charles Welsh and that he recently landed in this country from England, having worked his way over on a cattle steamer. Welsh said he had worked for a farmer near Summit, who had agreed to give him \$4 a month and his board. The food was so poor, however, that he decided to make a shift. The day before Welsh left he says he fell from a ladder upon which he was standing while painting the farmer's barn and broke one of his wrists.

Welsh had a woe begone look and was very thin. He said that he had not tasted food in many hours.

Roundman Flynn took compassion upon the unfortunate foreigner and allowed him to sleep in the station house.

Funeral of Mrs. Ferris.
The funeral services of Mrs. M. J. Ferris were held yesterday afternoon at 3 o'clock from the home of her daughter, Mrs. F. O. Herring, on Park avenue. There was a large attendance of friends. Rev. E. M. Rodman, rector of Grace P. E. church, officiated at the service. There was a beautiful display of flowers. The interment took place in Hillside Cemetery.

SENATOR KEAN GETS CONTROL OF MACHINE.

His Younger Brother, H. F. Kean,
Made Chairman of Republi-
can County Committee.

DEFEATED C. N. CODDING.

FORMER CHAIRMAN WAS DEFEATED
BY FOURTEEN VOTES.

Five of Plainfield's Seven Votes Went for
Coddling—William N. Runyon Elected
Vice Chairman of County
Committee.

(Special to The Daily Press.)

Elizabeth, January 11.—Not since last November has there been such a gathering of the Republican clans as there was about the Republican headquarters in the Dix building last evening. The two factions which form the Republican party in Union county were arrayed in hot conflict and the forces of Senator John Kean came out victorious. The fight was over the chairmanship of the Republican county executive committee and ended in the deposing of Charles N. Coddling, of Westfield, and the election of Hamilton Fish Kean, brother of the Senator, to the office of chairman.

Last evening was the time set for the annual meeting of the new county committee, the members of which were elected last fall. For years, Charles N. Coddling, of Westfield, has been chairman of the committee and has directed the campaign in this county. He has worked hard and is generally given credit with being very successful in his work, having considerably increased the Republican majority here since he took command of the Republican forces in the county. Some time ago, it was announced that Hamilton Fish Kean, of this city who is a banker in New York, desired to head the committee. As brother of Senator Kean, it was generally understood that the Senator was in favor of his election. Mr. Coddling has always been a particularly close friend of Congressman Charles N. Fowler and Governor Voorhees. Gradually the fight assumed considerable importance until in the last few days preceding the meeting, a very active campaign was in progress.

There was a very large representation of the committee on hand last evening. Then the Republican leaders from all over the county turned out to witness or assist in the fight. Before the meeting opened there was much button holding going on. The general impression was that the Kean forces had gained ground, but that the Fowler-Voorhees faction would put up a stiff fight.

Assemblyman Ellis R. Meeker, of this city, was made temporary chairman and Roger F. Murray, of Plainfield, temporary secretary. Nominations for permanent chairman were then called for. The name of Hamilton F. Kean was presented by an Elizabeth committee man, Wm. Newcorn, of Plainfield, nominated Charles N. Coddling. The balloting then began. The result showed that Kean had been elected by 37 to 23.

All but one of the members of the committee from Plainfield were present. Councilman James F. Buckle and John C. Smalley, of the First ward, and D. E. Keely, of the Second ward, and William Newcorn and Frank H. Smith, of the Fourth ward, all voted for Mr. Coddling. Former Assemblyman Roger F. Murray and Former Sheriff William T. Kirk, of the Third ward, supported Mr. Kean. City Judge William N. Runyon, of the Second ward, was ill and unable to be present.

City Judge William N. Runyon, of Plainfield, was then re-elected vice-chairman, Charles E. Reed, of Rahway, was re-elected secretary, and County Collector Edward M. Wood, of Elizabeth, treasurer.

It was announced that a special train would be run to Washington, March 4, and the members of the committee were requested to find out as soon as possible the number from their respective districts who intended to attend the inauguration.

William Newcorn, of Plainfield, offered an amendment to the by-laws and constitution, which provides that hereafter there shall be one representative on the committee from each election district.

The importance of the factional struggle which reached a climax at the meeting of the Republican county executive committee last evening may be judged by the following which appeared in last evening's Elizabeth Journal from its Trenton correspondent:

Something About the Attractions Which Plainfield Theatre-Coors May Care to Witness.

The new "Foggy's Ferry," which is to appear at Music Hall next Tuesday night, has been played on the road over five thousand times in the past sixteen years, since its original production in New York. It is a high-class comedy, whose scene is located in a romantic portion of the South, and was called by the New York Herald "A Kentucky Old Homestead." It will be presented here by a company of more than average ability, including several of the original cast. There are besides a vocal quintette and a troupe of Pickaninny dancers, whose antics alone are a feature. We have noticed the press comments upon the play during its many tours, and they are uniformly enthusiastic in praise of the entertainment. "Foggy's Ferry" is an attraction that all will desire to see. Another feature is the fact that Miss Betty Woodward, has been especially engaged to appear as as Chip the Ferry Waif.

Miss Theresa Dolbosq, the famous European equestrienne, who has been imported by F. F. Proctor especially for the Proctor circuit, will make her first appearance at Proctor's Twenty-third Street Theatre Monday. With the assistance of two thoroughbred horses she gives a most sensational performance. Clayton, White and Marie Stuart will offer the society playlet, "Diokey," and Cushman, Holcombe and Curtis will present their laughable skit, "The New Teacher." Others are: Jane Whitbeck, a dainty comedienne; Johnnie Carroll, a versatile entertainer; Press Eldridge, the blackface "shirtwaist" man; Winona and Banks Winter, in a singing specialty; Jesse Vernon, ventriloquist, and twelve others.

"I suffered for years with kidney trouble," writes Mrs. Fhebe Cherley, of Pater son, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my household work." LITERARY NOTES.

Scribner's Magazine has many projects for the year 1901 and several of the most important have their beginning in the number for January, which has just been issued. In fiction readers will welcome the half dozen Amateur Crackman stories by E. W. Hornung, each of which is complete in itself; but the ingenious R. files and his accomplice, Bunny, appear in all of the adventures. The one in this number is entitled "No Sinecure," and it is illustrated by F. O. Yohn, who will make the pictures for the whole series. R. files has already taken his place among those distinguished characters in fiction which everybody knows about.

There will be five more articles on "Rusefs of Today," by Henry Norman, M.P. The present issue describes a romantic journey in "The Caucasus," which Mr. Norman believes is the most attractive vacation trip in the world.

Thomas F. Millard, who has been in five wars and whose articles on the Boer Army attracted so much attention in Scribner's last year, gives "A Comparison of the Armies in China," which is the best critical summary that has yet appeared of the excellences and defects of the various armies in the field, with particular application to the weaknesses revealed by the United States troops.

—The most soothing, healing and antiseptic application ever devised is DeWitt's Witch Hazel Salve. It relieves at once and cures piles, sores, eczema and skin diseases. Beware of imitations. L. W. Randolph.

NEW YORK LEGISLATURE.

Good Roads and the Abolition of Direct Taxation to Be Considered.

ALBANY, Jan. 11.—The legislature will take up in right good earnest shortly the question of good roads. A number of amendments to the law that will cover the recommendations made to the legislature by Governor Odell in his message will be adopted. One of these amendments will provide that the state pay through the issue of bonds the entire expense of constructing the roads, leaving the proportionate cost upon the counties which receive the benefit, thereby expediting matters very much, as the state could borrow money much cheaper than the counties. The appropriation to be asked for this year for good roads will probably be \$800,000.

A proposed amendment to the constitution providing for a new section would seem to indicate that the Republicans in the legislature believe that the direct tax will soon be a thing of the past. Senator Brown has introduced a bill providing for a new section, No. 30, to article 3, declaring that there shall be no direct tax levied except in time of insurrection or war. It takes three years to pass such an amendment.

The senate convened promptly at 11 o'clock yesterday. Following the introduction of bills Senator Higgins asked that his bill to amend the charter of Olean be ordered to a third reading because of the fact that an election will soon be held in that village. Senator Hill asked that the Buffalo grade crossing bill be ordered printed promptly so that fuller action may soon be taken, the commission desiring to complete the work before the Pan-American exposition. Senator Ellsworth not being present and there being a bill in the business, a recess of three minutes was taken.

Senator Brown received unanimous consent to introduce a bill amending the fish and game law, consolidating the two commissions, the forest preserve board and the fish and game commission. On motion of Senator Ellsworth the senate adjourned.

The only business transacted in the assembly was the first reading of bills, the session lasting about ten minutes.

NEW CONSUMPTION CURE.

Decomposed Light Treatment Said to Yield Good Results.

NEW YORK, Jan. 11.—A new cure for consumption, the patient undergoing a 15,000 candle power electric light bath daily, is being tried for the first time in America by Dr. George G. Hopkins of 296 Myerson street, Brooklyn borough.

The results are marvelous, the doctor says. A patient who came to him six weeks ago in the last stages of consumption is now at work.

The cure is known as the "decomposed light" treatment. The principle was discovered by Dr. Finsen of Denmark. Dr. Hopkins visited him and learned of it.

Dr. Hopkins has a small room fitted up in his house. Into this the patient enters and disrobes.

A 15,000 candle power light is turned on, but only three of the rays—the violet blue and light violet—are allowed to reach the patient.

Blue glass deflects the other rays. No medicine is used.

Chandler, whose term of service will expire March 3 next. The nomination was made on the first ballot, which was as follows: Whole number of votes, 320; necessary for a choice, 161. Henry W. Bliss, 1; Henry B. Quincy, 22; Cyrus A. Sullivan, 23; Henry M. Baker, 23; William E. Chandler, 47; Henry E. Barnham, 198. Judge Henry E. Barnham was born in Dunbarton, N. H., Nov. 8, 1844; was graduated from Dartmouth in 1865, studied law, was admitted to the New Hampshire bar in 1868, was probate judge for Hillsboro county from 1870 to 1879 inclusive, a member of the house of representatives in 1873-4 and of the constitutional convention of 1880.

PORTORICO'S STATUS

Attorney General Griggs Before the Supreme Court.

A TERRITORY TO BE GOVERNED.

Belonging to but Not a Part of the United States—The Right to Govern Territories Inherent, Not Implied.

WASHINGTON, Jan. 11.—Before the supreme court Attorney General Griggs delivered his argument in the Porto Rico case. He said that his remarks were intended to be supplementary to those submitted in the cases involving similar questions which have heretofore been argued. His remarks would apply especially to the construction of the clause of the constitution which requires duties, imposts and excises to be uniform throughout the United States. In the course of his address the attorney general said:

"Barring the stipulations of treaty and the construction of personal rights there is no difference between the status of Porto Rico and Oklahoma, New Mexico and Arizona. Congress has the right to govern and tax and alienate any of its territory, and should this country be overcome by war it might be the wisest course and no one could criticize the right of the United States to withdraw its sovereignty from any of its territory. "It must not be taken that every act may be repealed by another act; that every treaty may be repealed by another treaty. An act which grants vested rights cannot be repealed by a simple passage of another act. No one will contend that congress may pass an act admitting a state and then may repeal that law and cast out the state."

"How congress may deal with the territories is a political question under the constitution. Under such widely varying conditions as exist in this vast country congress must have discretion to create a government which will meet the varying conditions."

"There is a vital question here. If we cannot govern the people of new territories according to their customs then this country will not take any territory which is not capable of government except under the laws of the Union as it now exists."

"The right to govern territories is an inherent right, not an implied one. It is in the constitution. So is the power of congress to tax with the three limitations which are provided. Congress may even choose the articles which may be taxed. Porto Rico's tariff is of the local kind, for all revenues derived from imports are allowed to be taken by the people for the support of the government. Never before was there such liberality on the part of a government."

"The attorney general argued that since the terms 'throughout the United States' were used, both as providing for the election of presidential electors and for uniformity of taxation, the same interpretation should be given to the expression, thus showing that congress intended that there should be uniformity between the states alone."

While the attorney general was discussing the rights of congress to levy taxes Justice Brewer interrupted to ask if in the opinion of the attorney general it was in the spirit and letter of the constitution to have one tariff rate in the states and another in the territories. Mr. Griggs was emphatic in his belief that it was.

Highway Signs.

NEW YORK, Jan. 11.—A meeting of representatives of automobile clubs of this city, Philadelphia and Baltimore and several New England clubs was held here to consider the matter of placing signposts upon the highways. A sum of money was raised, and as a beginning it is proposed to mark the route from New York to Boston, going by way of Bridgeport, New Haven, Springfield and Worcester, and from Boston to Providence, Providence to Newport. It is also proposed to place signs on the road from New Haven to Providence. Another route will be from New York to Philadelphia, which will probably be by way of Princeton and Trenton. Another route will be from New York to Albany, another from New York to the principal points on Long Island, and later on in the summer it is hoped to extend these signposts from Buffalo to Albany and from thence to Worcester, so that it will be possible to travel quickly and with certainty from Niagara Falls to Boston.

The boy was handling a shotgun, when the weapon was accidentally discharged, the charge entering the sister's neck. Arthur surrendered himself to the authorities and was brought to jail here.

Grip at Albany.

ALBANY, Jan. 11.—Grip is epidemic in Albany, 300 cases having been reported this week. The disease is of a mild type and thus far has had but little influence on the death rate. Health Officer Joseph D. Craig claims the disease is not contagious, but, like typhoid, is infectious. Several of the legislators are afflicted with the influenza, and heroic remedies are being resorted to.

CAPE TOWN IN FEAR.

Approach of Boer Invaders Causes Terror.

SEVERAL COMMANDOS NEAR CITY.

Fierce Night Attack on British Garrison at Five Different Points. Burglars Repulsed With Heavy Losses.

LONDON, Jan. 11.—Five thousand Boers, supposed to be trekking west from Vryburg, says the Cape Town correspondent of The Daily Mail, "are now making their way into the heart of Cape Colony. The supposition is that they have captured several small garrisons on the way."

Lord Kitchener reports from Pretoria: "The Boers on the night of the 7th made simultaneous and determined attacks on our posts at Belfast, Wonderfontein, Nootdacht, Wildfontein and Pan. A dense fog helped them in creeping close to our lines."

"There was a heavy fire till 3:40 a. m., when the Boers were driven off. "The British loss was 1 officer killed and 3 wounded and 20 men killed and 50 wounded. The Boers lost heavily, 24 killed being counted."

Cape Town advices say that there is tremendous excitement there in the fear of an attack by Boers, several commandos of whom are reported in full advance within less than 100 miles.

The cyclist corps has been rushed out to ward off the attack and has arrived at Clanwilliam. The mounted infantry has occupied Pekaerskloof without opposition. No Boers are in sight from either post.

The docks are being guarded by blue-jackets and marines. Convalescent soldiers are taking their places in guarding the Boer prisoners on shipboard.

Already intrenchments have been thrown up across the Cape flats from False bay to Table bay. Drilling among the local volunteer bodies goes on steadily.

The Boers have just been repulsed in a desperate raid on the railroad east of Middleburg, attack being made at five points simultaneously. The British loss was 21 killed and 62 wounded. The Boers 24 killed and many wounded. The raid more nearly approached a battle than any affair since formal war ceased.

Hopes For British Defeat.

DUBLIN, Jan. 11.—Addressing a meeting of the United Irish League in this city, Mr. John Redmond, leader of the Irish parliamentary party, spoke most hopefully while appealing for funds of the prospect of the Irish cause. The Liberal party, he said, had gone to pieces because a large proportion of its members had been false to Ireland. The Conservative government was engaged in perilous enterprises in China, South Africa and elsewhere, and he added: "I hope to God that the government will be overwhelmed by military and financial disasters at Cape Town. Ireland has at last an independent and united parliamentary party, with a programme of practical reforms, including compulsory land purchase."

Roosevelt Off For Hunting Grounds.

COLORADO SPRINGS, Jan. 11.—Colonel Theodore Roosevelt arrived in this city yesterday, accompanied by Philip B. Stewart and Dr. Gerald B. Webb. After a brief stop the party continued westward to the hunting grounds, where Governor Roosevelt will seek sport with mountain lions and bears. The party will leave the train at Rifle, Colo. They will ride to Meeker, Colo., where a guide awaits them with horses, hounds, guns, ammunition, provisions and cooking utensils. A crowd was assembled at the station to witness the departure of the hunters, and it made a noisy demonstration in honor of the vice president elect.

Economic Ode.

ALBANY, Jan. 11.—Governor Odell in his economy crusade has turned his attention to the state regents' department and the state library. Yesterday the governor, accompanied by J. R. Parsons, secretary of the board, inspected the library and made careful note of the clerical force employed there. The governor is of the opinion that the appropriation for library purposes is entirely too large. Secretary Parsons called the governor's attention to the fact that the expense of maintaining the New York state library was far below that of the library at Washington and of libraries in other states.

Commander Quackenbush Dead.

WASHINGTON, Jan. 11.—Commander John W. Quackenbush, U. S. N., retired, is dead at his residence in this city. Commander Quackenbush was born in New York and was appointed to the navy Sept. 24, 1847. He served on the frigate Cumberland during the Mexican war and later saw service in the Pacific squadron. He was commissioned as lieutenant commander in July, 1862, and was actively employed during the entire period of the civil war. He was retired in 1869.

Welsh, Roger Wolcott and Philip Dexter. Each of the executors has filed a bond of \$2,000,000.

The Fight Not Declared Off.

AN INSURANCE SWINDLE.

Alleged Conspiracy Charged by Colonial Company.

NEW YORK, Jan. 11.—Believing that they were the victims of "graveyard" insurance swindles, officers of the Colonial Life Insurance Company of America, located in Jersey City, caused the arrest of Thomas Martin, editor of a Union Hill, N. J. newspaper, William Necker, an undertaker in Union Hill, and Thomas J. Kelly, a pugilist, whose right name is said to be Thomas Waldron, who until recently was an agent for the company. Dr. Richard Jahr, a West Hoboken physician and formerly the medical examiner in Union Hill for the company, went to police headquarters, but after making a statement was not placed under arrest. Secretary and Manager Ernest Heppenheimer of the insurance company said he did not think Dr. Jahr had been guilty of a criminal intent, but had been careless in signing papers presented by Kelly. Martin, Kelly and Necker were each released on \$1,000 bail. An indictment had been found against the four men on the charge that they had conspired to secure a life insurance on Robert Brenner, a boy of 17, who was the brother of Martin's wife. The insurance was secured in August last when Brenner was an inmate of Bellevue hospital. Martin was the beneficiary. Brenner's application had been secured by Kelly as agent, he had been examined and passed by Dr. Jahr, and his body had been buried by Necker, the undertaker. It was charged that Brenner was dying with consumption when the policy was granted.

Secretary and Manager Heppenheimer said that Kelly while an agent of the company had taken very bad risks on which the company had paid money to Necker and Martin as beneficiaries. Dr. Jahr was the examining physician of the company who certified to the good health of the persons Kelly insured.

Mr. Heppenheimer said that three cases had been found in which Kelly and the others had defrauded the company. It was believed there were other cases.

NEW IRON AND STEEL COMPANY

American and English Capital Unite In Strong Combination.

LONDON, Jan. 11.—The negotiations toward the formation of another American iron and steel combination which have been carried on recently in London have reached a point where their culmination has been practically assured. The companies intending to amalgamate are the Canadian Steel company, the Lake Superior Power company, the American Sheet Steel company, the Otis Steel company, the Pittsburgh Steel company and the Wellman-Seaver company of Cleveland. Combined with these if the deal is completed will be several English firms who will take part in the enterprise financially and commercially. It is the intention of the promoters to erect plants at various places, with the Welland canal as an outlet. The object is to minimize expenses and, acting with the English co-operators, to secure markets here and elsewhere.

The project may be termed an English-American-Canadian combination to take advantage of existing opportunities. It is freely discussed in the English press. The reason for holding the meeting in London was that English capital and trade are desired. The capitalization has not yet been decided upon.

UNIVERSAL SUFFRAGE.

Cuban Constitution to Declare in Its Favor.

HAVANA, Jan. 11.—The Cuban constitutional convention in secret session decided by a practically unanimous vote to insert in the draft constitution a clause providing for universal suffrage in the future republic. Only one vote, it is understood, was cast against the proposal. Several conservative members who are known to be opposed to it were absent, but the advocates of universal suffrage claim a clear majority and say there will be no opposition when the question comes to a vote in public sessions.

Heretofore this subject has been delicately handled, and it was thought the convention would leave the settlement of the matter to future legislation.

The friends of General Maximo Gomez, who assert that he is the popular candidate for the presidency, are elated over the prospect of an unrestricted vote. The convention has made several modifications in the original draft submitted by the central committee. Many members say that the public sessions will begin next week and that the constitution will be accepted and presented to congress immediately.

STILL IN PERIL

Efforts to Rescue Stranded Steamer's Passengers Unavailing.

MARSEILLES, Jan. 11.—A message from Farman says that in spite of the heavy sea still running a lifeboat succeeded in reaching the French steamer Russie yesterday and attached a line to her by which food can be furnished to the passengers and crew, who have all been cooped up in the forecastle of the stranded vessel since Monday evening and are famishing.

It is hoped that the rescue of the endangered persons is possible, now that communication with the Russie is established.

Dawn found the situation of the steamer unchanged. The wind blew with terrific violence all night long, but the rain had ceased. On the bridge and forecastle of the steamer some of the crew and passengers could be plainly seen. The first signal in the morning said: "Hasten or we die of hunger."

A few minutes later the following message was signalled: "We are constructing a raft, which we will try to launch with a sail."

The launching of the line was due to the heroic efforts of 20 fishermen who attempted what appeared to be a foolhardy task. Their flat bottomed craft was tossed about like a straw on the waves. The spectators watched it with bated breath. Several times they thought the small craft was lost, but it finally got into a current which carried the boat to the starboard side of the Russie's bow. A line was then thrown on board the steamer.

The captain of the Russie, standing on the bridge, shouted: "We have not lost heart and have confidence in you, but be quick."

A moment later, amid great excitement among the spectators ashore, the line was seen to part. But the fishermen made another effort and again got the line on board the stranded vessel. Then they rushed to the beach, where hundreds of willing hands pulled their boat high and dry, while a thrilling scene of enthusiasm ensued. The fishermen were carried in the arms of the people out of reach of the waves.

Later the line again parted, causing much anxiety, as the sea was becoming rougher. Then the same fishermen made another attempt to reach the Russie in their flat bottomed boat. On the first attempt they were captured into the surf, and the men were thrown back on the strand. They made a fresh effort, with a few newcomers aiding, and the same boat's crew again succeeded in getting a line on board the Russie. This time its security was enhanced by the line being attached to several rafts between the wreck and the shore.

WORK OF CONGRESS.

Slow Progress on Army Reorganization in the Senate.

WASHINGTON, Jan. 11.—Considerable progress was made yesterday by the senate with the army reorganization bill, but the final vote upon the measure seems to be as far off as ever. The proceeding in the senate was marked by sharp colloquies some of which were of a decidedly personal character.

An appeal was presented by Mr. Teller of Colorado from more than 2,000 persons in Manila urging the United States government to cease its operations against the Filipinos. The appeal is sensational in its statements and so unusual in form that Mr. Hawley of Connecticut made a vigorous objection to its admission as a document. He declared that it was a treasonable denunciation of the government and an attack upon our soldiers.

Consideration was concluded of the committee amendments to the army reorganization bill, and the senate took up the amendments proposed by individual senators. The amendments providing for the appointment of General James H. Wilson, Fitz-Hugh Lee and Shafter to be major generals of the regular army and retired precipitated an extended and on the part of Mr. Pettigrew a bitter debate. The amendments prevailed, however, despite the opposition.

The general debate on the river and harbor bill continued in the house until 4 o'clock, when the death of Representative Clarke of New Hampshire was announced, and the house adjourned out of respect to his memory.

The features of the debate yesterday were the speeches of Mr. Cushman of Washington and Mr. Hepburn of Iowa. The latter has been a persistent opponent of river and harbor bills for years, and he attacked the bill all along the line in his usually vigorous fashion. Mr. Cushman's speech was unique in many particulars. He was in favor of river and harbor appropriations, and his complaint was due to the fact that the members of the committee, according to his ideas, had located the bulk of the appropriations in their own states and had given scant consideration to the needs of other states, especially to the Seattle ship canal in his own state.

Morgan Still Buying.

PHILADELPHIA, Jan. 11.—J. Pierpont Morgan has secured a large block of the International Navigation company's stock, and it is said that he is planning to secure control of the company. While the amount of stock secured by him is not known, it is understood to be several million dollars. The control of the International line is in connection with the recent gigantic railroad deal with J. J. Hill and John D. Rockefeller. This will give the syndicate a line from England to China and enable them to cut freight rates.

Bringing Our Exhibit Home.

HAYRE, Jan. 11.—The United States auxiliary cruiser Prairie, bearing the American exhibit at the Paris exposition, left Hayre yesterday, exchanging salutes with the batteries as she departed. She will touch at New York, leave for the United States on Jan. 15, and will then proceed to Baltimore, where she will unload the rest of her cargo.

Large Order For Locomotives.

RICHMOND, Jan. 11.—The Richmond Locomotive and Machine works has received an order from the Washburn railroad for 50 locomotives, the contract price of which will aggregate about \$500,000. The works are now and have been for some time running day and night to fill their orders.

Mr. Coddling Defeated.

Despite the attempts of the leading Republicans of the county to give out the impression that the fight for the chairmanship of the Union County Republican Executive Committee last evening was not the result of factional differences, such is and undoubtedly will be the opinion of the general public. It has long been known that there were two factions arrayed against each other in the ranks of the Republicans of Union county. Nearly every county convention shows evidence of that fact. Sometimes the struggle has been so bitter that it has been continued right on the floor of the convention and again the workers in the interests of harmony have managed to temporarily settle the troubles and secure harmonious action in public.

That there was a fight over the postmasterhip of Elizabeth everybody knows. The faction of which Senator Kean is currently looked upon as the leader, won in that meeting. Last evening's battle showed a similar result.

Of course, Senator Kean was not on the scene last evening, but two of his most prominent lieutenants were and they were conspicuously active in the contest to secure the votes of the members of the county committee. As a result, Charles N. Coddling, who has been chairman of the county committee for many years, has stepped out of office and Hamilton Fish Kean, a brother of the Senator, has been raised to the head of the committee. While the fight for the chairmanship is ended, that does not mean that the two factions have settled their differences.

At the meeting of the Republican county committee last evening, City Judge Runyon, of this city, was again honored by being elected to the office of vice-chairman of the committee. Although City Judge Runyon is a young man, he has become wonderfully popular with the Republicans throughout the county and the day may not be far distant when they will select him to fill some office of importance in the community. Mr. Runyon has made a good City Judge, one of the hardest of municipal offices to fill, and is fast advancing to a prominent position among the legal men of Union county.

The Republican politicians from all over the State are figuring on the probable method of redistributing the State to provide for the two new Congressmen, which are allowed under the terms of the Burell bill, now before Congress. It was generally supposed that New Jersey would get but one extra Congressman, and everybody was figuring how the State might be redistributed to give the extra Congressional district. Now that there is to be two additional Congressmen, there is some talk of electing one of them at large and having nine districts.

There have been standing advertisements that have proved to be profitable as a means of publicity, says the Philadelphia Record, but there is no doubt that frequent changes in the style and matter of an advertisement will also increase its pulling power. There is no business in the world about which something new and interesting cannot be said every day of the year.

A petition urging the adoption of an amendment to the Federal Constitution prohibiting bigamy was prepared at several of the local churches some time ago. Yesterday U. S. Senator Kean presented the petition to the Senate, and it was referred to the committee on judiciary with countless others of the same nature.

If there is to be a line of automobiles running through the city streets, it will be well to provide street signs first so that strangers riding on

the busses can tell where they are.

Elizabeth was decidedly the centre of interest last evening for the Republican politicians from all over the State.

Rutgers College will receive \$25,000 from the Government next year for being the State Agricultural College.

WHAT OTHERS SAY.

Cuttings From Other Newspapers Which May Be Of Interest to Plainfield and Its Citizens.

Plainfield is talking of building a new hospital, and has \$10,000 already assured. Plainfield seems to be able to build a hospital, not only, but to maintain it without great trouble.—Elizabeth Journal.

With Gov. Voorhees in New Jersey and Gov. O'Connell in New York urging a feasible and not expensive plan for the perpetual preservation of the Palisades, these natural magnificent walls of rocks ought certainly to be preserved.—Elizabeth Journal.

The first bill introduced at the present session of the Legislature would make a goodly sized hole in the treasury surplus. The bill, for which Senator Hutchinson, of Mercer, stands sponsor, increases the State appropriation for road improvement from \$150,000 to \$300,000, and also provides that the State shall bear two-thirds the cost of construction of stone roads, instead of one third, as at present. Even admitting the advisability of increasing the appropriation, the wisdom and fairness of doubling the percentage of cost to be paid by the State is from some points of view questionable. It would enable those counties which have stubbornly refused to tax themselves for road improvement under the present law, to secure the same benefits as the more liberal and progressive counties, and at only one-half the cost. If the bill is to be passed, its advantages should be limited to those counties which have already taxed themselves heavily for good roads construction. It is unfair to put a premium on foginess, lack of enterprise and conservatism that is bred of world selfishness.—Newark News.

TEA TABLE TALK.

Short and Gossip Sketches That Are Not Always News, But Just as Interesting.

The substantial sidewalk that has been constructed by the railroad officials and which leads from Park avenue to the new railway station is being used extensively already. Every morning many of the commuters avail themselves of the convenience this walk has made possible in reaching the trains. There is a gradual ascent that is pleasant to pedestrians. Speaking of the new station, reminds the writer that perhaps no other railway station in the State is so easy of access as the one at North avenue. It is approachable from either Park, North and Watchung avenues or Fourth street. In fact one can reach it from almost any desired point.

Since the dawn of the new century and the consequent "turning over of a new leaf," many young men have sworn off smoking and imbibing too much in that which cheers as well as intoxicates. The large number of young men in this city who have resolved to "touch not, neither taste," has been the means of greatly reducing the number who frequent Plainfield saloons. One saloon keeper's trade has fallen off so perceptibly that he was recently heard to remark that "if some of those guys that swore off on New Year's didn't break their pledge I'll have to get out of business." It is to be hoped that the young men who made the good resolutions not to drink during the year just begun will have the stamina to stick, even if it succeeds in compelling certain saloon keepers to give up their business.

The Elgin creamery butter sold at Newman Brothers is unexcelled for purity and sweetness.

Persons who suffer from indigestion can not expect to live long, because they cannot eat the food required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all the digestive organs to perfect health. L. W. Randolph.

SATURDAY, JANUARY 12th, 8 A. M.

All Fashion Authorities agree that the coming season will be memorable as a "Wash Goods Season." Anticipating an unusually heavy demand for these goods we have exercised the greatest care in making our selections. Carefully choosing from the numerous lines offered us, only the choicest styles, and rejecting such as did not measure up to the high standard we insist upon. We have succeeded in bringing together an assortment of Wash Fabrics which for variety, reliability and general attractiveness far surpasses the showing of all former years, and which, when carefully inspected, will deeply interest the refined tastes of the cultivated shopping public.

"A. F. C." CORDED NOVELTIES, 27 in wide, in fine styles permanent colors, strong and serviceable.
"RED SEAL ZEPHYRS," 27 in wide, equally pretty and durable.
"CALEDONIAN ZEPHYRS," 32 in wide, quite sheer with lace effect, lightly shot through with contrasting color, exceedingly pretty and entirely original.
"ROYAL FABRIQ," slightly heavier, 32 in wide in corded and Jacquard effects, especially to be commended for hard service.

"EGYPTIAN TISSUES," 32 in wide quite sheer, as name suggests, but woven in corded effects in such way as to add strength to daintiness. These are 38 perfect styles and we predict a large sale.
"SILK ZEPHYR," 27-inch wide. A mercerized fabric in wash silk effects, and one of striking beauty.
"SILKOTTE," 27 in wide, also a mercerized fabric closely resembling silk which it exceeds in beauty and wearing quality and illustrates the wonderful skill acquired in cotton weaving.
"CISMAROSA DIMITY," A wonderfully dainty fabric in the most exquisite colors, and marvelous designs, each pattern a dream of beauty.

This is a brief sketch outlining the character of our showing. We have not overdrawn the picture. Cold type cannot do the subject justice. You are cordially invited to attend our "Opening" and if you can't attend—write for samples.

Dunellen, January 11.—Contractor Henry Garretson has served notice upon the Mayor and members of the Borough Council that unless his bill for the macadamizing of Madison avenue is paid within fifteen days he will bring suit against the borough. SOUTH PLAINFIELD.

(Special Correspondence.)

South Plainfield, Jan. 11.—As a result of the visit of Rev. Thomas Houston and of the special meetings which have been recently held, seventeen members have been received into the church. Fourteen were baptized on the last Sunday of the old century and three the first Sunday of the new. A number of others are expected to join soon. The Baptist church here is one of the oldest in the state having been organized nearly a hundred and ten years and celebrated its centennial anniversary in the early part of the year 1892.

Many of the residents of this place are anticipating the coming of the electric light wires and the consequent lighting of the streets and some of the residences and public buildings. UNRIVALED MARK-DOWN CLEARING-UP SALE.

Opens Saturday Morning, Jan. 12th, and Closes Saturday Evening, Jan. 19th.

.... To Run For Eight Days

AS AN EXPLANATION for this wonderful merchandising effort—this slashing of prices to low

notch for eight days, making it more than a "seven days' wonder"—we have to say that stock taking time is near at hand. Preparatory to the annual inventory we want to clean up all of our Winter goods—heavy garments and fabrics that are desirable for the buyer but which it is not to our advantage to carry over to another season. And, of course, this means that if we clear our shelves and counters of them, the time to do it is now—ridding ourselves of the work of inventoring them. We intend to make this sale a marker for Plainfield. In nearly every department there has been a mark-down all along the line, as, for instance, some articles that we have cut in price are staple and standard in all that the words mean—in demand every day in the year. But we are bound to make it attractive for the trading public and advantageous to ourselves. Remember, the sale is inaugurated Saturday morning, January 12th, and will continue all through the following week and close Saturday evening, January 19th—eight days. It will be a sale in which there will be several attractions for many, and something for all.

SPORTING.

GOLF.

The moderate weather which continued through most of the holiday week made it possible for a number of the local golf enthusiasts to play on both the local courses. There were a few who visited the Park Golf Club's links during the week. The course was in good condition. Temporary greens had to be used. There were also a number of informal matches at the Hillede Tennis and Golf Club's course. Although the clubhouse was closed, the turf was in fair condition. Temporary greens were arranged.

STRIKES AND SPARES.

This evening on Conover's alleys, the second bowling match in the series arranged between teams from the Aluminum Plate and Press Works and the Pond Tool Works, will be rolled by the same men who took part in last week's game with one or two exceptions. The Pond team was defeated last week but have since indulged in considerable practice and have hopes of retrieving themselves. The "Klondike" boys are just as confident of winning and a good game will no doubt be the result.

VARIOUS SPORTS.

The first session of the ladies' class at the Y. M. C. A. was held yesterday afternoon. Quite a number of the former members were in attendance and it gives promise of becoming an interesting class.

BASKET BALL.

A basket ball game will be played at the Y. M. C. A. this evening between the Wasserpachers and the W. W. W. teams. They are both composed of members of the Y. M. C. A.

ORDER IS GROWING.

Great Sachem Newcorn Found Tribes in Southern New Jersey in Excellent Condition.

Great Sachem William Newcorn returned yesterday from South Jersey, where he had been visiting the Arasapha Tribe and Pequid Tribe, I. O. B. M. He found these tribes to be in a flourishing condition and their work was of a superior order. A number of new members were taken into each tribe the night he visited them and the installation of officers was performed in a most creditable manner. It is confidently expected that the increase in membership this year in New Jersey will reach 1,800. This evening Mr. Newcorn will visit the tribe at Keyport where he expects to have a good time.

MANY OFFENDERS IN COURT.

JOHN ELSEN FOUND NOT GUILTY OF STEALING TURKEYS.

Policeman Mooney, of Bernardsville, on Trial Charged With Beating a Prisoner—Other Cases.

(Special to The Daily Press.)
Somerville, Jan. 11.—Patrick Hickey and Edward Sisser, indicted for assault and battery upon a trolley inspector while riding in a car from Bound Brook to Somerville, retracted their plea of not guilty and pleaded non vult. They will be sentenced January 18.

The case of John Elsen, indicted for stealing two turkeys from the premises of Kenneth McKenzie, on the night of October 26, at Bernardsville, was taken up yesterday morning. John A. Fresh represented the defendant, but he made his case out of the State's witnesses, and introduced no witnesses himself. The jury, after being out an hour, returned a verdict of not guilty.

The case of the State against Wm. Mooney, indicted for assault and battery, took up the whole afternoon and was not then concluded. Mooney is a policeman at Bernardsville and in the course of his duties arrested a man named Bennett and took him before Justice Dunster. Bennett became noisy and after being sentenced to 20 days in the county jail he struck Mooney, who, it is alleged, retaliated by hitting Bennett several times in the face with his fist, drawing blood.

A large number of witnesses were examined and pretty near the whole village came down to hear the trial. S. S. Swackhamer, of Plainfield, represented the defendant, Mooney. The State was represented by Prosecutor James L. Griggs. Judge Schenck charged the jury this morning.

The case of the State against Wm. Lupton, the colored hack driver, who is charged with stabbing Alfred Panel, Silas D. Drake's coachman, will probably come up this afternoon.

ANNUAL EUCHE PARTY.

Given to Ushers, Members of Choir and Dramatic Society of St. Mary's Church.

The members of St. Mary's church choir, the church ushers and the members of the Dramatic Society were entertained at a progressive euche party, given by Rev. Father Smyth, in the school hall last evening. An affair of this kind is given annually and always proves to be an important event in the social life of the church. There were forty present last evening occupying ten tables.

A large number of games were played. The successful ones were Miss Katherine Flynn, first prize; Mrs. Frank McInerney, second prize; Mrs. Michael Whalen, booby prize. For the men, Rev. Father Smyth won first prize, Charles Valentine booby prize.

After the prizes were awarded an hour was spent socially and in listening to an informal programme of vocal and instrumental music. The serving of refreshments brought the affair to a close.

A GOOD PRESS.

Shipped by Campbell Press Company for Use by the Atlantic City Review.

The Campbell Printing Press Company shipped a Multipress from its repair shop on South avenue yesterday to Atlantic City, where it will be used to print The Daily Review of that city. The press is one which is particularly adapted to the smaller city papers which are not large enough to have a stereotyping plant. It is a web press, but prints from a flat bed, the cylinders and not the bed moving. It is possible to print a paper of four, six, eight or ten pages at the rate of from 5,000 to 7,000 an hour. The papers are delivered all pasted and folded. The printing is done direct from type or plates.

This press was formerly in use in one of the large southern cities, but was substituted by one of the Campbell Company's big cylinder presses. The press was repaired and when shipped to Atlantic City yesterday was in excellent order.

Carmen Sylva's First Book.

It was not until after the war between Russia and Turkey that the queen began to write for publication, although she had written verses secretly, and pasted them in a large scrap book from early childhood. Her first book was written in a peculiar manner. One day the national superintendent of schools came to her and said he wanted a book to offer as a prize at the end of the year to certain Roumanian school children, and suggested that her majesty write one. The queen entered into the plan with enthusiasm, and in three weeks had written a book of fairy tales, taking old Roumanian legends as the foundation for her stories. The volume was such a success, and creating it gave the queen such pleasure, that she turned to writing in earnest, and volume after volume has appeared bearing the name "Carmen Sylva" on its title page. One day in each month is now devoted to reading the queen's books in the public schools of Roumania.—George T. B. Davis, in Woman's Home Companion.
