CHANGES IN WAGES DENIED.

WHY SUPERINTENDENT SMITH CAME
TO CHANGE SCHOOL TICKETS.

Company Making Arrangements to
Sell Tickets Near Transfer Station
—Cards Issued to Teachers and
Pupils—Concerning the Wages.

Teachers and pupils in the Plainfield public schools may once more secure the school tickets for three cents from the Plainfield Street Railway Company. The Daily Press published the provision of the franchise relating to that subject which makes it imperative on the part of the company to sell school tickets for three cents to all pupils and teachers, and an interview with General Superintendent Smith, of the Elizabeth, Plainfield and Central Jersey Street Railway Company, in which Mr. Smith stated that he would rescind the order if it was not according to the provisions of the franchise.

As soon as Superintendent Smith investigated the city franchise he discovered the mistake and, as has already been stated in The Daily Press, a new order was issued in which the employees of the company are directed to sell the tickets as formerly. The company will issue cards, which must be signed by the principal of the school and presented each time tickets are purchased. Similar cards were issued by the Plainfield Street Railway Company when its lines were first opened. Tickets are now procurable from the clerk at the car house or from the car despatcher in this city. Superintendent Smith is making arrangements to have tickets on sale in one of the stores near the transfer station at Watchung and North avenues, so that teachers and pupils in the east end of the city may obtain tickets without having to go to the car house or hunt up the car despatcher. Many of the school principals have purchased a stock of tickets and then sold them to the pupils so that the latter may obtain them without trouble.

Since the resignation of John Adelman as superintendent of the Plainfield trolley system, Superintendent Smith has made new arrangements for the control of the local lines. They will be under the direct supervision of the management of the Elizabeth, Plainfield and Central Jersey Company but a car despatcher is now located in this city to have immediate control at this end of the line. Peter Dowd, of Elizabeth, has been appointed to that office. John Peters, of Elizabeth, has been appointed clerk at the car house and will have charge there. The main offices of the company are located at Westfield. Superintendent Smith will divide his time between that point and Elizabeth where he still retains his position as superintendent of the Elizabeth division of the North Jersey Traction Company.

The reason for the change in the rules regarding school tickets has been explained by one of the officials of the company. Superintendent Smith supposed that the franchise in Elizabeth and Plainfield were practically the same. The one in Elizabeth only provides for the sale of the special school tickets for three cents to pupils of sixteen years and under. So he issued an order to have both parts of the system work under the same rules.

Assistant Superintendent Husband, of the company, denies that any change had been made in the wages paid the conductors and motormen by the new management. The wages were, he said, the same today as they were six months ago. New men are paid \$1.50 a day. After being in the service of the company for six months, their pay is increased to \$1.75 a day. Such a scale of wages, he declared, prevailed at the present day and the reports that there had been a reduction in wages was utterly false.

Horse Badly Cut.
A horse, driven by John Stryker and attached to one of the grocery wagons of George Rockefeller, fell on West Front street, opposite Patterson's tobacco store, yesterday afternoon. Before the horse could be got to its feet a severe gash had been cut in one of its knees. No other damage was done.

BOWLING TOURNEY.

Individual Competition Will Be Started
at Conover's Alley Monday Evening
—Twenty Entries.

Good natured rivalry between a number of Plainfield's crack bowlers, has culminated in an individual tournament which is to be held on Conover's alleys. There are twenty entries and the first game will be rolled Monday night. In order that every one may have an equal chance, handicaps are to be given and the man winning the largest number of games will be declared the champion. To increase the spirit of rivalry, Mr. Conover has offered several handsome prizes which will no doubt spur the men on in their efforts to head the list.

JOHN HAND CAMP GROWING.

OFFICERS INSTALLED AT LAST EVENING'S MEETING OF THE CAMP.

Much Interest Shown—Report of Inspection Officer Was Very Complimentary.

The regular meeting of John Hand Camp, No. 28, S. of V., was held last evening when Past Commander Charles B. Stephens, of Post No. 73, G. A. R., installed the newly-elected officers as follows:

Captain, Frank H. Clarkson; first lieutenant, George Bedford; second lieutenant, Frank Perry; first sergeant, Raymond McVoy; quartermaster, Herbert O. McVoy; sergeant of the guard, E. P. T. Smith; color guard, Clifford Compton; chaplain, Clarence Rittenhouse; principal musician, Charles Graves; corporal of the guard, John Devine; camp guard, Cornelius Perrine; picket guard, Chas. Willis.

There was more than usual interest manifested in the meeting and the camp seems to have taken on new life. Strong efforts will be made to secure new recruits and thus enlarge the membership of the camp. Past Captains Walter C. Dobbins, Herbert C. McVoy and Clifford Compton were appointed a committee to draft a set of resolutions on the death of the late George W. Moore, of the G. A. R., the same to be presented to his widow.

During the evening there were excellent remarks by Installing Officer Stephens and Comrade Francis Whiteley, and officers and members of the Camp. It was announced that the annual convention of the Fernald Benefit Association would be held in Paterson and the Camp decided to be represented by the regular delegates, Frank Perry and E. P. T. Smith. The report of Inspection Officer Fred Morse, of Elizabeth, was read showing the standard of the Camp to be 99 per cent. The members expressed great satisfaction over this.

The annual division encampment of the Sons of Veterans, it has been announced, will be held in Elizabeth next June, and no doubt it will be one of the largest gatherings ever held, it being a place easy to reach. After the meeting last evening the members retired to a local restaurant and had refreshments.

CINDER IN EYE.

John M. Hetfield Neglected It, and is Now
Confined to Muhlenberg
Hospital.

John M. Hetfield, formerly postmaster of Plainfield, but now residing at Cranford, is a patient at the hospital for eye trouble. About six weeks ago, while Mr. Hetfield was riding in a railroad train he got a cinder in his eye. He thought nothing of it at the time, although it gave him much trouble. He gave the injured member home treatment, but this did not seem to bring favorable results. He decided yesterday to be treated at the hospital.

The injury to the eye has caused iritis and it will take some time to cure the disease. No serious results are apprehended and Mr. Hetfield will undoubtedly retain the sight of the eye.

Through Freight Trains Premised.
According to the New York Sun, one result of recent conferences between officers of the Baltimore and representatives of the Reading Jersey Central combination is the concession of additional freight rights to the Baltimore and Ohio over the Jersey Central's tracks. Within a short time, it is alleged, solid Baltimore and Ohio freight trains will be run between Jersey City and Chicago, Cincinnati and St. Louis.

Carriage Upset.

Mrs. Lolon Palmer, of New York, accompanied by her cousin, Mrs. G. W. Lowerre, of Grandview avenue, this city, had her carriage upset yesterday by a collision with a trolley car on Madison avenue, New York. A serious accident was prevented by several pedestrians rendering prompt assistance.

JURY DECIDED THAT BURNET WAS ASSAILANT

Found Guilty Yesterday of Shooting
James W. Jerolaman
Near Liberty Corner.

SOMERSET COUNTY COURT.

BURNET WAS ONLY ASKED ONE QUESTION WHEN ON THE STAND.

After Being Out Four Hours, Jury
Brought in Verdict of Atrocious Assault and Battery—Jury Dismissed Until January 22.
(Special to The Daily Press.)

Somerville, Jan. 16.—The case of the State against Robert Burnet, indicted for shooting James W. Jerolaman, was continued yesterday morning. The defendant was put on the stand by his counsel, John A. Frech, and only asked one question—"Are you the defendant in this case, Robert Burnet?" The answer was "Yes." Of course there could be no cross examination of this witness.

Ira G. Burnet, father of the defendant, testified that his son was in the house when Jerolaman drove up after 5 o'clock and said that he had been shot again. Burnet asked him if he knew who shot him, and Jerolaman said he didn't; he didn't have time to see, as the horse jumped and he had all he could do to attend to him. Jerolaman showed him where he had been shot and showed shot holes in wagon curtains.

Counsel offered the Farmers' Almanac in evidence to show that it was dark when Jerolaman was shot and he could not possibly have distinguished the features of anyone at the distance he said Robert Burnet was when he saw him. Mabel Burnet, sister of Robert, corroborated her father's testimony. The defendant then rested.

The State called in rebuttal Clifford King and Lewis Nuse to prove that it was shortly after four o'clock when they saw Jerolaman, right after the shooting.

John A. Frech summoned up for the defense and Assistant Prosecutor Pope performed that service for the State. Both pleas were earnest and eloquent.

Judge Schenck delivered an impartial charge and the case was given to the jury at 3 o'clock. After being out four hours they returned a verdict of guilty of atrocious assault and battery.

This finished the court business for awhile, no other cases being ready. The jurors were all dismissed until January 22, when the appeal cases will be tried.

Friday Judge Schenck will sentence the prisoners who have been convicted or pleaded guilty.

GROGER HOWELL SOLD OUT.

BUSINESS AND STOCK PURCHASED
BY J. A. SMITH & BROTHER.

Mr. Howell and His Clerks Will Enter
the Employ of J. A. Smith & Brother
—Change Was Made Today.

R. O. Howell, who for many years has conducted a grocery business on North avenue, has sold his entire business to J. A. Smith & Brother, of West Front street, and he himself has engaged his services with the above named firm.

Two clerks, Wilbur P. Henderson and Harry Radin, who have been working for Mr. Howell, have also been engaged by J. A. Smith & Brother. The deal was consummated last evening and the change was made this morning. The firm takes Mr. Howell's entire stock and it will be placed in their store. The change is in the nature of a consolidation, although Mr. Howell will not be a member of the firm.

Mr. Howell is one of Plainfield's oldest grocers and many of his friends will be surprised to learn of the change he has made. He desired to give up business on his own account, yet continue in the same business with less responsibility to himself.

WILL RESUME BUSINESS.

ROCKFELLOW GROCERY COMPANY
INCORPORATED TODAY.

Will Carry on Grocery Business of
Former Mayor Rockfellow—J. W.
Stack Will Manage It.

Articles of incorporation were filed today incorporating the Rockfellow Grocery Company with a capital of \$100,000. The officers of the company are: President, George W. Rockfellow; vice-president, O. L. Beach; secretary and treasurer, Fred W. Stack. The business will be carried on at the store formerly occupied by George W. Rockfellow at Park avenue and West Fourth street. The business will be managed by Mr. Stack.

Former Mayor Rockfellow has been in the grocery business for many years in this city. He is one of the oldest merchants in Plainfield. Mr. Rockfellow's failure of several weeks ago was due in a measure, it was understood, to slow collections. Since the failure the store has been in the hands of a receiver, J. Fred MacDonald acting in that capacity.

Mr. Rockfellow's friends will be pleased to hear that he is again to become identified with the business industries of the city.

Mr. Stack, who will manage the business of the new firm, is a son-in-law of Mr. Rockfellow. He has been identified with the grocery business for a number of years, having had general charge of the Rockfellow store.

It is understood that there were 135 creditors of Mr. Rockfellow. A few of these have arranged to settle with the other creditors and to do so have formed the above company of which Mrs. George W. Rockfellow, who is one of the chief creditors, is one of the incorporators.

DURING LAST CENTURY.

There Were 200,000 Prescriptions Put Up
in Armstrong's Pharmacy—A Wonderful Collection.

With the end of the Nineteenth Century, Armstrong's pharmacy prepared the two hundred thousandth prescription put up in that pharmacy. It is a wonderful record and gives some idea as to the great amount of business attended to by Mr. Armstrong and his assistants.

The first prescription was put up in 1863, when the pharmacy at the corner of Park and North avenues was established. In 1880, T. S. Armstrong came here and took the management of the place. In 1895 Mr. Reynolds retired and Mr. Armstrong assumed control.

This great list of 200,000 prescriptions includes many by some of the greatest physicians of the country. Among the prominent Philadelphia medical men whose names are to be found there are Drs. Pepper, S. Wier Mitchell, DeCosta, Keene, Gross and Duer. New York's greatest physicians and surgeons included are Drs. Loomis, Janeway, Dana, McBurney, Van Valza and Lincoln.

From all over the globe, these prescriptions have come. One was written in St. Petersburg, Russia, others at Cairo, Egypt, London, Paris, Carlsbad, Brussels, and Vienna. There are quite a number from various parts of Canada and several from Australia. It is a wonderful collection but is filed away with such care that it is possible to find any of the 200,000 prescriptions at a moment's notice.

Mrs. William T. Campbell, wife of the borough marshal, has recovered from a serious illness caused by neuralgia.

DOYLE TELLS STORY OF BALDWIN'S DEATH

Baldwin Murder Trial is Continued
at Elizabeth Before
Judge VanSickel.

PROSECUTION COMPLETED.

DOYLE, THE ACCUSED, WAS FIRST
WITNESS CALLED FOR DEFENSE.

His Recollections of Events Leading
to Death of Baldwin Were Rather
Indistinct—Expected to
Finish Tomorrow.

(Special to The Daily Press.)

Elizabeth, Jan. 16.—The trial of Thomas Doyle, for the murder of Farmer Baldwin, of Union, was continued in the circuit court before Judge VanSickel yesterday and today. The remaining witnesses for the prosecution were examined yesterday morning and, in the afternoon, the defense began.

Doyle, himself, was the first witness summoned by the defense and he was on the stand all the afternoon.

Doyle seemed to have only an indistinct recollection of the events that occurred prior to the act that resulted in the killing of Baldwin. He said that he and Grace Baldwin, the farmer's daughter, became engaged to be married February 1, 1900, and a month after he went to work for Baldwin. He said Baldwin had remarked to him that he would not let Grace marry him. Besides that, Baldwin said he did not know the past record of Doyle. Doyle continued his testimony by saying that he left Baldwin's employ March 15, and that afterward he had several meetings with Grace. It was his custom, he said, to ride from Newark to Hilton on a trolley car and meet Grace either going to or coming from Sunday-school. There was no previous arrangement that they should meet, but the witness knew where he could find her.

Doyle declared that when he drank he had no recollection of what occurred, and admitted that he had been drinking heavily for two days before the fatal encounter between himself and Baldwin. Doyle was still on the stand and had not reached his narrative of the tragedy when court adjourned.

This morning Doyle was again put on the stand and completed his testimony and the cross examination was begun. It is expected that the case will go to the jury tomorrow.

NETHERWOOD LEASED.

Major Coleman Has Taken a Lease of
That Popular Hostelry For Three
Years More.

Major F. W. Coleman today secured a lease for three years of the Netherwood Hotel of its owner, Charles Hyde. Mr. Coleman's present lease would not have expired for another year, but as he desired to continue the business he therefore chose to take out a new lease for three years.

Major Coleman told a reporter of The Daily Press this morning that he expected to open the hotel on or about June 16. He anticipates another good season. The house has become very popular. Already many people have written to Mr. Coleman to engage rooms for next season.

Ice Dealers Worried.
The mild weather which has prevailed for so many weeks is causing ice dealers to feel a little anxious about the annual ice crop, which they wish to gather as soon as possible. There is still time for plenty of cold weather, however. If February should prove to be extremely cold there will not be any difficulty in getting a sufficient quantity of ice to supply the demands of the dealers in this city and vicinity.

Loss of Stock Adjusted.

W. T. Teal, adjuster and appraiser for the Netherlands Fire Insurance Company of New York, came to Plainfield yesterday and adjusted the loss on stock sustained by Gulick & Co. by Sunday morning's fire. The loss on the building is yet to be settled. Gulick & Co. are removing the debris and getting ready to resume business as soon as possible after their store is repaired.

Horse Walked Away.

While Dr. H. H. Lowrie, of Park avenue, was in Armstrong's drug store yesterday afternoon, his horse, which he left outside untied, started to walk away. He went about a block when a small boy captured the animal and thus prevented any damage.

SAVED HER HOME.

Presence of Mind on the Part of Mrs.
C. W. Runyon Prevented a
Serious Conflagration.

As Mrs. Charles W. Runyon, of Park avenue, was about to light the gas at her home Monday evening, the head of the match flew into a lace curtain, which immediately sprang into a blaze. A serious fire was threatened, but with rare presence of mind Mrs. Runyon tore the flaming material down and managed to stamp the blaze out. The wall in the immediate vicinity of the window was scorched and Mrs. Runyon's hands were burned in several places. The loss is slight, but would have been much worse but for Mrs. Runyon's prompt action.

CANNOT RUN TO CITY'S BEDS.

DIFFERENCE IN HEIGHT WILL MAKE
IT IMPOSSIBLE.

Street Commissioner Gavett Interviewed
on Subject of Borough Connecting
With City's Sewage System.

Street Commissioner A. J. Gavett who has charge of the city sewerage system, was interviewed yesterday by a Daily Press reporter regarding his opinion as to the feasibility of connecting a North Plainfield sewer system with the disposal beds proposed to be constructed by the city as told in The Daily Press.

Mr. Gavett stated that he had not looked carefully into the matter but was of the opinion that the proposed septic tank and contact beds would be too high to receive sewage by gravity from the greater part of North Plainfield. If pumping had to be resorted to, it would be much cheaper to put in a plant in the borough similar to that proposed for the city but smaller, and it might be the more economical plan in any case. The cost of operating such a system is less, Mr. Gavett said, than any other known, unless where a very large farm is available upon which the value of the crops would help toward the expense of maintenance.

The only way to carry out the idea of connecting with Plainfield would be to pump the sewage by electric pumps which would practically be automatic in action and require little attention. Being asked if the system could be built for North Plainfield, Mr. Gavett implied that one had been outlined for the borough some years ago by F. A. Dunham. The advantage of the contact bed system is, Mr. Gavett continued, that so small an area is required that it can be covered over so as to be hidden from sight by a layer of broken stone, as proposed for Plainfield, or by a roof if desired. Where Plainfield has been using seventeen acres, the new plant would use but little over two.

In some places it is considered more economical to have several disposal plants in different drainage areas in preference to bringing all the sewage to one large plant by expensive tunneling or pumping, so that even if consolidation of the city and borough should eventually come, it is quite possible that two plants would represent the best engineering practice.

FOR A SPEEDWAY.

Meeting to be Held Tuesday Evening
to Boom That Project—
All Are Invited.

A meeting of all horsemen interested in the proposed new speedway, will be held in S. D. Drake's office Tuesday night at 8 o'clock. A plan to set the proposition in motion will be mapped out and all interested will be asked to render all assistance possible to carry it out successfully. Some of the city's most prominent horsemen are interested in the plan and an invitation is extended to every one, whether the owner of a horse or not, to be present.

Will Resume Business.

As soon as the loss occasioned by Sunday morning's fire is adjusted by the fire insurance companies, Messrs. Gulick & Co. will reopen their grocery store at the corner of Duer street and Lincoln place. In the meantime the firm is supplying their customers from the stock of a down town grocer.

Giving Transfers Again.

Transfers are now being given by the trolley company between Plainfield and Elizabeth. The company has returned to the former custom which was done away with several months ago. The change is an agreeable and appreciative one on the part of the traveling public.

Home-Made Cake Sale.

The Whatsoever Circle, King's Daughters, of Trinity Reformed church, will hold a sale of home-made cakes at the home of Mrs. J. Fred MacDonald, corner of East Front street and Watchung avenue, Saturday afternoon, January 19, between the hours of 2 and 5 o'clock.

BOTH HOUSES ADJOURN UNTIL NEXT WEEK

More Appointments and New
Bills Brought Before Legis-
lature for Consideration.

BRIEF SESSIONS YESTERDAY

BILL INTRODUCED TO REGULATE
TRUSTS AND MONOPOLIES.

Governor Sent Number of Appoint-
ments to Senate for Confirmation—
Several Bills of More or Less
Importance Introduced.

(Special to The Daily Press.)

Trenton, January 16.—Nothing of importance was done at yesterday's session of the State Legislature. Governor Voorhees had more appointments to submit to the Senate and there was another batch of bills introduced. Then both houses adjourned for the week.

The Governor's nominations received by the Senate were as follows: For Justices of the Supreme Court, A. Q. Garretson, of Morris county, and J. Franklin Fort, of Essex county; for Adjutant General, Alexander O. Oliphant, of Mercer county; for District Court Judge of Atlantic City, Robert W. Ingersoll.

General Oliphant and Justices Fort and Garretson are all serving ad interim, having been appointed by the Governor since the last session to fill vacancies caused by death in their respective offices.

The only other business done by the Senate before adjourning for the week was the introduction of a number of bills, among which were the following: By Mr. Francis—Giving township committees the same powers as governing bodies in cities with regard to the widening of streets and condemnation of land. The chief object of the bill is to provide for the proposed widening of Main street, in Ocean Grove and Asbury Park.

By Mr. Reed—Providing for the prosecution before the Supreme Court of the bonds of public officials charged with neglect, default, malpractice or misconduct in office.

By Mr. Haines—Making it a high misdemeanor to maliciously set fire to any woods, meadows, marshes or cranberry bogs of another person.

In the House Mr. Abbott introduced the following bills: Making combinations to restrict competition in trade a misdemeanor, punishable by a fine of from \$1,000 to \$5,000 or imprisonment of from six months to two years; prohibiting railroad companies operating in this State from combining with other roads to control passenger or freight rates, under penalty of a forfeiture of charter; providing that the issue of capital stock of incorporated companies of this State, in payment for property acquired, shall be subject to the approval of the State Board of Assessors; providing that the present tax on railroad property, which now goes to the State, shall go to the municipality in which the property is located; making the annual franchise tax on corporations with a capital of \$500,000 or more, one-twentieth of 1 per cent, on such excess.

Mr. Williams introduced a bill to repeal the act prohibiting the payment of rebates by insurance agents.

Exciting Runaway.

A team of horses belonging to Mrs. Hograter, of Somerset street, and driven by Thomas Traynor, ran away Monday evening as the driver was delivering an order at the corner of Muhlenberg place and South Second street. By turning the several corners successfully, the runaways ran all the way to the barn with but one mishap. They were just entering the yard when the wagon collided with a fence tearing it down and throwing the vehicle against a large henry, which was also wrecked. The horses were uninjured.

Annual Musicals.

The third annual musicale under the auspices of the Woman's Friendly Society will be held in the Parish House of the Church of the Heavenly Rest, Friday evening, January 18 at 8 o'clock. Several artists from New York have kindly volunteered their services and with the assistance of local talent, a rare treat is in store for music lovers. The proceeds are for the new pipe organ recently installed in the church.

A Deep Mystery. It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Paterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my household work." It overcomes Constipation, Improves Appetite, gives perfect health. Only 50c at L. W. Randolph's drug store.

The officers elect of Iona Council, Degree of Pochontas, will be installed this evening, after which the members will have a good time.

Art and Philosophy in a Calendar. That helpful and inspiring motto—"Keeping Everlastingly at It Brings Success"—is again suggested by the receipt of the 1901 calendar from N. W. Ayer & Son, Philadelphia. These gentlemen conduct the world's greatest advertising business in newspapers, magazines and billboards—but as responsibilities increase they seem to grow more energetic while their work grows brighter and better. The 1901 calendar is an evidence of taste and originality. It is mounted on a striking design in clay modeling executed in two delicate tones, with the famous Ayer motto standing out in bold relief. The cost of production and the demand for this calendar are so great that Messrs. Ayer & Son have found it necessary to charge a nominal price for it—25 cents. Those wanting a copy of this very serviceable and highly ornamental work should send at once before the edition is exhausted. In previous years, its predecessors have been quickly bought up, and it is more than likely late application now will prove disappointing.

This season there is a large death rate among children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases. We know of nothing so certain to give instant relief as One Minute Cough Cure. It can also be relied upon in grippe and all throat and lung troubles of adults. Pleasant to take. L. W. Randolph.

The Misses Frenz, of Scotch Plains, have been visiting their sister, Mrs. Frank Putnam, of East Fifth street.

W. R. Odington, of the firm of Reed & Odington, is gradually recovering from a tedious attack of the grip.

A CONGRESSMAN HISSED.

Unlooked For Incident in the Boos Investigation.

WEST POINT, Jan. 16.—An unlooked for incident occurred yesterday at the close of the afternoon session of the congressional committee's investigation at the United States Military Academy. There was a very large attendance of army officers, with their wives and daughters, present.

When Congressman Driggs asked Cadet Deen if it was through having a "convenient memory" that he could only remember Cadet Sheridan's name out of all the men he had exercised, there was a storm of hisses, which ran round the room. The women as well as the men took part in it, and it was evident that they considered the question as one impugning the credibility of the witness.

The code of honor at West Point, according to the testimony adduced during this investigation, as well as the military inquiry, does not admit of untruthfulness, and the people living at the post resent anything suggestive of a doubt on this point.

Congressman Driggs immediately asked that the courtroom be cleared, but Chairman Dick declared a recess of an hour and a half without recognizing the request.

Several officers did not try to conceal their displeasure at the question put by the Brooklyn congressman.

They also said that Judge Smith, another member of the committee, had no right to say in his examination of Deen that "the death of Booz was laid at Deen's door."

The news of the hissing spread quickly all over the post, with the result that the attendance at the night session was unusually large.

A LACKAWANNA WRECK.

Several Passengers Injured in a Collision Near Bath, N. Y.

BATH, N. Y., Jan. 16.—Shortly after 8 o'clock last night the vestibule passenger train from Buffalo, due here at 7:23, the Lackawanna, Lackawanna and Western railroad, crashed into the caboose of a wildcat train about a quarter of a mile west of the station. The passenger train plowed through the caboose and landed upon a car of lumber eight cars ahead.

The engine is a total wreck. The cars took fire and five or six cars of lumber burned. The local fire department responded to an alarm and extinguished the fire. The engineer and fireman had a miraculous escape, both jumping to save themselves. Several were seriously injured.

The Varig in Commission.
PHILADELPHIA, Jan. 16.—The Russian cruiser Varig was formally placed in commission yesterday at Cramp's shipyard. Although her officers and crew have been aboard the vessel for some time it was not until yesterday that the actual transfer of the vessel from her builders to the Russian government was made. The ceremony was simple. After the Russian ensign had been raised Captain Behr, the ship's commander, called the crew on deck. They stood with heads uncovered as he announced that the vessel was now in readiness to obey any order of the czar. They were then ordered to their respective stations. Following this formality the ship's officers gathered about Captain Behr as he presented to Charles H. Cramp a silver loving cup manufactured in St. Petersburg.

Death of Ada Rehan's Mother.
NEW YORK, Jan. 16.—Mrs. Harriette Crehan, mother of Ada Rehan, the actress, is dead at her home in Brooklyn. She had been ill only a week, and her death was due to bronchitis. Mrs. Crehan was born in Limerick, Ireland, in 1822 and came to this country with her husband, Thomas, and their eight children 35 years ago. They took up their home in the house where Mrs. Crehan died. Four of her children survive her.

Would Abolish Capital Punishment.
ALBANY, Jan. 16.—Senator William Willets Cocks of Old Westbury is busily engaged in framing his bill for the abolition of capital punishment. He proposes that persons found guilty of murder, first degree, shall be confined in prison during the term of their natural lives and that those convicted of murder in the second degree shall be imprisoned for 30 years, with no reduction of the term of servitude for good behavior.

Lincoln Relic Destroyed.
DANVILLE, Ky., Jan. 16.—The house where Nancy Hanks plighted her troth to Thomas Lincoln has been destroyed by fire. It was the first two story residence erected in Boyle county and was over a century old. It was built by Judge James P. Mitchell. Here it was that Nancy Hanks, a frequent visitor to the Mitchell family, accepted in the winter of 1805 the hand of Thomas Lincoln.

MEN FOR KITCHENER.

England to Send Large Reinforcements to Africa.

GUARDS FOR THE RAND MINES.

British Force in Many Cases Worn Out in the Cape Colony Campaign and Forced to Take Needed Rest.

LONDON, Jan. 16.—The government has decided to send large reinforcements to Lord Kitchener, and the war office in carrying out this decision, has determined to enlist 5,000 yeomanry.

At a meeting held at the war office yesterday afternoon this plan and others for securing more men were discussed and approved, and it is understood that the government will in the course of a day or two issue a communique on the subject.

A dispatch from Cape Town says that Sir Alfred Milner's consultative committee of uitlanders is telegraphing to the various committees of the uitlanders throughout the country the terms of the formation of guards for mines. Each mining company is to pay and feed its own men.

The casualty list shows that there has been a severe engagement, with a loss of 6 killed, 17 wounded and 5 missing at Murraysburg, where the Dutch are said to have been joining the invaders. Murraysburg is 16 miles west of Graaff Reinet.

Indications are not wanting that the decision of the government to send reinforcements has not been taken a moment too soon. Colonel Colville's mobile column, which has been pursuing the Boers, has been obliged to rest at Greylingstad to erect a blockhouse and to cease operations until re-enforced by mounted troops.

General Paquet has taken his force to Pretoria to rest. Many of the men are suffering from enteric fever.

Three hundred Boers captured a small British convoy at Bronkhorstspuit, near Pretoria, but made off after liberating the prisoners.

General Brabant, while addressing a conference of mayors at Cape Town, said the authorities were anxious to keep the war away from Cape Town if possible, but that the only hope of doing this lay in sending 1,000 men to the front. He urged that no precaution should be omitted to prevent the enemy from advancing farther south.

Sympathy For Kruger and the Boers.

HANOVER, Prussia, Jan. 16.—A mass meeting of Guelphs in Hanover, under the presidency of Baron von Schelo-Wunstorff, who represents one of the Hanoverian districts in the reichstag and is himself a Guelph and anti-Prussian, telegraphed to Mr. Kruger an expression of sympathy, together with the hope that God would help the Boers and the people of Hanover, which Prussia annexed, to a final victory.

Ready to Try Neely.

HAVANA, Jan. 16.—Mr. Lamar, who is associated with Mr. Rubens in the prosecution of the postoffice fraud cases for the government, says that with the exception of some evidence which Mr. Rubens will bring from the United States, especially that contained in the Lawson report, the government is now ready to proceed with the trial of C. F. W. Neely, charged with embezzlement while acting as financial agent of the department of posts. Neely has already been indicted by the court of first instance, and on his arrival here under the extradition proceedings he will be imprisoned to await trial before the audiencia. Seven judges will sit in the case. Spanish law allows an appeal to the supreme court, but the decision of the latter tribunal is final.

After Alleged Absconder.

NEW YORK, Jan. 16.—Acting under instructions from Chief of Detectives George F. Titus, Scotland Yard officials were yesterday cabled to arrest today in Liverpool as he steps off an incoming steamer the defaulting confidential clerk of a large wholesale house on Walker street who is said to have got away with \$50,000 of the firm's funds at the time of his flight and to have embezzled nearly \$200,000 before he was even suspected. The utmost secrecy is being observed about the case by Captain Titus and District Attorney Philbin. Beyond admitting that there is such a case they will make no details public and refuse to give even the name of the defaulter, the name of the boat he sailed on or the name of his employers.

Pine Gaff For Lawson Yacht.

BOSTON, Jan. 16.—The Oregon pine log, 112 feet in length, which will be the main boom on the Lawson boat, was placed in the hands of the spar makers at Lawley's yard yesterday afternoon, two of them split sawing it, getting through all but 18 feet of the length. The log is proving to be a good one, with few knots or bad cuts. When fashioned into shape, it will be decagonal. Designer Crownsfield is somewhat in doubt as to the value of the steel gaff, and a stick of Oregon pine 70 feet long is more to his liking. He has figured out that a steel gaff with enough metal in it to withstand the bucking strain will be really heavier than a wooden gaff.

Wireless Telegraphy.

ATLANTA, Jan. 16.—A special from Norfolk says that Professor R. A. Fessenden, wireless telegraphy expert of the weather bureau, accompanied by Professors Theissen and Hosse, will leave Norfolk today for Cape Hatteras to begin the erection of wireless telegraph stations at Hatteras and Cape Henry. The intention is to experiment between the two stations in the dissemination of weather reports.

Nevada Would Allow the Fight.

CINCINNATI, Jan. 16.—An evening paper has replies from 27 governors in regard to prizefights, and only one, the governor of Nevada, states that he would allow the Jeffries-Hobbs fight in his state if it cannot take place in Cincinnati on Feb. 17. The Sangerfest Athletic association continues to proceed with its arrangements for the fight.

The Austrian Reichsrath.

LONDON, Jan. 16.—The new Austrian reichsrath offers all the elements of an even more distracted parliament than the last, says the Vienna correspondent of The Times, "and already it is predicted that a deadlock will come between Ender and Whiteside and perhaps sooner."

RARE COLLECTION ON SALE.

Famous Clark Prints and Autographs Offered in Boston.

BOSTON, Jan. 16.—The autograph genealogy of George Washington at the sale of the Clark collection of prints and autographs here yesterday brought \$1,750. The sale was made by auction. The book went to Dodd, Mead & Co. of New York, who, it is understood, purchased it for the account of George W. Vanderbilt. Another of the rare autographs sold was an original manuscript record of the formation of the Concord company of minute men who met on Jan. 17, 1775, and chose their officers, with a list of 52 members. With this is a record of the meetings of the company, with an additional slip, one of the entries being, "Concord, April the 19th, 1775, then we were called a way to Cambridge, then the battle be gone." This brought out some lively bidding, and the work was finally sold under order at \$275.

An autograph of Rev. John Eliot, the Indian apostle, sold for \$61. An account of Lovell's fight at Pequaket 1725, written by Elaser Melvin, a participant in the fight, brought \$31, and an old book which was worth possibly a few cents of itself, but which had Nathan Hale's book, 1768, written on the fly-leaf, was sold after some lively bidding for \$150 to Goodspeed of this city. Benjamin Franklin's autograph in the form of a page letter brought \$40, and a military order issued by Colonel Benjamin Church was sold for \$70. A broadside issued by the provincial congress at Watertown, 1775, was sold for \$65. One of the parliamentary blue stamps which caused so much trouble under the act of 1765 was sold for \$20.

Primarily, however, the sale is one of prints and promises to be the most remarkable one of the kind ever held in this country, as there are some very fine and rare Washington prints to be disposed of.

THE SEAL AFFIXED.

Chinese Envoys Have Returned the Joint Note.

PEKING, Jan. 16.—Prince Ching and his staff were a long time in the Forbidden City yesterday. Accompanied by the chief eunuch, they saw a woman servant guarding the imperial seal. She produced the seal, the papers were sealed in her presence and then the seal was returned. Owing to the lateness of the hour the papers thus sealed were not presented to the foreign envoys until today.

In the American district a Chinese court of justice came into being and operation today. The death penalty may be inflicted for murder, manslaughter, attempted murder, robbery, counterfeiting, looting and burglary. It may also be inflicted upon those known to have been Boxers who have done injury to life or property. Other punishments, like whipping, imprisonment and the imposition of fines, can be inflicted.

Owing to orders received from Berlin a hitch has occurred regarding the transfer of the railway, which Russia began turning over to Germany.

French railway engineers have made a breach in the western wall of the Chinese city through which they will bring in the Pao-Ting-Fu railway.

The Tien-tsin line will be extended to the wall of the Tartar City.

Yuan Shi Kai Ordered to Peking. SHANGHAI, Jan. 16.—Yuan Shi Kai, governor of the province of Shanghai, has been ordered to proceed to Peking to assist in the peace negotiations, but it is expected here that he will decline to go.

A Load of English Lacemakers.

PORTLAND, Me., Jan. 16.—On the steamer Tunisian, which arrived from Liverpool, were 33 lacemakers bound for Zion City, Wis. Acting upon advice from the immigration bureau at Washington Collector Moses refused to allow the party to land until the case was laid before the authorities at Washington. The letter received from the immigration bureau stated that it was understood these people were being brought here by Rev. J. A. Dowd and that they had signed contracts to work in the silk mills at Zion City. The collector was cautioned to use extra vigilance in examining these people to see that their landing did not violate the alien contract law. The lacemakers came from Nottingham, Leeds and other English cities.

Berlin Death Rate Large.

BERLIN, Jan. 16.—The official annual statistics show an increased death rate in Berlin for 1900 of 4 per cent as against an increased birth rate of 2 1/2 per cent. The labor market statistics for December, 1900, show a considerable deterioration. There were 162 persons demanding work to every 100 positions as against 124 persons in December, 1899.

England Might Consent.

LONDON, Jan. 16.—The Daily Telegraph, which assumes that the cabinet council Friday will discuss the Hay-Pauncefote treaty, expresses the opinion that if the United States government presses for the abrogation of the Clayton-Bulwer treaty in the "usual diplomatic manner" it will not find the British government difficult to deal with.

Judge Thrashes Lawyer.

NEW HAVEN, Jan. 16.—Justice Louis Jacobs adjourned court Monday afternoon long enough to take a belated thrashing by the hands of James B. Martin, chairman of the Democratic town committee, a prominent politician and a lawyer of good reputation.

A KANSAS LYNCHING.

Angry Mob at Leavenworth Burns a Negro at the Stake.

LEAVENWORTH, Kan., Jan. 16.—Fred Alexander, the negro who on Saturday evening attempted to assault Miss Eva Roth and who was supposed to have assaulted and killed Pearl Forbes in this city in November last, was taken from the sheriff's guard by a mob and burned at the stake at the scene of his crimes, half a dozen blocks from the center of the city. Probably 8,000 people witnessed the lynching.

Alexander was brought to the city from the penitentiary at Lansing at 4:30 o'clock yesterday afternoon and placed in the county jail. The citizens gathered in great numbers and, finding peaceful entrance to the jail impossible, armed themselves with railroad irons. The jail doors were battered down and Alexander dragged to the scene of his crime, followed by hundreds of howling, frenzied men and boys. Arrived at the scene a railroad rail was stuck into the ground and the negro fastened to it with chains. Then coal oil was poured over his body and set afire. The wretch protested his innocence to the last.

Men kept piling on wood all the time until about 7 o'clock, when the flames were allowed to die down. From 6 to 8 o'clock there was a continuous stream of people going to the scene of the burning. These were persons who had been unable to get away from their work in the afternoon and who were determined not to miss the scene of the awful spectacle. When the fire had died down sufficiently to allow the crowd to approach the remains of Alexander, there was a wild scramble to obtain relics. Bits of charred flesh, pieces of chain, scraps of wood, everything that could possibly serve as a souvenir, was seized on with morbid eagerness.

After Alexander's arrest he was taken before Miss Roth, who identified him. Since then a mob has surrounded the penitentiary day and night. The crowd became so formidable that Governor Stanley, in response to a telegram from Warden Tomlinson, ordered two companies of militia to be in readiness to start for Leavenworth at a moment's notice.

Governor Stanley Indignant.

TOPEKA, Jan. 16.—Governor W. E. Stanley is indignant over the lynching at Leavenworth. He says it will result in the establishment of the death penalty in Kansas, as it should do. Governor Stanley condemns Sheriff Everhardy of Leavenworth in unmeasured terms. He says the sheriff should be made to make suitable retribution if such a thing is possible. "The sheriff of Leavenworth is either a despicable scoundrel or a despicable coward," said the governor. "There was no reason in the world why the negro should not have been protected to the last. The whole militia power of the state would be devoted to that effort, and the sheriff knew it all the time. He ordered the militia of Leavenworth to Topeka to be ready, and they would have been sent to the scene of the trouble the minute the sheriff would say he needed them. The life of the negro should have been preserved at all hazards, and it is to the lasting shame of the great state of Kansas that such an infamous proceeding should have been allowed to take place within a few miles of the capital city."

PROSECUTION RESTS.

The Boscheter Murder Trial Sets a Rapid Pace.

NEW YORK, Jan. 16.—With an array of expert evidence to show the cause of death, the admission of statements made by the police that one of the defendants made a confession of the crime and a sensational interruption of one of the witnesses by one of the prisoners Prosecuting Attorney Emley last night announced that the case of the state against William A. Death, Andrew Campbell and Walter L. McAlister, three of the four men accused of murdering Jennie Boscheter, was complete.

The greater part of the day was occupied with the testimony of the medical experts, the most important of whom was Dr. Andrew F. McBride, the county physician, who performed the autopsy on the body of the girl and declared that she came to her death from the effects of "some poison," and Professor Rudolph S. Witham, a chemist, who made qualitative and quantitative analysis of the stomach and other organs of the girl and declared the presence of chloral hydrate in sufficient quantities to show that death had resulted from the administering of this drug. A number of detectives and policemen were put upon the stand to tell of the arrest of the prisoners.

Kruger Coming Here?

LONDON, Jan. 16.—The Daily Express says: "Mr. John E. Milholland, who arrived in London last week bearing an invitation from a number of well known New York citizens to Mr. Kruger to proceed to the United States, has been to see him and has offered him a palatial residence in New York city. In the course of an interview Mr. Milholland told a representative of The Daily Express that he was quite sure Mr. Kruger would accept the invitation and would go to New York about the middle of next month."

Wu Ting Fang Speaks in Albany.

ALBANY, Jan. 16.—Wu Ting Fang, envoy extraordinary and minister plenipotentiary of China to the United States, addressed the annual meeting of the New York State Bar association at Harmanus Bleecker hall. The hall was filled with 2,000 persons, who listened with great attention to Minister Wu's address, the subject of which was "Chinese Jurisprudence."

QUAY WINS THE FIGHT

Memorable Struggle For Pennsylvania Senatorship Ended.

MASSACHUSETTS RETURNS HOAR.

A Fifth Term For the Venerable Senator—McMillan Re-elected In Michigan—Clark Lacks One Vote In Montana.

HARRISBURG, Jan. 16.—After a memorable struggle, which has continued for several years, Colonel M. S. Quay, regular Republican nominee for United States senator, was elected by the Pennsylvania legislature to fill the vacancy created by the expiration of his term on March 4, 1899. His combined vote in the senate and house was 130, or three more than the number necessary to a choice. The house and senate will meet jointly at noon today to canvass the vote and declare an election. Mr. Quay's commission has already been prepared and signed, and he will take it to Washington this afternoon. A party of his friends will go with him to be present when he takes his seat in the senate tomorrow.

The Democratic vote was cast almost solidly for Colonel James M. Guffey of Pittsburgh, the anti-Quay Republican was divided among nine "favorite sons." Representative William J. Galvin of Schuylkill, who two weeks ago voted with the Republicans on the organization of the house, was the only Democrat who voted for Mr. Quay. When he cast his vote, the followers of Colonel Quay broke into cheers, which continued for more than a minute. Representative L. D. Brown of Crawford voted for the Rev. Dr. Silas C. Swallow, the Prohibition leader.

The solid Democratic vote in the senate was cast for Colonel Guffey.

The wildest excitement prevailed during the balloting in the house. Long before that body convened at 3 o'clock the chamber was packed with legislators and spectators. The crush at the doors was so great that many members had to have the aid of police to get into the hall.

The election of Colonel Quay ends the struggle which began at the organization of the legislature in 1899 and has since continued without interruption. Seventy-nine ballots were taken by the last legislature without a choice, and then the legislature adjourned. The day following, April 21, Governor Stone appointed Mr. Quay to the senate, and on April 23, 1899, his appointment was rejected by the senate by one vote. Pennsylvania has since had only one United States senator, Boise Penrose.

Clark Lacked One.

HELENA, Mon., Jan. 16.—William A. Clark of Butte lacked one vote of the number required to elect him to the United States senate yesterday. The first ballot for senator was taken at noon by both houses. Two members were absent. Had the vote been in joint session Clark would have been elected, as he received a majority of the votes cast. A joint ballot will be taken today. Meantime the absent Republican members are expected to arrive. There were 30 Republicans in the senate and house, and they voted for Senator Thomas H. Carter for the long term and former Senator Mantle of Butte for the short term. Ten labor men in the house voted solidly for A. E. Spriggs.

No Choice In Delaware.

DOVER, Del., Jan. 16.—The Delaware legislature met here at noon yesterday and proceeded to ballot for a United States senator. The first ballot was indecisive, as was expected. It brought out no surprise except that Senator Richard R. Kenney lacked but two votes of being re-elected for the long term, and Willard Salsbury was one vote behind Kenney. The latter state of affairs was caused by the absence of three Republicans, Senator McFarlane and Representatives Ewing and Hitchen. J. Edward Addicks, the gas man, received the solid vote of the Union Republicans.

Hoar For the Fifth Time.

BOSTON, Jan. 16.—For the fifth time in a quarter of a century the Massachusetts legislature elected George Frisbie Hoar of Worcester to the United States senate. In the upper branch of the legislature 28 Republicans and 1 Democrat voted for the venerable senator, while 6 Democrats voted for former Secretary of State Richard Olney. In the house 164 Republicans and 5 Democratic members voted for Senator Hoar, while 48 Democrats chose Mr. Olney, and 1 vote was cast by a Social Democrat for Charles H. Bradley of Haverhill.

A Capable Official.

The announcement that S. St. John McCutchen, of North Plainfield, had been appointed by Governor Voorhees to serve as a member of the State Board of Education occasioned no surprise as it was generally expected that he would be returned to that public position. Although Mr. McCutchen is a Democrat, he has performed his duties on the Board in a strictly non-partisan manner. He has worked from first to last for the best interests of the State and devoted his efforts toward giving the people of New Jersey the best school system possible with the funds at hand.

Plainfield's public school system is recognized as one of the best in the State while the schools of New Jersey compare very favorably with those in any other State in the Union. Last year a Commission, on which Mr. McCutchen served, codified and revised the school laws of the State. As a general thing, the new law was very satisfactory, but there a few things which will probably have to be altered by the present Legislature. If the changes will affect an improvement in the present system, they should by all means be made.

It is a matter for general satisfaction that Governor Voorhees realizes the need of keeping the public schools out of politics as much as possible, and appoints those men to take charge of them for reason of their ability rather than their political beliefs.

There is so little crime in Plainfield that it is but seldom that the people of Plainfield come to realize the need of better police protection. This year the Police Board has asked that the four vacancies in the force be filled to bring it up to its regular standard of efficiency. While there would, undoubtedly be considerable opposition to increasing the police force of the city, there should be no objection to bringing it up to the standard which was arranged several years ago.

At the request of the Audubon Society of the State, Senator Cross has introduced a bill prohibiting the use of the plumage, skin or any portion of the body of a bird for anything but scientific purposes. While Massachusetts passed such a law, it is extremely doubtful whether it will ever get any further than the committee to which it was referred.

The promptness of Jersey justice as illustrated by the short time in which the jury for the great murder trial at Paterson was chosen, has caused general comment all over the country. It was a perfect revelation to the New York newspaper men who were accustomed to seeing several days occupied in the selection of the jury.

The idea of a Lieutenant Governor pleases some of the politicians of the State. It would mean one more high office to fill. Last year, however, there really seemed a need for such an official when the executive head of the State passed from one to another so frequently.

Although Assemblyman Meeker is not much of an orator, he appears to be a prominent figure in the Assembly this winter.

Mayor Jenkins will make his appointments for the year at the February meeting of the Common Council.

There seem to be quite a number who desire to be policemen.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May Be Of Interest to Plainfield and Its Citizens.

The battle between the Kean and Voorhees sections of the Republican party in Union county is still on, and will wage fiercer than ever since last

Friday, when Hamilton Kean, younger brother of United States Senator Kean, downed the Governor's friend, Charles N. Coddling, for chairman of the county committee. Gov. Voorhees, Congressman Fowler and Former Mayor Rankin, of Elizabeth, backed Coddling, but the Kean brothers won. Relations have been strained between the Governor and the Senator for some time past. What the trouble is does not appear, but there is an impression that it arose because there is not room for a Governor and a United States Senator in a small county like Union.—Pascatic Daily News.

TEA TABLE TALK.

Short and Gossipy Sketches That Are Not Always News, But Just as Interesting.

The Colonial Dames of New Jersey offer a prize of \$5 for the best essay on a colonial site or building, written by a pupil in any public or private school of the State, and entitled "A Colonial Landmark of New Jersey." It must be a description of some historic site or edifice known to the writer. Anecdotes and accounts of notable colonial individuals may be embodied. The essay should not be less than 700 words in length and should be sent by March 1 to Miss Anna I. Brakeley, Bordentown, N. J.

A well known citizen, who is a commuter, exhibited a tax bill to some of his friends a few days ago. The bill had been sent to him in New York. By it he was rated as being worth property to the value of \$20,000. Now the fact is that the gentleman in question is simply an employee of one of the largest establishments in New York. He hasn't got any property to speak of and never has had. He told the writer to whom he exhibited the tax bill that he would be perfectly willing to pay taxes on \$20,000 if he was so fortunate as to be the possessor of so large amount of cash or real estate of that value.

Calendars have for years been useful and appropriate Christmas gifts, the close of the year and the beginning of a new year so close at hand, suggesting the marking off of future time. Tradesmen and organized companies have utilized them in the way of remembrance that was intended to do a stroke of advertising business as well.

The purely personal calendar is the gem of all. Gotten up by friends for friends, they are daily reminders of interest and affection that make a beautiful gift. Some very handsome calendars of this kind were presented this year. Generally the person who wishes to present one solicits from mutual acquaintances and friends original sayings, quotations, sketches and poems as varied as the taste and ability of the contributors.

A pretty leather binding supplied by the bookbinders art sometimes finishes these calendars, and a unique and beautiful gift is the result. If the leaves are fastened together to be removed daily the recurrent pleasure will last through the whole year. Less expensive calendars of this kind are sometimes made by stringing on ribbon the 365 pages which are turned over after the reading.

Some missionary societies and charitable organizations in town used these calendars this year not only as Christmas gifts to some persons whom they wished to honor, but they collected a fund for the charity or organization by asking each person who contributed a sentiment to give also ten cents or more. One of these calendars was sent by the Young Ladies' Missionary Society of the First Baptist church to Miss Julia G. Shinn, a missionary in Burma.

Persons who suffer from indigestion can not expect to live long, because they cannot eat the food required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all the digestive organs to perfect health. L. W. Randolph.

DUNELLEN.

(Special Correspondence.)

Dunellen, Jan. 16.—Funeral services over the remains of Miss Lizzie Kuldoshes were held from St. John's church this morning and were probably the most impressive of any held in the borough in a long time. A large number of the deceased's schoolmates were in attendance in addition to a host of older acquaintances. Rev. Father Bogaard, of Somerville, was the officiating clergyman. His remarks were very touching and tended to comfort the bereaved mother and brothers and reconcile them to their loss. The pall bearers were the deceased's four brothers, Theodore, David, George and Joseph. Interment was made in St. Mary's cemetery, Plainfield.

For the past few days the running time of the Middlesex and Somerset Traction Company's cars has been anything but satisfactory to borough patrons. At times the cars have been from one to two hours apart, so the great inconvenience of prospective passengers. This was especially true yesterday when scores of people were forced to walk to the Jefferson avenue terminus to catch a Plainfield car.

The Ladies' Aid Society of the First M. E. church will hold an oyster supper in the lecture room of the church on Thursday evening, January 24. An informal programme of music has been prepared and an invitation is extended to all.

The third reception of the dancing class was held in Friendship hall last night and like the preceding ones was greatly enjoyed by the large number of young people who attended.

'PLAINS AND FANWOOD.

(Special Correspondence.)

Scotch Plains, January 16.—The trolley pole on the 6:30 car yesterday morning broke shortly after leaving the village. The car was filled with men who are employed in the factories at Plainfield, and for a time it looked as though it would be a case of walk. The damage was finally repaired so that the car was able to run at a reduced headway and the men were able to make the shops by 7 o'clock.

Owing to a car jumping the track between the village and Westfield yesterday afternoon, the usual fifteen-minute schedule of the trolley was knocked out and cars were running most any way.

AT THE THEATRES.

Something About the Attractions Which Plainfield Theatre-Goers May Care to Witness.

Hoyt's famous comedian, Jas. B. Mackie, will appear at Music Hall tomorrow night with a great company of stars in his support in his own original character of "Grimesey Me Boy" in the musical farce comedy "Grimes' Cellar Door." A splendid supporting company, including that very clever artist, Miss Louise Sanford, is with Mr. Mackie on this occasion and their performances have been highly praised in all cities where they've lately played this season. Henry E. Dixie, of Adonis fame, and Jas. B. Mackie were boys together, and learned to sing and dance on the old cellar door in Boston years ago. Now both are stars and while Mackie still elides down the cellar door, they occasionally meet and talk over their boyhood days when old Grimes lived and chased them away to make the whole world laugh at their funny sayings.

At Music Hall on Saturday, matinee and night, Little Iola Pomeroy will appear in her own musical comedy drama, "Little Hurricane," the play similar to "Musette" made famous by that favorite actress Lotta. Little Miss Pomeroy impersonates a girl of ten years of age in the opening scenes of the play, a veritable child of the street. She is a hoydenish, irrepressible little body full of mischief, prone to practised joking, but with a nature full of love and a pathetic disposition that at once wins the hearts of all who witness her performance. She sings sweetly, is an expert dancer and as an actress is entirely legitimate in her methods; she is supported by an unusually strong company of fifteen artists and every member in the cast will be afforded an opportunity for displaying his or her talent. There are an abundance of original and up-to-date specialties and a big chorus of pretty girls also the famous Herald Square Quartette of Klaw & Erlanger's "1492" fame.

New Residences for Woodland Park. The S. D. Drake Realty Co., which owns Woodland Park, sold yesterday to J. D. Loizeaux three lots on Evergreen avenue and one on Martine avenue. Mr. Loizeaux will break ground at once for four fine dwelling houses to be completed next May. Two of the houses will be built from designs furnished by Architect E. V. French. During the past six months the Drake Realty Co. has sold lots in the park to the value of \$12,000.

TO BETTER SOCIAL CONDITIONS

INTERESTING ARTICLE BY C. E. BUELL IN NEW YORK SUN.

Tells Some Interesting Facts Concerning Various Methods for Relieving the Condition of the Poor.

Charles E. Buell, of Craig place, has an interesting article in Sunday's New York Sun on "How to Better Social Conditions" that should be read by people interested in the amelioration of poverty. In referring to the number of secular communities which are under way, Mr. Buell says that the one at Burley, Wash., represents a novel idea. This community has a membership of thousands. Each member pays a sum of \$125 for a life membership, and only those who are in necessitous circumstances are employed in the industries which such a liberal subscription enables the community to put in operation. It is practicable to enroll 10,000 members in an organization and then give temporary employment to the percentage which will be out of work at their regular vocations at any one time. This is nothing more than a systematic insurance against enforced idleness.

Further along in the article Mr. Buell tells where the English Baptists have established industrial stations at their African missions. They purchase plantations for raising coffee and employ the natives in production as wage workers. The earnings of these plantations go to purchase other plantations and are not turned back into private channels. This self-supporting, self-propagating system will result in great good, as it affords a new field for employment for the poorest and promises to inspire additional and now unthought of means for bettering industrial conditions by giving a larger liberty and providing new fields without narrowing those already opened. A similar work is being conducted by the Sabbath Evangelizing and Industrial Association, which has one or more plantations under way in Central Africa, self-propagating industries. Like efforts are making by other denominations and organizations.

QUARTER CENTURY WEDDED.

Pleasant Celebration at Pluckemin Attended by Number of Boroughites.

A pleasant surprise was given to Mr. and Mrs. John L. Dolliver, of Pluckemin, Monday evening the occasion being their twenty-fifth wedding anniversary. There were present about forty guests from Pluckemin, Belle Mead, Larger Cross Roads, North Branch, Peapack, Bedminster, Somerville and the following were present from the borough: Mr. and Mrs. Joseph Powlison, Mr. and Mrs. J. A. Powlison, Mrs. A. O. LaBoeueaux, Mrs. J. A. Hoffman and Garrett Dolliver. Mr. and Mrs. Dolliver received their guests cordially and entertained the party pleasantly until midnight, when an enjoyable supper was served, when the guests departed wishing Mr. and Mrs. Dolliver many happy returns of the occasion.

ORDER WILL CONTINUE.

Most of the Local Members Will Remain Members of It.

The majority of the members of Plainfield Council, Order of Chosen Friends, have decided to join the new order called the "Home Council of Friends." The new organization was recently effected in New York and most of the members of the old order in the east are joining the new one. The direction of it is entirely in the hands of the eastern members and it is proposed to make it stronger than ever. A few members in the local council decided to withdraw and the money coming to them was paid over. The new order will continue to be beneficial and social, as heretofore.

Locating Street Centres. Street Commissioner Gavett has been engaged during the past few days locating street centres on Clinton avenue, between Second and Fourth streets. The original points were obliterated when the street grade was lowered several years ago and since then surveyors have had considerable trouble in locating property. Permanent stone monuments are now being placed in position, which will not be lost in a change of grade.

MILITIA BOYS VICTORIOUS.

DEFEATED PLAINFIELD BUSINESS MEN AT BASKET BALL.

Company M Won by Score of 16 to 10—Game Was Played at Company Gymnasium at Somerville.

(Special to The Daily Press.)

Somerville, January 16.—The Business Men's basketball team of the Plainfield Y. M. C. A. met defeat last evening at the hands of the boys of Company M, Second Regiment, by a score of 16 to 10. The game was played in the old Y. M. C. A. gymnasium, now used by Company M. The game was a very rough one, little regard being paid to fouls.

While the visitors had a slight advantage in size, the militia boys were quick and had the advantage of team play. They played well together and, but for the stubborn defence of the Plainfielders, would have rolled up a much larger score. The game they played, however, differed materially from the game usually played in Plainfield.

As soon as the visitors realized that the rules regarding fouls were not carefully observed, they followed the example of the other side and the play grew quite fierce. On team work, the home team was considerably superior but their defence was weak.

Neither Moraller nor VanWyck could play for Plainfield, and their places at guard were filled by Denton and Reynolds who played a strong game. The Plainfielders were considerably handicapped in throwing goals by the low ceiling. There were no umpires. A large crowd witnessed the game and was impartial in its applause.

The teams were as follows:

BUSINESS MEN.
 Peterson.....right forward.....Hoffman
 D. Case.....left forward.....Dudrick
 Browning.....centre.....Chambers
 Denton.....right guard.....Houston
 Reynolds.....left guard.....Galtin
Score—Company M, 16; Business Men, 10.
 Goals from the field—Hoffman, Dudeck (5), Houston (2), Peterson (3), Doane (2). Goals on foul—D. Case (1), Peterson (1). Business Men, 1. Referee—M. H. Thompson, of Somerville.

Another New Residence. Charles Leland, of West Fifth street, has given out the plans for a handsome new residence to be erected on that street, below Lee place. Work will commence as soon as the weather permits.

FASHION'S FANCIES.

Petticoats and the Skirts of Street Costumes.

Since the fashion of extremely clinging skirts the use of more than one petticoat has been abandoned on the plea that the short underpetticoat once universally worn tends to enlarge the hips and make the figure clumsy. To compensate for the omission silk petticoats intended for winter wear are lined with flannel or cashmere, which gives them much protective warmth and also adds to their durability.

A silent and not altogether equal war is raging between the short and the long skirt for the street. The skirt just creeping from the ground has reason, hygiene and cleanliness as its allies, but the trailing skirt has the incalculable force of blind fashion at its back, and the very women who, being of moderate income and therefore obliged to walk in the street a great deal, most urgently require the success of the short skirt are the ones who do most to resist it by clinging to the mode of trains.

CLOTH COSTUME.

The cut shows a costume of beige cloth. The skirt is ornamented with three lines of stitching, which pass around the front and up each side of the front, designing a redingote. The bodice simulates three superposed boleros, each bordered with stitching, and has groups of gold buttons and a crenelated bertha of moss green velvet, plain at the back. The sleeves have stitched folds down the outside, with gold buttons at the bottom and a wrist puff of printed panne gathered into a band of green velvet. The chemise and collar are of printed panne, the corselet belt of green velvet. The hat of beige felt is trimmed with beige plumes and a knot of green velvet.

CARE OF THE HANDS.

How to Keep Them Fair and Smooth in Winter.

In order to keep the hands smooth and white they should never be allowed to become very cold nor be exposed to frosty air. In case they are chilled they should be warmed gradually and not held close to the fire at once. Abrupt transitions from cold to heat or from heat to cold encourage roughness, redness and chapping.

EVENING COSTUME.

of the skin, and another determining source of these evils is the habit of not drying the hands perfectly after washing them.

The illustration shown today depicts a costume of pale gray voile. The skirt is plain in front and is laid in large plaits at the sides and back. The short bolero is of plaited voile, bordered with guipure and having a large collar and revers of guipure. The sleeves of plaited voile are decorated at the elbow with a plaited ruffle and a band and bow of black velvet ribbon with metal ends. The chemise of white mousseline de sole has a band of guipure across the square top. The high corselet belt is of black velvet.

SPORTING.

WHIST.

The American Whist League challenge trophy is now the property of the American Whist Club, of Boston. Their team won it for the necessary twentieth time by defeating the strong team from the Baltimore Whist Club. The Baltimore team was the American team's nearest competitor in the East in number of matches won, and it was extremely satisfying to the victors to win the last match from them so decisively. The American Whist Club is without question the strongest whist club in the country, and there record of winning the American Whist League challenge trophy at two successive congresses and also at one congress, winning both the Hamilton trophy (which represents the United States championship, and is held for one year) and the A. W. L. trophy is without parallel.

LEHIGH ELECTS DIRECTORS.

NEW ALLIED INTERESTS ARE ALL REPRESENTED ON BOARD.

Five Old Directors Retired—Road Completely in Hands of Morgan and His Associates.
(Special to the Daily Press.)

Philadelphia, January 16—Changes made in the Board of Directors of the Lehigh Valley Railroad at the annual meeting of the shareholders in this city yesterday show that the control of this property is now completely in the hands of J. Pierpont Morgan and his associates. These changes show furthermore that the Erie, the Reading, the Jersey Central and the Lackawanna interests are to have representation in the new management of the Lehigh Valley.

The new Board of Directors is composed as follows: E. B. Thomas, president of the Erie Railroad; George F. Baer, representing the Philadelphia and Reading; J. Rogers Maxwell, president of the Jersey Central; George F. Baker, Robert O. Lippincott, Charles Steele, B. Borie, J. Wharton, E. T. Stotesbury, Irving A. Sterns, A. Nesbit and Wilson S. Bissell.

The first six names in this list represent the new interests. There was one vacancy in the old board and these five directors retired: E. P. Wilbur, Charles Hartshorn, John B. Garrett, Eugene Delano and R. M. Gallaway. Wilson S. Bissell, who was re-elected a director, has been the company's general counsel for several years.

Alfred Walter was re-elected president, John B. Fanshaw, secretary, M. O. Alderson, treasurer, and Edward J. Hartshorn, assistant treasurer. The vice presidency, resigned by John B. Garrett, will not be filled.

The funeral services of the late James Reville were held from St. Mary's church this morning being attended by a large number of friends and relatives. Rev. Father Smyth officiated. The beautiful casket was covered with handsome floral tributes, among them being a large pillow from the letter carriers of this city. The pall bearers were Morris Shannon, Edward Oline, James Whalen, Thomas Callahan, John Day and James Motley. Interment was made in St. Mary's cemetery.

Rev. A. E. Crane to be Wedded.
Announcement is made of the approaching marriage of Rev. Arthur E. Crane, formerly of this city, but now pastor of the First Baptist church, of Camden, S. C., to Miss Sarah Goodale, of that place. The event will take place Sunday, February 20.

Representative to Grand Conclave.

TO BRING INDUSTRIES HERE.

BUREAU OF STATISTICS OF LABOR AND INDUSTRIES DIRECTORY.

Will Contain Useful Information About Every Municipality—Plainfield Invited to Send Facts.

The attention of the Plainfield Board of Trade is called to the fact that the Bureau of Statistics of Labor and Industries has in course of preparation a directory of the State, which will include information such as persons seeking locations for industries of any kind that would be considered desirable to have locate in this State. The purpose of this directory is to make the resources and advantages of the State known, and to influence them in establishing business in the towns of the State.

The directory will contain the names of every city, town and borough in the State, together with the population, banking facilities, railroad connections, industries now in operation, factory buildings that are idle, but available for use, and other information which will bring every community in the State into public view, thus affording all towns an equal chance in the competition for the advantages that lead to growth.

Every community that desires to increase in population and business activity is earnestly requested to write to William Stainsby, chief of the Bureau of Statistics of Labor and Industries, a statement conveying full information on the following points:

Railroad connections and distances from nearest station. The quantity of land available for factory sites and the conditions on which it may be obtained by those desiring to establish factories.

Number of buildings idle that are suitable for factory purposes, giving the floor area of each, and the price at which the buildings may be purchased or the rent per month asked for them.

The kind of power available, whether steam, water or electric. What special advantages are offered to induce manufacturers to settle.

It is believed that this information will prove of vast benefit to the business interests of every city and borough throughout the State.

The members of the Plainfield Board of Trade might be the means of inducing some wide-awake industry to locate in this city if they will avail themselves of the opportunity here presented to place before the country the many excellent advantages of this city for the establishment of first-class business industries.

Taken With Spasms When Arraigned.
When Joseph Sullivan, arrested yesterday morning, charged with being intoxicated, was arraigned this morning before City Judge Runyon, he was seized with a fit and fell to the court room floor, where he writhed in spasms. It required all the strength possessed by Dorman Flanagan, Patrolman Vanderweg and Jim Donohue to hold the unfortunate man. Captain Kiely telephoned for Dr. Carman, the city physician, who gave Sullivan the necessary attention.

Funeral of James Reville.
The funeral services of the late James Reville were held from St. Mary's church this morning being attended by a large number of friends and relatives. Rev. Father Smyth officiated. The beautiful casket was covered with handsome floral tributes, among them being a large pillow from the letter carriers of this city. The pall bearers were Morris Shannon, Edward Oline, James Whalen, Thomas Callahan, John Day and James Motley. Interment was made in St. Mary's cemetery.

Informal Tea.
Mrs. Israel P. Pierson will give a tea this afternoon from 4 to 6 o'clock at her residence, 733 Watchung avenue, in honor of her friend, Mrs. Howard Williams, formerly of New York, but who has recently taken up her residence at Netherwood, and to Miss Welles, of Wyandover, Pa., a friend of her daughter, Miss Pierson. The function is to be an informal affair and only a small number of Mrs. Pierson's friends are to be present.

Business on Her Own Account.
Miss Gassner, who for some time past has been conducting a millinery department at Woodhull & Martin's store, will make a change about February 1. She has leased the vacant store in the Stillman building on West Front street and will continue her business at that place. For some time she has desired a place with more room, hence her plans to make a change.

Big Raccoon Captured.
The largest raccoon seen in this vicinity in a long time was captured alive at Oak Tree yesterday by Pierre Moore, of East Third street, and Edward Wilson, of Oak Tree. The animal made a hard fight, but was finally subdued and brought to this city. It is the intention of the captors to tame the 'coon and make a pet of it.

Delay in Shipping Lumber.
The carpenters doing the work at the new railroad station are delayed owing to a failure of the firm that was to furnish the lumber. They are now seven weeks behind the contract time. If the lumber had been furnished as contracted for they would have completed their work one week ahead of the contract time.

Some People Wonder.
People who have occasion to travel over the new Madison avenue-Duer street bridge are wondering when the stone walks are to be laid on that thoroughfare. The present dirt walk is not desirable nor pleasant.

John P. Powers, the Somerset street druggist, is confined to his home on Craig place by illness.

WOULD NOT KEEP OFF ICE.

SO ICEMAN McDONOUGH HAD YOUNG MEN ARRESTED.

South Plainfield Greatly Interested in Arrest of Two Prominent Residents of That Place.

Cormick McDonough, an ice dealer, who lives near South Plainfield, in Piscataway township, has caused the arrest of Claude Cumberly and Harry Manning, two well-known and popular young men who live in South Plainfield. The young men were arrested Monday by Constable Charles Grover on a warrant issued by Justice William A. Russell, as has already been told in The Daily Press.

The charge against the accused is malicious mischief in skating on a pond in Piscataway township which is used by Mr. McDonough to gather ice. A few days ago when Mr. McDonough had arranged to gather the ice he received notice from the State Board of Health informing him that unless he kept the ice free from skaters it would be condemned and he would not be permitted to sell it.

When Mr. McDonough received the notice from the State Board of Health he drove the skaters off the ice and posted notices warning all that there must not be any trespassing. It appears, however, that Cumberly and Manning refused to keep off the ice. It is also alleged by McDonough that they used language that is not printable. It is on these words that the charge of malicious mischief is based.

After being unable to make the skaters leave, Mr. McDonough consulted George B. Silzer, a lawyer, and also made affidavits before City Judge Runyon, of this city. The accused were taken before Justice Weaver, of South Plainfield, Monday, where they furnished bonds in the sum of \$100 for their appearance before the Grand Jury.

VICTIM OF GRIP.

Mrs. Catherine Noel Died Last Evening at Home of Her Sister on New Street.

The death of Mrs. Catherine Noel occurred at the home of her sister, Mrs. Brandt, on New street last evening after a two weeks' illness from grip. She had been very low for the past few days but she bore her illness patiently and passed away peacefully.

Mrs. Noel was born in Dublin, Ireland, seventy-eight years ago but has lived in this city for the past fifty years. She resided with her son, Charles Noel, of Netherwood, until the destruction of his home by fire last spring. The fire gave her a nervous shock from which she never fully recovered.

She then made her home for two months with her oldest son, Joseph Noel, of West Third street, but of late has been living with her sister, Mrs. Brandt, at whose home she died.

In addition to these she is survived by a brother, William Hewson, acting Overseer of the Poor, who also resides on New street. The funeral arrangements have not yet been made.

MRS. WINZENREID PASSED AWAY

Died at Her Home on Lee Place This Morning—Pneumonia was the Cause.

In spite of the highest medical skill obtainable and all that loving hands could do, Mrs. John Winzenreid, wife of Patrolman Winzenreid, passed away at her home on Lee place this morning shortly after 10 o'clock. She contracted a cold two weeks ago which rapidly developed pneumonia. She sank very quickly during the past few days and her death was expected to the last and conversed with those about her.

Mrs. Winzenreid was thirty-two years old and had lived in this city all her life. She was the daughter of the late Frederick and Mary Vanderweg and is survived by the latter. Beside her husband, four children, the oldest of which is ten years old, are left to mourn her loss. The funeral arrangements will be made later.

The regular rehearsal of the chorus Monday evenings, Jan. 21 and 23, will be held in the chapel of the Crescent Avenue Presbyterian church.

Progress of Pool Tournament.

MADE HER DEBUT.

Reception Given by Mrs. Percy H. Stewart to Introduce Miss Ida Stewart into Society.

A charming affair of yesterday afternoon was the "at home" given by Mrs. Percy Hamilton Stewart, of 922 Central avenue, for Miss Ida Stewart, who made her appearance into society for the first time. The hours were from 4 to 7 o'clock, and during that time about two hundred of Plainfield's society folk called to do honor to one of the city's fair young women.

Mrs. Stewart and Miss Stewart received and were assisted by Mrs. Frederick W. Yates, Miss Bessie Ginn, Mrs. Jules Erickson, Mrs. Thomas Day, Mrs. Eugene Moore, of this city, and Mrs. Granville Garth, of New York. Miss Helen Davis and Miss Cochran poured tea. The decorations were beautiful, and especially attractive in the dining room. They consisted of roses, smilax, etc., all arranged prettily. During the hours Rogers' orchestra discoursed a pleasing programme of music.

Funeral of Mrs. Weyer.

Funeral services over the remains of Mrs. Henry Weyer took place at her late home on Columbia avenue yesterday afternoon. They were conducted by Rev. Dr. W. B. Richards, of the Crescent Avenue Presbyterian church. He spoke very highly of the Christian character of Mrs. Weyer and referred in various ways to her faithful church attendance when her health permitted. Those who acted as pallbearers were Edward Willis, James Borrup, Oscar Zugbaum and William Cole. Interment was made in the North Plainfield cemetery.

Missionary Service.

The prayer meeting at the First Presbyterian church this evening will be a missionary service in charge of the "Kings Messengers," a mission band of the church. An address upon work among the Freedmen will be given by Rev. Dr. Shearer, of New York.

London's Chief Magistrate.

The city of London invests its chief magistrate with the most extraordinary powers and prerogatives. He is not only chief criminal and civil judge of the city, but likewise generalissimo of the city militia and admiral of the port of London. He has the right to compel him to sign a bond of \$1,000,000 for the safekeeping of the jewels forming part of his insignia of office.—N. Y. Times.

Waste of Apples.
In ordinary apple years the waste of skin and cores amounts to 500 or 600 carloads, and during years of abundant yield it runs as high as 1,200 and 1,500 carloads. All this waste now goes to the factories, which make cheap jellies. There are upward of 140 of these factories in this country and they have an annual capacity of some 200,000,000 pounds.—Chicago Chronicle.

Great Smokers.
Hollanders smoke more than any other Europeans. Tobacco is cheap in their country and nearly all the grown males delight in the pipe. The habit is so common that the boatmen of Holland measure distances by smoking—saying that the distance between two named points is so many pipefuls of tobacco.—Albany Argus.

Merely Complaining.

"Yes, madam, your complaint is chronic, without the slightest ailment to excuse it."—Philadelphia Press.
