## FURTHER TALK ABOUT MUNICIPAL OWNERSHIP

Subject Was Discussed at Length  
at Meeting of the Board  
of Trade.

### THE CITY PAYS TOO MUCH.

MR. LOUNSBURY TOLD HOW CITY  
PAID \$6,000 A YEAR FOR WATER.

Members of Board Thought City Could  
Carry on Such a Plant and Make It  
Self Supporting—Buy Present  
Plant or Buy a New One.

The Plainfield Board of Trade, like the Borough Common Council, has awakened to the idea that the city should own its electric light plant and water system. This matter has been agitated for a number of years, but no definite action has ever been taken and the subject has been allowed to end in talk.

When it is understood that this city pays nearly \$6,000 for the privilege of using water that is pumped from the bowels of the earth, almost directly beneath its streets, it appears almost absurd and sets people to thinking.

At the close of Monday evening's meeting of the Board of Trade the cost of supplying the city with water came up incidentally. Mr. Lounsbury, who is secretary of the Board of Education, astonished the members of the Board of Trade by stating that the city was compelled to pay to the Plainfield Water and Supply Company the enormous sum of about \$1,000 for supplying the public schools of the city with water. Besides this city has to pay \$15 a year for each fire hydrant. There are 2 1/2 fire hydrants, which at \$15 each, makes the sum of \$4,380. To this add \$1,000 for school purposes and it will be seen that the city is compelled to pay more than \$5,000 to the Plainfield Water Supply Company each year for fire purposes and schools. Of course this is not all the city has to pay in the way of water.

Many of the citizens are anxious to do something in the way of having control of the water supply. Various opinions were advanced by the members. Mr. Lounsbury expressed the opinion that the city should at once take steps toward either building and operating its own plant or purchasing the present system. Mr. Lounsbury stated that the matter had been called to the attention of the Common Council but that nothing had ever been done about it. There was a time he said when the city had the privilege of buying the plant of the Plainfield Water Supply Company but that that time had been allowed to slip by.

Mr. Lounsbury said that if the citizens would wake up and give the water company to understand that they intended to operate a plant the company would be glad to sell at a reasonable figure. If it was found necessary to establish a new plant and relay pipes he believed it could be done without entailing much inconvenience to the public. The saving to the taxpayers, Mr. Lounsbury said, would in a few years pay for the cost of the new plant. He believed the water company was getting a handsome income from the city for the use of its water.

Mr. Loizaux suggested that the city should have pumps, run by wind mills, established at each school when the city could pump its own water at a very small cost. These pumps and other apparatus cost about \$100 and can be run daily for an expense of less than \$25 a year. They are reliable and where they are used are considered very satisfactory.

O. W. Runyon expressed the opinion that the matter ought to be taken up by the Board of Trade and presented to the Common Council in a proper manner. He thought that if the newspapers would agitate the matter it might awaken the citizens to the importance of owning a water system of its own.

President Woolston questioned whether the Common Council was in a position to do anything in the premises. He thought it a question that would have to be submitted to the voters. Perhaps if the subject was kept before the public until the next municipal election the people would understand it sufficiently to take some cognizance of its importance.

Mr. Laing also spoke in favor of the city owning the water system. He said that he realized that the taxpayers were taxed heavily for water for city purposes. He believed that it was possible for the city to either buy the present plant or to establish a new

## BIG BARN BURNED.

Four Horses, Eighteen Cows and Seventeen Hogs Perished in Fire  
At Flemington.

(Special to The Daily Press.)

Flemington, Jan. 24.—The large barn belonging to Arthur M. Hamblen, on the outskirts of this village, was totally destroyed by fire, together with its contents, including machinery and several hundred bushels of grain, early yesterday morning. Four horses, eighteen cows and seventeen hogs perished in the flames. The building was the largest in this county. The loss will reach \$10,000, which is covered by insurance. The origin of the fire is unknown.

## ABOUT MILITIA COMPANY.

PLAINFIELD'S ORGANIZATION WILL BE  
COMPANY K, SECOND REGIMENT.

Was Generally Supposed That Trenton Would Get That Company. But Authorities Assigned It Here.

Much interest has been shown by the young men of this city in the announcement made in yesterday's Daily Press that a militia company would be located in this city after all. The meeting at the Hotel Kensington this evening, at which Lieutenant Colonel Collins will be present and formulate the organization of the company, will doubtless be largely attended by those who are interested in the formation of the company.

A wrong impression prevails concerning the company which has been assigned to Plainfield. The general idea was that the company of Second Regiment of the New Jersey National Guard, which was supposed to go to Montclair, was assigned to Plainfield. It will be remembered that sometime ago Plainfield and Montclair were both after the company, but that it was given out that Montclair should receive it as that city already possessed an armory.

Plainfield militia company will be part of the Second Regiment but it will be Company K, which it was generally understood, was to be located in Trenton. The movement has even gone so far that a company had been recruited at the State capital. For some reason, the military authorities of the State decided that it would be better to give the company to Plainfield instead of having another in Trenton and so the change was made.

## PETITIONS CIRCULATED.

Local Workmen Ask Congress to Pass  
The Ship Subsidy Bill—Said  
Fowler Favors It.

Senator Hanna's bill, which purposes subsidizing American shipping lines has met with strong opposition. When the bill was first introduced, it was generally thought that it would pass with a rush. Unexpected obstacles, however, have cropped out in Senator Hanna's own ranks and consequently the measure halts.

In order to aid the measure petitions are in circulation urging the passage of the bill. Recently a petition was circulated in this city and it is being signed by the employees of the Pond Machine Tool Company, the Potter Press Works and in various other shops, praying that Congress will pass the measure. It is understood that Congressman Fowler, of this district, is in favor of the measure and that he is the author of the petition in this vicinity.

## FORMER PLAINFIELDER WEDDED.

in New York Last Monday.

Plainfielders will be interested in the announcement of the marriage of Thomas E. Warman, formerly a resident on Grove street, in the borough, to Miss Fanny J. Watts, daughter of the late O. L. Watts, of New York. The event occurred Monday afternoon at the home of the bride on Twenty-eighth street, and Rev. Stephen G. Holmes, a rector in the Episcopal church, officiated. The bride formerly lived on Grove street, and both she and her husband have many friends in this city and the borough. They will reside in New York after a short wedding trip.

## FINAL STEP TAKEN IN SEWELL'S ELECTION

Joint Session of Legislature Held  
Yesterday and Election Was  
Formally Announced.

### IN ASSEMBLY CHAMBER.

CHAIRMAN PITNEY READ RECORD OF  
BOTH HOUSES SHOWING VOTE.

Few Visitors Were Present at Ceremonies. But Audience Showed  
Wild Enthusiasm When Result Was Announced.

(Special to The Daily Press.)

Trenton, January 24.—William J. Sewell, of Camden, was formally declared re-elected to a third term of six years as United States Senator from New Jersey at a joint session of the State Legislature, held in the assembly chamber at noon yesterday. Excepting for the presence of a large number of State officials and politicians, who lined up behind the railing several deep, there was little more interest displayed in the proceedings than at the preceding day's election. A fringe of spectators filled the front seats in the gallery, and the announcement of General Sewell's election, made by Senator Mahlon Pitney, who presided at the joint session, was greeted with wild applause.

The hands of the big clock over the speaker's desk pointed exactly to the meridian as the twenty-one Senators entered the Assembly Chamber, escorted by House Sergeant-at-Arms Frank Tatum, and marched down the aisle in pairs, while the House members stood in respectful silence. When the Senators had all entered the Assembly Chamber, Speaker Bradley rapped for order and the members seated themselves, the Senators occupying chairs placed before the speaker's desk.

On motion of Senator Reed, of Somerset, Senator Pitney, the president of the Senate, was named as chairman, and Senate Secretary Edge and House Clerk Parker were made clerks of the joint session.

Secretary Edge read the record of the Senate election yesterday, showing General Sewell to have received 17 votes in that body to 4 for Alvah A. Clark, and the record of the House election showing the vote to have been 45 for Sewell and 13 for Clark. After the reading of the journal Senator Pitney said:

"The journals of the Senate and House of Assembly of the State of New Jersey show that a majority of the votes of the members of this Legislature having been recorded for Gen. William J. Sewell, I now declare him to be elected to be Senator from New Jersey in the Congress of the United States for the term beginning March 4, 1901."

For State director of joint companies, Senator McCarter nominated Charles Bradley, of Essex, and Senator Hudson, for the Democrats, named Patrick Doyle, of Hudson. Bradley was elected by a party vote. This office, which pays no salary, is simply honorary.

On motion of Senator Reed the joint session adjourned at once until Tuesday, February 5, when it will convene to elect commissioners of deeds.

## Woodhull & Martin Making Improvements.

Woodhull & Martin, the popular dry goods firm, are making some extensive alterations at their store, so that they may have more needed room. Miss Gasener, the milliner, will leave the place February 1, and the room now occupied by her department will be devoted to a suit department. The firm has had great demands for ladies' suits and they have decided to put in a complete line of them. This they can do with the increased room. The firm will not conduct a millinery department.

## Flooded Cory Building.

A few nights ago the water pipes in the Cory building on Park avenue burst and the building was deluged with water. It was impossible to get into the building and the floors and walls were thoroughly soaked before the water could be shut off. At present the place is not occupied, that is the first floor, and the damage was not so great.

## Both Doing Well.

## MUCH MILK SOLD HERE IS WATERED.

Borough Board of Health Made  
Tests of Borough's Milk Supply  
and Isn't Satisfied.

### STATE INSPECTOR IS HERE.

CLAIMS MILK IS SOLD FOR PURE  
AND MEASURE IS SHORT.

Many Samples Secured By State Dairy Inspector This Morning—Will Be Sent to State Chemist to Be Tested.

The efforts which the North Plainfield Board of Health has been making for several months to ascertain the quality of milk that is being sold in the borough appear to be succeeding. For several weeks William E. Honeyman, secretary of the Board, assisted by Health Inspector Pangborn, has been making an inspection of milk that is being sold among the citizens. In all seventy tests have been made by the aid of the lactometer and creamometer.

These tests have satisfied the Board that they were working in the right direction. The Board was satisfied of three things. First, that much of the milk was watered. Second, they were positive that milk, which had been partially skimmed, was being sold as pure; and third that some of the pint bottles in which the milk was placed held but nine-tenths of a pint when completely filled. A pint of milk should weigh 16 fluid ounces by law.

With these suspicions and facts in view the local Board decided to have the milk question looked into more carefully than they were able to do. At the request of Secretary Honeyman, State Dairy Inspector S. S. Vanduff, of D. C. Kertown, came to Plainfield. This morning he started out with Health Inspector Pangborn. They succeeded in getting thirty samples of milk from various dealers. The milk was placed in small bottles and has been shipped by Mr. Vanduff to Shippin Wallace, the State chemist at Trenton, who will make an analysis of the entire quantity.

There are about eighty peddlers and dealers who sell milk in this city and the borough. The Borough Board of Health has by no means finished its labors in the direction of inspecting milk sold hereabouts. There are yet several other dealers whose milk will be carefully inspected.

It is the purpose of the Board of Health to follow this matter up persistently. Where it is found that dealers are violating the law they will be prosecuted.

## LOST VALUABLE HORSE.

Former Sheriff Wm. T. Kirk Compelled  
to Kill Equine Which Was Injured Last November.

Former Sheriff William T. Kirk, of West Seventh street, was compelled to shoot a valuable mare yesterday. The animal, which was quite a speedy one, was injured early last November. In turning around on East Fourth street in front of Mr. Kirk's office, the horse slipped on the car rails and fell. Both knees were cut open and the bones injured. Mr. Kirk made every possible effort to save the horse but the animal's legs stiffened out so that it was unable to walk. Its condition grew worse and worse until death came to end its sufferings.

## ORGANIZER DAVIS IS FINALLY HEARD FROM

Appeared in Paterson and Explained Why He Left  
So Suddenly.

### CALLED TO OTHER FIELDS.

SAYS THE FUNDS WERE FORWARDED  
TO CHICAGO.

Resigned His Place as Leader of Newark Branch. As He Was Ordered to Pennsylvania—Newark Members Feel Better Now.

After worrying the members of the Newark Branch of the University Association by his sudden disappearance, Clarence Davis, State organizer of that association. He was present and conducted the first study session of the Paterson Branch Tuesday evening. It will be remembered that Mr. Davis was the organizer of the Plainfield Branch nearly a year ago.

To Paterson reporters Mr. Davis made explanation of his resignation from the work in Newark. There was a general misunderstanding, he said, and that had made him the victim of unwelcome notoriety. Mr. Davis said:

"My work in a town or city ends when I have organized a centre there and have helped it to start along sufficiently for it to be able to run itself. I am not called upon to deliver lectures or conduct class meetings and when I do I receive no pay for it whatever. When I organized the Newark centre the members asked me if I would not conduct the classes. I said I would as long as it was possible for me to do so, and this I have done ever since, with two exceptions, receiving, as I said before, not a cent of compensation.

"The money I collect does not go to me. I send it to Chicago. I don't see how my letters to Newark parties could have been so misunderstood. I was directed from the home office to leave New Jersey as a field and seek other likely places for the establishment of centres. I went to Easton and Allentown, Pa., and I found that I could not take care of the Newark classes any longer and so gave them up. I was not successful in my quest and may now go to Maryland or elsewhere. I shall attend the meeting of the classes in Newark and at the next meeting of the Paterson centre I shall be present if possible. If I cannot be there some one else able to lead you will do so."

The members of the Newark branch are feeling somewhat better about the absence of Mr. Davis and a letter received from the head officials of the association has tended to put them more at their ease. It is now decided that the Newark branch will continue its meetings as usual.

## DANCED AT CASINO.

Young Married Set Gave Second of  
Series of Successful Dances  
Last Evening.

The second of the series of four dances given by the young married set of the city took place last evening at the Casino, and the attendance was larger than the first, there being over one hundred couples present. As on the previous occasion everyone had a thoroughly enjoyable time. There were no special decorations, but the pretty women and their fashionable gowns lent a peculiar charm that is generally noticeable at such affairs. The cotillion was led by Lewis G. Timpon and Mrs. Edward M. VanBuren, after which the regular programme of dances was given. The excellent music was a feature and assisted very much in making the event one of great success. The third dance will be given in February.

## HIGH SCHOOL WON AT HOCKEY

DEFEATED LEAL'S SCHOOL TEAM  
BY SCORE OF 1 TO 0.

Leal's Boys Had Superior Team Work—  
Long Run by Arthur Denton  
Ended in the Only Goal.

By good individual work the Plainfield High School hockey team defeated the Leal's School team on Holly's pond yesterday by a score of 1 to 0. Not having practiced to any extent the High School boys were lacking in team work, while in this the Leal team excelled. The former team was able to cope with them, however, and the first half ended without either side securing a goal.

In the second half the playing on both sides was excellent and for some time it looked as if the game would end in a tie. In a lucky moment Arthur Denton, of the High School team, secured the ball and running nearly the entire length of the course, made the one goal which won the game.

## SCHOOLS ARE CROWDED.

Promotions in Borough School Will Make  
Re-Arrangement Necessary With  
Present Accommodations.

The crowded condition of the schools of the borough is becoming a serious matter with Superintendent Wightman and the teachers. The promotions that are about to be made at the Somerset street building will necessitate changes among the pupils who will have to be taken care of.

The satisfactory work that has been done by many of the pupils is very gratifying to the teachers. Some of the pupils have attained high percentages in their studies and they must now be promoted to other grades, thereby causing a general change and entirely new arrangements in providing for them.

The question of more room is one of the important matters which the Board of Education will have to look into in the near future.

## CRASHED IN POLE.

Excellent Runaway at Freight Station  
Yesterday Afternoon.

A team of horses belonging to Frank Rickert and attached to a heavy truck, were standing at the freight house yesterday afternoon when they became frightened at a passing locomotive. The animals dashed out of the freight yard, pulling the heavy truck over two tracks, and brought up with a crash against a telephone pole on North avenue.

Both horses freed themselves from the harness but were caught before going any distance. The truck was badly damaged in front, but the team escaped injury.

## Mayor Will Probably Appeal.

Mayor Smalley, of the borough, will decide today or tomorrow whether he will take an appeal from the decision given in the case of W. J. Pride against himself. The chances are strongly in favor of appeal.

## IMPORTANT POST FOR AN ANTI-KEAN MAN.

Appointment of Former Mayor  
Rankin to State Board of As-  
sessors Was Significant.

### VOORHEES SCORED POINT.

SENATE CONFIRMED APPOINTMENT  
OF S. ST. JOHN M'CUTCHEEN.

Was Named by Governor For Another  
Term on State Board of Educa-  
tion—Other Appointments Were  
Approved by the Senate.

(Special to The Daily Press.)

Trenton, Jan. 24.—Previous to the joint session of the Legislature, brief business sessions were held by both the house and Senate yesterday morning, and both houses adjourned for the week.

Several nominations were sent to Senate by Governor Voorhees, including that of ex-Mayor John O. Rankin, of Burlington, as a member of the State Board of Assessors. This appointment has been expected for a week or more, and is regarded as a move of the Executive to score a point against the forces led by United States Senator Kean, by whom the Union county faction, headed by Charles N. Coddling, Governor Voorhees and the ex Mayor, recently suffered defeat in the organization of the Union County Republican Committee.

The full list of the other nominations sent in yesterday is as follows: Members of State Board of Taxation—Major Carl Lentz and Charles C. Black, re-appointed.

Judge of Orange District Court—Charles Bigelow Storrs, re-appointed. Prosecutor of the Pleas for Warren County—George A. Angle, re-appointed.

Members of State Board of Education—Otto Crouse, Seventh district, four years; Francis Scott, Fifth district, four years; James L. Hays, Sixth district, five years; Samuel St. John McCutchen, Third district, five years.

Public Library Commissioners—Moses Taylor Pyne, five years; William C. Kimball, four years; Everett T. Tomlinson, three years; Frank P. Hill, two years; Ernest O. Richardson, one year.

In accordance with Senate precedence, the appointment of State School Commissioner Hays, who is an ex-Senator, was confirmed at once, the others being referred to committees.

Half a dozen Assembly bills were reported favorably by committees in the sessions yesterday morning. Assemblyman Bacheller's bill adjusting the salaries of the District Court Judges was reported with an amendment changing the basis of population grading salaries.

Among the other bills reported favorably was Mr. Bacheller's act enabling Newark to borrow money on temporary loans in anticipation of taxes to relieve the financial embarrassment of the Board of Education.

A bill intended to allow the Pennsylvania Railroad to replace its present bridge across the Delaware, at Trenton, with a four-track bridge, was introduced by Senator Hutchison. The company is to pay damages to the State riparian commissioner for any State lands used in extending its tracks or bridge. As the New Jersey Legislature has jurisdiction only to the middle of the river, a similar law will have to be passed by the Pennsylvania Legislature before the new bridge can be built.

Senator Reed presented a proposed revision of the Epileptic Village law, which provides for the commitment of all epileptics in the various asylums in the State to the epileptic village in Somerset county, the State to pay for their maintenance at the village in the same proportion now paid.

## AT THE THEATRES.

Something About the Attractions Which Plainfield Theatre-Goes May Carel Its Witness.

"The Ladder of Life," a first class dramatic presentation, will be the attraction at Music Hall tonight and from all accounts, will be well worth seeing. It comes to this city direct from the Metropolitan Theatre, New York city, where it met with the most unstinted praise from both press and public. The play was such a rare treat in the way of a good, wholesome melo-drama that the papers devoted more than the usual space to its synopsis and the excellent company presenting it. The cast is a large one and is made up of people well known in the profession, including Miss Myrtle Edwards, Guy T. Bennette, Mamie Lincoln, P. O. Foy, Dave Rivers, Jas J. Connors, Chas. Manton, Ira T. Moore and many others equally as well known. All the scenery used is carried by the company and is said to be the best that money can buy. The play is intensely interesting, and the climaxes are strong. It has none of the usual exaggerated lines so familiar in melo-dramas, but it is true to nature. The cast alone should guarantee a good night's entertainment. The play will have another New York production early in the spring.

Charles Leyburne and his big Bon Ton Stock Company will open a week's engagement at Music Hall, commencing Monday night next. "The Princess of Patches" will be the opening bill. This is a story of life in the south, and is from the pen of that well-known playwright, Mark E. Swan. Mr. Leyburne will be seen as "Waggles," a part in which will be found plenty to amuse the audience. That very petite soubrette, Miss Emma Eunting, will assume the role of "Nettie, the Princess of Patches." Specialties will be introduced between acts. Professor Saunders will present on Monday night, the pantomime of "Cinderella," in two acts, with the moving picture machine. Illustrated songs will be sung and numerous other features introduced. Ladies' tickets and 15 cents will secure the best seat in the house Monday night.

I saw Doan's Kidney Pills so highly recommended by those who had used them for such troubles that I went to L. W. Randolph's drug store and got a box. ## AT ALBANY.

Dr. Mary Walker Before the Ways and Means Committee.

ALBANY, Jan. 24.—Dr. Mary Walker, in masculine attire, was the center of attraction yesterday afternoon at the meeting of the ways and means committee. A forcible argument she endeavored to convince the committee that it would be a great salvation to the state if instead of purchasing a costly site for the erection of a state hospital for consumptives they would appropriate \$50,000 for the erection of a consumptive school sanitarium on her property in Oswego county. This sanitarium, she claimed, would be self supporting.

In closing the doctor warned the members of the committee to be careful and not take cold, because the bulk of consumptives contracted the disease in that shift responsibility by jokingly informing the doctor that Assemblyman Castello of Oswego would draw a bill embodying her suggestions. This put an end to the hearing, and the doctor gracefully retired after thanking the members for their undivided attention.

The annual report of the court of claims transmitted to the legislature shows that there have been filed the past two years 578 claims against the state filed with the court for damages growing out of the \$9,000,000 canal improvement work. The aggregate amount claimed was \$2,399,336. The court during the past year disposed of 528 claims. The aggregate amount claimed by the claimants who filed these claims was \$1,023,000 and the aggregate of the awards by the court was \$490,000.

## WRECKS ANOTHER SALOON.

Mrs. Nation Demolished the Barnshaws With Rocks and Hatchet.

WICHITA, Kan., Jan. 24.—Mrs. Carrie Nation wrecked the fourth saloon yesterday at Enterprise, a small town near here. She left Wichita late last night to prevent being hurt by a mob which pursued her around town and threatened to lynch her. From Wichita she went to Newton and later went to Enterprise, arriving there early yesterday. As soon as she arrived in town she went to W. C. T. U. headquarters and held a consultation with women of that order, who advised her to smash the Shilling saloon, one of the finest in town. The meeting was secret, and few of the townspeople knew that she was there.

About 4 o'clock she armed herself with hatchet and rocks and proceeded down the main street. She kept the weapons under her black silk cape. When she arrived in front of John Shilling's place, she opened fire with rocks and smashed the large plate glass windows. She then went inside and proceeded to ruin the fixtures. A large mirror behind the bar, several pictures of women, a large refrigerator, eight cases of wine and many bottles of whiskey were spoiled. The bartender drew a revolver and threatened to kill her, but she laughed at him and dared him to shoot. She even chased him, hatchet in hand, and he fled, as did all the other men in the place, leaving her to have things her own way. Twenty women of the town stood in front of the saloon while she demolished the interior.

After the wreckage was complete the women went down the street singing, "Praise God From Whom All Blessings Flow."

## CHINA MUST COMPLY

Troops Will Remain Until Demands Are Satisfied.

EMPRESS DOWAGER'S LATEST PLEA.

Ministers Decide That China Must at Once Issue Orders and Carry Out Penalties Called For in the Joint Note.

PEKING, Jan. 24.—At a meeting of the foreign ministers held at the residence of Sir Ernest Satow, the British representative, yesterday the Chinese reply to the preliminary demand note was considered.

The ministers are unanimously of opinion that China has misconstrued article 12 of the note, as the memorandum of the Chinese envoys says:

"Inasmuch as China has complied with and signed the treaty presented by the foreign representatives to the satisfaction of the powers the forces at present occupying Peking and the province of Chihli should, in accordance with the terms of the note, be withdrawn."

The ministers decided that as this misapprehension existed in the minds of the Chinese plenipotentiaries steps should be taken at once to remove upon them the necessity of reading the article in question to mean that the troops would not be withdrawn until all the articles in the note had been complied with to the satisfaction of the powers.

The ministers were unanimously of the opinion that China must proceed at once to issue the edicts demanded in the note and inflict the punishments called for. Several of the ministers have received instructions that they must insist upon the death penalties being carried out. Others, like Mr. Conger, the American minister, have not been instructed on this point.

Much of the talk at the meeting of the ministers was in regard to this same matter of punishments, and there was a decided difference of opinion as to the necessity of inflicting the death penalty in the case of some of the princes.

Right here it is interesting to call attention to an edict issued by the empress dowager which was received by Li Hung Chang and Prince Ching today and which says:

"I cannot punish Tung Fu Hsian any further than I have already decreed." This general is now in the province of Kansu, surrounded by a strong army. Prince Tuan is also in that province, where he is staying with his family. The law, and many Mongol princes are gathered there to see what is going to be done.

Even if Tuan is cornered, Tung Fu Hsian will certainly protect him. The Mohammedan revolt in that province, which has been mentioned in these dispatches before, complicates matters in regard to these two particular offenders. The ministers have agreed to present lists of those persons whose punishment will be demanded at their next meeting. All these lists will then be combined in one general list. Then they will be ready to meet the Chinese commissioners.

The discussion of other matters and questions in the Chinese note was not finished—that is, no decision was reached.

Prince Ching says he considers the Chinese requests reasonable and feels sure that the United States will agree to them, as well as most of the other nations.

Russia and Germany have reached an agreement as to the terms on which the railroad is to be transferred to the latter. The Germans will assume absolute control tomorrow, but they will shortly transfer the line to the British.

Creeks Still In Arms. MUSKOGEE, I. T., Jan. 24.—The Creek trouble continues. The rail bloods are still in arms, terrorizing the whites, and are posting notices threatening lives. Two full blood members of the Snake party were arrested yesterday afternoon at Checotah and brought to Muskogee. The Snake party sent word to Marshal Bennett that if the men arrested were not released in 24 hours they would burn Checotah. The citizens fear an attack and are armed. Alex Evans and Eugene Newton were captured and taken away by the Snake band. It is feared that if relief does not come from federal troops bloodshed will soon follow. Marshal Bennett says he will lead a band of 50 deputies against the Snake party if troops are not sent soon.

The Hungarians to Leave Connecticut. NORWICH, Conn., Jan. 24.—A band of 31 Hungarians who since their arrival in this country several weeks ago have been camping near Danielson and Norwich, constituting by their apparent poverty a problem for the authorities, will leave the state Saturday night, going by steamer from New London to New York on their way to Alabama, which they say is their destination. The state agent of the Connecticut Hungarian society, who visited their camp found evidence of great suffering from exposure among the children of the party. Two men and a woman were taken into custody, but were afterward released on promising to leave the state Saturday with the rest of the party, selling what effects they possess to pay their traveling expenses.

Irish Mayors Elected. DUBLIN, Jan. 24.—The lord mayors of the Irish cities were chosen yesterday. In Dublin Sir Thomas D. Pile, who was last year's successful candidate, withdrew, and Mr. Timothy Charles Harrington, member of parliament for the Harbour division of Dublin, was elected without opposition. It has been learned that McLain's movements can be accounted for in this vicinity fully enough to establish an

## OATH TAKEN BY KING

England's New Sovereign at St. James'.

## PARLIAMENT SWEARS ALLEGIANCE.

Grows Cheer Edward VII in London—Dead Queen Lies at Osborne House—Plans for the Funeral.

LONDON, Jan. 24.—Empire take no cognizance of grief or of monarchs that are gone. The whole machinery of the state was employed yesterday in installing the new sovereign and acclaiming him as king.

No one now lives who took part or was present at the functions which were last performed 63 years ago. Therefore the actors were guided only by tradition. This in itself was inadequate, for the progress of human knowledge and the growth of the empire have compelled certain modifications of the ancient ceremonies. It was appropriate enough before the days of telegraphs and railroads that mounted couriers should ride from town to town and heralds with trumpets should announce the accession of Queen Victoria.

A portion of the quaint ceremony will be preserved. Heralds proclaimed Edward VII as king this morning in all parts of the empire, but electric wires will enable its being done at practically the same moment throughout the realm.

The privy council met at St. James' palace at 2 o'clock yesterday afternoon. The lord mayor, the recorder and the sheriffs arrived first, fully robed and in levee dress. Then came a long string of civic carriages, the coachmen and footmen wearing black gloves and black bands on their left arms. The cloth of gold hammer cloths of the coaches were partly covered by large triangles of crape fastened in large crape rosettes.

Then came the king, escorted by a detachment of the Life Guards.

Not until the approaches to St. James' palace were reached did the dense crowds raise their voices in cheers for the new king. Before that they bowed their heads and silently raised their hats.

The king at first was in a separate room from the privy councilors. The Duke of Devonshire, lord president of the council, formally announced the death of the queen. The royal dukes and some lords of the council then repaired to the king's presence and acquainted him with the duke's announcement.

Then the king entered the council and spoke briefly. The lord chancellor administered the oath to the king, and the members of the council took the oath of allegiance.

The following is the full text of his majesty's accession speech:

"Your royal highnesses and gentlemen, this is the most painful occasion on which I shall ever be called upon to address you. My first and melancholy duty is to announce to you the death of my beloved mother, the queen, and I know how deeply you and the whole nation and I think I may say, the whole world sympathize with me in the irreparable loss we have all sustained.

"I need hardly say that my constant endeavor will be always to be guided by the footsteps. In undertaking the heavy load which now devolves upon me I am fully determined to be a constitutional sovereign in the strictest sense of the word and so long as there is breath in my body to work for the good and amelioration of my people.

"I have resolved to be known by the name of Edward, which has been borne by six of my ancestors. In doing so I do not undervalue the name of Albert, which I inherit from my ever to be lamented great and wise father, who by universal consent is, I think deservedly, known by the name of Albert the Good, and I desire that his name should stand alone.

"In conclusion, I trust to parliament and the nation to support me in the arduous duties which now devolve upon me by inheritance and to which I am determined to devote my whole strength during the remainder of my life."

During the ceremony attending the accession of the king all the royal dukes were present, as well as the members of the cabinet, the archbishop of Canterbury, the judges, the lord mayor and the aldermen and sheriffs of the city of London, the latter being there by traditionary privilege. A few gentlemen in plain clothes were also there to represent the fact that the public have a nominal right to be present on such occasions.

The king wore a field marshal's uniform, with the ribbon of the Order of the Garter. He spoke without notes for seven or eight minutes. The general feeling was that his speech was admirable in its tone and touching in its dignity and pathos.

Immediately after the ceremony the royal dukes came forward, took the oath of allegiance and kissed the king's hand. They were followed by the archbishop of Canterbury, who went through the same ceremony. Then came the members of the cabinet, who were sworn in a body, each kissing the king's hand in succession. The members of the privy council were also sworn in a body, but the age paid by them subsequently was individual. The meeting of the privy council lasted an hour.

Plans for the funeral of the dead queen were discussed at a meeting of the authorities of the royal household at Buckingham palace last evening. At the college of arms it was said that the date of the funeral could not be settled until it was known when the European royalties or their representatives could arrive, but that the function would be held at the earliest possible date for the convenience of Emperor William, whose stay in England might be unavoidably limited.

Buckingham palace is being made ready for the royal persons who are arriving in London. Representatives of all the royal families of Europe will probably be present at the funeral, including the kings of Italy, Belgium and Sweden and Archduke Francis Ferdinand of Austria. All the European courts will go mourning for various periods.

PARLIAMENT MEETS.

The houses of parliament assembled yesterday afternoon.

In the house of commons there was a full attendance, except where the Irish Nationalists usually sit. Speaker William Court Gully entered at 4 o'clock, and reminded the members of the house of the consequences of the decree of the deep-lamented queen it was now their duty to take the oath of allegiance to her successor, his majesty King Edward VII. He read the form of oath standing and then signed the roll.

In the house of lords the lord chan-

lor, attired in the black robes of a law officer of the crown, entered about 4 o'clock. About 100 peers were present and a number of peeresses dressed in mourning occupied seats in the galleries. The lord chancellor took the oath of allegiance and signed the roll. He was followed by Prime Minister Salisbury, Earl Roberts, commander in chief of the forces; the Duke of York and the Duke of Connaught.

The house of commons rose at 6:50 o'clock. Not a word had been spoken by any one beyond the taking of the oath of allegiance.

It is stated unofficially that the sitting of parliament will terminate on Friday. It is also stated that the king has decided to open parliament in person.

Among the innumerable telegrams of sympathy that continue pouring in from abroad President McKinley's gives the greatest pleasure. The Daily Chronicle remarks:

"It is believed that President McKinley's dispatch was the first to reach the Prince of Wales under his new title, and as Frederick the Great was the first European sovereign to recognize the independence of the United States so now the president of the great republic has been the first to acknowledge the kingship of the great-grandson of the monarch against whose authority the American colonists successfully rebelled.

"This is very touching when one remembers the visit of the Prince of Wales to Washington's tomb. Probably it was some remembrance of that incident which made President McKinley hasten to be the first to salute the Prince of Wales as king, and the compliment, we are told, was most keenly appreciated."

## A SERVICE FOR THE DEAD.

Additional Details of Queen Victoria's Death.

COWES, Isle of Wight, Jan. 24.—At 11 o'clock this morning the members of the royal family gathered around the body of the late queen, which lay in a simple coffin in the Chapel of the Ardene, festooned with red and white hangings. The bishop of Winchester, standing before an altar removed for the occasion from the private chapel, read a portion of the service for the dead.

The coffin rests upon a specially erected platform draped with royal purple, the feet lying to the east. The head faces the simple altar. Over the features is a thin veil.

For a few hours after the conclusion of this service the public were admitted to the room and allowed to view the remains of the sovereign who so long reigned over them. The body will rest there until Sunday, and it is probable that no removal will occur for ten days.

Details of the dying hours were not obtainable until late last evening. It appears that the queen moved on Sunday day from her big bed into a small cot specially built with springs, which was surrounded by a screen. This was to enable the doctors to reach the patient easily on both sides, which was impossible when she lay in a bed six feet wide. In this small bed she passed away.

On Tuesday afternoon all the members of the family were in readiness for the end. At 4 the Prince of Wales was summoned. Half an hour later he was joined by other members of the family. At 5 o'clock the Duchess of York arrived, and the queen kissed her, saying, "I am glad you have come."

The bishop of Winchester began to pray. The queen slowly sank into unconsciousness. At 6:15 p. m. the end was thought to have come. The Prince of Wales and several others walked out of the room.

But the vitality of the queen once more won the day. For another 15 minutes, with only the Princess of Wales and a few others present, the feeble spark of life was maintained. At 6:30, with Emperor William, the Prince of Wales and the others absent, death actually came.

Death has softened the beautiful face, and the thin veil conceals no terrible defects. The hand of the mighty lever dealt with her lovingly, and as the last visitation of nature has been mercifully mitigated so also have been the pomp and glory which accompany the succession of the king. Tuesday night neither he nor his wife would allow their entourage to address them by their correct titles.

Messages of condolence do not cease to pour in from all quarters of the world. President McKinley's early cablegram created a most favorable impression. It was handed around among the royal personages at breakfast yesterday morning, with the general comment that American sympathy was fitly the first to be received.

## Woman Suffragists Resolve.

BOSTON, Jan. 24.—Miss Alice Stone Blackwell presided over the annual meeting of the Massachusetts Woman's Suffrage association, which was held here. Several resolutions were adopted, among them being the following: "Whereas, More can be accomplished by men and women in co-operation than by either sex alone; therefore, Resolved, That we will continue to work for equal suffrage; we rejoice in the re-election to the United States senate of that tried friend of equal rights for women, Hon. George F. Hoar; that the widespread regret for Queen Victoria shows the value of women in politics; that the laws of Massachusetts be amended to require that six men and six women be impeached when the defendant in the case is a minor."

## IN CONGRESS.

Shipping Bill Discussed—Rawlins of Utah Strongly Opposed.

WASHINGTON, Jan. 24.—Consideration of the shipping bill was resumed yesterday afternoon by the senate. At the instance of Mr. Frye of Maine, who relinquished the chair temporarily to take charge of the measure on the floor, it was made the unfinished business of the senate, thus restoring it to its privileged position. Mr. Vest of Missouri took the floor immediately in a characteristically brilliant, forceful and interesting speech lasting nearly three hours. He advocated free ships and vigorously attacked the navigation laws of the United States, holding that they were responsible for the decadence of the merchant marine of America. He was accorded close attention by his colleagues on both sides of the chamber.

Early in the session Mr. Rawlins (Dem., Utah) precipitated a lively colloquy by charging that a deal had been entered into between the Republican members of the Utah legislature and certain railroad interests and the officials of the Mormon church to secure the election of Theophilus L. Kearns to the senate from that state. He accused Mr. Hale of Maine and Mr. Chandler of New Hampshire, who contended that the statement of Mr. Rawlins ought not to be made in the senate at this stage of the proceedings in Utah, as the senate could not consider the question in any phase in advance of action.

The conferees on the army reorganization bill reached a final agreement late yesterday. The measure is so complicated that the measure will probably not be reported before Saturday. The senate receded from its amendment providing for a regimental rather than a corps organization of the artillery arm of the service.

## Bringing Troops Home.

WASHINGTON, Jan. 24.—The war department is doing what it can to expedite the coming of the 8,000 volunteers in the Philippines whom General MacArthur reported could be spared at once without impairing the efficiency of his army. There has been some delay in the movement of these troops owing to the difficulty of getting them to Manila, the point of embarkation, and at the same time getting other troops to the garrisons thus vacated. General MacArthur has reported that he needs at least 60,000 for the numerous garrisons at various points in the Philippines, and the 8,000 troops ordered home are in excess of that number. The army has been increased to the extent of the troops transferred from China. The arrival of these fresh troops permitted the return to the United States of an equal number of volunteers whose terms of service have nearly expired.

## Trying to Trap De Wet.

CAPE TOWN, Jan. 24.—General Kitchener is disposing of great forces semicircularly, his extreme left resting on the sea, to circumvent the Boers. The columns move simultaneously in touch with each other. The greatest danger of the situation is the possibility of General De Wet's appearance in Cape Colony. It is believed that none of the Dutch would resist his personal call to arms. They think the fame of Napoleon and Wellington pales in the presence of his military genius. Among other captured letters is one from General Hertzog to President Steyn asking for 1,000 unmarried young men to enter Cape Colony and beat up recruits.

## Steamer Encounters Terrible Gales.

NEW YORK, Jan. 24.—The steamer Max, just arrived from Newfurvaes and Helsingborg, reports that on Jan. 11, about 550 miles east of Newfoundland, the vessel experienced a terrific hurricane, with mountain seas, which carried away part of the bridge, three boats and washed the tarpauling off the hatches, stove in cabin doors, and all provisions were destroyed. At 9 p. m. the steering gear was broken, and the vessel lay disabled until 2 p. m. Jan. 13, when the storm abated and the crew were able to repair damages. The vessel then proceeded on her way and arrived without further mishap.

## Troops Ordered Out.

OMAHA, Jan. 24.—General Fitz-Hugh Lee, commanding the department of Missouri, last evening sent telegraphic orders to First Lieutenant Dixon, commanding Troop A of the Eighth cavalry at Fort Reno, O. T., to proceed at once to the scene of the Indian trouble at Muskogee, I. T. General Lee said that beyond the press dispatches he had no information as to the extent of the Snake Indian trouble, and troops had been ordered to the reservation on advice from the war department.

## Smallpox in Syracuse.

SYRACUSE, Jan. 24.—Smallpox has made its appearance in the city. Two cases were discovered last night. One is a patient at St. Joseph's hospital. He is a milk peddler named George Snyder. The other case is that of Katie McCarthy, a waitress, who is employed by the Onondaga County Milk association, where Snyder was also employed. Miss McCarthy waited on the milk peddlers employed by the association.

## BLAZE IN MONTREAL

Business District of That City In Ruins.

A PROPERTY LOSS OF MILLIONS.

Conflagration Broke Out Early Last Evening and For Many Hours Battered All Efforts of the Fire Department.

MONTREAL, Jan. 24.—A fire of appalling proportions raged all last night in the business district of this city. The property loss will reach into the millions, but the exact amount cannot as yet be determined. For hours the entire fire fighting force of the city was unable to stay the progress of the flames, which leaped from building to building and across the street from where the outbreak occurred with startling rapidity.

The fire started at 8:09 in the premises of M. Saxe & Sons, wholesale clothiers, on the corner of Lemoyne and St. Petes streets. The streets in the locality were deserted at the time, and the fire apparently had a good headway before the first alarm was sent in. The firemen, on arrival, found the building, a three story stone structure, a solid mass of flames, the fire having apparently started in the basement and rushed up the elevator shaft in the rear of the store.

Second and third alarms were sent immediately on the arrival of the division chief, but before the nearest re-enforcement reached the scene the flames had leaped across St. Peter street, which is very narrow at this point, and attacked the big five story stone building occupied by H. A. Nelson & Sons company, fancy goods, etc. Here it spread rapidly as it had in the Saxe building. In almost an instant it seemed as if the entire building was a roaring furnace.

The warehouse of Beardmore & Co., tanners, adjoining Nelson's to the south, was next attacked, and from there the flames communicated to the establishment of Silverman, Boulter & Co., wholesale hatters and furriers.

Here another inflammable stock added zest to the flames.

In the meantime the flames had continued down St. Peter street on the side on which it started to the corner of St. Paul street, licking up the premises of J. Bourdeau & Co., hats, caps, etc. St. Peter street for an entire block was a mass of flames on fire.

In the meantime a great fight was being made to save the big Board of Trade building, erected eight years ago at a cost of \$600,000 and adjoining the Nelson building on the north side.

For a long time the efforts of the brigade were successful, a plentiful supply of water keeping the exposed portions cool. But the flames had extended along the north side of St. Paul street, going west from Silverman, Boulter & Co., licking up half a dozen concerns in its path, until it reached the big warehouse for establishment of James Coristine & Co. This building extended all the way from St. Paul street to the Board of Trade building, and the flames appeared to go through it like a tinder box.</

## New Brunswick's Streets.

The man who believes that New Brunswick is a more desirable place to live in than Plainfield must certainly be suffering from some mental derangement. Among the many advantages which this city possesses over the county seat of Middlesex is the fine system of roads here. This fact is brought particularly to mind by the following article which recently appeared in the New Brunswick Times:

"Chief of Police Harding, in preparing some data for out-of-town parties, has secured some interesting information regarding the streets of the city. He has found that the total amount of streets laid out within the city limits is 50 miles. The length of the graded streets is 37.4 miles.

"Of streets paved with macadam there are 7.83 miles; with cobblestones, 1.97 miles; with block pavement, .93 miles; with bricks, nearly a mile of streets has been paved, such pavement having been laid within the past year on Somerset, Bayard, Schureman and Townsend streets. This makes a total of between 10 and 11 miles of paved streets in all about the city."

Plainfield possesses, in round numbers, 110 miles of streets within the city limits. Of that number, 45 miles are macadamized and 65 miles graded. Despite the fact that Plainfield has more than twice the length of streets of New Brunswick, New Brunswick's paved streets only amount to one fifth of the total amount while nearly fifty per cent. of the streets of this city are well paved. And what are the paved streets of New Brunswick after all. Nearly a third of the paved streets there are laid with cobbles or blocks as anyone who has had occasion to drive or wheel through that city has soon discovered. In that direction, at least, New Brunswick is many years behind her progressive neighbor.

Now that the extra company in the Second Regiment of the National Guard has been assigned to Plainfield, it is to be hoped that no petty jealousies will appear to mar the organization of the company. Of course, it is nicer to be an officer than a private but everybody cannot be an officer and it will be necessary to have some privates. If the young men of the city enter into the company in the proper spirit, there is no reason why Plainfield cannot soon have the finest company in the State. While some of the Plainfielders have belonged to military organizations in other places, this is the first time since the Civil War that the chance has come to form a militia company right in this city. The opportunity should not be neglected.

The retirement from business of George L. VanEmburgh marks the close of the business career of one of Plainfield's oldest and best known merchants. Mr. VanEmburgh has always been closely identified with the best interest of the city and his every effort has been to promote the city's welfare. During his long career here Mr. VanEmburgh has made a host of friends. He has fairly earned the reputation for honesty and integrity which has come to him.

The manager of a St. Louis manufacturing company, M. V. Kelley, quotes the Philadelphia Record, has given the results of his experience in these words: "In advertising, as in everything else, persistency will win. I've tried it. I know it. There is not an article of any merit whatever that cannot be sold through advertising and take the field over products that are not advertised."

Present indications are that the series of evangelistic meetings to be held here next month will be the largest and most carefully conducted meetings of that nature ever held in Plainfield. The pastors, regardless of denomination, are assisting in the

## movement.

Hardly a day passes but there is some individual who calls attention to the fact that the city is entirely without proper street signs making it impossible to find many streets in the city without the aid of a map.

The flags on the Plainfield public schools were placed at half mast yesterday in honor of the memory of Queen Victoria. Similar courtesies were observed by other cities throughout the country.

The veterans of the Jersey Naval Reserve, who fought on board the Badger, have perfected a permanent organization.

There should be a good attendance this evening at the meeting when the militia company for this city will be organized.

General Sewell did not have to worry very much over his re-election to the United States Senate.

The municipal ownership bee is buzzing loudly again.

## WHAT OTHERS SAY.

Clippings From Other Newspapers Which May Be Of Interest to Plainfield and Its Citizens.

There will be no Martin Act tax sale for unpaid taxes in Paterson this year. The Aldermen have decided that times are too hard, and that rather than compel many poor taxpayers to lose their property, the city will wait and continue borrowing.—Paterson Press.

The local leaders of the Republican party should at once notify Congressman Howell of the fact that the New Brunswick postoffice is encroaching upon Somerset's rights. If we are to have the rural delivery at all it would be only right to include Middlebush, the Millstones, Rocky Hill and Weston in our district. The proper application to Mr. Howell will, no doubt, right matters.—Somerville Messenger.

The Democrats all voted for Alvah A. Clark as their party candidate for Senator, but that gentleman's ears would have tingled if he could have heard the comments of the Democratic members outside of Hudson, in the caucus yesterday morning, on his candidacy and qualifications. Every member, except the "Boss" Davis contingent from Hudson, made a speech denouncing him. No secret is made of the fact that Mr. Davis' act in digging up and forcing upon the party this tainted political troglodyte seals his fate as a would be State leader of the New Jersey Democracy. No man, it is said, who has no better judgment or sounder principles in the selection of candidates than Davis has illustrated in the choice of Clark will ever be permitted to name the candidate for Governor or the next Democratic United States Senator.—New York Herald.

It is to be hoped that Major General Robert Davis will be more fortunate in his business of resurrecting moribund politicians than was Hon. James Smith, Jr., United States Senator. Toward the close of his term, Senator Smith, in casting about for a means to strengthen himself and his party in Somerset, appointed Alvah Clark as postmaster of Somerville. And, on meeting a political friend, asked what he thought would be the result. The answer came back, as quick as a flash, "Increase Reed's majority in Somerset;" and that was the result.

Today Mr. Davis, whose word controlled the Hudson members, and, through them, the Democratic caucus, is trying the same experiment, with the result to follow. We don't know what Mr. Davis expects Clark to do with Reed, but it is safe to say that he will be disappointed. As to the rest of the party, there is nothing but disgust at the operation.

In olden times, traitors were killed, and their heads left to rot on spikes on city gates; now their heads are left on, and their whole corpses are put into postoffices and honorary positions as a means of inciting loyalty and interest in the success of the party guilty of such tomfoolery.—Trenton True American.

—Mrs. Maxson, wife of Superintendent H. M. Maxson, will address the Junior Endeavor Society of the Congregational church tomorrow afternoon at 3:45 o'clock.

For a year our Dress Goods Department has been clamoring for more room to meet the accentuated demands made upon it. In order to meet this growing need we shall devote the space formerly occupied by the Millinery to Dress Goods and Silks. This necessitates the remodeling of the entire rear of the store. In order to facilitate these changes we inaugurate on Tuesday, Jan. 22, an **IMPORTANT ALTERATION SALE** in order to quickly shrink stock. Ladies' Tailor-Made Suits to be closed out. We shall not handle Ladies' Suits after this season and every suit we have will be sold with out consulting the cost of same. It is not a question of how much we may lose but of how quickly we may dispose of these goods. All our Jackets, Capes, Wraps, etc., to be as fearfully sacrificed. This means a great deal to the purchasing community when the fact is considered that they are all stylish, desirable Tailor-made garments. Those who call earliest will naturally get the best things. ## TEA TABLE TALK.

Short and Gossip Sketches That Are Not Always News, But Just as Interesting.

One of the latest jokes heard since the trial and conviction of the Paterson young man responsible for the death of Jennie Besschleter, is:

"Have you heard that McAllister is dead?"

"No! How did it Oo-Kerr?"

"Why, he fell over Campbell and met Death."

The possibility of a local military company being established in this city will be gratifying news to many people who are interested in military affairs. It is believed that a company can be organized in this city that will not only be a credit to the citizens of Plainfield, but also to the State National Guard. There are plenty of young men—some of the best families—who would be glad to join a military company if the proper men were placed at the head of it. In a few years the High School Cadets will be able to graduate from their ranks a number of young men who will be eligible for admission to the ranks of the new company. In after years there would be plenty of material to select from, as these young men grow to manhood.

## PERSONAL.

Mrs. Thomas Scott, janitress at the North Avenue station, who has been ill for a number of weeks at her home on West Front street, has recovered sufficiently to attend to her duties.

Mrs. James Bell, nee Selzer, formerly of this city, but now of New Haven, Conn., accompanied by her daughter, Gladys, returned home this morning after spending a few days with her friends, the Misses Searing, of Orchard place. Mrs. Bell has many friends in Plainfield who were glad to greet her again after a long absence.

Fire in Chimney.

A still alarm called No. 2 hose wagon and Chief Doane to the residence of James Tracey on Watchung avenue, at 8 o'clock this morning. The chimney had caught fire in some manner and was sending out volumes of smoke. Two extinguishers were required to put out the blaze. The damage was slight.

## FURTHER TALK ABOUT MUNICIPAL OWNERSHIP.

(CONTINUED FROM PAGE 1.)

one and that in a few years it would prove self-supporting.

There was also some talk regarding the city owning the electric light plant. Mr. Lounsbury said that he understood that the citizens of Madison lighted their streets without one dollar of expense, the income from the private consumers paying all cost.

While nothing definite was done nor, in fact, any plan outlined to bring about the desired relief, the members of the Board of Trade were united in the opinion that something must be done in the near future.

It is possible that some action will be taken at the next meeting of the Board.

## TO PROTECT BIRDS.

Appeal for Aid and Members for the State Audubon Society—New Kinds of Members.

To the Editor of The Daily Press:—The New Jersey Audubon Society, organized in 1897, and with a present membership of over two hundred, desires to announce to its members and to all in the State who are interested in bird protection, that a bill has been presented in the present Legislature for the better protection of our State birds.

Additional funds are indispensable to enable the society to carry on the work required for this, and other measures of importance for the protection of birds and we believe it is only necessary to call your attention to this fact, to secure your sympathy and membership.

We hope to obtain a sufficient number of associate members to guarantee us an assured income.

The new classes of membership as proposed are as follows:

Junior members, under sixteen years, paying ten cents.

Life members, paying twenty-five cents and not subject to further assessments.

Associate members: Paying one dollar annually.

Life associate members: Paying not less than twenty-five dollars at one time.

All donations and subscription fees should be sent to the secretary and treasurer.

Miss Anna Haviland,  
53 Sandford avenue.

## FANWOOD'S ELECTION.

Already Some Gossip About Possible Candidates is Heard.

Although the Fanwood township spring election is yet about two months away, there is already some talk in regard to who will succeed Theo. Bruchmann as Town Committeeman and treasurer of Fanwood township. Several names have been mentioned for the honor and the possibility of the re-nomination of Mr. Bruchmann has been considered.

Mr. Bruchmann has been one of the most efficient Town Committeemen Scotch Plains has had in many years. He is thoroughly posted in the affairs of the township. While it is not known whether Mr. Bruchmann can be prevailed upon to accept the honor, there are a number of the citizens who would like to have him consider the matter in a favorable light.

It is believed by many that Mr. Bruchmann is the most available candidate thus far presented for Town Committeeman of Fanwood township, and if Mr. Bruchmann has time to devote to the office he would, his friends believe, prove satisfactory to the citizens of Fanwood township.

**Der bisherige Kaplan** an der hiesigen katholischen Hofkirche, Gustav Bogt, ist zur evangelischen Kirche übergetreten und hat sich in Hannover einem bürgerlichen Berufe zugewandt.

**Döbeln.** Beim Grundgraben für einen Neubau fanden mehrere Arbeiter einen irdenen Topf mit alten Münzen, welche sich als ungarische Goldprägungen aus dem 15. Jahrhundert erweisen und einen sehr hohen numismatischen Werth repräsentieren.

**Crimm.** Jüngst verließ hier der emeritierte Lehrer an der Fürstenschule, Professor Dr. Gottfried Benhard Dieter, im 76. Lebensjahre. Der Verstorbene gehörte dem Lehrkörper der Fürstenschule von 1857 bis 1889 an.

**Gertha.** In der Dampfsgelie des Baumeisters Richter in Rügenhain verunglückte durch Zusammenstößen einer Reimwand der 30 Jahre alte Handarbeiter Wende von hier. Derselbe war auf der Stelle todt.

**Kaufzig.** Nach einer Nachricht vom Regimentskommando des Infanterie-Regiments Nr. 107 hat auch ein Sohn unserer Stadt als Schützengarde der 1. Division aufgenommen. Es ist der Unteroffizier Otto Kürbe vom 2. Ostfälischen Infanterie-Regiment.

**Oelsnitz.** Bei Eöhl erschlug ein Arbeiter Namens Roth einen Schulknaben und nahm ihm die Barschaft ab. Der Knabe wurde verletzt.

**Olbersh.** Der 48 Jahre alte Rechnungsführer Hauke von Olbersh, welcher unter Mitnahme von Geldsummen, die er in seiner Stellung einbehalten hatte, verschwunden war, ist vor Kurzem von Moos sammelnden Kindern in der Lauschaucht bei Zschschen erhängt aufgefunden worden. Von den unterschlagenen Geldern fanden sich bei der Leiche nur noch wenige Groschen.

**Frankenhausen.** Der Fabrikant Andreas Klaus Rolte jun., Mitinhaber der Firma Karl Rolte & Söhne, war nach der der Firma gehörigen Sandgrube gegangen und wurde dort von unterhohlt niedergebundenen Sandmassen verschüttet. Obwohl man die Rettungsarbeiten sofort mit aller Energie in Angriff nahm, konnte der Verunglückte nur als Leiche hervorgezogen werden.

**Zeitz.** Die vor Kurzem verstorbene Wittwe des Privatgelehrten Dr. Thomas hat dem hiesigen pädagogischen Universitätsseminar zur Förderung des Studiums Herbert'scher Pädagogik ein Legat von 12,000 Mark hinterlassen.

**Koburg.** Das Stadtverordneten-Kollegium überließ unentgeltlich 6000 Quadratmeter flächiges Gelände dem preussischen Eisenbahnsystem für den neu zu erbauenden Güterbahnhof und bewilligte 88,650 Mark zum Neubau der Bahnhofs- und Gleisanlagen.

**Freie Städte.** Hamburg. Hamburgs Schiffahrts-Statistik für das letzte Jahr läßt zwar in der Zahl der angekommenen und abgegangenen Schiffe eine Abnahme erkennen, weist aber im Gehalt eine Erhöhung um 25,000 Tonnage auf. Einen entsetzlichen Tod hat der dritte Offizier Lenz an Bord des neu von der Westfälischen Seidamertis im Hamburger Hafen eingetroffenen Hamburger Dampfers „Dendora“ gefunden. Beim Abfeuern der auf dem Vordertheile des Schiffes festgelegten Signaltürme platzte dieser mit gewaltiger Detonation, wobei das Geschütz in unzählige Stücke zerbrach. Der bei dem Geschütz stehende genannte Offizier, ein Hamburger, wurde von den umher geschleuderten Geschütztheilen tödtlich getroffen. — Wilhelm Rees jun., Senior, Chef der gleichnamigen bedeutenden Messel- und Feinmechanik-Firma, ist, 59 Jahre alt, gestorben.

James S. Harlan, of Chicago, Appointed Attorney General of the Island of Porto Rico.

James S. Harlan, of Chicago, a son of Associate Justice Harlan, of the supreme court, and brother of John Maynard Harlan, of Chicago, has been nominated by the president as attorney general of Porto Rico, to succeed John H. Russell, resigned. Mr. Harlan was a candidate for a seat on the bench of the United States district court at Chicago when Christian C. Kohlhaas was appointed. At that time he received the endorsement of Senator Mason, and when the nomination was sent to the senate the

(Just Appointed Attorney General of Porto Rico.)

other day it was asserted this was a proof of the reconciliation between Senator Mason and the president, although the former affected surprise when told of the nomination.

James S. Harlan was born in Evansville, Ind., on November 24, 1861. He received his early education from a private tutor and then entered the high school at Louisville, Ky. In 1878 he accompanied his family to Washington, where he entered the Emerson institute. In the following year he went to Princeton, where he was prominent as an athlete, playing on the college football eleven for three successive years. He was graduated from Princeton in 1883, returning to Washington and becoming a student at the law school of the Columbian university.

Mr. Harlan came to Chicago in the early part of 1885, entering the law office of Chief Justice Fuller. In the following year he was admitted to the bar, shortly afterwards forming a partnership with S. S. Gregory and William M. Booth, the present master in chancery. The firm of Gregory, Booth & Harlan was continued for several years, until Mr. Harlan began the practice of law on his own account.

Two years ago Mr. Harlan married Miss Maud Noble, a daughter of Mr. and Mrs. Belden Noble, of Washington.

# THE HOLY BAMBINO.

Sacred Image at Rome, Said to Have Been Designed and Painted by St. Luke.

The resting place of the celebrated "Santissimo Bambino" is the Church of the Ave Coeli, in Rome. It is an image carved out of a tree from the

(Image Supposed to Have Been Designed by St. Luke.)

Mount of Olives, and said to have been painted by St. Luke. It is highly decorated with jewels, in fact, literally covered with precious stones. The Bambino formerly had a two-horse carriage at its disposal, with coachman and footman, in which it was driven about to visit the sick, but that custom no longer exists. Many Italians, however, still believe that it possesses miraculous power to heal diseases.

# Swallows as Dispatch Carriers.

The question of employing swallows instead of pigeons to carry dispatches is being considered in France. The aptitude of the swallow for the work is by many held to be even greater than that of the pigeon. They fly to a greater height, and are therefore less exposed to being shot, and they travel faster, making good nearly 80 miles an hour, where a pigeon would only get over 50. It is also claimed that they are more faithful, intelligent, and have not, on long journeys, to stop to feed, as the pigeon has.

# Needed Her Nine Lives.

At Sheboygan, Wis., the other day, a Maltese cat took a long ride inside the rim of a flywheel. The animal jumped into the wheel at the Plymouth Refrigerating company's plant, and remained there 2 1/2 hours, relates the New York Tribune. As the wheel is about 38 feet in circumference, and makes 87 revolutions a minute, the cat traveled a distance of about 93 miles. When the engines were stopped pusey was alive and well, except for a little lameness.

# Watch Your Kidneys!

They are Filters For the Blood. Impure Blood Causes Disease.

Few people understand the important part performed by the kidneys in filtering the blood. As the blood in its circulation through the body passes through the kidneys, its impurity is left in the kidneys, which in turn excrete the secretions into the bladder in the form of urine.

If the kidneys are blocked and filtration of the blood from poisonous or diseased germs is prevented thereby, the result is one or all of the following: Sleeplessness, Nervous Prostration, Weak Back, Rheumatism, Dropsy, Bright's Disease, Diabetes, Congestion of the Kidneys, Bright's Disease and Inflammation of the Bladder.

Unhealthy Kidneys Must Be Treated. A medicine is needed that will properly promote the filtration of the blood and check the secretion of urine.

## SPORTING.

## BASEBALL.

Oranford is one of the greatest baseball towns in the country. One enthusiastic resident has subscribed \$250 toward running the team this year and another man will give \$100. Albert Tusch will again manage Oranford this year.

The Arion baseball team is already making preparations for next season and have made arrangements for numerous small details in order to begin active work as soon as the weather permits. The management has secured last season's grounds, situated at Grant and Sherman avenues, for the coming summer.

The indications are that the proposed league between the Knickerbocker A. C., Marions of Perth Amboy, Oranfords, Carterets, Westfields and Elizabeth will not materialize. The K. A. C. will not go in because the club is already in one league; the Marions cannot enter because they play all games on home grounds, and the Oranfords will not go in because these two teams are unwilling. A meeting will be held in Elizabeth to talk the matter over.

Manager Brown, of the baseball team of Rutgers College, has announced the following schedule, which may be of interest to Plainfielders: March 23, Princeton at Princeton; March 30, Lighthouse at South Bethlehem; April 3, Columbia at New York; April 13, N. Y. U. at New York; April 24, O. C. N. Y. at New Brunswick; April 26, Crescent A. O. at Bay Ridge; May 4, U. S. M. A. at West Point; May 18, Ursinus at Collegeville; May 22, N. Y. U. at New Brunswick; May 25, O. C. N. Y. at New York; May 30, St. Francis Xavier College at New Brunswick; June 1, Riverside M. A. at Poughkeepsie.

## LAWN TENNIS.

At the twentieth annual meeting of the United States National Lawn Tennis Association, next month, action will be taken on the question of two changes in the playing rules proposed by James Dwight, president, as follows:

1. The word "stand" in the first line of rule 6 be changed to "serve."

2. Rule 38 be changed so as to allow, in a match, a rest after the third set only.

**Fell Under Wagon Wheels.**  
Clarence Roberts, eight years old, while attempting to catch a ride yesterday afternoon on Park avenue, fell beneath the wheels of a wagon and was quite seriously hurt. The little fellow was taken to the home of his parents in the Elkwood building, where he was attended by Dr. Brown, who found that the boy had sustained several cuts about the head and bruises on the body. His shoulder was dislocated.

## MANY FAVOR A SPEEDWAY.

WILL BE OF NO EXPENSE TO CITY TO MAINTAIN.

Proposed to Keep It in Condition by Private Subscription—Many Interested in the Movement.

Perhaps it is not generally known, but it is nevertheless true, that there are many prominent citizens in Plainfield who are interested in the proposed speedway. While some of these men do not care to have their names made public, they as much interested in the project as some of those who are pushing the enterprise. It is the general belief that a well conducted speedway would give Plainfield a prominence among lovers of good horses and that would result in inducing a desirable class of people to take up their residence in this city.

It must not be understood that the speedway is to be a trotting course in the sense of holding races in this city. Nothing of the kind is to be attempted. There will be no racing for money or prizes. The speedway is to be used exclusively for the purpose of exercising horses in a locality where it will be perfectly safe and proper to do so, without the liability of violating the law against fast driving in the public streets of the city. The cost of maintaining a speedway, it is claimed by those who have looked into the matter, will be very small. It will not come out of the pockets of the taxpayer. The expense is to be borne by private funds.

## BOWLING ON PARK ALLEYS.

MIXED DOUBLES FURNISHED ENTERTAINMENT FOR YOUNG PEOPLE.

Miss Frances Phillips and P. C. Long Won First Prizes For the Best Net Scores.

There was a lively time at the Park Club alleys last evening when bowling for mixed doubles was the attraction. There was a large turnout of young people and it seemed like old times at the club. Thirteen couples entered the bowling tournament and excellent scores were the rule throughout the evening. Owing to the fact that there are only two alleys in use, it required some time to roll the games.

Miss Frances Phillips and P. C. Long won the prizes with a net score of 299. Their handicap was 35. They bowled a steady game throughout the contest and their opponents were never able to overcome their lead. After the games, refreshments were served and a social time followed. The event was so popular that another similar one will be held Wednesday evening, February 6. Allan B. Loring was in charge last evening and to his efforts is due much of the success attending the affair.

## TELL OF SIEGE.

Dr. Martin Will Deliver Address at Seventh-Day Baptist Church Saturday.

The members of the congregation of the Seventh-Day Baptist church and such of their friends as care to attend the service in that church Saturday morning, will have the pleasure of listening to the story of the siege of the Leizations at Pekin as told by one of the survivors of that thrilling experience.

Dr. W. A. P. Martin, L. L. D., recent president of the Imperial University at Pekin, China, will be present at the service and speak on the subject. Dr. Martin was formerly a missionary to China and is considered one of the best living authorities on Chinese affairs.

His address will be a particularly interesting one. All who are interested in the subject, whether members of that congregation or not, are invited to attend the service at the Seventh Day Baptist church Saturday morning. The service begins at 10:30 o'clock.

## FOUR JOINED CHURCH.

Two Came by Letter and Other Two Will be Baptized at Service Sunday Morning.

The regular church meeting was held at the First Baptist church last evening, at which time four persons presented themselves for membership. Mr. and Mrs. Joseph Schultheis, were admitted by letter from the First Church of Christ, while Miss Florence Perrine and Miss Lillian Titus, of the East Third Street chapel, were admitted on confession of faith. They will be baptized next Sunday morning.

Oliver B. Leonard, of Perth Amboy, attended the meeting and acted in his capacity as church clerk. At his suggestion it was decided that at the next church meeting to call the roll comprising the entire membership of the church, and each member is supposed to be present to answer to his or her name. This will be the first time in the history of the church that the roll has been called in this way.

## THE EGYPTIAN MAZE.

Philadelphia Man Who Invented the Intricate Puzzle Was Driven to Death by It.

H. A. Mahood, of Philadelphia, the inventor of many puzzles, killed himself recently one week after he had worked two solutions to the "Egyptian maze," which experts declared was not capable of being worked out. Mahood had invented the puzzle himself, then he solved it just as he has solved hundreds of other puzzles. There was only one puzzle which he seemed unable to solve, and that was the puzzle of life. He worked out solutions to "the fifteen" and the

(A Puzzle Which Drove Its Inventor to Death by Suicide.)

"Egyptian maze," but he could figure out no solution to the great puzzle of human existence. He tried to solve the mystery of death, but the nearest he could come to it was by dying, and whatever he has discovered is only what every one must discover for himself without any assistance from the dead.

Mahood's master passion in life was the making and solving of puzzles. He invented several that were successful, but he had no concern for them except as long as they baffled him. When he had solved them he threw them aside, and others reaped the money that might have come to him from his inventions.

The physicians who held an autopsy on the body say the man had the "puzzle brain." His brain was found to be unlike that of other men. It was twisted into more mazes than the Gordian knot, as if from puzzling over the weird windings of the Egyptian maze the folds of the brain itself had twisted and bent in and out after the fashion of the puzzle blocks. The other morning he left his home and walked down-town to a Philadelphia hotel. He went into the writing-room and twice he worked out solutions to the Egyptian maze, which he carefully noted down on paper that he placed in his pocket. Then he went outside the door, where he put a pistol to his head and sent a ball crashing into his skull. The puzzle solver had worked on the puzzle of life. And he had given it up.

## THE SCHOONER POLLY.

The Oldest American Ship in Active Service and One Having a Wonderful History.

The recent storm on the Atlantic coast, in which so many stanch vessels were lost, calls attention to the famous old schooner Polly, which was one of the more fortunate of the coasting fleet. The Polly is older than most men, for it was built in Amesbury, Mass., in 1805. If the hull timbers of the sturdy little 65-ton ship could speak they might tell many an exciting story of adventures on the salt seas, for they have seen nearly a century of active service. When the Polly had been off the stocks

but seven years the second war with Great Britain broke out. The boat was then owned and commanded by Capt. Jeduthan Upton, a patriot, who fitted his tiny vessel with cannon, put on board an armed crew of 20 men and started out as a privateer to prey on British shipping. A few months after the Polly was captured by his British majesty's ship Phoebe, of 44 guns. The captain and his men were taken to England, where they were imprisoned for seven months. The prize crew placed on board the Polly, however, revolted and went over into the service of the United States.

At the present time the Polly is owned and commanded by Capt. McFarland, of Calais, Me. For 90 years it has been known as one of the fastest sailing vessels on the North coast, and it can still show a clean pair of heels to many of its more modern rivals. It has been a long time since the Polly made a regular ocean voyage. It is now employed in trading between ports on the Maine coast.

A Country of Colleges.  
In 1890 there were not more than 30 colleges and other institutions of higher education in the United States. At the close of last year there were 480, with a total of 12,000 professors and teachers.

## MARSHAL EMMONS MARRIED.

HIS BRIDE WAS MISS JUSTINA CLARK, OF SOMERSET STREET.

Kept Affair a Secret Until After It Took Place—Ceremony Performed Last Evening.

Fred J. Emmons, one of the marshals of the borough, and Miss Justina O. Clark were married last evening by Rev. J. O. McKelvey, pastor of Warren chapel. The ceremony was performed at Mr. McKelvey's home on Grandview avenue. Alfred Thorne and Miss Rachel Emmons, a sister of the groom, stood up with the couple. There were no other witnesses.

Immediately after the ceremony Mr. and Mrs. Emmons were driven to the North Avenue station where they took a train for New York intending to be absent a few days. The bride was becomingly attired in a traveling dress of blue broadcloth, trimmed with grey silk.

The bride is the eldest daughter of F. W. Clark, of 336 Somerset street. For some months she has been employed as bookkeeper by C. Frank French, the well known wholesale produce dealer. She is an estimable young woman with many friends.

Upon their return from their wedding tour Mr. and Mrs. Emmons will reside at the home of the bride's father on Somerset street.

The wedding was a surprise to the many friends of the young couple. Efforts to keep the marriage a secret until it took place were quite successful.

In two out of the three games played in Krewson's pool tournament last evening, the large number of spectators were surprised at the results.
