## COMPANY K MUSTERED INTO STATE MILITIA

Col. Gillmore Visited Plainfield  
Last Night and Met Members  
of New Company.

### FIFTY-TWO MEN INCLUDED.

DR. W. K. BROWNING AND JOHN M.  
LEWIS ELECTED LIEUTENANTS.

Captaincy Held Open Until Walter Stewart Returns From Philippines—Office Will Be Offered to Him—List of Members of Company.

Company K Third Battalion, Second Regiment, is Plainfield's representative in the National Guard of New Jersey. Colonel Quincy O. M. Gillmore, in pursuance of an order issued February 21 by Adjutant General Alex O. Oliphant, met the newly formed military organization last evening in Central Hall and formally mustered the company into the service. Fifty-two men form the nucleus of Co. K., and there is every prospect that before the next meeting the total enrollment will reach three score.

Col. Gillmore was the mustering officer detailed and Major J. F. Olney, Second Regiment, of Burlington, was also present under orders from headquarters. Lieutenant John Wherley and First Sergeant Koehler, of Company M., of Somerville, were likewise in attendance. The local organization committee is composed of J. P. Mosher, chairman; Dr. W. K. Browning, Fred M. Letson, Charles A. Peterson, John M. Lewis, H. B. Kitchell, John Pierson and Fred Mosher.

This committee had notified the applicants to report at 8 o'clock sharp, but it was fully half an hour later when the command of "attention" was given.

Col. Gillmore, read "Order No. 6" which called for the mustering procedure and then stated in general terms the object and duties of the company. It was found on roll call that there were less than fifty men in line, minimum number necessary for a company, and this necessitated another delay.

After a long wait, the number required fell in line and the oath was administered to them by Major Olney, and the members, in alphabetical order, attached their signatures to the form of oath.

The company then proceeded to elect a temporary first and second lieutenant. Dr. Kempton Browning was the only one nominated for the former office and, on motion, J. P. Mosher cast a ballot in his favor on behalf of the company.

For second lieutenant J. M. Lewis and H. B. Kitchell were the nominees, and Major Olney appointed Dr. Browning and J. P. Mosher as tellers and Fred M. Letson as judge of the election. Mr. Lewis received sixteen majority on the first ballot and was duly declared elected.

The captaincy was not filled. Lieutenant Walter Stewart, who was appointed by the President to a lieutenant in the department of the Philippines has lately resigned and is expected home in a few days. It is the intention of the company to offer the office of captain to Mr. Stewart upon his return.

The Plainfield company will form a part of Major Olney's battalion. The other companies in his battalion, (the Third,) at present are two companies of New Brunswick. The local organization fills the vacancy caused by the disbandment of the Montclair company.

The formal selection of a captain and the ratification of the election of lieutenant will take place at the next meeting which will be held at Hotel Kensington Monday evening.

As soon as a return of the election is made by the local organization to Adjutant General Oliphant the State Brigade Board will examine the officers in military tactics and other requirements. The result will be reported to the Adjutant General, and, if satisfactory, commissions will be issued by him to the Plainfield company's officers.

The members sworn in last evening were: W. K. Browning, J. M. Lewis, W. B. Mosher, Robert M. Clark, O. R. Pierson, Chas. A. Peterson, W. R. Peterson, Asa Randolph, E. V. H. Voorhees, F. J. Papp, A. J. Littell, E. F. Dorman, D. A. Stover, J. B. Jutson, J. D. O'never, N. B. Drake, E. O. Walker, Fred Letson, J. A. Love, G. H. Whitney, J. A. Daly, W. J. Dunn, O. S. Rygers, Roy D. Camp, J. W. Turner, George L. Appan, J. P. Mosher, J. M. Sheer, H. Elliot, Robert Gold.

### IN TROUBLE AGAIN.

Willie Gleason Will Now Probably Be Sent to Reform School as Being Incurable.

Willie Gleason, a young orphan, who is cared for by Mrs. Fred Wharton, was again taken in custody by the police yesterday on the complaint of Mrs. Wharton that the youngster is incorrigible.

Last Wednesday the boy was detained at the police headquarters for the same offense and after a severe reprimand was discharged the following day by City Judge Runyon. The youth promised to do better in the future but his conduct grew steadily worse and in consequence he is again in the hands of the law.

It is alleged that Gleason is implicated in the forcible entry of the residence of Charles Pearson on West Seventh street Monday night.

The boy will be sent to Elizabeth by the authorities here and will probably be put in the R-form School.

### PARK CLUB BOWLERS WON.

DEFEATED TEN MEN TEAM FROM THE CASINO LAST EVENING.

First Game of a Series Rolled on Casino Alleys—Home Team Led to Sixth Frame.

The first of a series of three bowling matches to be rolled between ten men teams from the Park Club and the Casino, was rolled last evening on the Casino alleys. It was an exciting match from beginning to end, and although the Parks were victorious, plenty of amusement was afforded both sides. The home team had a chance to win the match, as they led their opponents up to the frame. They then became rattled and did not make a glorious finish. The Parks did not wind up auspiciously, but after the sixth frame they took the lead and managed to hold it to the end, winning by 69 pins.

The Casino team was at a disadvantage as three members had never rolled a game before, and Charles Burnett, the old stand-by, was unable to roll, having a very sore thumb. His place was taken by E. H. Booth, one of the three who never rolled a game before. High scores were not the rule, but considering that most of the players were somewhat out of practice, the scores were excellent.

There was plenty of excitement throughout the contest, and both teams were cheered long and loudly by their supporters. It was the cheering while rolling the sixth frame that rattled the home team and caused them to lose heart. They are not wholly discouraged, and, when the second game is rolled on the Park Club alleys two weeks from last evening, they expect to win.

One feature was the wager made between C. M. Evans and Charles Burnett. Mr. Evans wagered that if he failed to roll a score of 175 he would give a supper for five. He lost and will pay the forfeit.

The following is the score:

## THE GOSPEL CAMPAIGN IS GAINING STRENGTH.

Many Were Aroused By the  
Strong Appeal at Last  
Night's Meeting.

### ATTENDANCE WAS LARGE.

POWERFUL ADDRESS BY THE EVANGELIST, MR. HENDERSON.

Singing Was in Charge of Mr. Weeden—After Meeting With Sunday-school Workers Encouraged Them to More Active Work.

Without the slightest decrease in the attendance, practically every seat being occupied, the fourth of the evangelistic meetings took place in the First Baptist church last evening. That it was more beneficial, from a spiritual standpoint, than any of its predecessors, was attested to by the fact that an unusually large number stood up at the close in answer to Mr. Henderson's appeal to acknowledge the acceptance of Christ. The continued interest manifested augurs most gratifying results before the meetings are terminated.

In addition to Rev. Mr. Henderson, the pastors occupying the platform last evening were Rev. Cornelius Soenen, P. D., Rev. A. E. Main, Rev. Dr. W. O. Snodgrass, Rev. John Murray, Rev. W. O. Gardner, Rev. Dr. D. J. Yerkes and Rev. Dr. W. R. Richards. The chorus choir was in charge of W. C. Weeden, of New York.

After the introductory song service, the opening prayer was made by Rev. Cornelius Soenen in which he invoked the Divine blessing on the meeting. He was followed by Dr. Yerkes who also offered prayer after which the offertory was made. While it was being taken Mr. Weeden sang in a most impressive manner, "Ninety and Nine." He possesses a voice of much power and sweetness.

A book in the Bible, which according to the speaker was seldom turned to or read, furnished Mr. Henderson his text for the evening. It was Lamentations 1:12, "Is it nothing to you, all ye that pass by?" and in a manner which held the interest of all throughout he sought to prove that it was. He began his remarks by saying that human character is capable of the greatest heights and the lowest depths and that both sides are brought out by contact with Christ, who is the touchstone of character. Many biblical characters have become loathed and despised or respected by simply coming in contact with him as in the case of Pilate and Peter. It is something to know this, as until a man becomes imbued with Christ his true character is not known.

"I want to ask you," said the speaker, "is it nothing to you that God is low? He gave all that He had to prove it, yet there are some who disbelieve, simply because they have been cheated by the devil out of a most precious gem, as God's love is the rarest jewel on earth."

Continuing he said that God is not a tyrant nor a hard hearted ruler but that His heart beats with love for all His children, although by many it is spurned or rejected.

Mr. Henderson said that Christ came into the world to save sinners and he besought his hearers to make it something to themselves to reciprocate His love, and at his request persons in every part of the church rose to their feet in recognition of their faith in God. They remained standing while the entire congregation sang "Just as I am Without One Plea." The pledge cards were then passed and many new names were added to the already large list. The benediction was pronounced by Rev. Dr. Richards.

Before the dismissal Mr. Henderson stated that he would like to meet all superintendents and Sunday-school workers at the close and in answer to his call a large number remained. A beneficial meeting followed, during which the evangelist made a special plea to those in attendance to exert every influence in bringing their pupils to Christ.

New Church Members Expected. There will be preparatory services at the Crescent Avenue church tomorrow evening and communion next Sunday morning, at which time several persons are expected to come into the membership of the church.

Trolley Cars Are Dusty. The trolley cars are beginning to kick up a dust, much to the annoyance and inconvenience of patrons and people living along the line of the road.

### NEW OPEN CARS.

The Elizabeth, Plainfield and Jersey Central Co. Has Ordered Twenty-four New Ones.

(Special to The Daily Press.)

Westfield, Feb. 28.—The Elizabeth, Plainfield and Central Jersey Traction Company has placed an order, it is said, with a well-known firm of car builders, for twenty-four large open cars. These cars are to be longer than the big cars now used and will be similar to the ones used on the Elizabeth Newark line. They will be used only between Plainfield and Elizabeth. The old cars will, it is reported, be placed in use on the Plainfield city line.

## REPUBLICANS WILL NOMINATE TONIGHT.

Little Doubt But That Mayor Smalley Will Head The Ticket.

### THE OTHER CANDIDATES.

PRIMARY WILL BE HELD AT SAENGERBUND HALL.

H. J. Martin and J. P. Emmons Candidates For Assessorship—No Opposition to Collector Brown's Renomination.

The Republican primary of North Plainfield will be held this evening in Saengerbund Hall instead of in the school building as originally intended, and a complete ticket will be chosen. The nominations include a candidate for mayor, assessor, collector and freeholder. Two candidates for councilmen and two candidates for justice of the peace are also to be named.

Mayor Smalley's friends expect no serious opposition to their choice for the mayoralty. For justice of the peace, H. S. Thomas has been brought out and today he is the only candidate known for this office though by tonight it will be necessary for the leaders to find still another candidate.

In the contest for assessor as near as can be learned today Horace J. Martin and John P. Emmons will run very close together on the first ballot. Martin's supporters claim their candidate is entitled to the assessorship because of the fact that he resides in the second district and in all probability his name will be the only one preselected from that district in the caucus this evening. J. K. Arnold was considered a strong candidate for the assessorship a few days ago, but he appears to be losing strength gradually.

No opposition to the candidacy of George F. Brown for a renomination as collector has materialized and Andrew Lukins and L. E. Barkalew are in the field for freeholder. Ex Mayor Charles Place will be the permanent chairman of the meeting.

### COMPLETING COURSE.

Miss Cramer Will Spend Three Months in New York Hospital.

Miss Cramer, who for some time past has been the efficient and faithful assistant superintendent at Muhlenberg Hospital, leaves today for New York, where she will pursue a course of three months in further preparation for her profession as a trained nurse. At the completion of this course she will have about three weeks to serve at Muhlenberg Hospital before she will be graduated. During her service at the hospital she has won the esteem and admiration of not only the physicians, but the sister nurses and patrons, by her genial manner and untiring efforts to perform faithfully the duties assigned. Her successor has not yet been chosen, but probably will be in a short time.

Skin Was Grafted on Burns. Mrs. William Titus, of Watchung, who sustained severe burns about three weeks ago, as a result of her dress catching fire from an alcohol lamp, underwent an operation yesterday whereby skin was grafted over the burned parts. The operation was successful and Mrs. Titus will go home in a few days.

No Meeting at Warren Chapel. The regular meeting of the Christian Endeavor Society of Warren chapel was dispensed with this week on account of the evangelistic services at the First Baptist church. The usual Friday evening prayer meeting will not be held this week for the same reason.

## MEEKER BILL LACKS ONLY GOVERNOR'S NAME

Anti-Spring Election Bill Passed By Senate Yesterday After a Hot Debate.

### MINOR AMENDMENT MADE.

AMENDMENT NEEDED TO PREVENT IT FROM BEING UNCONSTITUTIONAL.

Amended Bill Passed By Lower House—Strong Defence of Bill by Senator Reed—Explained Why It Should Be Passed.

(Special to The Daily Press.)

Trenton, Feb. 28.—Assembly bill No. 261, commonly known as the anti-spring election bill has been passed by both Houses of the New Jersey Legislature. As was anticipated, the bill came up at yesterday afternoon's session of the Senate and was passed on final reading. During the day it was discovered that there was an error in the bill. An amendment was prepared and passed and then the bill went back to the Assembly again, where it was passed in its amended form.

The error was in not excepting justices of the peace from the officers whose terms should be extended. The constitution provides for the term of office of the justices of the peace, and without this provision the law would be unconstitutional.

A caucus of the Republican Assemblymen was held during the morning when enough votes to adopt the amendments were secured.

In the Senate the bill was returned to second reading. Senator Reed championed the act in a lengthy speech. The bill, he declared, was one of which the party was not ashamed and had no reason to be. It was in the interest of good government and economy, he said, and, by the consolidation of the elections, the various cities affected would be saved thousands of dollars, while the general disturbance of business and other interests caused by frequent elections would be abolished.

Referring to the opposition to the bill on the ground that it would carry politics into local elections, and prevent an independent expression of opinion on the local issues, Mr. Reed declared that the abolishment of spring elections would lead to a fuller expression on all questions, as a larger vote was always polled at fall elections than in the spring. It was not a partisan measure, he insisted, but one that most of the minority believed in and would be proud to favor if they were in the majority.

There were other speeches, Senator Hudspeth bitterly attacking the bill. On the final vote the bill passed 17 to 8, and was immediately sent to the Assembly. At the Lower House, that body was placed under call for the first time this winter. The doors were looked and the sergeant-at-arms rounded up several missing members. When put to vote the amended bill was passed by a vote of 35 to 8.

A number of bills were passed by the Assembly. The one of chief interest to Plainfield was the one making second class cities of those between 25,000 and 125,000 population. There were also a number of bills passed by the Senate.

Meeting of Union County Teachers. The thirty-ninth regular meeting of the Union County Teachers' Association will be held Saturday morning at 9:30 o'clock at Public School No. 2, Morrell street, Elizabeth. Principal Charles D. ### CEMETERY IMPROVED.

Evergreen Cemetery Put in Good Condition and Will Be Left Under Charge of Keeper.

Until a short time ago the Methodist cemetery on Palmyra-id avenue was in a somewhat neglected condition. Lately the place has been thoroughly overhauled and a comfortable lodge built for a caretaker, who was selected by the trustees in charge of the cemetery property.

Adjoining this graveyard is Evergreen cemetery which is under the control of the Baptist denomination. This property has been improved lately by the erection of a much-needed fence.

Under the terms of an agreement made by the Evergreen cemetery trustees with the Methodist managers, the latter's caretaker will hereafter attend to both yards. The lot owners of the Evergreen cemetery have lately received letters requesting subscriptions to defray the expense of maintaining the lots in proper condition.

## BOSSSES LOCKED OUT ALL UNION PLUMBERS.

Gave Journeymen Plumbers 24  
Hours to Stop Boycott  
Against Leland.

### THE TIME IS UP TONIGHT.

WILL REPLACE WITH NON-UNION MEN IF NO SETTLEMENT IS MADE.

Active Warfare Between Master Plumbers' Association and Building Trades Council Began This Morning—23 Men Out.

Active warfare was opened in the fight between the Master Plumbers' Association and the Plainfield Building Trades Council this morning when a lockout was instituted by all the members of the Master Plumbers' Association. Twenty-three journeymen plumbers, all members of the Journeymen Plumbers Union, were notified by their employers this morning that no work would be done today. This action was in accordance with the proceedings of the joint committee of bosses, organized under the auspices of the Master Plumbers' Association, and which held a meeting yesterday. The Journeymen Plumbers Union was notified that the men who had stopped work on James Manning's new houses, must be replaced or non-union men would be substituted on all work.

This notification of war was sent to the journeymen plumbers yesterday afternoon and stated that twenty-four hours would be given in which the trouble was to be settled up. That twenty-four hours will expire this afternoon at 5 o'clock. If the journeymen plumbers do not return to work then, the lockout will be made permanent and non-union men will be put at work. As soon as non-union men are sent to any jobs where union carpenters, masons or other union mechanics are working, the latter will stop at once and a general tieup in the building trades will ensue.

While the fight at present only includes the employers and employees in the plumbing business, it is well understood that the real question at issue is the recognition of the Building Trades Council by the master plumbers. The officers of the Master Plumbers' Association declare that they will not recognize the council either by having the working bosses take out union cards in the council or in any other way. They say that they are glad to see the journeymen organized and will work willingly with their organization, but that they will not allow mechanics of any other trade to interfere with their business. If the plumbers are not willing to work that way, they will get new men.

The journeymen plumbers are just as positive as the bosses that they are in the right and utterly refuse to recede from their present position. John Moran, president of the Journeymen Plumbers Union, explained their side of the controversy to a Press reporter this morning. This was the first information, he explained, that the men had that their employers objected to their membership in the Trades Council although the masters had known for some time that they were members and just what the objects of the council were. The men did not want trouble and were anxious to work but they would stand up for their rights. They had tried to settle the controversy by arbitration but the master plumbers had not given them a chance to be heard. Regarding the workings of the Trades Council, it was as much to protect the master plumbers from outside competition as it was to protect them against cheap competition of non-union labor.

first part of the production is one of  
the grandest spectacular shows ever  
put on the road and is entitled "In  
Grand Utopia." The scenery of this  
part is simply gorgeous and is a  
masterpiece of the work of those  
famous New York scenic artists  
Messrs. Gates and Morange. It re-  
veals marvels of coloring and scenic  
effect in reproducing the artists' won-  
derful and artistic conceptions of  
"Utopia," the land of dreams, beauty,  
felicity and luxury. This part serves to  
introduce a monster company. The  
closing play—following a fine olio of  
specialties—"Wanna-Macey & Co.,"  
a clever and uproariously funny skit  
on department stores and their  
methods, introduces gorgeously cos-  
tumed tableaux of handsome girls in  
the uniform of United States cavalry,  
artillery, Rough Riders and other  
troops, the march being headed by  
a complete brass band in the uniforms  
of United States sailors. Alto-  
gether this show is the best on the  
road this season.

"Underleaves" are coming into  
fashion again with women, it is said,  
and men are once more wearing  
"stocks." Whether these are the  
forerunners of other articles of gar-  
men wear contemporary with them it  
is, of course, impossible to say, but a  
glance at photographs of the members  
of the cast of "The Dairy Farm,"  
which will be at Music Hall on Wed-  
nesday night of next week, will show  
that in 1854 1856 with the stocks men  
wore "spike-tail" coats with abnor-  
mally high collars, low cut waistcoats  
of gorgeous fabrics and pegtop trousers,  
while women were clad in gowns with  
long straight bodices and skirts of  
enormous width, inflated by hoop-  
skirts. The clothes worn in the play  
were carefully copied from old fash-  
ioned plates, daguerreotypes and ar-  
ticles of dress that have been handed  
down to descendants of the original  
wearers as heirlooms.

This will be the last week of "Bar-  
bara Fritchie" which has had a very  
successful run at the Academy of  
Music, New York city. Miss Effie  
Ellis took the part of the heroine of  
this delightful war play and made a  
decided hit in the part. She was sup-  
ported by an excellent company. Like  
other plays which have appeared at  
the Academy of Music, "Barbara  
Fritchie" was staged in superb style  
and with all the mechanical aids  
which modern invention has produced.  
Large audiences have been the rule  
at all the performances, and the the-  
atre-going public of New York and  
vicinity will be sorry to see the last  
of it for this season. Next week,  
W. A. Brady's mammoth production  
of "Uncle Tom's Cabin" will be the  
attraction at the Academy of Music.  
It will be the largest and more elab-  
orate production of that well known  
drama that has yet been on the New  
York stage.

—Reports show a greatly increased  
death rate from throat and lung trou-  
bles, due to the prevalence of croup,  
pneumonia and gripe. We advise  
the use of One Minute Cough Cure in  
all of these difficulties. It is the only

## BULACAN PACIFIED. Civil Officers Installed For Large Luzon Province.

GUIGUINTO, Philippine Islands, Feb.  
28.—The Philippine commission has ex-  
tended the benefit of civil government to  
the 250,000 residents of the province of  
Bulacan.

Previous to this there had been a liv-  
ely two days' convention of the various  
factions over the question of the location  
of the capital. After a bitter contest  
Malolos, which was the popular choice,  
was decided upon by the presidents,  
who cast their votes under the secret  
ballot system. This furnished the pre-  
sidents with their first instruction in the  
right of franchise, and they seemed to  
grasp the idea enthusiastically.

The commission then appointed officers  
for the various offices on the same plan  
as in the province of Pampanga, except  
that the salaries to be paid are some-  
what lower. The province, which was  
until recently in arms against the Ameri-  
cans, suffers under two or three factions.  
There are Filipinos who belonged to the  
peace party, others who favored the re-  
bels and also former insurgent officers  
who exert a wide influence. Some mu-  
nicipalities are undoubtedly supporting  
insurgent representatives who are hold-  
ing office under the Americans.

Upon recommendation of Governor  
General MacArthur and General Fred  
Grant the commission appointed Jose  
Serapio, a prominent leader, governor.  
Captain Ernest A. Greenough of the  
First volunteer infantry (treasurer) and  
Lieutenant E. Wells of the Thirty-  
second volunteer infantry supervisor.  
Certain factions protested against the  
appointment of Senor Serapio on the  
ground that he had been acting as the  
agent of the rebels.

Strong delegations of the various fac-  
tions participated in the meetings of the  
commission and the convention.

Sold \$3,670 For 11 Cents.

CHICAGO, Feb. 28.—In the excite-  
ment attending what Mrs. Mary Conley  
and her husband had hoped would be  
their last journey to die among the  
friends from whom they had parted 40  
years ago the savings of a lifetime of  
the old couple, amounting to \$3,670, were  
sold inadvertently to a ragpicker for 11  
cents. They had saved \$3,000 and raised  
\$1,000 by mortgaging their house. Tick-  
ets to Australia had been bought for  
\$245 and the household goods packed.  
The wife placed the money in a bit of  
cloth and hid it among a lot of rags.  
During her absence a ragpicker appeared,  
and Conley, not knowing the whereabouts  
of the money, sold the whole lot of rags  
for 11 cents. Of the money \$1,020 was in  
gold and the remainder in bills. The po-  
lice are looking for the ragpicker, but he  
has not yet been found.

### Married to Her Faithful Lover.

SCRANTON, Pa., Feb. 28.—Miss Jen-  
nie Howell, the West Scranton woman  
who was a week ago adjudged mentally  
sound after a sensational inquiry insti-  
tuted by her brother, Franklin Howell,  
to declare her a lunatic, was married yester-  
day afternoon at her home here to Ed-  
ward B. Dean of Hackensack, the lover  
who stood firmly by her while the inquiry  
was on. It was because of her engage-  
ment to Mr. Dean that the brother ques-  
tioned her sanity, although it was claim-  
ed in defense that the brother had mis-  
used fully \$100,000 of the sister's money  
and it was to secure control of her estate  
that the proceedings were begun.

### Shaw Not Guilty.

PLYMOUTH, Mass., Feb. 28.—Louis  
J. Shaw, who has been on trial in the  
superior court here for manslaughter in  
causing the death of Frank Conway, a  
supposed tramp, last January at South  
Carver by shooting, was found not guilty  
by a jury yesterday afternoon. In  
this case Shaw discharged a gun through  
the door of his farmhouse, against which  
Conway, who was supposedly intoxicated,  
was trying to force an entrance.  
Both Shaw and his wife were frightened,  
as the hour was late and the house is  
isolated.

## BOTHA SURRENDERS?

Report Received In London,  
but Unverified.

### EARLIER DISPATCHES TO CONTRARY.

Pretoria Correspondents Say the  
Boer General Is Not Cornered, but  
Is Safe In the Rear of the  
British Under French.

LONDON, Feb. 28.—The Daily Chroni-  
cle, which has received a report it be-  
lieves trustworthy, though it has no  
means of verification, that General Botha  
has surrendered to Lord Kitchener, says:  
"According to earlier information Gen-  
eral Botha was to have been received at  
Lord Kitchener's camp about the end of  
this week, but if the foregoing report is  
correct events have ripened with unex-  
pected rapidity."

Special dispatches from Pretoria locate  
General Botha, with a small force, north  
of Middelburg. They point out that he is  
probably making for the headquarters of  
Commandant Viljoen and the seat of the  
Boer government beyond Roosenburg.

Lord Kitchener has been at Middel-  
burg for the last few days, but there is  
no indication from any quarter other than  
that relied upon by The Daily Chronicle  
that General Botha has surrendered.

Bennet Burleigh wires to The Daily  
Telegraph from De Aar, under Tuesday's  
date, as follows:

"The Orange river remains high. Our  
columns are tightening their grip upon  
Steyn, De Wet and Hertzog near Pe-  
tersville, and our patrols have been en-  
gaged. I anticipate that a general col-  
lision is about to be fought and that the col-  
lision is likely to prove serious."

The correspondents at Pretoria con-  
cur in stating that General Lucas Meyer and  
not Commandant General Botha com-  
mands the section of the Boers which  
General French is driving before him  
and from whom he captured large quan-  
tities of stock, etc. General Botha is now  
stated to be between Ermelo and Middel-  
burg, immediately in the rear of General  
French, communication with whom is  
difficult owing to the rain. These reports  
indicate that General Botha is not cor-  
nered, and much disappointment is ex-  
pressed thereat. He is apparently suc-  
cessfully imitating General De Wet's  
jack in the box tactics.

The entire absence of news concerning  
General De Wet is taken to indicate that  
he is free and that he has possibly joined  
Commandant Kritzinger or Commandant  
Hertzog.

### Murder and Suicide.

## RELATIONS DEFINED.

## Cuban Convention Adopts Set of Resolutions.

## NAVAL STATIONS NOT INCLUDED.

These, It Is Thought, "Would Militate Against the Independence Which Both Parties Wish to Preserve."

HAVANA, Feb. 28.—The scheme of relations already cabled was publicly approved last night by the convention. For two hours previous to the public meeting an executive session was held to draw up a preamble and revise the report of the special committee. Another vote was then taken on the preamble and the scheme of relations, only three dissenting, the same who had dissented at the meeting in the morning. Senator Giberger and Senator Quiles favored the adoption of the scheme of relations recommended by the United States senate committee. Senator Cisneros opposed this on the ground that Cuba was independent and should not enter into any scheme of relations with the United States.

The preamble, which is lengthy, sets forth the receiving of the letter from General Wood outlining the wishes of the Washington executive regarding future relations. It asserts that the convention understood the desire of the executive to be to bring about these special relations with the object of preserving the independence of Cuba and that the suggestion as to naval stations was made on those lines.

"But this in itself," the preamble goes on to say, "would militate against the independence which both parties desire to preserve."

Regarding the other conditions suggested for preserving independence, such as raising loans, the preamble points out that these are fully covered by the constitution, which document, in the opinion of the convention, amply protects independence, including liberal laws as to the rights of foreigners and individual rights.

Regarding the sanitary question, the preamble declares that the future government should make satisfactory arrangements with the United States to protect that country as well as Cuba.

The convention clearly implies that its action would not bind the future government, for the last part of the preamble reads:

"The convention considers that relations might exist if the first government under the republic thinks it advisable."

The convention continued its session until 3 o'clock yesterday morning, completing the work of drawing up the clauses of the constitution referring to the relations between Cuba and the United States. The following is the scheme which was adopted:

"The government of Cuba will not make a treaty or agreement with any foreign power which may compromise or limit the independence of Cuba or which may permit or authorize any power to obtain by means of colonization or for military or naval purposes or in any other manner any foothold or authority or right over any portion of Cuba."

"The government will not permit its territory to be used as a basis of operations for war against the United States or against any foreign nation."

"The government of Cuba accepts in its entirety the treaty of Paris, in which are affirmed the rights of Cuba, inasmuch as the obligations which are explicitly indicated in these and especially those which the international law imposes for the protection of life and property, substituting itself for the United States in the pledge which they assumed in that sense according to articles 12 and 102 of the treaty of Paris."

"Cuba recognizes as legally valid all acts of the military government during the period of occupation, also the rights arising out of them in conformity with the joint resolution and the Foraker amendment and the existing laws of the country."

"The governments of the United States and Cuba ought to regulate their commercial relations by means of a treaty, based on reciprocity and with tendencies toward free trade in natural and manufactured products, mutually assuring ample special advantages in their respective markets."

## Narrow Escape For Millionaire Wife.

NEW YORK, Feb. 28.—Mrs. Clarence H. Mackay had a wonderful escape from injury yesterday when theansom in which she was riding was run into on Fifth avenue by a Twenty-eighth street crosswalk car. The windows of the hansom were closed, and Mrs. Mackay was held a prisoner inside when the rig was overturned. Throughout it all she remained cool, and it was in large part due to this that she was not hurt. Mr. and Mrs. Mackay had spent the afternoon together making calls, but when the accident occurred Mrs. Mackay was alone. Mr. Mackay had stopped off at Fifth avenue and Twenty-first street to go to the Union club.

## A "New Yorker" Arrested.

VIENNA, Feb. 28.—A man was arrested here having in his possession jewelry to the value of £5,000, supposed to be the proceeds of burglaries and robberies in London and New York city. He gave the name W. A. Morley, asserting that he resided at 211 West Thirty-seventh street, New York city. He is said to have arrived in London from the United States a month ago.

The name "W. A. Morley" does not appear in any of the New York city directories accessible, nor does any person named Morley figure as residing at 211 West Thirty-seventh street.

## Patrick Charged With Murder.

NEW YORK, Feb. 28.—Albert T. Patrick will have to stand trial for murder in the first degree. He is now charged with being the murderer of William Marsh Rice, the Texas millionaire. The lawyer had hoped to secure his release from the Tombs on bail in a day or two, but the district attorney foiled any attempt on his part to obtain his freedom. Assistant District Attorney Osborne received from Professor Witthaus a statement regarding the result of the chemist's analysis of the contents of Mr. Rice's stomach. The chemist reported having found mercury in the kidneys and intestines. Mr. Osborne at once went before Justice Jerome in the court of special sessions and asked for a warrant for Patrick's arrest, charging him with murder in the first degree. The request was granted, and the warrant was served on Patrick in the Tombs prison.

## A Prosperous Missionary Society.

The society was organized in 1860, is the oldest woman's foreign missionary organization in the country and has numerous branches throughout the United States. It has also established centers in Burma, India, China, Japan, Greece and Cyprus. The society's boarding school in Japan was the first of its kind in the empire, and in this institution hundreds of girls have been fitted for teachers, evangelists and other positions of usefulness.

## Kidnapers Heard From.

CHICAGO, Feb. 28.—E. M. Cudahy, the Omaha packer, whose son was kidnapped to secure a reward of \$25,000, is in receipt of an anonymous letter declaring that upon his assurance that the kidnapers will not be punished all but \$5,000 of the ransom money would be returned to him. The letter was mailed at Waukegan, Ill., Tuesday and sent to Omaha. Mr. Cudahy was in Chicago and received a transcript of the letter by telegraph. "I do not know whether the letter is authentic or a hoax," said Mr. Cudahy to a reporter. "I will pay no attention to it and certainly have no intention of letting up on these men."

## The New Election Law.

The municipal elections in Plainfield will hereafter be held on the first Tuesday after the first Monday in November, when the State and county elections take place, instead of on the first Tuesday after the first Monday in December, as heretofore. This change is one of the results of the anti spring election bill which has been passed by the New Jersey Legislature.

This anti spring election bill, which Assemblyman Ellis R. Meeker, of Elizabeth, introduced into the Lower House of the Legislature, has been the subject of much controversy. There are many Republicans throughout the State who gravely question the political expediency of passing such a law. There was opposition against it right among the Republican members of the Legislature, but it was made a party issue and thus was passed through both Houses.

Monday it was passed by the Assembly. Yesterday afternoon it came before the Senate where Senator Charles A. Reed, of North Plainfield, was one of its strongest advocates. The Senate passed it with a few minor amendments to which the Assembly subsequently agreed.

As Governor Voorhees has already expressed himself as opposed to the measure, it is doubtful, indeed, if he signs it. As it has been made essentially a Republican measure he is not likely to veto it and the chances are that the bill will be allowed to become a law without his signature.

The original bill, as presented by Mr. Meeker, was by no means satisfactory to the Republican leaders and so Senator McCarter amended it until it answered the purpose intended. The measure affects only cities and provides that the municipal or charter election, which in some cities is held in March and in others in December, shall take place in November when the county and State tickets are voted on.

The chief arguments that have been advanced for the bill are that it will do away with much needless expense occasioned by a separate election and that it will secure a fairer expression of opinion as the vote at the November election is always heavier than that at the municipal or charter election.

Opposition in the Republican ranks has chiefly been that of political expediency. The opponents believe that the people of New Jersey will not favor the change. Many favor keeping the National and State issues distinct from the local ones. As New Jersey is now classed in the Republican column on National and State issues, it is argued that this is merely an attempt of the Republicans to secure local offices on the strength of the main ticket.

How the people of New Jersey will like the measure time will show. In Plainfield, it will probably be condemned by the Democrats and some of the independent Republican voters who believe that municipal elections should be kept entirely separate from State and county elections. Its effect here will probably be to slightly increase the Republican majorities for city officials and tend to prevent the placing of a citizen's or independent ticket in the field. It would be hard to get votes at a State election for a ticket which bore candidates for local offices only as a citizen's ticket would have to be.

Many successful men have borne testimony to the efficacy of newspaper advertising in the exploitation of medical, food, patented and other articles, all manufacturers of such

commodities agreeing that without the liberal use of newspaper space the measure of success which they have achieved would have been impossible, says the Philadelphia Record. That the same mediums of publicity are equally important to merchants and to others whose business is confined to a community or section has been proved by the practical experience of thousands. For example, Mack & Co., of Ann Arbor, who started with a small stock of dry goods, have built up the largest trade in general merchandise in Southern Michigan, and the manager has declared that the chief element in the success of his firm has been a larger use of newspaper space than has been employed by any rival establishment.

Several communications, regarding various subjects but lacking the real signatures of the writers, have been received at this office. While The Daily Press is glad to print any letters on topics of current local interest even, on occasions, without the name of the writer attached, the name must always accompany the communication, not for publication, but as an evidence of good faith.

That bright little flower, which appears before the snow is hardly off the ground, known through this section as the trailing arbutus, but in New England as the floral emblem of Nova Scotia. A bill to that effect has been introduced in the Legislature of that province.

The anti spring election bill will not affect North Plainfield's coming election. The bill refers only to cities. An attempt to include boroughs and townships in the bill was defeated. The rural communities seem, as a general thing, opposed to the consolidation of the State and local elections.

It is to be regretted that the local horsemen are apparently lacking in interest in the speedway project. Twice recently have attempts been made to advance the project but lack of a quorum has prevented.

The new management of the trolley system, which includes the local street railway lines, is already making provision for the big summer traffic that is sure to come.

Senator Reed has been a staunch advocate of the anti spring election bill during its career in the Upper House of the Jersey Legislature.

The spring election in the borough is now less than two weeks away.

## IN MEMORIAM.

In loving remembrance of Augusta M. Seacord Johnson, departed Dec. 2, 1900:

RESIGNATION TO THE DIVINE WILL.  
I want to have no will but Thine,  
For Thine alone can bless,  
And make me go, and keep me pure,  
And save from sin's distress.

None knows so well as Thou, which way  
Is best for me to go,  
To surely bring me home at last,  
And Heaven's blessings know.

Thus lead me on, Thou blessed One,  
According to Thy will,  
And hold me by Thy loving hand,  
Till all my wants are still.

Then I shall be Thine—own indeed,  
And glorified with Thee,  
Shall spend with those I loved so well  
A bliss eternally.

—Rev. Charles A. Johnson.

## TEA TABLE TALK.

Short and Gossipy Sketches That Are Not Always News, But Just as Interesting.

A revised list of Alumni of Rutgers College, just issued, is interesting. Including the class of 1904 there has been a total of 2,959 men who have attended Rutgers. Of these 2,014 are graduates and 955 non graduates, including under-graduates. Of the graduates, 1,277 are living and 737 are dead; of the non-graduates 723 are living and 232 are dead. The great majority of the living, both graduates and non-graduates, are in New York and New Jersey, the former having 943 men and the latter 977. Pennsylvania has 76. There are but few States or countries with more than 20 men, aside from those mentioned. Included among the local cities, Plainfield has 21 men. There are Rutgers men in 41 States, including the District of Columbia and in 16 foreign countries.

## VERDICT AGAINST CENTRAL.

JURY BROUGHT IN DECISION IN TRIAL AT SOMERVILLE.

Action Will Now Be Taken in Chancery to Secure Gates at Crossings in Question.

(Special to the Daily Press.)

Somerville, February 28.—The case against the Central Railroad for maintaining a nuisance at the Middagh street crossing occupied the attention of court all day yesterday, although only two witnesses for the defense were produced. The time was mostly consumed by counsel arguing over the admission of certain testimony.

Assistant Superintendent Morse was again placed on the stand and testified that an average of fifty-five trains passed daily over the Middagh street crossing, although some days as many as seventy had been run. He said that numerous complaints had been received by the company concerning the blowing of whistles in the town and order had been given to the men in charge of trains to blow whistles between Jersey City and Baritan, which accounted for the failure to give warnings in approaching the crossings. An attempt was made to introduce the book of rules promulgated for the use of employees, but it was ruled out on the ground that the company were liable for the negligence of employees, no matter what the rules might be.

George P. Norton testified that he could see from the Middagh street crossing trains approaching as far east as the Woolen Mills and as far west as Baritan.

The summing up of Hon. A. A. Clark for the defense, of Prosecutor James L. Griggs for the State, and Judge Schenck's charge took up the whole afternoon.

The jury, after being out an hour, brought in a verdict of guilty on both counts.

The board of commissioners of Somerville will now begin proceedings in the Court of Chancery to compel the railroad company to place gates or signmen at the Middagh and Hamilton street crossings.

There are also two damage suits pending against the railroad company, one for the killing of a child at the Middagh street crossing, and the other for the injury of a man at the New street crossing, which will now be pushed.

## LOOKED HIM OVER.

Ira Gage Walker, of Scotch Plains, Had an Experience With a Plainfield Policeman in Plain Clothes.

Ira Gage Walker, a well known citizen of Scotch Plains and a member of the Seelye Paper Mills Company, has not a high opinion of police methods in Plainfield, judging from a letter which has been received at this office. Mr. Walker relates an experience he passed through in Plainfield Saturday evening while waiting for a trolley car to take him home.

Mr. Walker had been shopping and had his purchases in a small grip. While he stood at the corner of North and Watchung avenues, a man approached him and began to question him concerning his destination and business. The man was in civilian's clothes. Mr. Walker was inclined to resent the seeming familiarity of the man and refused to tell him anything. Then the man explained that he was an officer and demanded to see what was in the grip. The investigation was made and Mr. Walker was allowed to go.

## SHEPHERDS ENTERTAINED.

The members of Star of Plainfield, Shepherds of Bethlehem, met last evening and after the business was transacted, enjoyed a well selected programme given by the members. Then followed recitations by Miss Try Mattox and Mrs. Andrew Cox, piano solo by Miss Clark, a vocal duet by the Misses Grace and Jessie Gunn, a piano duet by Miss Clark and James Clark, a vocal solo by Mrs. William A. Westphal, a vocal solo by Mr. Blair and a vocal duet by William Howard and Mr. Blair.

Interesting remarks were made by V. W. Nash and Frolate Mrs. William J. Ford. After the entertainment, a committee served refreshments during which a social time was had.

## NO SKATING THERE.

Officials of Water Company Deny That Any Boys Have Been Skating on Water Tank—Say it is Impossible.

Officials of the Plainfield Water Supply Company who have been investigating the report that boys have been skating on top of the reservoir on the mountains, state that they find no ground for the assertion. They say it would be impossible for boys to reach the top as it is almost five feet from the top of the ladder to the top of the reservoir. Besides, they say that if a boy should reach the top it would be a very difficult feat for him to get on the ice. If he did it would be impossible for him to get off. The ice does not extend to the sides of the reservoir and for this reason the boys could not safely land on the frozen surface.

The officials say that there is a standing reward of \$10 for anyone who will detect and report any such violations to the company, and if the report circulated is true they ask why has not someone come forward for the reward.

## FRENCH WILL RUN.

Denies Report That His Candidacy Depends on Who the Republicans Nominate.

Considerable gossip has been heard concerning the various nominations of both parties in North Plainfield. A Daily Press reporter interviewed Elston M. French this morning regarding a statement made in another newspaper that he would accept the Democratic nomination for assessor only on condition that a certain man was nominated on the other side.

Mr. French stated positively that the report was without foundation and that if his party should honor with him the nomination, he would feel it his duty to accept as he does not wish to place his friends in an embarrassing position at this late day by declining. This disposes of any possibility of a withdrawal as far as Mr. French is concerned, no matter whom the Republicans may name.

## HIS FIRST CASE.

Attorney Van Winkle A. prared in Nash's Court this morning in a case.

Attorney John H. Van Winkle, Jr., appeared in Justice Nash's court this morning and caused a distress warrant to be issued for Frank Neal in his action against Mrs. Nellie Clark for the collection of rent. The defendant resides at the corner of West Front street and Central avenue.

Yesterday Justice Huff issued an attachment against goods held at Mrs. Clark for Miss Louisa A. Daly. The latter is a dressmaker and she claims that Mrs. Clark has goods belonging to her, also that Mrs. Clark owes her money for goods purchased.

Death of Guava Lund.  
Gustave Lund, aged twenty-two years, until recently a resident at 656 West Fourth street, with his sister, Mrs. Gustave Brandt, died Monday at Springfield, Mass., where he had gone to secure work. He formerly worked in the Pond Tool Works, and was well-known in this city. He was a native of Sweden and came to this country at an early age. The funeral services will be held tomorrow afternoon from the home of Mrs. Brandt at 2:30 o'clock.

## New Waiting Room Ready.

The new waiting room of the trolley company, located in the building at the corner of East Second street and Watchung avenue, will probably be thrown open to the public tomorrow. It has been fitted up with many conveniences for both passengers and employees.

## Moved to Passaic.

Mrs. Theron Valiawagen, her son and her mother, Mrs. Manning, who have been living on Franklin avenue, moved to Passaic today, where they will live in the future. The house will be occupied by Mr. and Mrs. Charles J. McNabb, now living in the Jackson building.

## OWL CAR EPISODES.

Lively Ride on an Early Morning Street Car in New York.

Plenty of Excitement Furnished by a Tippy Conductor and Tippy Passengers—Sober Ones Were Glad to Make Their Escape.

A drunken conductor and several intoxicated passengers furnished excitement to sober persons who rode uptown on an Eighth avenue trolley car, says the New York Sun. The conductor was in the "don't care" stage of intoxication. When the car reached Fourteenth street, where some people were waiting to board it, he kept them back by shouting in stentorian tones: "Stand clear gangway. Freightish got to be discharged 'fore new baggage is taken on. All ashore who go 'shore. Now—all aboard. Tumble up, my hearties. Step lively. This car's an ocean greyhound. Can't wait. Two bells. Full speed ahead."

Then he clanged the bell twice. The car went on. Suddenly, without warning, a neatly dressed woman near the front door began singing "There'll Be a Hot Time in the Old Town Tonight." After finishing the song she politely asked the conductor to pull the bell, as she had reached her destination. He complied, murmuring: "One bell. Go slow. Stopper. Full speed ashtern."

After the car had come to a stop the woman told him to hold it until she had shaken hands with every passenger. "Don't hurry, lady," he said, smilingly; "oceans of time. We ain't late." Finally the woman got out with some difficulty, and two men with different kinds of jags clambered aboard. As they lurched through the now rapidly moving car the conductor called out: "Where're yer seagles, yer land lubbers? Steady that. Better anchor."

Just then the car gave a big lurch and both were thrown into seats. The conductor waited considerably until they had recovered from the shock and

then reeled up to collect the fares. One paid, but after looking at the conductor in a dazed way, assuaged with drunken dignity that he had already paid his nickel. The conductor said: "Shay, cap, yer either pays yer fare er yer takes yer departure—shay?" Then he appealed to the intoxicated man in the seat opposite. "Shay, did dis guy pay his fare?" "Naw," said the man addressed; "heashways, I didn't shay him, anyway, I don't care whether he did or not."

"Thank you, friend, you're a zhen-tleman," said the conductor.

"Now look here," said the obstinate one, indignantly. "I haven't the honor of what zhen-tleman's acquaintance. How dare you shay, shir, that I didn't pay my fare?" With that he made a move with his arm as though to annihilate the grave drunkard opposite him, but the conductor interposed.

"Leave that zhen-tleman alone," he said, with dignity; "yer quarrel ish wi' me."

By this time the women in the car showed signs of nervousness. But when the obstinate man saw the conductor straighten himself, preparatory to ejecting him, he reluctantly fished out a nickel, grumbling that he always paid his way wherever he went, and that he had traveled, in his day, farther than any conductor on any car, too. After this row had subsided an Englishwoman, with eyeglasses and a severe mien, asked for a "transfer."

"Shertainly, madam," said the conductor, politely. "Anywhere you want." Then he gave the Englishwoman a transfer, and also gave one to each passenger in the car, omitting, however, the formality of punching it.

"Them transfers are good anywhere and any time," he said, with a comprehensive wave of his hand.

Things became monotonous for a little while after this. Presently the tipsy man who had paid his fare under pressure lurched down the car and approached the conductor.

"Shay, old fel, ro hard feelings. Lope. Lemme out Eighty-sixth street," he said.

"Sure, shay," said the conductor.

Then the two shook hands, and when Eighty-sixth street was reached the conductor helped the other out as well as he could.

The Old Lady Was Thrifty.

A large snake frightened a sitting hen from a nest in Brownsville, Tenn., swallowed the dozen eggs, and occupied the nest. The owner of the hen, an old lady, discovered the intruder and killed it. She cut open the snake, removed the eggs, but could not persuade the hen to resume her duty. She therefore practiced economy by selling the eggs to a country grocery.

## Playing the Last Act in the Venezuelan Comedy

Commissioners Are Now Setting the Boundary Posts Between That Country and British Guiana

THE last act in the comedy, which at one time gave fair promise of developing into a tragedy, with Great Britain as the heavy villain, the United States as the hero and Venezuela as the cause of it all, is now being played in the tropical forests of Venezuela and British Guiana.

Starting at Point Playa, on the Atlantic, commissioners representing Great Britain and Venezuela, seven of the former and 11 of the latter, are now pushing their way through the dense forests along the line determined by the court of arbitration and setting up the little white stone monuments that will forever mark the dividing line between the two countries. But four or five of these little monuments have been placed so far, and it will be many months before the task is complete and the

British ministers had proposed yielding the point to Venezuela, but it had never been done. This fact was taken into consideration by the court of arbitration, and Barima Point, controlling as it does the mouth of the Orinoco, has been awarded to Venezuela. This deviation from the Schomburgk line gives to Venezuela but a small tract of territory, but it does give her the control of the Orinoco, which is of far more importance.

Another change from the Schomburgk line which gives to Venezuela a small additional territory is in the valley of the Cuyuni river. The modified Schomburgk line followed this river to its source in the mountains, while the present line leaves the Cuyuni at its junction with the Wenaima and follows that stream to its source, from which point it cuts

last stone erected in the Sierra Pacaraima range of mountains that touch the southernmost point of the boundary between the two countries. But it is the beginning of such a work, quite as much as its completion, that marks a step forward in our civilization. The acceptance by England of the intervention of this country into the affair was a distinct victory for the United States, and established more firmly than ever our right to the enforcement of the Monroe doctrine that makes us the protector of the weak of the new world against the strong of the old.

A glance at the map and the explanation which accompanies this article of the difficulties that confronted the court of arbitration to which this boundary question was referred. England claimed a wide stretch of territory beyond the Schomburgk line, of which we heard so much during those exciting days when peace or war hung in the balance, while Venezuela, even more ambitious than England, laid claim to a broad tract of territory that comprised more than half of British Guiana.

The world, and especially America, quick to search for a reason for the dispute, laid the trouble, and the extensive claims of England, to the newly discovered gold fields that were located in the disputed territory. We called England many harsh names, but a second glance at the map will prove the fact that Venezuela was claiming much more gold producing territory than that country was claiming of Venezuela. Not only were the gold fields in dispute, but the virtual control of the great Orinoco river as well. The original

southeast until it again joins the original line at Mount Enkeham, in the Sierra Pacaraima range. It is evident that the court attempted simply to compromise, as it seemed virtually impossible to settle the case upon its merits, and in effecting such a compromise an effort was made to follow natural boundary lines as far as possible. This latter fact will greatly aid the commissioners from the two countries who are now erecting the boundary stones, as there is but comparatively a small part of the long line that is not marked by rivers.

It is quite probable also that considerable new and valuable information regarding the resources of this almost unexplored and undeveloped country may be ascertained by the commissioners as they work their way up the rivers, through the tropical forests, and over the high mountain ranges.

The gold fields, which were supposed to have figured so prominently in the controversy, remain practically as they were, each government retaining the fields which they have been working for some years past, with the exception of one locality through which the original Schomburgk line ran that has now been awarded to British Guiana. But it deprives England of the gold fields near Guacipati, which she claimed.

Venezuela has yet other boundary disputes to settle, as but few of her boundaries have ever been definitely fixed. Her claims of territory to the south and west are sadly mixed with those of Brazil, Colombia and Ecuador, but it is not probable that these claims will ever lead to serious difficulties, as before the time arrives when the disputed territory becomes of sufficient value to fight over it is

and the modified Schomburgk lines, of which we heard so much through the year 1895, gave to England a hold upon the mouth of this stream that would mean the blocking of the commerce upon it if England so desired. It has been generally conceded that more common sense than documentary evidence was used by the arbitration court in the settlement of this long-standing dispute, though the boundary as finally fixed coincides, except in two small particulars, with the line drawn in 1840 by the British commissioner, Sir Robert Schomburgk. The joint claim over the mouth of the Orinoco had been the subject of continued diplomatic correspondence between England and Venezuela for years, and a number of

hoped that universal arbitration as a means of settling such difficulties will have displaced war.

Elizabeth is to have a professional and amateur baseball team next summer. Harry N. Fitch and Herman Fredericks will manage the professional team, while the Y. M. C. A. will manage the amateur team. The association has leased the Walnut street inclosed grounds. The association also expects to place a strong football team in the field next fall. The amateur baseball team will be composed of the best players in Elizabeth and vicinity.

## Mr. Evans Is Dead.

(Special to The Daily Press.)  
New York, Feb. 28.—William M. Evans, the celebrated lawyer and former Secretary of State died at his home in this city at 9:10 o'clock this morning after a brief illness of pneumonia.

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. All druggists sell it at 50 cents or it will be mailed by Ely Brothers, 56 Warren St., N. Y.

Was Not Put Off Car.  
Whitney Freeze, the parcel expressman says that he was not put off one of the trolley cars at Elizabeth. The story gained circulation, he says, owing to the fact that he boarded one of the small cars at Elizabeth and then got off again, deciding to wait until one of the larger cars made the trip. He did so because the car was filled and he had many bundles and did not want to occupy too much room.

Something the Matter.  
There is apparently something wrong with the drainage of the street at the corner of West Front street and Plainfield avenue, as the surface water does not run off as it should. A little attention on the part of the street commissioner would easily remedy the difficulty.

Resigned as Cashier.  
Miss L. T. Mills, who for the past four years has been in the service of the U. S. Express Co. has tendered her resignation as cashier of the local office to take effect tomorrow. She will be succeeded by Alfred Trenchard, of the borough.

Eighteen Patients at Hospital.

## Quinine and Whisky.

A Kensington doctor, whose practice is largely among the mill hands of that district, tells an amusing story at the expense of an old Irishman. Both he and his wife were taken with severe colds that threatened to develop into grip, and the doctor advised quinine and whisky as an antidote. "You must both take it," he said. "Take it every three hours—two grains of quinine and a swallow of whisky." The next day he called again. The man was up and about, but his wife was in bed. "Did you follow my instructions?" asked the doctor. "To the letter," replied the husband. "How much quinine have you left?" was the next question. "Sure, Oi think she have taken th' whole av it," said the man. "And didn't you take it, too?" asked the doctor. "Divil th' bit," was the reply. "Begorra, it kept me busy takin' th' whisky every time she took a pill, an' sure she's in bed an' I'm up."—Philadelphia Record.

## The Growth of Golf.

A surprising growth in the game of golf in America is shown by Harper's official golf guide for 1901, just published. Details are given of 1,037 courses existing last season, against less than 900 the preceding year, and the aggregate investment of money must be very large. New York state is first in the list, with 164 courses, but Massachusetts, the second, shows a much greater concentration of golfing culture with 158. Idaho and Indian territory remain the only sections of the country without golfing organizations, but as Oklahoma and Wyoming have not entirely disdained the sport there is still hope. Possibly golf is destined to wield a softening influence in those unregenerate communities.—Springfield (Mass.) Republican.

## A Bimoral Fable.

When the New Reporter came in to write his first story, after adopting Journalism, the Hardened Sinners in the office began to offer bets. One and all wanted to bet Ten Dollars that he would.

Just to Accommodate them, a Foolish but Sportive Stranger took them up.

And when the New Reporter turned in his Copy, which told about a Circus, it was found that he had not referred to the Elephant as "the Giant Pachyderm."

So the Stranger won. Moral—It is wrong to bet.

Submoral—But the New Reporter did not know how to spell "Pachyderm."—Baltimore American.

## Lost the Stairs on a Bet.

One of the most extraordinary mentees of gambling mania is to be seen to this day at Houghton hall, the residence of the marquis of Cholmondeley. This is a blank space where the central flight of steps leading to the entrance hall should be. The hall at one time belonged to Robert Walpole, earl of Orford. Lord Orford was a tremendous gambler. One of his feats was to gamble away that particular flight of steps. The winner carried them off, and they have never been replaced. The effect of the blank space is most singular.—N. Y. Times.

## Old Superstition Fulfilled.

The old superstition that from folks dying near the seashore the life goes out with the tide was curiously fulfilled in the death of Queen Victoria. According to the official announcement the queen died at 6:30 p. m. on Tuesday. The British tide table shows that it was high water in Spithead near Cowes about 20 minutes after noon on that day. So it would be dead low water at 6:30 o'clock in the evening and at low water the dying queen of England "went out with the tide."—N. Y. Sun.

## CARRYING GOSPEL TO SHOPS.

REV. T. S. HENDERSON IS HOLDING MEETINGS FOR WORKINGMEN.

Conducted One at Potter Press Works Yesterday and Another at Scott Press Works Today.

The thoroughness with which Rev. Theodore S. Henderson is endeavoring to spread the gospel in Plainfield is exemplified in the practical method he has adopted in going direct to the people who for good and sufficient reason cannot come to him.

Yesterday Mr. Henderson conducted a somewhat remarkable meeting at the Potter Press Works. There, during a good part of the noon hour he talked to one hundred employees and succeeded in holding their attention all the time. "Christ, the Workingman's Friend" was the text from which he drew a vivid picture of the nobility of His life as a workman. He was clear; he was consistent and he was above all a Christian. Mr. Henderson in conclusion implored the men to emulate the glorious precedent set for them by the Divine Toller.

Today at 12:30 o'clock he spoke to the employees of the Scott Press Works. Charles L. Lewis assisted at the service by singing some gospel hymns. Mr. Henderson claims that the most important question for a man to answer is, "What Shall I do then with Jesus?" Dismisses Him, said he, and the Saviour will return to you; reject Him and He will reject you; accept Him and He will make you a child of God; obey Him and He will lead you in the right path. At the conclusion of the meeting the men were invited to attend the evangelistic services at the First Baptist church.

## CITY JOTTINGS.

—Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. L. W. Randolph.

## MR. WRIGHT'S FUNERAL.

Held From the House on Rahway Road Yesterday Afternoon.

Funeral services over the remains of the late Charles L. Wright, were held from his late residence on Rahway road yesterday. Rev. Dr. W. R. Richards, pastor of the Greenest Avenue church, was the officiating clergyman.

The casket was entirely covered with flowers. Among the many handsome floral tributes was a large bank of flowers from his former associates in the Plainfield Dr. veng Club. At the close of the service the remains were taken to Hillside cemetery and interred. The pall bearers were from New York.

## Thigh Was Splintered.

Mrs. Annes Pangborn, of 27 Jackson avenue, who fell on the ice two weeks ago, is doing nicely. A few days ago a consultation of her physician and Dr. J. T. Fritts was called and it was then ascertained that her thigh was splintered instead of dislocated, as at first supposed. A Garfield bed was procured on which the sufferer is now resting more comfortably.
