AT EVENING SERVICES MANY SHOWED
DESIRE TO WORK FOR CHRIST.Evangelist Hall Spoke at First Baptist
Church—City Judge Runyon Also.
Spoke—Rev. T. S. Henderson
Also Conducted Services.Never has Plainfield been so thor-
oughly stirred by an evangelistic
movement as by the present gospel
campaign which has ushered in the
new century in all the large cities of
the land. Last week the meetings be-
gan in this city and they have steadily
awakened the religious fervor of the
people. This week Evangelist Wil-
liam Phillips Hall and Rev. Theo. S.
Henderson are in charge.Two meetings were held yesterday
afternoon and two more last evening.
Meetings will be held in the Crescent
Avenue Presbyterian church every
afternoon, except Saturday, this week,
preceded by a half hour prayer
service, which will begin at 3 o'clock.A meeting for children will be held in
the chapel of the Crescent Avenue
church this afternoon and at the First
Baptist church tomorrow afternoon,
beginning at 4 o'clock. Meetings will
be held at the First Baptist church
and Hope chapel every evening this
week, except Saturday, beginning at
7:45 o'clock. Rev. T. S. Henderson
will be in charge of the afternoon
meeting at the Crescent Avenue
church and the evening meeting at
Hope chapel. F. H. Jacobs will con-
duct the children's service while Wm.
Phillips Hall will speak at the eve-
ning service in the First Baptist
church.

FIRST AFTERNOON SERVICE.

Rev. Mr. Henderson Spoke to
Well Attended Meeting in
Crescent Avenue Church.The first of the series of afternoon
meetings to be held this week in con-
nection with the evangelistic services
now being conducted by William Phil-
lips Hall, was held yesterday after-
noon in the Crescent Avenue church.
That edifice was well filled with a con-
gregation largely composed of women.
Rev. Theodore S. Henderson was in
charge of the service, and he was as-
sisted by W. O. Weeden, the evangeli-
st, who conducted the song
service and sang two solos. The regu-
lar service was held at 3:30 o'clock,
but during the preceding half hour a
prayer service was held seeking God's
blessing on the meetings and work
being done in this city.Mr. Henderson took for his text a
part of the forty-first verse of the
Seventy-eighth Psalm: "They
limited the Holy One of Israel," and
from these words he gave a profound,
yet simple talk that held the closest
attention of everyone present. In part
he spoke as follows:"Here we have a charge against
God's own people, before whom He
placed the highest ideals for Christian
living. This people was stupid, stub-
born, and they defeated God's very
end in view. My text has a searching
truth therein. Can it be that God can
be limited, He who is all-wise? Is it
possible that He, whose wisdom is un-
failing, can be defeated? Can man,
who is very weakness itself, limit God
in His power?""If God were nothing more than
mere wisdom there would be a ques-
tion of limiting His power. His love
is a restraining but not a compelling
love, and thus it is possible to hinder
the divine plan. With every possi-
bility there is also a responsibility.
We can limit the Holy One of Israel.
Truth is not a thing of convenience to
be left at home when we go on our
vacations, to be taken up again when
we find the need of it."If you won't obey God's first pre-
cept, He won't give you the second.
Plainfield is redeemed as far as God
is able to provide for its redemption,
but the city is not redeemed in fact.
However, there is nothing lacking on
the part of God in the redemption of
the city and He will always do His

GIFT TO THE HIGH SCHOOL.

VALUABLE COLLECTION OF MINERALS
AND ORES WAS PRESENTED.Given by Miss Ella Serrell to the
Science Department of Plain-
field High School.A valuable collection of minerals and
ores has recently come into the pos-
session of the Plainfield High School as
the gift of Miss Ella Serrell, of Plain-
field avenue. This collection will
form an addition to the hundreds of
specimens of minerals and metals
already enclosed in the High School
cabinets.Many of the original specimens
were presented by Stephen A. Krom,
of Madison avenue. The High School
also owns a rare collection of stuffed
birds which was gathered by A. J.
Gavett, of West Fifth street, prior to
the formation of the Audubon
Society.In the Miss Serrell collection are
specimens of felspar, stibnite, coral,
silver and gray copper, iron pyrites,
spinal stone, conglomerate, smoky
quartz, Cuban copper, galena, mala-
conite, crustacean, opal fossil shell,
radiated gypsum and weather lime-
stone.Among the curios is a decorated
piece of lava from Vesuvius. Stones
taken from the top of Mount Lafayette
and from the White Mountains are in
the collection as is also a piece of rock
from Fort Ticonderoga. A large
specimen of coquina and a piece of car-
bonate of lime formed as a deposit in
a pipe of running water are two other
interesting specimens of the collection.

WANT NEW SIDEWALKS.

Fanwood Council is Trying to Ascertain
Public Sentiment in That
Borough on The Subject.
(Special to The Daily Press.)Fanwood, March 6.—The residents
of the borough of Fanwood are still
agitating the proposed plan to change
the borough sidewalks from crushed
stone, gravel and cinders to a more
modern style, concrete. During the
past week a circular has been sent to
all the residents asking them to send
to the Council their opinion of the
proposed improvement. If enough
answers favorable to the change are
received the Council will recommend
that the matter be made an issue at
the spring election which is to be held
March 12.The plan proposed is to issue bor-
ough bonds of ten years, each year to
cancel a certain amount by taxing
each property owner per foot on the
property benefited. The change is
meeting with some objection as a
number are of the opinion that the
walks, many of which have only been
recently improved, are good enough
for the present.

DEMOCRATIC NOMINEES.

Democratic Primary Held at Dunellen
Last Evening—R. J. Swackhamer

(Special to The Daily Press.)Dunellen, March 6.—The Demo-
cratic voters of the borough held their
primary in the town hall last eve-
ning for the purpose of preparing
their tickets for the election to be held
Tuesday. There was an extra good
attendance, but with one exception
the various nominations were made
without opposition.R. J. Swackhamer, the present
Mayor, was nominated for re-election
to that office without a dissenting vote
as was also J. H. L. Peters for as-
sessor. For councilmen a number of
names were mentioned among them
being Wm. J. Wines, John Logan,
Louis Schneider and J. F. G. Kenney.
The latter two secured the vote. The
remaining nomination, that of free-
holder was given to P. C. Staats, who
is serving in that capacity at present.Resolutions of Sympathy Passed.

noon Club this week resolutions were
passed on the death of Hon. William
M. Evarts, of New York, expressive
of sympathy with his family, Mrs.
Edward C. Perkins, a member of the
club and a former president, being a
daughter of Mr. Evarts.Conde's Annual Concert.

LEARNING HOW TO COOK.

SOMETHING ABOUT CULINARY DE-
PARTMENT OF BOROUGH SCHOOLS.Department is Under Charge of Miss
Taylor and is Well Equipped
For Work.Through the courtesy of the genial
superintendent of the North Plain-
field public schools a reporter for the
Daily Press was permitted to inspect
the public school's lately organized
manual training department and
especially to be present at a practical
demonstration in the culinary art as
taught in a thoroughly systematic and
intelligent manner by the capable in-
structor, Miss Bessie Taylor, a gradu-
ate of Pratt Institute.The pupils are given a knowledge
step by step of every branch of cook-
ing from the mere baking of ordinary
pastry fit for an epoulture. The proper
kneading, raising and baking of bread,
and the art of making delicious rolls
is a lesson upon which much time is
spent. Salads and cold deserts such
as gelatines come in for a full share of
attention. The pupil is taught exact-
ly how to warm over cooked material
so that it may retain as far as possible
its original flavor.The teacher very kindly explained
the fundamental principles, and the
various sorts of cooking in a way that
showed a complete mastery of the sub-
ject, but which, to a great extent, was
too much for a reporter to digest.The model kitchen, which serves as
a laboratory for future chefs of Plain-
field homes, is well appointed in every
detail. The range, itself, is of the
most approved pattern and the ad-
ditional cooking apparatus, which is
an improvement on the ordinary gas
stove, consists of a number of fine gas
pipes perforated with small holes
placed at regular distances and used
as gas jets. These pipes run the full
length of the tables, which are two in
number, and are fixed at a distance a
few inches from the top surface. The
tables are covered with sheet iron up
on which is overlaid handsome marble
tilling.In the room are to be found a
pantry and all other accessories of a
well ordered kitchen. The utensils
used are serviceable, durable and
numerous. In no sense is the pupil a
"parlor cook," for one is taught to
properly make a fire in the range,
sweep the room, cleanse the pots and
pans and to keep the kitchen in a tidy
condition at all times. The young
girls "wash up" the rooms after the
cooking lesson is finished and thereby
a lesson is learned which counts for
much in later years. At present the
course is open only to pupils in the
classes from the eighth grade up.

WIDENING GIRAUD AVENUE.

Property Owners Have Consented and
Work Has Been Started By
City Employees.Street Commissioner A. J. Gavett
having received permission from the
owners, has put men at work widen-
ing Giraud avenue from West Front
street to the brook, so that it will be
of the same width as in North Plain-
field.Gravel from the cellar of Smalley
Brothers' new building will be used to
fill the street.It is understood that the Freehold-
ers will build a new bridge when the
widening is completed.New News Stand.
It is quite likely that the Union
News Company will soon erect a new
stand at the new railroad station. Under
the present rule Alfred Lacey, the
agent, is obliged to spend a great
portion of the morning on that side of
the track, and the arrangement is not
a convenient one. Better facilities
will undoubtedly be made at an early
date.An Entertainment.
An entertainment consisting of
music and recitations will be given by
the Jeuneaud Bros., Tuesday eve-
ning, March 19, under the auspices of
Old Glory Council, No. 62, Daughters
of Liberty, in the lodge room, Bab-
cock building.Uniforms for New Policemen.
The new uniforms for the extra
police recently appointed have been
received by the committee. The men
to adorn them are Patrolmen Over-
baugh, Flynn and Gamo.New Headquarters.
The Plainfield Mutual and Bene-
ficial Association will move its head-
quarters to 104 West Second street,
and will be ready to do business at the
new location March 10.

PARK GOLF CLUB
IN GOOD CONDITION.Annual Reports Show All Bills
Paid and Money in
Treasury.

ANNUAL MEETING HELD.

ELECTION OF OFFICERS AT MEET-
ING OF TRUSTEES.C. W. McCutchen Was Again Chosen
President—Will Have Green
and Golf Committees in
Coming Season.There was a renewal of interest in
golf last evening when the members
of the Park Golf Club held their an-
nual meeting at the Park Clubhouse
on Washington avenue. What was
particularly satisfactory was the fact
that the income during the past year
was large enough to meet every bill
against the club and leave a small
balance remaining. The prospects
for a prosperous year are very bright,
and the club was never in better con-
dition than it is today.The election of the trustees and the
receiving of the annual report of the
treasurer was all the business to be
transacted. One charge was made in
the board of trustees. Gifford W.
Cooley, who was the efficient treasurer
of the club last year, was unable to
continue in that place owing to the
pressure of other duties and his place
on the Board was filled by Samuel
Townsend. The election of trustees
resulted as follows: Charles W. Mc-
Cutchen, George T. Rogers, S. St. J.
McCutchen, Henry A. McGee, W. J.
Buttfield, Meredith Dryden, and
Samuel Townsend.Much interest was shown in the re-
port of the retiring treasurer, Gifford
W. Cooley. He reported that all the
bills had been paid and that a small
balance still remained in the treasury.
Every cent owing the club had been
collected. Of the money spent over
\$300 had been for improvements at the
clubhouse. He was highly compli-
mented on his careful and painstaking
work and general regret was ex-
pressed that he felt it necessary to
retire from that office.A meeting of the board of trustees
was held immediately at the close of
the annual meeting and the following
officers were elected: President,
Charles W. McCutchen; vice-president,
George T. Rogers; secretary and
treasurer, Meredith Dryden. It was
decided to consolidate the offices of
secretary and treasurer.No committees were chosen and
such action will be delayed until the
return of the president, C. W. Mc-
Cutchen, who is now in Florida. The
work which was done last year by the
green committee will be divided this
season between the green and golf
committees. The latter will be a new
one.

BIRTHDAY PARTY.

Given to Miss Catherine Webster by Thirty
of Her Friends.Thirty intimate friends of Miss
Catherine Webster gave her a surprise
last evening at her home on East
Second street. The event was in
honor of Miss Webster's birthday
celebration, which takes place today.
Miss Mary Terry, who lives with Miss
Webster, arranged the affair, which
was complete in every detail. The
guests arrived at the house before
the celebrant had the slightest intima-
tion of the surprise.The evening was passed in playing
games and in having a good social
time. During the evening refresh-
ments were served.Justice Huff's Court.
The contract case of V. Ameano
against A. Ameano was tried before
Justice Huff yesterday afternoon. The
plaintiff, who was suing for \$60 prom-
ised him, secured a verdict of \$11 and
costs through his counsel, William
Newborn. Francis J. Blaz repre-
sented the defendant. It now appears
that both plaintiff and defendant are
dissatisfied, and there is likely to be
an appeal on the part of one or the
other.To Swear in Recruits.
Lieut. John E. Werhley, of Co. M,
N. J. N. G., of Somerville, will be at
Dr. W. Kempton Browning's home on
East Fifth street, Friday evening from
8 to 9 o'clock to swear in anyone wish-
ing to join Co. K, of this city. There
are now fifty-seven members in the
company and it is believed that twelve
or fifteen men will be added before
the charter list is closed.To Locate on Madison Avenue.
Harvey C. Drake, the South Second
street bicycle dealer, will occupy the
double store at 115 Madison avenue,
after April 1.

GETTING USED TO FENCE.

COMMUTERS ARE NOT MUCH WOR-
RIED BY CHANCE AT STATION.Some Forgot the Tunnel at First and
So Missed Their Trains—Others
Climbed Off Wrong Side.With but few exceptions Plain-
field's hundreds of commuters are
rapidly becoming adapted to the
various changes at the North Avenue
station and in a short time matters
will assume their old routine. To the
occasional passenger the new order of
things is taken as a matter of fact but
to those who have climbed the steps
of the old station or raced over the
tracks from the south side year after
year, it is of more than ordinary in-
terest.As was expected, the greatest obsta-
cle so far has been the long iron fence
between the east and west bound
tracks which prevents the boarding of
east bound trains from the north side.
Many of the regulars who have been
in the habit of leaping up the steps at
the last minute and catching the rear
of a train, absent mindedly attempted
to do the same thing the past few
mornings, only to find their progress
effectually barred by the long row of
iron pickets. By the time the long
journey through the tunnel was made
the train was in the vicinity of Neth-
erwood.The railway officials have noticed
large numbers of prospective passen-
gers crossing over the Watchung
avenue bridge in order to reach the
new station without going through
the tunnel and in order to prevent
this the fence will be extended across
the bridge.On returning home from New York
the past two nights numerous pas-
sengers attempted to get off the train
on the south side, bringing up with a
jar against the fence, which in some
instances proved a lasting reminder.
In most of the cases, however, the
victims have taken the changes as a
matter of fact and the little mistakes
will soon be a thing of the past.

HOUSE ENTERED.

Mrs. George Thatcher Found On Her
Return That Her House Had
Been Ransacked.Mrs. George Thatcher, of Seventh
street and Central avenue, returned
yesterday from an extended trip in
the west, and found that during her
absence her home had been entered
and everything generally disarranged.
Mrs. Thatcher immediately notified
Chief Kieley who commenced an in-
vestigation. So far as is known noth-
ing is missing, and it is supposed that
small boys had mischievously broken
into the house.Had No Place to Meet.
The members of Protective Con-
clave, No. 505, Improved Order of
Heptasophs, were to have held their
regular meeting last evening, but af-
ter waiting two hours for the warder,
F. A. Weber, to appear and open the
rooms, they decided to adjourn to
some other evening. Mr. Weber left
home for the lodge rooms, but his
fellow members believe that he was
called away unexpectedly on business.Died at Age of Seventy-One.

Westfield, March 6.—Mrs. Connelly,
aged 71 years, wife of William W.
Connelly, undertaker of this place,

A horse belonging to Titus Laury,
the builder, ran away from in front of

noon. The animal turned into Park
avenue but in spite of the crowded

resulted. The runaway came to a halt
in front of the barn on East Fourth
street. The damage was trifling.In Justice Nash's Court.
In the contract cases of Bateman
Teacher against Mrs. Moore, and

tered the hospital last week for the

THE ALLEN-PANGBORN CASE.

TRIAL IN WILLIAMSPORT, PA., BEGAN
YESTERDAY.Testimony Given to Prove That S.
Pangborn and W. C. Allen
Were Same Man.

(Special to The Daily Press.)

Williamsport, Pa., March 6.—In the
civil suit commenced here yesterday
much corroborative evidence was pro-
duced to substantiate the allegation of
Mrs. Louisa Perrine, of Plainfield,
that Winfield Scott Allen, of this city,
who died in 1889 possessed of a large
estate, was her father, Stephen Pang-
born.S. P. Brown, of Dunellen, a nephew
of Pangborn, testified that subsequent
to the time Pangborn deserted his
wife and changed his name the latter
attended the witness's father's funeral
and was in fear of being recognized by
former acquaintances. Mrs. Emma
J. Denton, of Philadelphia, a niece of
Pangborn, swore that she had seen
letters addressed by her father to him
directed to "W. S. Allen, Williams-
port, Pa."A photograph of Allen was recog-
nized as being that of Pangborn by
Miss Harriet J. Hoagland, of Bound
Brook, and Mrs. H. C. Armstrong, of
Morristown, N. J. Mrs. Armstrong's
husband was the minister who per-
formed the wedding ceremony be-
tween Pangborn and Mrs. Perrine's
mother. The remarkable resemblance
of Mrs. Perrine to Stephen Pangborn
was important testimony given by
Captain James T. Ferry, of Bound
Brook.

WAS HOMEWARD BOUND
WHEN DEATH CAME.Lieut. Walter E. Stewart Died in
Public Square at San Fran-
cisco Yesterday.

RETURNING FROM MANILA.

INJURED BY FALL FROM HORSE
NECESSITATING RETIREMENT.Doctors Said That He Could Not Live in
Climate of Philippines—Resigned
His Commission—Was Expected
Home When Sad News Came.At the time that Lieut. Walter E.
Stewart, Jr., was expected to ar-
rive at his home in this city on his
way from the Philippines, where he
had been in the United States Army
service, his family received a telegram
announcing his death, which occurred
yesterday morning in a public square
in San Francisco. It is supposed that
his death was caused by heart disease.The sad news was received with uni-
versal sympathy for Lieut. Stewart
was well known in this city and was
very popular. At a late hour last
night no further news concerning the
circumstances of death had been re-
ceived. Arrangements will be made
at once to have the body brought to
this city for interment.Lieut. Stewart was the next young-
est of five children, being 29 years of
age. He was the son of Mr. and Mrs.
Walter E. Stewart, of West Seventh
street. He was born in this city and
attended the public schools. He en-
tered Yale and was graduated from
there in 1894, and from the New York
Law School in 1896. He then prac-
ticed law in New York until he entered
the regular army. He passed his ex-
aminations for service at Fortress
Monroe in 1899 and received the ap-
pointment of second lieutenant from
President McKinley. He then was
assigned to duty with the Third In-
fantry and he went direct to the
Philippines, where headquarters were
established near Manila.Last fall he was detailed, with a
number of other men, to superintend
the landing of horses from a transpor-
tation. While in the performance of duty he
was thrown from a horse he was riding
and landed among some rocks. His
head was severely injured and he was
obliged to enter the hospital. For
days he was delirious, but under good
treatment he recovered sufficiently to
re-enter the service. This did not last
long, however, before he was again
taken ill and he was told by the army
surgeons that he must return home if
he wanted to live. He could not
stand the Philippine climate.Finally, Mr. Stewart resigned his
commission which was accepted by
Secretary of War Elihu Root and Presi-
dent McKinley, and it took effect
January 31, when he received an
honorable discharge. Soon afterward
he sailed on the Transport Indiana for
home.February 28, Mr. Stewart sent a
telegram to his brother, Percy, Stew-
art, that he had arrived at San Fran-
cisco and was at the Palace Hotel. It
was expected that he would leave very
soon for home. As stated he was
looked for last evening or today, and
there was no intimation of anything
being wrong until the telegram was
received announcing his death.Recently, when O. K. N. J. N. G.,
was mustered in, it was announced
that the position of captain would be
left open until the arrival of Lieuten-
ant Stewart in Plainfield, as it was in-
tended to offer him the place. Of
course, the members of the company
knew nothing concerning Mr. Stew-
art's illness. Last Sunday Percy Stew-
art called on one of the officers of the
company, explained the circumstances
and said that his brother would not be
able to accept the position.Fine Lot of Samples.
J. G. Bantle, the women's tailor on

UPROAR IN COMMONS

Mr. Balfour's Closure Ruling Caused a Storm.

IRISH MEMBERS CARRIED OUT BODILY

Nationalists Fought Frantically, but Were at Length Overpowered by Strong Force of Police—A Protection Project.

LONDON, March 6.—One of the stormiest scenes ever witnessed in the British house of commons occurred at an early hour this morning.

The trouble arose through Mr. Balfour closing the whole education estimates without giving an opportunity to discuss the Irish votes.

After midnight Mr. Balfour applied the closure on the education estimates. The nationalists shouted, "Gag, gag," and refused to leave the house when the division was taken.

The chairman twice asked them to retire to the division lobby, but they shouted, "Certainly not!" Mr. Flavin cried, "I protest against the way all Irish votes are closed."

The chairman then intimated that he must report the matter to the speaker. In the meantime the other members had returned from the lobby amid some uproar, 30 or 40 Irishmen remaining in their seats.

The speaker having returned to the house, the chairman reported the matter to him, and the speaker asked if the Irish members still refused to obey the order, and there were cries of "Yes, yes!" The speaker then named 16 recalcitrants, and Mr. Balfour moved their suspension. This was agreed to without a division.

The speaker ordered them to withdraw, but they refused amid great uproar. The speaker called upon the sergeant-at-arms to remove them. They shouted defiance. The deputy sergeant-at-arms advanced and asked them to leave. Still they refused. At this a number of officers and policemen entered to enforce removal.

The nationalists fought and struggled frantically, but at length a superior force of police succeeded in dragging Mr. Crean out by the legs and arms and carrying him down the floor of the house, the Irishmen standing and wildly shouting, "Shame!" "Murderers!" and "South African brutality!"

The speaker then called upon Mr. McHugh to retire, but he defiantly refused, his companions shouting approval. A strong body of 20 policemen again entered the Irish benches. Mr. McHugh fought, struggled and impeded them in every way. Angry shouts rent the air. The benches below the gangway on the opposition side were a mass of mad and struggling humanity. Several policemen were struck with fists. Free fights between the police and the members were fairly general.

As Mr. McHugh was being carried out—his underclothes showing where the outer garments had been torn away in the struggle—Mr. Flavin shouted from the back benches, "Nineteen policemen to remove one Irishman!" and cries of "Shame!" were heard from the opposition benches.

The police then returned and carried out each of the remaining recalcitrants in the same manner, although there was no further actual resistance. Six policemen sufficed for each member with the exception of Mr. Flavin, who is a big man and required eight. Many as they were being carried out waved their hands and shouted, "God save Ireland!"

Neither Mr. Dillon, Mr. John Redmond nor Mr. T. P. O'Connor was present, having already left the house. One or two constables were badly handled in the scuffle. The suspensions will last for one week.

The movement in favor of a duty on sugar is due, first, to the almost utter decay of England's refining industry; second, to the careful study of the success of American sugar under the present system, and, third, to the dire necessity of the government to raise funds by other means than increasing the already enormous direct taxation.

Inaugural Fireworks.
WASHINGTON, March 6.—The inaugural display of fireworks postponed from Monday night on account of the inclement weather took place last night. The display was made from the grounds surrounding the Washington monument and was one of the finest pyrotechnic features ever attempted in the capital city. The tall and imposing shaft of the Washington monument harnessed a fire that backed ground for the brilliant illumination.

Important Liquor Decision.
JEFFERSON CITY, Mo., March 6.—The supreme court has handed down an opinion declaring the beer inspection law enacted in 1899 constitutional. It is estimated that the law will raise \$800,000 revenue annually. The opinion holds that the state has a right to enforce police regulations regarding the sale of intoxicating liquors and prevent the sale altogether if it so desires.

Earthquake in New Hampshire.
MANCHESTER, N. H., March 6.—Two distinct earthquake shocks were felt here shortly after 8 o'clock last evening. The shocks came within ten seconds of each other and frightened some of the inhabitants. Houses rocked, and the occupants ran into the streets in several cases. Brick-a-brac was knocked from mantels and crockery were fell from supper tables.

Two Perish in a Fire.
NEW YORK, March 6.—Two men were burned to death in a fire which started this morning shortly after midnight in the stable and warehouse 221 Marion street, Brooklyn. Eighteen horses also perished, and the fire, besides gutting the building in which it started spread so rapidly that three frame cottages were very badly damaged.

Back Pay For Fighters.
ALBANY, March 6.—The assembly committee will report favorably the Bennett bill authorizing New York city to raise \$15,000 with which to pay the salaries of those city employees who fought in the late war with Spain during the time they were absent from the city.

Russian Students Arrested.
ST. PETERSBURG, March 6.—The police prevented 200 university students from entering Kagan cathedral, where a service was being held in celebration of the anniversary of the emancipation of the serfs. The students demonstrated in protest and were eventually all arrested.

A DEADLY DUEL

Russian Nobleman Killed an American on the Field of Honor.

PARIS, March 6.—John MacWilson, a student of New York, who has been living for the past two years in Paris with his mother at the Hotel Lafonde Tremolle, has been killed at Ostend in a duel with a Russian count.

The details obtainable are meager. According to the best information obtainable, Mr. Durant had written letters to the wife of the Russian count. The latter's nephew came to Paris to settle the matter, where he met Mr. Durant in a restaurant, and a vicious fight resulted, in which Mr. Durant lost his front teeth.

He struck the Russian with a heavy glass water bottle, and the latter died, but the doctor's certificate gave "congestion of the brain" as the cause of death. This occurred during January. Later the count took the matter up, sending his seconds to Mr. Durant.

The latter went to Ostend with his mother, who afterward departed for Paris and is still at Glasgow.

A duel was arranged and was fought Sunday, probably with pistols. Durant was killed and the count was seriously wounded.

Durant Came From Albany.
ALBANY, March 6.—John Wilson Durant, whom cable dispatches relate was killed in a duel at Ostend, was an Albanian and comes of a prominent family. He was in Albany in December.

New Jersey Legislature.
TRENTON, March 6.—The senate had its closest vote of the session this night on Assemblyman Marks' bill to permit the North German Lloyd Steamship company to swing its ships in front of one of Hoboken's parks along the river front.

The bill was advocated by Senator Hudspeeth, who spoke of the great advantage this steamship company was to Hoboken in a commercial way. Senator Reed, the Republican leader, opposed the measure and said it was giving the company free use of riparian rights and that it was shutting off a river view from a public park. Upon a roll call there was one vote short of the necessary 11 to pass the bill. Several members refrained from voting. The absentees were called for, and for several minutes the names of those not voting were called and recalled until Senator Cornish voted yea, and the bill passed with a bare majority. A companion bill vesting this steamship with power to vacate the river end of Third street in Hoboken was also opposed by Senator Reed, and only eight affirmative votes could be secured.

Judge Chambers Not Forgotten.
WASHINGTON, March 6.—It is understood that Mr. Chambers of Alabama, late chief justice of Samoa, is to be appointed a commissioner to adjust the claims of American citizens arising out of the war with Spain. Mr. Chambers, although appointed originally as a Democrat to his office in Samoa, conducted himself in the trying last days of the tripartite government with such stalwart Americanism as to earn the admiration of the authorities here. His relinquishment of the office of chief justice was made necessary by the understanding reached by its three powers that a complete change should be made in the officials in Samoa.

Hard Law For the "Jointists."
TOPEKA, March 6.—An ordinance has been adopted by the city council which it is believed will make it almost impossible for the "jointists" to do business in this city. The ordinance makes it unlawful to treat a friend to a drink of liquor in a private house. A man is declared to be guilty of violating the ordinance if he is found in a place where liquor is sold. The ordinance does not require that an actual sale shall be proved. Heavy fines and imprisonment of 30 to 100 days in jail are the penalties for violations of the ordinance.

GRAND HAVEN, Mich., March 6.—Fire last night totally destroyed the public library building, including 5,000 volumes. The loss is estimated at \$100,000, with insurance of \$45,000. The high school was in the same building, a four story brick structure. The fire is supposed to have been of incendiary origin.

Usher's Liabilities Large.
OGDENSBURG, N. Y., March 6.—A petition in bankruptcy was filed with Referee Strong by Luke Usher, a prominent Potsdam lumberman. The liabilities are \$121,135.75 and the assets \$250 worth of furniture, claimed to be exempt. Usher was president of the defunct National bank of Potsdam.

Business Crippled by Gas Failure.
EAST LIVERPOOL, O., March 6.—The natural gas supply has failed here owing to a break in the pipe lines, which cannot be repaired for several days. The cannot be involved a suspension of nearly all business, dismissal of schools and closing of factories, all of which depend on the gas for heating purposes.

Near to a Jail Delivery.
OSWEGO, N. Y., March 6.—A general jail delivery of the prisoners in the county jail here was prevented only by the discovery of sawed bars and broken locks. The jail was crowded with prisoners, among them many desperate criminals awaiting sentence. It is believed help was given from the outside.

Alabama Legislature Adjourns.
MONTGOMERY, Ala., March 6.—After a session of 50 days the legislature of Alabama has adjourned. The principal acts of the legislature were the calling of a constitutional convention, increase of appropriation for public schools and defeat of the uniform school textbook bill.

POLICE TROUBLES IN MANILA.

Rumors of a Shake Up—Members of the Force Overcast.

MANILA, March 6.—It is persistently rumored that Colonel Wilder, chief of the Manila police; Captain Gaines, in charge of the Manila secret service, and Lieutenant Gillespie will be ordered to resign their commissions. No orders to this effect have yet been issued. General Davis, provost marshal of Manila, denies having recommended these changes. The officers themselves assert the stories are circulated by persons interested in trading with the insurgents.

It is charged in certain quarters that the police are overzealous in making arrests of alleged insurgents under General MacArthur's proclamation. No notification has been given concerning the trial of Carman, Carranza and others who were arrested by the police on the charge of dealing with the insurgents, and the police have been ordered to refer all cases in which they shall subsequently obtain evidence to the provost general for report to the military governor for investigation before making arrests. In these cases no arrests have yet been ordered, although the investigations are being continued.

The commission has decided to double the appropriation of \$1,000,000 for the improvement of Manila harbor, and it has passed a bill according the transfer of the Manila Police library.

MEIKLEJOHN'S SUCCESSOR.
Washington, March 6.—The president has selected William Cary Sanger of New York for assistant secretary of war in succession to George D. Meiklejohn of Nebraska, who has held the office for the last four years.

Colonel Sanger, who, with his wife, formerly Miss Dodge, a daughter of General C. C. Dodge of New York, is now a guest at Secretary Root's home, has long been the choice of the secretary to serve as his assistant in disposing of the enormous and rapidly growing business of the war department, and his nomination would have gone to the senate some time ago had not the administration, which is most warmly disposed toward Mr. Meiklejohn, feared that the acceptance of his resignation might injure his prospects for one of the two vacant Nebraska senatorships for which he is now a leading candidate before the legislature at Lincoln.

It is thought now that the announcement need no longer be delayed on that account, for the interest of the administration in Mr. Meiklejohn's success has been fully demonstrated in the four months he has remained away from his office in Washington, and it is now the official conviction here that he is certain to win either the long or short term in the senate.

Noted Physician Dead.
PHILADELPHIA, March 6.—Dr. Richard James Duglison, an eminent editor and author of many valuable medical works, is dead at his home here of dropsy and heart failure, superinduced by pneumonia. Dr. Duglison was a son of Professor Robley Duglison of Jefferson Medical college and studied medicine under his father's direction. He was graduated from Jefferson college in 1836, having previously received the degree of A. B. from the college department of the University of Pennsylvania. He was one of the originators of the Philadelphia Medical Times and was the author of Duglison's Medical Dictionary, and "Duglison's History of Medicines."

British Steamer Stranded.
RALEIGH, March 6.—The British steamer Camperdown, bound for New York loaded with 20,000 sacks of sugar, is stranded on Cape Lookout shoals, seven miles from the beach. The captain of the life saving crew has made three unsuccessful attempts to board the vessel and render assistance, but owing to a strong head current, a high sea and southerly wind he has been unable to do so. During the first attempt he got close enough to communicate with those on board. The captain of the steamer asked that assistance be sent him, and the Merritt Wrecking company has been notified.

Hofmann's Playing Exceptional.
NEW YORK, March 6.—Paderewski, the musical fad of New York, bids fair to be dethroned by a young man who 15 years ago made his debut as an infant prodigy and was prevented from playing by the Gerry society. After an absence of three years abroad Mr. Josef Hofmann, the pianist, made his reappearance at Carnegie hall yesterday afternoon. His programme was the largest and broadest from a musical standpoint that has ever been presented to an American audience by any pianist.

Cars Icebound at Detroit.
DETROIT, March 6.—Owing to the unusual thickness and quantity of ice in the Detroit river the Canadian Pacific, Wabash and Michigan Central car ferries are unable to make the customary trips between Detroit and the Windsor (Canada) docks. The result is that more than 1,000 cars of east bound freight are tied up along those lines between Detroit and Chicago.

Young and Hare Leave Manila.
WASHINGTON, March 6.—General MacArthur has cabled the war department that the transport Logan sailed from Manila on the 1st inst. with Generals Young and Hare, 25 officers and 769 enlisted men of the Thirty-third volunteer infantry and 21 officers and 785 enlisted men of the Thirty-fourth volunteer infantry.

Gold in the Treasury.
WASHINGTON, March 6.—The amount of gross gold in the treasury is \$480,412,158, the highest point ever reached in the history of the government. This amount includes the \$150,000,000 held as a reserve, \$270,019,988 held against gold certificates and \$63,392,169 in the general fund.

Coal Barges Start South.
PITTSBURGH, March 6.—The ice in the rivers thinned out sufficiently to let the River Coal company start a portion of its big accumulation of coal toward southern markets. Five tows went out carrying 1,500,000 bushels. Ten million bushels are expected to be shipped on the present rise.

Pingree in London.
LONDON, March 6.—Former Governor of Pingree of Michigan spent half an hour last evening with Mr. Chamberlain, the colonial secretary, discussing the war in South Africa, whether Mr. Pin gree will soon go on business.

General Daggett Retired.
WASHINGTON, March 6.—General Aaron S. Daggett, recently appointed brigadier general of the army, has been retired.

GRAB GAME IN PEKING

China Protests Against Occupation of Public Buildings.

FOREIGNERS DEFILE SACRED PLACES

A Request to Cense Sending Out Expeditions Exceedingly Answered by Count Von Waldersee—Better Railway Service Promised.

PEKING, March 6.—The next general meeting of the ministers of the powers will consider the protests of the Chinese plenipotentiaries regarding the legation quarters now established in Chinese public buildings. The British and Russians have taken the board of works, board of revenue and board of ceremonies. The Italians have taken the emperor's personal temple of worship. Fire has destroyed the greater part of the Temple of a Thousand Years in the summer palace. Fortunately the edifice of Buddha, weighing 600 tons, was not injured.

The Japanese troops are preparing to leave in transport on their way to Taku. The river is now safely open, and there is no danger of another frost.

General Yin Tehing, by order of Li Hung Chang, wrote to Count von Waldersee, making the following request:

"If it be possible, let there be no more expeditions."

"Give permission to the Chinese troops to remain within ten miles of the allies for the purpose of preventing Boxers and robbers."

"Direct the allied troops, while searching for and punishing robbers and Boxers, to ask assistance of the Chinese officials."

"Prevent native Christians from making extortionate claims, which the missionaries often help to enforce."

To this communication Count von Waldersee sent the following reply:

"The headquarters staff of the allied army cannot enter into an agreement to undertake no more expeditions, but must reserve the right to act according to circumstances. If no general conditions, political or otherwise, arise, like the appearance of bands of robbers or the behavior of the Chinese regular troops, that would necessitate expeditions, Count von Waldersee is inclined to agree to the request of Li Hung Chang to have no more expeditions by the contingents under Count von Waldersee."

"The local authorities will be asked to ascertain the guilty so far as possible. Indemnities to native Christians on missionaries will be settled in future by the mutual agreement of the diplomats."

The daily committee meetings of the ministers of the powers deal with the legation quarters, the forms of assessing indemnities and questions of ceremony in connection with audiences of the emperor.

An improved railway service is promised within the next ten days.

Court May Never Return.
LONDON, March 6.—The Reuter Telegram company has received the following from Peking, dated March 5:

"Inquiry concerning the reports of Emperor Kwang Shu's return elicited assurances from Chinese officials that he had not the remotest intention to leave Sianfu while the present situation continued and that if the powers persisted in fortifying the legation quarter it was extremely probable that the court would never return to Peking. The Chinese appeal regarding the latter question is that if that it is reported from fairly reliable sources that documents have been found in Peking proving that the assailants of the legations during the recent siege had instructions not to kill the inmates, but to take as many as possible alive, as all prisoners were to be taken to the Temple of Heaven and there put through the process of being boiled."

Would Have Boiled Foreigners.
VICTORIA, B. C., March 6.—According to advice received by the steamer Empress of India a northern correspondent of the Hongkong Press states that it is reported from fairly reliable sources that documents have been found in Peking proving that the assailants of the legations during the recent siege had instructions not to kill the inmates, but to take as many as possible alive, as all prisoners were to be taken to the Temple of Heaven and there put through the process of being boiled."

A Jail Delivery.
CUMBERLAND, Md., March 6.—Nine men awaiting the action of the April grand jury broke out of the Cumberland jail yesterday morning and are still at large. They are John Wesley Osbourne, Charles Oberl, Daniel Crother and Walter Dreyer, four young bandits who figured in many hold ups and robberies here and charged with murderous assault on Officer Reuschlein; Frank Francis, burglary; Frank Young, Edward Jenks and James Heckman, all charged with larceny, and William Stanley. The last four are colored.

Revival of Catholicism.
ROME, March 6.—The recent revival of Catholic sentiment in Latin America is being taken advantage of by pontifical statesmen to form a union of the Catholic countries of the new world based on community of faith, but destined possibly to have political significance also. A symbol of this union is about to be erected in Rome in a church primarily intended to commemorate the recent Mexican pilgrimage, but to contain altars to the patron saints of each Central and South American state.

No Election in Montana.
HELENA, Mon., March 6.—The sessions of the Montana legislature will expire at midnight Thursday, and as yet there is no break in the senatorial deadlock. Thomas H. Carter received the solid Republican vote yesterday. H. L. Frank of Butte has the highest fusion vote, with W. G. Conrad of Great Falls second. Four or five others received a few votes each. The general opinion is that there will be no election.

Capital Fight Postponed.
PIERRE, S. D., March 6.—After an acrimonious debate in the senate the resolution to remove the state capital from Pierre to Mitchell was indefinitely postponed by a large vote.

General Daggett Retired.
WASHINGTON, March 6.—General Aaron S. Daggett, recently appointed brigadier general of the army, has been retired.

Constitutionality Questioned.

The constitutionality of the anti spring election law is questioned. Furthermore, the opponents of that measure are preparing to take steps to test its legality. The plan will be to secure, if possible, a writ of mandamus from the Supreme Court compelling the city clerks of the cities in question to proceed under the law in operation before the passage of the anti-spring election law.

The chief argument against its constitutionality is the fact that it provides for cities alone. This, it is claimed, is class legislation as it would be applicable to all the voters in the State.

There are thirty-two cities in New Jersey which are affected by the law. Morris, Somerset and Warren counties have no cities within their borders and are therefore not directly interested. In Union county, the cities are Elizabeth, Summit, Rahway and Plainfield. Middlesex includes only New Brunswick and Perth Amboy. The remainder of the thirty-two cities are distributed among the other counties of the State.

While Plainfield is not immediately interested in the constitutionality of the law as are cities like Newark and Camden, which, under the provisions of the old law, would have their charter elections in a few weeks, this law will undoubtedly prove a very important factor in elections of local officials should the courts hold that it is in accord with the provisions of the constitution.

Anyone who has viewed Green brook from the new bridge which connects Madison avenue and Duer street and seen the wonderful collection which now disfigures the bed of that stream, will commend the Borough Board of Health on its determination to improve the appearance of the North Plainfield bank of the brook. The city authorities should take some similar action without delay.

Bound Brook is trying an experiment this year. Previously it has been the custom at borough elections there to nominate two independent tickets without reference to the regular party organizations. This year the Bound Brookites have retained their party organization from last November, and Republican and Democratic tickets will be in the field for next Tuesday's election.

A pure water supply is a most important requisite and no one blames the citizens of North Plainfield for objecting to impure water. It is a matter which should be looked after without delay and the officials of the Plainfield Water Supply Company should lose no time in remedying it.

The new fences at the North avenue station did not trouble the commuters so much after all. There were few indeed yesterday and today who forgot that the fences had been erected and that the tunnel was in operation.

The politicians of Danellen are preparing for the election which occurs Tuesday. They elect a mayor this year and the Democrats have put up the present incumbent, E. J. Swackhamer.

Plainfield has been famous so long

for its fine water that anything to injure the city's reputation in that way should receive instant attention.

The widening of Giraud avenue will be an improvement much appreciated by residents in that vicinity.

There is lots of political gossip in the borough these days.

'Consumer' Wants Water Company to Supply Him With What He Is Paying For.

To the Editor of The Daily Press:—Will you permit me to enter a protest in the columns of your impartial and readable paper? All consumers of city water are compelled to pay six months in advance for water that is contaminated and is offensive to the smell when drawn or boiled. Does the company propose to refund to its consumers the money paid in advance for pure wholesome water or pay the doctors' bills if contagious diseases are caused by its use?

I trust the Board of Health will compel the water company to supply what we pay for in advance, pure water. If they do not furnish it try a little shutting of business on the water company. Consumer.

Proceedings of the Union County Board of Chosen Freeholders.

[OFFICIAL.]

Regular meeting of the Board of Chosen Freeholders of the county of Union, N. J., held on Thursday, Feb. 7, 1901, at 2:30 p. m.

Roll call showed all members present except Freeholders Adams and Bonnell.

The minutes of the previous meeting, reading of bills being omitted, were on motion approved as read.

POSITIONS, COMMUNICATIONS, ETC.

From the Union County Trade Council, respectfully requesting that before contracts for new county building were awarded, a clause be inserted in the specifications that only union labor and none but American citizens shall be employed.

On motion of Freeholder Brucklacher, received and placed on file.

From the Union County Building Trades' Council, asking a favor to the mechanics of this county, that a clause be inserted in the contract for the new courthouse building, that the work to be done by union men.

On motion of Freeholder Westphal received and placed on file.

Freeholder Scudder presented the following:

Westfield, N. J., January 30, 1901.

M. M. Scudder, Esq., Westfield, N. J.:

Dear Sir:—A meeting of the Township Committee of Westfield, held Monday evening, January 28, 1901, the following resolution was adopted, and I would respectfully request that you present the same to the board.

"Resolved, That the Township Committee has heard with approval of the proposal that the Board of Freeholders consent to such change of grade on Central avenue as will enable the Central Railroad of New Jersey to tunnel under the railroad crossing, and the Township Committee requests that the Westfield Freeholders, the Hon. M. C. Scudder, assist in carrying out said proposal.

Very truly yours,
Charles D. Reese,
Township Clerk.

Freeholder King moved that the communication be received and referred to a special committee, with power, which was a unanimous dissent.

The Director appointed as the said committee, Freeholders Scudder, King, Robinson, Ehrlich and Woodruff.

Freeholder King presented the following letter:

Summit, N. J., January 14, 1901.

Benjamin King, Esq., Chairman of the County Board of Chosen Freeholders, Camden, N. J.:

Dear Sir:—I beg leave to notify you that the county road known as Springfield avenue, in the Borough of New Providence, has been torn up for a distance of about eighty feet, and a pile laid there for the purpose of draining the pond hole situated about fifty feet from the county road line. This has been done without any permit from your committee, and is a direct violation of the law. I hope your committee will look into this matter and protect the county's interest, and at the same time render me a great service, and protect me from further damage and injury, as I do not believe that your committee will grant special privileges to one party to the injury of another.

(Signed) Very truly,
W. F. Brower.

On motion of Freeholder Farrell, received and referred to the county road committee and county attorney.

REPORT OF COMMITTEES.

By the Committee on New Court House:

To the Board of Chosen Freeholders of Union County:

Gentlemen:—As supplemental to the report heretofore made by your committee to investigate and consider the advisability of building a new court house and buildings suitable and adequate for the accommodation of the courts and the county offices of Union county, your committee would report that they have further considered the matter and have personally inspected several modern court houses and public buildings at Dedham, Cambridge and other places in and about the vicinity of Boston, and have carefully considered the condition, situation and manner under which the public business of the County of Union is necessarily at present transacted by reason of the present inadequate, inconvenient and partially dilapidated condition of our present court house and public offices.

We would, therefore, recommend to the Board of Chosen Freeholders of the County of Union that they proceed to take such steps as may be necessary to the erecting and building of a court house and county offices for the County of Union suitable and adequate for the transaction of the public business, and while we would oppose all extravagant and useless expenditure of money, yet considering the financial condition of the County of Union, the present and constantly increasing public business made necessary by the rapid growth of our county, we would recommend the building of a good substantial modern building with proper and appropriate furnishings and equipments, and one of sufficient size, material and design as to answer the requirements of the County of Union for many years to come, and one which when completed would meet with the approval of the public and be a credit to the county and a beautiful monument to the county.

Very respectfully submitted,
John Farrell,
Benjamin King,
W. H. Swain,
Henry Krouse,
Jacob Brucklacher,
Committee.

Freeholder King moved that the report be received and spread on the minutes, which was seconded.

Freeholder Farrell stated briefly that the committee had given the matter very careful attention; they had thoroughly investigated the condition of the present county buildings, and had inquired as to the need of additional rooms in the near future to accommodate the increasing business in the county offices. It was the unanimous decision of the committee that the wisest and most economical course to pursue be to erect a new county building.

Freeholder King's motion was then adopted without dissent.

NEW BUSINESS.

By Freeholder Miller:

"Resolved, That the committee on Elizabeth bridge be empowered

to engage Mr. Charles Mox as bridge-tender of Summer street bridge, for the sum of two hundred and fifty dollars annually."

Freeholder Farrell moved the adoption of the resolution, and on roll call it was unanimously adopted.

By Freeholder Wahl:

"Resolved, That the bill of Thomas J. Farrell for \$35.00 for printing notices in the 'Pascaso Valley News,' be paid when properly audited by the committee."

Freeholder Robinson moved the adoption of the resolution, and on roll call it was unanimously adopted.

By Freeholder King:

Whereas, The commissioners heretofore appointed in the matter of the application of the Board of Chosen Freeholders for the appointment of a commissioner to conduct and manage the business of the county, belonging to Jonathan P. Glasby and others;

And whereas, they have completed their labor and filed their report, and among other matters contained in said report, they have made an award of one dollar to Ann Eliza Magie as by map number 26 in said report will more fully appear;

And whereas, there is a dwelling standing within the line of said street which was proposed on said premises;

And whereas, it is admitted by said commissioners that the making of the award of one dollar to said Eliza Magie was an oversight and mistake;

And whereas, it appears that it would cost in the neighborhood of five hundred dollars to remove said building and replace the same in a quality as good condition outside of the lines of said street;

And whereas, the said Ann Eliza Magie agreed to accept the sum of four hundred and fifty dollars in full for damage to her said property and as compensation to her for the cost of removing and building from within the lines of said proposed street when widened; therefore, be it

Resolved, That the County of Union be and hereby is authorized and empowered to pay to the said Ann Eliza Magie the sum of four hundred and fifty dollars in full as compensation to her for the land taken and the cost of removing said building, and that said sum be paid by said county collector from the moneys received by him from the sale of buildings heretofore condemned and sold by the Board in the matter heretofore referred to, be, the said County Collector taking full receipt and releases in the premises.

Freeholder Woodruff moved the adoption of the foregoing preamble and resolutions, and on roll call they were unanimously adopted.

By Freeholder Woodruff:

"Resolved, That a committee of five (5) be appointed, to be known as the Boulevard Committee, with power to advertise for bids for the grading, bridges and putting the same in shape."

After some discussion it was ordered on motion of Freeholder Farrell that the resolution be laid on the table.

By Freeholder Swain:

Whereas, The committee heretofore appointed by this Board for the purpose of investigating and considering the necessity and advisability of the building of a court house and buildings for use for county offices;

And Be it Resolved, That this Board proceed to the taking of such steps as may seem necessary and proper for the erection of a court house and buildings suitable for the use of the courts and the county officers, and the transaction of the public business of the county, and to furnish the same ready for occupancy and use by the courts and public officers.

Freeholder Krouse moved the adoption of the foregoing preamble and resolutions, and on roll call they were unanimously adopted.

By Freeholder Farrell:

"Resolved, That the bill of C. H. McKibbin for \$276.35, made up of two items, viz: \$104 for board and \$172.35 for cigars, sandwiches, lemonade, etc., for keeping jury and constables in Doyle murder trial 31 days, be referred to the county attorney and approval of the trial judge, Hon. E. Van Wyck, and if approved by said judge the county collector be authorized to pay same."

Freeholder King moved the adoption of the resolution, and on roll call it was adopted, receiving 15 ayes, 1 nay, 2 absent.

The following bills properly audited and approved were read, and on roll call unanimously ordered paid:

GREAT SUCCESS FOR THE GOSPEL CAMPAIGN

(CONTINUED FROM PAGE 1)

part. "The church as well as Christians are limiting the power of God and yet they wonder why the Spirit of God does not work among them. The important question is are you living to glorify God? Won't you all this afternoon let God work in you with unlimited power."

At the conclusion of the sermon, Mr. Henderson asked those present who desired to give themselves entirely to Christ to raise their hands. A great many did, also a number indicated a desire to become Christians. Before the service closed Mr. Weeden sang a solo, after which the benediction was pronounced by Rev. Dr. W. B. Richards.

MEETING FOR CHILDREN.

Earnest But Simple Talk to the Little Folk by F. H. Jacobs Yesterday Afternoon.

The children of Plainfield were not left out of the plan for the evangelistic campaign, and yesterday afternoon the first meeting for boys and girls was held in the chapel of the Crescent Avenue church, while the regular afternoon service conducted by Mr. Henderson was taking place in the larger auditorium.

A very large number of little folks were present, many of them under the charge of mother, Sunday-school teacher, or Junior Endeavor superintendent. F. H. Jacobs, who is the musical director at the evening meetings, had entire charge of this meeting, and made the hour a very enjoyable one to his audience. His subject was "How We Become Sinners."

The speaker endeavored to show how, by the every-day breaking of God's commandments, every soul has departed from holiness and must be, in the sight of God, a lawbreaker. Mr. Jacobs' talk consisted chiefly of a true story of a small boy who, on his way across one field to Sunday-school, broke five of the Ten Commandments before he reached there. The children in the audience were called upon to tell which of the commandments were the ones broken, and responded readily and logically. Mr. Jacobs placed on the edge of the table before him a row of ten vases, to represent the commandments, and, as it was proved that one of the latter was broken by the boy whose story he had told, the speaker took a small hammer and smashed the corresponding vase, showing in a striking manner that a sin once committed can never be undone.

At the conclusion of the address Mr. Jacobs called to him the five youngest children in the room and presented them with the five remaining vases.

The meeting for children this afternoon will be held in the Crescent Avenue chapel, but the one tomorrow will take place in the First Baptist church.

STRONG PLEA FOR CHRIST.

Evangelist Hall Addressed Large Congregation at First Baptist Church—Judge Runyon Spoke.

William Phillips Hall, the indefatigable lay evangelist, made his third appearance before a Plainfield congregation at the great gospel meeting held last evening and a climax of religious ecstasy was reached in the services when twenty-three persons arose, one by one, and surrendered themselves to Jesus and took the oath of allegiance to the Lord of Hosts. The interest of the vast congregation naturally centered on the evangelist, Mr. Hall, but mention should be made of the added strength given the meeting by the presence of the major part of the evangelical divines of the city. Notable among them were Rev. Dr. D. J. Yerkes, Rev. Dr. W. C. Goodgraves, Rev. J. W. Richardson, Rev. A. E. Main, Rev. Charles L. Goodrich, Rev. George W. Gardner, and Rev. J. O. McKelvey, and Rev. G. W. Smith, of the Elizabeth conference.

The untiring musical director, F. H. Jacobs, promptly at 7:30 o'clock tapped his baton for attention and the volunteer choir on the platform with the assistance of the congregation, as a chorus, commenced the first line of "Happy in the Love of Jesus." Other selections from "Christian Songs" followed and during the enchanting rendition of the last and

most beautiful of all—"The Heavenly Summerland"—Mr. Hall entered. Prayers were offered by Rev. Mr. Richardson and Rev. Dr. Smith.

After the formal announcements of the meetings, Mr. Hall arose and made a few remarks. He referred in beginning to the institution of the present universal gospel campaign which is reaching out everywhere for converts and is a rejuvenation of apostolic evangelism, both lay and ministerial, which is inspiring more earnest work than ever before attempted.

Mr. Hall paused in his discourse for a few moments to introduce, as a volunteer in the work, the popular young Plainfielder, City Judge W. N. Runyon.

In a short and earnest address Mr. Runyon said that he believed the spirit of God is working in this community and he besought all young men to pay no heed to scoffers, but to stand up and fearlessly give testimony. For, said he, in the words of the Saviour, blessed are they that are persecuted for righteousness sake for theirs is the Kingdom of Heaven.

Mr. Hall then began his address of the evening, basing his discourse principally on the 38th chapter Jeremiah, 29th verse: "O my people, I beseech thee the voice of the Lord, which I speak unto thee; so it shall be well unto thee and thy soul shall live," and referred to the 6th chap. John, 4th verse, and 5th chap. John, 41st verse.

When one prays, quoted Mr. Hall, he speaks to God and when he reads the Book, God speaks to him. God, said he, never makes a command without giving the power to execute that command. The moment one is willing to receive the Lord that moment will the Lord give him power. To illustrate the theme of obedience, Mr. Hall, told the story of Naaman.

The valorous captain general of the army of Syria, Naaman, after a triumphal return from a war with Israel, found himself covered with leprosy. Through a captive maid of Israel the Naaman learned of the presence of the prophet Elisha in Samaria and he immediately departed for that country in search of the healer. Naaman first went to the King of Israel, but Elisha hearing of this sent for the captain to come to him. When he had done so, Elisha ordered him to wash in the Jordan seven times and at this command Naaman was very angry. He was persuaded, however, to obey the order of the prophet, and from that his wonderful cure was effected. Henceforth Naaman followed God.

Naaman's fault was pride but when he bathed he went down like a true Baptist and came up like a shouting Methodist. He had found the power of God and by his obedience he was cleansed of his sins.

Nearly all present arose in response to a request of Mr. Hall that every one who would follow God, stand up. As heretofore the cards were distributed for sinners. In the "after meeting" the choir sweetly and softly sang "Just As I Am" while one person after another stood up in affirmation of a pledge to accept God. Twenty-three, in all, presented themselves to the Lord. City Judge Runyon then offered prayer and the congregation enthusiastically sang "Nearer My God to Thee."

Rev. T. S. Henderson Opened Series of Meetings at Hope Chapel Last Evening. With every seat occupied and with more than passing interest on the part of the large audience, the initial evangelistic meeting of the series to be given in the West End was held in Hope chapel last evening. The leader was, and will be for the remainder of the meetings, Rev. T. S. Henderson, whose inspiring addresses were listened to by hundreds each night last week at the First Baptist church. The effectiveness of the meeting was greatly augmented by the excellent singing of W. S. Weeden, whose numerous solos were a pleasing feature.

At the conclusion of the customary song service prayer was offered by Rev. G. K. Newell, after which Mr. Henderson announced his text as being found in the fourteenth chapter and ninth verse of the Gospels' accord to St. John, where in answer and part rebuke to Philip the Saviour replied: "Have I been so long time with you, and yet hast thou not known Me?"

Philip, being one of the disciples, had an excellent opportunity to become acquainted with the Saviour and profit by His teachings, yet he doubted His statements.

"We have a far better chance to know Jesus," said the speaker, "having the benefit of 1870 years of criticism and comparison of His life, yet how many of us are really acquainted with Him tonight? If you do not love Christ, there is only one reason, you do not know Him because to know Him is to love Him. The Saviour's life from Bethlehem to the ascension on the Mount was one of sacrifice for us and His love has been offered freely ever since, yet we reject it and refuse to trust it seriously."

In conclusion the speaker said that now is the time to become acquainted with Jesus and in so doing gain His love. He ended with an appeal to his hearers to show their acceptance by signing pledge cards, and many of them responded. A solo by Mr. Weeden and the benediction by Rev. John McMurray brought the meeting to a close.

Mr. Weeden afterward met a number of those who had assisted in the musical programme for the purpose of organizing a choir for the remainder of the meetings. There were numerous volunteers and with their assistance Mr. Weeden will hereafter make the singing a feature.

SPORTING.

VARIOUS SPORTS.

A feature of the coming Sportsman's Show, which opened at Madison Square Garden, New York, Saturday evening, was the drama of "Hawatha," Longfellow's song of Minnehaha and the young chieftain of the Ojib-ays. The actors in the production are a band of Ojibwa Indians, who are present at the show under the direction of L. O. Armstrong. The costumes were prepared for the first presentation of the drama. The stage at the Garden was the miniature island that rises from the waters of the lake. The Indians who have assumed the characters in "Hawatha" at the Garden have been carefully drilled and rehearsed. They were eager to present this legend of their tribe in New York, and that their performance is a unique and interesting one can scarcely be doubted by those at all familiar with Indian character and Indian lore.

POOL.

The last four games in the pool tourney at Kreswon's parlors have resulted as follows: Butterlein defeated Dowd, 75 to 53; Walsh won from Smith by forfeit 60 to 40; Ammons defeated Coombs, 55 to 43; Greaser won from Beekman by forfeit, 75 to 0.

PERSONAL.

Constable Amos Moffatt has almost entirely recovered from his recent illness and is regaining strength rapidly.

F. E. Whiteside, of the News reporter staff, has been off duty for the past days, being confined to his home on Central avenue by illness.

The arrival of a young motorman at the home of Mr. and Mrs. Mark Hipp, of West Fourth street, explains the presence of a broad smile on the former's face.

Was No Imposter.

Regarding the visit of the sewing machine repair man at the home of Mrs. Vito Ferraro, of Somerset street, as was told in the Press' story of the suspect boy, it may be said that the visitor was J. O. Smith, a reputable citizen of Somerset, and not any imposter using Smith's card and that he went there with only honest intentions.

A "Wake" to Be Remembered.

The greatest Kermeise is no more. It died at November 12, midnight, while the cannon boomed dolorously from the Eiffel tower and the rain fell. It was a "wake" to be remembered. In six weeks, or months, there will be left only a few relics of the greatest show the world has yet seen. The Alexander III. bridge will remain, of course, and the two art palaces. The smaller one, which belongs to the city, will be made the home of a permanent museum, and the large palace, owned by the state, will be used for the annual exposition of pictures, the horse show and various congresses.—Saturday Evening Post.

When Knighthood Is in Business.

The youth spread his cloak upon the highway, the queen passed dry-shod. "Oh, thank you awfully," murmured the queen, and that was all. But the youth did not despair, for he was a brave youth. Instead he went to work and perfected a process for picking pigs' feet by machinery. "I dub thee knight," the queen hereupon hastened to exclaim, with every mark of distinguished consideration. "So you due siecle! That is, let us avoid doing those things which butter us persnips."—Detroit Journal.

LUCKY LITTLE GIRL.

Will Inherit Millions by Just Being a Good Woman.

How Nicholas C. Creede, the Well-Known California Millionaire, Came to Leave His Fortune to Dorothy Basford.

Never did San Francisco mothers and sisters take keener interest in a child than they are now evincing in Dorothy Creede, the Titan haired five-year-old girl who made happy the last days of Nicholas C. Creede and to whom he bequeathed his millions of mining property, stocks and bonds.

Romantic as it was for the hardy miner after many years of rough life to become attached to the one-year-old youngster he saw playing in a garden next to his home, those who knew him best thought it even more interesting that he should adopt the child and then should make her heir to his millions.

But this he did, and now comes the most extraordinary feature of the case. In his will, it has just become known, Creede imposed but one condition. That was that the entire property should go to Dorothy only "if she has led a proper and virtuous life."

This unique feature of Creede's will was brought to light by the institution of a suit for \$250 a week by Mrs. Creede, widow of the millionaire miner. She had not lived happily with her husband, and some time during the year before he died he paid her \$20,000 in relinquishment of all claims against him. She went to her home in Alabama, and the intention was that at the end of the year Creede should obtain a divorce on the ground of abandonment. He died within a year and the suit was never brought.

It was little Dorothy Basford, daughter of Mrs. Edith Scott Basford, who made bright and happy the last days of the Colorado miner. He first saw her through a window of his splen-

did home in Los Angeles. He wanted to adopt her, but her mother protested. When Mrs. Basford became dangerously ill, however, and her life was despaired of, she consented to the appointment of the wealthy miner as Dorothy's guardian. This was near the end of Creede's life. The guardian, instead of the mother, died. Mrs. Basford recovered, and although she had trembled for the future of her little daughter because she could not obtain for her the best advantages, she now found that Dorothy had become an heiress to millions.

In his will Creede provided for the future comfort and training of the little one whose childish prattle had brightened his last days, and he directed that she be given the advantages of special tuition. His wishes have been the especial care of Dorothy's mother, and in the fortunate daughter are being developed those rough miner thought he saw in his little child.

Dorothy Creede is in her fifth year now, and she must wait many years before she can come into possession of the \$3,000,000 left to her by her guardian. Those who see her often, while mindful of her childish lack of appreciation of what the millionaire's generosity means to her, are confident that when she becomes 21 years old she will come into the property.

They have no fear that she will lose the Creede fortune because of the unique provision of the will which has recently become known.

Taught Him a Lesson.

A well-known admiral, who did notable service in the war with Spain, told a good story on himself when in town recently. He came to the city during the restoration of Independence hall for no other purpose than to secure one of the original bricks of the historic structure. One day he visited the hall and told the caretaker who he was and what he wanted. That official, willing to do a favor for such a distinguished person, wrapped up one of the bricks and handed it to the admiral, who was profuse in his thanks. Upon his arrival in Washington the admiral gave further evidence of his gratitude by writing a letter to Director Ritter, expressing thanks to him. What was his surprise the next day to receive a call from the caretaker who had given him the brick, with the statement that if he did not bring it back to Philadelphia he would surely lose his job. Reluctantly the admiral returned the cherished brick. A short time after he received the identical brick, accompanied by a slip of paper, on which was written: "Silence is Golden."—Philadelphia Record.

Agriculture in China.

In spring Chinese peasants build dikes of mud, three to six feet high, to keep the rainwater in the ricefields. Most of their time in summer is spent in pumping or bringing water into these fields.
