## SAYS REPUBLICANS ARE BAD

ASSEMBLYMAN SWACKHAMER ADDRESSES JEFFERSONIAN CLUB.

The customary celebration of the Jeffersonian Club, in commemoration of the birthday anniversary of Thomas Jefferson, was held Wednesday night at the clubhouse at Newark, and the feature of the event was an address by Assemblyman Samuel S. Swackhamer, of North Plainfield, on the life of Jefferson and the principles of Democracy which he expounded. He also took occasion to score the Republicans for their legislative record.

The speaker enlivened his speech with many anecdotes, and had his audience in a high good humor. He began by deprecating the wholesale and irresponsible attacks made upon corporations because they were corporations, and declared that it was a mistaken policy and tended to alienate the sympathy of the conservative business element, which played so important a part in political campaigns. He was not in favor of attacking a corporation simply because it was a corporation, because, he averred, there were many honest organizations of this character, whose business was conducted on fair principles, and it was wrong to include them in the denunciation.

Mr. Swackhamer went on to make an onslaught upon certain corporate interests which, he said, had tried to sway the legislators at Trenton at the last session to their way of thinking. He declared that if the coming Democratic campaign was fought on the lines of making exposure of the present and past Republican State administration of public affairs the people's eye would be opened.

"I know what I am talking about," said the Assemblyman, "and I tell you that if the people of this State only knew a small part of the things that have happened down in Trenton this year they would rise and crush the party out of power."

## CALLS BRIDEGROOM BIGAMIST

JAMES E. CODINGTON, OF SOMERVILLE, ARRESTED ON SERIOUS CHARGE.

James E. Codington, a wealthy real estate dealer, of Somerville, who married last December Miss Lillian May Wyckoff, prominent in society in Griggstown, was arrested in Philadelphia today on a charge of bigamy, preferred by a woman who represented herself as Mrs. James E. Codington, of Astoria, L. I.

She says he married her at Astoria in 1894 and deserted her in 1903. She stated that her maiden name was Emma Frances Hopper.

Codington was traced to Asheville, N. C., where he had gone to spend his honeymoon. He and his bride suddenly disappeared from there, and last week were traced to Philadelphia. Codington, who is reported to be worth \$50,000, was working as a waiter in a restaurant. He was living with his bride at a boarding house at No. 123 North Seventeenth street.

His bride followed him to court and wept bitterly. —New York Herald.

Horace Codington, of Somerville, when seen by a reporter for The Daily Press regarding the story reflecting on his brother, said it was merely a case of blackmail.

James E. Codington is a brother of Freeholder Joel Codington. The accused man until recently owned considerable property in this vicinity but he conveyed much of it away since his alleged marriage to the Astoria woman. It is reported that his alleged wife did not sign the deeds and consequently the titles are claimed to be faulty.

Full credit for the investigation of the case and arrest is due to County Detective Totten, of Somerville, who searched for the man after the warrant was sworn out and finally located him in Philadelphia where he was acting as a waiter in a child's restaurant.

Exit the Volunteer.

The last little act in divorcing the old fire department from the new in the borough has been taken. The names "Warren 1" and "West End 2" were painted out from the sides of the hose carts and "Hose Cart No. 1" and "Hose Cart No. 2" were put in instead.

## NOW IT IS A LOCAL CONCERN

A PLAINFIELD BUILDING AND LOAN ASSOCIATION STARTS OUT ANEW.

The Central Building and Loan Association of Plainfield, is a new building and loan formed out of the Plainfield district of the New Jersey Home Buyers League. The league was doing a nice business here in Plainfield but the building and loan law of 1903 requires State organizations of this class to change their methods. Therefore the Plainfield district deemed it best for all concerned to withdraw from the State Association, and form a local association, embodying the most improved and up-to-date methods required. Their loans here are of the best and their money is well invested. Not only have the majority of the investors already transferred their shares, but quite a number of new members have come in at once. The board of management of the Central Building and Loan are: E. del. Hyde, J. A. Hubbard, W. N. Stillman, H. C. VanEmburgh, D. M. Runyon, Charles E. Dunham, Fred J. Viewig, J. D. Loizeaux, John E. Dunn, H. B. MacDonald and J. F. MacDonald.

## LINCOLN AND DEWEY PARK MAY BE SOLD

New York Realty Company Seeks to Purchase the Twin Boom Towns.

### A BIG BUSINESS DEAL

A GREAT DEMAND FOR HOUSES AT BOTH PLACES.

S. D. Drake and Mr. Polhemus in Communication With New York People—Transaction to be Closed in Ten Days.

Attracted by the birth of a big realty boom, New York capitalists have reached out to gather in Lincoln and Dewey Park. Silas Dewey Drake, the founder of both towns, and a heavy holder of Lincoln property, declared this morning that the sale of both places to the biggest realty company in New York was only a matter of a few weeks.

Dewey Park and Lincoln real estate has been on the jump, Mr. Drake says, since the Aluminum Plate and Press Company, actually began the removal of its plant to the former place. Plainfield real estate agents are said to have received fifty applications for small houses up to the present time, and the end of the boom is not anywhere in sight.

These applications, of course, cannot be met at the present time, and the resultant stirring among the real estate men has reached the sharp-edged and sharp-witted men in the New York market. More than two weeks ago a big metropolitan concern opened negotiations with Mr. Polhemus, the New Brunswick capitalist, who owns 400 Dewey Park lots, for the purchase of the entire tract. \$35,000 is the price mentioned.

While Mr. Polhemus was considering the offer, Mr. Drake received a proposition from a big real estate combination, a concern backed by the Realty Trust, to purchase Dewey Park and Lincoln bodily. Mr. Drake immediately wrote Mr. Polhemus, asking him to call off the deal with the other people, and join him in completing negotiations with the Trust.

Mr. Drake is confident that the big deal will go through swiftly. He said this morning that the sale would be effected in less than ten days. If the deal does go through it will be the culminating success of Silas Dewey Drake's remarkable career as a land boomer. It was he who founded Lincoln, and made it one of the most notable towns of its size in this section.

## DOING BUSINESS ON SUNDAY

PROTEST AGAINST ALLOWING FOREIGNERS TO KEEP THEIR STORES OPEN.

Action against foreign storekeepers in the borough who violate the spirit of the Sabbath closing ordinance is becoming a matter that requires the attention of the North Plainfield authorities. It is believed that the class of tradesmen referred to are boldly using fake religious "convictions" to cloak Sunday trading.

As far as it goes, the claim that Saturday is their Sabbath is good enough for the law on its face, but the way the "Sabbath" is observed is believed to hold the shopkeepers open to prosecution as violators of the Sunday law. The law was not designed, as the foreign tradesmen seem to think, to enable shopkeepers to close on a comparatively dull day and do the brisk business that results from the closing of all other stores on another day.

Senior Class Play.

Antigone, the tragedy by Sophocles, will be presented by the senior class of the North Plainfield school graduation week. Those who will take part in the play are Otto Mueck, Leslie Backer, Ernest Powelson, Florence White, Angelina Jackson, Mamie Davenport, Ethel Quipp, Leonard Mantz, Mabel Friles, Bertha Lindsay, Ethel Daggett, Fannie Wolf and Mary Mair.

Non-Support Case Adjourned.

In the city court case of Thomas Muldowney, charged with non-support, an adjournment was taken to next Friday this morning at the request of W. G. DeMeza, Esq., counsel for the prisoner. Muldowney is out on \$200 bail furnished by E. M. Eganey.

Y. M. C. A. Boys Banquet.

The banquet for the members of the boys' department of the Y. M. C. A. will take place April 26 instead of May 8 as originally given out. It is expected that between 130 and 140 of the boys will partake of the feast.

The local association is one of a chain that spreads all over the country and represents a total membership of 40,000. Several of the men who have affiliated with the new Fund were members in other places, and worked for the organization here to gather the scattered memberships together. Eight propositions have already been filed for action at the next meeting, and more are looked for.

The following officers have been chosen: President, Henry Heartle; vice president, Max Mothes; corresponding secretary, John Migdat; financial secretary, Frank Haurand; treasurer, Edward DuChesne. Auditors, Gabriel Solway, A. Stutsenburgh, Charles Gaebelein.

## NEAL PUT OUT FIRE.

Destruction of a Wagon Prevented by Young Man's Act.

Ignition of a mass of curled hair in the front end of one of Fred W. Dunn's delivery wagons caused much excitement on a small scale at the corner of Park and North avenues about 10 o'clock this morning.

The cushion on the wagon seat furnished the material for the fire which was directly caused as nearly as could be ascertained, by the driver stepping on a match on the floor of the vehicle, which he left not two minutes before. Patrolman Vanderweg and Frank A. Neal sighted the conflagration simultaneously but Neal beat the officer to the scene of action and gently but firmly placed a wooden box upon the flaming stuff which quickly subsided and was thrown into the street.

In the City Court.

### OTHER PASTORS THERE

FIVE ADDRESSES BY CLERICS AND PROMINENT LAYMEN.

Cordial Expressions Over Mr. Mooney's Advent—Response by the New Pastor—Music and Refreshments.

Social welcome was cordially extended to the Rev. George Mooney, the new pastor of the Monroe Avenue church, last night by his flock. Under the auspices of the Ladies' Aid Society and the Epworth League a reception of unusually pleasant nature was held.

It was largely attended by the members of the Monroe church, and the pastors of the other two Methodist churches, Rev. Dr. Snodgrass, of the First, and Rev. Dr. Earp, of Grace, were also present, with a number of their parishioners, to make the welcome one from all the Methodists of the city. Rev. Dr. Bryan, a former pastor of the First church, and Rev. Dr. Whitney, another retired cleric, were present also.

Five addresses of welcome were delivered, the speakers being Walter McGee, who spoke for Monroe; Dr. Earp, who spoke for Grace; Dr. Snodgrass, for First church, and Drs. Bryan and Whitney. In different tones they all expressed the warm pleasure of Methodists over the coming of Mr. Mooney to this city, and promised him hearty and cordial support in his efforts to better the spiritual condition of his charge. Mr. Mooney responded in happy phrase.

Songs by a quartette composed of J. W. Daub, David Jones, Louis Tallamy and John Osborn were features of an enjoyable musical programme. Mrs. David Jones was accompanist and Miss May Brower played a number of piano solos.

After the speechmaking, the ladies took charge of the affair, and a social period ensued. Those who had not met Mr. Mooney took the opportunity to shake him by the hand, and the new pastor was kept busy exchanging cordial greetings. He produced a highly pleasant impression on all those who met him.

Refreshments of ice cream and cake were served by a committee of young men, at the head of which was W. Mansfield Smith. The committee of ladies in charge was composed of Mrs. I. P. Lawre, Mrs. Nicholas Brouard, Mrs. Frederick Wenzel.

The church was lavishly decorated with potted plants, palms and ferns being used with attractive effect. The decorations were placed by a committee consisting of Mrs. Mansfield Smith, chairman; Miss Olla Kline and Miss Edith Manning.

Another Novelty in Train Schedules. About two years ago the New Jersey Central inaugurated a schedule of hourly trains between New York and Philadelphia, a train leaving either city every hour from 7 a. m. to 6 p. m., and so successful was the scheme that the management has decided to put in operation a similar schedule between New York and Washington only that trains will leave every other hour from either city—that is at 8, 10 a. m., 12, 4 and 7 p. m., from New York and at 7, 9, 11 a. m., 1, 3, 5, 7 p. m. from Washington. An equipment of coaches, parlor, sleeping and dining cars similar to that in use in the Philadelphia service will be used on the New Royal Blue line which with a fine road bed and the shortest route will make the line one of the most popular south.

## BOONTON'S TRAGEDY

Reservoir Gives Up Body of Diver William Hoar.

## BRAVE WORK BY BROOKLYN EXPERT

Diver Rice, Although Nearly Overcome by Exhaustion, Removed the Holding Weight and Brought Comrade's Body to Surface.

BOONTON, N. J., April 16.—Ninety-five hours after he descended to the bottom of the Boonton reservoir to be trapped and suffer a lingering death the body of William Hoar, the diver, has been brought to the surface. John M. Rice, the Brooklyn diver who repaired the valve sixty-five feet below the water surface so that the suction holding Hoar's body to the bottom was cut off, worked away at the reservoir's bottom and at 1 o'clock gave the signal to the men on the raft to hoist away.

It was a hard pull to drag the weighted diver's armor with its inanimate contents to the water's surface. As soon as it was on a level with the raft it was made fast, and then the helpers seized it and drew it aboard. The glass opening in the helmet was unlocked, but not a sign of life was apparent.

Next Diver Rice was drawn up from the reservoir bottom. The men on the raft signaled the shore as soon as they began to draw up Hoar's body, and Coroner Collins of Morristown and Dr. Taylor of Boonton, who had been kept waiting nearby, at once put off in a rowboat for the raft.

A great crowd had lingered on the shore opposite where the raft was anchored all morning, expecting to see Hoar's body brought to the surface at any time.

Diver Rice was at work early in the morning, and when he went below the surface it was thought that a half hour's work would release Hoar's body. Conditions were so bad, however, at the great depth at which the diver worked that all the morning was consumed before Rice could give the signal to hoist the body. He had to move slightly the great ball of lead and wood intended to stop the escape pipe originally lowered and the weight of which pinioned Hoar at the reservoir's bottom and caused his death.

To move the great ball required hours of prying under disadvantageous circumstances. Several times Rice had to ascend to the surface to rest and recuperate.

By 9 o'clock Diver Rice and his assistant had all repairs made, and the water was shut off from the pipe. The whole time occupied by Rice in stopping the geyser was about eight hours. It is believed that if the plan finally adopted had been followed when it was first found that Hoar was caught between the pipe and the ball the man's life would have been saved.

After the flow of water was stopped in the pipe preparations were made for Rice to descend and bring Hoar's body to the surface. There was a high wind blowing, and much difficulty was experienced in getting the raft anchored at the right spot.

At 10:40 o'clock Rice made a descent, staying down twenty minutes. Then he came to the surface and descended a second time at 11:18 o'clock. On the second descent he remained down a long time, arranging around the big ball the ropes by means of which it was to be pulled away from its position at the end of the pipe.

A rope was run from the shore to the ball. After a long wait the men on the raft signaled the men on shore. In response the rope was manned, and an effort made to dislodge the ball. Notwithstanding the fact that the suction had been stopped, the great weight of the ball made it a difficult matter to budge it. Time and again the men strained at the rope, but the ball did not appear to move.

At last, after a half dozen attempts, the ball was dislodged and pulled away from the end of the pipe.

Then Bill Hoar's body was brought up.

**Whole Family Poisoned.**  
SOUTH HADLEY FALLS, Mass., April 16.—The state authorities are investigating the sudden deaths of three children of Doria Capistrano, a wood-chopper here, and the mysterious illness of the mother. Portions of meat thought to be the cause of the illness were taken away recently for a chemical analysis by the state board of health. All knowledge of what was found is withheld, but after the analysis orders were sent here to have portions of the bodies of two of the children forwarded to the Harvard medical laboratory.

**Steamer Colon's Back Broken.**  
SAN FRANCISCO, April 16.—It is deemed improbable that the Pacific Mail liner Colon will ever leave the beach near Acapulco, on which she was driven to save her from foundering. The Pacific Mail company has received word that the vessel's back was broken. Under some circumstances there might be a chance for a vessel so injured, but far away as the Colon is from proper wrecking facilities the chances are nearly all against her ever being floated.

**Sham Defense Bill Killed.**  
ALBANY, N. Y., April 16.—The assembly has passed two of the Elsieberg law's delay bills, one providing for thirty supreme court commissioners in New York and Brooklyn, the other adjusting the practice to the new conditions. A third bill, the so-called "sham defense" bill, was killed by a vote of 70 to 40.

## HERO REWARD FUND

Carnegie Gift of \$5,000,000  
Made Known at Pittsburgh.

TO BENEFIT BRAVE MEN INJURED

Will Be Known as "The Hero Fund"  
For Those Dependent on Men  
Losing Their Lives to Save  
Their Fellow Men.

PITTSBURGH, April 16.—It has been made known here that Andrew Carnegie has created a fund of \$5,000,000 for the benefit of "the dependents of those losing their lives in heroic effort to save their fellow men or for the heroes themselves if injured only." Provision is also made for medals to be given in consequence of heroic acts.

The endowment is to be known as "the hero fund" and consists of \$5,000,000 of first collateral 5 per cent bonds of the United States Steel corporation. The trust is placed in the hands of a commission.

This commission held its first meeting here and made known the project. It is learned that the scheme was conceived by Mr. Carnegie immediately after the Harwick mine disaster, when he summoned to New York Mr. Charles L. Taylor, chairman, and F. M. Wilmet, manager of the Andrew Carnegie relief fund, to discuss with him plans for the relief of the sufferers from this catastrophe.

On this occasion Mr. Carnegie announced to Messrs. Taylor and Wilmet his intention to endow a fund for heroes, outlined his plans and asked that they consider the project and write him regarding it, making such suggestions and giving such ideas as might occur to them. This they did, and just before his departure for Europe Mr. Carnegie forwarded a letter to Mr. Taylor announcing the plan and stating that the certificate of the bonds had been placed in his hands.

In a letter to the hero fund commission Mr. Carnegie outlines the general scheme of the fund, which, in his own words, is "to place those following peaceful vocations who have been injured in heroic effort to save human life in somewhat better positions pecuniarily than before until again able to work."

The fund embraced by the fund is the United States and Canada and the waters thereof. "The sea is the scene of many heroic acts," says Mr. Carnegie's letter, "and no action more heroic than that of doctors and nurses volunteering their services in the case of epidemics. Railroad employees are remarkable for heroism. All these and similar cases are embraced. Whenever heroism is displayed by man or woman in saving human life the fund applies."

THE MISSOURI DISASTER.

Board of Inquiry Under Admiral Coghlan Still in Session.

PENSACOLA, Fla., April 16.—The court of inquiry to examine into the cause of the explosion on the battleship Missouri on Wednesday, in which thirty-two officers and men lost their lives, reconvened on the battleship after an adjournment to attend the funeral services. Admiral Coghlan of the Caribbean squadron is president of the court, and the members have been selected as far as possible from vessels of other squadrons. It is not expected, however, by those who are familiar with the circumstances that the court will recommend any proceedings in the case, inasmuch as those who are presumed to be at fault were the turret officers and were killed by the explosion.

The bodies of the victims are being sent away as fast as their relatives make the requests. It is expected that some of the sixteen bodies interred will be disinterred. Developments tend to throw some light on the disappearance of W. J. Bongard, a seaman, who was in the turret. Two seamen, who were on the after deck say they saw a man's body blown through the hole in the top of the turret and into the gulf. In the excitement of the moment they made no effort to recover the body, but rushed to fire quarters when the alarm was sounded.

**Resumption of Coke Operations.**  
LATROBE, Pa., April 16.—After being closed down since December the 225 acres of the H. C. Frick company's plant at Dorothy, a half mile west of this place, will be fired up early next week. The resumption is due to an improvement in the coke trade. The Graceton coke works, the largest plant in Indiana county, will also resume operations within the next two weeks, after a shutdown of four months. Nearly 500 men will be given employment.

**Went Sully's Creditors Enjoined.**  
NEW YORK, April 16.—Edwin Hawley and Frank Ray have filed a petition in the United States district court for a restraining order against Receivers Miller and Taft to stay all proceedings in the matter of the examinations growing out of the failure of D. J. Sully & Co. This motion will be heard April 18. Until a determination of it all proceedings in the Sully matter have been postponed.

**Bones of Obadi Parlow Exhumed.**  
OSWEGO, N. Y., April 16.—Workmen who are rebuilding Fort Ontario have exhumed the bones and tombstone of Obadi Parlow, an Indian chief who died Oct. 24, 1767, aged eighty-three years. They will be sent to the Buffalo Historical society.

**Strike Closes Sharon Steel Plant.**  
SHARON, Pa., April 16.—Five hundred molders at American Steel Foundries company's plant here struck for the restoration of last year's wage. The mill has been closed down indefinitely.

## SUBURBAN NEWS.

### DUNELLEN.

The announcement in a local paper a few days ago that Bert Brandon, the champion long distance walker of Dunellen and vicinity, was ready to meet all comers in a cross country walk, has caused much comment among the members of the Leap Year Walking Club, and they wish to announce that Lewis Churchill has a reputation of being one of the best walkers in this vicinity and he is willing to meet Brandon at any time and at any distance. There are a number of long distance walkers in the club, and if Churchill cannot defeat Brandon, Percy Abbott will be matched against him.

A large number of shareholders attended the annual meeting of the Dunellen Building Loan Association held in the Borough Hall Thursday night. After the transaction of routine business an election for four directors and three auditors was held with the following results: O. H. English, Thomas P. Cady and J. R. Dunham were elected directors to serve three years, and William Wyckoff was elected director for one year, to fill the unexpired term of the late R. J. Swackhamer. George T. Schenck, O. A. Miss Laura Dent has returned home after a visit with relatives in Easton, Pa.

### PLAINS AND FANWOOD.

The residents of the borough will not have to come to Scotch Plains when seeking for justice. Charles Sheelen, who was elected as Justice of the Peace at the spring election, while refusing to qualify for the office, has consented to take the appointment as borough recorder. The boroughites are agitating the erection of a jail and when this is done they will be able to keep their troubles all to themselves.

At the last meeting of the borough Council a new sidewalk ordinance was passed. The ordinance will require all property owners to build new sidewalks in front of their property.

The residents of the borough will not have to come to Scotch Plains when seeking for justice. Charles Sheelen, who was elected as Justice of the Peace at the spring election, while refusing to qualify for the office, has consented to take the appointment as borough recorder. The boroughites are agitating the erection of a jail and when this is done they will be able to keep their troubles all to themselves.

At the last meeting of the borough Council a new sidewalk ordinance was passed. The ordinance will require all property owners to build new sidewalks in front of their property.

## CARTER HANDICAP.

Great Race at Aqueduct Won by Beldame Hands Down.

NEW YORK, April 16.—The Carter handicap was the attraction that drew between 15,000 and 20,000 persons to Aqueduct, when the Metropolitan racing season was opened in a fitting way. Newton Bannington's filly Beldame carried off the handicap and in doing so practically led from start to finish. She was never in difficulties, and O'Neill, who had the mount, had only to shake her up a bit at the end to win easily. Peter Paul, the public favorite, was second, driving, and Wotan, who came out of the bunch in the stretch, was third. The time, 1:27, was within a second of the record for the stake.

The track was in first class condition, but the weather was cold. Of the twenty-two cards to go in the handicap five were scratched, leaving seventeen of the best to face the starter. There was a long delay at the post owing to Rosettini's bad actions, but finally Starter Fitzgerald let them go to a poor break. O'Neill shot his mount, Beldame, to the front, opening up a gap of two lengths in the first quarter. Spring raced to the second place, with Peter Paul third and the others trailing badly. Rounding the far turn Beldame was leading by daylight from Peter Paul, with Rosettini in third place. Spring having dropped back beaten.

As the field swung into the stretch the crowd began to yell for the favorite, Peter Paul, and, although Hildebrand was riding hard with hand and heel, he was not able to catch the flying leader. Abreast of the betting ring Wotan shot out of the bunch and made a bold bid, but the effort soon told, and he hung in the last few strides. Meanwhile O'Neill was urging on Beldame, and she responded gamely, going under the wire a length and a half in front of Peter Paul, who beat Wotan three lengths for the place. Both horses were heavily played, Beldame at seven and Peter Paul 7 to 2, and the ring suffered accordingly.

## Texas Claims World's Record.

PENSACOLA, Fla., April 16.—The twelve inch gun crew of the battleship Texas now holds the world's record for fast and accurate work, snatching the laurels from the battleships Wisconsin and Alabama, between which ships there was a dispute as to the championship. The Texas has concluded her practice in the gulf and came into the harbor, when it was made known that she had an average of about 89 per cent hits, which is about 2 per cent better than that of the Wisconsin, which vessel has been heralded as possessing the prize gun crews of the navy. This record is also better than that made by the Alabama, which was thought to be the world's record and far ahead of the flagship Kearsarge.

## Senators Buried the Hatchet.

ALBANY, N. Y., April 16.—One of the most dramatic and most unexpected events of the closing hours of the legislative session occurred in the senate committee on judiciary immediately after adjournment, when Senators John Raines and Edgar Truman Brackett "buried the hatchet," became reconciled and clasped hands in friendship for the first time in years. The bitterness between these men has been very great, beginning four years ago over Senator Brackett's plan to have the railroad commission increased and to have former Sheriff Worden of Saratoga made a commissioner.

## Heroes Kill Germans at Okatumba.

BERLIN, April 16.—According to a dispatch received from Windhoek, German Southwest Africa, a captain, a first lieutenant and six men were killed and a lieutenant and seven men severely and five men slightly wounded in a battle with the Hereros at Okatumba, five miles southwest of Katjapa. The enemy's right flank retired to Okatumba after the battle of Onganbra.

## President and Party See "Every Man"

WASHINGTON, April 16.—President and Mrs. Roosevelt, Mr. and Mrs. St. Gordon of New York, Mr. Putnam, the librarian of congress, and Mrs. Lodge, wife of Senator Lodge, occupied a box at the Columbia theater last night, witnessing the production of the fifteenth century morality play "Every Man" by Mr. Frohman's English company.

## Trout Streams Are Frozen.

GLENS FALLS, N. Y., April 16.—The trout season does not open auspiciously in northern New York, many brooks being still frozen throughout the Adirondacks. There was a heavy snowstorm here last night.

## LANDSCAPE PHOTOGRAPHY.

This is the Most Encouraging for a Beginner—A Study in Light and Shade.

The most encouraging out-of-door subjects for the beginning are landscapes, says the Philadelphia Record. The most important part in the photographing of a landscape is the selection of it; the choosing of a bit of scenery which, when translated into black or white, will form an interesting picture. You must always bear in mind that the beautiful colors which you see in nature and upon the ground glass will not be present in the photograph, which must rely for its beauty upon form and light and shade. When you wish to photograph a landscape take plenty of time to think about it. After you have chosen your subject determine the point of greatest interest and then decide whether the picture will look best with this point directly in the center, to one side or toward the top or bottom.

If you live near the spot you intend to photograph it will pay you to notice at what time of year it is most beautiful. Some landscapes look very commonplace in summer, but make stunning pictures when half-buried in the snow. Waterfalls often look best in early spring, because there is a greater volume of water pouring over them at that time than at any other.

A most interesting series of pictures may be made by choosing a beautiful bit of landscape and photographing it from the same point at frequent intervals throughout the year. The first picture, we will say, is taken when the ground and trees are covered with snow; the second when most of the snow is melted, and the rest lies in patches here and there; the third when the fields are flooded with rains. After these would come pictures showing the trees in bud, in leaf, in blossom, with fruit, and later dismantled with the frosts of autumn.

## ETIQUETTE FOR A WIDOW.

What She May and What She Should Not Do.

The period of mourning for a widow is much shortened nowadays, especially in this country and in England. In France, the land of ceremony, the old fashioned rule is still strictly in force, and the widow is not supposed to go into society within a year and nine months or two years after the death of her husband.

## SPORTING NEWS.

## DIAMOND DUST.

Duquette and McCarthy will be the battery for the Madison team this season.

"Chick" Crestus, who played shortstop for the Scotch Plains team last season, is reported to have signed with the Brighton A. C., for this season.

Edgar George, who pitched for the North Plainfield High School last year, is in the box for the Stevens

Preparatory School, of Hoboken. He is doing good work.

Lovers of baseball in Newton, Sussex county, have raised \$800 toward supporting a first-class team this season. Jack Rothfuss, formerly of Newark, will handle the team.

According to this year's baseball rules a balk will include any movement made by a pitcher to deceive the baserunner. Even an unnatural shrug of the shoulders will constitute a balk.

One week from today the Westfield baseball team will open the season with the Seventh Regiment, N. Y.

team and two weeks later Alle will open the season on Crescent Oval with the Aeolians.

"Smiling" Jimmie Montross, the baseball pitcher, has failed to make good in the Albany, Johnstown and Gloversville League, and he will probably be found pitching for semi-professional teams in this vicinity.

The baseball committee of St. Anthony's C. C. would like to hear from Roselle's, Cranford's, Scotch Plains', Westfield's and other first-class teams offering good inducements. Baseball committee, St. Anthony's C. C., No. 1, Charlton street, New York city.

This will be the lineup of the Clinton Avenue A. C. in their game this afternoon with the West End Field Club: Herman, c; Dodd, ss; Beckman, b; Martin, 2b; Gordon, rf; Mayer, 3b; Jackson, lf; Belmer, cf; Whitley, p. The game will be called at 8:30.

Notwithstanding Manager Denman's assertion that all of the best ball players have signed for the coming season and that there are no good ones left, it is learned that there are players in abundance to be had and of the good fast sort, too. The Alle Club has had opportunities to select players who can discount the Westfield aggregation both in fielding and batting.

## STRIKES AND SPARES.

Hope chapel's request for a return bowling match has been favorably received by Manager O. B. Koons, of the Y. M. C. A. Ave, and the arrangements will probably be made later. It is also a possibility that a match may be arranged with the Park Club five on its own alleys.

Tournament play for silver and bronze medals was inaugurated last evening at the Y. M. C. A. alleys, ten of the contestants rolling. Though some of the play was rather erratic, the contest gives promise of considerable interest. Averages of the four high men for the evening follow: Maurice Sutphen, 155; George Whitley, 133; Harvey Linbarger, 141; Arthur Jeffery, 133. On Monday the players will get together for the second round.

## BASKET BALL.

A basket ball team from the business men's class of the Y. M. C. A. will play the first or evening class team Monday night.

## PERSONAL.

Miss Nellie O'Neil, of this city, has returned from a visit with High Bridge relatives.

Miss Margaret Hart, of this city, who has been visiting in High Bridge, has returned home.

Mrs. M. E. Kershaw, of Clinton avenue, is visiting friends at Atlantic City for a few days.

Mrs. J. H. French, of 683 West Seventh street, is confined to her home with an attack of the grip.

Mr. and Mrs. Edward Sebring, of Brooklyn, are visiting Mr. and Mrs. Isaac Giles, of Grove street.

Mr. and Mrs. Zena Apper, of High Bridge, who have been visiting relatives here, have returned home.

Mrs. Wilbur Henderson, of West Front street, who has been quite ill at the hospital, has shown slight improvement.

E. D. Fluck and family, of this city, left yesterday for Easton to attend the funeral of Mr. Fluck's mother, Mrs. Sarah Fluck, of that place.

Mr. and Mrs. Reuben Knox, who have been spending the past winter at Lawrenceville, N. J., have returned to Plainfield and are stopping at the Homestead on Washington avenue.

## George in the Tolls.

George Alexander was arrested last night by Officer Sherman, of the borough force, under a charge of disorderly conduct. A fellow boarder at the home of Theodore Vroom, of Lincoln place, accuses him of using violent language. He will be arraigned this evening.

## NEW YORK CLOTHING COM'Y,

M. WEINBERGER, Manager.

202-204 West Front Street, Plainfield, N. J.

Bishop O'Connor at Rome. Bishop O'Connor, of the diocese of Newark, was received in private audience by the Pope yesterday. His Holiness greeted the bishop most cordially, and thanked him for his zeal. Bishop O'Connor gave a glowing account of the religious condition of his diocese, and the Pope was delighted to hear of the care taken of poor Italians in Newark. The bishop presented Monsignor Stafford, of Seton Hall College, South Orange, formerly pastor of St. Mary's church, this city, and Father Eugene P. Carroll, director of Holy Childhood, of the diocese of Newark, to whom the Pope gave special benedictions for their communities. Later Bishop O'Connor paid his respects to Cardinal Merry del Val, the Papal Secretary of State. He will leave Naples on April 23 for the United States.

## Great Minstrels.

The date for Ernest R. Ackerman's lecture on "Glimpses of the World," to be given at Y. M. C. A. Hall has been changed from Tuesday, April 26 to Thursday, April 28.

The New York and New Jersey Telephone Company will, in a few days, place a telephone in the house of Councilman W. L. Gloak, of East Second street. Mr. Gloak is chairman of the street and sewer committee and has considerable business requiring the use of a 'phone.

## LITERARY.

Ainslee's for May opens with a novelette by William Farquhar Payson, called "Debonnaire." The scene is laid in Canada and New York, in old colonial days. Debonnaire is the nom de guerre of the hero, who is a typical French officer of the seventeenth and eighteenth centuries, whose character is well described by the name. It is full of drama of the best sort, that holds the interest, and action that carries the reader along without effort. Maurice Maeterlinck, who is best known as the author of the great play, "Mona Vanna," but who is becoming almost equally well known as an essayist, has a charming and timely essay on "Field Flowers." A story with a delightful French flavor is Mary B. Mullett's "The Report from Maxim's," in which a new view is given of the famous Parisian restaurant.

Don't marry this girl—Who sags; who is lazy; who is a flirt; who can not control her temper; who dislikes children and animals; who is not neat and tidy in her dress; who is deceitful and is not true to her friends; who fumes, fumes, and fidgets about everything; whose highest aspiration has never soared above self; who is amiable to suitors and "horrid" to her family; whose chief interests in life are press and amusements; who lacks thrift, and has no idea of the value of money; who can not bear to hear anyone but herself praised or admired; who thinks more of making a fine appearance than a fine character; who is coarse, imperious, and domineering in manner and conversation; who never thinks that her mother needs an outing, amusement, or a change; who attracts attention in public places by "loud" dress, and loud talk and laughter; who is indiscreet and says she does not care if people do talk scandal about her, so long as she is conscious that she is all right; who does not think it worth while to read for self-improvement, or current information, but spends her time reading trashy novels.—April "Success."
