KING'S DAUGHTERS IN ANNUAL MEETING

Mrs. Charles A. Reed is Chosen President of the City Union.

THE WORK IS REVIEWED
TREASURER'S REPORT FOR LAST YEAR OF THE CAMP.

Mrs. Dorsey Hyde, First Vice President—Mrs. S. A. Krom Tells What Has Been Accomplished by the Union.

The annual meeting of the City Union of King's Daughters was held yesterday afternoon in the lecture room of the First Baptist church. After a hymn was sung, Rev. Joseph O. McKelvey opened with prayer followed by a short talk on the work and aims of the order.

The various circles reported through their own secretary. Mrs. S. A. Krom told of the financial condition of the union. The total receipts for the year, exclusive of the special funds collected for the baby camp, amounted to \$1,190.89. The welcome assistance of S. St. John McOatchen, who raised above \$1,000 for the camp last year, was again accepted in the matter of securing funds to make some necessary alteration and additions to the buildings.

The baby camp will probably open for the season about June 1. Miss Olive Delaney will be in charge as nurse and Mrs. Delaney will act as matron. Miss Delaney's report as public nurse showed a total of 919 calls during last year.

The latter part of the meeting was given up to the election of officers. These were elected: President, Mrs. Charles A. Reed; first vice president, Mrs. Dorsey Hyde; recording secretary, Mrs. Frank W. French; corresponding secretary, Mrs. A. M. Most, and treasurer, Miss H. Helen Phillips. Miss Phillips acted as custodian of the baby camp funds last year and her reelection puts her in charge of all the funds of the union.

The meeting closed with a hymn and the benediction by Rev. Mr. McKelvey.

CLUB'S MUSIC.

The Hillside People to Enjoy Recitals This Afternoon at the Clubhouse.

During the coming season the house committee of the Hillside Tennis and Golf Club has arranged for music at the clubhouse on these dates, with dancing in the evening: Saturday, May 21, club reception; Saturday, May 28, tennis tournament; Monday, May 30, Decoration Day; Saturday, June 4; Saturday, June 11; Friday, June 17, horse show dance; Saturday, June 25; Monday, July 4. The club will have stages meet the trolley cars on and after 2 o'clock on May 21, 28 and 30.

Must Foot the Bill.

Just after going to press yesterday, a telegram was received at this office that the Oshkosh Glee Club, which has been engaged to assist at the International Melange of Song and Dance at the Casino on May 19 and 20, will be entertained at their own expense while in town. The members are now getting estimates for board and it is understood that Timbo & Co., of North avenue are after the contract. There is no truth in the report that Dockstader has anything to do with the show.

Co-Operation a Failure.

It is said that the Co-Operative Paint Store on West Second street has quit business, the ladders, brushes and some of the supplies having been purchased by Woolston & Buckle and some of the other materials were purchased by other local dealers, while the remainder was shipped back to New York. For a time the business paid, it is said, but upon the termination of the strike, trade fell off.

Bishop at Danellen.

Rt. Rev. John Scarborough, D. D., Bishop of the Diocese of New Jersey, will make his annual visit to Holy Innocent's church, Danellen, tomorrow afternoon, the service being at 3:30. It is expected that the Apostolic rite of Confirmation will be administered.

Crozer Student to Preach.

Rev. Irving H. Darnell, of Crozer Theological Seminary, will preach tomorrow morning and night at the East Third Street Baptist chapel. He is one of the students to be graduated next month from the seminary.

MISS MABEL LEFLER ENGAGED

GEORGE WHITLEY, OF THIS CITY, IS PROSPECTIVE GROOM.

Abram G. Nelson, of New Market, announces the engagement of his niece, Miss Mabel Leffler, to George Whitley, of this city. The wedding will take place in the fall. Miss Leffler is a niece of the late Mrs. Charles L. Fair, and since the death of her mother, she has made her home with her nephew at New Market.

The bride-elect is an accomplished young woman and very popular. Mr. Whitley is well-known here and at New Market as a ball player. Last season he pitched for the New Market team. This year he will probably wear a Y. M. C. A. uniform. At present Miss Leffler is visiting her brother, Edward L. Leffler, of Boston.

SWEDES PLAN TO RAISE \$500

CONCERT TO BE GIVEN BY A LOCAL CHURCH ORGANIZATION MAY 19.

Those who attend the concert to be given in the Congregational church on Thursday night, May 19, for the benefit of the Swedish Evangelical Pilgrim church, will assist a worthy cause. This energetic organization has an indebtedness of \$1,400 and wants to raise \$500. If this can be done through the generosity of the people of Plainfield, the congregation feels able to care for the rest of the indebtedness.

Talented artists will contribute their services for the concert. William Holmes, of the First Baptist church choir, will have charge and also sing. The programme will be presented by W. Paulding DeNike, the well-known cellist; the Enterpean Glee Club, a mixed quartette composed of Mrs. Robert L. Giddes, soprano; Mrs. Stephen H. Tagwell, contralto; Elmer D. Cutting, tenor, and William Holmes, baritone. They will sing the favorite serenade and quartette from "Robin Hood." Those who heard Mrs. Giddes sing in "Patience," will be pleased to hear her again.

In addition to these musical numbers, Miss Aimee Emmens will recite the famous quarrel scene between Lady Teazle and Sir Peter, from Sheridan's "The School for Scandal." For further particulars see advertisement in The Daily Press.

DANCE AT THE PARK CLUB

LAST OF SERIES OF THREE BACHELOR AFFAIRS PROVES ENJOYABLE.

The last of the series of three bachelor dances during the season by Reeve Stockton, Harry McGee and Harry Hall, was given at the Park Club, last night, there being between fifty and sixty guests present. Like the other two dances this one was replete with pleasant features and it was early this morning when the merry dancers wended their way homeward.

During the evening the german was led by Miss Helen Buchnell and Harry McGee. These were the patronesses for the affair: Mrs. Theodore D. Wilson, Mrs. Arthur L. Otterson, Mrs. George S. Ring, Mrs. Joseph M. Shellabarger, Mrs. Edward M. Van Buren and Mrs. Clifford McGee.

The music for the dances was furnished by VanEpe's banjo trio and piano and it was one of the features of the evening.

Refuses to Vacate.

George Brown, as agent of a Newark realty company, brought suit for possession of premises to issue against John Lassiter in Justice Hand's court yesterday afternoon. The owners notified Lassiter to move, giving him a month's notice. He claimed to be a yearly tenant and as such demanded three months' notice. He tendered the rent last month, but Mr. Brown refused to receive it. Justice Hand reserved decision. Harry O. Runyon, Esq., is the defendant's lawyer, and a Newark attorney represents Mr. Brown.

F. Hopkinson Smith to Speak.

"The Quality of the Picturesque," will be the subject of a lecture to be given Monday afternoon at the Casino by F. Hopkinson Smith, before the Monday Afternoon Club. Mr. Smith, who is a well-known architect, is a speaker of recognized ability. The lecture will be at 3:30 o'clock.

Nobody in the farming business can grow better vegetables and fruits than those offered by Neuman Bros. Nobody in the grocery business in this city shows a bigger variety in vegetables and fruit than they.

THEY'LL GET THE ORIENT

PERSEVERANCE LODGE WILL INTRODUCE CANDIDATES TO THE STARS.

There are to be things done at Perseverance Lodge, K. of P., next Friday night. Several untitled knights are to take the Orient degree. The slapping machine has been oiled up, and the goat will be starved into a terrible state of rage. As usual, the candidates will be introduced to the goat with a red rag pinned to a prominent section of their trousers.

Several high officers of the order are to be present to witness the sacrifice. Some of the Pennsylvania State officers are expected also, and a big social time will follow the initiation. Red Cross nurses will be in attendance on the candidates.

IMPROVING THE SPRINKLING

CONTRACTOR GETTING DOWN TO SYSTEMATIC WORK FOR SEASON.

Although the municipal street sprinkling system has been in operation about two weeks, Contractor John Keely has scarcely got the business down to fine points. He has a prepared diagram of the various routes and territory covered and this forms the basis for the system now in use. It is generally observed that since the work began there has been less kicking than usual, and this is evidence that the taxpayers are somewhere near satisfied with the work.

With so many streets to cover it is a difficult matter to effectually water them so that they will meet with the approbation of every one. Mr. Keely says that he is determined to give the taxpayers the best possible service so that at the end of the season they will feel as though they have received something for their money.

Tomorrow the Public Service Corporation, according to the city ordinance, begin to sprinkle along their tracks in this city. This fact will go a great ways in helping Mr. Keely in his work. Since May 1 he has been obliged to sprinkle the trolley company's tracks to protect his own territory. The trolley cars raise so much dust that unless he sprinkled along the track it would only serve to dry up the other part of the street that much quicker and would more than offset the other work. For doing this neither the city or Mr. Keely has received any compensation from the trolley company. It is considered no more than fair, however, that the company should stand its share of this expense for it has benefited as much as anyone by the sprinkling and at the same time been a source of convenience to the patrons of the cars.

Mr. Keely hopes before the end of the month to have his system in perfect working order and he will then be able to cover the whole territory within the prescribed time and more satisfactorily. His idea is to have the drivers work towards the outskirts in the early part of the day and then work back toward the centre toward quitting time at night. This gives the streets a final soaking which, in very dry weather, keeps them moist over night.

SECRETLY WED.

Patrolman's Daughter Has Been a Wife for Many Months—Was Married in October.

The friends of Miss Myers, daughter of Mr. and Mrs. Nicholas Myers, of 1361 North avenue, and William Perrin, of Grandview avenue, learned with surprise today of their marriage. The young couple announce that the event was celebrated in New York last October and despite their best efforts were unable to keep the affair a secret any longer. The parents were informed of the fact and while no objection was made to the marriage they would have much preferred to have the couple wait until they were a little older. Mr. and Mrs. Perrin will reside here. The groom has a position in New York and formerly carried a Daily Press route.

East Enders Won Game.

The East End Juniors defeated the Richmond Street Seconds on the North avenue grounds yesterday afternoon by the score of 9 to 8. The batteries were for the East End Juniors, Cradup, F. Somerset and A. Somerset; for the Richmond Street Seconds, Slocum and Mattox.

Approaching Marriage.

Announcement is made of the approaching marriage of Miss Mabel Symons, daughter of Paul Symons, of East Third street, and Walter Roll, of the borough. The affair will be celebrated Wednesday, June 1, at the home of the bride.

GUILTY OF TRUANCY, BOY AWAITS SENTENCE

Borough Board of Education Takes Action Against Lad of Thirteen Years of Age.

HE PLAYS "HOOKEY"

TRIAL IN JUSTICE MATTISON'S COURT THIS MORNING.

Warning to Other Youngsters—John Conshee—Mr. Honeyman Appears for the Board—May 28 Date of Sentence.

Before Justice Mattison, of the borough, this morning, the case was heard of the Board of Education against John Conshee, a truant from school, of the age of thirteen years. Because of his tendency, John is yet unable to read and write. His mother is a widow, who desires him to attend school, but says she cannot control him. The boy lives at 223 Duer street. Last year he attended school forty-four days out of 180 and since September 8, he has been truant fifty-one and a half days.

A. V. D. Honeyman appeared for the Board of Education, and there were present the boy, who had been arrested by ex-Marshall Pangborn, Superintendent H. J. Wightman and Truant Officers McDonald and Lunger. After testimony, the boy was adjudged disorderly under the provisions of the new school law. Saturday, May 28, was fixed as the date for sentence. Whether the boy will be sent to jail, or paroled until the Juvenile Offenders' Court at Somerville meets, or what shall be done with him, has not been determined, but it is understood that if he attends school hereafter everyday he will be given a chance to reform.

Other tenants are to be brought before Justice Mattison next week.

PORT ARTHUR FALLEN?

In Decisive Conflict 10,000 Men Are Killed.

(Special to The Daily Press.)

London, May 14—Advices from Paris say that a rumor is current there to the effect that Port Arthur has fallen, and 10,000 men were killed in the battle preceding the capture. Nothing confirmatory of the rumor can be obtained here.

PETITION AGAINST LOCATION

SCHOOL SITE PROPOSED NOT SATISFACTORY TO MANY BOROUGHITES.

Opposition to the site to be submitted by the borough Board of Education for the proposed new school-house appears to be spreading. From the dissatisfaction over the new choice of the Board a reconsideration of the opinion passed on the old one has begun to take form.

It is felt by many of those interested in question that the old Grove street site is after all the best that could be chosen. This feeling has reached such a point that a petition asking the board to take up the old site again is being circulated among the voters. Over seventy of the men who voted against the site at the recent public meeting, when it was submitted to referendum, have signed the petition.

The one great objection to the old site was that it is filled in ground. Since the vote was taken experts have testified that ground filled in as that one was the best and most sanitary foundation for any buildings. The nearness to the brook, another objection, could be rendered of no account so far as damage to the building walls or foundations is concerned by the erection of a stone or concrete wall. In another column is published a communication from David J. Carney relative to the subject. The public meeting will be held Monday night.

Building in Westfield.

William H. Abbott, North avenue real estate broker, has broken ground, corner of Broad and Prospect street, Westfield, for the erection of a three-story brick building. There will be stores on the first floor and flats above.

New Public Fountain Running.

The work of erecting the new fountain on West Front street has been completed. Water connection was made this afternoon.

PLAINFIELD ON TRIAL TRIP

CENTRAL'S NEW FERRYBOAT IS COMPLETED AFTER LONG DELAY.

The ferryboat Plainfield, which has been building at the Crescent shipyards in Elizabeth, started on a trial test yesterday. The boat has been built for the Liberty street ferry line of the Central Railroad of New Jersey. It cost \$250,000 and its completion has been delayed six months owing to the United States Shipbuilding Company going into the hands of a receiver. Completion of the boat winds up the work that was being done at the Crescent yard. It is expected that the yards will be idle now until the business of the defendant shipbuilding trust is wound up by Receiver James Smith, Jr.

WESTFIELD SUSPECTS HELD

JUSTICE TOUCHEY DEMANDS \$1,500 FROM MEN ACCUSED OF ROBBERY.

John McGilvray and Timothy McCarthy, accused of robbing the Westfield station on April 23, were held to answer the charge before the Grand Jury yesterday. Judge Toucey, of Westfield, before whom the prisoners were arraigned for preliminary hearing, held the pair under \$1,500 bail. McCarthy secured a bondsman, but McGilvray failed to get bail and was remanded.

In a salesman at a Newark outfitting store, the police produced a new witness against the men. This salesman, John Aporn, testified positively that the accused men purchased suits and general clothing outfits the day after the robbery. C. L. Roane, the Westfield freight agent, and D. F. Carigg, the night operator and agent, and J. P. Q. Goitra, the carpenter from whom the chisel found on the station floor was taken, also testified against the men.

McCarthy's father went on his bond. McGilvray is locked up in the county jail in default of bail.

FOR CHARITY'S SAKE.

Plainfield Relief Association to Hold a Cake Sale.

Owing to the fact that so many men have been employed during the past season cutting wood at the headquarters of the Plainfield Relief Association, it has been found necessary to build a shed to provide additional room. The present quarters are inadequate. To meet the expense of this work it is proposed to hold a cake and candy sale at the Relief rooms, 544 West Front street, on Thursday afternoon, June 2, from 3 to 6 o'clock.

Not Sent to Asylum Yet.

Miss Lillian Holmes, who was adjudged to be insane a few days ago, and for whom commitment papers were made out with the intention of taking her to Morris Plains, is still at her home. Yesterday she accompanied members of her family to Newark, for what purpose those interested in the case do not know. Overseer of the Poor Alex Ayers said today that everything is in readiness for taking the unfortunate woman to Morris county, but there is an apparent delay which he cannot explain. It is possible that the young woman may be taken away today.

Smalleytown Boy in Trouble.

Fred Wilson, of Smalleytown, and a youth named Martin, of this city, appeared before Justice Smalley this morning, charged with the theft of several articles of utility, including a canvas bag cover worth \$32. Bail was furnished by former Assemblyman Edward Cooper, a neighbor of the prisoner's father. Joseph Zeglio, of Warrenton, went bail for young Martin.

Hope Common Destroyed.

Hope Common, once the scene of many great baseball games, is now a thing of the past. Owing to the noises that were made by the baseball fans in their enthusiasm the residents near the Common complained to O. B. Leonard, the owner, and he has put a stop to all ball playing there. The Common has been ploughed up.

Max Munger Engaged.

Announcement is made of the engagement of Miss Sue S. Weber, of Cumberland, Md., and Max Munger, son of Mr. and Mrs. E. R. Munger, of Washington avenue. The wedding will take place early next month. Miss Weber is a sister of Mrs. Ernest E. Ackerman, of West Eighth street, and has been making her home here.

A Fourteen Inning Game.

The North Plainfield Juniors defeated the Watchung Athletic Club on the Mountain avenue grounds Thursday afternoon in a fourteen inning game by a score of 6 to 5.

THEIR MOTHERS AS COUNSEL

PARENTS OF LADS ARRAIGNED IN CITY COURT EXPLAIN THE MATTER.

Harry Ashton, who confessed to ten years of age, was arraigned before Judge Runyon in the city court this morning, charged with hitting Christopher Mayer, aged eight. Harry's mother and Christopher's mother were there to explain things. Harry's mother advanced explanations that didn't explain satisfactorily, and when Harry himself confessed to hitting Christopher on five or six different occasions, Judge Runyon dropped a sentence of \$5 and twenty days on him. The sentence was suspended, but the magistrate warned Harry—and his mother—that it would be enforced to the letter if he appeared in court again.

LEMON SOCIAL AT GRACE M. E.

YOUNG PEOPLE HAVE A JOLLY GOOD TIME IN THE CHURCH EDIFICE.

A "lemon social" was held at Grace M. E. church last night under the auspices of the Epworth League.

One lemon was the fee for admission.

The programme opened with a piano solo by Miss Weston. This was followed by a "conversation game" in which cards were used, each one being inscribed with five topics of conversation such as The War in the East, Lemons, My Summer Vacation, My Favorite Amusement, Things Good to Eat. These were filled out the same as orders of dance, five minutes being allotted to each subject.

While this game was in progress, the lemons which had been taken at the door were transformed into lemonade, the seeds being counted carefully. The prize for the largest number from one lemon went to Miss Charlotte Huff, who turned in one containing twenty-one seeds and the booby-prize was awarded to Andrew Wilson for a specimen without any seeds at all.

The refreshments being ready, the floor was strewn with the letters l-e-m-o-n out from white bristol board. Anyone succeeding in getting one specimen of each of these five letters was entitled to a glass of the lemonade which was very good and a piece of cake which was better still.

NEW STYLE BAGGAGE CHECKS

MEDAL CHECKS TO BE SUBSTITUTED BY CARDS AS A HEALTH MEASURE.

The New Jersey Central is about to abolish the old brass baggage checks, some of which have been in use on the road for over a quarter of a century. The contention is that the old style metal checks carry disease germs and for sanitary reasons there will be a change to the card-board system. The new system will require baggage-masters to hand out a clean card every time a trunk is checked and the passenger when in a hurry will be required to wait until the official fills out the blank on the check.

To Prevent Horses Slipping.

In order to correct the trouble for drivers at the corner of West Fourth street and Park avenue, the street department put men to work yesterday to lower the iron curbs and cover it with a layer of macadam. It is maintained by the street department that the slipping of the horses was not caused by a loose curb, but by sharp turning on the smooth iron. The trouble, however, was there, and the proper steps have been taken to remove it. With the macadam in place there will be no chance for the horses to slip unless under extraordinary circumstances.

Mayor Bill a Patron of Music.

Harry O. Winters, of this city, entertained Mayor Bill Smith and a number of the latter's guests with harmonica solos yesterday. Mayor Bill is very fond of harmonica playing and frequently hires Mr. Winters, who is an expert player, to render long programmes on the old-fashioned instrument.

Manager George Johnston, of the Allis Club, has about closed two games with the Hobokens to be played on Crescent Oval within a few weeks. In place of the game with Madison on May 21, Johnston is promising a game with the Everett College team, which has not lost a game this season.

C. M. RILEY WEDS A BELLE OF SUMMIT

North Plainfielder the Groom at An Elaborate Ceremony This Afternoon.

LARGE ATTENDANCE

REV. A. C. NICKERSON, OF THIS CITY, OFFICIATES.

Howard W. Riley, Brother of the Groom as Best Man—Jonas Lie An Usher—A Reception Follows.

Champlain L. Riley, of North Plainfield, was married this afternoon to Miss Ida E. Holt, of Summit. The ceremony was performed at the bride's home.

The groom is the eldest son of Mr. and Mrs. William H. Riley, of Myrtle avenue. The bride is the daughter of Robert S. Holt, the partner of C. W. McOatchen in the firm of Holt & Co.

For a home wedding, the nuptials were held on an elaborate scale. Special cars carried guests to Summit from New York, and the house was lavishly decorated. There was a large gathering of relatives and friends, mostly from the metropolis. Few of the guests were from this city. A reception followed the ceremony.

Rev. A. C. Nickerson, of All Souls' Unitarian church, pastor of the groom, performed the ceremony. The bridal party was large. Miss Constance B. Holt, a sister of the bride, was maid of honor, and Howard W. Riley, brother of the groom, was best man. There were four bridesmaids: Miss Grace L. MacMullen, of New York; Miss Marie Labby, of Summit; Miss Ethel Miller, of West Nyack, N. Y.; Miss Ethel Mason, of Washington, D. C. The ushers were Jonas Lie, of North Plainfield; Robert S. Holt, Jr., of Summit; James H. Morse, Jr., of New York, and Charles W. MacMullen, of New York.

Miss Ann K. Colton, a young niece of the bride, was train bearer, and the Misses Evelyn Holt and Beatrice Miles, of Summit, were flower girls. Many handsome and costly gifts were received by the bride.

Upon their return from the honeymoon, Mr. and Mrs. Riley will make their residence in Summit. Mr. Riley holds a high position on the staff of Clark & MacMullen, of New York, a prominent firm of consulting engineers.

STREET WORK.

Terrill Road Being Put in Proper Shape by the Street Commissioner's Men.

Continuing the work begun last autumn, the street men are repairing the roadway on Terrill road from South avenue southward. The work takes in that section of Terrill road, which is the dividing line between this city and Fanwood, that an agreement between the two municipalities puts under the charge of the city. The agreement was made last year, after the plan of working the road repairs on each side of the road, along the boundary line, had proved a failure. The roadway on the Fanwood side is supposed to be in perfect shape. When the city men get through the thoroughfare on their side will be as good as a new stretch of roadway. The road has been rounded, the gutters have been deepened, clinders have been used to fill in hollows, and field stones have been laid in boggy places. Last year cracked stone was used liberally on the street.

Sick Fire Horse.

One of the iron-gray team used at the West Second street fire house, who was taken out of service four weeks ago and put out on Debele's farm, had a severe attack of colic last night. Dr. L. S. Poocock was called to the farm and after working over the animal for some time succeeded in getting him on his feet. The doctor believes that the horse will be all right in a few weeks. He is young and was considered one of the best horses in the department.

To Be M. D.'s.

Miss Martha Tracy, daughter of Mr. and Mrs. J. Evans Tracy, of West Eighth street and Miss Anna Degenring, of Elizabeth, are members of the senior class of the Woman's Medical college, of Pennsylvania, who will be graduated at the Academy of Music, Philadelphia on Wednesday, May 18, at 10 o'clock.

THE FORUM.

Communications from readers of The Daily Press on all subjects of local interest are invited. All such communications must be signed of genuineness, and must be signed by the writer. His name will not necessarily be published. The editor is not responsible for views expressed in this column.

Opposition to School Site.

Editor, The Daily Press: "The citizens of the borough will again be called upon next Monday evening, at a meeting of the Board of School Trustees, to decide on a site for a new school building.

"The meeting recently held for a similar purpose whereat the proposition then submitted was voted down by a small majority, did not honestly voice the true sentiment of the voters of the borough, for the reason that the lines were so tightly drawn by the opposition that many voted against the proposition for no other reason than to oppose the scheme, because Mayor Snalley and his friends favored it.

"This is true. It has since been often admitted by numerous individuals who assisted the opposition. Now the Board of Trustees are asking the citizens to vote for a site for a school building that is even more objectionable than the one which was voted on and defeated a short time ago. The location now proposed is an ideal spot for an observatory, but it is one almost absolutely useless for a school house.

"At the present season of the year and during the summer months while vacation days exist, it apparently appears to advantage. When the equinoctial storms and the spring freshets make their visits, the place cannot be reached by man, not to mention little school children. It is safe to say that if the proposed site is selected; that the days during the nine months of the school year, will indeed be many when no sessions will be held for no other reason than the school children will be unable to reach the school house on account of the impassable approaches to the place.

"No one at all familiar with this section can deny this statement unless he be a property owner thereabouts who is interested.

"The Grove street site that was defeated was an ideal spot compared with this one now being urged. All the tommyrot that was said about that proposition in reference to the place being formerly used as a public dump, was only done for selfish motives. Those who had imaginary personal reasons in defeating that location, in many instances did so to show their strength as political factors in borough affairs, and there are many men among this class who acknowledge this fact. Not a few of these individuals now admit that if the same question was again raised, say that they would vote in favor of it.

"The proposed location which the voters are now called upon to decide is an isolated one. It is inaccessible. How the Trustees could stumble into such a place with the intention of erecting a school building thereon seems almost incredible."

AMONG MEN IN THE SHOPS

SEEN AND HEARD IN PLAINFIELD'S INDUSTRIAL PLANTS.

John O'Brien has resigned his position at the Potter Press Company's works.

Lloyd Lewis, of West Fifth street, has taken a position at Soben's ice cream parlor on Liberty street.

Joe Sweeney has resumed his position at the Pond Machine Tool Company's works, after a recent indisposition.

Six men were laid off at the Potter Press Company's plant yesterday; two in the blacksmith shop and four in the shipping rooms.

John Mayberry, of Rahway, has taken a position with Pond Machine Tool Works here. He was formerly employed by the Public Service Corporation.

John Hess, of North avenue, has resigned his position at the Pond Machine Tool Company's plant to take a similar one at the Campbell Press Company's works.

Pat Bergen, foreman over the crane gang, has resigned his position at the Pond Machine Tool Company's plant. Mr. Bergen will return Monday to his old trade, hod carrying.

Pat McGaughy, of West Fourth street, has resigned his position at the Pond Machine Tool Company's works. Mr. McGaughy has taken a position as trainer at Sheephead Bay race track. Pat says he can't stand working for "seven and a shave" a week when he can make \$3,000 a year training horses.

The recent ten per cent reduction in the wage scale at the Pond Machine Tool Company's plant will not effect the laboring men. The men threatened to quit work yesterday, and no doubt would have done so had they not received notice that there would be no reduction in their wages. The change effects the machinists only.

The gang in the erecting department at the Potter plant has divided in two, working alternate weeks. This will continue until about June 1. There is plenty of work coming on, but it has not reached the machines. By working the machine hands full time it is expected the work will be ready for the erectors about June 1.

The machine department and the main shop of the Mangano Steel Safe Company's works will meet in a baseball match on the diamond at the rear of the shop this afternoon. There has been great rivalry between these two departments since the baseball season opened. Each member of each team will pay \$1 entry fee, which will help defray the expenses of a supper to be served by W. W. Warnock, tonight.

AMUSEMENTS.

"The Other Girl," which holds the record for success of all of Augustus Thomas' plays ever presented in New York, is now moving along triumphantly at the New Empire Theatre, New York city, towards the 150th performance. It is drawing capacity audiences and it will probably reach the end of its season at this house with this record of big business still the same. The acting of the piece is of a very high standard as Charles Frohman has put into it a remarkable cast which includes the great comedy sextette, Lionel Barrymore, Joseph Wheelock, Jr., Richard Bennett, Frank Worthing, and Elsie and Drina De Wolfe. This big six has the most delightful presentation of them. Besides the humor of the comedy there is a delightful love story which appeals strongly to women and which is effective in its appeal for the Wednesday and Saturday matinees at the Empire are always crowded.

Undoubtedly the most stupendous and costly amusement resort ever promoted in this country is "Dreamland," at Coney Island, New York. In its plan, scope, and the magnitude of its amusements "Dreamland" has been constructed at a cost of over \$3,500,000. The opening date is set for today, when the spacious park with its massive structures and myriad attractions will be completed. "Dreamland" is the conception of ex-Senator William H. Reynolds, a millionaire and a large real estate holder in the borough of Brooklyn, New York. Illuminated at night by 1,000,000 brilliant electric lights on buildings, the tower and avenues, "Dreamland" will present a striking scene of fairyland. The massive tower rises far into the heavens. It is the most conspicuous structure for miles around, and can be seen at a distance of fifty miles. It rises to a height of 875 feet and at night will be brilliantly illuminated by 100,000 powerful electric lights. It is said that the towers at the World's Fair, Chicago, and at the Buffalo Exposition, do not compare with it in architectural beauty.

Seventy trolley lines are now said to be in operation in this State with a mileage of 980,56. It is said that the gross receipts last year were \$9,574,553.45 and the expenditures \$5,881,045.87. These figures are furnished by the supplemental report of the State Board of Assessors.

JOURNALISTIC OPINIONS.

QUESTIONS OF THE DAY DISCUSSED
BY THE PRESS.

Courageous Delegate.

It takes more than the ordinary amount of courage to stand up almost alone for conscientious beliefs, as did W. W. Howland and his five followers from Somerset at the State convention on Tuesday. Somerset will be credited with having independent, thoroughly conscientious men as delegates as we know they took their stand from the highest motives. We believe, however, that the objection to Mr. Baird should have been brought before the whole county delegation and some united action decided upon before going into convention. Individual action accomplishes nothing, except to draw the fire of those opposed.—Somerville Unionist-Gazette.

Senator Cross for U. S. Judge.

Senator Joseph Cross is prominently mentioned among those suggested for the appointment to the bench of the United States District Court to succeed Judge Kirkpatrick. The appointment is made by President Roosevelt, and it is believed he will appoint any man who is recommended by both Senators Kean and Dryden. The suggestion that as Senator Cross has another year to serve in the Senate, the interests of Senator Kean might be risked in the election of a new senator from Union county, is not likely to influence Mr. Kean, who has on more than one occasion shown his willingness to sacrifice his own interests when it came to his endorsement of a friend, and there can be no doubt of the warmest support from him if Senator Cross has any desire to secure the honor. His appointment would give the utmost satisfaction. The press of the State speaks in the highest commendation of Senator Cross' qualification.

The Newark Evening News said on Saturday what every New Jerseyman knows: "Senator Cross has the judicial mind, he is an experienced lawyer, he would make an excellent judge. . . . There is no doubt that Senator Cross would prove an able, conscientious and successful incumbent. More than once his character and qualifications have come very near to securing for him a position on the Supreme Court bench. If no other than purely political considerations interfere now, there is little doubt that Senator Cross' name will have the fullest and most respectful consideration, whether he is appointed or not."—Elizabeth Journal.

Freeholders Good Work.

The Board of Freeholders of Union County closed the fiscal year yesterday, and with a record that is worthy a word of commendation. The financial report of County Collector Wood shows that the retiring board leaves in the county treasury a balance of \$45,000, which is a larger amount turned over to a new board to begin its housekeeping than has been the case in many years.

This is a remarkable and highly creditable showing, and a proof of the economical and wise administration of the affairs of the county. The freeholders have saved this amount of money despite the fact that the county is under extra expense from the rental of the Zouave armory for a temporary court house, and also other expenditures made necessary in consequence of the building of the new county court house. It has been frequently stated that the erection of a new court house would be a burden on the county and would increase the tax levy every year, but the management of the county has disproved this. The outlook is that the new court house will not at any time prove an appreciable burden, and on the contrary will be the great benefit and desirable improvement hoped for and confidently expected by the most sanguine.

This large balance will be sufficient to make it a certainty that there will needs be no increase of the tax appropriation for the new year. The new board has honored itself in again re-electing J. Frank Hubbard to the position of director, the office he has held for so many years to the satisfaction of the people of the county, and in a manner that has attested his ability and integrity.—Elizabeth Journal.

POLITICAL NOTES.

By the withdrawal of United States District Attorney John B. Vreeland from the contest for the United States district judgeship to succeed the late Andrew Kirkpatrick, it has practically been settled that the appointment shall go to Senator Joseph Cross, of Elizabeth. Mr. Vreeland was strongly supported in his candidacy, but, it is explained, declined to stand in the way of Senator Cross. He has written a letter to United States Senator Kean to that effect and offered his support in behalf of the Union County Senator.

Miss Alice Thompson, daughter of Mr. and Mrs. David Thompson, of Rockview terrace, has been detained by illness for a few weeks at her home.

Plainfield, N. J., May 14, 1904.

The colored Republicans thought Rev. Mr. Roundtree, of Trenton, would be pretty good timber for a delegate-at-large to the National convention, but the State committee quartered him.

Inventor Edison, who has himself profited by advertising, is quoted thus: "To let the world know through type who and what you are and what you have that this great world wants is the secret of success, and the printing press is its mightiest machine to that end."—Philadelphia Record.

Another daily newspaper has been launched in New Jersey, the Dover Daily, published at Dover, as its name implies. It starts with the very best wishes of the fraternity throughout the State. Whether it will continue will depend partly upon the people of Dover, and partly upon itself.—New Brunswick Daily Times.

Wonderful brains in that Brunswick man's head.

When a business man without an intimate knowledge of advertising takes space in papers or magazines and conducts his own campaign, he sometimes develops an entirely original style of advertising, eminently suited to his business. If he is a good business man his advertising will seldom be weak. It may be crude. It may lack originality. But it will be strong and sound, giving plain, blunt facts of interest to readers who want his goods.—Printers' Ink.

A proposition to reproduce the famous Passion Play at Asbury Park has been submitted to the Board of Trade of that city. It is to be expected that some strong opposition to the scheme will be made for the idea is repugnant to many Christian people, especially to those who do not approve of theatrical performances. Many a powerful sermon is preached from the stage nowadays and the moral taught is impressed upon the spectator as deeply as that emanating from the pulpit in many instances. Besides, the drama attracts a large number of people who do not go to church and in this way it is doing a good work. The principal objection to the play is that some one impersonates Christ which is naturally viewed as sacrilegious. Those who have taken the part in the Oberammergau production have been saintly men and it is argued that they are not guilty of any profanity.

DESTROYER BLEW UP

Japanese Navy Loses Torpedo Boat No. 48.

PORT ARTHUR IS AGAIN ISOLATED

While Trying to Clear the Channel a Large Mechanical Mine Exploded, Cutting Craft in Two—Seven Killed, Seven Wounded.

LONDON, May 14.—A Mukden dispatch says that a Japanese torpedo boat No. 48 has been blown up while removing mines from the Liaotung peninsula, has again been occupied by the Japanese, and communication with Port Arthur is again cut off.

Advices from Tokyo say the Japanese torpedo boat No. 48 has been blown up while removing mines from the Liaotung peninsula, has again been occupied by the Japanese, and communication with Port Arthur is again cut off.

This is the first warship Japan has lost in the war.

The torpedo boat was lost during a series of bombardments and surveying operations at Tallienwan, Uep and Kurr bays by Admiral Katakoka, commander of the Third Squadron. The admiral arrived at Kurr bay early in the morning and detached the cruisers Hatakushima, Nishin and Miyako, ordering them to bombard the land batteries, while a flotilla of torpedo boats swept the harbor for mines.

A second flotilla of torpedo boats, which had been engaged in guarding Port Arthur the previous night, joined the squadron and began the work of surveying the harbor. The Miyako discovered a company of Russian infantry and a detachment of cavalry on shore and dispersed them.

Two torpedo boats that were reconnoitering and removing mines in the west shore of Kurr bay discovered a telegraph line running along the Tashan peninsula. To destroy it Lieutenant Hotta and four sailors landed and scaled the heights under the protection of the guns of the torpedo boats and cut the line. The Japanese vessels then discovered three bodies of Russian troops, one large and two small ones, whereupon the squadron advanced close to the shore and shell of them.

Torpedo boats Nos. 48 and 49 discovered a large mechanical mine in Kurr bay. Their various attempts to blow it up failed, and it suddenly exploded of itself, cutting No. 48 in two. The torpedo boat sank in seven minutes. The squadron hurried boats to the rescue and picked up the wounded. Three other mines were discovered and exploded.

A Liaoyang dispatch says the advance guard of the First Japanese army has appeared six miles below Lienchenkan, on the road to Liaoyang. It is not making any further advance, but is erecting strong fortifications. The Japanese movements were made with the greatest care.

Costly Corks For Port Arthur. VANCOUVER, B. C., May 14.—Advices received from Japan by the steamer Empress of India indicate that the bottling up of the harbor of Port Arthur has cost the Japanese government \$1,201,000 for tramp steamers alone, besides enormous sums for ammunition, repairs, etc. Up to the time of the departure of the Empress of India nine tramp steamers had been utilized in the "corking" up process.

Gold From Japan. SAN FRANCISCO, May 14.—The steamer Doric, which has arrived from the Orient, brought \$2,250,000 in gold from Japan. On board was E. B. Shaw, son of the secretary of the treasury, who went to the far east some time ago on a government mission. As soon as the Doric dropped anchor Mr. Shaw was taken aboard the Golden Gate and hurried to the Oakland pier, where he caught an overland train. C. A. Willard, justice of the Philippine supreme court, and Judge F. C. Waite, a Manila jurist, were also on board.

An Up to Date Organ. CHICAGO, May 14.—The \$200,000 pipe organ to be placed in the new Theodore Thomas concert hall here will have an electro pneumatic action, with a movable key desk, so connected that the organ may be played from any part of the orchestra or stage. The organ, which is to be directly behind the orchestra, but about ten feet overhead, is so arranged as to allow a most perfect blending of tones with orchestral or other music.

Electric Bolts Caused Panic. NEW YORK, May 14.—Within a few days of the fatal collision on the Third Avenue Elevated railroad a second one occurred in front of the Ninety-ninth street station, in which a dozen or more persons were slightly injured and many passengers shocked by electric bolts which seemed to shoot through one of the cars. Passengers in both trains were very much frightened and, panic stricken, scrambled to the platform of the station.

Wreath For President Candamo. LIMA, Peru, May 14.—Among the floral pieces on the catafalque of President Candamo in the Santo Domingo church is a beautiful cross sent by United States Minister Dudley in the name of President Roosevelt, a magnificent wreath from the diplomatic corps and one from President Roca of Argentina.

Pace Was Number Fifteen. BIRMINGHAM, Ala., May 14.—Steve Pace, a negro, was hanged here for the murder of Jesse Simmons, also a negro, at Smith's mines in 1896. Both men were miners. Pace is the fifteenth murderer hanged by the present sheriff within the last four years.

Dolly Spanker at Morris Park. NEW YORK, May 14.—There was a large attendance at Morris park, the weather and track conditions were excellent, and some good running was witnessed. The feature of the card, the New Rochelle handicap, seven and a half furlongs, resulted in a good contest. Dolly Spanker, the favorite, won by a short head from Lux Casta, who was five lengths in front of Savable. The Drake-Gates combination beat heavily on Savable, forcing his price down from 2½ to 1 to 2 to 1. The time of the race, 1:33½, is within half a second of the track record. Hamburg Belle, who won the Futurity last year, has broken down after working a very fast trial at Sheepshead Bay.

Injunction at Elm Ridge. KANSAS CITY, Mo., May 14.—Injunction beat Glassful, a prohibitive favorite, in a handicap race at a mile and a sixteenth at Elm Ridge in masterful style. There were but three in the field. Sambo never had a chance. During the first three-quarters Injunction and Glassful ran like a team. At the head of the stretch Injunction's head showed in front, and he gradually drew away, winning easily. In the second race Barney Dreyfuss, a 12 to 1 shot, galloped under the wire first.

Marshall Still Leads Chess Players. CAMBRIDGE SPRINGS, Pa., May 14.—The twelfth round of the international chess masters' tournament has been played here, and at the conclusion Marshall maintained his lead over the other contestants by virtue of his victory over Delmar. Janowski won his game against Pillsbury, and Lasker also won, beating Teichmann.

Favorite Finished Last. CHICAGO, May 14.—Not a single favorite won at Worth. Four outsiders and two second choices divided first money. The feature event, a mile handicap, went to Action, neglected in the betting at 8 to 1. Banter, the heavily backed favorite, finished absolutely last.

Racing Under Electric Light. CHARLESTON, S. C., May 14.—Arrangements were completed here to give horse races under electric light at the old exposition grounds track. The racing will start on June 2 and continue during the entire summer.

Kid Sullivan Won at Baltimore. BALTIMORE, May 14.—Kid Sullivan of Washington was awarded the decision over Joe Timpani of this city on points at the expiration of their fifteen round bout before the Eureka Athletic club last night.

Boys Caused \$10,000 Fire. NEW HAVEN, Conn., May 14.—Fire last night partly destroyed the Coliseum bicycle track in Howard avenue and leveled three large barns belonging to Hugh Plunkett, the general contractor. The loss will be about \$10,000. Forty horses and twenty-five trucks were taken from the barns with no time to spare. Boys in the training quarters of the track are supposed to have started the fire by carelessly dropping cigarettes or matches on the dry wood.

Fishers Lose Their Ship. CHATHAM, Mass., May 14.—The two masted fishing schooner Little Jennie of Provincetown, Captain Mayo, went ashore on the bar off Monomoy Point lighthouse during a dense fog last night, and it is believed she will be a total wreck. Captain Mayo and his crew of six men were taken off by the United States life saving crew at Monomoy point. The fishing gear of the schooner was saved.

Abeel Sentenced to Reformatory. NEW YORK, May 14.—James Neilson Abeel, who impersonated a Goelet and made love to Miss Eleanor Anderson, a telegraph operator, was sentenced to the Elmira reformatory by Recorder Goff in general sessions. Abeel at the best will have to spend at least fourteen months in the institution. Under the law he cannot serve more than five years.

General Was Too Thankful. PARIS, May 14.—War Minister Andre signed a decree relieving General Jeannerod of the command of the First army corps, stationed at Lille. This is a result of Jeannerod's order expressing his thanks for the good work of the Sisters of Charity, whose services have been discontinued through orders of the ministry of war.
