BALL HITS FLAG POLE

LIGHTNING LANDS ON BARN IN WESTERVELT AVENUE, BUT HORSE ESCAPES.

Residence on Lee Place Also Struck—Thunder Like Heavy Cannon—Frightens Children—Fire at Warrenville.

Among the pranks of the lightning last night was a spectacular display of the "ball of fire" that almost invariably crops up somewhere during a severe electrical storm. The fiery ball chose the flagpole of the Washington School for its playground.

While the storm was at its height the ball shot from the sky and landed full on the top of the pole. It ran down the big stick, skipped across the playground, shot through fence into the road, and disappeared on a lawn on the opposite side of the street.

There was a loud crash of thunder a second after the ball appeared. The air all around the corner seemed surcharged with electricity, and a faint, strange smell was noticed by the people who came out of the houses to see what had happened. The glare of the ball lit up the entire street. No damage was done by the ball, but the grass looked seared where it disappeared into the earth. The pole gives no evidence of having acted as a lightning conductor.

Lightning struck the house of Mr. and Mrs. Oscar Ellis on Lee place, tearing off half the roof and cracking walls in nearly every room. Mr. and Mrs. Ellis were at home at the time, but aside from a slight shock they were uninjured.

As a result of the stupidity of a motorman and conductor on a Somerset street trolley car, all of the cars were held up in the city during the storm. The car in question was struck by lightning and burned out just as it struck the Somerset street bridge, near French's mill. Instead of the crew removing the trolley pole from the wire, it was allowed to remain in position, thus short circuiting the line. Trolleys were held up at various points for a half hour or more, until an employee of the company discovered the cause of the trouble.

He went to where the car was stalled and found the motorman and conductor inside. Balls of fire would occasionally shoot forth from beneath the car, but they could not explain why. As soon as the pole was removed from the wire, the others cars were allowed to proceed.

Among the places struck by lightning last night was the barn of B. D. Newell on Westervelt avenue. A bolt struck a corner of the structure, ripping out one side. The horse within was not injured.

Fire kindled by lightning destroyed the corn crib on the place owned by Henry Harlich, of Warrenville, last night.

The building was hit by a big bolt, and barrels of kerosene and paint oil exploded. The structure was completely wiped out. Two hundred gallons of kerosene and 100 gallons of paint oil were burned up.

The barn narrowly escaped. The grade from the crib to the barn is enough to carry water, and the burning oil floated along the top of the rain streams on the ground directly toward the larger structure. Neighbors saved the barn by hard work.

An electric light pole in front of B. R. Waldron's home, on Codrington avenue, was struck by lightning. Many telephones were put out of business. The street lights were somewhat affected.

Manager Charles W. Bunyon, of the telephone company, is superintending the overhauling of the telegraph desk at police headquarters, the lightning having caused things to slightly during last night's storm, which blew out the fuses at the back of the switchboard.

Baby Camp Opening.
It was decided at the meeting of the committee in charge of the baby camp on Johnston's drive, to open the camp Thursday, June 23. Stages will be run from every alternate trolley car to the camp for the benefit of the public.

MURRAY HILL TEAM PLAYS ALIS SATURDAY

Westfield Trying Hard to Patch Things Up With the Plainfield Management.

LINE-UP IS ANNOUNCED

HOBOKEN WANTS TO APPEAR HERE ON INDEPENDENCE DAY.

Driving Park People Anxious Not to Have Baseball Contests in the City on Fourth of July—Talk on the Diamond.

Manager Johnston, of Alis, has closed with Nat. Strong for a game with the Murray Hills on Crescent Oval for Saturday, no arrangements having been made with Manager Denman for the appearance of the Westfield team here. The Murray Hills are rated as one of the best teams in the State and they will draw a big crowd of fans. Nat. Strong will bring his regular team here and he will have Taylor, the crack Columbia College pitcher in the box. Jack O'Neil, the famous backstop, will catch, while Hickman, who has been playing shortstop for Westfield, will play that position for the visitors.

The Alis lineup will be announced in a few days. There may be a few changes. It is expected that Captain Lauder will be back at third base, while Quinby is likely to play second. Walton will be at short and Gauvain at first. The outfield will remain the same, while Davis and Farmer will be the battery. It is probable that Bradley will not play, if Lauder can go in the game.

Manager Denman has been trying very hard to get a game with Alis for Saturday, even offering to come here and play an exhibition contest. This Manager Johnston will not agree, unless the last Alis-Westfield contest is thrown out.

Manager Dash, of the Hoboken team, wants to play Alis on Crescent Oval on Fourth of July afternoon. The Murray Hills will be here in the morning, and Manager Johnston will probably close with Hoboken, although it was originally intended to play at Westfield in the afternoon. The fact that there was a chance of Alis playing out of town in the afternoon has raised a storm of indignation on the part of the baseball fans, who want to see a game here. There will be races at the Plainfield Driving Park and those in charge of them are anxious to have the ball team play out of town. The game if played here should not interfere with the races no more than the game on Saturday interfered with the horse show. There are hundreds of people who would not go to the races providing there was no ball game, each sport has its following. There are those who want to see a game here, while the races would have its usual support from lovers of such sport. Manager Johnston would please the ball cranks if he plays Hoboken here, while if he goes away it will not give them an opportunity to see a ball game here or in the vicinity, as Alis will not play Westfield, as intended.

This will be the lineup for Murray Hill on Saturday: Courtney, 3b; Gaisok, 2b; Bassford, cf; Dietrich, 1b; Hickman, ss; Smith, 1b; O'Neil, c; Hoffman, rf; Tyler, p.

VanEmburgh, civil engineer, regarding the proposed new trolley line to Metuchen. As soon as the consents of the property owners and municipalities effected are secured the work of building the line will be commenced.

The officials of the Public Service Corporation are enthusiastic about the new line and want to see it built as early as possible. While here they approved and authorized the making of final maps to be presented to the municipalities for adoption and as soon as the consents are filed everything will be in readiness.

The line will be four miles long, extending from the end of the Arlington avenue line at Hillside Cemetery to the terminus of the Metuchen line at Port Reading Railroad. Mr. VanEmburgh has been making the preliminary surveys and general detail work and will now go ahead and make the final maps.

FEVER OVERTAKES MISSIONARY

AUDIENCE SURPRISED BY ANNOUNCEMENT THAT MR. NASH IS IN HOSPITAL.

Instead of listening, as they had expected, to the story of a missionary returned from successful work in West Africa, the gathering attending the Young People's meeting of Trinity church last night were shocked to hear of the serious illness of J. C. Nash, who was to have addressed them.

Mr. Nash was taken suddenly ill with a return of the African fever, Sunday evening, and was removed to Muhlenberg Hospital yesterday.

The meeting was addressed by Mrs. E. B. Taylor, the city missionary, who told one or two of the stories she had heard from Mr. Nash and went on with a brief description of mission work as she has found it in this city.

Her description was decidedly vivid and brought home to many the deplorable conditions existing, unsupported, for the most part, within three or four minutes' walk of the heart of the city. In three years Mr. Nash has had this fever thirty times.

BLAZE AT DUNELLEN.

Gasolene Stove Oil Tank Aflame at Alvah Gray's Home on Front Street.

Fire was discovered in the kitchen of Alvah Gray's home on Front street, Dunellen, this morning about 6 o'clock. Mrs. Gray arose at an early hour and started a gasolene stove in preparation for breakfast. Afterward she left the kitchen to go upstairs and in the meantime the stove got overheated and it is supposed that the oil tank exploded. A small garden hose was used to good effect until the arrival of the borough fire department. The flames were quickly extinguished and the damage was slight.

DENMAN'S COLTS DEFEAT TRENTON BUNCH

O'Brien, Slab Artist for Westfield, Bewilders Capital City's Batters.

TO THE TUNE OF 5 TO 0

WESTFIELD SLAMS KLINE'S CURVES—TEN GOOD TIMES.

Only One Error Marked Up Against Union County's Aggregation—Duffy Behind the Bat for Westfield.

Stung by the second shut-out at the hands of the Aeolians Saturday afternoon, Westfield turned on the fast Trenton Y. M. C. A. team yesterday and gave them the same thing. Just to show that they could do the shut-out act themselves, the Westfield pulled the Trentons from their perch by five runs over and above the full deck of may-may drawn by the capital city athletes. The game took place in Trenton.

O'Brien, of Manhattan College, was the slabster person for Westfield. His pitching was the real thing, and practically won the game for the Union County Pirates. Trenton only landed three hits, and were within hailing distance of a run just once. In the second inning they landed two men on bases when only one man was out, and the rooters got up on their toes and waited for the rally. O'Brien told the umpire to have a look. What he saw was bad for the next two batters. The Trenton rooters sat down. After that, nothing doing but waiting and gnashing.

Westfield batted Kline freely. They slammed him ten times. Westfield played a fast game in the field. Hickman was back at short, and whipped them to first in his old style.

Scores by innings:
Westfield... 0 0 0 1 0 3 0 2—5 10 1
Trenton... 0 0 0 0 0 0 0 0—0 3 2
Batteries: O'Brien and Duffy; Kline and McOane.

FIRE DESTROYS TWO HOUSES

LOSS OF \$5,000 BY FLAMES IN NORTH PLAINFIELD TOWNSHIP.

Two houses were destroyed by fire in North Plainfield township, at the foot of Washington Road, yesterday afternoon. The loss is \$5,000. The flames started in the Kenyon house, and spread to the old Stites home, occupied by Joshua Seaman.

Mr. Seaman discovered the fire late in the day. Nobody was home in the Kenyon house. At that time the fire was burning brightly, and fanned by a high wind, it soon spread to the Seaman place, which is not far off. Mr. Seaman's cries for help attracted a number of neighbors, but there was no water and nothing could be done. Both houses were speedily consumed, and only a few pieces of furniture were saved. While the fire was at its worst, Mr. Seaman, who is aged, became excited and refused to leave his house. Glowing embers and flaming brands were dropping all about him, but he desperately resisted every attempt to get him away.

There was one slight casualty. Orin Stites ran a big splinter into his hand, and was compelled to stop fire fighting for treatment.

The damage is partly covered by insurance. The Seaman place is owned by a man in Long Branch. The owner of the Kenyon house could not be learned. The borough firemen were not brought out on account of the lack of water. There is no hydrant within half a mile of the place.

OSCAR A. DOUGLASS, OF DUNELLEN, IS DEAD

Aged Newspaper Man Succumbs to Heart Disease After Five Years Illness.

A MASONIC BURIAL

CELEBRATION OF WEDDING ANNIVERSARY ON FRIDAY.

Born in Newark Seventy-Five Years Ago and a Newspaper Man All His Life—Connected With Various Fraternal Orders.

Oscar A. Douglass died at his home in Front street, Dunellen, yesterday afternoon, heart disease being the cause. He was a well known newspaper man and a prominent citizen of the borough. Mr. Douglass had been ill for the past five years but had borne up well until Thursday when he suffered a serious attack.

Friday was the twenty-fifth anniversary of Mr. Douglass' marriage. He lived to greet a large company of his friends who came from Staten Island to celebrate the occasion with him. He lingered on until yesterday afternoon when he quietly passed away.

Mr. Douglass was born nearly seventy-five years ago in Newark. He comes from an old New York family. He had been interested in newspaper work all his life and for some time was editor of the Staten Island Star, of which paper he was the founder. He finally sold his rights to a syndicate but did not abandon newspaper work. For the last six years he had been associated with the Dunellen Call.

Mr. Douglass was much interested in politics as well as in literary work. He was at various times clerk of the State Legislature, secretary of the Dunellen Board of Health and clerk of the Dunellen Board of Education. He was a member of Richmond Lodge, No. 69, F. and A. M., of Fort Richmond and was also a member of the Order of the Eastern Star, Beacon Light Chapter No. 76, which organization was founded by his wife fifteen years ago. He was also a valued member of the Dunellen Literary Society.

Mr. Douglass was an earnest member of the Dunellen Presbyterian church and was loved and respected by every one who knew him.

The dead man is survived by his wife, Mrs. M. A. B. Douglass, a brother, Rev. Charles Douglass, of New York, and two sisters, Mrs. Anna Bell, and Miss Mandy Douglass, both of Newark.

The funeral arrangements have not been fully completed yet. There will be a Masonic burial. Interment will be in the Moravian Cemetery, on Staten Island.

Tennis Doubles Schedule.

In the Y. M. C. A. doubles tournament, at tennis, the following schedule has been arranged by Physical Director C. E. A. Haywood: Cass and Hinchcliffe against Heywood and Bobbie, Thursday, June 23, at 6 in the afternoon; Denton and Neal against the Rogers brothers, Friday, June 24, at the same hour; Mandy and Ashholm against Miner and Keons, 5:30 Tuesday afternoon, June 28, and Long and Oeltzer against Gavett and Strong, 5:30 Wednesday afternoon, June 29. The prizes in this tournament will be silver bats for the two winners, and silver clip pins for the team making the next best record.

Call Men Want Office.

Considerable rivalry for the captaincy of Hose Company No. 2, of the borough fire department, left vacant by the dismissal of William Barry, convicted last week of ringing in a false alarm, has developed among the call men. The appointment rests with the Mayor, subject to confirmation by the Council. Jerry Foss is apparently the leader among the candidates, and he is generally regarded as the appointee.

Fireman's Bad Luck.
S. L. Frazer, driver of the chemical engine, has struck hard luck in his vacation. He went off on June 11, and three days later he was taken very ill. He is still sick, and his vacation will end tomorrow. Last year Frazer's vacation swam through eleven straight days of rain.

Circled the Globe.
Mr. and Mrs. Henry A. McGee, of North Plainfield, are home from a trip around the world. Accompanying them home were Mrs. Corlies, of Steele avenue, and her father, Mr. Wright, of New York.

SCOTCH PLAINS NINE TALKS OF COMING HERE

Manager Hand Considering Proposition to Play in This City in the Future.

TO INCREASE REVENUE

IF GROUNDS CAN BE OBTAINED SCHEME LIKELY TO GO THROUGH.

'Plains Boys Want a Game With Alis—The Make-Up of the Nine—No Effect on Alis' Attendance.

Notwithstanding the fact that in past seasons the baseball team at Scotch Plains has been a paying venture, it is said to be a money-making scheme this year. The local fans of the 'Plains have never supported the team as they should and it was not for the outsiders who patronize the games, there would be no semi-professional baseball there. Realizing this condition of affairs at last, Manager Hand and a few others interested in the sport, are now talking of bringing the team to this city, provided suitable grounds can be had.

The question of grounds is now the most important matter under consideration, and as soon as it is settled, the other plans can be perfected. The members of the 'Plains team are well-known here, in fact nearly all of them have played in this city at various times. Montross, who is pitching for the nine, is back in his old-time form and doing good work. He is ably caught by Allen, who made such a record in the City Amateur League. The other players are also putting up a good game.

It is believed that if the team is brought here for Saturday games it will draw sufficiently to make the change an advantageous one from a financial standpoint as well as from one of general sport. For some time Manager Hand has been trying to get a game on with Alis, believing that it would revive local interest and at the same time give the fans an opportunity to judge the relative strength and merits of the two teams.

If the rivalry continues, it may become necessary for the Alis Club to take Scotch Plains on for a game. Davis would no doubt enjoy facing his old town team. No matter what others may say to the contrary, "Lefty" is just as reliable as ever and of all the crack pitchers that have been opposed to him this season, no one has been able to claim superiority over him. The longer he pitches the better he gets and he never gets rattled or "goes up in the air" no matter how much coaching or how many errors are made by his team-mates.

In many respects the bringing of the team to this city would be a benefit and would have a tendency to cause even more interest in the National game. It would not affect the Alis games for those who now want to see Scotch Plains play can easily jump on a trolley car and for five cents be carried to the grounds in a short time. Alis has its followers and the club has been given fine support this season.

In case the team comes here no doubt the fans from the 'Plains would follow and give their support just the same and this would bring additional shakels into the treasury of the club. Of course, it will not be an easy matter finding convenient grounds from the present outlook, but there may be an unexpected offer to make the plan feasible.

HON. WM. RUSSELL HERE.

Former Secretary of Legation at Venezuela, is the Guest of Henry E. Bowen.

Hon. William W. Russell, who has recently been appointed United States Minister to Colombia, is the guest of Henry E. Bowen, of Watchung avenue. He has been in Washington during the last few days and stopped here to visit Mr. Bowen on his way to New York. Minister Russell was formerly secretary of the legation at Caracas, Mr. Bowen's brother, Herbert W. Bowen, being the United States Minister in Venezuela. In September, the new minister will sail for Bogota.

Flower Thieves at Work.
Councilman Arnold, of the borough, has been troubled by thieves with a penchant for flowers. The marauders have made a practice of cutting the blooms from potted plants on his porch. Mr. Arnold and his wife are amateur horticulturists of more than a little enthusiasm, and the thief will be prosecuted vigorously if captured.

The State Schools Close a Successful Term.

The New Jersey State Normal and Model Schools at Trenton have had one of the most successful years of their history. The enrollment of the Normal School was 508. About seventy-five per cent. of these were graduates of high schools of four years' courses before entering the Normal. Twenty-five per cent. represented those coming from the rural county and town districts and taking the longer course at the Normal. The Normal School has been unable to meet the demands for its graduates as teachers. The class graduated in February were practically all engaged before the middle of that month, and more than half the class graduated in June were engaged before they received their diplomas. The salaries received were in advance of those of previous years, ranging from \$15 to \$75 per month. The Normal School has felt an increased demand for male teachers. It has already filled with its graduates many of the prominent principalships and superintendencies of the State at salaries ranging from \$1,200 to \$2,500. It feels that the demand is such as to encourage young men to take up the work of teaching, the work offering even a financial advantage to many young men, especially those from the more rural sections, and a professional advantage to still many more. The enrollment in the Model was 580. This school has graduated one of the largest classes in its history, a class numbering nearly forty. A great majority of these students enter upon the college courses, being represented in nearly all of the leading Eastern colleges, both for men and women. The strength these students have shown in their college entrance examinations, where examinations have been required, were very complimentary. The certificate of the school is received for admission in all of the colleges that accept certificates from any school. The prospects of the schools for the coming year are very flattering. A large, new dormitory is under process of construction. The buildings during the summer are to be put in first-class repair, and every arrangement made that the schools shall offer not only a high class of professional education for teachers, but also—in the Model—an academic training for those desiring to enter the higher professional schools; that is second to none.

CONVENTION OPENS.

Elihu Root Reviews Republican Party.

CRY IS "ROOSEVELT AND FAIRBANKS!"

Opening Day of Convention One of Quietest Ever Known—Little For Delegates to Do Save to Ratify Prearranged Plans.

CHICAGO, June 21.—The Republican national convention of 1904 began its three days' session here when Henry C. Payne, chairman of the national committee, at 12 o'clock noon called on the Rev. Timothy P. Frost to open the assembly with prayer. Secretary Elmer Dyer then read the call of the convention, after which the chairman of the national committee introduced to the assembly Temporary Chairman of the Convention Elihu Root of New York, late secretary of war.

Mr. Root began his address with a review of the achievements of the Republican party in the fifty years of its existence, declaring that now as in the past on that party rested the responsibility of government. Continuing he dwelt at length on the administrations of Presidents McKinley and Roosevelt, discussing exhaustively the great questions which had come before the public in the past seven years and the manner in which they had been dealt with. In speaking of the Philippines he gave to the Filipinos this promise of ultimate self government:

"No one can foretell the future, but there seems no reasonable cause to doubt that under the policy already effectively inaugurated, the institutions already implanted and the processes already begun in the Philippine Islands, if these be not repressed and interrupted, the Philippine people will follow in the footsteps of the people of Cuba; that more slowly indeed, because they are not as advanced, yet as surely, they will grow in capacity for self government and, receiving power as they grow in capacity, will come to bear substantially such relations to the people of the United States as do now the people of Cuba, differing in details as conditions and needs differ, but the same in principle and the same in beneficial results."

Summarizing the administration of President Roosevelt he said:

"The present administration has reduced taxation, reduced the public debt, reduced the annual interest charge, made effective progress in the regulation of trusts, fostered business, promoted agriculture, built up the navy, reorganized the army, resurrected the militia system, inaugurated a new policy for the preservation and reclamation of public lands, given civil government to the Philippines, established the republic of Cuba, bound it to us by ties of gratitude, of commercial interest and of common defense, swung open the closed gateway of the isthmus, strengthened the Monroe doctrine, ended the Alaskan boundary dispute, protected the integrity of China, opened wider its doors of trade, advanced the principle of arbitration and promoted peace among the nations."

"We challenge judgment upon this record of effective performance in legislation, in execution and in administration."

Whether the policies thus outlined shall be reversed or committed to unfriendly guardians, whether the revision of the tariff, which may soon be necessary, shall be made by the friends or enemies of the protective system, whether the honor of our country should be entrusted to unknown and perchance feeble hands, the American people, Mr. Root declared, have now to say.

Mr. Root closed with an eloquent eulogy of the late President McKinley and a glowing tribute to Theodore Roosevelt, of whom he said:

"Honor, truth, courage, purity of life, domestic virtue, love of country, loyalty to high ideals—all these combined with active intelligence, with learning, with experience in affairs, with the conclusive proof of competency afforded by wise and conservative administration, by great things already done and great results already achieved—all these we bring to the people with another candidate. Shall not these have honor in our land? Truth, sincerity, courage! These underlie the fabric of our institutions."

"No people can maintain free government who do not in their hearts value the qualities which have made the present president of the United States conspicuous among the men of his time as a type of noble manhood. Come what may here—come what may in November, God grant that those qualities of brave, true manhood shall have honor throughout America, shall be held for an example in every home and that the youth of generations to come may grow up to feel that it is better than wealth or office or power to have the honesty, the purity and the courage of Theodore Roosevelt!"

With the time occupied in caucuses of state delegations, which, with a few exceptions, were mere ratification meetings held to approve state convention programmes, the opening of the Republican national convention has been one of the quietest ever known. Senators and representatives in congress were as thick on the streets and in the hotel lobbies as they are in the national capital when a particularly uneventful or dry debate is in progress in congress. Figures prominent in the political strife of former national conventions were everywhere. They mingled with delegates and others not on the inside, talking of anything which promised even momentary interest.

When the leaders reached Chicago a few days ago they found nothing for them to do. The programme for the

convention was mapped out weeks ago, and there was a full realization that it was unalterable.

What has been popularly termed the "Indiana puzzle" was one of the features. The members of the delegation from the Hoosier State met to determine their course in regard to the boom for Senator Fairbanks for the vice presidency. Senator Fairbanks attended the meeting and addressed the delegates. He talked for fifteen minutes, the meeting adjourned, and the delegation was no wiser concerning his wishes beyond a reiteration of his statement that he did not desire his state to present his name for the vice presidency.

The Wyoming state delegation has perfected its organization. The stand pat policy was endorsed, and, while no expression was made as to the vice presidential nomination, there is a sentiment in favor of Senator Fairbanks.

The New York state delegates in caucus instructed Senator Thomas C. Platt by motion of Governor Odell to cast its seventy-eight votes for Theodore Roosevelt of New York for president and Charles W. Fairbanks of Indiana for vice president. The meeting of the delegation was very harmonious. Governor Odell personally named Senator Platt as chairman of the delegation and moved that he be allowed to cast New York's vote as a unit on all propositions. When the governor moved that New York instruct for Fairbanks for vice president there was a cheer, and former State Senator J. Sloat Fassett said: "I want to say that I think Governor Odell's proposition a very sensible one. We all know Senator Fairbanks, and we know that he is a capable and patriotic man. He will lend strength to the ticket."

The resolution was unanimously adopted. Prior to this Delegate Coman had asked that Theodore Roosevelt be selected as the choice for president, and the chairman, putting the motion, said: "All in favor say aye. There are no negatives."

Senator Depew was chosen chairman, Senator Platt to cast the vote of the delegation and William L. Ward to be national committeeman. Representative Richard Bartholdt of St. Louis, who was selected by the international arbitration group in congress, of which he is president, to represent it at the national convention, will endeavor to insert in the Republican platform a plank favoring international arbitration.

After a protracted caucus, during which much feeling was engendered, Senator Levi Ankeny was elected national committeeman from Washington by the delegates from that state over James M. Ashton and John S. McMillan.

Charles M. Sweeney was named for member of the committee on resolutions, and the delegation declared itself a unit for Fairbanks.

The Kentucky delegation held a brief meeting and decided to postpone action with regard to the choice of the delegation for the vice presidency.

The statement, however, was made by several of the delegates that, with one exception, they are favorable to Mr. Fairbanks.

The Maine delegation has voted unanimously to cast their vote for Fairbanks for vice president.

The nomination of Senator Charles W. Fairbanks for vice president is regarded as settled now that New York has decided to cast her seventy-eight votes for him. While it has seemed a foregone conclusion for some time that the Indiana senator would be Mr. Roosevelt's running mate, there have been efforts made to bring out other candidates and start a stampede of delegates for some other man. These attempts failed almost in their inception, and it early became apparent that Fairbanks was the choice of most of the delegates.

Meringola Killed His Brother.

NEW YORK, June 21.—After quarrelling over money matters, Samuel Meringola, forty-nine years old, of Fair Ground, N. Y., killed his brother Thomas, aged fifty-two, with an axe shot his niece, Mrs. Carman Pietra, in the thigh and arm and attempted suicide by cutting his throat. The murder occurred at Long Swamp, near Fair Ground. After nearly decapitating his brother Meringola went to the home of Mrs. Pietra and shot her twice. Meanwhile the news of the murder had reached Huntington, and a posse started in search of the murderer. When he was discovered leaving the Pietra house he opened fire on his pursuers. The shots failed to take effect, and he surrendered when the posse fired on him.

Food Demanded at Pistol Point.

MISSOULA, Mont., June 21.—Four men suspected of being the robbers who held up the Northern Pacific train at Bear Mouth have appeared at a mining camp on Harvey creek twelve miles south of Bear Mouth, where they demanded food. They were mounted and carried canvas bags. One man held up the miners while the others ransacked the camp for food for themselves and their horses. After remaining two hours for rest the quartet rode off in a southerly direction.

Veteran Lieutenant Dead.

BATH, N. Y., June 21.—Otis H. Smith is dead of cirrhosis of the liver after a long illness. He was born in Bath in 1840 and served in the One Hundred and Sixty-first regiment, New York volunteers, from 1862 to the close of the war. Mr. Smith was mustered out with the rank of first lieutenant.

Costa Rican Still Ashore.

KINGSTON, Jamaica, June 21.—The Leyland line steamer Costa Rican, which went ashore at Plum point, is still on the reef. She will be surveyed preparatory to an attempt by the wrecking steamer Premier to save her.

A Suggestion from STEINWAY & SONS

About Piano Tuning

Incompetent Piano Tuners

are continually doing a great deal of mischief to good pianos. It will therefore doubtless be of interest to owners of Steinway and other pianos, residing at not too great a distance from New York, to learn that we are now prepared to take orders for the tuning and regulating of pianos during the summer months at special rates. Not only the members of our large regular tuning force but also those of our staff of experts who, during the winter season, have been traveling with eminent pianists on their concert tours, and who have now returned to New York, are available for this work. The greater the number of orders from any one place or vicinity the lower our charge will be for each piano attended to. Consequently we would suggest to prospective customers in any locality that they "club together" in sending us their orders, whenever feasible and agreeable, as the most economical and satisfactory plan. Your patronage is respectfully solicited.

How much we owe to the sympathetic side of womanhood. When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony given here by a Plainfield woman:

Mrs. B. Wertman, living with her daughter, Mrs. S. H. Cook, of 204 Somerset street, says: "I used Dean's Kidney Pills with good results for severe pains across my back and hips, which no doubt was caused by the kidneys being out of order. It was painful for me to stoop or bend forward and I could not sit ten minutes in one position but had to be continually changing about. I used many different kinds of medicines recommended for kidney trouble but I could not see that any of them benefited me. Dean's Kidney Pills were procured for me at L. W. Randolph's drug store and it is the only remedy I ever used that gave me any benefit." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Sheriff Bell at Sheephead Bay.

NEW YORK, June 21.—Sheriff Bell and Dainty ran a dead heat in the Grass Selling stakes, one mile and a sixteenth, at Sheephead Bay. They were both under a terrific drive in the last sixteenth and finished so close that the judges were unable to separate them. Both owners agreed to run off. Sheriff Bell went to the front at the start and was never headed, winning in a driving finish by one length. The Rosebuds' stakes for fillies two years old was won by the 8 to 1 shot Belle Savage. Hermis, winner of the Suburban, has left for St. Louis, where he is carded as a starter in the World's Fair handicap.

RUSSIAN FLEET SAFE

Skrydloff Reports Return of Vladivostok Squadron.

JAPS CLAIM D TO BE FALLING BACK

Said to Have Not Only Ceased Their Advance, but to Have Evacuated Several Points to the North of Fengwangcheng.

LONDON, June 21.—Advices from St. Petersburg say that Vice Admiral Skrydloff sent the following message to the emperor:

"The cruiser division has returned to Vladivostok without losing any men or sustaining any damage." The emperor has received the following dispatch from General Kuropatkin: "The enemy in the direction of Samtaze and Fengwangcheng have not only stopped, but have made a retrograde movement. They have evacuated several points toward the north of Fengwangcheng which until recently they occupied."

The movement of Japanese troops toward the Dalme defile has been stopped, but a rather important movement of the Japanese forces has been discovered in the direction of Suifen and Halchin or Suifen and Tashichiao."

The Russian war office is expecting news of a fight with General Kuropatkin. It is believed that General Kuropatkin is pursuing General Stakelberg. It is thought that the Japanese tactics which have so puzzled the Russians are intended to isolate Port Arthur, but do not contemplate an attack on the place by General Oku's army.

There is a rumor in St. Petersburg that a battle at Halchin is actually proceeding and that there have been heavy losses on both sides. It has developed that the Japanese at Vafangow had an accurate topographical map of the whole battlefield and that their batteries were connected by telephone.

A Mukden report says that it has been officially announced there that the Russian losses at the battle of Vafangow were about 17 officers and 519 men killed, 97 officers and 1,988 men wounded and 12 officers and 793 men missing.

A Liaoyang report says that a general engagement is proceeding near Kaichow. The first train bearing wounded men has passed through there, going northward.

Kaichow is on the west coast of the Liautong peninsula, about twenty-five miles south of Newchwang. A St. Petersburg dispatch says that Lieutenant General Zilinsky, chief of staff to Viceroy Alexeief, has sent the following telegram to the minister of war under date of June 19:

"According to information received from Port Arthur, on June 14 three Japanese battalions pushed forward across the Siaobindar mountains toward Lounnatan. Two detachments of Captain Loubinsky's rifles and a company of frontier guards stopped their advance."

"The enemy's torpedo boats bombarded the semaphore station, but they retired precipitately on the approach of the cruiser Novik and our torpedo boats, which opened fire on them."

"On June 18 our rifles drove the Japanese from two positions east of the Siaobindar mountains. Lieutenant Bitzelef and a rifeman were killed, and Lieutenant Zrobinsky and four rifemen were wounded. Lieutenant Zrobinsky has since died."

The Russian general staff believes it probable that General Kuropatkin and Oku are meditating a combined attack on General Kuropatkin before he is further re-enforced. In order to do so they must act before the rainy season, which is imminent.

The war office points out that since it was General Oku and not General Nodan who fought Lieutenant General Baron Stakelberg at Vafangow and that since General Oku has recently been directing the siege operations against Port Arthur the siege seems to have taken second place in the plans of the Japanese.

Metcalfe to Succeed Corbly.

WASHINGTON, June 21.—It can be stated with definiteness that Representative Victor H. Metcalfe of the Third California district will succeed Secretary George B. Cortelyou as the head of the department of commerce and labor. It has been assumed for ten days that Mr. Metcalfe probably would be invited to accept the portfolio. The president holds him in high esteem, and for a long time he has been in closer touch with Mr. Roosevelt than almost any other member of the house of representatives.

Edward Complimented Bernhardt.

LONDON, June 21.—Sarah Bernhardt appeared at His Majesty's theater last night in Sardou's "La Sorciere" before a large and fashionable audience. King Edward and Queen Alexandra were present, and at the end of the fourth act King Edward sent for Mme. Bernhardt and congratulated her on her return to London and spoke in the highest terms of the play.

Plainfield, N. J., June 21, 1904.

If the Bryan element win at St. Louis, Democracy may be pictured as a mule instead of a donkey.

Notwithstanding the fact that the Republican National Convention is being held at the Windy City, no breezy time is anticipated. Trainer Roosevelt has quieted the elephant's roars.

Notwithstanding the fact that it was the initial effort, the Plainfield Horse Show last week was a financial as well as a social success. It is now proposed to make the exhibition an annual attraction and with the public spirit which the local people invariably show, it is not to be doubted that within a few years the magnitude of the affair will compare favorably with any in the country outside of those held in the great cities.

CITY NOTINGS.

The contract case of E. M. Hatfield against Maggie Carpenter will be tried by Justice Hoff this afternoon.

William L. Holbert, formerly of this city, is now in New Brunswick. Mr. Holbert spent Sunday in town with friends.

Dr. Wunderlich, a well-known colored physician of Newark, made an automobile trip to town yesterday, calling on some friends.

Under the auspices of the W. O. T. U. a parlor meeting will be held this afternoon at the home of Mrs. Cairns, 444 West Fifth street.

Mrs. Spencer Conway, of West Fourth street, who has been detained to her bed for three years, shows no sign of improvement. Her condition causes much anxiety.

Deacon Spencer Conway has returned from New England, where he attended the convention of the Baptists as a representative from the Calvary Baptist church. He says he had a fine trip.

City Missionary E. R. Taylor has either lost or loaned his Bible to some one and forgets who the person is or where he left it. In today's Daily Press he advertises for the return of the book.

Frank Starr, of West Front street, who is in the employ of the New Jersey Central at Jersey City, had charge of the work of sending the out-of-town horses to the Plainfield Horse Show for exhibit. He handled the horses and wagons expeditiously and with general satisfaction.

Although not attended as largely as it deserved, the illustrated lecture given by Major W. H. Coughlin at the T. M. O. A. Hall Saturday night, proved decidedly interesting and instructive. Many seasons spent there camping, fishing and tramping the shores have given Major Coughlin a knowledge of Lake George which enabled him to hold his hearers fully interested while he showed them over 100 views made from photographs taken by himself.

THE FORUM.

Communications from readers of The Daily Press on all subjects of local interest are invited. All such communications must be signed by the writer, his name will not necessarily be published. The editor is not responsible for views expressed in this column.

Editor, The Daily Press:

I saw an article in your Saturday's issue relative to F. O. Cook, stating I was his agent. I never acted as an agent for him in any way further than my real estate agent acts as selling property for other people. I introduced him to Clifton & Campbell as a gentleman from Philadelphia who was looking to buy some unimproved property to build on, and I thought it would be a good chance to get their property started. After a week's delay they entered into contract with him, upon what basis I know nothing further than hereby, I never saw the contract. I. P. Ruyton was the attorney for Mr. Cook. Clifton & Campbell paid me \$25 for selling the property, saying that was all they could afford to pay. Mr. Williams and Mr. Hanson, the builders, told me they understood that there was a party here from Philadelphia who had purchased some property to build on, and they wanted to know if they couldn't get the contracts. I told them if they would come up to my office I would introduce them to him. They came up and I introduced them to Mr. Cook. After several days I learned they had entered into contract for the building of the houses upon what conditions or agreements I never knew, as I never saw any of their contracts. All the agency I ever had with him or for him was that after they were completed I was to take charge of them to sell or rent and nothing further. His sudden departure was as great a surprise to me as to any one and perhaps more so financially. F. M. Bacon.

HOW TO OBTAIN
Summer Boarders!

There is in New York City one daily newspaper which has made tremendous gains in popularity during the past five years. Its net cash paid circulation is over 200,000 copies daily throughout every section of New York City (including Brooklyn), larger than that of any other recognized resort medium. This newspaper's readers are among the wealthy, and well-to-do, intelligent people—those who can afford and do take extended vacations in the country during the summer. It carries more resort advertising than any other morning newspaper, so the public naturally look to it for information as to where to go.

An advertisement in its columns is, therefore, exceedingly valuable and sure to produce results. This paper is

SUBURBAN NEWS.

DUNELLEN AND VICINITY.

The class of 1904, of the Dunellen High School, gave a very pleasant reception to its many friends last evening. The affair was held in the auditorium of Whittier School. The rooms were prettily decorated with bunting and the class colors. The floor was cleared and the evening was spent in dancing, which was greatly enjoyed. Owing to the non-arrival of the orchestra, the music was supplied by local talent which did good work. The guests were received by Superintendent and Mrs. Lester Meseroll and the four young women who comprise the class, Misses Alice Apper, Mary Baldwin, Ethel Clum and Leola Dunham. During the evening refreshments were served. The gathering broke up about 12 o'clock.

Saturday's ball game between the Dunellen A. C. and the Reform Club team was a very interesting one, although it was rather loosely played. This was the first extra winning game the locals have played this year and it was red hot from start to finish, being won by a rally in the tenth inning. Dunellen's new battery, Smith and Davis, did good work, although Smith allowing fourteen hits. The feature of the game was a home run by "Billy" Giles, with three men on bases. Scott, of the Reform Club, also secured a four-bagger. The final score was 10 to 9.

Orin Stites is suffering from an injury, which he sustained at the fire which destroyed two houses on the mountainside yesterday afternoon. He was endeavoring, with some others, to extinguish the flames and in doing so ran a large splinter in his hand. The wound was removed by Dr. Brakley but the hand is still very sore and he will be unable to use it for some time.

At the fire in Alvah Gray's residence this morning, Walter Runyon and Samuel VanArtsdale, both members of the fire company, received a severe dousing from the hose. The nozzle of the hose slipped and caught Mr. Runyon full and knocked him down. Mr. VanArtsdale was laughing at Runyon's predicament when he got his dose.

Clement Dixon, at Muhlenberg Hospital, who had his left leg broken while working at the Levering & Garrigues' shop, is making satisfactory progress, he sits up in bed during the day.

George Allen, catcher for the local ball team, sprained his ankle in the game with Newark A. C. on Saturday afternoon, while sliding to second base. George continued in the game until the end. On Sunday the ankle was swollen so badly that he had to consult a physician. It may possibly be that George will be out of the game for at least two weeks.

BOBRIKOFF ACCUSED

Assassin of Finnish Governor
Left Letter to Ozar.

THE WRONGS OF FINLAND PRESENTED

Schaumann Did Deed, He Says, Because
of False Representations
Bobrikoff Had Created Law-
lessness in the State.

STOCKHOLM, June 21.—A letter to the emperor of Russia, purporting to have been written by Eugene Schaumann, the assassin of General Bobrikoff, governor general of Finland, has been published here, the original of which Schaumann said would be found upon his body after his deed had been committed. The letter follows:

"Through the senate, which is obedient to Bobrikoff, the latter has succeeded in creating lawlessness in Finland. Through lies and false representations Bobrikoff and Plevne, minister of the interior, have induced your majesty to issue ordinances incompatible with Finnish laws which you promised at your accession to guard firm and unshaken.

"The best officials of the state have been removed without trial in favor of fortune hunters and others ineligible to state offices under Finnish laws, and your most intelligent and truest subjects have been banished.

"Fie, whose duty it is to report to your majesty all matters concerning the grand duchy of Finland, is not a Finlander, has no knowledge of Finland's laws and customs and has common interests with Bobrikoff. Therefore your majesty does not get true knowledge of the real situation.

"As it is not probable that the real situation will be known to you in the near future unless Bobrikoff be removed, there is only one way to take in self defense, and that is to render him innocuous. The remedy is violent, but it is the only one.

"Your majesty, I have done my deed alone after mature deliberation, and in the moment of death I swear there was no conspiracy.

"Knowing your good heart and good intentions, I implore solely that you seek information regarding the whole empire, including Finland, Poland and the Baltic provinces."

The copy was mailed to a person who was not in Finland, Schaumann writing him that he was sure the original would not reach the emperor.

All Quiet at Helsinki.

HELSINKI, June 21.—There is not the slightest foundation for the current reports of serious rioting here. The city is perfectly tranquil. The remains of the late Governor General Bobrikoff, who was assassinated June 10, were conveyed to the cathedral and thence were placed on board a special train bound for St. Petersburg.

APPEAL WAS DISMISSED.

Verdict Went Against the Writer of "The Hobby of the Grail."

MUNICH, June 21.—The provincial court has dismissed the appeal of Herr Conrad, a Munich writer, from the decision rendered against him in a libel suit brought by Heinrich Conrad, director of the Metropolitan Opera House, New York, because of an attack made by the writer on the director as a result of his production of "Parsifal."

Herr Conrad's article, in which he libeled Herr Conrad, was entitled "The Hobby of the Grail." The writer, in the course of his examination before the court at the first trial, justified his violent language as being the result of the "moral indignation" which seized him as a German and a Wagnerian when he heard of the New York production of "Parsifal." The decision against the writer was rendered Feb. 4, and under it he was compelled to pay a fine of \$40 or spend twenty days in jail and also to pay all court costs and lawyers' fees and for the extensive publication of the court's findings for a period of twenty days.

Filipino Commissioners at Boston.

BOSTON, June 21.—The visiting delegation comprising the members of the honorary board of Filipino commissioners to the Louisiana Purchase exposition at St. Louis have arrived here. The party was met by a delegation of city officials and members of the Boston chamber of commerce and escorted to the Hotel Vendome, which will be their headquarters. The commissioners will remain in this city until Thursday, when they will leave for Buffalo. Elaborate entertainments have been planned in their honor.

Captives Not Yet Free.

TANGIER, June 21.—There is another hitch in the negotiations for the surrender of the captives. It appears that Raisuli suggested to Mohammed el Torres, the representative of the sultan of Morocco, that the exchange of prisoners be made through Zela, governor of the Beni-M'Sara tribe. Zela refused Raisuli's proposition to take the exchange away from the Beni-Arros tribe, which seemed to indicate fear of his own followers. Eight of Raisuli's men who were imprisoned at Tetuan have arrived here.

Two Killed at Kansas City.

KANSAS CITY, Mo., June 21.—Two persons were killed and seven others injured, one fatally, here by the partial collapse of a four story building occupied by the Block Preserving company. The collapse was caused by overloading. It was at first supposed that a carboy of ammonia had exploded, but this proved to be untrue.

TURKISH DISCRIMINATION.

Minister Leishmann Will Insist on
Fair Treatment For Americans.

WASHINGTON, June 21.—Minister Leishmann has encountered a singular and disagreeable reluctance on the part of the porte to enter on negotiations looking to the removal of discrimination against American citizens, professional and business men, in Turkey. The citizens of European powers are permitted all sorts of privileges that are denied to American citizens, and for three or four years past our state department, through its minister, has striven vainly to remove this discrimination.

A characteristic Turkish method of blocking attempts at negotiation is a declaration to accede to the request of the state department that the Turkish mission in Washington be elevated to the rank of an embassy so that Minister Leishmann at Constantinople might attain a similar rank and thus be able personally to approach the sultan. Being kept in his grade as a minister he is prevented from reaching that personage and finds it almost impossible to do business through the porte.

The state department is determined that this discrimination shall cease, although it hopes that it will not be necessary for the battleship squadron, combined with the European squadron, to repair to Turkish waters.

SLOCUM INQUIRY.

Charged That Life Preserver Bills
Were Altered.

NEW YORK, June 21.—Altered bills for life preservers, on which the name "Grand Republic" had been changed to "General Slocum," formed the first sensation at the opening of the Slocum inquest. Coroner Joseph L. Berry presided at the inquiry into the cause of the disaster to the excursion on last Wednesday which nearly wiped out St. Mark's Evangelical Lutheran congregation in Sixth street.

President Frank A. Barnaby was on the stand when Assistant District Attorney Garvan produced the bills and charged that acid had been used to alter the bills so as to make it appear that the life preservers had been purchased for the General Slocum. Mr. Barnaby said the bills must have been changed by the bookkeeper, whose name he did not know.

Secretary Atkinson of the company denied knowledge of the alteration of the bills and furnished the name of the bookkeeper, Miss Hall, for whom the coroner issued a subpoena.

German Cruiser Homeward Bound.
NEWPORT NEWS, Va., June 21.—With the homing pennant flying from her masthead and her band playing the "Star Spangled Banner" the German cruiser Gazelle sailed for her native land after an absence of several years. As she passed the training ship Chesapeake in the harbor she was cheered by the men on the American ship, and the cheers were returned by the Gazelle's crew.

DIAMOND DUST.

Rothfuss, who played one game for Alis, this season, caught for Irvington on Saturday against the Orange A. C. His team lost 8 to 2.

Captain Lander expects to be back in the game with Alis on Saturday. His ankle is greatly improved. "Billy" will put plenty of ginger in the team.

Badgley, the Lehigh University pitcher, who occupied the box two innings for Alis on Saturday, was the guest of John G. McLaughlin, while in town.

The large crowd of fans attending the Alis-Hoboken game on Saturday is conclusive evidence that the town is with Alis in its action regarding the Westfield series.

Rutherford Dalley and David Smith, who have been two of the strongest players on the Dunellen team, have given up playing on the team. As they are both good fielders and batters they should have no trouble in making good with a first-class team.

James Monahan, who formerly coached the pitchers for St. Mary's baseball team, was struck in the right eye Friday by a ball into which Patrick Hanrahan had put a little extra twist. His optic now resembles a memento of a Donnybrook scrimmage.

A remarkable game of baseball was played at Doylestown, recently, between a team from that place and one from Abington. Nineteen innings were played and neither side scored after the third inning. The game was brought to a close by darkness with the score 4 to 4.

REORGANIZATION OF O. F. C.

MEETING FRIDAY NIGHT TO PLAN FOR FOOTBALL SEASON.

Plans for re-organizing the Orange Field Club football team for the coming year and the election of a manager will be the principal business at a meeting of the club to be held at the home of Manager H. C. Smith, at Scotch Plains, Friday night.

All young men wishing to try for the crack eleven are asked to be present. The club did well last season, losing only one game, that being with the Norwood A. C., by a score of 6 to 0, but the aggregation made up for this defeat by winning from the same team twice later on by scores of 19 to 0 and 18 to 0. The club has the strength to put even a better team in the field this season and the boys are much heavier. The reason for holding the meeting now is that within a short time most of the members will be out of town on their vacations, and by organizing now it will give the management plenty of time to arrange for games.

Plans for re-organizing the Orange Field Club football team for the coming year and the election of a manager will be the principal business at a meeting of the club to be held at the home of Manager H. C. Smith, at Scotch Plains, Friday night.

GRADE-CROSSING A MENACE

CENTRAL TRACKS CROSS ROCK AVENUE ON THE LEVEL ENDANGERING LIFE.

Agitation for the improvement of conditions surrounding the one grade crossing in Plainfield has been started in earnest by residents and business men of the neighborhood. The crossing is at Rock avenue.

There is a demand for some safeguarding of the traffic, foot and otherwise, that has begun to find Rock avenue at the railroad point its natural channel. There is absolutely no system of guarding those who cross the tracks from approaching trains.

The neighborhood on the south side of the track has begun to fill up with houses, and the number of people that use the crossing all through the day has come to be considerable.

Sentiment on the subject was brought to a head several weeks ago by J. D. Louisaux, whose lumber yard is on Rock avenue, near the track. Feeling that some action was necessary without delay, he wrote an urgent letter to the railroad company pointing out the gravity of the situation.

In response to that letter the company sent an agent to note the conditions at the crossing. Unfortunately for those interested, the agent took up his station at the crossing on a day when traffic was light to a remarkably unusual extent. At any rate, nothing has been heard from the company since. The matter is to be brought before the attention of the Council and the Board of Trade.
